**TYCO ELECTRONICS LTD.**  
**NOTES TO CONDENSED CONSOLIDATED**  
**FINANCIAL STATEMENTS (UNAUDITED)**

**1. Basis of Presentation**

*Basis of Presentation*

The unaudited Condensed Consolidated Financial Statements of Tyco Electronics Ltd. ("Tyco Electronics" or the "Company") have been prepared in United States Dollars, in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of the Condensed Consolidated Financial Statements in conformity with GAAP requires management to make use of estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenues and expenses. Actual results could differ materially from these estimates. In management's opinion, the unaudited Condensed Consolidated Financial Statements contain all normal recurring adjustments necessary for a fair presentation of interim results. The results of operations reported for interim periods are not necessarily indicative of the results of operations for the entire fiscal year or any subsequent interim period.

The Condensed Consolidated Financial Statements have been prepared in accordance with the instructions to Form 10-Q under the Securities Exchange Act of 1934, as amended. The year-end balance sheet data was derived from audited financial statements, but does not include all of the information and disclosures required by GAAP. These financial statements should be read in conjunction with the Company's audited Consolidated and Combined Financial Statements contained in the Company's Annual Report on Form 10-K for the fiscal year ended September 25, 2009.

Unless otherwise indicated, references in the Condensed Consolidated Financial Statements to fiscal 2010 and fiscal 2009 are to the Company's fiscal years ending September 24, 2010 and September 25, 2009, respectively.

*Reclassifications*

The Company has reclassified certain items on its Condensed Consolidated Financial Statements to conform to the current year presentation. See additional information regarding the Company's adoption of updates to guidance in Accounting Standards Codification ("ASC") 810, *Consolidation*, in Note 2.

**2. Accounting Pronouncements**

*Recently Adopted Accounting Pronouncements*

In September 2006, the Financial Accounting Standards Board ("FASB") issued guidance in ASC 820, *Fair Value Measurements and Disclosures*, that defines fair value, establishes a framework for measuring fair value, expands disclosure about fair value measurements, and introduces the fair value option for certain financial assets and liabilities. The Company adopted the fair value provisions of ASC 820 in the first quarter of fiscal 2009. Prior to adoption, the fair value measurement and disclosure requirements for non-financial assets and liabilities were deferred by one year. The Company adopted the fair value provisions of ASC 820 for non-financial assets and liabilities on September 26, 2009. See Note 13 for additional information related to fair value measurements.

In April 2009 and December 2007, the FASB issued guidance in ASC 805, *Business Combinations*, addressing the recognition and accounting for identifiable assets acquired, liabilities assumed, and

Table of Contents**TYCO ELECTRONICS LTD.****NOTES TO CONDENSED CONSOLIDATED****FINANCIAL STATEMENTS (UNAUDITED) (Continued)****2. Accounting Pronouncements (Continued)**

noncontrolling interests in business combinations. The Company adopted the business combination provisions on September 26, 2009. Adoption did not have a material impact on the Company's results of operations, financial position, or cash flows.

In December 2007, the FASB issued updates to guidance in ASC 810 that address the accounting and reporting framework for noncontrolling interests by a parent company. The Company adopted the updates on September 26, 2009. As a result of adopting the presentation requirements related to noncontrolling interests, the Company has retrospectively adjusted its Condensed Consolidated Financial Statements. Adoption of the accounting requirements for noncontrolling interests did not have a material impact on the Company's results of operations, financial position, or cash flows.

**3. Restructuring and Other Charges, Net**

Restructuring and other charges, net consisted of the following during the quarters ended December 25, 2009 and December 26, 2008:

Table of Contents

## TYCO ELECTRONICS LTD.

## NOTES TO CONDENSED CONSOLIDATED

## FINANCIAL STATEMENTS (UNAUDITED) (Continued)

**3. Restructuring and Other Charges, Net (Continued)***Fiscal 2010 Actions*

The Company initiated restructuring programs during fiscal 2010 primarily relating to headcount reductions in the Electronic Components segment. In connection with these actions, during the quarter ended December 25, 2009, the Company recorded restructuring charges of \$40 million primarily related to employee severance and benefits. The Company expects to complete all restructuring activities commenced in fiscal 2010 by the end of fiscal 2011 and to incur additional charges, primarily in the Electronic Components segment, of approximately \$3 million relating to these initiated actions by completion.

*Fiscal 2009 Actions*

The Company initiated restructuring programs during fiscal 2009 primarily relating to headcount reductions and manufacturing site closures in the Electronic Components, Network Solutions, and Specialty Products segments. In connection with these actions, during the quarters ended December 25, 2009 and December 26, 2008, respectively, the Company recorded net restructuring charges of \$1 million and \$55 million primarily related to employee severance and benefits. The Company expects to complete all restructuring activities commenced in fiscal 2009 by the end of fiscal 2011 and to incur additional charges, primarily in the Electronic Components segment, of approximately \$15 million relating to these initiated actions by completion.

*Pre-Fiscal 2009 Actions*

During the quarters ended December 25, 2009 and December 26, 2008, the Company recorded net restructuring charges of \$3 million and \$13 million, respectively, related to pre-fiscal 2009 actions. The Company expects to complete all restructuring activities commenced in fiscal 2008 by the end of fiscal 2010 and to incur additional charges, primarily in the Electronic Components segment, of approximately \$9 million relating to these actions by completion.

*Restructuring and Related Non-Cash Charges*

During the quarters ended December 25, 2009 and December 26, 2008, the Company recorded non-cash charges of \$4 million and \$10 million, respectively, primarily related to the impairment of fixed assets in connection with exited manufacturing facilities and product lines.

*Total Restructuring Reserves*

The Company's restructuring reserves by segment were as follows:

	December 25, 2009	September 25, 2009
	(in millions)	
Electronic Components	\$ 170	\$ 186
Network Solutions	25	27
Specialty Products	9	9
Undersea Telecommunications	48	48
Restructuring reserves	\$ 252	\$ 270

Table of Contents

**TYCO ELECTRONICS LTD.**  
**NOTES TO CONDENSED CONSOLIDATED**  
**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**3. Restructuring and Other Charges, Net (Continued)**

Restructuring reserves were included in the Company's Condensed Consolidated Balance Sheets as follows:

	December 25, 2009	September 25, 2009
	(in millions)	
Accrued and other current liabilities	\$ 209	\$ 231
Other liabilities	43	39
<b>Restructuring reserves</b>	<b>\$ 252</b>	<b>\$ 270</b>

**Loss on Divestiture and Impairment of Long-Lived Assets**

In the first quarter of fiscal 2010, in connection with the anticipated sale of the Dulmison connectors and fittings product line, the Company recorded an impairment charge of \$12 million related to long-lived assets. In December 2009, the Company completed the sale of the product line which was part of the Company's energy business in the Network Solutions segment. The product line was sold for net cash proceeds of \$12 million, subject to a final working capital adjustment. The divestiture resulted in a pre-tax loss on sale of \$3 million.

The loss on sale and the impairment charge are reflected in restructuring and other charges, net on the Condensed Consolidated Statement of Operations. The Company has presented the loss on sale, related long-lived asset impairments, and the operations of the Dulmison connectors and fittings product line in continuing operations due to immateriality.

**4. Discontinued Operations**

In May 2009, the Company completed the sale of its Wireless Systems business. This business met the held for sale and discontinued operations criteria and has been included in discontinued operations in fiscal 2009. Prior to reclassification to held for sale and discontinued operations, the Wireless Systems business was a component of the former Wireless Systems segment.

The following table reflects net sales, pre-tax loss from discontinued operations, and income taxes for the quarter ended December 26, 2008; there were no such amounts for the quarter ended December 25, 2009:

	For the Quarter Ended December 26, 2008
	(in millions)
Net sales	\$ 96
Pre-tax loss from discontinued operations	\$ (104)
Income tax benefit	37
Loss from discontinued operations, net of income taxes	\$ (67)

Table of Contents

## TYCO ELECTRONICS LTD.

## NOTES TO CONDENSED CONSOLIDATED

## FINANCIAL STATEMENTS (UNAUDITED) (Continued)

**4. Discontinued Operations (Continued)**

Pre-tax loss from discontinued operations for the quarter ended December 26, 2008 included pre-tax charges of \$111 million related to the Wireless Systems business's contract with the State of New York. See Note 11 for additional information regarding the State of New York contract.

**5. Inventories**

Inventories consisted of the following:

	December 25, 2009	September 25, 2009
	(in millions)	
Raw materials	\$ 260	\$ 253
Work in progress	461	439
Finished goods	598	624
Inventoried costs on long-term contracts	139	119
<b>Inventories</b>	<b>\$ 1,458</b>	<b>\$ 1,435</b>

**6. Goodwill**

The changes in the carrying amount of goodwill by segment were as follows:

	Electronic Components	Network Solutions	Specialty Products	Total
	(in millions)			
Balance at September 25, 2009	\$ 1,413	\$ 847	\$ 900	\$ 3,160

Other	17	(4)	13	50 years	17	(4)	13	50 years
<b>Total</b>	<b>\$ 724</b>	<b>\$ (336)</b>	<b>\$ 388</b>	<b>25 years</b>	<b>\$ 741</b>	<b>\$ (334)</b>	<b>\$ 407</b>	<b>25 years</b>

Intangible asset amortization expense was \$8 million for the quarters ended December 25, 2009 and December 26, 2008.

Table of Contents

**TYCO ELECTRONICS LTD.**  
**NOTES TO CONDENSED CONSOLIDATED**  
**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**7. Intangible Assets, Net (Continued)**

The estimated aggregate amortization expense on intangible assets currently owned by the Company is expected to be as follows:

	(in millions)
Remainder of fiscal 2010	\$ 22
Fiscal 2011	29
Fiscal 2012	28
Fiscal 2013	27
Fiscal 2014	27
Fiscal 2015	27
Thereafter	228
	\$ 388

**8. Debt**

Debt was as follows:

	December 25, 2009	September 25, 2009
	(in millions)	
6.00% senior notes due 2012 <sup>(1)</sup>	\$ 720	\$ 720
5.95% senior notes due 2014 <sup>(1)</sup>	300	300
6.55% senior notes due 2017 <sup>(1)</sup>	743	744
7.125% senior notes due 2037 <sup>(1)</sup>	475	475
Other	177	178
Total debt	2,415	2,417
Less current portion <sup>(2)</sup>	101	101
Long-term debt	\$ 2,314	\$ 2,316

(1) Senior notes are recorded at face amount, net of unamortized discount and the fair value of interest rate swaps.

(2) The current portion of long-term debt at December 25, 2009 and September 25, 2009 was comprised of amounts shown as other.

In April 2007, Tyco Electronics Group S.A. ("TEGSA"), a wholly-owned subsidiary of the Company, entered into a five-year unsecured senior revolving credit facility ("Credit Facility"). In fiscal 2009, \$75 million of the commitment was assigned by Lehman Brothers Bank, FSB to TEGSA, reducing the total effective commitment to \$1,425 million. At December 25, 2009 and September 25, 2009, TEGSA had no borrowings under the Credit Facility.

The Credit Facility contains a financial ratio covenant providing that if the Company's ratio of Consolidated Total Debt (as defined in the Credit Facility) to Consolidated EBITDA (as defined in the Credit Facility) for the then most recently concluded period of four consecutive fiscal quarters exceeds

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**8. Debt (Continued)**

3.5 to 1.0, an Event of Default (as defined in the Credit Facility) is triggered under the Credit Facility. The Credit Facility and the Company's other debt agreements contain other customary covenants.

TEGSA's payment obligations under its senior notes, Credit Facility, and profit sharing notes issued by a subsidiary are fully and unconditionally guaranteed by Tyco Electronics Ltd.

During the first quarter of fiscal 2010, the Company entered into options to enter into interest rate swaps ("swaptions") and forward starting interest rate swaps designated as cash flow hedges to manage interest rate exposure prior to the anticipated issuance of fixed-rate debt that is probable of occurring when the Company's 6.00% senior notes mature in fiscal 2012. These swaptions and forward starting interest rate swaps are based on a total notional amount of \$300 million. Also, during the first quarter of fiscal 2010, the Company entered into an interest rate swap designated as a fair value hedge on \$50 million principal amount of the 6.00% senior notes.

During the first quarter of fiscal 2009, the Company terminated interest rate swaps designated as fair value hedges on \$300 million principal amount of the 6.55% senior notes and \$200 million principal amount of the 6.00% senior notes.

See Note 12 for additional information on swaptions, forward starting interest rate swaps, and interest rate swaps.

The fair value of the Company's debt was approximately \$2,460 million and \$2,420 million at December 25, 2009 and September 25, 2009, respectively.

**9. Guarantees**

Pursuant to the Separation and Distribution Agreement and Tax Sharing Agreement, upon separation from Tyco International Ltd. ("Tyco International") on June 29, 2007, the Company entered into certain guarantee commitments and indemnifications with Tyco International and Covidien plc ("Covidien"). Under these agreements, principally the Tax Sharing Agreement, Tyco International, Covidien, and Tyco Electronics share 27%, 42%, and 31%, respectively, of certain contingent liabilities relating to unresolved pre-separation tax matters of Tyco International. The effect of the Tax Sharing Agreement is to indemnify the Company for 69% of certain liabilities settled in cash by the Company with respect to unresolved pre-separation tax matters. Pursuant to that indemnification, the Company has made similar indemnifications to Tyco International and Covidien with respect to 31% of certain liabilities settled in cash by the companies relating to unresolved pre-separation tax matters. If any of the companies responsible for all or a portion of such liabilities were to default in its payment of costs or expenses related to any such liability, the Company would be responsible for a portion of the defaulting party or parties' obligation. In addition, Tyco International and Covidien are responsible for their tax liabilities that are not subject to the Tax Sharing Agreement's sharing formula. The Company's indemnification created under the Tax Sharing Agreement qualifies as a guarantee of a third party entity's debt under ASC 460, *Guarantees*.

At December 25, 2009, the Company had a liability representing the indemnifications made to Tyco International and Covidien pursuant to the Tax Sharing Agreement of \$339 million of which \$321 million was reflected in other liabilities and \$18 million was reflected in accrued and other current liabilities on the Condensed Consolidated Balance Sheet. At September 25, 2009, the liability of

Table of Contents**TYCO ELECTRONICS LTD.****NOTES TO CONDENSED CONSOLIDATED****FINANCIAL STATEMENTS (UNAUDITED) (Continued)****9. Guarantees (Continued)**

\$339 million was reflected in other liabilities on the Condensed Consolidated Balance Sheet. The Company has assessed the probable future cash payments to Tyco International and Covidien for pre-separation income tax matters pursuant to the terms of the Tax Sharing Agreement and determined this amount remains sufficient to satisfy these expected obligations.

In disposing of assets or businesses, the Company often provides representations, warranties, and/or indemnities to cover various risks including unknown damage to the assets, environmental risks involved in the sale of real estate, liability for investigation and remediation of environmental contamination at waste disposal sites and manufacturing facilities, and unidentified tax liabilities and legal fees related to periods prior to disposition. The Company does not have the ability to estimate the potential liability from such indemnities because they relate to unknown conditions; however, the Company has no reason to believe that these uncertainties would have a material adverse effect on the Company's results of operations, financial position, or cash flows.

At December 25, 2009, the Company had outstanding letters of credit and letters of guarantee in the amount of \$388 million, of which \$50 million was related to its contract with the State of New York. See Note 11 for additional information regarding the State of New York contract.

In the normal course of business, the Company is liable for contract completion and product performance. In the opinion of management, except for the charges related to the contract with the State of New York discussed below, such obligations will not significantly affect the Company's results of operations, financial position, or cash flows.

As disclosed in Note 11, in January 2009, the State of New York (the "State") drew down \$50 million against an irrevocable standby letter of credit funded by the Company. As a result, the Company recorded a pre-tax charge equal to the draw. The State has the ability to draw up to an additional \$50 million against the standby letter of credit which could result in additional charges and could have a material adverse effect on the Company's results of operations, financial position, and cash flows.

The Company generally records estimated product warranty costs at the time of sale. The changes in the Company's warranty liability for the quarters ended December 25, 2009 and December 26, 2008 were as follows:

	<b>For the Quarters Ended</b>	
	<b>December 25, 2009</b>	<b>December 26, 2008</b>
	<b>(in millions)</b>	
Balance at beginning of period	\$ 43	\$ 27
Warranties issued	2	2
Warranty expirations and changes in estimate	4	1
Settlements	(1)	(1)
Balance at end of period	\$ 48	\$ 29

## TYCO ELECTRONICS LTD.

## NOTES TO CONDENSED CONSOLIDATED

## FINANCIAL STATEMENTS (UNAUDITED) (Continued)

**10. Retirement Plans**

The net periodic benefit cost for all U.S. and non-U.S. defined benefit pension plans and postretirement benefit plans in the quarters ended December 25, 2009 and December 26, 2008 was as follows:

	Defined Benefit Pension Plans				Postretirement Benefit Plans	
	U.S. Plans		Non-U.S. Plans		For the Quarters Ended	
	For the Quarters Ended		For the Quarters Ended			
	December 25, 2009	December 26, 2008	December 25, 2009	December 26, 2008	December 25, 2009	December 26, 2008
	(in millions)					
Service cost	\$ 2	\$ 2	\$ 15	\$ 15	\$	\$
Interest cost	14	14	21	22	1	1
Expected return on plan assets	(15)	(15)	(14)	(16)		
Amortization of net actuarial loss	8	4	8	3		
Settlement/curtailment loss (gain)	2		(1)	(1)		
Net periodic benefit cost	\$ 11	\$ 5	\$ 29	\$ 23	\$ 1	\$ 1

The Company anticipates that, at a minimum, it will make the minimum required contributions to its pension plans in fiscal 2010 of \$3 million for U.S. plans and \$80 million for non-U.S. plans. During the quarter ended December 25, 2009, the Company contributed \$46 million to its U.S. and non-U.S. plans.

The Company expects to make contributions to its postretirement benefit plans of \$2 million in fiscal 2010. During the quarter ended December 25, 2009, Company contributions to its postretirement benefit plans were insignificant.

**11. Commitments and Contingencies****Tyco Electronics Legal Proceedings***Intellectual Property and Antitrust Litigation*

The Company is a party to a number of patent infringement and antitrust actions that may require the Company to pay damage awards. The Company has assessed the status of these matters and has recorded liabilities related to certain of these matters where appropriate.

*Other Matters*

The Company is a defendant in a number of other pending legal proceedings incidental to present and former operations, acquisitions, and dispositions. The Company does not expect the outcome of these proceedings, either individually or in the aggregate, to have a material adverse effect on its results of operations, financial position, or cash flows.

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**11. Commitments and Contingencies (Continued)**

**Legal Matters under Separation and Distribution Agreement**

The Separation and Distribution Agreement among the Company, Tyco International, and Covidien provided for the allocation among the parties of Tyco International's assets, liabilities, and obligations attributable to periods prior to the Company's and Covidien's separations from Tyco International on June 29, 2007. Under the Separation and Distribution Agreement, the Company assumed the liability for, and control of, all pending and threatened legal matters at separation related to the Company's business or assumed or retained liabilities, and will indemnify the other parties for any liability arising out of or resulting from such assumed legal matters. Tyco Electronics remains responsible for 31% of certain potential liabilities that may arise from litigation pending or threatened at separation that was not allocated to one of the three parties, and Tyco International and Covidien are responsible for 27% and 42%, respectively, of such liabilities. If any party defaults in payment of its allocated share of any such liability, each non-defaulting party will be responsible for an equal portion of the amount in default together with any other non-defaulting party, although any such payments will not release the obligation of the defaulting party. Subject to the terms and conditions of the Separation and Distribution Agreement, Tyco International manages and controls all the legal matters related to the shared contingent liabilities, including the defense or settlement thereof, subject to certain limitations. All costs and expenses that Tyco International incurs in connection with the defense of such litigation, other than the amount of any judgment or settlement, which will be allocated in the manner described above, will be borne equally by Tyco International, Covidien, and the Company.

***Securities Proceedings and Settlements***

As previously reported in the Company's periodic filings, prior to the separation, Tyco International and certain of its former directors and officers were named as defendants in over 40 purported securities class action lawsuits. As a part of the Separation and Distribution Agreement, any existing or potential liabilities related to the securities class actions were allocated among Tyco International, Covidien, and the Company. The Company is responsible for 31% of potential liabilities that may arise upon the resolution of remaining pending litigation. Most of the securities class actions were transferred to the United States District Court for the District of New Hampshire for coordinated or consolidated pre-trial proceedings, and the court entered an order in 2006 certifying a class "consisting of all persons and entities who purchased or otherwise acquired Tyco securities between December 13, 1999 and June 7, 2002, and who were damaged thereby, excluding defendants, all of the officers, directors and partners thereof, members of their immediate families and their legal representatives, heirs, successors or assigns, and any entity in which any of the foregoing have or had a controlling interest." In 2007, Tyco International settled 32 of the purported securities class action lawsuits arising from the actions alleged to have been taken by its prior management in a class action settlement, for which the Company was responsible for 31% of the settlement amount. A number of individuals and entities who opted out of the class action settlement filed actions against Tyco International and/or Tyco International, Covidien, and the Company, all of which actions have been settled subsequently. Tyco International has settled all but two of the remaining securities lawsuits (*Stumpf v. Tyco International Ltd., et al.* and *Hall v. Kozlowski, et al.*), and the Company was responsible for 31% of the settlement amounts. In fiscal 2009, the Company recorded reserves representing the best estimate of probable loss for the remaining securities litigation claims subject to the Separation and Distribution Agreement.

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**11. Commitments and Contingencies (Continued)**

In the prior period covered by this Quarterly Report, Tyco International, Covidien, and the Company entered into definitive agreements to settle actions captioned *Hess v. Tyco International Ltd., et al.* and *Sciallo v. Tyco International Ltd., et al.* and an opt-out case brought by the Commonwealth of Massachusetts Pension Reserves Investment Management Board. During the first quarter of fiscal 2009, pursuant to the sharing formula in the Separation and Distribution Agreement, the Company recorded charges of \$9 million, for which no tax benefit was available.

***Investigations***

As previously reported in the Company's periodic filings, Tyco International and others received various subpoenas and requests from the Securities and Exchange Commission's ("SEC") Division of Enforcement, the U.S. Department of Labor, the General Services Administration, and others seeking the production of documents in connection with various investigations into Tyco International's governance, management, operations, accounting, and related controls prior to the separation. The Department of Labor is investigating Tyco International and the administrators of certain of its benefit plans. Tyco International has advised the Company that it cannot predict when these investigations will be completed, nor can it predict what the results of these investigations may be. It is possible that Tyco International will be required to pay material fines or suffer other penalties, and pursuant to the liability sharing provisions of the Separation and Distribution Agreement, a portion of such payments may be allocated to the Company. It is not possible to estimate the amount of loss, or range of possible loss, if any, that might result from an adverse resolution of these matters. As a result, the Company's share of such potential losses also is not estimable and may have a material adverse effect on the Company's results of operations, financial position, or cash flows.

***Compliance Matters***

As previously reported in the Company's periodic filings, Tyco International received and has responded to various allegations that certain improper payments were made by Tyco International subsidiaries, including Tyco Electronics subsidiaries, in recent years prior to the separation. Tyco International reported to the U.S. Department of Justice and the SEC the investigative steps and remedial measures that it had taken in response to the allegations, including that it retained outside counsel to perform a company-wide baseline review of its policies, controls, and practices with respect to compliance with the Foreign Corrupt Practices Act ("FCPA"), and that it would continue to investigate and make periodic progress reports to these agencies. To date, the Company's baseline review has revealed that some of the Company's former business practices may not comply with FCPA requirements. At this time, the Company cannot predict the outcome of these matters and other allegations reported to regulatory and law enforcement authorities and therefore cannot estimate the range of potential loss or extent of risk, if any, that may result from an adverse resolution of these matters. However, it is possible that the Company may be required to pay judgments, suffer penalties, or incur settlements in amounts that may have a material adverse effect on the Company's results of operations, financial position, or cash flows. Any judgment, settlement, or other cost incurred by Tyco International in connection with these matters not specifically allocated to Tyco International, Covidien, or the Company would be subject to the liability sharing provisions of the Separation and Distribution Agreement.

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**11. Commitments and Contingencies (Continued)**

**Income Taxes**

In prior years, in connection with the Internal Revenue Service ("IRS") audit of various fiscal years, Tyco International submitted to the IRS proposed adjustments to prior period U.S. federal income tax returns resulting in a reduction in the taxable income previously filed. The IRS accepted substantially all of the proposed adjustments for fiscal 1997 through 2000 for which the IRS had completed its field work. On the basis of previously accepted amendments, the Company has determined that acceptance of adjustments presented for additional periods through fiscal 2005 is probable and, accordingly, has recorded them, as well as the impacts of the adjustments accepted by the IRS, on the Condensed Consolidated Financial Statements.

Tyco International continues to complete proposed adjustments to the remainder of its U.S. federal income tax returns and in fiscal 2009 and 2008, proposed certain adjustments to the returns. In addition, in fiscal 2008, Tyco International, Covidien, and the Company completed and filed certain fiscal 2007 U.S. consolidated federal and state income tax returns which included a combination of Tyco International, Covidien, and the Company's subsidiaries.

As the Company's tax return positions continue to be updated for periods prior to the separation, additional adjustments may be identified and recorded on the Condensed Consolidated Financial Statements. While the final adjustments cannot be determined until the income tax return amendment process is completed, the Company believes that any resulting adjustments will not have a material impact on its results of operations, financial position, or cash flows. Additionally, adjustments may be recorded to shareholders' equity in the future for the impact of filing final or amended income tax returns in certain jurisdictions where those returns include a combination of Tyco International, Covidien, and/or the Company's subsidiaries for the periods prior to the separation.

During fiscal 2007, the IRS concluded its field examination of certain of Tyco International's U.S. federal income tax returns for the years 1997 through 2000 and issued anticipated Revenue Agent Reports which reflect the IRS' determination of proposed tax adjustments for the periods under audit. Tyco International has agreed with the IRS on adjustments totaling \$498 million. It is the Company's understanding that Tyco International has appealed other proposed adjustments totaling approximately \$1 billion and is vigorously defending its prior filed tax return positions. Additionally, the IRS proposed civil fraud penalties against Tyco International arising from alleged actions of former executives in connection with certain intercompany transfers of stock in 1998 and 1999. Any penalty imposed would be subject to sharing with Tyco International and Covidien under the Tax Sharing Agreement. It is the Company's understanding that Tyco International is vigorously opposing the assertion of any such penalties.

It is the Company's understanding that Tyco International has made progress during fiscal 2010 towards resolving several of the disputed tax issues for the years 1997 through 2000 and it could reach agreement with the IRS on these matters within the next twelve months. The IRS continues to audit certain Tyco International income tax returns for the years 2001 through 2004.

The Company continues to believe that the amounts recorded in its Condensed Consolidated Financial Statements relating to the matters discussed above are appropriate. However, the ultimate resolution is uncertain and could result in a material impact to the Company's results of operations, financial position, or cash flows.

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**11. Commitments and Contingencies (Continued)**

**Environmental Matters**

The Company is involved in various stages of investigation and cleanup related to environmental remediation matters at a number of sites. The ultimate cost of site cleanup is difficult to predict given the uncertainties regarding the extent of the required cleanup, the interpretation of applicable laws and regulations, and alternative cleanup methods. As of December 25, 2009, the Company concluded that it was probable that it would incur remedial costs in the range of approximately \$12 million to \$26 million. As of December 25, 2009, the Company concluded that the best estimate within this range is approximately \$15 million, of which \$4 million is included in accrued and other current liabilities and \$11 million is included in other liabilities on the Condensed Consolidated Balance Sheet. In view of the Company's financial position and reserves for environmental matters of \$15 million, the Company believes that any potential payment of such estimated amounts will not have a material adverse effect on its results of operations, financial position, or cash flows.

**Matters Related to the Company's Former Wireless Systems Business**

Certain liabilities and contingencies related to the Company's former Wireless Systems business were retained by the Company when this business was sold in the third quarter of fiscal 2009. These include certain retained liabilities related to the State of New York contract and a contingent purchase price commitment related to the acquisition of Com-Net by the Wireless Systems business in 2001. See additional information below. Also, see Note 4 for additional information regarding the divestiture of the Wireless Systems business.

***State of New York Contract***

On September 19, 2005, the Company was awarded a twenty-year lease contract with the State of New York to construct, operate, and maintain a statewide wireless communications network for use by state and municipal first responders. On August 29, 2008, the Company was served by the State with a default notice related to the first regional network, pursuant to the contract. Under the terms of the contract, the Company had 45 days to rectify the purported deficiencies noted by the State. On October 16, 2008, the Company informed the State that all technical deficiencies had been remediated and the system was operating in accordance with the contract specifications and certified the system ready for testing. The State conducted further testing during November and December 2008. On January 15, 2009, the State notified the Company that, in the State's opinion, the Company had not fully remediated the issues cited by the State and it had determined that the Company was in default of the contract and that it had exercised its right to terminate the contract. The State contends that it has the right under the contract to recoup costs incurred by the State in conjunction with the implementation of the network, and as a result of this contention, on January 16, 2009, the State drew down \$50 million against an irrevocable standby letter of credit funded by the Company. The State has the ability to draw up to an additional \$50 million against the standby letter of credit, although the Company disputes that the State has any basis to do so.

On February 13, 2009, the Company filed a claim in the New York Court of Claims, seeking over \$100 million in damages, and alleging a number of causes of action, including breach of contract, unjust enrichment, defamation, conversion, breach of the covenant of good faith and fair dealing, the imposition of a constructive trust, and seeking a declaration that the State terminated the contract "for

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**11. Commitments and Contingencies (Continued)**

convenience." On September 25, 2009, the Court granted the State's motion to dismiss all counts of the complaint, with the exception of the breach of contract claims. On November 16, 2009, the State filed an answer to the complaint and counterclaim. The counterclaim asserts a claim for breach of contract and alleges that the State has incurred damages in excess of \$275 million. The Company believes that the counterclaim is without merit and intends to vigorously pursue its claims in this matter. The parties are now proceeding with discovery.

As a result of these actions, in the first quarter of fiscal 2009, the Company recorded pre-tax charges totaling \$111 million associated with this contract. These charges are reflected in income (loss) from discontinued operations on the Condensed Consolidated Statement of Operations as a result of the Company's sale of the Wireless Systems business. See Note 4 for further discussion of discontinued operations and the sale of the Wireless Systems business. The charges included an impairment charge of \$61 million to write-off all costs incurred in constructing the network as well as a charge equal to the amount drawn by the State against the standby letter of credit of \$50 million. The assets related to the impairment charge were previously reflected primarily as inventory on the Condensed Consolidated Balance Sheet.

***Com-Net***

At December 25, 2009, the Company had a contingent purchase price commitment of \$80 million related to its fiscal 2001 acquisition of Com-Net. This represents the maximum amount payable to the former shareholders of Com-Net only after the construction and installation of a communications system for the State of Florida is finished and the State of Florida has approved the system based on the guidelines set forth in the contract. Under the terms of the purchase and sale agreement, the Company does not believe it has any obligation to the sellers. However, the sellers have contested the Company's position and initiated a lawsuit in June 2006 in the Court of Common Pleas in Allegheny County, Pennsylvania, which is in the motion pleading and discovery phase. A liability for this contingency has not been recorded on the Condensed Consolidated Financial Statements as the Company does not believe that any payment is probable or estimable at this time.

**12. Financial Instruments**

The Company's financial instruments consist primarily of cash and cash equivalents, accounts receivable, accounts payable, debt, and derivative financial instruments. The fair value of cash and cash equivalents, accounts receivable, and accounts payable approximated book value as of December 25, 2009 and September 25, 2009. See Note 8 for disclosure of the fair value of debt and Note 13 for additional information on fair value measurements.

The Company uses derivative and non-derivative financial instruments to manage certain exposures to foreign currency, interest rate, and commodity risks.

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**12. Financial Instruments (Continued)**

The Company accounts for derivative financial instrument contracts on its Condensed Consolidated Balance Sheets at fair value. For instruments not designated as hedges under ASC 815, *Derivatives and Hedging*, the changes in the instruments' fair value are recognized as selling, general, and administrative expenses on the Condensed Consolidated Statements of Operations. For instruments designated as cash flow hedges, the effective portion of changes in the fair value of a derivative is recorded in other comprehensive income and reclassified into earnings in the same period or periods during which the underlying hedged item affects earnings. Ineffective portions, including amounts excluded from the hedging relationship, of a cash flow hedge are recognized currently, based on the nature of the ineffectiveness, in cost of sales, selling, general, and administrative expenses, or interest expense on the Condensed Consolidated Statements of Operations. Changes in the fair value of instruments designated as fair value hedges affect the carrying value of the asset or liability hedged, with changes in both the derivative instrument and the hedged asset or liability being recognized in earnings.

The cash flows related to derivative financial instruments are reported in the operating activities section of the Condensed Consolidated Statements of Cash Flows.

The Company's derivative financial instruments present certain market and counterparty risks; however, concentration of counterparty risk is mitigated as the Company deals primarily with a variety of financial institutions worldwide with long-term Standard & Poor's, Moody's, and/or Fitch credit ratings of A/A2 or higher. In addition, only conventional derivative financial instruments are utilized. The Company is exposed to potential losses if a counterparty fails to perform according to the terms of its agreement. With respect to counterparty net asset positions recognized at December 25, 2009, the Company has assessed the likelihood of counterparty default as remote. At this time, the Company is not required, nor does it require, collateral or other security to be furnished by the counterparties to its derivative financial instruments.

***Foreign Exchange Risks***

As part of managing the exposure to changes in foreign currency exchange rates, the Company utilizes foreign exchange forward and swap contracts, a portion of which are designated as cash flow hedges. The objective of these contracts is to minimize impacts to cash flows and profitability due to changes in foreign currency exchange rates on intercompany transactions, accounts receivable, accounts payable, and other cash transactions.

At December 25, 2009 and September 25, 2009, the Company had net assets of \$1 million and net liabilities of \$1 million, respectively, on the Condensed Consolidated Balance Sheets related to foreign exchange instruments. The Company expects that significantly all of the balance in accumulated other comprehensive income associated with the cash flow hedge-designated instruments addressing foreign exchange risks will be reclassified into the Condensed Consolidated Statements of Operations within the next twelve months as adjustments to cost of sales.

***Interest Rate Risk Management***

The Company issues debt, from time to time, in capital and money markets to fund its operations. Such borrowings can result in interest rate exposure. To manage the interest rate exposure and to minimize overall interest cost, the Company uses interest rate swaps to convert a portion of fixed-rate debt into variable-rate debt (fair value hedges) and/or convert a portion of variable-rate debt into

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**12. Financial Instruments (Continued)**

fixed-rate debt (cash flow hedges). The Company also uses interest rate swaps and swaptions to manage interest rate exposure in periods prior to the anticipated issuance of fixed-rate debt (cash flow hedges).

During the first quarter of fiscal 2010, the Company entered into swaptions and forward starting interest rate swaps to manage interest rate exposure prior to the anticipated issuance of fixed-rate debt that is probable of occurring when the Company's 6.00% senior notes mature in fiscal 2012. The swaptions and forward starting interest rate swaps are based on a total notional amount of \$300 million. These swaptions and forward starting interest rate swaps were designated as cash flow hedges of the probable interest payments. Premiums of \$5 million paid to enter into the swaptions will be recognized as interest expense over the term of the swaptions. As of December 25, 2009, the Company's swaptions and forward starting interest rate swaps were in an asset position of \$6 million and \$3 million, respectively. There were no outstanding interest rate swaps designated as cash flow hedges as of September 25, 2009.

Also during the first quarter of fiscal 2010, the Company entered into an interest rate swap designated as a fair value hedge on \$50 million principal amount of the 6.00% senior notes. The maturity date of the interest rate swaps coincides with the maturity date of the underlying debt. Under this agreement, the Company receives fixed rates of interest applicable to the underlying debt and pays floating rates of interest based on the one month U.S. Dollar London interbank offered rate. As of December 25, 2009, these interest rate swaps were in an asset position of \$1 million. As of September 25, 2009, the Company had no outstanding interest rate swaps designated as fair value hedges.

During the first quarter of fiscal 2009, the Company terminated interest rate swaps designated as fair value hedges on \$300 million principal amount of the 6.55% senior notes and \$200 million principal amount of the 6.00% senior notes. Prior to the termination, the interest rate swaps were marked to fair value, resulting in premiums of \$49 million and \$14 million associated with the 6.55% senior notes and 6.00% senior notes, respectively. The premiums are recognized as a reduction in interest expense over the life of the respective notes. As a result of the termination of the interest rate swaps, the Company recognized reductions in interest expense of \$2 million and \$3 million during the quarters ended December 25, 2009 and December 26, 2008, respectively, on the Condensed Consolidated Statements of Operations.

During fiscal 2007, in anticipation of issuing fixed-rate debt, the Company entered into and, concurrent with the Company's fixed-rate debt issuance, terminated forward starting interest rate swaps to hedge the variability in interest expense that would result from changes in interest rates between the date of the swap and the Company's anticipated date of issuing fixed-rate debt. These forward starting interest rate swaps were designated as effective hedges of the probable interest payments. Upon the issuance of the Company's senior notes in September 2007, these swaps were terminated for a cash payment of \$54 million. The effective portion of these swaps of \$53 million was recorded in accumulated other comprehensive income and is recognized in earnings as interest expense over the remaining term of the related debt instruments. As a result of the termination of the forward starting interest rate swaps, the Company recognized interest expense of \$1 million and \$2 million in the quarters ended December 25, 2009 and December 26, 2008, respectively, on the Condensed Consolidated Statements of Operations.

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**12. Financial Instruments (Continued)**

*Hedges of Net Investment*

The Company hedges its net investment in certain foreign operations using intercompany non-derivative financial instruments denominated in the same currencies. The aggregate notional value of these hedges was \$1,111 million and \$1,027 million at December 25, 2009 and September 25, 2009, respectively. The Company reclassified foreign exchange gains of \$16 million and losses of \$65 million during the quarters ended December 25, 2009 and December 26, 2008, respectively. These amounts were recorded as currency translation, a component of accumulated other comprehensive income, offsetting foreign exchange gains or losses attributable to the translation of the net investment. See additional information in Note 17.

*Commodity Hedges*

As part of managing the exposure to certain commodity price fluctuations, the Company utilizes commodity swap contracts, all of which are designated as cash flow hedges. The objective of these contracts is to minimize impacts to cash flows and profitability due to changes in prices of commodities used in production.

At December 25, 2009 and September 25, 2009, the Company's commodity hedges, which related to purchases of gold, were in a gain position of \$5 million and \$1 million, respectively, and had a notional value of \$72 million and \$29 million, respectively. The Company expects that significantly all of the balance in accumulated other comprehensive income associated with the commodities hedges will be reclassified into the Condensed Consolidated Statements of Operations within the next twelve months as adjustments to cost of sales.

*Derivative Instrument Summary*

The fair value of the Company's derivative instruments as of December 25, 2009 and September 25, 2009 is summarized below.

	December 25, 2009		September 25, 2009	
	Fair Value of Asset Positions <sup>(1)</sup>	Fair Value of Liability Positions <sup>(2)</sup>	Fair Value of Asset Positions <sup>(1)</sup>	Fair Value of Liability Positions <sup>(2)</sup>
	(in millions)			
Derivatives designated as hedging instruments:				
Foreign currency contracts <sup>(3)</sup>	\$ 1	\$ 1	\$ 4	\$ 2
Interest rate swaps and swaptions	10			
Commodity swap contracts	5		1	
Total derivatives designated as hedging instruments	16	1	5	2
Derivatives not designated as hedging instruments:				
Foreign currency contracts <sup>(3)</sup>	4	3	8	11
Total derivatives	\$ 20	\$ 4	\$ 13	\$ 13

- (1) All foreign currency and commodity swap derivatives in asset positions are recorded in prepaid expenses and other current assets on the Condensed Consolidated Balance Sheets, except where a right of offset against liability positions exists. As disclosed in Note 13, derivative instruments in prepaid expenses and other current assets on the Condensed Consolidated Balance Sheets totaled \$7 million and \$4 million at December 25, 2009 and September 25, 2009, respectively. All interest rate swaps and swaption derivatives are recorded in other assets on the Condensed Consolidated Balance Sheets.
- (2) All foreign currency and commodity swap derivatives in liability positions are recorded in accrued and other current liabilities on the Condensed Consolidated Balance Sheet, except where a right of offset against asset positions exists. As disclosed in Note 13, derivative instruments in accrued and other current liabilities on the Condensed Consolidated Balance Sheets totaled \$1 million and \$4 million at December 25, 2009 and September 25, 2009, respectively.
- (3) Contracts are presented gross without regard to any right of offset that exists.

The effects of derivative instruments designated as fair value hedges on the Condensed Consolidated Statement of Operations for the quarters ended December 25, 2009 and December 26, 2008 were as follows:

Derivatives Designated as Fair Value Hedges	Amount of Gain (Loss) Recognized For the Quarters Ended

Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

	Location of Gain (Loss) Recognized on Derivative	December 25, 2009	December 26, 2008
		(in millions)	
Interest rate swaps <sup>(1)</sup>	Interest expense	\$ 2	\$ 3

---

(1) Certain interest rate swaps were terminated in December 2008. See discussion above. Terminated interest rate swaps resulted in a gain of \$2 million in the quarter ended December 25, 2009; interest rate swaps in place at December 25, 2009 had no gain or loss recognized in the Condensed Consolidated Statement of Operations during the period.

## FINANCIAL STATEMENTS (UNAUDITED) (Continued)

## 12. Financial Instruments (Continued)

The effects of derivative instruments designated as cash flow hedges on the Condensed Consolidated Statement of Operations for the quarters ended December 25, 2009 and December 26, 2008 were as follows:

Derivatives Designated as Cash Flow Hedges	Amount of Gain (Loss) Recognized in OCI (Effective Portion)	Location of Gain (Loss) Reclassified from Accumulated OCI into Income (Effective Portion)	Amount of Gain (Loss) Reclassified from Accumulated OCI into Income (Effective Portion)  (in millions)	Location of Gain	Amount of Gain (Loss) Recognized in Income (Ineffective Portion and Amount Excluded From Effectiveness Testing)
				Recognized in Income and Amount Excluded from Effectiveness Testing)	
For the Quarter Ended December 25, 2009:					
Foreign currency contracts	\$ (2)	Cost of sales	\$	Cost of sales <sup>(1)</sup>	\$
Commodity swap contracts	4	Cost of sales	1	Cost of sales	
Interest rate swaps and swaptions <sup>(2)</sup>	6	Interest expense	(1)	Interest expense	(1)
<b>Total</b>	<b>\$ 8</b>		<b>\$</b>		<b>\$ (1)</b>
For the Quarter Ended December 26, 2008:					
Interest rate swaps and swaptions <sup>(2)</sup>	\$	Interest expense	\$	(2) Interest expense	\$

(1) Depending on the nature of the hedge, ineffectiveness is recorded in cost of sales or selling, general, and administrative expenses.

(2) Certain forward starting interest rate swaps were terminated in September 2007. See discussion above. Terminated forward starting interest rate swaps resulted in losses of \$1 million and \$2 million reflected in interest expense in the quarters ended December 25, 2009 and December 26, 2008, respectively. Forward starting interest rate swaps in place at December 25, 2009 resulted in gains of \$3 million in other comprehensive income related to the effective portions of the hedge during the period. Interest rate swaptions in place at December 25, 2009 resulted in gains of \$3 million in other comprehensive income related to the effective portions of the hedge and losses of \$1 million in interest expense as a result of amounts excluded from the hedging relationship during the period.

The effects of derivative instruments not designated as hedging instruments on the Condensed Consolidated Statement of Operations for the quarters ended December 25, 2009 and December 26, 2008 were as follows:

Derivatives not Designated as Hedging Instruments	Location of Gain (Loss) Recognized on Derivative	Amount of Gain (Loss) Recognized
		For the Quarters Ended December 25, December 26, 2009 2008  (in millions)

## Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

Foreign currency contracts	Selling, general, and administrative expenses	\$	5	\$	(167)
----------------------------	---	----	---	----	-------

During the quarter ended December 26, 2008, the Company incurred losses of \$167 million as a result of marking foreign currency derivatives not designated as hedging instruments to fair value, particularly derivatives related to certain Eastern European currencies. These losses were largely offset by the gains realized as a result of re-measuring the underlying assets and liabilities denominated in

Table of Contents**TYCO ELECTRONICS LTD.****NOTES TO CONDENSED CONSOLIDATED****FINANCIAL STATEMENTS (UNAUDITED) (Continued)****12. Financial Instruments (Continued)**

foreign currencies to primarily the Euro or U.S. Dollar. These gains and losses were reflected in selling, general, and administrative expenses on the Condensed Consolidated Statements of Operations.

**13. Fair Value Measurements**

Guidance on fair value measurement in ASC 820 specifies a fair value hierarchy based upon the observability of the inputs utilized in valuation of certain assets and liabilities. Observable inputs (highest level) reflect market data obtained from independent sources, while unobservable inputs (lowest level) reflect internally developed market assumptions. Fair value measurements are classified under the following hierarchy:

Level 1 Quoted prices in active markets for identical assets and liabilities.

Level 2 Quoted prices in active markets for similar assets and liabilities, or other inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the asset or liability.

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets and liabilities. This includes certain pricing models, discounted cash flows methodologies and similar techniques that use significant unobservable inputs.

Financial assets and liabilities recorded at fair value on a recurring basis were as follows:

Description	Fair Value Measurements Using Inputs Considered as			Fair Value
	Level 1	Level 2	Level 3	
(in millions)				
December 25, 2009:				
Assets:				
Commodity swap contracts	\$ 5	\$	\$	\$ 5
Interest rate swaps and swaptions		10		10
Foreign currency contracts		2		2
Rabbi trust assets	77			77
Total assets at fair value	\$ 82	\$ 12	\$	\$ 94

----------------------------	----	--	----	---	----	----	---

Table of Contents**TYCO ELECTRONICS LTD.****NOTES TO CONDENSED CONSOLIDATED****FINANCIAL STATEMENTS (UNAUDITED) (Continued)****13. Fair Value Measurements (Continued)**

The Company does not have significant financial assets or liabilities that are measured at fair value on a non-recurring basis.

The following is a description of the valuation methodologies used for the respective financial assets and liabilities measured at fair value on a recurring basis:

Commodity swap contracts Fair value of these assets and liabilities is determined using quoted futures exchanges (level 1).

Interest rate swaps and swaptions Fair value of these assets is determined based on observable inputs other than quoted prices. The positions are primarily valued using standard models that use readily observable interest rates as their basis (level 2).

Foreign currency contracts Fair value of these assets and liabilities is determined based on observable market transactions of spot currency rates and forward rates (level 2).

Rabbi trust assets Rabbi trust assets are comprised of marketable debt and equity securities that are marked to fair value based on unadjusted quoted prices in active markets (level 1).

The majority of derivatives entered into by the Company are valued using the over-the-counter quoted market prices for similar instruments. The Company does not believe that fair values of these derivative instruments materially differ from the amounts that could be realized upon settlement or maturity.

The Company adopted fair value recognition, measurement, and disclosure provisions for non-financial assets and liabilities on September 26, 2009. Assets and liabilities subject to this new guidance primarily include goodwill and indefinite-lived intangible assets measured at fair value for impairment assessments, long-lived assets measured at fair value for impairment assessments, and non-financial assets and liabilities measured at fair value in business combinations. Adoption of these provisions did not have a material impact on the Company's results of operations, financial position, or cash flows.

The impact of fair value adjustments made to non-financial assets and liabilities was as follows:

Description	Fair Value Measurements Using Inputs Considered as			Fair Value	Total Losses
	Level 1	Level 2	Level 3		
(in millions)					
December 25, 2009:					
Long-lived assets held and used <sup>(1)</sup>	\$	\$	\$	\$	\$ (12)

(1)

The Company used significant other observable inputs (level 2) to calculate impairment charges on long-lived assets that are held and used. The \$12 million impairment loss related to the Dulmison connectors and fittings product line sold during the quarter ended December 25, 2009 for \$12 million. See Note 3 for additional information.

**14. Income Taxes**

The Company recorded a tax provision of \$69 million, an effective income tax rate of 28.5%, for the quarter ended December 25, 2009 and \$14 million, an effective income tax rate of 30.4%, for the quarter ended December 26, 2008. The effective tax rate for the quarter ended December 25, 2009

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**14. Income Taxes (Continued)**

reflects tax benefits recognized in connection with expected fiscal 2010 increased profitability in certain entities operating in lower tax rate jurisdictions partially offset by accruals of interest related to uncertain tax positions and the estimated tax impacts of certain intercompany dividends. The effective tax rate for the quarter ended December 26, 2008 reflects the tax impacts related to approximately \$50 million of net losses associated with the termination of economic hedges of certain anticipated future transactions that were primarily realized in lower tax rate jurisdictions. In addition, the effective tax rate for the first quarter of fiscal 2009 reflects accruals of interest related to uncertain tax positions, the favorable resolution of an uncertain tax position, and tax benefits related to the profitability of entities operating in lower tax rate jurisdictions.

The Company records accrued interest as well as penalties related to uncertain tax positions as part of the provision for income taxes. As of December 25, 2009, the Company had recorded \$1,242 million of accrued interest and penalties related to uncertain tax positions on the Condensed Consolidated Balance Sheet, of which \$1,239 million was recorded in income taxes and \$3 million was recorded in accrued and other current liabilities. During the quarter ended December 25, 2009, the Company recognized \$29 million of interest and penalties on the Condensed Consolidated Statements of Operations. As of September 25, 2009, the balance of accrued interest and penalties was \$1,215 million, of which \$1,214 million was recorded in income taxes and \$1 million was recorded in accrued and other current liabilities on the Condensed Consolidated Balance Sheet.

In fiscal 2007, the IRS concluded its field examination of certain of Tyco International's U.S. federal income tax returns for the years 1997 through 2000. Tyco International is in the process of appealing certain tax adjustments proposed by the IRS related to this period. In fiscal 2008, the IRS commenced its field examination of certain Tyco International U.S. federal income tax returns for the years 2001 through 2004. Tyco International's U.S. federal tax filings for years subsequent to 2004 also remain open to examination by the IRS. See Note 11 for additional information regarding the status of IRS examinations.

Although it is difficult to predict the timing or results of certain pending examinations, it is the Company's understanding that Tyco International has made progress during fiscal 2010 towards resolving with the IRS certain disputed tax adjustments related to Tyco International's U.S. federal income tax returns for the years 1997 through 2000. Accordingly, Tyco International and the IRS could reach agreement on these matters within the next twelve months. However, the ultimate resolution is uncertain and it is not possible to estimate the impact of an agreement with respect to the amount of unrecognized tax benefits on the Condensed Consolidated Balance Sheet as of December 25, 2009. The Company is not aware of any other matters that would result in significant changes to the amount of unrecognized tax benefits reflected on the Condensed Consolidated Balance Sheet as of December 25, 2009.

**15. Other Income (Expense)**

In the quarter ended December 25, 2009, the Company recorded net other income of \$8 million pursuant to the Tax Sharing Agreement with Tyco International and Covidien. In the quarter ended December 26, 2008, the Company recorded net other expense of \$1 million, consisting of \$3 million of unrealized losses on rabbi trust assets and \$2 million of income pursuant to the Tax Sharing Agreement with Tyco International and Covidien.

Table of Contents

**TYCO ELECTRONICS LTD.**

**NOTES TO CONDENSED CONSOLIDATED**

**FINANCIAL STATEMENTS (UNAUDITED) (Continued)**

**16. Shareholders' Equity**

*Common Shares*

Subject to certain conditions specified in the articles of association, the shareholders have authorized the Company's board of directors to increase the Company's share capital (the value, in Swiss Francs ("CHF"), of authorized shares multiplied by the par value), by issuing up to 234 million conditional shares and up to 234 million authorized shares (until June 22, 2011). Although the Company states its par value in Swiss Francs, it continues to use the U.S. Dollar as its reporting currency for preparing its Condensed Consolidated Financial Statements.

*Common Shares Held in Treasury*

At December 25, 2009 and September 25, 2009, all common shares held in treasury were owned by a subsidiary of the Company. Shares held by the subsidiary are presented as treasury shares on the Condensed Consolidated Balance Sheet.

*Contributed Surplus*

Contributed surplus, subject to certain conditions, is a distributable reserve.

*Distributions to Shareholders*

Under current Swiss law, distributions to shareholders made in the form of a reduction of registered share capital are exempt from Swiss withholding tax. Beginning on January 1, 2011, subject to the adoption of implementing regulations and amendments to Swiss tax law, distributions to shareholders made out of contributed surplus will be exempt from Swiss withholding tax. Distributions or dividends on the Company's shares must be approved by the Company's shareholders.

In October 2009, the Company's shareholders approved a cash distribution to shareholders in the form of a capital reduction to the par value of the Company's common shares of CHF 0.34 (equivalent to \$0.32) per share, payable in two equal installments in each of the first and second quarters of fiscal 2010. During the quarter ended December 25, 2009, the Company paid the first installment of the distribution at a rate of \$0.16 per share. This capital reduction reduced the par value of the Company's common shares from CHF 2.43 (equivalent to \$2.24) to CHF 2.26 (equivalent to \$2.08).

Upon approval by the shareholders of the cash distribution in the form of a capital reduction, the Company records a liability with a corresponding charge to common shares. The declared but unpaid portion of the distribution of CHF 0.17 (equivalent to \$0.16) per share is recorded in accrued and other current liabilities on the Condensed Consolidated Balance Sheet at December 25, 2009. There were no unpaid dividends and distributions to shareholders as of September 25, 2009.

*Share Repurchase Program*

During the first quarter of fiscal 2010, the Company purchased approximately 750 thousand of its common shares for \$18 million. During the first quarter of fiscal 2009, the Company purchased approximately 6 million of its common shares for \$125 million and also settled purchases of \$27 million of its common shares which occurred prior to the end of the fourth quarter of fiscal 2008. Since

Table of Contents

## TYCO ELECTRONICS LTD.

## NOTES TO CONDENSED CONSOLIDATED

## FINANCIAL STATEMENTS (UNAUDITED) (Continued)

**16. Shareholders' Equity (Continued)**

inception of the share repurchase program, which has a current authorization of \$2,000 million, the Company has purchased approximately 44 million shares for \$1,412 million.

**17. Comprehensive Income (Loss)**

Comprehensive income (loss) consisted of the following:

	For the Quarters Ended	
	December 25, 2009	December 26, 2008
	(in millions)	
Net income (loss)	\$ 173	\$ (35)
Currency translation <sup>(1)</sup>	(56)	(343)
Gain on cash flow hedge	8	2
Amortization of unrecognized pension and postretirement benefit costs, net of income taxes	6	4
	131	(372)
Less: comprehensive income attributable to noncontrolling interests	(1)	(2)
Comprehensive income (loss) attributable to Tyco Electronics Ltd.	\$ 130	\$ (374)

- (1) Includes hedge of net investment foreign exchange gains or losses, offsetting foreign exchange gains or losses attributable to the translation of the net investments.

**18. Earnings (Loss) Per Share**

Basic earnings (loss) per share attributable to Tyco Electronics Ltd. is computed by dividing net income (loss) attributable to Tyco Electronics Ltd. by the basic weighted-average number of common shares outstanding. Diluted earnings (loss) per share attributable to Tyco Electronics Ltd. is computed by dividing net income (loss) attributable to Tyco Electronics Ltd. by the weighted-average number of common shares outstanding adjusted for potentially dilutive unexercised share options and non-vested restricted share awards. The following table sets forth the denominators of the basic and diluted earnings (loss) per share computations:

	For the Quarters Ended	
	December 25, 2009	December 26, 2008
	(in millions)	
Weighted-average shares outstanding:		
Basic	459	459
Share options and restricted share awards	3	2
Diluted	462	461

Table of Contents**TYCO ELECTRONICS LTD.****NOTES TO CONDENSED CONSOLIDATED****FINANCIAL STATEMENTS (UNAUDITED) (Continued)****18. Earnings (Loss) Per Share (Continued)**

Certain share options were not included in the computation of diluted earnings (loss) per share because the instruments' underlying exercise prices were greater than the average market prices of Tyco Electronics' common shares and inclusion would be antidilutive. Such shares not included in the computation were 22 million as of December 25, 2009 and December 26, 2008.

**19. Share Plans**

Total share-based compensation costs included on the Condensed Consolidated Statements of Operations were \$15 million and \$16 million during the quarters ended December 25, 2009 and December 26, 2008, respectively, of which \$1 million was included in loss from discontinued operations for the quarter ended December 26, 2008. All share-based compensation costs in continuing operations are presented in selling, general, and administrative expenses.

***Restricted Share Awards***

A summary of the Company's outstanding restricted share awards as of December 25, 2009 and changes during the quarter then ended are presented below:

	Shares	Weighted-Average Grant-Date Fair Value
Non-vested at September 25, 2009	4,252,190	\$ 23.80
Granted	2,172,253	24.59
Vested	(876,914)	21.28
Forfeited	(46,854)	28.51
Non-vested at December 25, 2009	5,500,675	\$ 24.47

As of December 25, 2009, there were \$95 million of unrecognized compensation costs related to non-vested Tyco Electronics restricted share awards. That cost is expected to be recognized over a weighted-average period of 3.1 years.

Table of Contents

## FINANCIAL STATEMENTS (UNAUDITED) (Continued)

## 19. Share Plans (Continued)

*Share Options*

A summary of the Company's outstanding share option awards as of December 25, 2009 and changes during the quarter then ended are presented below:

	Shares	Weighted-Average Exercise Price	Weighted-Average Remaining Contractual Term (in years)	Aggregate Intrinsic Value (in millions)
Outstanding at September 25, 2009	25,635,095	\$ 38.30		
Granted	3,718,750	24.60		
Exercised	(96,781)	15.00		
Expired	(1,212,386)	50.08		
Forfeited	(85,038)	25.56		
Outstanding at December 25, 2009	27,959,640	\$ 36.09	5.3	\$ 56
Vested and non-vested expected to vest at December 25, 2009	26,895,933	\$ 36.59	5.3	\$ 53
Exercisable at December 25, 2009	19,473,476	\$ 41.46	3.6	\$ 27

As of December 25, 2009, there were \$46 million of total unrecognized compensation costs related to non-vested Tyco Electronics share options granted under Tyco Electronics share option plans. The cost is expected to be recognized over a weighted-average period of 2.6 years.

The grant-date fair value of each share option grant is estimated using the Black-Scholes-Merton option pricing model. Use of a valuation model requires management to make certain assumptions with respect to selected model inputs. Expected share price volatility was calculated based on the historical volatility of the stock of a composite of peers of Tyco Electronics and implied volatility derived from exchange traded options on that same composite of peers. The average expected life was based on the contractual term of the option and expected employee exercise and post-vesting employment termination behavior. The risk-free interest rate is based on U.S. Treasury zero-coupon issues with a remaining term which approximates the expected life assumed at the date of grant. The expected annual dividend per share was based on Tyco Electronics' expected dividend rate. The compensation expense recognized is net of estimated forfeitures. Forfeitures are estimated based on voluntary termination behavior, as well as an analysis of actual option forfeitures.

The weighted-average grant-date fair value of options granted during the quarter ended December 25, 2009 and the weighted-average assumptions the Company used in the Black-Scholes-Merton option pricing model for the quarter then ended were as follows:

Weighted-average grant-date fair value	\$ 6.83
Assumptions:	
Expected share price volatility	37%
Risk free interest rate	2.3%
Expected annual dividend per share	\$ 0.64
Expected life of options (years)	5.0

Other current assets	2,329	2,169
Other non-current assets	7,455	7,530
Total assets	\$ 16,283	\$ 16,220

(1) Segment assets are comprised of accounts receivable, inventories, and property, plant, and equipment.

**21. Subsequent Events**

In January 2010, the Company completed the acquisition of Sensitive Object, an early-stage software company engaged in developing touch-enabling technology focused on computers, mobile devices, and consumer electronics, for a purchase price of approximately \$62 million in cash, subject to certain holdback provisions and working capital adjustments. This acquisition will be reported as part of the Company's Specialty Products segment.

Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

The Company has evaluated subsequent events through January 28, 2010, the date on which the financial statements were issued.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our Condensed Consolidated Financial Statements and the accompanying notes included elsewhere in this Quarterly Report. The following discussion may contain forward-looking statements that reflect our plans, estimates, and beliefs. Our actual results could differ materially from those discussed in these forward-looking statements as a result of many factors, including but not limited to those under the heading "Forward-Looking Information" and "Part II. Item 1A. Risk Factors."

Our Condensed Consolidated Financial Statements have been prepared in United States Dollars, in accordance with accounting principles generally accepted in the United States of America ("GAAP").

**Overview**

Tyco Electronics Ltd. ("Tyco Electronics" or the "Company", which may be referred to as "we," "us," or "our") is a leading global provider of engineered electronic components, network solutions, specialty products, and undersea telecommunication systems. We operate through four reporting segments: Electronic Components, Network Solutions, Specialty Products, and Undersea Telecommunications. We design, manufacture, and market products for customers in a broad array of industries including automotive; data communication systems and consumer electronics; telecommunications; aerospace, defense, and marine; medical; energy; and lighting.

Our business and operating results have been and will continue to be affected by worldwide economic conditions. Our sales are dependent on certain industry end markets that are impacted by consumer as well as industrial and infrastructure spending, and our operating results can be adversely affected by reduced demand in those markets. Overall, our net sales increased 6.6% in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009. On an organic basis, net sales growth was 1.6%. Our sales into consumer based markets, particularly in the automotive and appliance markets in our Electronic Components segment, have improved relative to last year but still remain below fiscal 2008 levels. Unlike the consumer end markets, the industrial and infrastructure end markets have not recovered and our sales into these markets remain below prior year levels as these markets are impacted by capital spending by companies. We expect marginal improvement in the industrial and infrastructure markets over the next few quarters. On a company wide basis, we expect net sales in the second quarter of fiscal 2010 to be similar to first quarter fiscal 2010 sales levels.

We are monitoring the current environment and its potential effects on our customers and on the end markets we serve. Additionally, we continue to closely manage our costs in order to respond to changing conditions. We are also managing our capital resources and monitoring capital availability to ensure that we have sufficient resources to fund our future capital needs. (See further discussion in "Liquidity and Capital Resources.")

Other key business factors that influenced our results of operations for the periods discussed in this report include:

**Raw material prices.** We expect to purchase approximately 150 million pounds of copper and approximately 200,000 troy ounces of gold in fiscal 2010. During the periods shown, gold prices, as well as the prices of certain other raw materials, have been volatile. Current year copper and

Table of Contents

gold prices have increased from prior year levels. The following table sets forth the average prices incurred related to copper and gold during the periods presented:

	Measure	For the Quarters Ended	
		December 25, 2009	December 26, 2008
Copper	Lb.	\$ 3.00	\$ 2.77
Gold	Troy oz.	\$ 1,067	\$ 804

**Foreign exchange.** Approximately 50% of our net sales are invoiced in currencies other than the U.S. Dollar. Our results of operations are influenced by changes in foreign currency exchange rates. Increases or decreases in the value of the U.S. Dollar, compared to other currencies, will directly affect our reported results as we translate those currencies into U.S. Dollars at the end of each fiscal period. The percentage of net sales in fiscal 2009 by major currencies invoiced was as follows:

U.S. Dollar	50%
Euro	28
Japanese Yen	7
Chinese Renminbi	4
Brazilian Real	2
British Pound Sterling	2
Korean Won	2
All others	5
<b>Total</b>	<b>100%</b>

**Divestiture**

In the first quarter of fiscal 2010, in connection with the anticipated sale of the Dulmison connectors and fittings product line, we recorded an impairment charge of \$12 million related to long-lived assets. In December 2009, we completed the sale of the product line which was part of our energy business in the Network Solutions segment. The product line was sold for net cash proceeds of \$12 million, subject to a final working capital adjustment. The divestiture resulted in a pre-tax loss on sale of \$3 million. The Dulmison connectors and fittings product line generated sales of approximately \$50 million in fiscal 2009.

The loss on sale and the impairment charge are reflected in restructuring and other charges, net on the Condensed Consolidated Statement of Operations. We have presented the loss on sale, related long-lived asset impairments, and the operations of the Dulmison connectors and fittings product line in continuing operations due to immateriality.

**Acquisition**

In January 2010, we completed the acquisition of Sensitive Object, an early-stage software company engaged in developing touch-enabling technology focused on computers, mobile devices, and consumer electronics, for a purchase price of approximately \$62 million in cash, subject to certain holdback provisions and working capital adjustments. This acquisition will be reported as part of our Specialty Products segment.

**Manufacturing Simplification**

We plan to continue to simplify our global manufacturing footprint, by migrating facilities from higher-cost to lower-cost countries, consolidating within countries, and transferring product lines to

Table of Contents

lower-cost countries. These initiatives are designed to help us maintain our competitiveness in the industry, improve our operating leverage, and position us for profitability growth in the years ahead.

In connection with our manufacturing simplification plan and in response to the current economic environment, we expect to incur restructuring charges of approximately \$275 million during fiscal 2010 through 2011. In the first quarter of fiscal 2010, cash spending related to restructuring was \$67 million, and we expect total restructuring spending to be approximately \$300 million in fiscal 2010. Annualized cost savings related to these actions are expected to be approximately \$100 million.

**Non-GAAP Financial Measures**

Organic net sales growth, which is included in the discussion below, is a non-GAAP financial measure. The difference between reported net sales growth (the most comparable GAAP measure) and organic net sales growth (the non-GAAP measure) consists of the impact from foreign currency exchange rates, acquisitions, and divestitures. Organic net sales growth is a useful measure of the underlying results and trends in our business. It excludes items that are not completely under management's control, such as the impact of changes in foreign currency exchange rates, and items that do not reflect the underlying growth of the company, such as acquisition and divestiture activity.

We believe organic net sales growth provides useful information to investors because it reflects the underlying growth from the ongoing activities of our business. Furthermore, it provides investors with a view of our operations from management's perspective. We use organic net sales growth to monitor and evaluate performance, as it is an important measure of the underlying results of our operations. Management uses organic net sales growth together with GAAP measures such as net sales growth and operating income in its decision making processes related to the operations of our reporting segments and our overall company. We believe that investors benefit from having access to the same financial measures that management uses in evaluating operations. The discussion and analysis of organic net sales growth in Results of Operations below utilizes organic net sales growth as management does internally. Because organic net sales growth calculations may vary among other companies, organic net sales growth amounts presented below may not be comparable with similarly titled measures of other companies. Organic net sales growth is a non-GAAP financial measure that is not meant to be considered in isolation or as a substitute for GAAP measures. The primary limitation of this measure is that it excludes items that have an impact on our net sales. This limitation is best addressed by evaluating organic net sales growth in combination with our GAAP net sales. The tables presented in Results of Operations below provide reconciliations of organic net sales growth to net sales growth calculated under GAAP.

Table of Contents**Results of Operations****Consolidated Operations**

The following table sets forth certain items from our Condensed Consolidated Statements of Operations and the percentage of net sales that such items represent for the periods shown.

	For the Quarters Ended			
	December 25, 2009		December 26, 2008	
	(\$ in millions)			
Net sales	\$ 2,892	100.0%	\$ 2,713	100.0%
Cost of sales	2,051	70.9	1,989	73.3
<b>Gross margin</b>	<b>841</b>	<b>29.1</b>	<b>724</b>	<b>26.7</b>
Selling, general, and administrative expenses	368	12.7	411	15.1
Research, development, and engineering expenses	138	4.8	144	5.3
Pre-separation litigation charges, net			9	0.3
Restructuring and other charges, net	66	2.3	77	2.8
<b>Operating income</b>	<b>269</b>	<b>9.3</b>	<b>83</b>	<b>3.1</b>
Interest income	4	0.1	6	0.2
Interest expense	(39)	(1.3)	(42)	(1.5)

<b>Income from continuing operations before income taxes</b>	<b>242</b>	<b>8.4</b>	<b>46</b>	<b>1.7</b>
Income tax expense	(69)	(2.4)	(14)	(0.5)
<b>Income from continuing operations</b>	<b>173</b>	<b>6.0</b>	<b>32</b>	<b>1.2</b>
Income (loss) from discontinued operations, net of income taxes			(67)	(2.5)
<b>Net income (loss) attributable to Tyco Electronics Ltd.</b>	<b>\$ 172</b>	<b>5.9%</b>	<b>\$ (37)</b>	<b>(1.4)%</b>

**Net Sales.** Net sales increased \$179 million, or 6.6%, to \$2,892 million in the first quarter of fiscal 2010 from \$2,713 million in the first quarter of fiscal 2009. On an organic basis, net sales increased \$43 million, or 1.6%, in the first quarter of fiscal 2010, as a result of growth in our Electronic Components segment largely offset by declines in our Network Solutions, Specialty Products, and Undersea Telecommunications segments. Foreign currency exchange rates, primarily the Euro, favorably impacted net sales by \$163 million, or 6.0%, while price erosion adversely affected net sales by \$54 million in the first quarter of fiscal 2010. See further discussion below under Results of Operations by Segment.

The following table sets forth the percentage of our total net sales by geographic region:

	For the Quarters Ended	
	December 25, 2009	December 26, 2008
Americas <sup>(1)</sup>	31%	37%
Europe/Middle East/Africa (EMEA)	36	34
Asia-Pacific	33	29
Total	100%	100%

(1) The Americas includes our Undersea Telecommunications segment.

<b>Total</b>	<b>\$ 43</b>	<b>1.6%</b>	<b>\$ 163</b>	<b>\$ (27)</b>	<b>\$ 179</b>	<b>6.6%</b>		

- 
- (1) Represents the change in net sales resulting from volume and price changes, before consideration of acquisitions, divestitures, and the impact of changes in foreign currency exchange rates.

(2)

Represents the change in net sales resulting from changes in foreign currency exchange rates.

**Gross Margin.** Gross margin increased \$117 million and as a percentage of net sales increased by 240 basis points in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009. The increase was due to sales increases and cost reductions achieved from restructuring actions implemented during fiscal 2009.

## Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

### Table of Contents

**Selling, General, and Administrative Expenses.** Selling, general, and administrative expenses as a percentage of net sales decreased to 12.7% in the first quarter of fiscal 2010 as compared to 15.1% in the same period of fiscal 2009. Fiscal 2009 results included a net loss of approximately \$50 million primarily associated with the termination of economic hedges of certain anticipated future transactions and resulting primarily from the devaluation of certain eastern European currencies.

**Research, Development, and Engineering Expenses.** Research, development, and engineering expenses of \$138 million in the first quarter of fiscal 2010 were comparable to the \$144 million in the same period of fiscal 2009. As a percentage of net sales, research, development, and engineering expenses were 4.8% in the first quarter of fiscal 2010 as compared to 5.3% in the first quarter of fiscal 2009. The decrease as a percentage of net sales was attributable to higher net sales in the first quarter of fiscal 2010.

**Pre-separation Litigation Charges, Net.** During the first quarter of fiscal 2009, we, Tyco International Ltd. ("Tyco International"), and Covidien plc ("Covidien") entered into definitive agreements to settle actions captioned *Hess v. Tyco International Ltd., et al.* and *Sciallo v. Tyco International Ltd., et al.* and an opt-out case brought by the Commonwealth of Massachusetts Pension Reserves Investment Management Board. Pursuant to the sharing formula in the Separation and Distribution Agreement, we recorded charges of \$9 million, for which no tax benefit was available. No pre-separation litigation charges were incurred in the first quarter of fiscal 2010.

See Note 11 to the Condensed Consolidated Financial Statements for additional information regarding pre-separation securities proceedings and settlements.

**Restructuring and Other Charges, Net.** Net restructuring and other charges were \$66 million in the first quarter of fiscal 2010 as compared to \$77 million in the same period of fiscal 2009. Total charges, including amounts reflected in cost of sales, decreased \$15 million to \$63 million in the first quarter of fiscal 2010 from \$78 million in the first quarter of fiscal 2009. Fiscal 2010 actions primarily relate to headcount reductions in the Electronic Components segment. Fiscal 2009 actions reduced costs in response to market conditions and primarily related to headcount reductions and manufacturing site closures in the Electronic Components, Network Solutions, and Specialty Products segments. As discussed above, charges in the first quarter of fiscal 2010 included a loss on divestiture of \$3 million and a long-lived asset impairment of \$12 million related to the divestiture of the Dulmison connectors and fittings product line which was part of the energy business in our Network Solutions segment. See Note 3 to the Condensed Consolidated Financial Statements for further information regarding net restructuring and other charges.

**Operating Income.** Operating income was \$269 million in the first quarter of fiscal 2010 as compared to \$83 million in the same period of fiscal 2009. The first quarter of fiscal 2010 included net restructuring and other charges of \$63 million; whereas, the first quarter of fiscal 2009 results included net restructuring and other charges and net pre-separation litigation charges of \$78 million and \$9 million, respectively. Also, fiscal 2009 results included a net loss of approximately \$50 million primarily associated with the termination of economic hedges of certain anticipated future transactions and resulting primarily from the devaluation of certain eastern European currencies. Excluding these items, the increase in operating income resulted from increased sales levels and related gross margin and cost reduction benefits from restructuring actions implemented in fiscal 2009.

### Table of Contents

In the first quarter of fiscal 2010, Electronic Components' net sales increased \$286 million, or 17.6%, to \$1,911 million from \$1,625 million in the same period of fiscal 2009. The strengthening of certain foreign currencies favorably affected net sales by \$116 million, or 7.1%, in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009. Organic net sales increased by \$198 million, or 12.2%, in the first quarter of fiscal 2010 primarily due to growth in the automotive market of \$217 million.

Electronic Components organic net sales growth was 30.2% in the automotive market in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009. The increase was broad-based and resulted from growth of 53.4% in the Asia-Pacific region, 24.1% in the EMEA region, and 19.9% in the North America region driven by increases in vehicle production and replenishment of inventory in the supply chain across all regions. We expect the replenishment of inventory in the supply chain to be completed in the second quarter of fiscal 2010. In the DataComm market, our organic net sales decreased 14.2% in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009 due to an 18% decline in sales of our interconnect components to communication equipment manufacturers as a result of reduced demand from service providers. In the first quarter of fiscal 2010, our organic net sales decreased 8.4% in the industrial market as compared to the first quarter of fiscal 2009 primarily as a result of reduced demand for factory automation and other industrial equipment due to declines in capital investments by our customers. In the appliance market, our organic net sales growth of 15.4% in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009 was due to improved consumer demand, particularly in emerging markets. Our organic net sales decline of 5.3% in the computer market in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009 was attributable to reductions in market share related to our strategy to improve margins by exiting certain low-margin portions of this market and price erosion, partially offset by an increase in sales to original equipment manufacturers due to rising demand for notebook computers. In the consumer devices market, our organic net sales growth of 8.0% in the first quarter of fiscal 2010 as compared to the first quarter of fiscal 2009 was due to an increase in sales to mobile phone manufacturers.

Electronic Components had operating income of \$163 million in the first quarter of fiscal 2010 as compared to an operating loss of \$18 million in the first quarter of fiscal 2009. The increase resulted from the 18% increase in sales and related gross margin due to cost reduction benefits from restructuring actions implemented in fiscal 2009. Segment results included restructuring charges of \$44 million and \$42 million in the first quarters of fiscal 2010 and 2009, respectively.

- (1) Industry end market information about net sales is presented consistently with our internal management reporting and may be periodically revised as management deems necessary.
- (2) Represents the change in net sales resulting from volume and price changes, before consideration of acquisitions, divestitures, and the impact of changes in foreign currency exchange rates.
- (3) Represents the percentage change in net sales resulting from changes in foreign currency exchange rates.

Network Solutions' net sales decreased \$34 million, or 7.5%, to \$422 million in the first quarter of fiscal 2010 from \$456 million in the first quarter of fiscal 2009. The strengthening of certain foreign currencies favorably affected net sales by \$32 million, or 7.1%, in the first quarter of fiscal 2010 versus the same period of fiscal 2009. Organic net sales decreased \$67 million, or 14.8%, in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009.

In the first quarter of fiscal 2010, our organic net sales decreased 13.1% in the energy market as compared to the first quarter of fiscal 2009 as a result of lower investment levels by utilities and reduced customer inventory levels. Our organic sales in the enterprise networks market decreased 5.6% in the first quarter of fiscal 2010 from fiscal 2009 levels as a result of global declines in commercial construction and delayed investment in network upgrades. In the service providers market, our organic net sales decrease of 25.4% in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009 was largely due to a general slowing of wireline capital spending by telecommunications companies.

## Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

Network Solutions' operating income decreased \$24 million, or 54.5%, to \$20 million in the first quarter of fiscal 2010 from \$44 million in the same period of fiscal 2009. The decrease was the result of decreased sales and the impact of our targeted inventory reductions. Segment results included

## Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

In the first quarter of fiscal 2010, Specialty Products' net sales decreased \$9 million, or 2.5%, to \$358 million from \$367 million in the same period of fiscal 2009. The strengthening of certain foreign currencies positively affected net sales by \$15 million, or 4.1%, in the first quarter of fiscal 2010 as compared to the same period of fiscal 2009. Organic net sales decreased \$24 million, or 6.6%, during the first quarter of fiscal 2010 as compared to the first quarter of fiscal 2009.

Table of Contents

Our organic net sales declined 15.7% in the aerospace, defense, and marine markets in the first quarter of fiscal 2010 as compared to the same period in fiscal 2009 primarily as a result of lower sales to the distribution channel and weak demand in the marine and commercial aircraft markets. In the touch systems market, our organic net sales were flat in the first quarter of fiscal 2010 as compared to the first quarter of fiscal 2009 as weakness in global demand in the retail and gaming markets continue. On an organic basis, our net sales growth of 13.9% in the circuit protection market during the first quarter of fiscal 2010 as compared to the same period in fiscal 2009 was due primarily to increased demand in the computer, consumer electronics, and automotive sectors. In the medical market, our organic net sales decreased by 10.4% in the first quarter of fiscal 2010 as compared to the first quarter of fiscal 2009 due primarily to lower capital spending by healthcare providers.

Specialty Products' operating results increased \$23 million to \$51 million in the first quarter of fiscal 2010 from \$28 million in the first quarter of fiscal 2009. The increase in operating results was driven by a decrease in restructuring and other charges of \$14 million. Also, fiscal 2009 results included \$8 million of costs related to a product liability matter from several years ago.

**Undersea Telecommunications**

	For the Quarters Ended	
	December 25, 2009	December 26, 2008
	(\$ in millions)	
Net sales	\$ 201	\$ 265
Operating income	\$ 35	\$ 38
Operating margin	17.4%	14.3%

In the first quarter of fiscal 2010, Undersea Telecommunications' net sales decreased \$64 million, or 24.2%, to \$201 million from \$265 million in the same period of fiscal 2009 due to the completion of certain projects during fiscal 2009 and the first quarter of fiscal 2010 partially offset by revenue from new projects and existing backlog.

In the first quarter of fiscal 2010, Undersea Telecommunications' operating income decreased \$3 million to \$35 million from \$38 million in the first quarter of fiscal 2009. This decrease is primarily attributable to lower sales in the current year and a gain of \$2 million from the sale of real estate in the prior year, partially offset by the increase in operating margin from favorable execution on a number of projects nearing completion of \$7 million and collection of \$4 million of receivables for which we had previously established reserves.

**Non-Operating Items**

**Interest Expense, Net**

Net interest expense was \$35 million and \$36 million in the first quarter of fiscal 2010 and 2009, respectively. Lower average debt levels resulting in lower interest expense were offset by lower interest income.

**Other Income (Expense), Net**

In the quarter ended December 25, 2009, we recorded net other income of \$8 million pursuant to the Tax Sharing Agreement with Tyco International and Covidien. In the quarter ended December 26, 2008, we recorded net other expense of \$1 million, consisting of \$3 million of unrealized losses on rabbi trust assets and \$2 million of income pursuant to the Tax Sharing Agreement with Tyco International and Covidien.

Table of Contents**Income Taxes**

We recorded a tax provision of \$69 million, an effective income tax rate of 28.5%, for the quarter ended December 25, 2009 and \$14 million, an effective income tax rate of 30.4%, for the quarter ended December 26, 2008. The effective tax rate for the quarter ended December 25, 2009 reflects tax benefits recognized in connection with expected fiscal 2010 increased profitability in certain entities operating in lower tax rate jurisdictions partially offset by accruals of interest related to uncertain tax positions and the estimated tax impacts of certain intercompany dividends. The effective tax rate for the quarter ended December 26, 2008 reflects the tax impacts related to approximately \$50 million of net losses associated with the termination of economic hedges of certain anticipated future transactions that were primarily realized in lower tax rate jurisdictions. In addition, the effective tax rate for the first quarter of fiscal 2009 reflects accruals of interest related to uncertain tax positions, the favorable resolution of an uncertain tax position, and tax benefits related to the profitability of entities operating in lower tax rate jurisdictions.

**Loss from Discontinued Operations, Net of Income Taxes**

Loss from discontinued operations was \$67 million in the first quarter of fiscal 2009 and included pre-tax charges of \$111 million related to the Wireless Systems business's contract with the State of New York. See Notes 11 and 4 to the Condensed Consolidated Financial Statements for additional information regarding the State of New York contract and discontinued operations.

**Liquidity and Capital Resources**

The following table summarizes our cash flows from operating, investing, and financing activities, as reflected on the Condensed Consolidated Statements of Cash Flows:

	<b>For the Quarters Ended</b>	
	<b>December 25, 2009</b>	<b>December 26, 2008</b>
	<b>(in millions)</b>	
Net cash provided by operating activities	\$ 330	\$ 33
Net cash used in investing activities	(64)	(93)
Net cash used in financing activities	(93)	(457)
Effect of currency translation on cash	1	(24)
<b>Net increase (decrease) in cash and cash equivalents</b>	<b>\$ 174</b>	<b>\$ (541)</b>

Our ability to fund our future capital needs will be affected by our ability to continue to generate cash from operations and may be affected by our ability to access the capital markets, money markets, or other sources of funding, as well as the capacity and terms of our financing arrangements. We believe that cash generated from operations and, to the extent necessary, these other sources of potential funding will be sufficient to meet our anticipated capital needs for the foreseeable future. We may use excess cash to reduce our outstanding debt levels, including through the possible repurchase of our public debt in accordance with applicable law, and to purchase a portion of our common shares pursuant to our authorized share repurchase program. The cost or availability of future funding may be impacted by financial market conditions. We will continue to monitor financial markets, to respond as necessary to changing conditions.

Table of Contents**Cash Flows from Operating Activities**

The following table summarizes the sources and uses of our cash flows from operating activities:

	For the Quarters Ended	
	December 25, 2009	December 26, 2008
	(in millions)	
Operating income	\$ 269	\$ 83
Depreciation and amortization	138	127
Deferred income taxes	53	(70)
Provisions for losses on accounts receivable and inventories	(5)	27

Income tax expense	(69)	(14)
Net cash provided by continuing operating activities	330	32
Net cash provided by discontinued operating activities		1
Net cash provided by operating activities	\$ 330	\$ 33

Net cash provided by continuing operating activities increased to \$330 million in the first quarter of fiscal 2010 as compared to \$32 million in the first quarter of fiscal 2009 primarily as a result of higher income levels and lower income tax payments. The amount of income taxes paid, net of refunds, during the first quarter of fiscal 2010 and 2009 was \$16 million and \$62 million, respectively.

**Cash Flows from Investing Activities**

The following table summarizes the sources and uses of our cash flows from investing activities:

	For the Quarters Ended	
	December 25, 2009	December 26, 2008
	(in millions)	
Capital expenditures	\$ (76)	\$ (115)

Net cash used in investing activities	\$ (64)	\$ (93)

We continue to fund capital expenditures to support new programs and to invest in machinery and our manufacturing facilities to further enhance productivity and manufacturing capabilities. Capital

Table of Contents

spending decreased \$39 million in the first quarter of fiscal 2010 to \$76 million as compared to \$115 million in the first quarter of fiscal 2009. We expect fiscal 2010 capital spending levels to be approximately \$400 to \$450 million.

In the first quarter of fiscal 2010, we received cash proceeds of \$12 million related to the sale of the Dulmison connectors and fittings product line. In the first quarter of fiscal 2009, we received additional cash proceeds related to working capital of \$23 million in connection with the sale of the Radio Frequency Components and Subsystems and Automotive Radar Sensors businesses which occurred in fiscal 2008.

**Cash Flows from Financing Activities and Capitalization**

Payment of common share dividends and cash distributions to shareholders	(74)	(74)
Other	(1)	(3)
<b>Net cash used in financing activities</b>	<b>\$</b>	<b>(93)</b>
		<b>\$</b>
		<b>(457)</b>

Total debt at December 25, 2009 and September 25, 2009 was \$2,415 million and \$2,417 million, respectively. See Note 8 to the Condensed Consolidated Financial Statements for further information regarding debt.

In April 2007, Tyco Electronics Group S.A. ("TEGSA"), our wholly-owned subsidiary, entered into a five-year unsecured senior revolving credit facility ("Credit Facility"). In fiscal 2009, \$75 million of the commitment was assigned by Lehman Brothers Bank, FSB to TEGSA, reducing the total effective commitment to \$1,425 million. At December 25, 2009 and September 25, 2009, TEGSA had no borrowings under the Credit Facility.

Our Credit Facility contains a financial ratio covenant providing that if our ratio of Consolidated Total Debt (as defined in the Credit Facility) to Consolidated EBITDA (as defined in the Credit Facility) for the then most recently concluded period of four consecutive fiscal quarters exceeds 3.5 to 1.0, an Event of Default (as defined in the Credit Facility) is triggered under the Credit Facility. The Credit Facility and our other debt agreements contain other customary covenants. None of our covenants are presently considered restrictive to our operations. As of December 25, 2009, we were in compliance with all of our Credit Facility and debt covenants and believe that we will continue to be in compliance with these covenants for the foreseeable future.

TEGSA's payment obligations under its senior notes, Credit Facility, and profit sharing notes issued by a subsidiary are fully and unconditionally guaranteed by Tyco Electronics Ltd.

Payments of common share dividends and cash distributions to shareholders were \$74 million in each of the first quarters of fiscal 2010 and 2009. In October 2009, our shareholders approved a cash distribution to shareholders in the form of a capital reduction to the par value of our common shares of 0.34 Swiss Francs ("CHF") (equivalent to \$0.32) per share, payable in two equal installments in each of the first and second quarters of fiscal 2010. During the quarter ended December 25, 2009, we paid

Table of Contents

the first installment of the distribution at a rate of \$0.16 per share. This capital reduction reduced the par value of our common shares from CHF 2.43 (equivalent to \$2.24) to CHF 2.26 (equivalent to \$2.08). Future distributions or dividends on our common shares, if any, must be approved by our shareholders. In exercising their discretion to recommend to the shareholders that such distributions or dividends be approved, our board of directors will consider our results of operations, cash requirements and surplus, financial condition, statutory requirements of applicable law, contractual restrictions, and other factors that they may deem relevant.

During the first quarter of fiscal 2010, we purchased approximately 750 thousand of our common shares for \$18 million. During the first quarter of fiscal 2009, we purchased approximately 6 million of our common shares for \$125 million and also settled purchases of \$27 million of our common shares which occurred prior to the end of the fourth quarter of fiscal 2008. Since inception of the share repurchase program, which has a current authorization of \$2,000 million, we have purchased approximately 44 million shares for \$1,412 million.

**Backlog**

At December 25, 2009, we had a backlog of unfilled orders of \$2,849 million compared to a backlog of \$2,809 million at September 25, 2009. Backlog by reportable segment was as follows:

	December 25, 2009	September 25, 2009
	(in millions)	
Electronic Components	\$ 1,435	\$ 1,265
Network Solutions	282	290
Specialty Products	355	334
Undersea Telecommunications	777	920
<b>Total</b>	<b>\$ 2,849</b>	<b>\$ 2,809</b>

**Commitments and Contingencies****Income Tax Matters**

In prior years, in connection with the Internal Revenue Service ("IRS") audit of various fiscal years, Tyco International submitted to the IRS proposed adjustments to prior period U.S. federal income tax returns resulting in a reduction in the taxable income previously filed. The IRS accepted substantially all of the proposed adjustments for fiscal 1997 through 2000 for which the IRS had completed its field work. On the basis of previously accepted amendments, we have determined that acceptance of adjustments presented for additional periods through fiscal 2005 is probable and, accordingly, have recorded them, as well as the impacts of the adjustments accepted by the IRS, on the Condensed Consolidated Financial Statements.

Tyco International continues to complete proposed adjustments to the remainder of its U.S. federal income tax returns and in fiscal 2009 and 2008, proposed certain adjustments to the returns. In addition, in fiscal 2008, Tyco International, Covidien, and we completed and filed certain fiscal 2007 U.S. consolidated federal and state income tax returns which included a combination of Tyco International, Covidien, and our subsidiaries.

As our tax return positions continue to be updated for periods prior to the separation, additional adjustments may be identified and recorded on the Condensed Consolidated Financial Statements. While the final adjustments cannot be determined until the income tax return amendment process is completed, we believe that any resulting adjustments will not have a material impact on our results of operations, financial position, or cash flows. Additionally, adjustments may be recorded to shareholders' equity in the future for the impact of filing final or amended income tax returns in certain jurisdictions

Table of Contents

where those returns include a combination of Tyco International, Covidien, and/or our subsidiaries for the periods prior to the separation.

During fiscal 2007, the IRS concluded its field examination of certain of Tyco International's U.S. federal income tax returns for the years 1997 through 2000 and issued anticipated Revenue Agent Reports which reflect the IRS' determination of proposed tax adjustments for the periods under audit. Tyco International has agreed with the IRS on adjustments totaling \$498 million. It is our understanding that Tyco International has appealed other proposed adjustments totaling approximately \$1 billion and is vigorously defending its prior filed tax return positions. Additionally, the IRS proposed civil fraud penalties against Tyco International arising from alleged actions of former executives in connection with certain intercompany transfers of stock in 1998 and 1999. Any penalty imposed would be subject to sharing with Tyco International and Covidien under the Tax Sharing Agreement. It is our understanding that Tyco International is vigorously opposing the assertion of any such penalties.

It is our understanding that Tyco International has made progress during fiscal 2010 towards resolving several of the disputed tax issues for the years 1997 through 2000 and it could reach agreement with the IRS on these matters within the next twelve months. The IRS continues to audit certain Tyco International income tax returns for the years 2001 through 2004.

We continue to believe that the amounts recorded in our Condensed Consolidated Financial Statements relating to the matters discussed above are appropriate. However, the ultimate resolution is uncertain and could result in a material impact to our results of operations, financial position, or cash flows.

**Legal Matters**

In the ordinary course of business, we are subject to various legal proceedings and claims, including patent infringement claims, antitrust claims, product liability matters, environmental matters, employment disputes, disputes on agreements, and other commercial disputes. Management believes that these legal proceedings and claims likely will be resolved over an extended period of time. Although it is not feasible to predict the outcome of these proceedings, based upon our experience, current information, and applicable law, we do not expect that these proceedings will have a material adverse effect on our results of operations, financial position, or cash flows. However, one or more of the proceedings could have a material adverse effect on our results of operations, financial position, or cash flows for a future period. See Note 11 to the Condensed Consolidated Financial Statements for further information regarding legal proceedings.

***Securities Proceedings and Settlements***

As previously reported in our periodic filings, prior to the separation, Tyco International and certain of its former directors and officers were named as defendants in over 40 purported securities class action lawsuits. As a part of the Separation and Distribution Agreement among us, Tyco International, and Covidien, any existing or potential liabilities related to this outstanding litigation have been allocated among Tyco International, Covidien, and us. We are responsible for 31% of potential liabilities that may arise upon the settlement of the pending litigation. If Tyco International or Covidien were to default on their obligation to pay their allocated share of these liabilities, however, we would be required to pay additional amounts. Subject to the terms and conditions of the Separation and Distribution Agreement, Tyco International manages and controls all the legal matters related to the shared contingent liabilities, including the defense or settlement thereof, subject to certain limitations. The liability sharing provisions regarding these class actions are set forth in the Separation and Distribution Agreement.

Table of Contents

In 2007, Tyco International settled 32 of the purported securities class action lawsuits arising from the actions alleged to have been taken by its prior management in a class action settlement, for which we were responsible for 31% of the settlement amount. A number of individuals and entities who opted out of the class action settlement filed actions against Tyco International and/or Tyco International, Covidien, and us, all of which actions have been settled subsequently. Tyco International has settled all but two of the remaining securities lawsuits, and we were responsible for 31% of the settlement amounts. In fiscal 2009, we recorded reserves representing the best estimate of probable loss for the remaining securities litigation claims subject to the Separation and Distribution Agreement. See Note 11 to the Condensed Consolidated Financial Statements for further information.

In the prior period covered by this Quarterly Report, we, Tyco International, and Covidien entered into definitive agreements to settle actions captioned *Hess v. Tyco International Ltd., et al.* and *Sciallo v. Tyco International Ltd., et al.* and an opt-out case brought by the Commonwealth of Massachusetts Pension Reserves Investment Management Board. During the first quarter of fiscal 2009, pursuant to the sharing formula in the Separation and Distribution Agreement, we recorded charges of \$9 million, for which no tax benefit was available.

**Matters Related to the Our Former Wireless Systems Business**

Certain liabilities and contingencies related to our former Wireless Systems business were retained by us when this business was sold in the third quarter of fiscal 2009. These include certain retained liabilities related to the State of New York contract and a contingent purchase price commitment related to the acquisition of Com-Net by the Wireless Systems business in 2001. See additional information below. Also, see Note 4 to the Condensed Consolidated Financial Statements for additional information regarding the divestiture of the Wireless Systems business.

***State of New York Contract***

On September 19, 2005, we were awarded a twenty-year lease contract with the State of New York (the "State") to construct, operate, and maintain a statewide wireless communications network for use by state and municipal first responders. On August 29, 2008, we were served by the State with a default notice related to the first regional network, pursuant to the contract. Under the terms of the contract, we had 45 days to rectify the purported deficiencies noted by the State. On October 16, 2008, we informed the State that all technical deficiencies had been remediated and the system was operating in accordance with the contract specifications and certified the system ready for testing. The State conducted further testing during November and December 2008. On January 15, 2009, the State notified us that, in the State's opinion, we had not fully remediated the issues cited by the State and it had determined that we were in default of the contract and that it had exercised its right to terminate the contract. The State contends that it has the right under the contract to recoup costs incurred by the State in conjunction with the implementation of the network, and as a result of this contention, on January 16, 2009, the State drew down \$50 million against an irrevocable standby letter of credit funded by us. The State has the ability to draw up to an additional \$50 million against the standby letter of credit, although we dispute that the State has any basis to do so.

On February 13, 2009, we filed a claim in the New York Court of Claims, seeking over \$100 million in damages, and alleging a number of causes of action, including breach of contract, unjust enrichment, defamation, conversion, breach of the covenant of good faith and fair dealing, the imposition of a constructive trust, and seeking a declaration that the State terminated the contract "for convenience." On September 25, 2009, the Court granted the State's motion to dismiss all counts of the complaint, with the exception of the breach of contract claims. On November 16, 2009, the State filed an answer to the complaint and counterclaim. The counterclaim asserts a claim for breach of contract and alleges that the State has incurred damages in excess of \$275 million. We believe that the

Table of Contents

counterclaim is without merit and intend to vigorously pursue its claims in this matter. The parties are now proceeding with discovery.

As a result of these actions, in the first quarter of fiscal 2009, we recorded pre-tax charges totaling \$111 million associated with this contract. These charges are reflected in income (loss) from discontinued operations on the Condensed Consolidated Statement of Operations as a result of our sale of the Wireless Systems business. See Note 4 to the Condensed Consolidated Financial Statements for further discussion of discontinued operations and the sale of the Wireless Systems business. The charges included an impairment charge of \$61 million to write-off all costs incurred in constructing the network as well as a charge equal to the amount drawn by the State against the standby letter of credit of \$50 million. The assets related to the impairment charge were previously reflected primarily as inventory on the Condensed Consolidated Balance Sheet.

*Com-Net*

At December 25, 2009, we had a contingent purchase price commitment of \$80 million related to our fiscal 2001 acquisition of Com-Net. This represents the maximum amount payable to the former shareholders of Com-Net only after the construction and installation of a communications system for the State of Florida is finished and the State of Florida has approved the system based on the guidelines set forth in the contract. Under the terms of the purchase and sale agreement, we do not believe we have any obligation to the sellers. However, the sellers have contested our position and initiated a lawsuit in June 2006 in the Court of Common Pleas in Allegheny County, Pennsylvania, which is in the motion pleading and discovery phase. A liability for this contingency has not been recorded on the Condensed Consolidated Financial Statements as we not believe that any payment is probable or estimable at this time.

**Off-Balance Sheet Arrangements**

Certain of our segments have guaranteed the performance of third parties and provided financial guarantees for uncompleted work and financial commitments. The terms of these guarantees vary with end dates ranging from fiscal 2010 through the completion of such transactions. The guarantees would be triggered in the event of nonperformance and the potential exposure for nonperformance under the guarantees would not have a material effect on our results of operations, financial position, or cash flows.

In disposing of assets or businesses, we often provide representations, warranties, and/or indemnities to cover various risks including unknown damage to the assets, environmental risks involved in the sale of real estate, liability for investigation and remediation of environmental contamination at waste disposal sites and manufacturing facilities, and unidentified tax liabilities and legal fees related to periods prior to disposition. We do not have the ability to estimate the potential liability from such indemnities because they relate to unknown conditions. However, we have no reason to believe that these uncertainties would have a material adverse effect on our results of operations, financial position, or cash flows.

As of December 25, 2009, we had outstanding letters of credit and letters of guarantee in the amount of \$388 million, of which \$50 million was related to our contract with the State of New York.

We have recorded liabilities for known indemnifications included as part of environmental liabilities. See Note 11 to the Condensed Consolidated Financial Statements for a discussion of these liabilities.

In the normal course of business, we are liable for contract completion and product performance. In the opinion of management, except for the charges related to the contract with the State of New York discussed below, such obligations will not significantly affect our results of operations, financial position, or cash flows.

Table of Contents

In January 2009, the State of New York drew down \$50 million against an irrevocable standby letter of credit funded by us. As a result, we recorded a pre-tax charge equal to the draw. The State has the ability to draw up to an additional \$50 million against the standby letter of credit which could result in additional charges and could have a material adverse effect on our results of operations, financial position, and cash flows.

Pursuant to the Separation and Distribution Agreement and Tax Sharing Agreement, upon separation, we entered into certain guarantee commitments and indemnifications with Tyco International and Covidien. Under these agreements, principally the Tax Sharing Agreement, Tyco International, Covidien, and Tyco Electronics share 27%, 42%, and 31%, respectively, of certain contingent liabilities relating to unresolved pre-separation tax matters of Tyco International. The effect of the Tax Sharing Agreement is to indemnify us for 69% of certain liabilities settled in cash by us with respect to unresolved pre-separation tax matters. Pursuant to that indemnification, we have made similar indemnifications to Tyco International and Covidien with respect to 31% of certain liabilities settled in cash by the companies with respect to unresolved pre-separation tax matters. If any of the companies responsible for all or a portion of such liabilities were to default in its payment of costs or expenses related to any such liability, we would be responsible for a portion of the defaulting party or parties' obligation. These arrangements have been valued upon our separation from Tyco International in accordance with Accounting Standards Codification ("ASC") 460, *Guarantees*, and, accordingly, liabilities amounting to \$339 million were recorded on the Condensed Consolidated Balance Sheets at December 25, 2009 and September 25, 2009. See Notes 9 and 11 to the Condensed Consolidated Financial Statements for additional information.

We generally record estimated product warranty costs at the time of sale. See Note 9 to the Condensed Consolidated Financial Statements for further information regarding estimated product warranty.

**Critical Accounting Policies and Estimates**

The preparation of the Condensed Consolidated Financial Statements in conformity with GAAP requires management to use judgment in making estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities, and the reported amounts of revenue and expenses.

Our accounting policies for revenue recognition, inventories, goodwill and other intangible assets, income taxes, pension and postretirement benefits, and share-based compensation are based on, among other things, judgments and assumptions made by management. During the three months ended December 25, 2009, there were no significant changes to these policies or to the underlying accounting assumptions and estimates used in these policies from those disclosed in the Consolidated and Combined Financial Statements and accompanying notes contained in our Annual Report on Form 10-K for the fiscal year ended September 25, 2009.

**Accounting Pronouncements**

***Recently Adopted Accounting Pronouncements***

In September 2006, the Financial Accounting Standards Board ("FASB") issued guidance in ASC 820, *Fair Value Measurements and Disclosures*, that defines fair value, establishes a framework for measuring fair value, expands disclosure about fair value measurements, and introduces the fair value option for certain financial assets and liabilities. We adopted the fair value provisions of ASC 820 in the first quarter of fiscal 2009. Prior to adoption, the fair value measurement and disclosure requirements for non-financial assets and liabilities were deferred by one year. We adopted the fair value provisions of ASC 820 for non-financial assets and liabilities on September 26, 2009. See Note 13 to the Condensed Consolidated Financial Statements for additional information related to fair value measurements.

## Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

### Table of Contents

In April 2009 and December 2007, the FASB issued guidance in ASC 805, *Business Combinations*, addressing the recognition and accounting for identifiable assets acquired, liabilities assumed, and noncontrolling interests in business combinations. We adopted the business combination provisions on September 26, 2009. Adoption did not have a material impact on our results of operations, financial position, or cash flows.

In December 2007, the FASB issued updates to guidance in ASC 810, *Consolidation*, that address the accounting and reporting framework for noncontrolling interests by a parent company. We adopted the updates on September 26, 2009. As a result of adopting the presentation requirements related to noncontrolling interests, we have retrospectively adjusted our Condensed Consolidated Financial Statements. Adoption of the accounting requirements for noncontrolling interests did not have a material impact on our results of operations, financial position, or cash flows.

### **Forward-Looking Information**

Certain statements in this quarterly report on Form 10-Q are "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. These statements are based on our management's beliefs and assumptions and on information currently available to our management. Forward-looking statements include, among others, the information concerning our possible or assumed future results of operations, business strategies, financing plans, competitive position, potential growth opportunities, potential operating performance improvements, the effects of competition, and the effects of future legislation or regulations. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "believe," "expect," "plan," "intend," "anticipate," "estimate," "predict," "potential," "continue," "may," "should," or the negative of these terms or similar expressions.

Forward-looking statements involve risks, uncertainties and assumptions. Actual results may differ materially from those expressed in these forward-looking statements. You should not put undue reliance on any forward-looking statements. We do not have any intention or obligation to update forward-looking statements after we file this report except as required by law.

The following risks, which are described in greater detail in "Part I. Item 1A. Risk Factors" of our Annual Report on Form 10-K for the fiscal year ended September 25, 2009, could also cause our results to differ materially from those expressed in forward-looking statements:

Current and future conditions in the global economy and global capital and credit markets, and cyclical industry conditions;

Conditions affecting demand for products in the industries we serve, particularly the automotive industry and the telecommunications, computer, and consumer electronics industries;

Competition and pricing pressure;

Risk of future goodwill impairment;

Market acceptance of new product introductions and product innovations and product life cycles;

Financial condition and consolidation of customers and vendors;

Raw material availability, quality, and cost;

Fluctuations in foreign currency exchange rates;

## Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

Declines in the market value of our pension plans' investment portfolios;

Reliance on third party suppliers;

Our ability to attract and retain highly qualified personnel;

Risks associated with future acquisitions and divestitures;

Table of Contents

Global risks of political, economic, and military instability;

Risks related to compliance with current and future environmental and other laws and regulations;

Our ability to protect our intellectual property rights;

Risks of litigation;

Our ability to operate within the limitations imposed by our debt instruments;

Risks relating to our separation on June 29, 2007 from Tyco International Ltd.;

The possible effects on us of various U.S. and non-U.S. legislative proposals and other initiatives that, if adopted, could materially increase our worldwide corporate effective tax rate and negatively impact our U.S. government contracts business;

Various risks associated with being a Swiss corporation;

The impact of fluctuations in the market price of our shares; and

The impact of certain provisions of our articles of association on unsolicited takeover proposals.

There may be other risks and uncertainties that we are unable to predict at this time or that we currently do not expect to have a material adverse effect on our business.

**ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

There have been no significant changes in our exposures to market risk during the first quarter of fiscal 2010, except for the items discussed below. For further discussion of our exposures to market risk, refer to "Part II. Item 7A. Quantitative and Qualitative Disclosures About Market Risk" in our Annual Report on Form 10-K for the fiscal year ended September 25, 2009.

**Interest Rate Exposures**

During the first quarter of fiscal 2010, we entered into options to enter into interest rate swaps ("swaptions") and forward starting interest rate swaps designated as cash flow hedges to manage interest rate exposure prior to the anticipated issuance of fixed-rate debt that is probable of occurring when our 6.00% senior notes mature in fiscal 2012. The swaptions and forward starting interest rate swaps are based on a total notional amount of \$300 million. Also, during the first quarter of fiscal 2010, we entered into an interest rate swap designated as a fair value hedge on \$50 million principal amount of the 6.00% senior notes.

See Note 12 to the Condensed Consolidated Financial Statements for further discussion of our exposures to market risk.

**ITEM 4. CONTROLS AND PROCEDURES**

**Evaluation of Disclosure Controls and Procedures**

## Edgar Filing: Tyco Electronics Ltd. - Form 10-Q

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of December 25, 2009. Based on that evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures were effective as of December 25, 2009.

### **Changes in Internal Control Over Financial Reporting**

During the quarter ended December 25, 2009, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents**PART II. OTHER INFORMATION****ITEM 1. LEGAL PROCEEDINGS**

There have been no material developments in our legal proceedings since we filed our Annual Report on Form 10-K for the fiscal year ended September 25, 2009. For a description of our previously reported legal proceedings, refer to "Part I. Item 3. Legal Proceedings" in our Annual Report on Form 10-K for the fiscal year ended September 25, 2009.

**ITEM 1A. RISK FACTORS**

There have been no material changes in our risk factors from those disclosed in "Part I. Item 1A. Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended September 25, 2009. The risk factors disclosed in our Annual Report on Form 10-K in addition to other information set forth in this report could materially affect our business operations, financial condition, or liquidity. Additional risks and uncertainties not currently known to us or that we currently believe are immaterial also may impair our business operations, financial condition, and liquidity.

**ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS****Recent Sales of Unregistered Securities**

None.

**Issuer Purchases of Equity Securities**

The following table presents information about our purchases of our common shares during the fiscal quarter ended December 25, 2009:

<b>Period</b>	<b>Total Number of Shares Purchased<sup>(1)</sup></b>	<b>Average Price Paid Per Share<sup>(1)</sup></b>	<b>Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs<sup>(2)</sup></b>	<b>Maximum Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs<sup>(2)</sup></b>
September 26-October 23, 2009	3,254	\$ 23.72		\$ 606,379,371
October 24-November 27, 2009	421,641	23.72	348,300	598,117,693
November 28-December 25, 2009	413,629	23.58	412,850	588,381,540
Total	838,524	\$ 23.65	761,150	

(1) This column includes the following transactions which occurred during the fiscal quarter ended December 25, 2009:

- (i) the acquisition of 77,374 common shares from individuals in order to satisfy tax withholding requirements in connection with the vesting of restricted share awards issued under equity compensation plans; and
- (ii) the purchase of 761,150 common shares, summarized on a trade-date basis, in conjunction with the repurchase program announced in September 2007, which transactions occurred in open market purchases.

(2) Our \$2.0 billion share repurchase program authorizes us to purchase a portion of our outstanding common shares from time to time through open market or private transactions, depending on business and market conditions. The share repurchase program does not have an expiration date.

**ITEM 3. DEFAULTS UPON SENIOR SECURITIES**

None.

Table of Contents

**ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS**

An Extraordinary General Meeting of Shareholders ("EGM") of Tyco Electronics Ltd. was held on October 8, 2009 to approve a distribution to shareholders through a capital reduction.

Proxies for the EGM were solicited pursuant to Regulation 14A under the Exchange Act, and there was no solicitation in opposition to Tyco Electronics Ltd.'s solicitation.

A total of 352,007,709 common shares (76.73% of 458,777,230 common shares outstanding and entitled to vote as of September 21, 2009, the record date for the EGM) were present in person or by proxy, constituted a quorum for the transaction of business, and were voted at the EGM. The proposals submitted at the EGM were passed as described below. Percentages indicated below reflect the percentage of the total number of common shares voted at the EGM.

**Proposal 1.** To approve a distribution to shareholders through a capital reduction:

A total of 351,457,313 shares (99.84%) were voted for and 515,633 shares (0.15%) were voted against this proposal. There were 34,763 abstentions and zero broker non-votes.

**Proposal 2.** To approve any postponements or adjournments of the EGM:

A total of 196,089,210 shares (55.71%) were voted for and 155,865,403 shares (44.28%) were voted against this proposal. There were 53,096 abstentions and zero broker non-votes.

**ITEM 5. OTHER INFORMATION**

None.

**ITEM 6. EXHIBITS**

The following exhibits are filed as part of this report:

<b>Exhibit Number</b>	<b>Exhibit</b>
31.1	Certification by the Chief Executive Officer pursuant to 18 U.S.C. Section 1350, as Adopted Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002*
