Item 1. Security and Issuer

This statement relates to ordinary shares of Crystal Systems Solutions Ltd. (the "Issuer"), the principal executive offices of which are at 8 Maskit Street, Herzlia 46120, Israel.

Item 2. Identity and Background

(a) – (c)

This statement is filed by Formula Systems (1985) Ltd. ("Formula") and Dan Goldstein.

Formula is an Israeli Company with its principal business and principal office located at 3 Hagalim Boulevard, Herzlia 46725, Israel. Formula provides information technology and software solutions both in Israel and internationally.

Please see Annex A attached hereto for the business address, principal occupation and citizenship of Dan Goldstein and the names, business addresses, principal occupations (and names, principal business and addresses of places of additional employment) and citizenship of the remaining executive officers and directors of Formula.

(d) None of Formula or any of its executive officers or directors listed on Annex A has been, during the last five years, convicted in a criminal proceeding (excluding traffic violations and similar misdemeanors).

(e) None of Formula or any of its executive officers or directors listed on Annex A has been during the last five years, a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amounts of Funds or Other Consideration

The aggregate price paid by Formula for the purchases of ordinary shares of the Issuer in the open market reported herein was \$441,048. The funds for these purchases were provided from working capital.

Under the terms of a Share Exchange Agreement, dated October 10, 2002 (the "Agreement"), between the Issuer and certain shareholders of Liraz Systems Ltd. ("Liraz"), a public company traded on the Tel-Aviv Stock Exchange, including Formula, the Issuer acquired 5,809,302 ordinary shares of Liraz, representing 86.0% of Liraz's outstanding share capital, in exchange for the issuance and sale to Liraz's selling shareholders of, in the aggregate, 3,478,624 ordinary shares of the Issuer, of which 2,343,113 shares were issued to Formula. The amount of shares issued to Liraz's selling shareholders was calculated based on an exchange ratio of 1:1.67, such that the Issuer issued one ordinary share for 1.67 shares of Liraz sold to the Issuer under the Agreement (or 0.598 ordinary shares of the Issuer for each share of Liraz). The closing of the transaction was held on November 14, 2002.

Item 4. Purposes of Transaction

Prior to the purchases reported herein and the acquisition of ordinary shares of the Issuer via an exchange of shares of Liraz as reported herein, Formula maintained voting control of the Issuer, through its own holdings and the voting agreements described in Items 5 and 6. The purpose of the purchases of securities of the Issuer in the open market as reported herein is for investment. Formula made such purchases since it viewed the current market price of the Issuer's ordinary shares to be favorable.

The purpose of the acquisition of securities of the Issuer via an exchange of shares of Liraz as reported herein was part of a reorganization process taken by the Formula group of companies. On December 15, 2002, following the acquisition of 86.0% of the outstanding share capital of Liraz, the Issuer published a cash tender offer to purchase the remaining outstanding share capital of Liraz held by the public, for NIS 10.80 (approx, \$2.32) per Liraz share. The tender offer to purchase 945,662 ordinary shares of Liraz is scheduled to expire on December 30, 2002. If the tender offer is completed successfully, Liraz shares will cease to be traded on the Tel-Aviv Stock Exchange.

Formula and/or its subsidiaries and affiliates may make future purchases or dispositions of the Issuer's ordinary shares from time to time. Decisions with respect to future purchases or dispositions will be based on a number of factors, including general economic and business factors, market conditions generally, and the market price of the Issuer's ordinary shares.

(d) None of Formula or any of its executive officers or directors listed on Annex A has been, during the last

Edgar Filing: FORMULA SYSTEMS \1985\ LTD - Form SC 13D

Other than as described above, Formula does not intend to take any of the actions described in Item 4 of Schedule 13D.

Item 5. Interest in the Securities of the Issuer

Item 5 is amended and restated as follows:

(a) and (b)

Formula owns of record 7,809,491 (approximately 57.6%) of the outstanding ordinary shares of the Issuer. Dan Goldstein and Gad Goldstein, who own of record jointly 889,628 ordinary shares of the Issuer, are each party to an agreement with Formula which requires such individuals to vote their shares as instructed by Formula. (See Item 6 below.) Therefore, Formula is deemed to be the beneficial owner of an additional 889,628 ordinary shares of the Issuer. As a result of the foregoing, Formula is deemed to beneficially own 8,699,119 ordinary shares of the Issuer, representing approximately 64.2% of the outstanding ordinary shares of the Issuer.

Dan Goldstein owns of record 559,000 (approximately 4.1%) of the outstanding ordinary shares of the Issuer, which shares are subject to the voting agreement with Formula described above. Mr. Goldstein also holds approximately 20.0% of the outstanding ordinary shares of Formula and serves as Chairman of the Board of Directors of Formula. Therefore, Dan Goldstein may be deemed to be the beneficial owner of the ordinary shares of the Issuer beneficially owned by Formula. Dan Goldstein disclaims beneficial ownership of the ordinary shares of the Issuer beneficially owned by Formula (other than the 559,000 ordinary shares owned of record by Mr. Goldstein).

Gad Goldstein, President of Formula, owns of record and beneficially 330,628 ordinary shares of the Issuer, representing approximately 2.4% of the outstanding ordinary shares of the Issuer, which shares are subject to the voting agreement with Formula described above. None of the remaining executive officers and directors of Formula beneficially owns any ordinary shares of the Issuer.

(c) The information provided under Item 3 hereinabove is hereby incorporated by reference in its entirety. In addition, Formula made the following purchases of ordinary shares of the Issuer in open market transactions effected through brokers on the dates, in the amounts and for the prices per share indicated:
