Dear Stockholder:

On behalf of the board of directors and management of Bruker Corporation, I would like to invite you to attend our Annual Meeting of Stockholders to be held on Friday, May 18, 2012 at 9:00 a.m., Local Time, at the offices of Nixon Peabody LLP, 100 Summer Street, Boston, Massachusetts.

The Notice of Annual Meeting of Stockholders and Proxy Statement, which describe the formal business to be conducted at the meeting, and Proxy Card, accompany this letter. The Company's Annual Report to Stockholders is also enclosed for your information.

All Stockholders are invited to attend the Meeting. To ensure your representation at the Meeting, however, you are urged to vote by proxy by completing, dating and returning the enclosed Proxy Card. A postage-paid envelope is enclosed for that purpose. Regardless of the number of shares you own, your careful consideration of, and vote on, the matters before the Stockholders is important.

I look forward to your participation and thank you for your continued support.

Sincerely,

Frank H. Laukien, Ph.D.
Chairman, President and Chief Executive Officer

**BRUKER CORPORATION
NOTICE OF ANNUAL MEETING OF STOCKHOLDERS**

To Our Stockholders:

Notice is hereby given that the Annual Meeting of the Stockholders of Bruker Corporation will be held on May 18, 2012, at 9:00 a.m., Local Time, at the offices of Nixon Peabody LLP, 100 Summer Street, Boston, Massachusetts, for the following purposes:

1. To elect the four Class III nominees for director named in the accompanying proxy statement to hold office until the 2015 Annual Meeting of Stockholders.
2. To ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2012.
3. To transact such other business as may properly come before the meeting or any adjournment or postponement thereof.

The board of directors has fixed the close of business on March 30, 2012 as the record date for the determination of stockholders entitled to notice of and to vote at this Annual Meeting and at any adjournment or postponement thereof.

By order of the board of directors

Frank H. Laukien, Ph.D.
Chairman, President and Chief Executive Officer

Billerica, Massachusetts
April 13, 2012

All stockholders are invited to attend the meeting. Whether or not you plan to attend, you can ensure that your shares are represented at the meeting by promptly voting and submitting your proxy by telephone or by the internet, or by completing, dating and returning the enclosed Proxy Card in the enclosed postage-paid envelope. Your shares cannot be voted unless you vote by telephone or internet, date, sign and return the enclosed Proxy Card, or attend the meeting in person. Regardless of the number of shares you own, your careful consideration of, and vote on, the matters before the stockholders is important. Even if you have given your proxy, you may still vote in person if you attend the meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you will not be permitted to vote in person at the meeting unless you first obtain a proxy issued in your name from the record holder.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 18, 2012:

This Proxy Statement and the accompanying Annual Report are available via the Internet at: <http://ir.bruker.com>

**BRUKER CORPORATION
PROXY STATEMENT**

This proxy statement and the enclosed proxy card are furnished in connection with the solicitation of proxies by the board of directors of Bruker Corporation (the "Company") for use at the 2012 Annual Meeting of Stockholders (the "2012 Annual Meeting") to be held on May 18, 2012, at the time and place set forth in the notice of the meeting and at any adjournments thereof. The approximate date on which this proxy statement and form of proxy are first being sent to stockholders is April 13, 2012.

The holders of a majority in interest of all of the Company's common stock, par value \$.01 per share ("Common Stock") issued, outstanding and entitled to vote are required to be present in person or be represented by proxy at the 2012 Annual Meeting in order to constitute a quorum for the transaction of business. Each share of Common Stock outstanding on the record date will be entitled to one vote on all matters.

For Proposal No. 1, the four candidates for election as directors at the 2012 Annual Meeting who receive the highest number of affirmative votes will be elected. For Proposal No. 2, the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2012, the affirmative vote of holders of a majority of the shares of Common Stock represented in person or by proxy and entitled to vote on the proposal will be required for approval.

Because abstentions with respect to any matter are treated as shares present or represented and entitled to vote for the purposes of determining whether that matter has been approved by the stockholders, abstentions have the same effect as negative votes for each proposal other than the election of directors.

If the enclosed proxy card is properly executed and returned, it will be voted in the manner instructed by the stockholder. If a proxy card is properly submitted but contains no instructions, the shares represented thereby will be voted FOR all nominees for director in Proposal No. 1 and FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for fiscal 2012 in Proposal No. 2. In addition, if other matters come before the meeting, the persons named in the accompanying proxy and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. Any person signing the enclosed form of proxy has the power to revoke it by voting in person at the meeting or by giving written notice of revocation to the Secretary of the Company at any time before the proxy is exercised. Please note, however, that if your shares are held of record by a broker, bank or nominee and you wish to vote at the meeting, you will not be permitted to vote in person unless you first obtain a proxy issued in your name from the record holder.

If shares are held in the "street name" of a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to certain of the proposals to be acted upon. If the broker or nominee is not given instructions as to how to vote such shares, the broker has authority under New York Stock Exchange rules to vote those shares for or against "routine" matters, such as the ratification of accounting firms. Brokers cannot vote on their customers' behalf on "non-routine" proposals such as the election of directors and the advisory vote on the compensation of the Company's named executive officers. These rules apply notwithstanding the fact that shares of the Company's Common Stock are traded on the NASDAQ Global Select Market. If the brokerage firm lacks discretionary voting power with respect to an item that is not a routine matter and you do not provide voting instructions (a "broker non-vote"), such shares will be counted for purposes of establishing a quorum to conduct business at the 2012 Annual Meeting, but will not be counted for purposes of determining whether stockholder approval of any particular matter has been obtained.

The Company will bear the cost of the solicitation. Although it is expected that the solicitation will be primarily by mail, regular employees or representatives of the Company (none of whom will receive any extra compensation for their activities) may also solicit proxies by telephone, telecopier and in person and arrange for brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy materials to their principals at the expense of the Company.

Edgar Filing: BRUKER CORP - Form DEF 14A

The Company's 2011 Annual Report, including the Company's audited financial statements for the fiscal year ended December 31, 2011, is being mailed to stockholders concurrently with this proxy statement.

The Company's principal executive offices are located at 40 Manning Road, Billerica, Massachusetts 01821, and our telephone number is (978) 663-3660.

RECORD DATE AND VOTING SECURITIES

Only stockholders of record at the close of business on March 30, 2012 are entitled to notice of and to vote at the meeting. On March 30, 2012, the Company had outstanding and entitled to vote 166,092,519 shares of Common Stock. Each outstanding share of Common Stock entitles the record holder to one vote. Broadridge Financial Solutions, Inc. will tabulate all votes that are received prior to the date of the Annual Meeting. The inspector of elections, who will be one of our employees or one of our attorneys, will receive Broadridge's tabulation, tabulate all other votes, and certify the voting results.

CORPORATE INFORMATION

Bruker Corporation was incorporated in Massachusetts as Bruker Federal Systems Corporation. In February 2000, we reincorporated in Delaware as Bruker Daltonics Inc. In July 2003, we merged with Bruker AXS Inc., and we were the surviving corporation in that merger. In connection with that merger, we changed our name to Bruker BioSciences Corporation and formed two operating subsidiaries, Bruker Daltonics and Bruker AXS, into which we transferred substantially all of their respective assets and liabilities, except cash. In July 2006, we acquired Bruker Optics Inc., also a company under common control. In February 2008, we acquired the Bruker BioSpin group of companies, which we sometimes refer to as the Bruker BioSpin Group, also a group of companies under common control. In connection with the Bruker BioSpin acquisition, we changed our name to Bruker Corporation. Our five principal operating segments are Bruker BioSpin, Bruker Daltonics, Bruker MAT, Bruker Optics, and Bruker Energy & Supercon Technologies, or BEST.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The first proposal on the agenda for the 2012 Annual Meeting is the election of Richard D. Kniss, Joerg C. Laukien, William A. Linton and Chris van Ingen to serve as Class III directors for a three-year term beginning at the 2012 Annual Meeting and ending at our 2015 Annual Meeting of Stockholders or until a successor has been duly elected and qualified. The Company's Certificate of Incorporation, as amended, provides that the board of directors shall consist of three classes of directors with overlapping three-year terms. One class of directors is to be elected each year for a three-year term. Directors are assigned to each class in accordance with a resolution or resolutions adopted by the board of directors, each class consisting, as nearly as possible, of one-third the total number of directors. There are currently thirteen members of our board of directors, consisting of four Class I directors, five Class II directors and four Class III directors.

At the 2012 Annual Meeting, four nominees will be elected as Class III directors to serve for a term expiring at the 2015 Annual Meeting of Stockholders. The directors in each of Class I and Class II are serving terms expiring at the Company's Annual Meeting of Stockholders in 2013 and 2014, respectively.

Three of the nominees for Class III director, Richard D. Kniss, Joerg C. Laukien and William A. Linton, are currently Class III directors. One of the nominees for Class III director, Chris van Ingen, has been nominated to fill the vacancy that will be created by the retirement of Tony W. Keller, who has served as a Class III director since 2008, at the expiration of his current term. All nominees were unanimously approved by our board of directors, including unanimous approval by our independent

directors, upon the unanimous recommendation of the Nominating Committee, which is comprised of three independent directors.

Unless marked otherwise, proxies received will be voted **FOR** the election of each of the four nominees for the office of director. If any such nominee is unwilling or unable to serve as a nominee for the office of director at the time of the 2012 Annual Meeting, the proxies may be voted either (1) for a substitute nominee who shall be designated by the present board of directors to fill such vacancy or (2) for the other nominees only, leaving a vacancy. Alternatively, the size of the board of directors may be reduced so that there is no vacancy. The board of directors has no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

The Board of Directors recommends a vote FOR the election of each of the nominees for Director.

Certain Information Regarding Directors and Nominees

The biographies of each of the nominees and continuing directors below contain information regarding each person's service as a director, business experience, director positions held currently or at any time during the last five years, information regarding involvement in certain legal or administrative proceedings, if applicable, and the experiences, qualifications, attributes or skills that caused the board of directors to determine that the person should serve as a director of the Company in 2012.

BOARD LEADERSHIP STRUCTURE

Under our bylaws, the chairman of the Company's board of directors has the power to preside at all meetings of the board. Dr. Frank Laukien, our Chief Executive Officer and President, serves as the Chairman of our board of directors and has done so throughout the time we have been a public company. Although the board believes that the combination of the Chairman and Chief Executive Officer roles is appropriate in the current circumstances, the board does not have a fixed policy regarding the combination or separation of the offices of Chairman and Chief Executive Officer. Our board of directors believes that it should have the flexibility to make these determinations at any given point in time in the way that it considers best to provide appropriate leadership for the Company at that time.

The Chief Executive Officer is appointed by our board to manage the Company's daily affairs and operations. Dr. Laukien's extensive industry knowledge and long history of direct involvement in the Company's operations make him best suited to serve as Chairman in order to (i) lead the board in productive discussions on important matters affecting the Company; (ii) create a firm link between management and the board and promote the development and implementation of corporate strategy; (iii) determine necessary and appropriate agenda items for meetings of the board with input from the independent lead director and board committee chairpersons; and (iv) determine and manage the amount of time and information devoted to discussion and analysis of agenda items and other matters that may come before the board. Additionally, his significant equity ownership, at over 23% of the outstanding shares of the Company's common stock, means that he has a close and direct alignment of interests with the interests of our other shareholders.

While we believe that having a unified Chairman and Chief Executive Officer is appropriate and in the best interests of the Company and its shareholders at this time, our board structure also fosters strong oversight by independent directors. Since 2004, an independent lead director has been appointed by the independent directors to ensure an independent leadership contact. The lead director's responsibilities include: (i) consulting with the Chairman regarding agenda items for board meetings; (ii) chairing executive sessions of the independent directors; (iii) calling executive sessions of the independent directors of the board and advising the Chairman and Chief Executive Officer of actions or deliberations at such sessions; (iv) acting as a liaison between the independent directors and the full board, as necessary; and (v) establishing, in consultation with the Chairman and Chief Executive Officer and any appropriate board committees, procedures to govern the board's work, ensuring that the board of directors is appropriately approving strategy and supervising management's progress. Dr. William Linton has served in the role of lead director since the position was established in 2004. The Chairman and Chief Executive Officer consults periodically with the lead director on governance matters and on issues facing the Company. In addition, the lead director serves as the principal liaison between the Chairman and the independent directors and presides at executive sessions of independent directors at regularly scheduled in-person board meetings. The board of directors believes that this approach appropriately and effectively complements the Company's combined Chairman and Chief Executive Officer.

BOARD MEETINGS, COMMITTEES AND COMPENSATION

There are thirteen members of our board of directors. A majority of our current directors, namely Wolf-Dieter Emmerich, Stephen W. Fesik, Brenda J. Furlong, Richard D. Kniss, William A. Linton, Richard A. Packer, and Charles F. Wagner, Jr., meet the independence requirements of the NASDAQ Stock Market LLC, or NASDAQ, listing standards. In addition, our board of directors has determined that new director nominee Chris van Ingen qualifies as independent under these standards.

During 2011, the board of directors of the Company held six meetings. Each director, other than Mr. Kniss and Dr. Linton, attended at least 75 percent of the total number of meetings of the board of directors and board committees of which he or she was a member in 2011. Mr. Kniss attended 67% of the total number of meetings of the board of directors and all of the meetings of the board committees of which he was a member and Dr. Linton attended 67% of the meetings of the board of directors. It is the policy of our board of directors that at least two directors, including at least one independent director, attend our Annual Meeting, either in person or by telephonic conference. Three directors attended our 2011 Annual Meeting. As described below, the board of directors has an Audit Committee, a Compensation Committee and a Nominating Committee.

Audit Committee. The Audit Committee of the board of directors is currently comprised of Brenda J. Furlong, Richard A. Packer, and Charles F. Wagner, Jr., each of whom satisfy the applicable independence requirements of the rules and regulations of the SEC and NASDAQ. Under these rules, we are required to have an Audit Committee consisting of at least three independent members. The Audit Committee met five times during 2011 in regular session. During 2011, the Audit Committee also met periodically in connection with its internal investigation into legal compliance matters at the China and Hong Kong operations of the Company's Bruker Optics subsidiary. Ms. Furlong, Chair of the Audit Committee, and Mr. Wagner each qualifies as an audit committee financial expert pursuant to applicable SEC rules and regulations.

Edgar Filing: BRUKER CORP - Form DEF 14A

The Audit Committee provides assistance to the board of directors in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting and internal control functions of the Company and its subsidiaries. The Audit Committee works extensively with the independent auditors, pre-approves all audit and non-audit services provided to the Company by its independent auditors, reviews the performance of the independent auditors and replaces or terminates the independent auditors when circumstances warrant. The Audit Committee is also charged with establishing and monitoring procedures for (i) the receipt, retention or treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and (ii) the confidential submission by the Company's employees of concerns regarding questionable accounting or auditing matters. None of the members of the Audit Committee has participated in the preparation of any financial statements of the Company at any time during the last three fiscal years. The Audit Committee's charter is available on the Company's website at <http://ir.bruker.com> under the "Corporate Governance" section.

Compensation Committee. The Compensation Committee, which is comprised of Wolf-Dieter Emmerich, Stephen W. Fesik and Richard D. Kniss, all of whom meet the independence requirements of the NASDAQ Listing Rules, met once during 2011. In addition to this meeting, members of the Compensation Committee communicated periodically throughout the year regarding compensation-related matters. Mr. Kniss is the Chairman of the Compensation Committee. The Compensation Committee (i) administers the Company's stock option plan; (ii) determines the chief executive officer's salary, bonus, and equity based compensation; (iii) oversees the executive compensation program for the Company's other executive officers; and (iv) determines such compensation, reviews general policy matters relating to compensation and employee benefits and makes recommendations concerning these matters to the board of directors. From time to time, the Company expects that various of its senior executive officers will provide analysis and recommendations to the Compensation Committee on compensation issues, as requested by the Compensation Committee. In particular, the Chief Executive Officer annually evaluates the performance of the Chief Financial Officer and the Chief Operating Officer and makes recommendations to the Compensation Committee regarding the compensation of these executive officers. The Compensation Committee reviews these performance evaluations and recommendations and, if the Committee deems appropriate, adopts the recommendations with little to no change. Our Chief Executive Officer, Chief Financial Officer and the Director of Human Resources may routinely attend meetings of the Compensation Committee to provide information relating to matters the Compensation Committee is considering. The Compensation Committee may, from time to time, meet in executive session without any executive officers present. The Compensation Committee's charter is available on the Company's website at <http://ir.bruker.com> under the "Corporate Governance" section.

Nominating Committee. The Nominating Committee is comprised of Wolf-Dieter Emmerich, William A. Linton and Richard A. Packer, all of whom meet the independence requirements of the NASDAQ Listing Rules. Mr. Packer is the Chairman of the Nominating Committee. The purpose of the Nominating Committee is to assist the board in identifying and recruiting individuals qualified to become board members, consistent with criteria approved by the board, and to recommend to the board nominees for election to the office of director at the next annual meeting of stockholders, or for election to fill any vacancies between annual meetings. While the board of directors retains responsibility for selecting nominees and recommending them for election by the Company's stockholders, the Nominating Committee is responsible for developing and implementing a process to identify qualified and willing candidates for recommendation to the board. The Nominating Committee is assisted by non-voting advisors from our board, including Dr. Frank Laukien, our Chairman, President, CEO and largest stockholder, and Mr. Joerg Laukien, a director and significant stockholder. The role of the advisors is to provide input to the Nominating Committee as major shareholders of the Corporation. The Nominating Committee's charter is available on the Company's website at <http://ir.bruker.com> under the "Corporate Governance" section.

Edgar Filing: BRUKER CORP - Form DEF 14A

The Nominating Committee met two times during 2011. In addition to these meetings, members of the Nominating Committee communicated periodically throughout the year regarding candidates for director and director nomination matters. At a meeting held in March 2012, the Nominating Committee unanimously recommended the current slate of nominees for director to the full board of directors.

DIRECTOR NOMINATIONS

On March 3, 2004, the Company adopted a policy by board resolution governing the nomination of directors, according to which the full board of directors approves all nominees for board membership. All nominees must also be approved by a majority of the Company's independent directors. Upon recommendation of the Nominating Committee, the qualifications of candidates will be reviewed by at least a majority of the independent directors of the Company, as well as the full board of directors. Stockholders may recommend director candidates for inclusion by the board of directors in the slate of nominees which the board recommends to stockholders for election as described below.

The process followed to identify and evaluate potential candidates includes requests to board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by the members of the Nominating Committee, the independent directors and the board. The Nominating Committee, the independent directors and the board are each authorized to retain advisers and consultants and to compensate them for their services. No such advisers or consultants were retained for this purpose during fiscal year 2011.

The Company does not have a formal policy with regard to the consideration of diversity in identifying director nominees, but strives to identify and recruit director candidates with a variety of complementary skills so that, as a group, the board will possess the appropriate talent, skills and expertise to oversee the Company's business. When considering a potential director candidate, the Nominating Committee evaluates the entirety of each candidate's experience and qualifications. The Nominating Committee looks for personal and professional integrity, demonstrated ability and judgment and business experience.

In considering whether to recommend any candidate for inclusion in the board's slate of recommended director nominees, the board and the independent directors apply the criteria which are set forth in a resolution of the board approved and adopted on March 3, 2004.

These criteria include, but are not limited to, the following:

experience in aspects of business or technology relevant to the Company's business;

sufficient time available to devote to the affairs of the Company;

character and integrity;

ability to represent the best interests of stockholders as a whole rather than special interest groups;

willingness to participate actively as a board member; and

communication, decision-making and interpersonal skills.

The board and the independent directors may also consider the following for some of the director nominees:

experience serving as a director of a public company;

familiarity with corporate governance issues;

independence, as determined in accordance with SEC rules and regulations and NASDAQ listing standards;

experience in running a comparable company or division of a comparable company;

insight into the Company, its strategy, business model, operations, and financials;

knowledge of industry trends and markets; and

qualification as an "audit committee financial expert" to serve on the Audit Committee in accordance with SEC and NASDAQ definitions.

In evaluating candidates recommended by the Nominating Committee, the board and the independent directors do not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

Although the Company does not have a specific policy with respect to the nomination of directors by stockholders, the Nominating Committee will consider nominations made by stockholders. The Company believes that it is not necessary to have a policy for director nominations by stockholders because the board of directors, including the Nominating Committee and the independent directors, is able to effectively locate and evaluate potential candidates for nomination to the board of directors due to the directors' intimate knowledge of the Company and the life science industry. However, stockholders may communicate directly with the Nominating Committee of the board of directors by written communication submitted to Richard M. Stein at the address set forth below under "Stockholder Communications." Mr. Stein shall be primarily responsible for monitoring the communications and providing summaries or copies of such communications to the Nominating Committee or the board of directors as he deems appropriate, and, as described below, will submit communications to the Nominating Committee or the board of directors, as appropriate, relating to corporate governance matters and long-term corporate strategy. Stockholders may use this process to suggest potential nominations to the board of directors. Such suggested nominations shall be forwarded to the Nominating Committee and the proposed candidates shall be evaluated using substantially the same process and applying the same criteria as used and applied in evaluating candidates submitted by board members. Nominations must be received by the Company within the timeframe set forth herein under "Time for Submission of Stockholder Proposals."

At the 2012 Annual Meeting, stockholders will be asked to consider the re-election of Richard D. Kniss, Joerg C. Laukien and William A. Linton, and the election of Chris van Ingen, to serve as Class III directors. All of the nominees for director are standing for election or re-election following the unanimous recommendation for nomination first by the Nominating Committee, and then by the full board of directors, including the unanimous approval of all of the Company's independent directors.

ROLE OF THE BOARD IN RISK OVERSIGHT

Our board of directors considers general oversight of the Company's risk management efforts to be a responsibility of the entire board. The board's role in risk oversight includes receiving regular reports from members of senior management on areas of material risk to the Company, or to the success of a particular project or endeavor under consideration, including operational, financial, legal and regulatory, strategic and reputational risks. The full board of directors, or the Audit Committee in the case of financial and compliance risks that are within the oversight of the Audit Committee, receives these reports from members of management to enable the board or the Audit Committee to understand the Company's risk identification, risk management, and risk mitigation strategies. To facilitate this process and assist the Audit Committee in fulfilling its responsibility for monitoring legal

and compliance risks, our director of internal audit, who reports directly to our Chief Financial Officer, also has a dotted line reporting relationship to the chairperson of the Audit Committee. The Audit Committee chairperson is authorized to give instructions and assignments directly to the director of internal audit, as to which assignments the director of internal audit reports directly and only to the Audit Committee chairperson. When a report is evaluated at the Audit Committee level, the chairperson of the Audit Committee subsequently reports on the matter to the full board to ensure coordination of the board's risk oversight activities. Our board of directors also believes that risk management is an integral part of our strategic planning process, which addresses, among other things, the risks and opportunities facing the Company.

COMPENSATION OF DIRECTORS

We pay the non-employee members of our board of directors a mix of cash and share-based compensation based on the determination of the Compensation Committee. Employee directors, including Dr. Frank Laukien, Dr. Dirk Laukien and Mr. Joerg Laukien, receive compensation only as employees of the Company and receive no additional compensation for service as a director. Dr. Tony Keller, who retired as an employee effective March 31, 2010, receives compensation for his ongoing service to the Bruker BioSpin Group and receives no additional cash compensation as a director of the Company. Directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the board or committees thereof.

Components of Director Compensation

During 2011, directors other than the employee directors and Dr. Tony Keller were paid cash compensation according to the following schedule:

Annual Retainer:	
Board Service	\$ 26,000
Audit Committee Service	\$ 18,000
Audit Committee Chair	\$ 10,000
Compensation Committee Service	\$ 8,000
Compensation Committee Chair	\$ 5,000
Attendance Fees per Board meeting	\$ 1,500

Effective April 1, 2012, the Compensation Committee approved the following changes to non-employee director cash compensation after consideration of a survey of director compensation at comparable public companies. Except as indicated below, cash compensation payable to non-employee directors will remain unchanged from the schedule in effect throughout 2011.

Annual Retainer:	
Board Service	\$ 30,000
Audit Committee Chair	\$ 15,000
Nominating Committee Service	\$ 2,000
Nominating Committee Chair	\$ 3,000

In addition to the cash component of director compensation, share-based awards are made annually to non-employee directors as a component of their compensation. On January 5, 2011, the Company granted each non-employee director, other than Mr. Richard Stein, an annual equity award consisting of an option to purchase 6,000 shares of common stock. The 2011 option grants vest ratably in annual installments over three years on the anniversary of the grant date, beginning on January 5, 2012. On January 5, 2012, annual equity awards were granted to all non-employee directors other than Mr. Stein. The 2012 grants to non-employee directors again consisted of an option to purchase 6,000 shares of common stock. The 2012 grants vest ratably in annual installments over three years on the anniversary of the grant date, beginning on January 5, 2013. Effective for grants beginning in 2013,

Edgar Filing: BRUKER CORP - Form DEF 14A

the Compensation Committee has approved an increase in the number of shares covered by the annual grants to non-employee directors, other than Mr. Stein so long as he remains a partner at Nixon Peabody LLP, to 10,000 shares from 6,000 shares.

Dr. Emmerich, Ms. Furlong, Dr. Keller, Dr. Frank Laukien, Mr. Joerg Laukien, Mr. Wagner and Mr. van Ingen also serve as members of the board of directors of Bruker Energy & Supercon Technologies, Inc., or BEST, a wholly-owned subsidiary of the Company. As non-employee directors of BEST, Dr. Emmerich, Ms. Furlong, Mr. Wagner and Mr. van Ingen are each entitled to receive \$15,000 as an annual retainer, payable in four equal quarterly installments per annum, as well as meeting fees of \$1,000 per meeting attended. Dr. Emmerich receives additional compensation of \$7,500 per year for service as chair of the Compensation Committee of the BEST board of directors and \$10,000 per year for service on the BEST Audit Committee. Ms. Furlong receives additional compensation of \$15,000 per year for service as chair of the Audit Committee of the BEST board of directors. Mr. van Ingen receives additional compensation of \$10,000 per year for service as the Executive Chairman of the BEST board of directors and \$5,000 per year for service on the BEST Compensation Committee. Mr. Wagner receives additional compensation of \$10,000 per year for service on the Audit Committee of the BEST board of directors.

The following table provides information concerning the compensation paid by us to each of our non-employee directors for the fiscal year ended December 31, 2011. The compensation received by Dr. Frank Laukien, our President and Chief Executive Officer, is shown in the 2011 Summary Compensation Table on page 30 of this proxy statement. The compensation paid to each of Dr. Dirk Laukien and Mr. Joerg Laukien as employees of the Company, as well as to Dr. Keller for his service to the Bruker BioSpin Group, is described under the heading "Transactions with Related Persons" beginning on page 33 of this proxy statement.

(1) Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to options held by that person that are currently exercisable, or become exercisable within 60 days from the date hereof, are deemed outstanding. However, such shares are not deemed outstanding for purposes of computing the percentage ownership of any other person.

(2) Includes options to purchase 100,000 shares of common stock that are currently exercisable, or become exercisable within 60 days of the date hereof. Also includes 2,116,309 shares owned by Robyn Laukien as to which Frank Laukien has voting power. Does not include 6,920 shares held by Dr. Laukien's adult son, 6,920 shares held in trust for his daughter, or 550 shares held by his spouse, in each case as to which Dr. Laukien disclaims beneficial ownership.

Stephan Westermann	44	Executive Vice President Order Execution, Production & Logistics, BSI Segment and Executive Vice President Operations, Bruker BioSpin Group

Our executive officers are elected by the board of directors and serve until their successors have been duly elected and qualified. In March 2012, our board of directors designated the persons listed above as the Company's executive officers. Throughout the fiscal year ended December 31, 2011, our executive officers were Dr. Frank Laukien, Mr. William Knight and Mr. Brian Monahan. Our board of directors determined that the Company had no other executive officers in 2011. For biographical information relating to Dr. Laukien, who serves as both an executive officer and a director of the Company, please see "Certain Information Regarding Directors and Nominees" above. Biographical information relating to our current non-director executive officers is presented below.

William J. Knight. Mr. Knight has served as the Company's Chief Financial Officer since June 2011 and also served as Interim Chief Operating Officer from June 2011 to February 2012. From February 2010 to June 2011, Mr. Knight served as the Company's Chief Operating Officer. Prior to assuming the role of Chief Operating Officer, Mr. Knight served as Chief Financial Officer from October 2004 until February 2010 and as Treasurer from October 2004 to March 2009. Before joining the Company, Mr. Knight served as Chief Financial Officer of Anika Therapeutics, Inc., a provider of therapeutic products, from 2002 to 2004. He also served as Chief Financial Officer of Zycos, Inc., a developer of DNA-based therapeutic products, from 2000 to 2002, and as Chief Financial Officer of NMT Medical, Inc., a provider of cardiovascular and neurological medical devices, from 1998 to 2000. Mr. Knell's audit experience at Ernst & Young included service for a variety of clients in the retail, consumer products and manufacturing industries. Mr. Knell is a Certified Public Accountant in Massachusetts and holds a Bachelor of Science degree in Business Administration from the State University of New York at Buffalo.

Mark R. Munch, Ph.D. Dr. Munch has served as President of Bruker Nano, Inc., a wholly-owned subsidiary of the Company, since October 2010. Prior to joining Bruker Nano, Inc., from February 2008

to October 2010 Dr. Munch was Executive Vice President of Veeco Instruments Inc. Dr. Munch has also served as a Senior Vice President of Coherent, Inc. from February 2006 to January 2008 and as President and Chief Executive Officer of Cooligy, Inc., a subsidiary of Emerson Electric, from 2004 to 2006. Dr. Munch's background includes over 23 years of experience in marketing, product development, operations and sales, as well as experience in managing significant business units of multi-national corporations. Dr. Munch holds a Bachelor of Science degree in Chemical Engineering from the University of Colorado and a Master of Science degree and Ph.D. in Chemical Engineering from Stanford University.

Burkhard Prause, Ph.D. Dr. Prause has served as President and Chief Executive Officer of BEST since April 2008 and was elected to serve as a director of BEST in April 2012. He has also served as a Managing Director of Bruker EAS GmbH and Bruker HTS GmbH since January 2005, RI Research Instruments GmbH since December 2008, and Bruker ASC GmbH since March 2009. Prior to that time, Dr. Prause served as Product Manager for Bruker BioSpin MRI GmbH. Before joining Bruker BioSpin MRI GmbH in 2002, Dr. Prause was a senior staff scientist at the Max-Planck Institute in Tubingen, Germany. Dr. Prause currently serves as a director of CCAS (the Coalition for the Commercial Application of Superconductors), and from 2006 to 2010, Dr. Prause served as Vice Chairman of ivSupra, a German superconductor industry coalition. Dr. Prause holds a Ph.D. in Physics from the University of Notre Dame.

Stephan Westermann. Mr. Westermann was named Executive Vice President Order Execution, Production & Logistics of the Bruker Scientific Instruments segment and Executive Vice President Operations of the Bruker BioSpin Group in February 2012. Since joining the Company in September 2006, Mr. Westermann has served in a variety of senior financial and operations management roles in the Company's Bruker MAT and Bruker BioSpin operating divisions. Prior to joining the Company, he held management positions at Battenfeld Gloucester Engineering Co. in Massachusetts from 2003 to 2006 and was controller of SMS AG, a German manufacturer of metallurgical plant and rolling mill technology solutions, from 1995 to 2003. Mr. Westermann holds a Masters degree in Business and Engineering from the University of Siegen in Germany.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Overview

Our executive compensation program is designed to attract, motivate and retain the individuals that lead the Company. Our approach to compensation for our executive officers targets a mix of competitive salaries, performance-based cash incentive awards linked to corporate and individual objectives and long-term equity incentive awards. We believe that our compensation policies and practices are effectively designed to motivate and reward performance, and that the mix of compensation elements creates incentives that are closely aligned with increasing shareholder value.

In fiscal year 2011, our year-over-year revenue grew by over 26% to \$1.65 billion and gross profit grew by approximately 24% to \$752 million from \$604 million. Revenue growth was driven both by organic growth in our existing businesses and acquisitions completed in 2010 and 2011. Operating and gross profit margins decreased, however, because of the mix of products sold and higher operating expenses as we continued to focus on integrating acquisitions completed in 2010 and, to a lesser extent, 2011. As a result, despite the strong revenue growth and increase in gross profits on an absolute basis, our earnings per share on a GAAP basis declined to \$0.55 in 2011 from \$0.58 in 2010. Excluding charges relating to recent acquisitions and other non-recurring expenses, our adjusted earnings per share increased by \$0.09 to \$0.86 in 2011, which was less than our 2011 adjusted earnings per share goal of \$0.93.

Highlighted below are some of the key actions and decisions with respect to our executive compensation programs for fiscal year 2011, as approved by the Compensation Committee:

Salaries. For the fiscal year ended December 31, 2011, the Compensation Committee approved 2.0% salary increases for each of our executive officers.

Performance-Based Cash Incentive Awards and Payouts. Consistent with our pay-for-performance philosophy, a significant portion of our executive officers' total compensation potential for fiscal year 2011 was linked to achievement of corporate and individual quantitative and qualitative goals.

As with past years, the Compensation Committee established specific fiscal year 2011 quantitative and qualitative goals for each executive officer. Payment for cash incentive bonuses linked to the achievement of pre-established quantitative performance goals is calculated based on percentage achievement of the quantitative target goal, with no threshold or maximum. Payments for full or partial achievement of qualitative goals are made in a range of 50% to 100%, based on the Compensation Committee's determination of the level of achievement with respect to each qualitative goal.

The Compensation Committee established 2011 quantitative performance targets related to revenue growth, gross margin improvement, operating margin improvement, earnings per share and working capital management based on our business plan goals for these key metrics. These quantitative goals represented 70% of each executive officer's total cash incentive compensation potential, with the remaining 30% allocated to individual qualitative factors established by the Compensation Committee.

Annual cash incentive awards for fiscal 2011 rewarded our executive officers for exceeding our goal for revenue growth, but also reflected the fact that our other financial goals either were not achieved or were only partially achieved. Based on these mixed results, our executive officers received 63% of their 2011 quantitative bonus targets. In addition, our executive officers earned varying amounts based on their relative levels of achievement with respect to their individual qualitative bonus goals.

As executive officers assume greater responsibility, a larger portion of their total cash compensation is designed to and does become dependent on Company and individual performance. For example, our Chief Executive Officer's potential cash incentive compensation for 2011, based on achieving targeted levels of performance relative to the corporate financial goals and individual qualitative goals established for him by the Compensation Committee, represented more than 50% of his total potential cash compensation.

Long-Term Incentive Awards. In September 2011, the Compensation Committee granted options to purchase 15,000 shares of our common stock to each of Dr. Laukien and Mr. Knight and options to purchase 9,000 shares of our common stock to Mr. Monahan.

In June 2011, Mr. Monahan resigned from his position as the Company's Chief Financial Officer and, until April 2012, served as Vice President of Strategic & Financial Planning. Mr. Knight, who was serving as Chief Operating Officer, was appointed interim Chief Financial Officer upon Mr. Monahan's resignation. Mr. Knight's appointment as Chief Financial Officer was made permanent in September 2011 and he continued to serve as Chief Operating Officer until February 2012. There were no changes to Mr. Knight's or Mr. Monahan's compensation arrangements in 2011 as a result of these developments.

Executive Compensation Philosophy

Our key objectives in structuring and determining executive compensation are to:

attract and retain qualified executive officers;

motivate existing officers to perform;

reward outstanding corporate performance;

align compensation with Bruker Corporation annual and long-term performance goals;

enhance our profitability; and

maximize stockholder value.

To achieve these objectives, we have embraced a compensation philosophy that seeks to align compensation with our strategic objectives and reward our executive officers for meeting certain performance goals. Executive compensation is based in part on a pay-for-performance philosophy, through annual incentive bonus awards which emphasize both company and individual performance measures that correlate closely with the achievement of our short and long term performance objectives. To motivate our executive officers, we focus on cash compensation in the form of salary and bonus, a portion of which is tied to the individual's performance, and we augment this cash compensation annually with equity grants. In structuring executive compensation, the Compensation Committee focuses on our goal of long-term enhancement of stockholder value through grants of equity incentive awards with extended vesting schedules.

Compensation Process and Methodology

Our executive compensation program is administered by the Compensation Committee of the board of directors. The Compensation Committee oversees the Company's stock option plan, determines the chief executive officer's salary, bonus, and equity-based compensation, oversees the executive compensation program for our other executive officers, including reviewing and approving the overall values and forms of compensation for the named executive officers listed in the 2011 Summary Compensation Table included in this proxy statement as well as for other officers, reviews general policy matters relating to compensation and employee benefits and makes recommendations concerning these matters to the board of directors.

In May 2011, our stockholders cast an advisory vote on the Company's executive compensation decisions and policies as disclosed in the proxy statement for the 2011 Annual Meeting of Stockholders. Over 99 percent of the shares voted on the matter were cast in support of the compensation decisions and policies as disclosed. The Compensation Committee considered this result and determined that it was not necessary at this time to make any material changes to the Company's compensation policies and practices in response to the advisory vote.

The Compensation Committee annually assesses competitive market compensation for our executive officers using a variety of sources, including cash compensation data derived from an independent source, Salary.com's CompAnalyst Executive, for a reference group of publicly-traded companies in the same or similar industries. Although individual pay is driven largely by individual and corporate performance considerations, the Compensation Committee uses reference group data as a "market check" to ensure that individual cash compensation levels remain reasonable and competitive. While the companies in the reference group vary in terms of size, with some being significantly larger than us and others being significantly smaller than us, the Compensation Committee believes that a reference group consisting of competitors of various sizes provides useful insight for their consideration of compensation levels, including information about the range and median of competitive salaries and cash bonuses. Our management provides input on companies considered for inclusion in the reference

Edgar Filing: BRUKER CORP - Form DEF 14A

group, but the Compensation Committee makes the final determination as to the reference group selection. The companies that are included in the reference group are reviewed annually by management and the Compensation Committee and can change from year to year as market conditions warrant.

In establishing and evaluating fiscal 2011 compensation for our executive officers, the Compensation Committee determined that the competitive assessment of reference group data compiled in 2010 continued to provide a relevant context for its evaluation of the over-all competitiveness of the Company's executive compensation programs. The Compensation Committee therefore referred to the 2010 assessment as one source of market information in its determinations of executive salary and cash incentive bonus award opportunities for fiscal year 2011.

The reference group considered by the Compensation Committee for its evaluation of the recommended base pay and annual incentive bonus targets of our Chief Executive Officer and Chief Financial Officer included:

Affymetrix Inc.	PerkinElmer, Inc.
Agilent Technologies, Inc.	Sequenom, Inc.
Caliper Life Sciences, Inc. (acquired by PerkinElmer in 2011)	ThermoFisher Scientific, Inc.
Dionex Corporation (acquired by ThermoFisher Scientific in 2011)	Varian, Inc. (acquired by Agilent Technologies in 2010)
Keithley Instruments Inc. (acquired by Tektronix in 2010)	Waters Corporation
Mettler-Toledo International Inc.	

The Compensation Committee considered market capitalization and revenue, in addition to certain qualitative factors, to be appropriate for evaluating the competitiveness of potential cash compensation, including the target level of cash incentive bonuses, of our executive officers' compensation relative to the compensation of executives in similar functions at these companies. In general, the Compensation Committee considered the median compensation levels of the companies in the reference group to be appropriate competitive comparisons, in light of our relative market position. The following, which reflects the data compiled in 2010 for the reference group, compares the Company to the selected reference group for these key metrics and compares the 2011 potential cash compensation, including the target level of cash incentive bonuses, of our Chief Executive Officer, Dr. Laukien, and Chief Financial Officer as of January 1, 2011, Mr. Monahan, to the median cash compensation of comparable executives in the reference group (dollars in billions, except total cash compensation):

	Market Capitalization		Revenue		Total Cash Compensation
Reference Group, range	\$0.1	\$19.5	\$0.0	\$10.1	
Reference Group, median		\$1.5		\$0.8	
Chief Executive Officer					\$ 925,056
Chief Financial Officer					\$ 661,905
Bruker Corporation		\$2.1		\$1.7	
2011 Salary and Target Cash Incentive Bonus:					
Chief Executive Officer					\$ 983,500
Chief Financial Officer					\$ 410,500

Edgar Filing: BRUKER CORP - Form DEF 14A

A broader group of companies, primarily in the fields of healthcare and biotechnology, was selected in 2010 as a reference group for reviewing potential cash compensation, including the target level of the cash incentive bonus, of the Chief Operating Officer. The Compensation Committee believed that an expanded group was useful because many of the companies in the Chief Executive Officer and Chief Financial Officer reference group did not have chief operating officers. A broader reference group provided the Compensation Committee with additional data to assess the reasonableness and competitiveness of our Chief Operating Officers' salary and target cash incentive bonus compensation.

The reference group considered by the Compensation Committee for its evaluation of the recommended 2011 base pay and annual incentive bonus targets of our Chief Operating Officer as of January 1, 2011, Mr. Knight, included:

Abiomed, Inc.	Harvard Bioscience, Inc.
Alkermes, Inc.	Helicos BioSciences Corporation
Alynham Pharmaceuticals, Inc.	Hologic, Inc.
Analogic Corporation	Insulet Corporation
ArQule, Inc.	Momenta Pharmaceuticals, Inc.
athenahealth, Inc.	NeuroMetrix, Inc.
Biogen Idec Inc.	NMT Medical, Inc.
Boston Scientific Corporation	Panacos Pharmaceuticals, Inc.
Cubist Pharmaceuticals, Inc.	PAREXEL International Corporation
Curis, Inc.	ThermoFisher Scientific, Inc.

In assessing and approving the recommended compensation potential of our Chief Operating Officer, the Compensation Committee considered the compensation levels of chief operating officers within companies in the reference group in light of our relative market position, including the fact that a number of the companies in the reference group were considerably smaller in terms of market capitalization. The following, which reflects the data compiled in 2010 for the reference group, compares the Company to the selected reference group for these key metrics and compares the 2011 potential cash compensation, including the target level of cash incentive bonus, of our Chief Operating Officer to the median cash compensation of comparable executives in the reference group (dollars in billions, except total cash compensation):

	Market Capitalization		Revenue		Total Cash Compensation
Reference Group, range	\$0.0	\$19.5	\$0.0	\$10.1	
Reference Group, median		\$0.7		\$0.1	
Chief Operating Officer					\$ 461,641
Bruker Corporation:		\$2.1		\$1.7	
2011 Salary and Target Cash Incentive Bonus:					
Chief Operating Officer					\$ 512,100

Role of Management

The Chief Executive Officer is responsible for making recommendations to the Compensation Committee for our company-wide performance goals and the bonus goals and weightings for the Company's other executive officers. The Chief Executive Officer is also responsible for developing and providing a proposal to the Compensation Committee for his own bonus plan and target levels. The Compensation Committee reviews the recommendations of the Chief Executive Officer and determines the final bonus structure and goals for each of the executive officers, including threshold and target bonus levels. After the close of the fiscal year, the Chief Executive Officer provides the Compensation

Committee with his assessment of the performance of the other executive officers against their respective bonus goals and proposed bonus payout. When determining the bonus payout for the executive officers, the Compensation Committee, while considering the recommendations of the Chief Executive Officer, makes the final determination based on its assessment of the executive officer's performance relative to the performance-based goals. The determination of the bonus earned is generally made within the first quarter after the end of the fiscal year, allowing time to assess the achievement of the bonus goals. On occasion, additional bonuses in excess of those calculated to have been earned have been awarded by the Compensation Committee in recognition of exceptional individual performance or contributions to company performance.

Components of Executive Compensation

Total compensation consists of cash compensation in the form of annual base salary and annual incentive bonus awards, as well as long-term incentive compensation in the form of stock option and restricted stock grants.

Annual Base Salary. Base salaries are determined based on a variety of factors, including each officer's levels of responsibility, experience and potential, and a comparison of salaries paid to peers within the Company and to those with similar roles at other companies. Base salaries are set at levels that the Compensation Committee believes are reasonably competitive to allow us to attract and retain qualified managers.

Base salaries are reviewed annually and may be adjusted after considering the various factors described above. The Chief Executive Officer makes base salary recommendations to the Compensation Committee for the Company's other executive officers. When setting the base salaries of the executive officers, the Compensation Committee, while considering the recommendations of the Chief Executive Officer, makes the final determination based on the factors listed above and the executive officer's performance during the previous year. The Compensation Committee also evaluates the performance of and sets the salary for the Chief Executive Officer.

Annual Cash Incentive Awards. Annual incentive awards in the form of performance-based cash incentive bonuses for the Chief Executive Officer and our other executive officers are based upon management's success in meeting our financial and strategic goals. Typically, specific criteria for these bonuses have been determined based on a combination of qualitative and quantitative measures established each year by the Compensation Committee after consultation with management. The specific individual goals vary for each executive based on their responsibilities and role within our company and may include financial or strategic measures, including, among others, revenue growth, gross profit and operating profit margin improvement, working capital ratio improvements, achieving return on invested capital goals, meeting earnings per share targets, identifying and developing new product and market opportunities and furthering or achieving other strategic initiatives. The individual goals are intended to reward performance which results in our Company meeting or exceeding its financial goals.

The Compensation Committee also considers the mix of performance goals in order to balance the incentives created to mitigate risks that may be associated with a particular performance goal. In 2011, for example, the executive officers' revenue target goal was combined with gross profit margin improvement, operating margin improvement, working capital and earnings per share goals that emphasized cost reduction as well as top-line performance. Cash incentive bonus awards reflect both the individual's performance compared with his performance goals for the year and the overall performance of our company.

Long-Term Incentives. Equity incentive compensation in the form of stock options and restricted stock is designed to provide long-term incentives to executive officers and other employees, to

encourage the executive officers and other employees to remain with us and to enable recipients to develop and maintain a long-term stock ownership position in the common stock, which in turn motivates the recipient to focus on long-term enhancement in stockholder value. The Company's 2010 Incentive Compensation Plan is the vehicle used for grants of stock options and restricted stock to our executive officers and other employees. Company management evaluates the efficacy of our long-term incentive compensation on an ongoing basis, and may from time to time provide input and recommendations to the Compensation Committee with regard to the optimal form and extent of equity incentives to be granted to employees, including the executive officers.

While generally granted on an annual basis, all options and restricted stock grants are discretionary and may be granted by the Compensation Committee at any time. Our company has not adopted performance-vesting, meaning that individual vesting is not based upon the achievement of any specific goals or objectives. The Compensation Committee does, however, consider the individual and Company's performance in determining the total and individual equity awards. The Compensation Committee has determined that equity compensation awards to executives and all other employees should be based upon the economic value of the grant award and should be considered part of the overall compensation package in determining award levels. In making specific grants to executives, the Compensation Committee evaluates each executive officer's total equity compensation package. The Compensation Committee generally reviews the option and restricted stock holdings of each of the executive officers as well, including vesting and exercise price and the then current value of such options or restricted stock. We consider long-term equity compensation to be an integral part of a competitive executive compensation package as a way to reinforce the individual's commitment to the Company and an important mechanism to align the interests of management with those of our stockholders. Annual grants are generally made in the first or second quarter of each year. In 2011, the Compensation Committee awarded stock options to the named executive officers during the third quarter.

Mix of Compensation

In accordance with our pay-for-performance philosophy, short-term cash incentive compensation and long-term equity incentive awards are intended to be a significant portion of overall compensation, with this at-risk component increasing as a percentage of overall compensation potential as the officer's responsibility increases. For example, in 2011 over 50% of our Chief Executive Officer's total potential cash compensation, and approximately 30% of each of our other named executive officers' total potential cash compensation, was at risk through short-term cash incentive programs.

Fiscal 2011 Base Salaries

Base salaries of our executive officers are reviewed annually by the Compensation Committee and may be adjusted to reflect competitive conditions or individual performance. For fiscal 2011, the Compensation Committee approved a 2% salary increase for each of the named executive officers. As a result, Dr. Laukien's base salary was increased to \$433,500 from \$425,000, Mr. Knight's base salary was increased to \$362,100 from \$355,000 and Mr. Monahan's base salary was increased to \$280,500 from \$275,000.

Cash Incentive Plans and Review of Fiscal 2011 Performance

Following a review in 2009 of the Company's cash incentive plan metrics and structure, the Compensation Committee revised the Company's methodology for determining the amounts to be awarded to our named executive officers based on annual quantitative and qualitative performance goals. Under the methodology adopted by the Compensation Committee for years beginning with 2010, the payment for cash incentive bonuses linked to the achievement of pre-established quantitative performance goals will be calculated based on percentage achievement of the quantitative target goal,

with no threshold or maximum. In cases where an individual quantitative goal improvement metric is less than 1%, the payout for achievement of that goal will be 100% up to a full 1.0% improvement, and pro-rata for achievement in excess of 1.0%. If the less than 1% goal is not achieved, then for each 0.1% shortfall the payment will be reduced by 10%. For example, for a goal of 0.5% improvement in operating margin, achievement of a 0.8% improvement would result in a 100% payment of the target with respect to that goal, achievement of a 1.1% improvement would result in a 110% payment of the target with respect to that goal and achievement of a 0.4% improvement would result in a 90% payment of the target with respect to that goal. Payments for qualitative goals will be made in a range of 50% to 100%, with 50% of the target amount payable if the Compensation Committee determines that a qualitative goal was partially achieved, 75% of the target amount payable if the Compensation Committee determines that a qualitative goal was substantially achieved and 100% of the target amount payable if the Compensation Committee determines that a qualitative goal was fully achieved. For example, if an executive officer achieves 30% of a quantitative performance goal then the 2010 cash incentive bonus will include an amount equal to 30% of the target amount allocated to that goal. If the Compensation Committee determines that the executive officer has made substantial progress toward achieving a qualitative performance goal, the cash incentive bonus payment will include an amount equal to 75% of the target amount allocated to that goal. In order to provide additional motivation to the executive officers, and to reward outstanding corporate performance, the Compensation Committee has not set a maximum amount that can be earned in the event that the executive officers exceed their quantitative goals in the performance-based incentive plans. Bonus awards linked to individual qualitative goals, however, are to be limited to 100% of the target bonus amount allocated to each of those goals. The Compensation Committee may, in their discretion, award cash incentive bonuses above the target level in the event it determines that an executive officer has delivered exceptional performance.

2011 Cash Incentive Plans

The Company believes that revenue growth and enhanced operating efficiency are critical to our success and will be key drivers of delivering value to our shareholders. The Compensation Committee determined that the quantitative incentive targets set forth below, effective for 2011, provided balanced incentives and served as an appropriate mix of targets for measuring our executive officers' contributions to achieving the Company's strategic goals. Quantitative factors provided 70% of total cash incentive compensation potential, with the remaining 30% allocated to individual qualitative factors established by the Compensation Committee annually after consultation with management. Specific 2011 cash incentive targets, performance goals and weightings established by the Compensation Committee to measure and reward the performance of the named executive officers were as follows:

2011 Cash Incentive Targets

	Target Level	% of Base Salary at Target Achievement	% of Total Potential Cash Compensation at Target Achievement
Frank H. Laukien	\$ 550,000	127%	56%
William J. Knight	\$ 150,000	41%	29%
Brian P. Monahan	\$ 130,000	46%	32%

Based upon its consideration of reference group bonus information and other market reference sources, the Compensation Committee determined that the 2010 target bonus levels established for Dr. Laukien and Mr. Knight continued to be within a reasonable and competitive range relative to their responsibilities. As a result, the target bonus levels of these executive officers were not changed for 2011. Mr. Monahan's bonus target for 2011 was set at \$130,000, a 4% increase over his 2010 bonus target of \$125,000, based on the Compensation Committee's assessment of competitive market levels.

**2011 Quantitative Goals:
(70% of Target Bonus Potential)**

2011 Company Performance Goals	Weighting	2011 Performance	% of Target Bonus Potential Awarded

\$0.03 Reduction in BSI Segment Working Capital Ratio	20%	\$ 0.02	67%
Total	70%		63%

Based on our financial results for 2011, the Company exceeded its revenue goal by 25%, but did not fully meet or exceed any of the remaining four quantitative goals, including the goals relating to gross profit margin improvement, operating margin improvement, earnings per share and working capital improvement. As shown in the table above under the heading "2011 Quantitative Goals," the revenue goal represented 20% of each executive officer's total cash incentive bonus potential. The Company achieved 56% of the targeted improvement in the Company's earnings per share and 67% of the targeted improvement in the Company's working capital ratio, which accounted for 10% and 20%, respectively, of each executive officer's cash incentive bonus potential. However, as a result of increased operating costs and a shift in the mix of products sold toward lower margin products, the Company did not achieve any portion of the goals relating to gross margin and operating margin improvement, which together represented 20% of each executive officer's cash incentive bonus potential. The Compensation Committee considered these results and determined that the portion of bonus targets linked to the quantitative goals would be included in bonus awards at levels commensurate to our performance relative to each of those goals. Accordingly, the Compensation Committee approved awards totaling 63% of cash incentive targets linked to quantitative goals to each of Dr. Laukien, Mr. Knight and Mr. Monahan for relative achievement of the combined Company-wide quantitative financial performance goals in 2011. Total cash incentive bonus payments to our executive officers for 2011 also included amounts awarded for achievement of the following individual qualitative goals.

In determining the amount of each named executive officer's total bonus award for 2011, the Compensation Committee also evaluated the officer's performance against his individual qualitative goals.

The Compensation Committee considered Dr. Laukien's achievements in meeting his organizational development goals related to the streamlining the structure of certain divisional management functions and the development of certain key senior managers and determined that, as the goals had been substantially achieved, Dr. Laukien should be awarded 75% of his target bonus linked to these goals. The Compensation Committee also considered progress made with respect to various strategic operational and financial initiatives, including integration of businesses acquired in fiscal 2010 and financing of the operations of BEST, and determined that Dr. Laukien should be awarded 50% of the target bonus associated with each of those goals based on partial achievement. In recognition of his performance relative to these individual qualitative performance goals, the Compensation Committee awarded Dr. Laukien, in aggregate, 58% of the portion of his target cash incentive bonus attributable to qualitative goals, or \$96,250. For 2011, including both quantitative and qualitative factors, Dr. Laukien was awarded a total cash incentive bonus of \$338,463, equal to approximately 62% of his total target cash incentive bonus.

The Compensation Committee considered Mr. Knight's achievements in meeting his goals related to operational cost savings initiatives and, based on insufficient progress toward realizing such cost savings, determined that Mr. Knight should not be awarded any portion of his target bonus linked to these goals. The Compensation Committee also considered progress made with respect to various information technology initiatives, including the establishment of an information technology management infrastructure and the transition of acquired businesses to the Company's information technology platform, and determined that Mr. Knight should be awarded 100% of the target bonus associated with those goals. The Compensation Committee also considered substantial progress made with respect to improving inventory turns in the Scientific Instruments segment, and determined that Mr. Knight should be awarded 75% of the target bonus associated with those goals. In recognition of his performance relative to these individual qualitative performance goals, the Compensation Committee awarded Mr. Knight, in aggregate, 58% of the portion of his target cash incentive bonus attributable to qualitative goals, or \$26,250. For 2011, including both quantitative and qualitative factors, Mr. Knight was awarded a total cash incentive bonus of \$92,308, equal to approximately 62% of his total target cash incentive bonus.

The Compensation Committee considered Mr. Monahan's achievements in meeting his goals related to financing of the Company's operations and various strategic accounting initiatives and determined that, based on the successful conclusion of amendments to the Company's primary credit facilities in May 2011, the closing of a private placement note offering in January 2012 and successful development of enhanced management reporting capabilities for accounting managers, Mr. Monahan should be awarded 100% of his target bonus linked to each of these goals. The Compensation Committee also considered progress made with respect to certain tax strategies and determined that Mr. Monahan should be awarded 75% of the target bonus associated with that goal. In recognition of his performance relative to these individual qualitative performance goals, the Compensation Committee awarded Mr. Monahan, in aggregate, 92% of the portion of his target cash incentive bonus attributable to qualitative goals, or \$34,375. For 2011, including both quantitative and qualitative factors, Mr. Monahan was awarded a total cash incentive bonus of \$89,750, equal to approximately 69% of his total target cash incentive bonus.

2011 Long-Term Incentive Awards

In September 2011, upon consideration of a variety of factors, including the individual responsibilities of each of our executive officers, our stock price and outstanding equity awards, the Compensation Committee granted options to purchase 15,000 shares of our common stock to each of

Dr. Laukien and Mr. Knight and options to purchase 9,000 shares of our common stock to Mr. Monahan.

Executive Benefits

In 2011, our named executive officers were eligible for the same level and offering of benefits made available to other employees, including the Company's 401(k) plan and welfare benefit programs.

2012 Compensation Determinations

For fiscal 2012, the Compensation Committee approved a 2.5% salary increase for each of our Chief Executive Officer and Chief Financial Officer. In addition, the Compensation Committee considered the reference group bonus information compiled in 2010, as well as other market reference sources, and determined that the target bonus levels of our Chief Executive Officer and Chief Financial Officer were within a reasonable and competitive range relative to their responsibilities. As a result, the target bonus levels of our Chief Executive Officer and Chief Financial Officer were not changed for 2012.

Employment Contracts, Termination of Employment and Change in Control Arrangements

Although the Company does not currently have an employment agreement with any of its executive officers, it did issue a letter offering employment to William J. Knight, who now serves as our Chief Financial Officer. Under the terms of the offer letter, Mr. Knight is entitled to a continuation of salary and benefits for a period of three months in the event his employment is terminated within twelve months of a sale of all or substantially all of our business to a third party. The offer letter also provides for anticipated annual grants of options to purchase 50,000 shares of our common stock, subject to the approval of the Compensation Committee.

The Company has agreed to provide severance payments to Mr. Knight equal to six months' salary in the event of termination of employment without cause. Prior to his voluntary departure from employment by the Company in April 2012, Mr. Monahan was also entitled to severance payments equal to six months' salary in the event of termination of employment without cause.

Under the terms of the awards of options and restricted common stock granted under the 2010 Incentive Compensation Plan, unvested amounts are forfeited if the grantee's employment or business relationship with our company is terminated for any reason, other than in the event of death or disability. The board of directors does, however, have the power and the right to accelerate vesting of any and all unvested amounts in the event of a change in control of Bruker Corporation.

Section 162(m) Limitations

Section 162(m) of the U.S. Internal Revenue Code limits the tax deductibility by a corporation of compensation in excess of \$1,000,000 paid to the Chief Executive Officer and any other of its four most highly compensated executive officers. However, compensation which qualifies as "performance-based" is excluded from the \$1,000,000 limit if, among other requirements, the compensation is payable only upon attainment of pre-established, objective performance goals under a plan approved by stockholders.

The Compensation Committee does not presently expect total cash compensation payable for salaries to exceed the \$1,000,000 limit for any individual executive. Having considered the requirements of Section 162(m), the Compensation Committee believes that stock option grants to date meet the requirement that such grants be "performance-based" and are, therefore, exempt from the limitations on deductibility. The Compensation Committee will continue to monitor the compensation levels potentially payable under our cash compensation programs, but intends to retain the flexibility

necessary to provide total cash compensation in line with competitive practice, our compensation philosophy and our best interests.

Other Benefit Plans

In October 2009, the Board of Directors of BEST adopted the Bruker Energy & Supercon Technologies, Inc. 2009 Stock Option Plan, or the BEST Plan. The BEST Plan provides for the issuance of up to 1,600,000 shares of BEST common stock in connection with awards under the plan. The BEST Plan allows a committee of the BEST board of directors to grant incentive stock options and non-qualified stock options to key employees and directors of the Company. The size of each grant is determined by the value of the BEST stock and BEST stock options at the time, the likely growth in that value and the importance of the individual to growing the value of the Company in the future. The BEST Plan is tied exclusively to increases in BEST's estimated value regardless of the Company's performance as a whole. As of December 31, 2011, 800,000 incentive stock options and non-qualified stock options had been awarded with vesting periods of three to five years. As a director of BEST, Dr. Frank Laukien participates in the BEST Plan and on October 1, 2009, was awarded an option to purchase 10,000 shares of BEST at an exercise price equal to the fair market value of BEST at the time of grant, subject to three-year vesting.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, promulgated under the Securities Act of 1933, as amended. Based on such review and discussions, the Compensation Committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A.

Submitted by the Compensation Committee of Bruker Corporation's Board of Directors.

RELATED PERSONS TRANSACTIONS**Procedures for Approval of Transactions with Related Persons**

All transactions with related parties in excess of \$50,000 are reviewed and pre-approved. Our Audit Committee, which is ultimately responsible for approving related party transactions, pre-approves such transactions involving amounts exceeding \$500,000. The Audit Committee has delegated authority to the Chief Financial Officer and Corporate Controller to review and pre-approve all related party transactions, such as leasing, distribution, sales and purchasing activities, involving amounts from \$50,000 to \$500,000. A related party transaction will be approved only if it is determined upon review that the transaction is in the best interests of the Company. If the transaction involves a director, that director will be recused from all discussions and decisions about the transaction. In considering the transaction, the executive officer or the committee, as appropriate, will consider all relevant factors, including as applicable:

the business purpose for the transaction;

quantifying the amount and volume of transactions to assess materiality;

methods used to establish the terms of the transaction and whether the transaction is on arm's-length terms comparable to those available to third parties; and

the overall fairness of the transaction to the Company.

Typically every quarter, management reviews with the Audit Committee all related party transactions entered into in the preceding quarter, including those the committee did not pre-approve. This review consists of a memorandum summarizing the information described above with respect to the transactions, and is followed by a telephonic or in-person meeting between the Audit Committee and management.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 and the rules promulgated thereunder require our officers and directors and persons owning more than 10% of the outstanding common stock of the Company to file reports of ownership and changes in ownership with the Securities and Exchange Commission and to furnish us with copies of all these filings. We believe, based solely upon a review of those reports and amendments thereto furnished to us during and with respect to our fiscal year ended December 31, 2011, that all of our directors and executive officers complied with the reporting requirements of Section 16(a) of the Exchange Act during fiscal 2011.

AUDIT COMMITTEE REPORT

The Audit Committee, which operates pursuant to a written charter, assists the board of directors in fulfilling its oversight responsibilities by reviewing Bruker Corporation's financial reporting process on behalf of the board. Management is responsible for Bruker Corporation's internal controls, the financial reporting process and compliance with laws and regulations and ethical business standards. Ernst & Young LLP ("Ernst & Young"), Bruker Corporation's independent registered public accounting firm, is responsible for expressing opinions on the conformity of Bruker Corporation's consolidated financial statements with generally accepted accounting principles and on the effectiveness of Bruker Corporation's internal control over financial reporting. The Audit Committee is responsible for overseeing and monitoring these practices. It is not the duty or responsibility of the Audit Committee to conduct auditing or accounting reviews or procedures.

In this context, the Audit Committee reviewed and discussed with management and Ernst & Young, among other things, the scope of the audit to be performed, the results of the audit performed, Ernst & Young's evaluation of Bruker Corporation's internal control over financial reporting and the independent registered public accounting firm's fees for the services performed. Management represented to the Audit Committee that Bruker Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles. Discussions about Bruker Corporation's audited financial statements included the auditors' judgments about the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in its financial statements.

The Audit Committee also discussed with Ernst & Young other matters required by Statement on Auditing Standards ("SAS") No. 61, "Communication with Audit Committees," as amended by SAS No. 90, "Audit Committee Communications," as amended and as adopted by the Public Company Accounting and Oversight Board (PCAOB) in Rule 3200T, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Ernst & Young also provided to the Audit Committee written disclosures and the letter required by applicable requirements of the PCAOB regarding communications with the Audit Committee concerning independence. The Audit Committee discussed with Ernst & Young the registered public accounting firm's independence from Bruker Corporation and considered the compatibility of non-audit services with Ernst & Young's independence.

Based on the Audit Committee's discussion with management and Ernst & Young, and the Audit Committee's review of the representations of management and the report of Ernst & Young to the Audit Committee, the Audit Committee recommended to the board that that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 filed with the Securities and Exchange Commission and selected Ernst & Young LLP as the independent registered public accounting firm for Bruker Corporation, subject to shareholder ratification, for 2012.

Submitted by the Audit Committee of Bruker Corporation's Board of Directors.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Fees billed to the Company by its independent registered public accounting firm for fiscal years 2010 and 2011, all of which were approved by the Audit Committee, were comprised of the following:

Audit Fees. Ernst & Young's fees for its audit of the Company's annual consolidated financial statements, including the integrated audit of internal control over financial reporting, its review of the consolidated financial statements included in our quarterly reports on Form 10-Q, audits of statutory filings, comfort letter procedures and review of other regulatory filings for 2010 and 2011 were \$4,442,000 and \$5,511,500, respectively. The 2010 and 2011 fees include \$820,000 and \$497,000, respectively, related to work performed in connection with a contemplated initial public offering for one of our subsidiaries.

Audit-Related Fees. Ernst & Young billed us a total of \$23,000 in 2010. In 2011, no fees for audit-related services were billed to us by Ernst & Young.

Tax Fees. Ernst & Young fees for tax services provided to us, including tax compliance, tax advice and planning, totaled \$27,000 in 2010 and \$14,275 in 2011.

All Other Fees. In 2010 and 2011, no fees for services other than as indicated above were billed to us by Ernst & Young.

Audit Committee Pre-Approval Policies and Procedures

In order to ensure that audit and non-audit services proposed to be performed by the Company's independent registered public accounting firm do not impair the auditor's independence from the Company, the Audit Committee has adopted, and the board of directors has ratified, the following pre-approval policies and procedures.

Policies

Before engaging the independent registered public accounting firm to render the proposed service, the Audit Committee must either (i) approve the specific engagement ("specific pre-approval") or (ii) enter into the engagement pursuant to pre-approval policies and procedures established by the Audit Committee ("general pre-approval"), provided the policies and procedures are detailed for the particular service, the Audit Committee is informed of each service, and such policies and procedures do not include delegation of the Audit Committee's responsibilities to management. The Audit Committee annually reviews and pre-approves the services that may be provided by the independent registered public accounting firm without obtaining specific pre-approval. The Audit Committee will add to or subtract from this list of general pre-approved services from time to time, based on subsequent determinations.

Unless a type of service has received general pre-approval, it requires specific pre-approval by the Audit Committee if it is to be provided by the independent registered public accounting firm. Any proposed services exceeding pre-approved cost levels or budgeted amounts also require specific pre-approval by the Audit Committee.

For both types of pre-approval, the Audit Committee considers whether such services are consistent with the SEC's and the PCAOB's rules on auditor independence. The Audit Committee also considers whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Company's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Company's ability to manage or control risk or improve audit quality. All such factors are considered as a whole, and no one factor will necessarily be determinative.

Edgar Filing: BRUKER CORP - Form DEF 14A

The Audit Committee also considers the relationship between fees for audit and non-audit services in deciding whether to pre-approve any such services and may determine, for each fiscal year, the appropriate ratio between the total amount of fees for Audit, Audit-related and Tax services and the total amount of fees for certain permissible non-audit services classified as All Other services.

The Audit Committee may delegate either type of pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the Audit Committee at its next scheduled meeting.

Procedures

Pre-approval fee levels or budgeted amounts for all services to be provided by the independent registered public accounting firm are established annually by the Audit Committee. Any proposed services exceeding these levels or amounts require specific pre-approval by the Audit Committee, even if previously generally pre-approved.

All requests or applications for services to be provided by the independent registered public accounting firm that do not require specific approval by the Audit Committee are submitted to the Chief Financial Officer and must include a detailed description of the services to be rendered.

Requests or applications to provide services that require specific approval by the Audit Committee must be submitted to the Audit Committee by both the independent registered public accounting firm and the Chief Financial Officer, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

The Audit Committee monitors the performance of all services provided by the independent auditor and assesses whether such services are in compliance with this policy.

PROPOSAL NO. 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP has been our independent registered public accounting firm since 1998, and has been selected by the Audit Committee of the board of directors as our independent registered public accounting firm for the fiscal year ending December 31, 2012. Although the Company is not required to seek stockholder approval of this appointment, the board of directors believes it to be sound corporate governance to do so. In the event that the stockholders fail to ratify the appointment, the Audit Committee will investigate the reasons for stockholder rejection and will reconsider the appointment. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent public accounting firm during the year if the Audit Committee believes that such a change would be in the best interests of the Company and its stockholders.

A representative of Ernst & Young is expected to be present at the 2012 Annual Meeting and will have the opportunity to make a statement if he or she so desires to do so and will be available to respond to appropriate stockholder questions.

The Board of Directors recommends a vote FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2012.

STOCKHOLDER COMMUNICATIONS

The board will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters and subject to any required assistance or advice from legal counsel, Mr. Stein, the Secretary of the Company, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries of such communications to the other directors as he considers appropriate.

Edgar Filing: BRUKER CORP - Form DEF 14A

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that Mr. Stein considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we may receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the board should address such communications to Richard M. Stein, Secretary, at Nixon Peabody LLP, 100 Summer Street, Boston, MA 02110.

TIME FOR SUBMISSION OF STOCKHOLDER PROPOSALS

Pursuant to Rule 14a-8 under the Exchange Act, stockholders may present proper proposals for inclusion in a company's proxy statement and for consideration at the next annual meeting of its stockholders by submitting their proposals to Bruker Corporation in a timely manner.

Stockholders interested in submitting a proposal for inclusion in the proxy materials for the annual meeting of stockholders in 2013 may do so by following the procedures set forth in Rule 14a-8 of the Securities Exchange Act of 1934, as amended. To be eligible for inclusion, stockholder proposals must be received by us no later than December 14, 2012.

Additionally, under our bylaws, no business may be brought before an annual meeting unless it is specified in the notice of meeting by or at the direction of the Board or by a stockholder entitled to vote who has delivered notice to Bruker Corporation (containing certain information specified in the bylaws) not less than 90 or more than 120 days prior to the first anniversary of the preceding year's annual meeting.

OTHER MATTERS

Management knows of no matters which may properly be and are likely to be brought before the meeting other than the matters discussed herein. However, if any other matters properly come before the meeting, the persons named in the enclosed proxy will vote in accordance with their best judgment.

VOTING PROXIES

The board of directors recommends an affirmative vote on all proposals specified. Proxies will be voted as specified. If signed proxies are returned without specifying an affirmative or negative vote on any proposal, the shares represented by such proxies will be voted in favor of the board of directors' recommendations.

By order of the board of directors

Frank H. Laukien, Ph.D.
Chairman, President and Chief Executive Officer
