filing written notice with our Corporate Secretary at the following address:

291, route d'Arlon
L-1150 Luxembourg City
Grand Duchy of Luxembourg

submitting a properly executed proxy bearing a later date; or

appearing at the Annual Meeting of Shareholders and giving the Corporate Secretary notice of your intention to vote in person.

Who May Vote

You are entitled to vote at the Annual Meeting of Shareholders or any adjournment of the Annual Meeting of Shareholders if you are a holder of record of our common stock at the close of business on March 18, 2013. At the close of business on March 18, 2013, there were 23,439,463 shares of common stock issued, outstanding and able to be voted and no other class of equity securities outstanding. Each share of our common stock is entitled to one (1) vote at the Annual Meeting of Shareholders on all matters properly presented. Abstentions and broker "non-votes" will be treated as present for purposes of a quorum.

Quorum and Voting Information

The presence at the Annual Meeting of Shareholders of a majority of the votes of our common stock entitled to be cast, represented in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting of Shareholders.

Assuming a quorum, the five (5) nominees for Director will be elected as Directors of Altisource so long as the votes cast in favor of each such person exceed the votes cast to withhold authority for such person. You may vote in favor of or withhold authority to vote for one (1) or more nominees for Director.

The following proposals will be approved if the votes cast in favor of the action exceed the votes cast opposing the action: the proposal to approve the appointment of Deloitte & Touche LLP to be our independent registered certified public accounting firm for 2013 and Deloitte Audit S.à r.l. to be our certified auditor for all statutory accounts as required by Luxembourg law for the same period; the proposal to approve the Luxembourg Statutory Accounts; the proposal to receive and approve the Directors' reports for the Luxembourg Statutory Accounts; the proposal to allocate the results and part of the distributable reserve in the Luxembourg Annual Accounts; the proposal to ratify the declaration and payment of the interim dividends in connection with the separation of Residential and AAMC from Altisource Portfolio Solutions S.A.; the proposal to approve the discharge of each of the current and past Directors of Altisource Portfolio Solutions S.A. for the performance of their mandate during the years ended December 31, 2009 to 2012; and any other matter properly submitted for your consideration at the Annual Meeting of Shareholders (other than the election of Directors).

Abstentions will not be counted in determining the votes cast in connection with the foregoing matters. Other than with respect to the approval of our independent registered accounting firm, in the event of a broker "non-vote," brokers may not vote on behalf of their clients on the above proposals. A broker "non-vote" occurs when a shareholder has not provided voting instructions to the broker on a non-routine item.

If the shares you own are held in "street name" by a bank or brokerage firm, your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. To vote your shares, you will need to follow the directions your bank or brokerage firm provides you. You will receive a Notice of Internet Availability of Proxy Materials that will tell you how to access our proxy materials and vote your shares via the Internet. It also will tell you how to request a paper or e-mail copy of our proxy materials. Please contact your bank or brokerage firm for further information.

**OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS
THAT YOU VOTE "FOR" EACH OF THE NOMINEES FOR DIRECTOR**

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Meetings of the Board of Directors

The Board of Directors plays an active role in overseeing management and representing the interests of the shareholders. Directors are expected to attend all meetings of the Board of Directors, the meetings of committees on which they serve and the Annual Meeting of Shareholders. Directors are also consulted for advice and counsel between formal meetings.

Our Board of Directors held six (6) meetings in 2012. Each incumbent Director attended at least 75% of these meetings as well as the meetings held by all committees of our Board of Directors on which they served during the period. Although we do not have a formal policy regarding Director attendance at the Annual Meeting of Shareholders, our Directors are expected to attend. All of the incumbent members of our Board of Directors attended our 2012 Annual Meeting of Shareholders.

Independence of Directors

Our Corporate Governance Guidelines provide that our Board of Directors must be comprised of a majority of Directors who qualify as independent Directors under NASDAQ listing standards and applicable law.

Our Board of Directors annually reviews the direct and indirect relationships that we have with each Director. The purpose of this review is to determine whether any transactions or relationships are inconsistent with a determination that the Director is independent. Only those Directors who are determined by our Board of Directors to have no material relationship with Altisource are considered independent. This determination is based in part on the analysis of questionnaire responses that follow the independence standards and qualifications established by NASDAQ and applicable law. The Board of Directors also considers beneficial ownership of our common stock by each of the Directors, as set forth under "Security Ownership of Certain Beneficial Owners and Related Shareholder Matters," although our Board of Directors generally believes that stock ownership tends to further align a Director's interests with those of our other shareholders. Our current Board of Directors has determined that Messrs. Erbey, Linn, Müller-Ineichen and Vättö are independent Directors.

Board Leadership Structure

Our Board of Directors has no fixed policy with respect to the separation of the offices of Chairman of the Board of Directors and Chief Executive Officer. Our Board of Directors retains the discretion to make this determination on a case-by-case basis from time to time as it deems to be in the best interests of the Company and our shareholders at any given time. The Board of Directors currently believes that separating the positions of Chief Executive Officer and Chairman is the best structure to fit the Company's needs. As our Chief Executive Officer, Mr. Shepro is responsible for our day-to-day operations and for formulating and executing our long-term strategies in collaboration with the Board of Directors. As Chairman of the Board of Directors, Mr. Erbey leads the Board and oversees meetings of the Board of Directors and the delivery of information necessary for the Board's informed decision-making.

Committees of the Board of Directors

Our Board of Directors has established an Audit Committee, a Compensation Committee, a Nomination/Governance Committee and an Executive Committee. A brief description of these committees is provided below.

Audit Committee. The Audit Committee of our Board of Directors oversees the relationship with our independent registered certified public accounting firm, reviews and advises our Board of Directors with respect to reports by our independent registered certified public accounting firm and monitors our compliance with laws and regulations applicable to our operations, including the evaluation of significant matters relating to the financial reporting process and our system of accounting, internal controls, auditing and federal securities law matters and the review of the scope and results of the annual audit conducted by the independent registered certified public accounting firm.

The members of the Audit Committee for 2012 were Messrs. Linn, Müller-Ineichen and Vättö. Each member of our Audit Committee is independent as defined in regulations adopted by the SEC and NASDAQ listing standards. Our Board of Directors has determined that all members of our Audit Committee are financially literate, possess accounting or related financial management expertise within the meaning of NASDAQ listing standards and qualify as audit committee financial experts as that term is defined in SEC rules. Our Audit Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Audit Committee reviews and approves its charter. The Committee evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter and any recommendations for amendments. The charter was last reviewed by the Audit Committee in February 2013. The Committee met seven (7) times in 2012.

Compensation Committee. The Compensation Committee of our Board of Directors oversees our compensation and employee benefit plans and practices. Our Compensation Committee also evaluates and makes recommendations to our Board of Directors for human resource and compensation matters relating to our named executive officers. The Compensation Committee reviews with the Chief Executive Officer and Chief Administration Officer and subsequently approves all executive compensation plans, any executive severance or termination arrangements and any equity compensation plans that are not subject to shareholder approval. The Compensation Committee also has the power to review our other compensation plans, including the goals and objectives thereof and to recommend changes to these plans to our Board of Directors. The Compensation Committee has authority to administer awards under the 2009 Equity Incentive Plan. The Compensation Committee has the authority to retain independent counsel or other advisers as it deems necessary in connection with its responsibilities at our expense. The Compensation Committee may request that any of our Directors, officers, employees or other persons attend its meetings to provide advice, counsel or pertinent information as the Committee requests.

The members of the Compensation Committee for 2012 were Messrs. Linn, Müller-Ineichen and Vättö. Each member of the Compensation Committee is independent as defined by NASDAQ listing standards. While we have no specific qualification requirements for members of the Compensation Committee, our members have knowledge and experience regarding compensation matters as developed through their respective business experience in both management and advisory roles, including general business management, executive compensation and employee benefits experience. We feel that their collective achievements and knowledge provide us with extensive diversity in experience, culture and viewpoints. The Corporate Secretary develops the meeting calendar for the year based on committee member availability and other relevant events within our Company calendar. Compensation Committee meeting agendas are generally developed by our Corporate Secretary and our Compensation Committee Chairman. Generally, at the end of each scheduled meeting, all participants other than the Compensation Committee members withdraw from the meeting and the Compensation Committee meets in executive session.

Edgar Filing: Altisource Portfolio Solutions S.A. - Form DEF 14A

Our Compensation Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Compensation Committee reviews and approves its charter. The Committee evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter and any recommendations for amendments. The charter was last reviewed by the Compensation Committee in February 2013. The Committee met three (3) times in 2012.

Certain executives are involved in the design and implementation of our executive compensation programs, including the Chief Executive Officer and Chief Administration Officer, who may be present at Compensation Committee meetings. These executives annually review the performance of each executive officer (other than the Chief Executive Officer, whose performance is reviewed by the Compensation Committee in consultation with the Chairman of the Board) and present their conclusions and recommendations regarding incentive award amounts to the Compensation Committee for its consideration and approval. The Committee can exercise its discretion in accepting, rejecting and/or modifying any such executive compensation recommendations; however, executive compensation matters are generally delegated to the Chief Executive Officer and Chief Administration Officer for development and execution.

Compensation Committee Interlocks and Insider Participation. No member of the Compensation Committee was at any time during the 2012 fiscal year or at any other time an officer or employee of the Company, and no member had any relationship with us requiring disclosure under Item 404 of SEC Regulation S-K. None of our named executive officers has served on the Board of Directors or compensation committee of any other entity that has or had one (1) or more named executive officers who served as a member of our Board of Directors or our Compensation Committee during the 2012 fiscal year.

Nomination/Governance Committee. The Nomination/Governance Committee of our Board of Directors makes recommendations to our Board of Directors of individuals qualified to serve as Directors and committee members for our Board of Directors; advises our Board of Directors with respect to Board of Directors composition, procedures and committees; develops and presents our Board of Directors with a set of corporate governance principles and oversees the evaluation of our Board of Directors and our management.

The members of the Nomination/Governance Committee during 2012 were Messrs. Erbey, Linn, Müller-Ineichen and Vättö. In March 2012, Mr. Linn replaced Mr. Erbey on the Committee. Each member of our Nomination/Governance Committee is independent as defined in NASDAQ listing standards.

Our Nomination/Governance Committee operates under a written charter approved by our Board of Directors, a copy of which is available on our website at www.altisource.com and is available in print to any shareholder who requests it. On an annual basis, the Nomination/Governance Committee reviews and approves its charter. The Committee evaluates its performance under its charter and delivers a report to the Board setting forth the results of its evaluation, including an assessment of the adequacy of its charter and any recommendations for amendments. The charter was last reviewed by the Nomination/Governance Committee in February 2013. The Committee met three (3) times in 2012.

It is the policy of our Nomination/Governance Committee to consider candidates for Director recommended by you, our shareholders. In evaluating all nominees for Director, our Nomination/Governance Committee takes into account the applicable requirements for Directors under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and NASDAQ listing standards. In addition, our Nomination/Governance Committee takes into account Altisource's best interests as well

Edgar Filing: Altisource Portfolio Solutions S.A. - Form DEF 14A

as such factors as knowledge, experience, skills, expertise, diversity and the interplay of the candidate's experience with the background of other members of our Board of Directors.

Pursuant to the Company's Diversity Policy, the Nomination/Governance Committee considers diversity when it recommends Director nominees to the Board of Directors, viewing diversity in an expansive way to include differences in prior work experience, viewpoint, education and skill set. In particular, the Nomination/Governance Committee considers diversity in professional experience, skills, expertise, training, broad-based business knowledge and understanding of the Company's business environment when recommending Director nominees to the Board of Directors, with the objective of achieving a Board with diverse business and educational backgrounds. Board members should have individual backgrounds that, when combined, provide a portfolio of experience and knowledge that will serve the Company's governance and strategic needs. The Nomination/Governance Committee periodically reviews the skills and attributes of Board members within the context of the current make-up of the full Board of Directors as the Nomination/Governance Committee deems appropriate. The Nomination/Governance Committee does not discriminate against candidates for the Board of Directors based on race, color, religion, sex, sexual orientation or national origin.

The Nomination/Governance Committee regularly assesses the appropriate size of the Board of Directors and whether any vacancies on the Board of Directors are anticipated. Various potential candidates for Director are then identified. Candidates may come to the attention of the Nomination/Governance Committee through current members of the Board of Directors, professional search firms, shareholders or industry sources.

In evaluating a particular candidate, the Nomination/Governance Committee will consider factors other than the candidate's qualifications including the current composition of the Board of Directors, the balance of management and independent Directors, the need for Audit Committee expertise and the evaluation of other prospective nominees.

In connection with this evaluation, one or more members of the Nomination/Governance Committee, and others as appropriate, interview prospective nominees. After completing this evaluation and interview, the Nomination/Governance Committee makes a recommendation to the full Board of Directors as to the persons who should be nominated by the Board of Directors. The Board of Directors determines the nominees after considering the recommendation and report of the Nomination/Governance Committee. Should you recommend a candidate for Director, our Nomination/Governance Committee would evaluate such candidate in the same manner that it evaluates any other nominee. To date, no shareholder or group of shareholders owning more than 5% of our common stock has put forth any Director nominees.

If you want to recommend persons for consideration by our Nomination/Governance Committee as nominees for election to our Board of Directors, you can do so by writing to our Corporate Secretary at Altisource Portfolio Solutions S.A., 291, route d'Arlon, L-1150 Luxembourg City, Grand Duchy of Luxembourg. You should provide each proposed nominee's name, biographical data and qualifications. Your recommendation should also include a written statement from the proposed nominee consenting to be named as a nominee and, if nominated and elected, to serve as a Director. For consideration at the 2014 Annual Meeting of Shareholders, we must receive your recommendations by December 3, 2013.

Executive Committee. Our Executive Committee is generally responsible to act on behalf of our Board of Directors during the intervals between meetings of our Board of Directors. Our Board of Directors has authorized the Committee to approve and/or to designate in writing certain individuals to approve ordinary course of business actions that are required to be documented by counterparties but do not

require action by the Board of Directors or its committees. Such actions would include approving, signing and executing checks and electronic funds transmissions, dissolving or merging our wholly-owned subsidiaries and performing such other ministerial actions on such terms, conditions and limits as the Committee deems appropriate in its sole discretion.

Risk Management and Oversight Process

Our Board of Directors and each of its committees are involved in overseeing risk associated with the Company. Committee discusses the scope and plan for the internal audit and includes management in its review of accounting and financial controls, assessment of business risks and legal and ethical compliance programs. In its periodic meetings with the external auditors, the Audit Committee discusses the external audit scope, the external auditors' responsibility under the Standards of the Public Company Accounting Oversight Board ("PCAOB"), accounting policies and practices and other required communications. The Board of Directors and the Nomination/Governance Committee monitor the Company's governance and succession risks by regular reviews with management. The Board of Directors and the Compensation Committee monitor the Company's compensation policies and related risks by regular reviews with management. The Board of Directors' role in risk oversight is consistent with the Company's leadership structure, with the Chief Executive Officer and other members of senior management having responsibility for assessing and managing the Company's risk exposure, and the Chairman, the Board of Directors and its committees providing oversight in connection with these efforts.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction, Philosophy and Objectives

We believe an effective executive compensation program aligns executives' interests with shareholders by rewarding performance that achieves or exceeds specific financial targets and strategic goals designed to improve shareholder value. We seek to provide our executives with long-term incentive opportunities that promote consistent, high-level financial performance and to promote individual service longevity. The Compensation Committee evaluates both performance and compensation annually to ensure that we maintain our ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To achieve these objectives, we generally believe executive compensation packages should include both cash and equity-based compensation that rewards performance as measured against established goals.

This compensation discussion and analysis provides information regarding the following:

- compensation programs for our Chief Executive Officer, Chief Financial Officer and Chief Administration Officer and General Counsel;
- overall objectives of our compensation program and what it is designed to reward;
- each element of compensation that we provide; and
- the reasons for the compensation decisions we have made regarding these individuals.

Our named executive officers for 2012 are:

Name	Position
William B. Shepro	Chief Executive Officer
Kevin J. Wilcox	Chief Administration Officer and General Counsel
Michelle D. Esterman ⁽¹⁾	Chief Financial Officer
Robert D. Stiles ⁽²⁾	Chief Financial Officer

(1) Ms. Esterman joined the Company as Chief Financial Officer effective March 12, 2012

(2) Mr. Stiles resigned as Chief Financial Officer effective March 1, 2012

Role of Executive Officers in Compensation Decisions

Certain executives are involved in the design and implementation of our executive compensation programs including the Chief Executive Officer and Chief Administration Officer, who are typically present at Compensation Committee meetings. These executives annually review the performance of each executive officer (other than the Chief Executive Officer, whose performance is reviewed by the Compensation Committee) and present their conclusions and recommendations regarding incentive award amounts to the Compensation Committee for its consideration and approval. The Committee can exercise its discretion in accepting, rejecting and/or modifying any such executive compensation recommendations; however, executive compensation matters are generally delegated to the Chief Executive Officer and Chief Administration Officer for development and execution.

Role of Compensation Consultant

To further the objectives of our compensation program, our Compensation Committee conducted an analysis of the compensation levels of certain of our named executive officers in conjunction with Exequity LLP ("Exequity"), an independent compensation consultant, pursuant to the Compensation Committee's continuing engagement with Exequity.

As part of its analysis, Exequity provided research and presented information to the Committee related to compensation trends and "best practices" in executive compensation among peer group companies in a similar line of business and of similar size to Altisource. Executive compensation data and other resources reviewed by Exequity set the foundation for the Committee's review and analysis of executive compensation levels. Please see "Compensation Increases for Certain Officers" for information on the peer group companies the Compensation Committee used in its analysis.

Employment Agreements

As required by Luxembourg law, Altisource has entered into employment agreements with William B. Shepro, our Chief Executive Officer, Kevin J. Wilcox, our Chief Administration Officer and General Counsel, Michelle D. Esterman, our Chief Financial Officer and Robert D. Stiles, our former Chief Financial Officer (January – March 2012). The employment terms continue indefinitely until the executive's separation from the Company. The contracts provide for a base salary and annual incentive compensation based on the satisfaction of relevant performance criteria. In addition, the executives may receive benefits such as health care or a contributory retirement plan. Altisource reimburses each executive for reasonable costs properly incurred by such executive in the course of his or her employment with the Company including, without limitation, reimbursement of relocation expenses and the provision of certain allowances as described in the Executive Compensation section below.

In order to terminate the contract, each party must provide notice in accordance with the time periods set forth in article L.124-1 of the Luxembourg Labour Code. In the event of the executive's termination by the Company for "cause," no notice is required. In addition, in the event that the executive's employment is terminated by the Company without "cause" or, in some instances, the executive resigns for "good reason," the executive will receive severance benefits. Furthermore, the executive may be entitled to receive redundancy payments in accordance with article L.124-7 of the Luxembourg Labour Code upon certain terminations.

The contracts also provide for a covenant to maintain our confidential information and to enter into an intellectual property agreement. In addition, the executive is bound by a non-solicitation covenant for a period of one (1) year following the termination of the contract. The agreements are governed in accordance with the laws of the Grand Duchy of Luxembourg.

Elements of Compensation

The current compensation package for our named executive officers consists of base salary and annual incentive compensation. This compensation structure was developed in order to provide each named executive officer with a competitive salary while emphasizing an incentive compensation element that is tied to the achievement of corporate goals and strategic initiatives as well as individual performance. We believe that the following elements of compensation are appropriate in light of our performance, industry, current challenges and environment.

Base Salary. Base salaries for our named executive officers are established based on individual qualifications and job responsibilities while taking into account compensation levels at similarly situated companies for similar positions.

Base salaries of the named executive officers are reviewed annually during the performance appraisal process with adjustments made based on market information, internal review of the executive officer's compensation in relation to other officers, individual performance of the executive officer and corporate performance. Salary levels are also considered upon a promotion or other change in job responsibility. Salary adjustment recommendations are based on our overall performance and an analysis of compensation levels necessary to maintain and attract quality personnel. The Compensation

Edgar Filing: Altisource Portfolio Solutions S.A. - Form DEF 14A

Committee sets the base salary for the Chief Executive Officer and approves the base salaries for all other named executive officers.

Additionally, under Luxembourg law, all salaries are required to be adapted based upon the cost of living index in the Grand Duchy of Luxembourg. On October 1, 2012, there was a required 2.5% increase in all salaries pursuant to this law. Our Chief Executive Officer and named executive officers' salaries were adjusted accordingly. Please see "Compensation Increases of Certain Officers" for a discussion of other salary increases for our named executive officers.

Annual Incentive Compensation. Pursuant to an annual incentive plan, a participant can earn cash, restricted stock and stock option awards as determined by the Compensation Committee. The plan provides the Compensation Committee and our management with the authority to establish incentive award guidelines which are further discussed below.

Each named executive officer has a targeted annual cash incentive award that is expressed as a percentage of his or her annual cash total target compensation. In 2012, 40-60% of total annual cash target compensation was payable only upon achievement of certain minimum Company and individual performance levels. The appropriate targeted percentage varies based upon the nature and scope of each named executive officer's responsibilities. The table below reflects the percentage of each named executive officer's target total annual cash compensation that was allocated to each of base salary and incentive compensation in 2012 and each named executive officer's actual total annual cash compensation that was allocated to each of base salary and incentive compensation in 2012:

Name	Base Salary	Incentive	Base Salary	Incentive
	% of Target Total Annual Cash Compensation in 2012	% of Target Total Annual Cash Compensation in 2012	% of Actual Total Annual Cash Compensation in 2012	% of Actual Total Annual Cash Compensation in 2012
William B. Shepro	40%	60%	31%	69%
Kevin J. Wilcox	50%	50%	41%	59%
Michelle D. Esterman ⁽¹⁾	60%	40%	51%	49%
Robert D. Stiles ⁽²⁾	60%	40%	100%	0%

(1) Ms. Esterman joined the Company as Chief Financial Officer effective March 12, 2012, and her incentive compensation for the 2012 fiscal year has been prorated from that date.

(2) Mr. Stiles resigned as Chief Financial Officer of the Company effective March 1, 2012 and did not receive any incentive compensation for the 2012 fiscal year.

Our annual incentive-based cash compensation is structured to motivate executives to achieve pre-established key performance indicators by rewarding the executives for such achievement. This is accomplished by utilizing a balanced scorecard methodology which incorporates multiple financial and non-financial performance indicators developed through our annual strategic planning process to enhance Company performance and long-term shareholder value. This corporate scorecard is approved annually by the Compensation Committee and/or the full Board of Directors and is utilized by the Compensation Committee as a factor to determine the appropriate amount of incentive compensation to be paid to the Chief Executive Officer and other executive officers. During development of the corporate scorecard each year, the Compensation Committee considers the level of difficulty associated with attainment of each goal in the scorecard. The intent of the Compensation Committee is to establish the target goal at a level that is challenging to achieve. For 2012, our corporate scorecard was approved by our Board of Directors at our Board of Directors meeting on March 9, 2012. Certain amendments to our corporate scorecard were approved by our Board of Directors at subsequent Board of Directors meetings.

Edgar Filing: Altisource Portfolio Solutions S.A. - Form DEF 14A

Our corporate scorecard for 2012, as amended, and corresponding achievement levels are detailed below:

2012 Corporate Scorecard Elements

⁽¹⁾ At our Board of Directors meeting on February 12, 2013, the Board of Directors approved an amendment to the 2012 executive scorecards whereby the Outstanding achievement level was amended. The amendment was designed to adjust for (a) unbudgeted interest expense associated with the Company's \$200 million senior secured term loan and (b) higher-than budgeted expenses associated with the rental property management business and the spin-offs of AAMC and Residential. In making its determination, the Board of Directors considered that service revenue, market capitalization and diluted EPS grew by 39%, 73% and 60% respectively in 2012 over 2011 and that the Company accomplished certain significant strategic initiatives in 2012 that we believe positions the Company to achieve sustained long-term growth.

(1) Three out of four metrics achieved at Outstanding and one at Target.

The incentive award for our Chief Executive Officer is structured so that compensation opportunities are related to (i) the Company's performance versus the objectives established in the corporate scorecard (80%), and (ii) a performance appraisal (20%). The incentive awards of our other named executive officers are structured so that compensation opportunities are related to (i) performance within the corporate, business unit or support unit scorecard as expressly assigned in each executive's

Edgar Filing: Altisource Portfolio Solutions S.A. - Form DEF 14A

scorecard (80%) (of which 50% or more is weighted on Corporate Financial Objectives), and (ii) a performance appraisal (20%).

The components in each scorecard are weighted individually based on relevance to the ultimate financial performance of the Company and the importance of the achievement to the success of our corporate strategy. Within each component of the scorecard, there are three (3) established levels of achievement: threshold, target and outstanding. Each level of achievement is tied to a relative point on a percentage scale which indicates the executive officer's level of goal achievement within each component of the scorecard. Achieving the threshold level of achievement will earn the executive officer 50% of the target incentive compensation tied to such goal; the target level of achievement will earn the executive officer 100% of the target incentive compensation tied to such goal and the outstanding level of achievement will earn the executive officer 150% of the target incentive compensation tied to such goal. Any achievement below the threshold level will not entitle the executive to compensation for the associated goal.

The goals and initiatives are further cascaded down through the organization to all of our incentive-eligible employees in their personal scorecards which are tied to performance against goals that are directly linked to corporate profitability and the achievement of our corporate strategic initiatives. The scorecards are communicated to all incentive-eligible employees by the Human Resources Department or the employee's immediate supervisor and are available to employees in our performance management tracking system. Performance against such scorecards is reviewed with senior management on a monthly basis through monthly business reviews and after the end of each year. This incentive compensation structure is intended to align the goals of our incentive-eligible employees with the overall success of the Company, while establishing clear performance standards within their respective business or support units.

Executives have 20% of their incentive compensation determined by their performance appraisal for the service year. Each of our named executive officers performs a self-assessment as to his or her performance against his or her goals for the applicable year. Our Chief Executive Officer utilizes these assessments, as well as his own observations, to prepare a written performance appraisal for each of the other executive officers. These performance appraisals rate performance on objective criteria related to two key factors: (i) the executive's ability to improve and develop their organization throughout the year, and (ii) the executive's strategic contributions to the direction of the Company.

The Chief Executive Officer's scorecard performance and personal performance appraisal are determined by the Compensation Committee in consultation with the Chairman taking into consideration whether the Company's performance and corresponding incentive results present a fair representation of the Chief Executive Officer's performance.

For our executives other than the Chief Executive Officer, the Chief Executive Officer, in conjunction with the Chief Administration Officer, presents the personal scorecard performance and the performance appraisal scores to the Compensation Committee and makes recommendations as to the incentive compensation for each executive officer. The Compensation Committee evaluates the recommendations in light of the Company's overall performance and the executive's business unit or support unit's performance and makes the final compensation award determinations for each executive. Annual incentive compensation is paid to our executives and other incentive-eligible employees following this determination. For 2012, incentive compensation was awarded accordingly. Please see the Summary Compensation Table under Executive Compensation for the actual amounts awarded in 2012.

Generally, at the first Board of Directors meeting of the fiscal year, the Compensation Committee approves the corporate scorecard and annual incentive components for the Chief Executive Officer and other executives for the upcoming year. The Company's 2013 key performance indicators have been developed and approved by the Board of Directors at the February 12, 2013 Board of Directors meeting.

The corporate scorecard for 2013 includes achieving an overall revenue target, achieving business segment specific revenue and pre-tax income targets and increasing earnings per share. In addition, the corporate scorecard provides for successful completion of strategic initiatives established to enhance long-term corporate and shareholder value.

The 2013 corporate strategic initiatives relate to:

- Improving performance through operational effectiveness and efficiency
- Developing, implementing and scaling new services
- Diversifying revenue and customer base
- Maintaining compliance

Setting Compensation Levels

We believe our executive compensation programs are effectively designed and working well in alignment with the interests of our shareholders and are instrumental to achieving our business strategy. In determining executive compensation for fiscal year 2012, our Compensation Committee considered the overwhelming shareholder support that the "Say-on-Pay" proposal received at our May 18, 2011 Annual Meeting of Shareholders. As a result, our Compensation Committee continued to apply the same effective principles and philosophy it has used in previous years in determining executive compensation and will continue to consider shareholder concerns and feedback in the future. The next "Say-on-Pay" vote will be at our 2014 Annual Meeting of Shareholders.

From time to time, the Company conducts benchmarking on Chief Executive Officer and other named executive officer compensation among peer companies of comparable size, industry, location and similar attributes that may compete with Altisource for qualified management talent.

Compensation Increases for Certain Officers

In the third quarter 2012, our Compensation Committee most recently conducted compensation benchmarking with the assistance of its compensation consultant, Exequity. Exequity assisted the Compensation Committee in reviewing the compensation levels for the Chief Executive Officer and the Chief Administration Officer and General Counsel.

Exequity reviewed the pay levels for these named executive officers compared to pay levels among our peer companies, as analyzed by management, to help identify the competitive positioning of our pay practices.

In order to provide a robust array of pay benchmarking data, Exequity reviewed executive pay among two sets of companies:

A primary peer group of 14 companies with similar operational dynamics as Altisource, but which includes companies larger than Altisource (revenues ranging from \$278MM - \$3.8B). This peer group consists of the following companies: CoreLogic, Inc., Equifax, EXL Service Holdings Inc., First American Financial Corporation, Fleetcor Technologies Inc., Genpact Ltd., Highwoods Properties Inc., iGate, Lenders Processing Services, Nationstar Mortgage Holdings, TNS Inc., Virtusa Corp., WP Carey & Co LLC and Wright Express.

A secondary peer group of 8 of the 14 above companies (revenues ranging between \$278MM - \$780MM) that excluded the peer companies with considerably greater annual revenues than Altisource. This peer group consists of the following companies: EXL Service Holdings Inc., Fleetcor Technologies Inc., Highwoods Properties Inc., iGate, Nationstar Mortgage Holdings, TNS Inc., Virtusa Corp., WP Carey & Co LLC and Wright Express.

Additionally, utilizing a similar benchmarking analysis and other relevant factors, the Compensation Committee reviewed the compensation levels for the Chief Financial Officer in the first quarter of 2013.

All information was obtained from publicly available proxy disclosures and included base salary, annual incentive compensation and long-term incentive compensation.

The Compensation Committee believes this peer group benchmarking methodology provides a fair representation of the competitive arena for executive talent and is an effective approach for setting compensation levels to ensure that the Company's pay practices allow it to attract and retain executive employees of the highest quality.

Based on the benchmarking analyses, performance, retention and other relevant considerations, the Compensation Committee reviewed recommendations and determined appropriate base salary and annual incentive compensation targets for the Chief Executive Officer and the Chief Administration Officer and General Counsel in the third quarter of 2012, and for the Chief Financial Officer in the first quarter of 2013.

Please see "Role of Compensation Consultant" for further information regarding our use of an independent compensation consultant.

The Board approved the following increases to the base salaries of the following named executive officers, effective as of September 1, 2012 for Messrs. Shepro and Wilcox, and March 1, 2013 for Ms. Esterman:

Officer	Previous Base Salary (\$)	New Base Salary (\$)	Resulting Base Salary Increase (%)
Mr. William B. Shepro, Chief Executive Officer	464,376	540,000	16
Mr. Kevin J. Wilcox, Chief Administration Officer and General Counsel	382,325	425,000	11
Ms. Michelle D. Esterman, Chief Financial Officer	276,000	315,000	12

The Board determined that the ratio of the base compensation and the incentive compensation to the total compensation would remain the same. The target incentive compensation for each executive was therefore increased by the same percentage as the executive's base salary:

Officer	Previous Target Incentive Compensation (\$)	New Target Incentive Compensation (\$)	Resulting Target Incentive Compensation Increase (%)
Mr. William B. Shepro, Chief Executive Officer	696,564	810,000	16
Mr. Kevin J. Wilcox, Chief Administration Officer and General Counsel	382,325	425,000	11
Ms. Michelle D. Esterman, Chief Financial Officer	184,000	210,000	12

Mr. Shepro, Mr. Wilcox and Ms. Esterman's employment contracts were amended accordingly.

Equity Incentive Plan

The Compensation Committee, in cooperation with senior management, implemented the 2009 Equity Incentive Plan. The purpose of the 2009 Equity Incentive Plan is to provide additional incentives to key employees to make extraordinary contributions to the Company, to assist with the retention of key employees and to align the interests of our employees with the interests of our shareholders. The 2009 Equity Incentive Plan is administered by the Compensation Committee and authorizes the award of restricted stock, options, stock appreciation rights, stock purchase rights or other equity-based awards to our employees. Options awarded under the 2009 Equity Incentive Plan may be either "incentive stock options" as defined in Section 422 of the United States Internal Revenue Code of 1986, as amended (the "Code"), or nonqualified stock options, as determined by the Compensation Committee.

Each award granted under the 2009 Equity Incentive Plan is evidenced by a written award agreement between the participant and us, which describes the award and states the terms and conditions to which the award is subject. If any shares subject to award are forfeited or if any award terminates, expires or

Edgar Filing: Altisource Portfolio Solutions S.A. - Form DEF 14A

lapses without being exercised, shares of common stock subject to such award will again be available for future award.

In line with the objectives of our compensation philosophy, Ms. Esterman received 58,500 stock options to purchase the Company's common stock pursuant to the 2009 Equity Incentive Plan when she joined the Company as Chief Financial Officer on March 12, 2012. The vesting schedule for these options has a service-based component, in which 25% of the options vest in equal increments over four years, and a market-based component, in which up to 75% of the options could vest in equal increments, with 25% vesting immediately upon the achievement of certain performance criteria related to the Company's stock price and its annualized rate of return and the remaining 75% vesting over the next three years. Two-thirds of the performance-based options would commence vesting if the stock price realizes a compounded annual gain of at least 20% over the exercise price, so long as the stock price is at least double the exercise price. The remaining third of the performance-based options would commence vesting if the stock price realizes a 25% compounded annual gain, so long as it is at least triple the exercise price.

Additionally, on August 14, 2012, the Board of the Company approved, on the recommendation of our Compensation Committee, a plan pursuant to which AAMC Restricted Stock would be granted to our named executives. On December 11, 2012, the following grants were made pursuant to the plan. Mr. Shepro was granted 29,216 shares of AAMC Restricted Stock with an aggregate fair value of \$172,228. Mr. Wilcox was granted 14,608 shares of AAMC Restricted Stock with an aggregate fair value of \$86,114. Ms. Esterman was granted 8,765 shares of AAMC Restricted Stock with an aggregate fair value of \$51,670.

The AAMC Restricted Stock will vest in three tranches, subject to the achievement of the following performance hurdles:

25% will vest in accordance with the vesting schedule set forth below if the market value of AAMC stock meets all three of the following conditions: (i) the market value is at least equal to \$250 million; (ii) the market value has realized a compounded annual gain of at least 20% over the market value on the date of the grant; and (iii) the market value is at least double the market value on the date of the grant.

50% will vest in accordance with the vesting schedule set forth below if the market value of AAMC stock meets all three of the following conditions: (i) the market value is at least equal to \$500 million; (ii) the market value has realized a compounded annual gain of at least 22.5% over the market value on the date of the grant; and (iii) the market value is at least triple the market value on the date of the grant.

25% will vest in accordance with the vesting schedule set forth below if the market value of AAMC stock meets all three of the following conditions: (i) the market value is at least equal to \$750 million; (ii) the market value has realized a compounded annual gain of at least 25% over the market value on the date of the grant; and (iii) the market value is at least quadruple the market value on the date of the grant.

The AAMC Restricted Stock will vest according to the following vesting schedule:

25% of each tranche will vest on the first anniversary of the date when the three conditions for that tranche are met.

The remaining 75% will vest in substantially equal installments on each of the first three anniversaries of the initial vesting of the applicable tranche.

If an award recipient's service with the Company or any of its affiliates is terminated prior to full vesting of the AAMC Restricted Stock, then the award recipient will forfeit all unvested AAMC Restricted Stock to AAMC, except that if (i) an award recipient's service is terminated either by the Company (or an affiliate) without cause or due to death or disability and (ii) a performance hurdle has already been achieved or is achieved within ninety days of termination, unvested stock for the corresponding tranche will continue to vest according to the above vesting schedule.

Stock Ownership Policies

Although we do not have stock ownership requirements, our philosophy is that equity ownership by our Directors and executives is important to attract, motivate, retain and align their interests with the interests of our shareholders. The Compensation Committee believes that the Company's equity incentive plans are adequate to achieve this philosophy. We also maintain a management directive detailing our trading window period policy for Directors, executive officers and other employees and our insider trading policy.

Other Compensation

The Compensation Committee's policy with respect to other employee benefit plans is to provide benefits to our employees, including our executive officers, that are comparable to benefits offered by companies of a similar size to ours. A competitive comprehensive benefit program is essential to achieving the goal of attracting and retaining highly qualified employees.

Potential Payments upon Termination or Change in Control

Below is a description of the amounts payable to each named executive officer assuming the executive's employment had terminated under various scenarios, or a change of control had occurred, on December 31, 2012 (the last business day of fiscal year 2012). Due to the number of factors that affect the nature and amount of any benefits under the various scenarios, actual amounts paid or distributed may be different.

As noted above, our Chief Executive Officer, Chief Financial Officer and Chief Administration Officer and General Counsel have entered into employment agreements with the Company. Under these agreements, if employment is terminated by the executive's retirement or disability, as defined therein, the Company will pay all standard relocation costs to relocate the officer to the United States. If the Company terminates the employment of the officer other than for "cause" and, in some instances, where employment is terminated for "good reason" by the officer, the Company is obligated to make a cash payment of between four and twelve months' salary. In the case of the Chief Executive Officer and Chief Administration Officer, the Company will be obligated to pay one (1) year's target incentive compensation in such instance. Additionally, in the event that the Company terminates the employment of the officer other than for "cause" after October 1 of the service year and before incentives are paid for the prior service year, the officer is entitled to receive incentive compensation for such service year. In these instances, the Company will also pay all standard relocation costs to relocate the named executive officer to the United States. If the named executive officer is terminated by the Company for "cause", the Company may terminate without notice and with no liability to make any further payment to the executive, other than amounts accrued and unpaid at the date of termination.

All named executive officers have options granted pursuant to the 2009 Equity Incentive Plan. A portion of the options vest over time in equal installments (the "Service-based Options"), and the remaining options will vest based on applicable Company performance (the "Market-based Options"). Upon termination of an executive officer's employment other than for cause, the executive officer would be entitled to retain any vested portion of prior equity awards granted as well as any unvested Market-based Options where the vesting hurdles have already been achieved. Additionally, upon

termination of an executive officer's employment without cause or upon his or her retirement, the executive officer would be entitled to retain unvested Market-based Options where the vesting hurdles are achieved within ninety (90) days of the termination. Generally, for termination not due to death, disability or retirement, the executive officer has six (6) months within which to exercise stock options pursuant to our stock option agreements. Any portion of an equity award not vested will be forfeited in any circumstance unless alternate arrangements are made in the discretion of the Compensation Committee. Furthermore, pursuant to each stock option agreement granting an equity award, upon termination of an executive for cause, all outstanding stock options awarded pursuant to such stock option agreement are forfeited.

Certain of the stock option agreements provide for accelerated vesting as set forth below. Upon a named executive officer's retirement, disability, death, termination by the Company without "cause" or termination by the named executive officer for "good reason," all Service-based Options will immediately vest. Additionally, pursuant to these certain agreements, if there is a "change of control event," as defined in the applicable stock option agreement, all options, including Service-based Options and Market-based Options, will vest.

Upon his retirement, disability, death, termination by the Company without "cause" or termination by Mr. Shepro for "good reason," Mr. Shepro would receive \$1,885,500 from the accelerated vesting of options. Upon a "change in control," Mr. Shepro would receive \$6,988,664 from the accelerated vesting of options.

Upon his retirement, disability, death, termination by the Company without "cause" or termination by Mr. Wilcox for "good reason," Mr. Wilcox would receive \$927,000 from the accelerated vesting of options. Upon a "change in control," Mr. Wilcox would receive \$3,776,887 from the accelerated vesting of options.

Upon her retirement, disability, death, or termination by the Company without "cause," Ms. Esterman would receive \$339,593 from the accelerated vesting of options. Upon a "change in control," Ms. Esterman would receive \$1,188,562 from the accelerated vesting of options.

Pursuant to his Separation Agreement, Mr. Stiles retained all of his vested options, received a \$100,000 severance payment and a \$52,330 tax equalization payment for 2011 earnings and will be provided tax equalization and preparation for 2012 consistent with past practice during the term of Mr. Stiles' employment.

Tax Considerations

The timing of compensation decisions is driven by a variety of tax considerations. In order to avoid being considered deferred compensation under Section 409A of the Code and to be deductible for the prior tax year, our annual incentive awards with respect to the prior year must be paid out by March 18 for employees of the Company who are U.S. taxpayers.

(1) Represents amounts earned in corresponding year.

(2) Represents the grant date fair value of AAMC Restricted Stock granted to our named executive officers on December 11, 2012, which grants are subject to the vesting conditions described in our Compensation Discussion & Analysis under "Equity Incentive Plan." We determined the grant date fair value of these stock awards using a Monte Carlo simulation valuation methodology.

(3) For awards of options, the amount disclosed represents the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718. We estimated the grant date fair value of stock option awards in 2010 and 2012 using a Black-Scholes option-pricing model and a binomial option pricing model utilizing the following assumptions:

Performance Year	Service-based Awards - Black-Scholes Option Pricing Model				
	Expected Volatility (%)	Expected Dividend Yield (%)	Exercise Price (\$)	Risk-Free Interest Rate (%)	Expected Term in Years
2010	47% - 50%	-	\$22.01 - \$24.85	2.82% - 3.12%	7.00

- (4) Outstanding Altisource stock options have been adjusted to reflect the distribution of AAMC and Residential stock to Altisource shareholders in two spin-off transactions completed on December 21, 2012. All holders of Altisource stock option awards, including AAMC and Residential employees and those who remained with Altisource after the spin-off transactions, received the following:
- New AAMC stock options to acquire the number of shares of AAMC equal to the product of (a) the number of Altisource stock options held on the date of the spin-off of AAMC and (b) the distribution ratio of one (1) share of AAMC common stock for every ten (10) shares of Altisource common stock;
- New Residential stock options to acquire the number of shares of Residential equal to the product of (a) the number of Altisource stock options held on the date of the spin-off of Residential and (b) the distribution ratio of one (1) share of Residential common stock for every three (3) shares of Altisource common stock; and
- Adjusted Altisource stock options for the same number of shares of Altisource common stock with a reduced exercise price per stock option.
- We determined the exercise price of the new Residential and AAMC stock option and the adjusted Altisource stock option in a manner so that the fair value of the adjusted Altisource stock award and the new Residential and AAMC stock options immediately following the spin-offs was equivalent to the fair value of such Altisource stock award immediately prior to the spin-offs. No incremental share-based compensation was recognized as a result of this adjustment.
- (5) Consists of the cash portion of incentive compensation bonus related to performance measures satisfied in the year indicated and awarded in the first quarter of the following year.
- (6) Consists of contributions by Altisource to each executive officer for car allowances, housing allowances, goods and services allowance, educational allowances and tax equalization allowance as detailed below.

Deloitte & Touche LLP Fees

The following table shows the aggregate fees billed to Altisource for professional services by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates in fiscal years 2011 and 2012:

Category	2011	2012
Audit Fees	\$1,189,928	\$1,299,347
Audit-Related Fees	-	\$223,763
Tax Fees	\$215,403	\$417,131
All Other Fees	-	-
Total	\$1,405,331	\$1,940,241

Audit Fees. This category includes the aggregate fees and expenses billed for professional services rendered for the audits of Altisource's consolidated financial statements for fiscal years 2011 and 2012, for the reviews of the financial statements included in Altisource's quarterly reports on Form 10-Q during fiscal years 2011 and 2012 and for services that are normally provided by the independent registered certified public accounting firm and affiliates in connection with statutory and regulatory filings or engagements for the relevant fiscal year.

Audit-Related Fees. This category includes the aggregate fees billed in fiscal years 2011 and 2012 for audit-related services by the independent registered certified public accounting firm that are reasonably related to the performance of the audits or reviews of the financial statements and are not reported above under "Audit Fees" and generally consist of fees for other attest engagements under professional auditing standards, internal control-related matters, audits of employee benefit plans and due diligence. The 2012 Audit-Related Fees represent billings related to the audits of the financial statements of Residential and AAMC included on Form 10 in connection with their spin-offs from Altisource.

Tax Fees. This category includes the aggregate fees billed in fiscal years 2011 and 2012 for professional services rendered by the independent registered certified public accounting firm for tax compliance, tax planning and tax advice.

All Other Fees. This category includes the aggregate fees billed in fiscal years 2011 and 2012 for products and services provided by the independent registered certified public accounting firm that are not reported above under "Audit Fees," "Audit-Related Fees" or "Tax Fees."

The Audit Committee considered the compatibility of the non-audit-related services provided by and fees paid to Deloitte & Touche LLP in fiscal years 2011 and 2012 and determined that such services and fees are compatible with the independence of Deloitte & Touche LLP.

The Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered certified public accounting firm in order to assure that the provision of such services does not impair the independent registered certified public accounting firm's independence. Unless a type of service to be provided by the independent registered certified public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. In fiscal years 2011 and 2012, all fees associated with the independent registered certified public accounting firm's services were pre-approved by the Audit Committee.

Representatives from Deloitte & Touche LLP will be present at the Annual Meeting of Shareholders, will be given the opportunity to make a statement, if they desire to do so, and will be available to respond to questions from shareholders.

Audit Committee Pre-Approval Policy

The Audit Committee may delegate pre-approval authority to one or more of its members. **APPROVAL OF THE COMPANY'S ANNUAL ACCOUNTS

THE YEAR ENDED DECEMBER 31, 2012 AND AS AMENDED AND RESTATED
FOR THE YEARS ENDED DECEMBER 31, 2009 TO 2011,
AND ITS CONSOLIDATED FINANCIAL STATEMENTS
PREPARED IN ACCORDANCE WITH U.S. GAAP INCLUDING A FOOTNOTE
RECONCILIATION OF EQUITY AND NET INCOME TO IFRS
FOR THE YEAR ENDED DECEMBER 31, 2012**

(Proposal Three)

Pursuant to Luxembourg law, the Luxembourg Statutory Accounts must be submitted each year to shareholders for approval at the Annual Meeting of Shareholders.

The Luxembourg Annual Accounts are prepared in accordance with Luxembourg GAAP and consist of a balance sheet, a profit and loss account and the notes for Altisource. There is no statement of movements in equity or statement of cash flows included in the Luxembourg Annual Accounts under Luxembourg GAAP. Profits earned by the subsidiaries of Altisource are not included in the Luxembourg Annual Accounts unless such amounts are distributed to Altisource.

The Luxembourg Annual Accounts were amended and restated as of and for each of the three years ended December 31, 2009 to 2011 to include adjustments required under Luxembourg GAAP. The amended and restated Luxembourg Annual Accounts (1) include 6.7 million common shares redeemed by the Company prior to our separation from Ocwen on August 9, 2009 within Own Shares and Reserve for Own Shares on the balance sheets, (2) remove share-based compensation expense from the profit and loss accounts and (3) remove deferred income tax balances from the balance sheets.

Accordingly, the amended and restated Luxembourg Annual Accounts as of and for the year ended December 31, 2009, show Total Assets of \$65.3 million and a profit for the year then ended of \$0.9 million. The amended and restated Luxembourg Annual Accounts as of and for the year ended December 31, 2010, show Total Assets of \$91.9 million and a profit for the year then ended of \$2.2 million. The amended and restated Luxembourg Annual Accounts as of and for the year ended December 31, 2011, show Total Assets of \$178.7 million and a loss for the year then ended of \$0.8 million. The Luxembourg Annual Accounts as of and for the year ended December 31, 2012, show Total Assets of \$174.0 million and a profit for the year then ended of \$179.1 million.

The Consolidated Accounts are prepared in accordance with U.S. GAAP, including a footnote reconciliation of equity and net income to IFRS, and consist of a balance sheet, statement of operations, statement of changes in stockholders' equity, statement of cash flows and the accompanying notes. The Consolidated Accounts present the financial position and results of operations for Altisource and all of its subsidiaries as if the individual entities were a single company. The restatements of the Luxembourg Annual Accounts described above did not result in any change to the Consolidated Accounts for such periods. As of December 31, 2012, the Consolidated Accounts show IFRS Total Equity of \$162.3 million and IFRS Net Income of \$113.8 million for the year then ended.

Pursuant to Luxembourg law, following shareholder approval of the Luxembourg Statutory Accounts, such accounts must be filed with the Luxembourg trade registry as public documents. If Altisource does not receive shareholder approval of the Luxembourg Statutory Accounts, we cannot make this filing.

Altisource's Luxembourg Statutory Accounts will be available to shareholders from April 15, 2013 until the conclusion of the Annual Meeting of Shareholders at Altisource's registered office.

**RECEIPT AND APPROVAL OF THE DIRECTORS' REPORTS FOR THE
LUXEMBOURG STATUTORY ACCOUNTS**

(Proposal Four)

Under Luxembourg law, the Board of Directors is required to prepare annual Directors' reports for the Luxembourg Statutory Accounts (the "Directors' Reports"). The Directors' Reports present the Luxembourg Statutory Accounts for the relevant fiscal year(s), provide an explanation as to the results and certain other required Company matters and propose the allocation of such results to the shareholders.

The Directors' Reports for the Luxembourg Statutory Accounts will be available to shareholders from April 15, 2013 until the conclusion of the Annual Meeting of Shareholders at Altisource's registered office. Following shareholder approval of the Luxembourg Statutory Accounts, the Directors' Reports will be filed with the Luxembourg trade registry as public documents.

**ALLOCATION OF THE RESULTS AND PART OF THE DISTRIBUTABLE RESERVE
IN THE LUXEMBOURG ANNUAL ACCOUNTS**

(Proposal Five)

Each year, the shareholders of Altisource are required to approve the allocation of Altisource's results as determined by the Luxembourg Annual Accounts.

Luxembourg law requires that at least 5% of the net profits, if any, for the Luxembourg Annual Accounts be allocated to a legal reserve; provided, however that an allocation ceases to be compulsory when the legal reserve reaches 10% of the share capital of Altisource, but again becomes compulsory when the reserve amount falls below this threshold.

The Board of Directors proposes that the shareholders of the Company approve the allocation of the Company's results as follows:

Year Ended December 31, 2009

An allocation to the Company's legal reserve of the profit for the financial year equal to \$0.04 million, which is 5% of the net profit of the Company for the 2009 year; and

An allocation to profit brought forward of the remaining profit of \$0.86 million, for a total profit of \$0.9 million in 2009.

Year Ended December 31, 2010

An allocation to the Company's legal reserve of the profit for the financial year equal to \$0.1 million, which is 5% of the net profit of the Company for the 2010 year; and

An allocation to profit brought forward of the remaining profit of \$2.1 million, for a total profit of \$2.2 million in 2010.

Year Ended December 31, 2011

An allocation of the Company's 2011 loss of \$0.8 million to losses brought forward, partially offsetting profit brought forward.

Year Ended December 31, 2012

An allocation to the Company's legal reserve of the profit for the financial year equal to \$2.9 million, which is the remaining legal reserve required to reach 10% of the share capital of the Company; and

An allocation to profit brought forward of the remaining profit of \$176.2 million, for a total profit of \$179.1 million in 2012.

**RATIFICATION OF THE DECLARATION AND PAYMENT OF THE INTERIM DIVIDENDS IN
CONNECTION WITH THE SEPARATION OF
ALTISOURCE RESIDENTIAL CORPORATION
AND ALTISOURCE ASSET MANAGEMENT CORPORATION FROM
THE COMPANY**

(Proposal Six)

Pursuant to Luxembourg Law, the declaration and payment of interim dividends by the Board of Directors is subject to ratification by the shareholders at the following general meeting of shareholders.

On November 12, 2012, in connection with the spin-offs of Residential and AAMC, the Board of Directors authorized the declaration and payment of interim dividends to the Company's shareholders paid in kind consisting of Residential Class B Common stock (the "Residential Shares") in the amount of \$100.0 million and AAMC common stock (the "AAMC Shares") in the amount of \$5.0 million.

The spin-offs were completed at the close of business on Friday, December 21, 2012, and the Residential Shares and AAMC Shares were electronically distributed on December 24, 2012 to the Company's shareholders as of December 17, 2012, in the ratio of 1 Residential Share for every 3 shares held in the Company and 1 AAMC Share for every 10 shares held in the Company. This distribution completed the separation of Residential and AAMC from the Company and began their transition to independent public companies.

In accordance with Luxembourg law, the Board of Directors proposes that the shareholders of the Company ratify the declaration and payment of the interim dividends described above.

DIVIDENDS IN CONNECTION WITH THE SEPARATION OF ALTISOURCE RESIDENTIAL
CORPORATION AND ALTISOURCE ASSET MANAGEMENT CORPORATION FROM THE COMPANY**

**DISCHARGE OF EACH OF THE CURRENT AND PAST DIRECTORS OF
ALTISOURCE PORTFOLIO SOLUTIONS S.A.
FOR THE PERFORMANCE OF THEIR MANDATE DURING THE
YEARS ENDED DECEMBER 31, 2009 TO 2012**

(Proposal Seven)

Pursuant to Luxembourg law, after the approval of the Luxembourg Statutory Accounts (as discussed in Proposal Three above), the shareholders of Altisource are required to vote on whether to discharge Altisource's Directors for the performance of their mandate during the relevant fiscal year. If the shareholders grant the discharge of Directors for the relevant fiscal year, Altisource will not be able to initiate a liability claim against such Directors in connection with the performance of their mandate for the relevant fiscal year. However, such discharge will not be valid in certain instances as specified in Article 75 of the Luxembourg Law of 10 August 1915 on commercial companies, as amended. For fiscal year 2012, Altisource believes no such instances have occurred.

DISCHARGE OF EACH OF THE CURRENT AND PAST DIRECTORS OF ALTISOURCE PORTFOLIO
SOLUTIONS S.A. FOR THE PERFORMANCE OF THEIR MANDATE DURING THE YEARS ENDED
DECEMBER 31, 2009 TO 2012**

BUSINESS RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

The Board of Directors has adopted a policy and procedure for review, approval and monitoring of transactions involving Altisource and related persons (Directors and named executive officers or their immediate family members or shareholders owning 5% or greater of the Company's outstanding stock) within our written Code of Business Conduct and Ethics which is available at www.altisource.com. This policy and procedure is not limited to related person transactions that meet the threshold for disclosure under the relevant SEC rules, as it broadly covers any situation in which a conflict of interest may arise.

Any situation that potentially qualifies as a conflict of interest is to be immediately disclosed to the Compliance Officer and/or the General Counsel to assess the nature and extent of any concern as well as the appropriate next steps. The Compliance Officer and/or the General Counsel will notify the Chairman of the Board of Directors if any such situation requires approval of the Board of Directors. Related persons are required to obtain the prior written approval of the Audit Committee of the Board of Directors before participating in any transaction or situation that may pose a conflict of interest. In considering a transaction, the Audit Committee will consider all relevant factors including (i) whether the transaction is in the best interests of Altisource; (ii) alternatives to the related person transaction; (iii) whether the transaction is on terms comparable to those available to third parties; (iv) the potential for the transaction to lead to an actual or apparent conflict of interest and any safeguards imposed to prevent such actual or apparent conflicts and (v) the overall fairness of the transaction to Altisource. The Committee will periodically monitor any approved transactions to ensure that there are no changed circumstances that would render it advisable for the Company to amend or terminate the transaction.

As of December 31, 2012, Mr. Erbey, our Chairman owns or controls 13% of Ocwen's common stock, 23% of Altisource's common stock, 2% of HLSS's common stock, 23% of Residential's common stock and 23% of AAMC's common stock. Therefore, transactions between the Company and these entities are related party transactions.

In July 2011, the Company acquired a 48.78% equity interest in Correspondent One S.A. ("Correspondent One"). Therefore, transactions between the Company and Correspondent One are related party transactions.

Ocwen

For the year ended December 31, 2012, the Company generated segment revenue from Ocwen of \$306.8 million for Mortgage Services, \$0.2 million for Financial Services and \$31.2 million for Technology Services.
