QUESTIONS AND ANSWERS

When is the 2008 Annual Meeting, and why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full set of printed proxy materials?

The Board of Directors of Isle of Capri Casinos, Inc., a Delaware corporation, seeks your proxy for use in voting at our 2008 Annual Meeting or at any postponements or adjournments of the annual meeting. The Board of Directors is soliciting proxies beginning on or about August 21, 2008. Our annual meeting will be held at 600 Emerson Road, St. Louis, Missouri on Monday, October 6, 2008, at 9:00 a.m., local time. All holders of our common stock, par value \$0.01 per share, entitled to vote at the annual meeting, will receive a one-page notice in the mail regarding the Internet availability of proxy materials. Along with the proxy statement, you will also be able to access our Annual Report on Form 10-K for the year ended April 27, 2008 on the Internet.

Your election to receive proxy materials by email will remain in effect until you terminate it.

THE PROXY IS SOLICITED ON BEHALF OF THE BOARD OF DIRECTORS OF ISLE OF CAPRI CASINOS, INC.

On what am I being asked to vote?

At the Annual Meeting, the Company's stockholders will be asked to vote on the following proposals:

- (1) To elect nine persons to the Board of Directors; and
- (2) The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2009 fiscal year.

The stockholders may also transact any other business that may properly come before the meeting.

Who is entitled to vote at the Annual Meeting?

The record date for the Annual Meeting is August 13, 2008, and only stockholders of record at the close of business on that date may vote at and attend the Annual Meeting.

What constitutes a quorum for the purposes of voting?

A majority of the shares of the Company's common stock outstanding, represented in person or by proxy at the Annual Meeting, will constitute a quorum for the purpose of transacting business at the Annual Meeting. Abstentions and "broker non-votes" (explained below) are counted as present for the purpose of determining the presence or absence of a quorum for the transaction of business. As of the record date, August 13, 2008, there were 30,887,227 shares of the Company's common stock outstanding and entitled to vote.

What if a quorum is not present at the Annual Meeting?

If a quorum is not present during the meeting, we may adjourn the meeting. In addition, in the event that there are not sufficient votes for approval of any of the matters to be voted upon at the meeting, the meeting may be adjourned in order to permit further solicitation of proxies.

How many votes do I have?

Each outstanding share of the Company's common stock entitles its owner to one vote on each matter that comes before the meeting. Your proxy card indicates the number of shares of the Company's common stock that you owned as of the record date, August 13, 2008.

How many votes are needed to approve each item?

Provided a quorum is present, directors will be elected by the affirmative vote of a plurality of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Withheld votes, if any, and broker non-votes if any, will have no effect on the vote for the proposal. Stockholders are not allowed to cumulate their votes for the election of directors.

Ratification of the selection of Ernst & Young as our independent registered public accounting firm for the 2009 fiscal year requires the affirmative vote of at least a majority of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Broker non-votes, if any, will have no effect on the vote for this proposal. Abstentions will have the same effect as a vote against this proposal. If this selection is not ratified by our stockholders, our Audit Committee may reconsider its selection.

What if my stock is held by a broker?

If you are the beneficial owner of shares held in "street name" by a broker, your broker, as the record holder of the shares, must vote those shares in accordance with your instructions. In accordance

with the Marketplace Rules of the National Association of Securities Dealers, Inc. (the "Marketplace Rules"), certain matters submitted to a vote of stockholders are considered to be "routine" items upon which brokerage firms may vote in their discretion on behalf of their customers if such customers have not furnished voting instructions within a specified period prior to the meeting, so called "broker non-votes." For those matters that are considered to be "non-routine," brokerage firms that have not received instructions from their customers will not be permitted to exercise their discretionary authority.

How do I vote?

Stockholders of record can choose one of the following ways to vote:

- (1) By mail: Please download and print the proxy card from the Internet at www.proxyvote.com, complete, sign, date and return the proxy card to:
Isle of Capri Casinos, Inc.
c/o Broadridge
51 Mercedes Way
Edgewood, NY 11717
- (2) By Internet: www.proxyvote.com
- (3) By telephone: 1-800-690-6903
- (4) In person at the Annual Meeting.

By casting your vote in any of the four ways listed above, you are authorizing the individuals listed on the proxy to vote your shares in accordance with your instructions.

If you hold our voting securities in "street name," only your broker or bank can vote your shares. If you want to vote in person at our annual meeting and you hold our voting securities in street name, you must obtain a proxy from your broker and bring that proxy to our annual meeting.

How do I vote using the proxy card?

If the proxy is properly signed and returned, the shares represented by the proxy will be voted at the annual meeting according to the instructions indicated on your proxy. If the proxy does not specify how your shares are to be voted, your shares represented by the proxy will be voted:

1. For the election of the directors recommended by the Board of Directors;
2. To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the 2009 fiscal year;
3. In their discretion, upon such other business as may properly come before the meeting.

Can I change my vote after I have submitted my proxy?

Yes, a stockholder who has submitted a proxy may revoke it at any time prior to its use by:

1. Delivering a written notice to the Secretary;
- 2.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

Executing a later-dated proxy; or

3. Attending the Annual Meeting and voting in person.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

Edmund L. Quatmann, Jr.
Senior Vice President, General Counsel and Secretary
Isle of Capri Casinos, Inc.
600 Emerson Road
St. Louis, Missouri 63141

How will the votes be tabulated at the meeting?

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the election inspectors appointed for the Annual Meeting, and such election inspectors also will determine whether or not a quorum is present.

Will the Company solicit proxies in connection with the Annual Meeting?

Yes, the Company will solicit proxies in connection with the Annual Meeting. We will bear all costs of soliciting proxies including charges made by brokers and other persons holding stock in their names or in the names of nominees for reasonable expenses incurred in sending proxy material to beneficial owners and obtaining their proxies. In addition to solicitation by mail, our directors, officers, and employees may solicit proxies personally and by telephone, facsimile and email, all without extra compensation. We have retained D. F. King & Co., Inc. to assist in the solicitation of proxies. The fee to be paid for such services will be borne by us and is not expected to exceed \$5,000 plus reasonable expenses.

Each of these individuals is currently serving on the Company's Board of Directors. The Company does not know of any reason why any nominee would be unable or unwilling to serve as a director. W. Randolph Baker
John G. Brackenbury
Alan J. Glazer
Shaun R. Hayes
Lee S. Wielansky

Meetings

During the fiscal year ended April 27, 2008, which we refer to as "fiscal 2008," the Board of Directors met in person or telephonically twelve times. During fiscal 2008, each of our directors attended at least 75% of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all committees of the Board on which he served. Directors are expected to attend each Annual Meeting of Stockholders. Each member of the current Board of Directors that was a member of the Board in October 2007 attended last year's Annual Meeting of Stockholders.

Committees

The Board of Directors has three standing committees: the Stock Option and Compensation Committee, the Audit Committee, and the Nominating Committee. During fiscal 2008, the Stock Option and Compensation Committee met five times, the Audit Committee met eight times and the Nominating Committee met on an informal basis from time to time.

Stock Option and Compensation Committee. Messrs. Hayes, Glazer, Baker, Brackenbury and Wielansky are members of the Stock Option and Compensation Committee. Mr. Hayes acts as chairman of the Stock Option and Compensation Committee. The Stock Option and Compensation Committee acts as an advisory committee to the full Board with respect to compensation of our executive officers and other key employees, including administration of the stock option plan, option grants, and bonuses. Additional information regarding the policies of the Committee is set forth in the "Stock Option and Compensation Committee Report on Executive Compensation" included in this Proxy Statement. In accordance with Nasdaq Rule 4350(c)(3), each member of the Stock Option and Compensation Committee is "independent" as defined in Nasdaq Rule 4200(a)(15). The Stock Option and Compensation Committee does not have a written charter.

Audit Committee. Messrs. Glazer, Baker, Hayes and Wielansky are members of the Audit Committee. Mr. Glazer acts as chairman of the Audit Committee. The Audit Committee's responsibilities include recommending to the full Board the selection of our independent registered public accounting firm, reviewing the plan, scope and results of the independent audit, reviewing the fees for the audit services performed, reviewing and pre-approving the fees for the non-audit services to be performed and reviewing all financial statements. Information regarding the functions performed by the Audit Committee during the fiscal year is set forth in the "Report of the Audit Committee," included in this Proxy Statement. Each member of the Audit Committee is "independent" as defined in

Nasdaq Rule 4200(a)(15). The Board has determined that each member of the audit committee is free from any relationship that would interfere with the exercise of independent judgment as a committee member. Mr. Glazer has been designated as our "audit committee financial expert" under the SEC Rules. The Audit Committee is governed by a written charter approved by the Board of Directors. The Audit Committee Charter is posted on the Company's website at www.islecorp.com under Investor Relations Corporate Governance.

Nominating Committee. Messrs. Glazer and Hayes are members of the Nominating Committee. Mr. Glazer acts as chairman of the Nominating Committee. The Nominating Committee considers and makes recommendations concerning the size and composition of the Board of Directors, the number of non-executive members of the Board of Directors, and membership of committees of the Board of Directors. As a policy, the Nominating Committee generally does not consider nominees recommended by the Company's stockholders. In determining the criteria for membership on the Board of Directors, the Nominating Committee considers the skills and personal characteristics required in light of the then-current makeup of the Board and in the context of the perceived needs of the Company at the time, including the following attributes: financial acumen, general business experience, industry knowledge, leadership abilities, high ethical standards and independence. In accordance with Nasdaq Rule 4350(c)(4), Messrs. Alan J. Glazer and Shaun Hayes are "independent" as defined in Nasdaq Rule 4200(a)(15). The Nominating Committee Charter is posted on the Company's website at www.islecorp.com under Investor Relations Corporate Governance.

Redmond and DuCharme are independent members, and Ms. Newman is the Compliance Officer of the Compliance Committee. The Compliance Committee's responsibilities include maintaining compliance with the regulatory requirements imposed upon the Company by the jurisdictions in which it operates and evaluating relationships between the Company and persons and entities with whom the Company proposes to do business.

EXECUTIVE COMPENSATION
Compensation Discussion and Analysis

For purposes of the following Compensation Discussion and Analysis, the terms "executives" and "executive officers" refer to the Named Executive Officers of the Company as set forth in the Summary Compensation Table, which appears on page 23 of this proxy statement.

Executive Compensation Philosophy

Our executive compensation program is designed to attract and retain superior executive talent, incentivize our executives to drive profitable growth and enhance long-term value for our shareholders. Key elements of the program include base salary and performance-based incentives (including both cash and equity opportunities).

Key components of our executive compensation policy include:

Administering a competitive executive compensation program in which total compensation opportunities will be comparable to those in our peer group of gaming companies;

Relating total compensation opportunities for executives to the financial performance of the Company, both overall and in comparison to our peer group; and

Establishing and ensuring internal equity and measurements for organizational effectiveness/contribution for executives.

Our executive compensation program is designed to reward the achievement of difficult but fair performance criteria, and enhance stock ownership among the executive team. The following principles provide the framework for the Company's executive compensation program:

Targeted total compensation

Overall total compensation opportunities and individual program elements are targeted to the 50th percentile of our peer group. Actual pay may vary above or below that benchmark depending on performance level achievement in the Company's short- and long-term incentive programs. The 50th percentile is determined by reviewing competitive pay levels at other gaming companies where the Company competes for executive talent.

For individual executives, management and the Committee consider a number of relevant factors when establishing targeted pay levels, including the value to our shareholders, future leadership potential, level of job responsibility, critical experience/skills, the level of sustained performance, and the market demands for talent.

Stockholder alignment

Total compensation opportunities are tied to quantifiable performance metrics and, through the use of equity grants, the Company's stock price.

Total compensation mix

The Company's targeted pay mix (salary vs. performance-based incentive pay) is designed to reflect a combination of competitive market practices and strategic business needs. The degree of performance-based incentive pay ("at risk" compensation) and the level of total compensation opportunities should increase with an executive's responsibility level, because executives that are at higher levels in the organization are more likely to affect the Company's results.

Overview of Executive Compensation Elements

The Company's executive compensation program consists of several elements, as summarized in the table below:

	Pay Element Overview	Purpose of the Pay Element
Base Salary	Base salary pays for competence in the executive role. An executive's salary level depends on the scope of responsibilities, individual performance, and the relationship to amounts paid to other executives at peer companies.	Provide a competitive base level of compensation based on sustained performance in the role and competitive market practice.
Non-Equity Incentive Plan	<p>Annual achievement of objectives set by the Board of Directors.</p> <p>If plan objectives for fiscal 2008 are achieved, opportunities range from 25% to 200% of target, depending on the overall performance levels achieved. Final payout is subject to adjustments at the discretion of the Board of Directors.</p>	Motivate and focus our executive team on the achievement of annual performance goals that support the sustained long-term success for the Company.
Long-Term Incentives	<p>Stock Options</p> <p>Equity awards (historically consisting of stock options) are granted to executives based on their position with the Company. These grants typically occur after our Annual Meeting of Stockholders and have a five-year vesting term.</p>	<p>The Company strives to deliver a balanced long-term incentive portfolio to executives, focusing on equity and the achievement of internal financial objectives.</p> <p>The primary objectives of the overall design include the following:</p> <ul style="list-style-type: none"> Align management and stockholder interests by rewarding executives for growth of the business, increased profitability, and sustained shareholder value creation. Increase management's potential for stock ownership opportunities. Attract and retain excellent management talent.
Benefits	Executives participate in the Company plans available to all employees, inclusive of health, dental, disability and life insurance. All officers are enrolled in the officers medical plan in which an allocation of 5% of salary (1099 income) aids with payment of expenses other than premiums.	The Company's benefit plan is designed to attract and retain team members and provide an element of security and comfort for their health and welfare needs. We believe that the benefit plan design is reasonable, competitive, and cost effective.

Pay Element Overview

Executives may participate in the Company's Savings & Retirement Plan, which is available for all Company employees. The Company plan allows employees to defer up to 15% of their salary (subject to IRS limits) and provides for a Company match of 25% of each dollar deferred. The Company pays the recordkeeping fees. Transaction fees are paid by the team members.

Executives may participate in the non-qualified Deferred Compensation Plan. A Company match is available.

The Company provides life insurance benefits to all salaried team members at no cost up to \$100,000 of coverage. An additional \$540,000 of coverage may be purchased. Short and long-term disability insurance is provided to all team members. Coverage includes up to ²/₃ of base salary with a maximum monthly payment of \$5,000.

As part of the relocation of the Company's corporate offices to St. Louis, Missouri, and in connection with the hiring of new executives needing to relocate, the Company provided relocation support and reimbursement to its executive officers. These costs were grossed up for any taxation related to the additional compensation.

Purpose of the Pay Element

Perquisites	The Company does not provide perquisites or personal benefits to executives, other than the Medical Executive Reimbursement Plan (the "MERP").	Not applicable.
Post-Termination Coverage	Post-termination coverage is defined and outlined in individual employment agreements, as disclosed later in this section, in addition to the notes to the Potential Liabilities Upon Termination tables.	Severance protection not related to a change in control is designed to ease the consequences of an unexpected termination, under approved circumstances. Severance protection related to a change in control is designed to facilitate leadership continuity during a threatened or actual change in ownership.

The use of the above compensation tools enables the Company to reinforce its pay for performance philosophy as well as strengthen its ability to attract and retain high performing executive officers. The Company believes that this combination of programs provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value creation, and facilitates executive recruitment and retention in a high-performance culture.

The Stock Option and Compensation Committee (the "Committee") reviews pay competitiveness from a total compensation perspective. The Company relies primarily on market data to determine pay opportunities for each component.

Additional Information on Isle of Capri's Compensation Elements
Market Data The Compensation Comparator Group

The Committee analyzes market data and evaluates individual executive performance with a goal of setting compensation at levels it believes, based on its general business and industry knowledge and experience, are comparable with compensation levels of executives in other companies of similar size operating in the gaming industry. The Committee engages compensation consulting firms to provide guidance regarding competitive compensation practices, industry peer analysis and recommendations. Using this guidance and peer group compensation information as a point of reference, the Committee then focuses on the Company's and individual performance in determining each component of annual compensation.

In determining compensation levels for fiscal 2008, the Committee relied on market data provided in April 2006 by Hewitt Associates. For the Named Executive Officers, this data consisted of a combination of industry data from published and proprietary third-party gaming/casino survey sources and publicly-available proxy information for a group of seven similar-sized gaming/casino companies. The seven gaming/casino companies were Ameristar Casinos, Aztar Corp, Boyd Gaming, Las Vegas Sands Corp., Penn National Gaming, Station Casinos, and Trump Entertainment.

In January 2008, the Committee engaged Watson Wyatt as its compensation consultant. In reviewing the Company's fiscal 2008 compensation of its executive officers, Watson Wyatt assembled competitive market compensation information from published compensation surveys and from a peer group of publicly traded gaming companies comparable in size to the Company. Watson Wyatt's peer group consisted of the same seven companies that were used by Hewitt in 2006.

Base Salary

Base salary levels at the Company reflect a combination of factors, including competitive pay levels, the executive's experience and tenure, internal pay equity, the need to attract and retain excellent management talent, the Company's overall annual budget for merit increases and the executive's individual performance.

The Board set base salaries for the executive officers for fiscal 2008 in April 2007. Messrs. Griffin, Mitchell and Solomon received base salary increases of between approximately 1% and 4% of their fiscal 2007 base salary and Mr. Bernard Goldstein's base salary did not change. See discussion below under the heading "Fiscal 2008 New Executives" for a discussion of fiscal 2008 base salaries for Ms. McDowell and Messrs. Black and Perry. Based on the results of Watson Wyatt's 2007 executive pay study, the Company's competitive posture with respect to fiscal 2008 base salary varies by position for the Named Executive Officers, but was below the median relative to the peer group. Salaries are reviewed on an annual basis.

Annual Incentive Plan

The purpose of the Company's annual bonus plan is to tie compensation directly to specific business goals and management objectives. The Committee believes that basing annual cash bonuses for executive officers on pre-determined company performance metrics establishes a direct and powerful link between our executives' pay and our financial and operational success. The Committee further believes that the achievement of the goals for these operating performance metrics are closely correlated to the creation of long-term shareholder value.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

For fiscal 2008, the company performance metrics consisted of: EBITDA (defined as earnings before interest and other non-operating income (expense), income taxes, and depreciation and amortization), achievement of cost savings and development of a new program to evaluate capital expenditures and growth opportunities, which we call the Isle Value Added program. The Board also retained discretion to reward achievement of individual goals and objectives.

Annual incentive opportunities are expressed as a percentage of base salary and are set forth in each executive's employment agreement. Targets are developed considering the competitive 50th percentile and consistency with the Company's internal structure. Executives are grouped together in our internal structure according to their position and relative importance to the Company. The Company's competitive posture for the executives varies by position. Based on Watson Wyatt's executive pay study, the target annual incentive opportunities as a percentage of base salary are generally between the median and 75th percentile of market practices. The following targets (as a percentage of salary) were in place for fiscal 2008:

Bernard Goldstein	60%
McDowell	60%
Black	60%
Solomon	50%
Mitchell	50%
Griffin	50%

Mr. Perry's target is 60% of his base salary beginning with fiscal 2009. Bonus opportunities for fiscal 2008 were weighted 40% on EBITDA, 15% on achievement of cost savings and 15% on development of the Isle Value Added Program. The remaining 30% was in the discretion of the Board of Directors. For fiscal 2008, each executive was eligible to earn between 25% and 200% of the target bonus opportunity, based on the achievement of the performance goals. If the minimum specified goals are not achieved, then an executive will not earn a bonus payment. The Committee believes these performance goals can be met.

In June 2008, the Committee evaluated the Company's actual performance for fiscal 2008 against the performance metrics. The Company underperformed on the EBITDA target, but met the objectives for cost savings and development of the Isle Value Added program. Based on this, the Committee recommended and the Board approved the payment of bonuses for fiscal 2008 to the Company's executive officers at approximately 60% - 70% of each executive's target for fiscal 2008 (other than Mr. Perry, who was not eligible to receive a bonus for fiscal 2008, and Mr. Bernard Goldstein, who declined his bonus). The bonuses paid to Ms. McDowell and Mr. Black were pro-rated based on employment date.

Long Term Incentives

The Company's primary long-term incentive for its executives for fiscal 2008 was the granting of stock options. The Company does not target long-term incentive compensation as a certain percentage of total compensation. Target award sizes are developed considering the competitive 50th percentile and consistency with the Company's internal structure. Based on Watson Wyatt's executive pay study, the economic value of the Company's long-term incentive awards is generally in the bottom quartile relative to the peer group. Stock options focus management on share price appreciation from a specific point in time. Stock options vest 20% per year or upon retirement at the age of 65 and have a ten-year exercise term. A considerable number of the Company's outstanding stock option grants to its directors and employees, including its executive officers, have exercise prices that are substantially higher than the current and recent trading prices of the Company's common stock. Accordingly, the Company is presently considering alternatives in order to maintain and enhance the retention characteristics of the long-term incentives.

Equity Grant Policy

The Committee's procedure for timing of stock option grants help to provide assurance that grants are never manipulated or timed to result in favorable pricing for executives. The Company schedules Board and Committee meetings in advance. Meeting schedules and award decisions are made without regard to the timing of SEC filings or Company press releases.

Stock options are granted on the date approved by the Committee or, in the case of new hires, pursuant to the terms of an employment agreement. The stock option exercise price is based on the average market price of the trading date on which the options are granted. The average price is calculated by adding the highest and lowest price for that date and dividing by two. In fiscal 2008, stock option grants were made in October 2007, similar to historical practice. In addition, stock option grants were made to executive officers in connection with their entry into employment agreements with the Company.

The Committee encourages executives to manage from an owner's perspective by having and maintaining an equity stake in the Company. To that end, all of our Named Executive Officers are also stockholders of the Company. The Committee is evaluating its previously established stock ownership guidelines for Vice Presidents and above.

Role of Executive Officers in Compensation Decisions

The Chief Executive Officer and the President assist the Committee in making compensation decisions for the executives. The Chief Executive Officer, the President, and other executives do not play a role in determining their own compensation, and are not present at the executive sessions in which their pay is discussed.

Perquisites

The Company does not provide perquisites to its executives, other than those available generally to the Company's employees and the Medical Executive Reimbursement Plan. The Committee believes that the other elements of the Company's compensation package provide adequate incentives to the executives.

Impact of Prior Compensation

Amounts realized from prior compensation grants did not serve to increase or decrease, fiscal 2008 compensation grants or amounts. The Company's and the Committee's primary focus is 50th percentile pay opportunities on an annual basis.

Tax Deductibility of Compensation Programs

Section 162(m) of the Internal Revenue Code of 1986, as amended, limits our deduction for compensation paid to the Named Executive Officers to \$1 million unless certain requirements are met. The policy of the Committee with regard to Section 162(m) is to establish and maintain a compensation program that will optimize the deductibility of compensation. In that regard, no executive officer received compensation in excess of the \$1 million cap during fiscal 2008. The Committee, however, reserves the right to use its judgment, where merited by the Committee's need for flexibility to respond to changing business conditions or by an executive's individual performance, to authorize compensation that may not, in a specific case, be fully deductible.

Fiscal 2008 New Executives

During fiscal 2008, the Company entered into an employment agreements with Virginia M. McDowell to serve as the Company's President and Chief Operating Officer, Dale R. Black to serve as

the Company's Senior Vice President and Chief Financial Officer, and James B. Perry to serve as the Company's Chief Executive Officer. In connection with approving the employment agreement terms for these executives, the Committee considered compensation analyses prepared by the Company's recruiting firm, as well as the compensation needed to induce each of the executives to join the Company. With respect to all three candidates, the Committee believed that the initial annual base salaries, target bonus levels and equity awards were set at levels determined to be competitive within the gaming industry, commensurate with each executive's experience in the gaming industry and at a level to provide an inducement for each executive to become a member of the Company's senior executive team. The terms of each executive's employment are described below in the summary of the Company's employment contracts.

Fiscal 2009 Compensation Actions

In July 2008, the Board, based on the recommendation of the Committee and assisted by Watson Wyatt, increased Ms. McDowell's annual base salary to \$670,000 effective July 16, 2008, and increased Mr. Black's annual base salary to \$450,000 effective immediately.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

We have employment agreements with each of our Named Executives Officers. Below is a summary of each agreement as currently in effect:

In January 2002, we entered into an employment agreement with Bernard Goldstein to be our chief executive officer. Effective May 1, 2008, Mr. Bernard Goldstein's employment agreement was terminated.

Also in January 2002, we entered into an employment agreement with Allan B. Solomon, our current Executive Vice President. The material terms of Mr. Solomon's agreement are as follows:

One-year term that is automatically renewable for successive one-year periods absent 90 days advance notice by either party.

Payment of an annual base salary and eligibility to receive bonuses and to participate in stock option plans. For fiscal 2008, Mr. Solomon's annual base salary was \$410,000 and he was eligible for an annual incentive bonus of 60% of his annual base salary.

If employee dies or becomes disabled, or if we terminate the term of employment without "cause" (as defined in the employment agreement), either during the initial term, or any renewal term, or by written notice of nonrenewal, employee would be entitled, upon releasing us and our affiliates from any, and all existing and future claims, to receive his salary and employment benefits until the earlier of 18 months or until employee commences new employment. Further, if employee dies or becomes disabled, he or his representative will also be entitled to a lump sum payment equal to the average of the last three years' bonus payments, inclusive of deferred amounts.

If employee voluntarily terminates the term of employment due to Retirement (as defined in the employment agreement), then all stock options shall become fully vested and exercisable and employee's deferred bonus payments shall be fully vested and paid.

In the event of a change of control (as defined in the employment agreement), employee shall be entitled to the following severance: (1) salary and benefit continuation for 18 months or until new employment begins, whichever occurs first; (2) a lump sum payment equal to the average of the previous three years' bonus payment, inclusive of deferred amounts; (3) vesting of all stock options; (4) payment of all deferred bonuses; and (5) out-placement services at the reasonable expense of the Company.

In January 2006, we entered into an employment agreement with Donn R. Mitchell II, our current Senior Vice President of U.K. Operations. The material terms of Mr. Mitchell's employment agreement are substantially the same as Mr. Solomon's employment agreement. For fiscal 2008, Mr. Mitchell's base salary was \$281,100 through November 1, 2007 and \$310,000 for the remainder of the year and he was eligible for an annual incentive bonus of 50% of his annual base salary.

In July 2007, we entered into an employment agreement with Virginia M. McDowell, our current President and Chief Operating Officer. The material terms of Ms. McDowell's employment agreement are set forth below:

One-year term that continues for a series of successive one-year terms unless earlier terminated pursuant to the terms of the agreement.

Annual base salary of \$650,000 (which was Ms. McDowell's annual base salary for fiscal 2008) and eligibility for an annual incentive bonus of 60% of annual base salary if she meets minimum targets. Ms. McDowell also received a stock option grant to purchase 250,000 of the Company's common stock, vesting over a five-year period.

The maximum period of salary continuation in the event of termination, death or disability is 12 months, and the agreement provides for severance payments equal to two times her annual base salary in the event of termination following a change of control.

In December 2007, we entered into an employment agreement with Dale R. Black, our current Senior Vice President and Chief Financial Officer. The material terms of Mr. Black's employment agreement are substantially the same as Ms. McDowell's agreement. For fiscal 2008, Mr. Black's annual base salary was \$400,000 and he was eligible for an annual incentive bonus of 60% of his annual base salary. Mr. Black also received a stock option grant to purchase 125,000 shares of the Company's common stock, vesting over a five-year period.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

In March 2008, we entered into an employment agreement with James B. Perry, our current Chief Executive Officer. The material terms of Mr. Perry's employment agreement are substantially the same as Ms. McDowell's agreement; provided, however, that Mr. Perry's initial term is two years. For fiscal 2008, Mr. Perry's annual base salary was \$800,000. Mr. Perry also received a stock option grant to purchase 500,000 shares of the Company's common stock, vesting over a five-year period.

In April 2008, we entered into an employment agreement with Robert F. Griffin, our current Senior Vice President of Operations. The April 2008 employment agreement replaced in its entirety the prior employment agreement between the Company and Mr. Griffin entered into in January 2003. The material terms of the April 2008 employment agreement are as follows:

One-year term that continues for a series of successive one-year terms unless earlier terminated pursuant to the terms of the agreement.

Annual base salary of \$310,000 (which was Mr. Griffin's annual base salary for fiscal 2008) and eligibility for an annual incentive bonus of 50% of annual base salary.

If employee dies or becomes disabled during the employment term, employee (or employee's estate) is entitled to "Basic Severance" (consisting of (i) the continuation of employee's annualized base compensation for 12 months, (ii) the bonus due under the Company's annual incentive plan with respect to the Company's most recently completed fiscal year to the extent such bonus has not already been paid and (iii) subject to employee making a timely election to continue coverage, a monthly amount equal to the Company's portion of employee's premium or similar contribution required under the Company's group medical plan, such amount to be paid for the 12-month period following the termination date).

If we terminate the term of employment without "cause" (as defined in the employment agreement), employee is entitled to Basic Severance in the event that employee executes a general release.

If the Company terminates employee's employment without cause or if employee terminates employee's employment on account of "Good Reason" (as defined in the employment agreement), in either case, within the 12-month period following the occurrence of a "Change of Control" (as defined in the employment agreement) then the employee shall be entitled to (1) an amount equal to 200% of employee's annualized base compensation, (2) the average of employee's annual bonus payable under the Company's annual incentive plan during the Company's three most recently completed fiscal years (or such shorter period as employee has been employed by the Company), (3) the bonus due under the Company's annual incentive plan with respect to the Company's most recently completed fiscal year to the extent such bonus has not already been paid, (4) subject to employee making a timely election to continue coverage, a monthly amount equal to the Company's portion of employee's premium or similar contribution required under the Company's group medical plan, such amount to be paid for the 18-month period following the termination date, (5) any stock options granted to employee outstanding as of the occurrence of a Change of Control shall be deemed fully vested.

termination or change in control was effective as of April 27, 2008, and thus include amounts earned through such time and are estimates of the amounts that would be paid to the Named Executive Officers upon their termination or a change in control. The actual amounts to be paid can only be determined at the time of such Named Executive Officer's separation from the Company or a change in control.

The following tables quantify the amounts payable to each of the Named Executive Officers under the described termination circumstances and upon a change in control.

The Company expects that any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$120,000 in any calendar year, (2) the Company is a participant, and (3) any related party has or will have a direct or indirect interest will be either approved or ratified by the Board of Directors. In deciding whether to approve a related party transaction, the Board of Directors will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction. If a related party transaction will be ongoing, the Board of Directors may establish guidelines for the Company's management to follow in its ongoing dealings with the related party. Thereafter, the Board of Directors, on at least an annual basis, would review and assess ongoing relationships with the related party to see that the transaction remains appropriate.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's internal control over financial reporting. In fulfilling its oversight responsibilities, the Committee reviewed and discussed with management the audited consolidated financial statements in the Annual Report on Form 10-K for the fiscal year ended April 27, 2008, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.

The Committee reviewed with our independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with U.S. generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under the standards of the Public Company Accounting Oversight Board (United States). In addition, the Committee has discussed with our independent registered public accounting firm the accounting firm's independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board and Securities and Exchange Commission regulations, considered the compatibility of non-audit services with the independent registered public accounting firm's independence and discussed matters required under SAS 61 (codification of statements on Auditing Standards).

The Company's management is responsible for the preparation and integrity of the Company's financial statements, establishing and maintaining adequate internal control over financial reporting, and for management's report on internal control over financial reporting. The Company's independent registered public accounting firm is responsible for attesting to the effectiveness of the Company's internal control over financial reporting. The Committee's responsibility in this regard is to oversee the Company's financial reporting process and internal control over financial reporting. Throughout the year the Audit Committee monitored the Company's compliance with Section 404 of the Sarbanes-Oxley Act of 2002, and was satisfied that the Company would conclude that internal control over financial reporting would be effective as of April 27, 2008. Management, in fact, concluded that the Company's internal control over financial reporting was effective as of April 27, 2008. The independent registered public accounting firm provided an attestation that the Company maintained effective internal control over financial reporting in all material respects as of April 27, 2008.

The Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referenced above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended April 27, 2008 for filing with the Securities and Exchange Commission. The Committee also appointed, subject to stockholder ratification, the Company's independent registered public accounting firm for this year ended April 26, 2009.

**PROPOSAL 1
ELECTION OF DIRECTORS**

The Board of Directors has nominated the following persons, each of whom is currently serving as a director of the Company, to be elected at the annual meeting to serve as directors until the next annual meeting of stockholders or until their respective successors have been elected and qualified:

Bernard Goldstein
Robert S. Goldstein
James B. Perry
W. Randolph Baker
John G. Brackenbury
Alan J. Glazer
Shaun R. Hayes
Jeffrey D. Goldstein
Lee S. Wielansky

Each nominee has consented to being named in this proxy statement and to serve if elected. If a proxy is executed in such a manner as to withhold authority to vote for one or more nominees for director, such instructions will be followed by the persons named as proxies. While it is not anticipated that any of the nominees will be unable or unwilling to serve, if any should be unable or unwilling to serve, the persons named as proxies reserve the right to substitute any other person, in accordance with applicable law and our governing documents.

Election of the nine director nominees requires the affirmative vote of a plurality of the shares of our common stock present at the Annual Meeting, in person or by proxy, and entitled to vote on the proposal. Withheld votes, if any, will have no effect on the proposal. Broker non-votes, if any, will have no effect on the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES TO THE BOARD OF DIRECTORS.

PROPOSAL 2
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has selected Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending April 26, 2009, and has recommended to the Board of Directors that the stockholders ratify such selection. Although stockholder ratification of our Audit Committee's action in this respect is not required, the Board of Directors considers it desirable for stockholders to pass upon the selection of our independent registered public accounting firm and, if the stockholders do not ratify the selection, may reconsider its selection.

Ratification of the appointment of an independent registered public accounting firm requires the affirmative vote of at least a majority of the shares of our common stock present at the annual meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions from voting will have the same effect as voting against the proposal and broker non-votes, if any, will have no effect on the vote for this proposal.

Representatives of Ernst & Young LLP, who are expected to be present at the annual meeting, will have an opportunity to make a statement if they so desire, and will be available to respond to appropriate questions from stockholders.

We have been informed by Ernst & Young LLP that neither the firm nor any of its members or their associates has any direct financial interest or material indirect financial interest in us or any of our affiliates.

The following table summarizes the fees billed to the Company for professional services by Ernst & Young LLP for the fiscal years 2008 and 2007:

	2008	2007
Audit Fees	\$2,564,748	\$4,059,235

Included in the 2007 Audit fees are \$1,044,000 related to the restatement of the financials related to fiscal years 2006 and 2005 and the third fiscal quarter of 2007. Audit-related fees include fees for audits performed related to property divestitures. Tax fees consist of amounts billed for tax compliance assistance and tax planning and advice.

Edgar Filing: ISLE OF CAPRI CASINOS INC - Form DEF 14A

The Audit Committee is responsible for reviewing and pre-approving any non-audit services to be performed by the Company's outside accounting firm. The Audit Committee may delegate its pre-approval authority to the Chairman of the Audit Committee to act between meetings of the Audit Committee. Any pre-approval given by the Chairman of the Audit Committee pursuant to this delegation is presented to the full Audit Committee at its next regularly scheduled meeting. The Audit Committee or Chairman of the Audit Committee reviews, and if appropriate, approves all non-audit service engagements, taking into account the proposed scope of the non-audit services, the proposed fees for the non-audit services, whether the non-audit services are permissible under applicable law or regulation, and the likely impact of the non-audit services on the principal accountant's independence.

The Audit Committee pre-approved each engagement of the Company's independent registered public accounting firm to perform non-audit related services during fiscal year 2008.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence and believes the provision of the services referenced above is compatible.

**THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE
"FOR" THE RATIFICATION OF THE SELECTION OF ERNST & YOUNG LLP AS ISLE OF CAPRI CASINOS, INC.
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.**

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

As a result of these subsequent transactions, Mr. Richard Goldstein no longer owns 10% or more of our common stock and is no longer required to make Section 16(a) filings. In addition, the Company has been informed that Messrs. Robert S. Goldstein and Jeffrey D.
