Certain statements contained in this news release, which are not based on historical facts, are forward-looking statements as the term is defined in the Private Securities Litigation Reform Act of 1995, and are subject to uncertainties and risks in part detailed in the company's Securities and Exchange Commission 10-K, 10-Q, S-8 and 8-K filings, that may cause actual results to materially differ from projections. Although Metropolitan Health Networks, Inc. believes its expectations are reasonable assumptions within the bounds of its knowledge of its businesses and operations; there can be no assurance that actual results will not differ materially from their expectations. Important factors currently known to management that could cause actual results to differ materially from those in forward-looking statements include the company's ability to continue as a going concern; the fact that the company has not achieved positive cash flows; volatility of the company's stock and price; the ability to raise funds for working capital and acquisitions; access to borrowed or equity capital on favorable terms and finalizing. In light of these risks and uncertainties, there can be no assurance that the forward-looking information contained in this report will, in fact, occur.
