PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of OSI Systems, Inc. (the "Company") for use at its Annual Meeting of Stockholders ("Annual Meeting"), to be held at 10:00 a.m., local time on December 1, 2011, at the Company's principal offices at 12525 Chadron Avenue, Hawthorne, California 90250, and at any adjournment thereof.

The Company is making its proxy materials, which include the Notice of Annual Meeting of Stockholders, Proxy Statement, Proxy Card and its most recent Annual Report on Form 10-K ("Proxy Materials"), available to its stockholders via the Internet, although registered stockholders and those stockholders who have previously requested to receive printed copies instead will receive their Proxy Materials in the mail.

Stockholders of record as of the close of business on October 3, 2011 will receive a Notice of Internet Availability of Proxy Materials. The Notice of Internet Availability of Proxy Materials contains instructions about how to access the Proxy Materials and vote via the Internet without attending the Annual Meeting. If you receive a Notice of Internet Availability of Proxy Materials but would instead prefer to receive a printed copy of the Proxy Materials rather than downloading them from the Internet, you may do so by following the instructions for requesting such materials included in the Notice of Internet Availability of Proxy Materials.

If you are a stockholder that receives a printed copy of the Proxy Materials by mail, you may view the Proxy Materials on the Internet at <http://www.proxyvote.com>. However, in order to direct your vote without attending the Annual Meeting you must complete and mail the Proxy Card or voting instruction card enclosed (postage pre-paid return envelope also enclosed) or, if indicated on the Proxy Card that you receive, by telephone or Internet voting. Please refer to the Proxy Card that you receive for instructions.

When a proxy is properly submitted, the shares it represents will be voted in accordance with any directions noted thereon. Any stockholder giving a proxy has the power to revoke it at any time before it is voted by written notice to the Secretary of the Company, by issuance of a subsequent proxy as more fully described on your Proxy Card. In addition, a stockholder attending the Annual Meeting may revoke his or her proxy and vote in person if he or she desires to do so, but attendance at the Annual Meeting will not of itself revoke the proxy.

At the close of business on October 3, 2011, the record date for determining stockholders entitled to notice of and to vote at the Annual Meeting, the Company had issued and outstanding 19,645,145 shares of common stock, \$0.001 par value ("Common Stock"). A majority of the shares outstanding on the record date, present in person at the Annual Meeting or represented at the Annual Meeting by proxy, will constitute a quorum for the transaction of business. Shares that are voted "FOR ALL," "FOR," "FOR ALL EXCEPT," "WITHHOLD ALL," "AGAINST," "ABSTAIN," "1 YEAR," "2 YEARS" or "3 YEARS" (as applicable) for a proposal are treated as being present at the Annual Meeting for purposes of establishing a quorum. Each share of Common Stock entitles the holder of record thereof to one vote on any matter coming before the Annual Meeting.

Table of Contents

A Proxy Card, when properly submitted via the Internet, telephone or mail, also confers discretionary authority with respect to amendments or variations to the matters identified in the Notice of Annual Meeting of Stockholders and with respect to other matters which may be properly brought before the Annual Meeting. At the time of printing this Proxy Statement, the Company's management was not aware of any other matters to be presented for action at the Annual Meeting. If, however, other matters which are not now known to management should properly come before the Annual Meeting, the proxies hereby solicited will be exercised on such matters in accordance with the best judgment of the proxy holders.

Abstentions and broker non-votes represented by submitted proxies will be included in the calculation of the number of the shares present at the Annual Meeting for the purposes of determining a quorum. "Broker non-votes" means shares held of record by a broker that are not voted because the broker has not received voting instructions from the beneficial owner of the shares and either lacks or declines to exercise the authority to vote the shares in its discretion.

Proposal One. Directors are elected by a plurality, and the nominees who receive the most votes will be elected. Proposal One is considered a "non routine" matter under NASDAQ Stock Market ("NASDAQ") rules, and, accordingly, brokerage firms and nominees do not have the authority to vote their clients' unvoted shares on Proposal One or to vote their clients' shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal One.

Proposal Two. To be approved, the ratification of Moss Adams LLP, as the Company's independent registered accounting firm must receive the affirmative vote of the majority of the shares of Common Stock present in person or by proxy and cast at the Annual Meeting. Proposal Two is considered a "routine" matter under NASDAQ rules, and, accordingly, brokerage firms and nominees have the authority to vote their clients' unvoted shares on Proposal Two as well as to vote their clients' shares where the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal Two.

Proposal Three. To be approved, the proposal regarding the Company's executive compensation for the fiscal year ended June 30, 2011 must receive the affirmative vote of the majority of the shares of Common Stock present in person or by proxy and cast at the Annual Meeting. Proposal Three is considered a "non-routine" matter under NASDAQ rules, and, accordingly, brokerage firms and nominees do not have the authority to vote their clients' unvoted shares on Proposal Three or to vote their clients' shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal Three. The vote on Proposal Three is advisory and therefore not binding on the Company, the Compensation Committee or the Board of Directors. Although non-binding, the Board of Directors values the opinions that the stockholders express in their votes, and the votes will provide information to the Compensation Committee regarding investor sentiment about the Company's executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation in the future.

Proposal Four. The proposal regarding the determination of the frequency of the advisory vote on the Company's executive compensation must receive the affirmative vote of the majority of the shares of Common Stock present in person or by proxy and cast at the Annual Meeting. Stockholders are not voting to approve or disapprove the recommendation of the Board of Directors. Instead, stockholders are selecting one of the frequency alternatives (every year, every two years or every three years or abstaining). Proposal Four is considered a "non-routine" matter under NASDAQ rules, and, accordingly, brokerage firms and nominees do not have the authority to vote their clients' unvoted shares on Proposal Four or to

Table of Contents

vote their clients' shares if the clients have not furnished voting instructions within a specified period of time prior to the Annual Meeting. Abstentions and broker non-votes will not be counted as votes cast and will have no effect on the outcome of the vote on Proposal Four. With respect to this item, if none of the frequency alternatives (every year, every two years or every three years) receives a majority of the votes cast, the Company will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by the stockholders. This vote is advisory and therefore not binding on the Company, the Compensation Committee or the Board of Directors. Although the vote is non-binding, the Board of Directors values the opinions that the stockholders express in their votes and will take into account the outcome of the vote when considering how frequently the Company should conduct a vote on its executive compensation going forward. However, because this vote is advisory and not binding on the Company or the Board of Directors, the Board of Directors may decide that it is in the Company's and the stockholders' best interests to hold a vote on the Company's executive compensation more or less frequently than the option that receives the most votes from the stockholders.

The Company anticipates that the Notice of Internet Availability of Proxy Materials and the Proxy Materials will be mailed on or about October 11, 2011. All stockholders entitled to vote at the Annual Meeting will receive either the Notice of Internet Availability of Proxy Materials or a printed copy of the Proxy Materials. The Company will pay the expenses of soliciting proxies for the Annual Meeting, including the cost of preparing, assembling, posting on the Internet and mailing the Notice of Internet Availability of Proxy Materials and the Proxy Materials. Proxies may be solicited personally, by mail, by e-mail, over the Internet, or by telephone, by directors, officers and regular employees of the Company who will not be additionally compensated therefore.

The matters to be considered and acted upon at the Annual Meeting are more fully discussed below.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to be held on December 1, 2011: The Proxy Notice, this Proxy Statement and Annual Report on Form 10-K for the fiscal year ended June 30, 2011, are available at <http://www.proxyvote.com>.

ELECTION OF DIRECTORS
(*Proposal No. 1 of the Proxy Card*)

Nominees

The Board of Directors consists of six members. At each annual meeting of stockholders, directors are elected for a term of one year to succeed those directors whose terms expire on the annual meeting date.

The six candidates nominated for election as directors at the Annual Meeting are Deepak Chopra, Ajay Mehra, Steven C. Good, Meyer Luskin, David T. Feinberg and William F. Ballhaus. The enclosed Proxy will be voted in favor of these individuals unless other instructions are given. If elected, the nominees will serve as directors until the Company's next annual meeting of stockholders, and until their successors are elected and qualified. If any nominee declines to serve or becomes unavailable for any reason, or if a vacancy occurs before the election (although the Company knows of no reason to anticipate that this will occur), the proxies may be voted for such substitute nominees as the Board of Directors may designate.

If a quorum is present and voting, the six nominees for directors receiving the highest number of votes will be elected as directors. Abstentions and shares held by brokers that are present, but not voted because the brokers were prohibited from exercising discretionary authority, *i.e.*, broker non-votes, will be counted as present only for purposes of determining if a quorum is present.

Relationships Among Directors or Executive Officers

There are no arrangements or understandings known to the Company between any of the directors or nominees for director of the Company and any other person pursuant to which any such person was or is to be elected a director.

Ajay Mehra is the first cousin of Deepak Chopra. Other than this relationship, there are no family relationships among the directors or Named Executive Officers (as defined in "Compensation of Executive Officers and Directors Summary Compensation Table") of the Company.

Board Role in Risk Oversight

The Board of Directors is responsible for risk oversight of the Company. Risks facing the Company include competitive, economic, operational, financial, accounting, liquidity, tax, regulatory, foreign country, safety, employment, political and other risks. Risks are reported to the Board of Directors through the Company's executive officers, who are responsible for the identification, assessment and management of the Company's risks. The Board of Directors regularly discusses the risks reported by the Company's executive officers and reviews with management strategies and actions to mitigate the risks and the status and effectiveness of such strategies and actions.

To optimize its risk oversight capabilities and efficiently oversee the Company's risks, the committees of the Board of Directors are delegated oversight responsibility for particular areas of risk. For example, the Audit Committee oversees management of risks related to accounting, auditing and financial reporting and maintaining effective internal controls for financial reporting. The Nominating and Governance Committee oversees risks related to the effectiveness of the Board of Directors. The Compensation Committee oversees risks related to the Company's executive compensation policies and practices. The Executive Committee oversees risks related to the Company's strategic transactions.

Board Leadership Structure

The Chairman of the Board of Directors is the Company's Chief Executive Officer. The Company believes that currently combining the positions of Chief Executive Officer and Chairman serves as an effective link between management's role of identifying, assessing and managing risks and the Board of Directors' role of risk oversight. Mr. Chopra possesses in-depth knowledge of the issues, opportunities and challenges the Company faces and is thus well positioned to develop agendas and highlight issues that ensure that the Board of Directors' time and attention are focused on the most critical matters. In addition, the Board of Directors has determined that this leadership structure is optimal because it believes that having one leader serving as both the Chairman and Chief Executive Officer provides decisive, consistent and effective leadership, as well as clear accountability. Having one person serve as Chairman and Chief Executive Officer also enhances the Company's ability to communicate its message

Table of Contents

and strategy clearly and consistently to its stockholders, employees, and other companies with which it does business. Although the Company believes that the combination of the Chairman and Chief Executive Officer roles is appropriate under current circumstances, it will continue to review this issue periodically to determine whether, based on the relevant facts and circumstances, separation of these offices would serve the Company's best interests and the best interests of its stockholders. The Company does not have a lead independent director.

Board of Directors Meetings and Committees of the Board of Directors

There were five meetings of the Board of Directors and the Board of Directors acted pursuant to unanimous written consent on three additional occasions during the fiscal year ended June 30, 2011. The Board of Directors has determined that each of the directors, except Mr. Chopra and Mr. Mehra, is independent within the meaning of the rules and regulations of the U.S. Securities and Exchange Commission ("SEC") and NASDAQ director independence standards ("Listing Standards"), as currently in effect. Furthermore, the Board of Directors has determined that each of the members of each of the committees of the Board of Directors is independent within the meaning of the rules and regulations of the SEC and the Listing Standards, as currently in effect.

All members of the Audit Committee are independent, as independence for audit committee members is defined in Rule 10A-3(b)(1) under the Exchange Act and the Listing Standards applicable to the Company.

The Audit Committee currently consists of Messrs. Good, Luskin and Ballhaus. The Board of Directors has determined that, based upon his work experience, Mr. Good qualifies as an "Audit Committee Financial Expert" as this term has been defined under the rules and regulations of the SEC. To date, no determination has been made as to whether the other members of the Audit Committee also qualify as Audit Committee Financial Experts.

There were four meetings of the Audit Committee during the fiscal year ended June 30, 2011. See "Report of Audit Committee." The Audit Committee acts pursuant to a written charter adopted by the Board of Directors, a copy of which is available under the Investor Relations section of the Company's website <http://www.osi-systems.com>.

Stockholders must also comply with all requirements of the Company's Bylaws, a copy of which is available from the Secretary upon written request, with respect to nomination of persons for election to the Board of Directors. The Company may also require any proposed nominee to furnish such other information as the Company or the Nominating and Governance Committee may reasonably require to determine the eligibility of the nominee to serve as a director. In performing its evaluation and review, the Nominating and Governance Committee generally does not differentiate between candidates proposed by stockholders and other proposed nominees, except that the Nominating and Governance Committee may consider, as one of the factors in its evaluation of stockholder recommended candidates, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of the Company.

There are no stockholder nominations for election to the Company's Board of Directors to be voted on at this year's Annual Meeting. All of this year's nominees for director are currently directors of the Company. Stockholders wishing to submit nominations for next year's annual meeting of stockholders must notify the Company of their intent to do so on or before the date on which nominations must be received by the Company in accordance with its Bylaws and the rules and regulations of the SEC. For details see "Stockholder Proposals."

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is composed of two non-employee directors, Messrs. Luskin and Good. No executive officer of the Company has served during the fiscal year ended June 30, 2011 or subsequently as a member of the board of directors or compensation committee of any entity which has one or more executive officers who serve on the Company's Board of Directors or the Compensation Committee. During the fiscal year ended June 30, 2011, no member of the Company's Compensation Committee had any relationship or transaction with the Company required to be disclosed pursuant to Item 404 of Regulation S-K.

Ballhaus, Jr. as directors of the Company. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, for each of the above-named nominees. **RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM
(Proposal No. 2 of the Proxy Card)**

The Audit Committee of the Board of Directors has selected Moss Adams LLP ("Moss Adams") as the Company's independent registered public accountants for the year ending June 30, 2012 and has further directed that management submit the selection of independent registered public accountants for ratification by the Company's stockholders at the Annual Meeting. Moss Adams has no financial interest in the Company, and neither it nor any member or employee of the firm has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee.

In the event that the Company's stockholders fail to ratify the selection of Moss Adams, the Audit Committee will reconsider whether or not to retain the firm. Even if the selection is ratified, the Audit Committee and the Board of Directors in their discretion may direct the appointment of a different independent accounting firm at any time during the year if they determine that such a change would be in the Company's and its stockholders' best interests.

Representatives of Moss Adams are expected to be present at the Annual Meeting, and they will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote "FOR" the ratification of Moss Adams as the Company's independent registered public accountants for the fiscal year ending June 30, 2012. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of this proposal. In order to be adopted, this proposal must be approved by the affirmative vote of the holders of a majority of the shares of Common Stock present and voting at the Annual Meeting.

**ADVISORY VOTE ON THE COMPANY'S EXECUTIVE COMPENSATION
FOR THE FISCAL YEAR ENDED JUNE 30, 2011
(Proposal No. 3 of the Proxy Card)**

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act") enables the Company's stockholders to vote to approve, on an advisory, non-binding basis, the Company's executive compensation for the fiscal year ended June 30, 2011 as disclosed in the Proxy Statement in accordance with the SEC's rules ("Say-on-Pay").

Summary

The Board of Directors is committed to excellence in governance and is aware of the significant interest in executive compensation matters by investors and the general public. The Company is asking its stockholders to provide advisory approval of the Company's executive compensation as such compensation is described in the "Compensation Discussion and Analysis" section, the tabular disclosure regarding such compensation and the accompanying narrative disclosure set forth in the Proxy Statement. The Company recognizes and values the critical role that executive leadership plays in its performance. The Company's executive compensation philosophy is intended to ensure that executive compensation is aligned with the Company's long-term business strategy, objectives and stockholder interests. The Company's executive compensation is designed to attract, motivate and retain highly qualified executives. The Company believes that its compensation policies and procedures are centered on pay-for-performance principles and are strongly aligned with the long-term interests of the stockholders. The Company urges the stockholders to review the "Compensation Discussion and Analysis" section of the Proxy Statement and executive-related compensation tables for more information.

Emphasis on Pay-For-Performance Principles

The Company believes that executive compensation should be tied to the performance of the Company on both a short-term and long-term basis. In fiscal year 2011, the Company experienced growth in revenue, net income and earnings per share. The Company generated strong sales growth and ended fiscal year 2011 with a record backlog. In recent years, the Company has continued to outperformed the equity markets in general as well as outperform its industry peers. The Company believes that its continued success is closely tied to the performance of its executive officers and has designed its compensation practices in order to reward the executives for their contributions to the overall success of the Company.

Alignment with Stockholders' Interests

The Company grants equity awards as a substantial component of the compensation program to reward long-term performance and further align the interests of management with those of the stockholders. The Company has generally used restricted stock and stock options as its equity incentive vehicles because these awards enable the executives to establish a meaningful equity stake in the Company while allowing them to participate in future value creation through appreciation of the shares. These awards tie the executives' interests to those of long-term stockholders and serve to motivate the executives to lead the Company to achieve long-term financial goals that are expected to lead to increased stockholder value. In addition to linking compensation value to stockholder value, these awards generally have a vesting period, which creates a strong retention incentive and helps ensure the continuity of the Company's operations.

Recommendation

The Board of Directors believes that the information provided in the section entitled "Compensation of Executive Officers and Directors" contained in the Proxy Statement demonstrates that the Company's

Table of Contents

executive compensation program was designed appropriately and is working to ensure that management's interests are aligned with the stockholders' interests and support long-term value creation. The following resolution will be submitted for a stockholder vote at the Annual Meeting:

"RESOLVED, that the stockholders of OSI Systems, Inc. approve, on an advisory basis, the compensation of the Company's Named Executive Officers, as disclosed in the section entitled "Compensation Discussion and Analysis," the accompanying compensation tables, and the related narrative disclosure contained in the Proxy Statement."

The Board of Directors recommends that you vote "FOR" the approval of the Company's executive compensation for the fiscal year ended June 30, 2011. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of this proposal. In order to be approved on an advisory basis, this proposal must be approved by the affirmative vote of the holders of a majority of the shares of Common Stock present and voting at the Meeting.

**ADVISORY VOTE ON THE DETERMINATION
OF THE FREQUENCY OF THE ADVISORY VOTE
ON THE COMPANY'S EXECUTIVE COMPENSATION**
(Proposal No. 4 of the Proxy Card)

The Dodd-Frank Act enables stockholders to indicate how frequently they believe the Company should seek future Say-on-Pay advisory votes (the "Say-on-Frequency"). Accordingly, the Company is seeking an advisory, non-binding determination from the stockholders as to the frequency with which the Company should present future Say-on-Pay advisory votes to the stockholders. The Company is providing stockholders the option of selecting a frequency of every one, two or three years, or abstaining. For the reasons described below, the Company recommends that the stockholders select a frequency of one year, or an annual vote.

The Board of Directors values constructive dialogue on executive compensation and other important governance topics with the Company's stockholders. The Board of Directors believes an advisory vote every year is appropriate because it will enable the stockholders to vote on the most recent executive compensation information that is presented in the Company's Proxy Statement, leading to more meaningful and timely communication between the Company and its stockholders on executive compensation matters. An annual advisory vote on executive compensation is consistent with the Company's policy of seeking input from, and engaging in discussions with, its stockholders on corporate governance matters and its executive compensation philosophy, policies and practices. Additionally, the Board of Director's determination was further based on the premise that this recommendation could be modified in future years if it becomes apparent that an annual frequency vote is not meaningful, burdensome or more frequent than dictated by best corporate governance practices.

As a stockholder, you have the choice to vote for one of the following choices, as indicated on the Proxy Card: to hold the Say-on-Frequency advisory vote on executive compensation every year, every two years or every three years, or you may abstain from voting.

While the Say-on-Frequency vote is advisory in nature and will not bind the Company to adopt any particular frequency, the Board of Directors intends to carefully consider the stockholder vote resulting from the proposal in determining how frequently the Company will hold future Say-on-Pay advisory votes.

The Board of Directors recommends that you vote for "1 YEAR" as the determination on frequency for an advisory vote on the Company's executive compensation. Holders of proxies solicited by this Proxy Statement will vote the proxies received by them as directed on the Proxy or, if no direction is made, in favor of an annual frequency. In order to be approved on an advisory basis, the frequency must be approved by the affirmative vote of the holders of a majority of the shares of Common Stock present and voting at the Meeting. If none of the frequency alternatives receives a majority of the votes cast, the Company will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by the stockholders.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes the Company's compensation philosophy, objectives, and processes, including the methodology for determining executive compensation for the Named Executive Officers. Please also refer to the more detailed compensation disclosures beginning with and following the "Summary Compensation Table" contained in this Proxy Statement.

Overview of Compensation Philosophy and Guiding Principles

The Company recognizes and values the critical role that executive leadership plays in its performance. The Company's executive compensation philosophy is intended to ensure that executive compensation is aligned with the Company's long-term business strategy, objectives and stockholder interests. The Company's executive compensation is designed to attract, motivate and retain highly qualified executives.

Role of the Compensation Committee

The Company's Board of Directors appoints members to the Compensation Committee. The Compensation Committee is responsible for establishing and approving all compensation for the Named Executive Officers, including base salaries, annual incentive bonuses, long-term equity incentive compensation, benefits and perquisites, and other compensation.

Compensation for each of the Named Executive Officers (other than the Chief Executive Officer) is recommended to the Compensation Committee by the Chief Executive Officer. Compensation for the Chief Executive Officer is established by the Compensation Committee on its own.

Each member of the Compensation Committee is independent within the meaning of the rules and regulations of the SEC and the Listing Standards, as currently in effect.

Executive Compensation Methodology

The Compensation Committee takes into account various qualitative and quantitative indicators of corporate and individual performance in determining the level and composition of compensation to be paid to the Named Executive Officers. In general, the process by which the Compensation Committee makes decisions relating to executive compensation includes, but is not limited to, consideration of the factors set forth in the following table:

Qualitative Factors

Furtherance of Long-term Goals
Individual Performance and Experience
Demonstration of Leadership Skills and Ability
Achievement of Strategic Targets

Quantitative Factors

Compensation Paid in Prior Years
Financial Performance of Company / Division
Performance Relative to Benchmarks

The Compensation Committee also evaluates the compensation of the Named Executive Officers in light of information regarding the compensation practices and corporate financial performance of other companies. The Compensation Committee assesses competitive market compensation against executive compensation surveys prepared by outside compensation consultants engaged by the Compensation Committee. During the year ended June 30, 2011, the Compensation Committee engaged Veritas

Table of Contents

Executive Compensation Consultants, LLC ("Veritas") for such purposes and reviewed certain proprietary Veritas analyses as well as the following published survey data:

Mercer Human Resource Consulting Executive Compensation Survey;

Towers Watson Data Services Top Management Compensation Survey; and

World at Work Salary Planning Survey.

The surveys reflect compensation levels and practices for executives holding comparable positions at the companies covered by the surveys. The survey data included: (i) base salary; (ii) annual bonus; (iii) total cash compensation; (iv) long-term incentives and (v) total compensation.

The Compensation Committee reviewed these surveys to obtain information regarding current compensation practices and to analyze how executive compensation for the Named Executive Officers compares to prevailing practices.

In implementing the Company's compensation program, the Compensation Committee seeks to achieve balance among the following factors, among others:

Compensation Factors	Relative Weight
Alignment with Stockholder Interests	Primary Importance (overriding principle for all compensation decisions)
Accomplishment of Long-Term Strategic Goals and Objectives	Highly Important
Attracting and Retaining Executive Talent	Highly Important
Meeting Financial Targets	Important
Accomplishment of Near-Term Strategic Goals and Objectives	Important

All compensation decisions are designed to encourage performance that enhances long-term stockholder value. The Compensation Committee believes that attracting and retaining executive talent capable of achieving the Company's long-term, strategic objectives is the best way to align executive compensation decisions with the interests of stockholders. The Compensation Committee also believes that meeting financial targets as well near-term strategic goals demonstrates whether an executive is on track to accomplish longer-term objectives.

Executive Compensation Program Elements

The particular elements of the compensation program for the Named Executive Officers consist of the following:

Fixed Compensation. Fixed compensation for Named Executive Officers consists principally of base salary. Base salary is set to attract and retain executive talent. It provides a fixed rate of pay and is generally not at risk of upward or downward adjustment until the following year. Base salaries for the Named Executive Officers are established at levels considered appropriate in light of the duties and scope of responsibilities of each executive officer's position and the experience the individual brings to the position. Salaries are reviewed periodically and adjusted, typically on an annual basis, to reflect sustained individual performance. In determining whether base salary increases for fiscal year 2011 were appropriate, the Compensation Committee considered the Company's general financial performance, the minimum base salary amount provided for in the Named Executive Officer's

Table of Contents

employment agreement (for those Named Executive Officers that have entered into employment agreements with the Company), as well as a subjective determination of each Named Executive Officer's responsibilities, past performance and expected future contributions.

Fixed base salary is intended to compensate the Named Executive Officers for their ongoing responsibilities. The Compensation Committee believes that annual incentive bonuses and long-term compensation/equity awards, on the other hand, provide executives with the opportunity for substantial rewards for achieving successful performance and has tended to rely more on those elements than on year-to-year base salary adjustments to reward executives for individual or Company performance.

Variable Compensation. Variable compensation for Named Executive Officers consists principally of annual incentive bonuses and long-term incentive compensation in the form of equity based awards. In determining variable compensation, the Compensation Committee considers both qualitative and quantitative factors, including the following:

Qualitative Factors	Quantitative Factors
Quality of the Management of Units or Functions Managed by the Named Executive Officer	Financial Performance (including earnings per share and internal metrics)
Leadership of Personnel Under the Named Executive Officer's Management	Financial Performance Metrics for Business Units Managed by the Named Executive Officer
Execution of Strategically Important Projects	Compensation Surveys Provided by External Advisors
Overall Effectiveness of Units or Functions Managed by the Named Executive Officer	
Contributions to the Formulation of Company Strategy and Tactics	
Contributions to Stockholder Value	
Management of Risk	

Named Executive Officers are eligible for an annual incentive bonus. Annual incentive bonuses are designed to focus the Company's Named Executive Officers on annual operating achievement and near-term success.

The particular performance achievements for each of the Named Executive Officers (other than the Chief Executive Officer) are recommended by the Chief Executive Officer and reviewed by the Compensation Committee. The Compensation Committee also reviews and approves the amounts to be paid to each of the Named Executive Officers, based on the Chief Executive Officer's recommendation. The performance achievements for the Chief Executive Officer are established by the Compensation Committee. The Compensation Committee also reviews and approves the amounts to be paid to the Chief Executive Officer.

Having agreed on the performance achievements, the Compensation Committee also assesses the value that each of the Named Executive Officers provided through the generation of new sources of revenue, achievement of operational efficiencies, management of risk and completion of strategic initiatives. The annual incentive bonus earned for fiscal year 2011 by each of the Named Executive Officers is shown in the "Bonus" column of the "Summary Compensation Table."

The Company's long-term incentive program is designed to retain the Named Executive Officers and to align the interests of the Named Executive Officers with the long-term interests of the

Table of Contents

Company's stockholders, namely the achievement of sustainable, long-term stock price appreciation. The Company's long-term incentive program consists of periodic grants of restricted stock and stock options which are made at the discretion of the Compensation Committee under the Company's Amended and Restated 2006 Equity Participation Plan (the "Equity Plan").

The size and timing of grants for each of the Named Executive Officers (other than the Chief Executive Officer) are recommended by the Chief Executive Officer and reviewed and approved by the Compensation Committee. The size and timing of grants for the Chief Executive Officer are established by the Compensation Committee.

Decisions regarding the amount of the grant and other discretionary aspects of the grant take into consideration Company performance, the Named Executive Officer's level of responsibility, the ability of the individual to affect overall financial performance and the nature and terms of grants made in prior years. However, the Compensation Committee also considers a number of factors that are not directly tied to the performance of the Named Executive Officer, including the number and value of equity grants previously made under the Equity Plan, dilution effects on the Company's stockholders and prevailing practices in the market.

All equity awards are made at fair market value on the date of grant (which is the date on which the Compensation Committee authorizes the grant). Under the Equity Plan, fair market value is determined by the closing price of the Company's Common Stock on such dates. Equity awards typically vest in a series of installments over a three or four-year vesting period. The Compensation Committee believes that this vesting period provides an incentive for the Named Executive Officers to remain with the Company and also focuses the Named Executive Officers on the long-term performance and business objectives of the Company for the benefit of stockholders.

During fiscal year 2011, the fair market value of awards given to each of the Named Executive Officers increased as compared to the awards given in fiscal year 2010, primarily because of the Company's improved financial and operational performance. The Compensation Committee believes that the amount of each Named Executive Officer's equity awards is consistent with the Company's compensation objectives of aligning incentives with the desired individual performance of the Named Executive Officer, the Company's long-term financial goals and factors that create long-term stockholder value.

Benefits and Perquisites. Benefits and perquisites are designed to attract and retain key employees. Currently, the Named Executive Officers are eligible to participate in benefit plans available to all employees, including the Company's 401(k) Plan, Equity Plan, Employee Stock Purchase Plan, medical, dental, and vision health insurance plans and life and long-term disability insurance plans. The 401(k) Plan, Employee Stock Purchase Plan and the medical, dental and vision plans require each participant to pay a contributory amount. The Company has elected to pay amounts contributed to medical, dental and vision health insurance plans and life and long-term disability insurance plans on behalf of the Named Executive Officers. In addition, the Company maintains an executive medical reimbursement plan under which the Named Executive Officers receive reimbursement for out-of-pocket expenses not covered by their health insurance plans. The Company also provides a discretionary matching contribution to its 401(k) Plan for participating employees, including the Named Executive Officers. Employee individual plan contributions are subject to the maximum contribution allowed by the Internal Revenue Service. The Company also leases automobiles or provides an auto allowance to each of the Named Executive Officers.

The Company maintains a Nonqualified Deferred Compensation Plan (the "Deferred Compensation Plan") that is unfunded for federal tax purposes and allows the Named Executive Officers and a select group of other managers or highly compensated employees (as designated by the

Table of Contents

Compensation Committee) to defer a specified percentage of certain compensation, including salary, bonuses and commissions. The Deferred Compensation Plan also allows the Company to make discretionary contributions and matching contributions on behalf of eligible participants. Distributions may be made in a lump sum (or in installments if elected in accordance with the terms of the Deferred Compensation Plan) upon termination of employment, disability, a specified withdrawal date or death. Additional information about this plan is summarized below under the heading "Nonqualified Deferred Compensation."

The Company also maintains a Nonqualified Defined Benefit Plan (the "Defined Benefit Plan") that is unfunded for federal tax purposes and that constitutes an unsecured promise by the Company to make payments to participants in the future following their retirement, termination in connection with a change in control of the Company, or their death or disability. Under the terms of the Defined Benefit Plan, a committee designated by the Board of Directors may select participants from among the Named Executive Officers and a select group of managers or other highly compensated employees. Currently, Mr. Chopra is the only participant in this plan. Additional information about this plan is summarized below under the heading "Pension Benefits."

Total Compensation Mix

The Compensation Committee believes that the elements described above provide a well proportioned mix of equity-based, at risk or performance based compensation, and retention based compensation that produces short-term and long-term incentives and rewards. The Company believes this compensation mix provides the Named Executive Officers a measure of security as to the minimum levels of compensation that they are eligible to receive, while motivating the Named Executive Officers to focus on the business measures that will produce a high level of performance for the Company, as well as reducing the risk of recruitment of highly qualified executive talent by the Company's competitors. The mix of annual incentives and the equity-based awards likewise provides an appropriate balance between short-term financial performance and long-term financial and stock performance. The Company believes that its compensation mix results in a pay-for-performance orientation that is aligned with its compensation philosophy, which takes into account individual, group and Company performance.

Employment Agreements

The Company has entered into employment agreements with Messrs. Chopra, Edrick, Mehra and Sze. The terms of each of such agreements are summarized below under the heading "Employment Agreements."

Impact of Accounting and Tax on the Form of Compensation

The Compensation Committee considers applicable tax laws, securities laws and accounting regulations in structuring and modifying its compensation arrangements and employee benefit plans. The Compensation Committee has considered the impact of generally accepted accounting principles on the Company's use of equity-based awards. This consideration factored heavily in the Company's decision with respect to stock options grants made in fiscal year 2011. The Compensation Committee also considers the limits on deductibility of compensation imposed by Section 162(m) of the Internal Revenue Code with respect to annual compensation exceeding \$1.0 million and Section 280G of the Internal Revenue Code with respect to change in control payments exceeding specified limits.

Pension Benefits

The Company maintains the Defined Benefit Plan. The Defined Benefit Plan constitutes an unsecured promise by the Company to make payments to participants upon vesting. Mr. Chopra is currently the only participant in the Defined Benefit Plan.

Under the terms of his participation, commencing on the first day of the month following the date that he turns 65, Mr. Chopra will be paid \$500,000 per year for 10 years. For each full year of service that Mr. Chopra continues his employment with the Company past the age 65, Mr. Chopra's benefit will increase by \$33,333 up to a maximum annual benefit of \$600,000. If Mr. Chopra terminates his employment with the Company within two years of a "change in control" (as defined in the plan), he will be entitled to receive, in a single lump-sum payment, the net present value of his accrued benefit. If a change in control occurs after Mr. Chopra's retirement and prior to or during his distributions under the Defined Benefit Plan, he will receive an accelerated payment of the net present value of all remaining distributions.

Nonqualified Deferred Compensation

The Company adopted the Deferred Compensation Plan in May 2008. Under the Deferred Compensation Plan, a select group of the Company's management or highly compensated employees (as designated by the Compensation Committee), including the Named Executive Officers, may defer a specified percentage of their salary, bonuses and commissions and thereby defer taxation of these deferred amounts until actual payment of the deferred amounts in future years. The Named Executive Officers may elect to defer up to eighty percent (80%) of their base salary and up to one hundred percent (100%) of other types of eligible compensation. The Deferred Compensation Plan also allows the Company to make discretionary contributions and matching contributions on behalf of eligible participants.

Participants receive market-based returns on their deferred compensation amounts based on the performance of a variety of mutual fund-type investment vehicles chosen by them and which are similar to the investment vehicles made available to all employees participating in the Company's 401(k) Plan. Participants may at any time change their investment allocations among the investment vehicles made available under the Deferred Compensation Plan. The rates of return for the Named Executive Officers for deferred amounts in the Deferred Compensation Plan in fiscal 2011 ranged from 0.1% to 28.8%.

Distributions to participants may be made in a lump sum (or in installments if elected in accordance with the terms of the Deferred Compensation Plan) upon termination of employment, disability, a specified withdrawal date or death.

Employment Agreements

The Company has entered into employment agreements with Messrs. Chopra, Edrick, Mehra and Sze.

Deepak Chopra's Employment Agreement

On January 6, 2010, the Company entered into its current employment agreement with Mr. Chopra. Unless the agreement is terminated earlier in accordance with its terms, the agreement has a three-year term that automatically renews on each anniversary of the effective date of the agreement. The agreement provides for a base salary to be determined each year by the Company. Mr. Chopra is also eligible to receive discretionary bonus payments from the bonus pool established by the Company for its officers and employees and to participate in incentive compensation and other employee benefit plans established by the Company. The agreement contains certain restrictive covenants and other prohibitions that protect the Company's proprietary and confidential information following termination and preclude Mr. Chopra during the term of the agreement and for two years thereafter from soliciting for hire any individual that was an executive, supervisor or manager of the Company on, or within 90 days prior to, Mr. Chopra's last date of employment with the Company.

Under the terms of the agreement, the Company may terminate Mr. Chopra's employment at any time for "cause" (as defined in the agreement), or for the following additional reasons: (i) in the event of Mr. Chopra's death; (ii) because of physical or mental incapacity or disability, failure to perform the essential functions of his position for an aggregate period of 180 days within any 12 month period; or (iii) without cause on 12 months written notice, each as further detailed in the agreement. Mr. Chopra may

Table of Contents

also terminate his employment agreement at any time upon 12 months written notice to the Company or upon three months notice if such termination is for "good reason" (as defined in the agreement).

In the event of the termination of Mr. Chopra's employment by the Company without cause or by Mr. Chopra for good reason, Mr. Chopra shall be entitled to a single lump-sum payment equal to three times the average of Mr. Chopra's highest two years out of the prior five years of total annual compensation, including: (i) base salary; (ii) bonus and incentive compensation; (iii) the fair value of any stock, options or other equity grants whether vested or not and (iv) the annualized value of all benefits and perquisites. Mr. Chopra would also receive the acceleration of vesting of all stock options and equity grants from the Company to Mr. Chopra and an extension of time to exercise such stock options such that Mr. Chopra's right to exercise such stock options shall continue until the first anniversary of the last day of his employment, but in no event later than the expiration date of the options.

In the event of the termination of Mr. Chopra's employment by the Company without cause or by Mr. Chopra for good reason, within 90 days prior to or 12 months after a "change of control" (as defined in the agreement), then Mr. Chopra shall be entitled to the same lump sum payment described in the previous paragraph. Mr. Chopra may, at his option, and in lieu of receiving the forgoing, elect to receive a lump sum payment in an amount equal to the product of 2.99 multiplied by Mr. Chopra's "base amount" (as defined in Internal Revenue Code Section 280G(b)(3)).

The Company maintains the Defined Benefit Plan, the purpose of which is to provide specified payments to participants following retirement, termination in connection with a change in control of the Company, or the participant's death or disability. Currently, Mr. Chopra is the only employee that participates in this plan. Under the terms of his participation, commencing on the first day of the month following the date that he turns 65, Mr. Chopra will be paid \$500,000 per year for 10 years. For every year that Mr. Chopra continues his employment with the Company past the age 65, Mr. Chopra's benefit will increase by \$33,333. However, in no event will his total yearly benefit exceed \$600,000. If Mr. Chopra terminates his employment with the Company within two years of a "change in control" (as defined in the plan), he will be entitled to receive, in a single lump-sum payment, the net present value of his accrued benefit. If Mr. Chopra remains in the service of the Company for more than two years following a change in control, his benefit will continue as scheduled. If a change in control occurs after Mr. Chopra's retirement and prior to or during his distributions under the Defined Benefit Plan, he will receive an accelerated payment of the net present value of all remaining distributions.

Alan Edrick's, Ajay Mehra's and Victor Sze's Employment Agreements

On September 22, 2008, the Company entered into its current employment agreement with each of Messrs. Edrick and Sze. On September 14, 2009, the Company entered into its current employment agreement with Mr. Mehra. For purposes of this section, Messrs. Edrick, Mehra and Sze are each individually referred to as the "Executive." The terms of such agreements are substantially identical. Unless the agreement is terminated earlier in accordance with its terms, the Company will employ the Executive until the later of (i) the third anniversary of the date of the agreement or (ii) one year following the date that the Company notifies the Executive of its election to end the term of the agreement. The agreement provides for a base salary to be determined each year by the Company. The Executive is also eligible to receive discretionary bonus payments from the bonus pool established by the Company for its officers and employees and to participate in incentive compensation and other employee benefit plans established by the Company. The agreement contains certain restrictive covenants and other prohibitions that protect the Company's proprietary and confidential information following termination and preclude the Executive during the term of the agreement and for two years thereafter from soliciting for hire any individual that was an executive, supervisor or manager of the Company on, or within 90 days prior to, Executive's last date of employment with the Company.

Table of Contents

Under the terms of the agreement, the Company may terminate Executive's employment at any time for "cause" (as defined in the agreement), or for the following additional reasons: (i) in the event of the Executive's death; (ii) because of physical or mental incapacity or disability, failure to perform the essential functions of his position for an aggregate period of 60 days within any six-month period; or (iii) without cause on 30 days written notice, each as further detailed in the agreement. The Executive may also terminate his employment agreement for "good reason" (as defined in the agreement) or at any time on 30 days written notice.

In the event of the termination of the Executive's employment by the Company without cause or by the Executive for good reason, the Executive shall be entitled to: (i) an amount equal to 18 months salary at the Executive's then-current base salary; (ii) an amount equal to 1.5 times the average bonus paid by the Company to the Executive in the three years preceding such termination; and (iii) the acceleration of vesting of all stock options and equity grants from the Company to the Executive and an extension of time to exercise such stock options such that the Executive's right to exercise such stock options shall continue until the first anniversary of the last day of his employment, but in no event later than the expiration date of the options.

In the event of the termination of the Executive's employment by the Company without cause or by the Executive for good reason, within 90 days prior to or 12 months after a "change of control" (as defined in the agreement), then the Executive shall be entitled to (i) an amount equal to 24 months salary at the Executive's then-current base salary; (ii) an amount equal to twice the average of bonuses paid by the Company to the Executive in the three years preceding such termination; and (iii) the acceleration of vesting of all stock options and equity grants from the Company to the Executive, and such stock options shall remain exercisable by the Executive for no less than 12 months after the date of such termination. Under such circumstances, the Executive may, at his option, and in lieu of receiving the forgoing amounts, elect to receive a lump sum payment in an amount equal to the product of 2.99 multiplied by the Executive's "base amount" (as defined in Internal Revenue Code Section 280G(b)(3)).

Potential Payment upon Termination of Employment or Change in Control

The following tables reflect the breakdown of potential payments and benefits upon termination or a change in control required under the Named Executive Officers' current employment agreements. The tables therefore assume that the terms of the employment agreement to which each Named Executive Officer is currently subject had been in effect on June 30, 2011, and that employment terminated on such date. The tables also assume that the price of the Company's Common Stock, on which certain calculations in the following tables are made, was the closing price of the Company's Common Stock on that date (\$43.00).

Please also note that regardless of the manner in which a Named Executive Officer's employment terminates, the officer is entitled to receive amounts earned during the term of employment. These amounts, which are not included in the following tables, include: (i) regular salary accrued as of the final date of employment; (ii) bonuses accrued as of the final date of employment; (iii) vacation and paid time off accrued as of the final date of employment; (iv) business expense reimbursements not yet paid as of the final date of employment; and (v) amounts contributed under the Company's qualified and nonqualified deferred compensation plans.

All disclosed amounts in the following tables are estimates only and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officers, which amounts would only be known at the time that they become eligible for such payments.

The Company currently intends that any future transactions with affiliates of the Company would be on terms at least as favorable to the Company as those that can be obtained from unaffiliated third parties.

The Audit Committee of the Board of Directors reviews proposed transactions in which the Company and any person who is a member of the Board of Directors, a nominee to become a member of the Board of Directors, an executive officer of the Company, or any immediate family member of any of the foregoing would have a direct or material interest in the transaction and the amount of the transaction is not negligible. The review involves an evaluation, without participation by any member of the Audit Committee with a direct or material interest in the transaction, of whether the transaction would be on terms at least as favorable to the Company as those that could have been obtained from unaffiliated third parties. This policy is supported by the Charter of the Audit Committee of the Board of Directors.

Audit Committee's Pre-Approval Policy

The Audit Committee pre-approves all audit, audit-related and tax services (other than prohibited non-audit services) to be provided by the independent public accountants. The Audit Committee has delegated to its Chairman the authority to pre-approve all other services to be provided by the independent public accountants, up to an aggregate of \$50,000 each fiscal year. The Chairman reports each such pre-approval decision to the full Audit Committee at its next scheduled meeting.

Independence

The Audit Committee has considered whether Moss Adams' provision of services other than its audit of the Company's annual financial statement and its review of the Company's quarterly financial statements is compatible with maintaining such independent public accountant's independence and has determined that it is compatible.

REPORT OF AUDIT COMMITTEE

During the fiscal year ended June 30, 2011, the Audit Committee was composed of three non-employee directors, namely, Steven C. Good, Meyer Luskin and William F. Ballhaus. All members of the Audit Committee meet the independence and experience requirements of the SEC and Listing Standards. The Board of Directors has determined that Mr. Good qualifies as an "Audit Committee Financial Expert" as this term has been defined under the rules and regulations of the SEC. To date, no determination has been made as to whether the other members of the Audit Committee qualify as Audit Committee Financial Experts. The Audit Committee met four times during the fiscal year ended June 30, 2011.

At each of its meetings, the Audit Committee met with the senior members of the Company's financial management team and the independent public accountants. The Audit Committee's agenda is established by the Audit Committee's Chairman and the Company's Chief Financial Officer. During the year, the Audit Committee had private sessions with the Company's independent public accountants at which candid discussions of financial management, accounting and internal control issues took place.

The Audit Committee recommended to the Board of Directors the engagement of Moss Adams as the Company's independent public accountants. The Audit Committee reviewed with the Company's financial managers and the independent public accountants overall audit scopes and plans, the results of internal and external audit examinations, evaluations by the auditors of the Company's internal control, and the quality of the Company's financial reporting.

The Audit Committee has reviewed with management the audited financial statements in the Annual Report, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. In addressing the quality of management's accounting judgments, members of the Audit Committee asked for management's representations that the audited consolidated financial statements of the Company have been prepared in conformity with generally accepted accounting principles and have expressed to both management and the independent public accountants their general preference for conservative policies when a range of accounting options is available.

In its meetings with representatives of the independent public accountants, the Audit Committee asks them to address and discusses their responses to several questions that the Audit Committee believes are particularly relevant to its oversight. These questions include:

Are there any significant accounting judgments made by management in preparing the financial statements that would have been made differently had the independent public accountants themselves prepared and been responsible for the financial statements?

Based on the independent public accountants' experience and their knowledge of the Company, do the Company's financial statements fairly present to investors, with clarity and completeness, the Company's financial position and performance for the reporting period in accordance with generally accepted accounting principles and SEC disclosure requirements?

Based on the independent public accountants' experience and their knowledge of the Company, has the Company implemented internal control and internal audit procedures that are appropriate for the Company?

The Audit Committee believes that by thus focusing its discussions with the independent public accountants, it can promote a meaningful dialogue that provides a basis for its oversight judgments.

Table of Contents

The Audit Committee also discussed with the independent public accountants all other matters required to be discussed by the independent public accountants with the Audit Committee under Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee received and discussed with the independent public accountants their annual written report on their independence from the Company and its management, which is made under PCAOB Ethics and Independence Rule 3526 (Communicating with Audit Committee Concerning Independence), and considered with the independent public accountants whether the provision of services provided by them to the Company during the fiscal year ended June 30, 2011 was compatible with the independent public accountants' independence.

Finally, the Audit Committee reviewed and discussed with management and the independent public accountants the evaluation of the Company's internal control and the audit of management's report on the effectiveness of the Company's internal control over financial reporting, as required by Section 404 of the Sarbanes-Oxley Act of 2002.

In performing all of these functions, the Audit Committee acts only in an oversight capacity. The Audit Committee reviews the Company's SEC reports prior to filing and all quarterly earnings announcements in advance of their issuance with management and representatives of the independent public accountants. In its oversight role, the Audit Committee relies on the work and assurances of the Company's management, which has the primary responsibility for financial statements and reports, including evaluating the effectiveness of disclosure controls and procedures, and evaluating the effectiveness of internal control over financial reporting, and of the independent public accountants, who, in their report, express an opinion on the conformity of the Company's annual financial statements with accounting principles generally accepted in the United States of America, as well as expressing an opinion on (i) management's assessment of the effectiveness of internal control over financial reporting and (ii) the effectiveness of internal control over financial reporting.

In reliance on these reviews and discussions, and the report of the independent public accountants, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended June 30, 2011, for filing with the SEC.
