NOTICE OF 2010 ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON July 28, 2010

NOTICE IS HEREBY GIVEN that the 2010 Annual Meeting of Shareholders of TESSCO Technologies Incorporated, a Delaware corporation (the "Company"), will be held at our offices located at 375 West Padonia Road, Timonium, Maryland 21093, USA, on Wednesday, July 28, 2010 at 9:00 a.m., local time, for the following purposes:

To elect two director nominees to serve on our Board of Directors for three-year terms ending at the Annual Meeting of Shareholders to be held in 2013 and until their respective successors are duly elected and qualified.

To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2011.

To act upon any other matter, including a shareholder proposal, which may properly come before the Annual Meeting or any adjournment or postponement thereof.

The Board of Directors of the Company has fixed the close of business on June 4, 2010 as the record date for determining shareholders of the Company entitled to notice of and to vote at the Annual Meeting. A list of shareholders as of the record date will be available for inspection at the Company's corporate headquarters during business hours for a period of ten days before the Annual Meeting.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Shareholders to be held on July 28, 2010

Pursuant to rules and regulations adopted by the Securities and Exchange Commission, we have elected to provide access to our proxy materials over the Internet, allowing us to provide the information shareholders need, while lowering delivery and printing expenses. On or about June 16, 2010, we mailed to our shareholders a notice containing instructions on how our shareholders may access online our 2010 Proxy Statement, 2010 Annual Report to Shareholders, and Annual Report on Form 10-K for the fiscal year ended March 28, 2010, and how our shareholders may request paper copies of these materials, and how our shareholders' may direct their votes. Neither our Annual Report to Shareholders nor our Annual Report on Form 10-K constitute soliciting materials, but provide you with additional information about TESSCO.

We invite your attention to each of these documents, and we invite you to attend the Annual Meeting of Shareholders, in person. If you are a shareholder of record, meaning that you hold shares directly with Mellon Shareholder Services, LLC ("registered holders"), the inspector of elections will have your name on a list, and you will be able to gain entry to the meeting with a form of government-issued photo identification, such as a driver's license, state-issued ID card, or passport. Shareholders holding stock in brokerage accounts ("street name" or "beneficial holders") will need to bring a copy of a brokerage statement reflecting their stock ownership as of the record date. Shareholders attending

the meeting in representative capacity will need to bring evidence of their representative status in order to gain entry.

By Order of the Board of Directors,

David M. Young

Senior Vice President, Chief Financial Officer and Corporate Secretary

Hunt Valley, Maryland

June 16, 2010

EVEN IF YOU PLAN TO ATTEND THE MEETING IN PERSON, PLEASE EITHER SUBMIT YOUR PROXY ONLINE, DIRECT YOUR VOTE VIA TELEPHONE, OR COMPLETE, SIGN AND DATE A PROXY CARD, WHICH IS AVAILABLE TO YOU ONLINE, OR UPON REQUEST, AND RETURN IT PROMPTLY TO US. IF YOU ATTEND THE MEETING IN PERSON, YOU MAY REVOKE YOUR PROXY AND VOTE IN PERSON AT THE MEETING.

PROXY STATEMENT

INTRODUCTION

General

This Proxy Statement is made available to shareholders of TESSCO Technologies Incorporated, a Delaware corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies for use at the Annual Meeting of Shareholders to be held at our offices located at 375 West Padonia Road, Timonium, Maryland 21093, on Wednesday, July 28, 2010 at 9:00 a.m., local time, and at any adjournment or postponement thereof.

Notice of Electronic Availability of Proxy Statement and Annual Report

Pursuant to the e-proxy rules and regulations adopted by the United States Securities and Exchange Commission ("SEC"), we have elected to provide access to our proxy materials over the Internet. On or about June 16, 2010, we mailed to our shareholders a notice (the "E-Proxy Notice") containing instructions on how to access online our 2010 Proxy Statement, Annual Report to Shareholders and Annual Report on Form 10-K for the fiscal year ended March 28, 2010, and on how a proxy may be submitted over the Internet. If you would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting proxy materials included in the E-Proxy Notice. These materials will be available free of charge and will be sent to you within three business days of your request. Neither our Annual Report to Shareholders nor our Annual Report on Form 10-K constitutes soliciting materials, but provides you with additional information about TESSCO.

Solicitation

The solicitation of proxies is being made primarily by mail and through the internet, but directors, officers, employees, and contractors retained by the Company may also engage in the solicitation of proxies by telephone. The cost of soliciting proxies will be borne by the Company. The Company has retained the services of Innisfree M&A Incorporated to assist in the solicitation of proxies, at a cost to the Company for basic services of approximately \$7,500. Depending upon the circumstances, the scope of services to be provided by Innisfree may expand, and cost would be expected to increase correspondingly. In addition, the Company may reimburse brokers, custodians, nominees and other record holders for their reasonable out-of-pocket expenses in forwarding proxy materials to beneficial owners.

Voting Rights and Outstanding Shares

The Board of Directors of the Company has fixed the close of business on June 4, 2010 as the record date for determining the shareholders of the Company entitled to notice of and to vote at the Annual Meeting. On the record date, 7,401,016 shares of common stock, \$0.01 par value per share, of the Company were issued and outstanding. Each share of common stock entitles the holder to one vote on each matter to be voted on at the Annual Meeting. There is no cumulative voting for the election of directors.

The presence, in person or by proxy, of at least a majority of the total number of shares of common stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. If, for

example, there are not sufficient votes for a quorum, the Annual Meeting may be adjourned from time to time in order to permit the further solicitation of proxies.

Your vote is important. Because most of our shareholders cannot attend the Annual Meeting in person, it is necessary for a large number to be represented by proxy. Most shareholders have a choice of directing their vote over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in a postage-paid envelope that we will provide to you upon your request. Please check the information forwarded by your bank, broker or other holder of record to see what options are available to you. The Internet and telephone proxy vote facilities for shareholders of record are scheduled to close at 11:59 p.m. Eastern Daylight Time on the business day prior to the Annual Meeting day, but may remain open or be reopened if determined to be necessary or appropriate or in the event of any adjournment or postponement of the Annual Meeting.

A shareholder may, with respect to the election of directors, (i) vote "FOR" the election of the nominees, (ii) "WITHHOLD AUTHORITY" to vote for all nominees, or (iii) vote "FOR" the election of all nominees other than any nominee with respect to whom the shareholder withholds authority to vote. A shareholder may, with respect to each other matter specified in the notice of meeting, (i) vote "FOR" the matter, (ii) vote "AGAINST" the matter, or (iii) "ABSTAIN" from voting on the matter.

All shares of common stock entitled to vote and represented by properly submitted proxies received prior to the Annual Meeting and not revoked, will be voted in accordance with your instructions. If no instructions are indicated, the shares of common stock represented by a properly submitted proxy will be voted in accordance with the recommendation of the Board of Directors.

A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by the proxy are not being voted by the shareholder with respect to a particular matter. This could occur, for example, when a broker is not permitted to vote common stock held in street name on certain matters in the absence of instructions from the beneficial owner of the common stock. These "nonvoted shares," i.e., shares subject to a proxy which are not being voted with respect to a particular matter, will be considered shares not present and entitled to vote on such matter, although these shares may be considered present and entitled to vote for other purposes and will count for purposes of determining the presence of a quorum.

Revocation of Proxies

A proxy may be revoked at any time before its exercise by the filing of a written revocation with David M. Young, Corporate Secretary of the Company, by timely providing a later-dated proxy (including by Internet or telephone vote), or by voting by ballot at the Annual Meeting. Mere attendance at the Annual Meeting will not revoke a proxy, and if you are a beneficial owner of shares not registered in your own name, you will need additional documentation from your record holder to vote personally at the Annual Meeting.

Required Vote

The affirmative vote of a plurality of the shares of common stock present in person or by proxy at the Annual Meeting and entitled to vote on the election of directors is required to elect directors. Only nominees nominated by the Board of Directors may be elected at the meeting. Accordingly, if a quorum is present at the Annual Meeting, and the two individuals nominated by the Board of Directors receive any favorable votes, they will be elected to serve as directors. Therefore, provided that a favorable vote is otherwise cast for each such nominee, withholding authority to vote for a director(s) and "nonvoted shares" with respect to the election of directors will not affect the outcome of the election of directors.

The affirmative vote of a majority of the shares of common stock present in person or by proxy at the Annual Meeting and entitled to vote thereon is required to approve each matter other than the

election of directors. Under Delaware law, abstentions with respect to matters other than the election of directors are generally considered as shares present and entitled to vote and thus have the same effect as a vote against such matter. "Nonvoted shares" with respect to such a matter will not be considered as entitled to vote on the matter and thus will not affect the determination of whether the matter is approved.

The Board of Directors knows of no matters that will be presented for consideration at the Annual Meeting other than those described in this Proxy Statement. Submission of a proxy, however, confers on the designated proxy the authority to vote the shares in accordance with their discretion on such other business, if any, as may properly come before the Annual Meeting or any adjournment thereof. If, for example, our Board of Directors or our Chairman and President determines to direct one or more adjournments of the meeting, the persons named as proxies on the enclosed proxy card will have discretionary authority to vote the shares represented by proxies in the event that it is determined to submit a proposal for adjournment to a vote. Proxies solicited by means of this proxy statement will be tabulated by inspectors of election designated by the Board, who will not be employees or directors of the Company or any of its affiliates.

Proposal No. 1 ELECTION OF DIRECTORS

The Company's Board of Directors is divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, and each class having a three-year term. Each year, the directors in one class are elected to serve for a term of three years and until their successors are duly elected and qualified. The seven member board is divided into three classes, of which two classes are comprised of two members and one class which is comprised of three members. One class of two directors, currently consisting of Dennis J. Shaughnessy and Jay G. Baitler has a term of office expiring at the Annual Meeting and until their successors are duly elected and qualified. Messrs. Shaughnessy and Baitler have been nominated by the Board of Directors for re-election at the Annual Meeting to serve for an additional three-year term expiring at the Annual Meeting of Shareholders in 2013 and until their successors are elected and qualified. In the event that any nominee is unable or unwilling to serve, the Board of Directors may name a substitute nominee and the persons named in the proxy will vote for such substitute nominee or nominees as they, in their discretion, shall determine. The Board of Directors has no reason to believe that any nominee named herein will be unable or unwilling to serve.

The Board of Directors recommends a vote "FOR" each of the nominees nominated by the Board of Directors.

Set forth below is information concerning the nominees for election and those directors whose terms continue beyond the date of the Annual Meeting.

Nominees for Director for a Three-Year Term Expiring at the 2013 Annual Meeting

Dennis J. Shaughnessy, age 63, has been a director of the Company since 1989. He is Chairman of the Board of FTI Consulting Inc. FTI is a leading global consulting firm with \$1.4 billion in revenues from operations from 23 countries and is traded on the New York Stock Exchange with a market cap of \$2.0 billion. Prior to joining FTI, Mr. Shaughnessy served as General Partner of Grotech Capital Group, a private equity firm, leading their traditional industry group, managing \$1.0 billion in private equity. Prior to joining Grotech, Mr. Shaughnessy had been President and CEO of CRI International, an international petroleum refining service business, which was sold to Shell Oil in 1989.

Mr. Shaughnessy is well qualified to serve as a member of the Company's board due to his extensive experience in leading a large global consulting firm as well as his experience evaluating and managing various companies during his tenure in the private equity industry.

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

Jay G. Baitler, age 63, has been a director of the Company since 2007. He has served as Executive Vice President of Staples Contract Division since 2004. He has been with Staples since 1995, and prior to his position as Executive Vice President, Mr. Baitler served as Mid-Atlantic Regional President and Senior Vice President, Contract Division. Prior to joining Staples, Mr. Baitler served as the Northeast Regional President at BT Office Products.

Mr. Baitler has overseen significant growth at Staples, both organic and acquired, and is well qualified to serve as a member of the Company's board due to his sales, procurement, ecommerce and contract expertise.

Directors whose term will expire at the 2011 Annual Meeting

Robert B. Barnhill, Jr., age 66, has served as President and Chief Executive Officer of the Company since founding the business in its current form, in 1982. Mr. Barnhill has been a director of the Company since 1982, and has been Chairman of the Board since November 1993.

Mr. Barnhill is well qualified to serve as a member of the Company's board based on his experience as a long-standing CEO who has presided over the Company's extensive growth.

Benn R. Konsynski, Ph.D., age 59, has been a director of the Company since November 1993. He is the George S. Craft Professor of Business Administration for Information Systems and Operations Management at the Goizueta Business School of Emory University. He was named Hewlett Fellow at the Carter Center in 1995. Prior to arriving at the Goizueta Business School, he was on the faculty at the Harvard Business School for seven years where he taught in the MBA program and several executive programs. Professor Konsynski specializes in issues of digital commerce and information technology in relationships across organizations.

Dr. Konsynski is well qualified to serve as a member of the Company's board based on his knowledge and expertise in technology systems and digital commerce.

Directors whose term will expire at the 2012 Annual Meeting

John D. Beletic, age 58, has been a director of the Company since July 1999. Since July 2002, he has been a venture partner with Oak Investment Partners, a venture capital firm. From September 2008 to December 2009, Mr. Beletic served as Chairman of Fiber Tower Inc., a provider of wireless backhaul services to mobile network carriers, where he previously served from August 2006 to September 2008 as Executive Chairman. From July 2002 to September 2004, Mr. Beletic also served as Executive Chairman of Oculan Corporation, a network monitoring and intrusion detection company. From August 1994 until December 2001, Mr. Beletic served as CEO and Chairman of the Board of PageMart Inc., a wireless messaging service, and Weblink Wireless, Inc., a communications service company. Weblink Wireless, Inc. filed a petition for reorganization under Chapter 11 in May 2001. Previously, Mr. Beletic was Chairman and CEO of Tigon Corporation, a voicemail service provider, which was acquired by Ameritech Corporation, a telecommunications company. Mr. Beletic also serves as Chairman of the Board of iPass, Inc., an internet access provider.

Mr. Beletic is well qualified to serve as a member of the Company's board due to his extensive experience leading companies in the telecommunications industry and his experience evaluating and managing various companies during his tenure in the private equity industry.

Daniel Okrent, age 62, has been a director of the Company since January 2004. In the fall of 2009, he was the Edward R. Murrow Visiting Lecturer at the John F. Kennedy School of Government at Harvard University. He has previously been public editor of the New York Times and a senior executive at Time Inc., to which he remains a consultant. Mr. Okrent formerly served on the Board of Lands' End, Inc., and is past chairman of the National Portrait Gallery, a division of the Smithsonian Institution.

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

Mr. Okrent is well qualified to serve as a member of the Company's board due to his extensive experience in marketing, publishing, media relations and ecommerce as well as his experience serving on other public and private organization boards.

Morton F. Zifferer, Jr., age 62, has been a director of the Company since November 1993. He has served as Chairman and CEO of New Standard Corporation, a metal products manufacturer, since 1983. Mr. Zifferer and New Standard Corporation have partnered with several Fortune 500 companies globally to implement Six-Sigma continuous improvement activities and execute lean manufacturing techniques and sophisticated supply chain strategies and practices.

Mr. Zifferer is well qualified to serve as a member of the Company's board due to his extensive experience in providing manufacturing and supply solutions to large global companies. Mr. Zifferer is also the Audit Committee's financial expert.

Board Independence and Leadership Structure

The Board has determined that, other than Mr. Barnhill, each of the current directors, including the director nominees, is independent within the meaning of the Company's director independence standards, which reflect both the NASDAQ and SEC director independence standards, as currently in effect. Furthermore, the Board has determined that none of the members of the three standing committees of the Board of Directors in existence during the 2010 fiscal year, has any material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company) and that each such member is "independent" within the meaning of the independence standards applicable to each such committee.

TESSCO believes that there are a wide array of leadership structures that could apply to many different business models and, therefore, that every company should be afforded the opportunity to determine the ideal structure for its board leadership. Leadership structures may change over time to best suit the Company's current needs. Currently, the Company's Chief Executive Officer, Mr. Barnhill, also serves as Chairman of the Board. The Board of Directors believes that the current Board leadership structure, coupled with a strong emphasis on Board independence, provides effective independent oversight of management while allowing both the Board and management to benefit from Mr. Barnhill's crucial leadership and years of experience in the Company's business. Serving as both Chairman of the Board and Chief Executive Officer since 1993, Mr. Barnhill has been the director most capable of effectively identifying strategic priorities, leading critical discussion and executing the Company's strategy and business plans. Mr. Barnhill possesses detailed and in-depth knowledge of the issues, opportunities, and challenges facing the Company. The Company's independent directors bring experience, oversight and expertise from outside the Company, while the Chief Executive Officer brings company-specific experience and expertise. The Board of Directors believes that Mr. Barnhill's combined role enables decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to its stockholders, employees and customers. As further discussed under the caption "Narrative Supplement to the Summary Compensation Table in Fiscal Year 2010," Mr. Barnhill's current employment agreement calls for Mr. Barnhill to transition away from being the Company's Chief Executive Officer in fiscal year 2014 and become solely the Chairman of the Board at that time.

Beginning in fiscal year 2008, the Board of Directors established a Lead Director who is independent and is responsible for (1) assuring that the independent directors meet in executive session typically before and/or after each board meeting, (2) facilitating communications between other independent directors and the Chairman of the Board and Chief Executive Officer, and (3) consulting with the Chairman of the Board and Chief Executive Officer on matters relating to corporate governance and Board performance. The Lead Director is elected by our independent directors, upon the recommendation of the Nominating and Governance Committee and his term as Lead Director runs from one Annual Meeting of Shareholders to the next Annual Meeting of Shareholders.

Mr. Beletic currently serves as our Lead Director, and it is anticipated that he will continue to serve in that role until the Annual Meeting in July 2011.

Meetings and Committees of the Board of Directors

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee. In addition, on April 23, 2010, the Board of Directors established a new committee, a Risk and Strategy Committee, which will begin holding meetings in fiscal year 2011. The membership during the last fiscal year (and the current membership of the Risk and Strategy Committee) and the function of each of the committees is described below. The Board of Directors met six (6) times during fiscal year 2010. During fiscal year 2010, all directors attended every meeting of the Board and Committees on which they served. The Company does not have a policy on director attendance at Annual Meetings, but all of our directors are invited and encouraged to attend Annual Meetings. All of our directors were in attendance at the 2009 Annual Meeting.

Audit Committee

The Audit Committee is primarily concerned with the effectiveness of the audits of the Company by the Company's independent public accounting firm. The Audit Committee's duties include approving the selection of the independent registered public accounting firm, reviewing the scope of audits conducted by them, as well as the results of their audits, and reviewing the organization and scope of the Company's internal system of accounting and financial controls. The Audit Committee met seven (7) times during fiscal year 2010. A copy of the Audit Committee charter is available for review on our Website (www.tessco.com), under the heading "Investors." The Board of Directors has determined that Mr. Zifferer is the audit committee financial expert as defined by applicable SEC rules and is "independent" with the meaning of the applicable NASDAQ Rules.

Compensation Committee

The Compensation Committee provides assistance to the members of the Board of Directors in fulfilling their responsibilities to the shareholders, potential shareholders and the investment community relating to compensation practices of the Company, including salary and other forms of compensation. The Compensation Committee's primary duties and responsibilities are to formulate and recommend compensation policies of the Company that will enable the Company to attract and retain high-quality leadership and that are consistent with the Company's established compensation philosophy. The Compensation Committee administers the Company's incentive compensation plans, including our Second Amended and Restated 1994 Stock and Incentive Plan. The Compensation Committee met four (4) times during fiscal year 2010. A copy of the Compensation Committee charter is available for review on our Website (www.tessco.com), under the heading "Investors." Mr. Beletic currently serves as Chairman of the Compensation Committee.

Nominating and Governance Committee

The Company has a Nominating and Governance Committee, the functions of which include making recommendations to the Board regarding matters and practices concerning the Board, its committees and individual directors; evaluation of the current composition and governance structure of the Board of Directors and determination of its future requirements; making recommendations concerning nominees for election to the Board of Directors; and the appointment of Directors to Board Committees and the selection of Chairpersons of the Board Committees. The Nominating and Governance Committee met four (4) times during fiscal year 2010. The Nominating and Governance Committee performs other related functions and is governed by a charter, a copy of which is available for review on our Website (www.tessco.com), under the heading "Investors." Mr. Okrent currently serves as Chairman of the Nominating and Governance Committee.

The Nominating and Governance Committee has determined, in its view, that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company, and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. The Committee also examines a candidate's specific experiences and skills, time availability, potential conflicts of interest and independence from management and the Company. While the Committee does not have a formal policy with respect to diversity, the Board believes that it is essential that the Board is comprised of members that have diverse backgrounds, skill sets, education and professional experience. The Board also follows the overall Company philosophy regarding maintaining an environment free from discrimination based upon race, color, religion, national origin, sex, age, disability, sexual orientation, marital status or any unlawful factor. Candidates may be identified through various means, including by asking current directors and executive officers to notify the Committee if they become aware of persons meeting the criteria described above, by the retention of third-party consultants to assist in this process, and by considering director candidates recommended by shareholders. In considering candidates submitted by shareholders, the Committee will take into consideration the needs of the Board and the qualifications of the candidate. The Committee may also take into consideration other factors it determines to be relevant, such as the number of shares held by the recommending shareholder and the length of time that such shares have been held. To have a candidate considered by the Committee, a shareholder must submit the recommendation in writing and must include the name of the shareholder and evidence of the person's ownership of Company stock, including the number of shares owned and the length of time of ownership, and the name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company and the person's consent to be named as a director if selected and nominated. The shareholder recommendation and information must be sent to the Corporate Secretary at 11126 McCormick Road, Hunt Valley, Maryland 21031. Once a potential candidate has been identified, the Committee may collect and review information regarding the candidate to assess whether the person should be considered further. If the Committee determines that the candidate warrants further consideration, personal contact with the candidate may be made and further review of the candidate's accomplishments, qualifications and willingness to serve may be undertaken and compared to other candidates. The Committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder, although, as stated above, the Board may take into consideration other factors, such as the number of shares held by the recommending shareholder and the length of time that such shares have been held.

Risk and Strategy Committee

On April 23, 2010, the Board of Directors established a Risk and Strategy Committee of the Board. The primary duties and responsibilities of the Risk and Strategy Committee are to work closely with executive management to assess risks to the business, and capital allocation and growth strategies.

Mr. Shaughnessy currently serves as Chairman of the Risk and Strategy Committee. A charter for the Risk and Strategy Committee is currently in progress and will be completed in fiscal year 2011.

Shareholder Communications with Directors

The Board of Directors recommends that shareholders initiate any communications with the Board in writing. Written communications may be directed to the Corporate Secretary. Shareholders can send communications by e-mail to *corporatesecretary@tessco.com*, by fax to (410) 229-1669 or by mail to Corporate Secretary, TESSCO Technologies Incorporated, 11126 McCormick Road, Hunt Valley, Maryland 21031. This centralized process will assist the Board in reviewing and responding to shareholder communications in an appropriate manner. The name of any specific intended Board recipient should be noted in the communication. The Board has instructed the Corporate Secretary to forward such correspondence only to the intended recipients; however, the Board has also instructed the Corporate Secretary, prior to forwarding any correspondence, to review such correspondence and, in his discretion, not to forward certain items if they are deemed of a commercial or frivolous nature or otherwise inappropriate for the Board's consideration. In such cases, some of that correspondence may be forwarded elsewhere in the Company for review and possible response.

Board's Role in Risk Oversight

The Board of Directors oversees the business of the Company, including the CEO and senior management performance and risk management, to assure that the long-term interests of the shareholders are being served. Each committee of the Board of Directors is also responsible for reviewing the risk exposure of the Company related to the committee's areas of responsibility and providing input to management on such risks.

Management and our Board have a process embedded throughout the Company to identify, analyze, manage and report all significant risks facing the Company. The Company's CEO and other senior managers regularly report to the Board and, going forward, the Risk and Strategy Committee, on significant risks facing the Company, including financial, operational, competitive, legal, regulatory and strategic risks. Each of the Board committees reviews with management significant risks related to the committee's area of responsibility and reports to the Board on such risks. The independent Board members also discuss the Company's significant risks when they meet in executive session without management.

Director Compensation for Fiscal Year 2010

The current compensation program for non-management directors is designed to achieve the following goals: compensation should fairly pay directors for work required for a company of our size; compensation should align directors' interests with the long-term interests of shareholders; and the structure of the compensation should be simple, transparent and easy for shareholders to understand.

In consideration for services on the Board, each non-employee director of the Company is paid \$25,000 per fiscal year and the Lead Director of the Company is paid \$35,000 per fiscal year. In addition, each non-employee director of the Company, including the Lead Director, is paid \$2,500 for each meeting of the Board and \$1,000 for each meeting of a Committee of the Board that he or she attends. The table below does not include reimbursements for reasonable out-of-pocket expenses incurred in connection with attendance at Board or Committee meetings. Non-management directors are also eligible to receive Performance Stock Units, as determined by the Compensation Committee, as described under the heading "Narrative Supplement to the Summary Compensation Table in Fiscal Year 2010."

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

The following table summarizes the compensation awarded to, earned by, or paid to the Company's non-management directors during fiscal year 2010:

This column represents the aggregate grant date fair value of the awards, computed in accordance with the FASB standard on stock compensation, excluding the effect of estimated forfeitures. These amounts reflect the valuation method recently adopted by the Securities and Exchange ("SEC"), which is the aggregate grant date fair value of the equity awards, rather than the dollar amount recognized that year for financial statement reporting purposes, as previously required. The grant date fair value of the PSU awards granted in fiscal year 2010 is \$5.85 per share. Based on fiscal year 2010 performance, each director earned 11,250 shares related to PSU awards made to them in April 2009. Because fiscal year 2010 earnings per share exceeded the target for the PSUs, all PSU's granted in fiscal year 2010 were earned. These shares have vested or will vest ratably on or about May 1 of 2010, 2011, 2012 and 2013, assuming that each director remains affiliated with the Company on those dates, and subject to accelerated vesting upon a change in control or termination of service to the Company under certain circumstances. For a discussion of the assumptions made in the valuation of these awards see the notes to the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the fiscal year ended March 28, 2010. All share numbers reflect the May 26, 2010 stock dividend in order to effect a 3-for-2 stock split of our common stock.

Proposal No. 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected the firm of Ernst & Young LLP to serve as our independent registered public accounting firm for the fiscal year ending March 27, 2011, and the Company seeks ratification of such appointment by the shareholders. Ernst & Young LLP has audited our financial statements commencing with the fiscal year ended March 30, 2003. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so, and be available to respond to appropriate questions.

Shareholder ratification of Ernst & Young LLP as our independent registered public accounting firm is not required by our By-laws or otherwise. However, the Board of Directors is submitting the selection of Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to approve the selection, the Audit Committee and the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interest of our shareholders.

The Board of Directors recommends a vote "FOR" the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2011.

**Proposal No. 3 SHAREHOLDER PROPOSAL ON DECLASSIFICATION OF
THE BOARD OF DIRECTORS**

The Company has been advised that one of its shareholders intends to present a proposal at the Company's annual meeting. The name, address and stock ownership of the proponent will be furnished by the Company promptly upon receiving an oral or written request to the Company's Secretary. If the shareholder or its representative who is qualified under applicable law is present at the annual meeting and submits this proposal for a vote, then the shareholder proposal will be voted upon at the annual meeting.

In accordance with applicable proxy regulations, the proposed resolution and supporting statement, exactly as submitted by the shareholder, are set forth below under the heading "Shareholder Proposal." We disclaim all responsibility for the content of the proposal and the supporting statement.

For the reasons set forth in its Statement in Opposition to Proposal No. 3 immediately following the shareholder proposal below, the Board of Directors does not support this proposal and urges you to vote AGAINST this proposal.

Shareholder Proposal

RESOLVED, that the stockholders of TESSCO Technologies Incorporated ("TESSCO") request that the Board of Directors declassify the Board and thereby submit all directors for shareholder election on an annual basis rather than staggering their individual elections to occur once every three years.

Supporting Statement:

Discovery Group is a long-term investor in TESSCO. Our motivation for this proposal is the chronic undervaluation of TESSCO shares, which we believe reflects a discount related to the company's small size combined with a perceived reticence on the part of the Board to consider a takeover by larger strategic suitors that could offer shareholders a significantly higher valuation.

Last year, we submitted a proposal to eliminate the company's Rights Plan, commonly referred to as a "Poison Pill." The Board adopted a Poison Pill in 2008 in response to an accumulation of shares by Brightpoint, Inc., a logical strategic acquirer. Our proposal received an overwhelming 75% of the votes cast by non-management shareholders as well as an endorsement from RiskMetrics, the leading proxy advisory firm. The Board ignored the shareholders' directive and maintains this antiquated anti-takeover mechanism. This new proposal affords shareholders another opportunity to address these serious valuation and governance concerns.

In its 2009 US Voting Manual, RiskMetrics states that "directors should be accountable to shareholders on an annual basis." RiskMetrics argues that "the only real motive for board classification is to make it more difficult to change control of the board." RiskMetrics also states: "A classified board can (1) delay a takeover desired by shareholders but opposed by management, and (2) prevent bidders from even approaching a target company if they do not want to wait more than a year to gain majority control. Shareholders lose in both cases, and management has less incentive to keep shares fully valued if the directors' board seats are secure."

There is also strong academic research that highlights the negative effects of a classified board. In the 2002 research paper, "The Powerful Antitakeover Force of Staggered Boards: Theory, Evidence, & Policy," Bebchuk et al. find that a classified board increases the likelihood that the average target will remain independent from 34% to 61%. Moreover, shareholders of companies with classified boards "achieved 31.8% returns in the nine months after a hostile bid was announced, compared to 43.4% returns" for shareholders of companies with non-classified boards.

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

In the last decade, the move away from classified boards has accelerated. From 1999 to 2009, according to Georgeson and Sharkrepellent.net, the percentage of S&P 500 companies with classified boards has dropped from 60.4% to 32.2%, a trend similar to the decline in the number of companies with Poison Pill defenses. Clearly, best-of-class companies are embracing improved shareholder rights and protections.

Annual director elections would increase the accountability of TESSCO's Board and eliminate disincentives for its directors to proactively pursue all strategic alternatives that could unlock shareholder value. Vote **FOR** this proposal to communicate to the Board that shareholders should have the right to elect their full slate of directors on an annual basis.

The Company's Statement in Opposition to Proposal No 3.

The Board recommends a vote **AGAINST** the shareholder proposal set out above for the reasons described below.

Stability and Continuity Consistent with the Board's corporate governance guidelines, the Board from time to time reviews its corporate governance process and arrangements to ensure that they continue to serve the interests of the Company's shareholders. The Board is structured into classes to provide stability, continuity and independence, while also enhancing long-term planning and ensuring that, at any given time, the Board has experienced directors who are knowledgeable about TESSCO's businesses, products, markets, opportunities and challenges. A classified board also benefits TESSCO and its shareholders because it helps attract and retain highly qualified director candidates who are willing to make long-term commitments of the time and resources necessary to understand TESSCO, its operations and its competitive environment. This commitment is critical to achieve our strategic goals and one that will be best fulfilled by a stable and continuous Board.

Independence The Company believes that it has sound corporate governance processes and procedures in place. The Board is comprised entirely of independent directors, with the exception of the Company's Chief Executive Officer. The Company's director independence standards reflect both the NASDAQ Stock Market and the Securities and Exchange Commission director independence standards. The Company has adopted a Code of Business Conduct and Ethics which applies to all officers and directors and the Board has established a Lead Director role that is filled by one of the independent directors. In addition, all four of the standing committees of the Board are chaired by independent directors, and three of the four Committees (Nominating and Governance, Audit, and Compensation Committees) consist solely of independent directors. Electing directors to three-year terms enhances the independence of non-employee directors by providing them with a longer term of office. This longer term provides enhanced independence from management or from special interest groups who may have an agenda contrary to the long-term interests of TESSCO and its shareholders. As a result, independent directors are able to make decisions that are in the best interest of TESSCO and its shareholders without having to consider annual elections.

Accountability to Shareholders In accordance with TESSCO's By-Laws, the Board is divided into three classes that serve staggered three-year terms. Directors elected to three-year terms are equally accountable to shareholders as directors elected annually, since all directors are required to uphold their fiduciary duties to TESSCO and its shareholders regardless of their term. Furthermore, the Board believes that the annual election of one-third of the directors provides shareholders with an effective means to achieve change and evaluate the performance of TESSCO and the directors.

Protection Against Certain Takeovers Our classified board structure strongly encourages potential acquirers to deal directly with the Board if they are interested in acquiring TESSCO, and better positions the Board to negotiate effectively on behalf of shareholders to realize the greatest possible value for TESSCO's shareholders. The classified board structure is designed to safeguard against a

hostile purchaser replacing a majority of our directors with its own nominees at a single annual meeting, thereby gaining control of TESSCO and its assets without paying fair market value to TESSCO's shareholders. A classified board does not preclude a takeover, but rather provides the Board the time and flexibility necessary to evaluate the adequacy and fairness of any takeover proposal, negotiate on behalf of all shareholders and weigh alternative methods of maximizing share value for all shareholders, without the threat of imminent removal of a majority of Board members.

Financial Results and Shareholder Value While the proposal suggests that a declassified board would increase financial returns for TESSCO's shareholders, there is limited objective evidence to confirm this suggestion and this is contrary to TESSCO's recent financial results. TESSCO has reported two consecutive years of record annual earnings per share, and in fact earnings per share have grown at a 22% compound annual growth rate over the last four years (from \$0.53 in FY06 to \$1.19 in FY10, both earnings per share numbers are adjusted for the effect of the May 26, 2010 three-for-two stock split). TESSCO's fiscal 2010 revenues of \$522 million also represented a Company record. As a result of the strong performance and other factors, the market price of TESSCO's stock has grown by over 125% this last year (\$7.04 on June 8, 2009 to \$15.89 on June 8, 2010, both stock prices are adjusted for the effect of the May 26, 2010 three-for-two stock split) and TESSCO stock has significantly outperformed the Russell 2000 and its peer group (see the Stock Performance Graph in the Company's recently filed Form 10-K). The Board believes that these financial results, especially during these challenging economic times, are a direct result of the Board having members who (i) have served long enough to learn TESSCO's business and therefore possess intimate knowledge of the company, (ii) have contributed to the development of TESSCO's strategy to create long-term shareholder value and have overseen management's implementation of that strategy and (iii) are pursuing TESSCO's long term business plans and goals.

It is important to note that shareholder approval of this proposal would not in itself declassify the Board. Approval of this proposal would advise the Board that a majority of the Company's shareholders voting at the annual meeting favor a change and would prefer that the Board take the necessary steps to end the staggered system of electing directors. However, to change the class structure of the Board, either (i) not less than 75% of the members of the Board must approve the amendments to the TESSCO Bylaws or (ii) the TESSCO shareholders would have to approve the amendments to TESSCO's Bylaws by an affirmative vote of not less than 75% of the total voting power of all outstanding shares of TESSCO common stock entitled to vote thereon.

After careful consideration of this proposal, the Nominating and Governance Committee and the entire Board have determined that retention of a classified board structure remains in the best long-term interests of the Company and its shareholders. The Board believes that the benefits of a classified board structure do not come at the expense of director accountability. In addition, the stability and continuity, independence and takeover protection provided by a staggered board structure have all contributed to the success of TESSCO. Moreover, the Board believes that the strong financial performance of TESSCO validates the Board's commitment to TESSCO and its shareholders.

For the reasons noted above, the Board of Directors recommends a vote "AGAINST" Proposal No. 3 on declassification of the Board of Directors.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding the beneficial ownership of common stock of the Company, as of June 4, 2010 by (i) all shareholders known by the Company to beneficially own more than five percent of our common stock, (ii) each of the directors and each of the Chief Executive Officer and Chief Financial Officer during fiscal year 2010 and the other three most highly compensated executive officers at fiscal year end 2010 (the "named executive officers"), and (iii) all directors and named executive officers as a group. Percentage of beneficial ownership is based on 7,401,016 shares of common stock outstanding on June 4, 2010. All share numbers reflect the May 26, 2010 stock dividend in order to effect a 3-for-2 stock split of our common stock.

EXECUTIVE COMPENSATION

General

TESSCO operates in the extremely competitive and rapidly changing wireless communication product and service industry. The Compensation Committee (the "Committee") and the Board of Directors (the "Board") believe that compensation programs for our executive officers should be and are designed to attract, motivate and retain talented executives responsible for the long-term success of the Company. These programs are designed within a framework based on the achievement of designated targets and are designed to align the financial interests of executive officers with those of our shareholders. The Committee and the Board believe that alignment between shareholders and executive officers is best achieved by tying a significant portion of total compensation to the achievement of certain financial and non-financial objectives. This philosophy is applied to all team members, with a more significant amount of compensation at risk at the executive levels. The compensation programs for our named executive officers provide base salary, annual cash bonuses, long-term equity incentives, retirement and other benefits that the Committee believes are appropriate and relatively equivalent to typical programs available for comparable executive officers in similarly situated companies. For more details, see "Narrative Supplement to the Summary Compensation Table in Fiscal 2010."
