Item 1. Description of Business

The Company

The Company had planned to operate 3-D ultrasound centers for elective, non-diagnostic purposes. As a result of recent concerns by the FDA related to non-diagnostic ultrasounds, the Company has decided not to enter this market. The Company is presently evaluating potential businesses, but as of the date of this report, has not determined in what type of business it will engage.

Late in 2000, the Company, formerly SwiftyNet.com, launched an Internet search portal called Yseek.com based on a ten-year software license it acquired in late 2000. In January 2001, the Company used the software to begin operating the Yseek.com web site. Yseek.com provided a free search engine and links by category to other World Wide Web sites. During 2001 and 2002, the Company entered into several short-term revenue sharing agreements with Internet host sites to generate traffic to the site and generate revenues. The Company's management with Internet related experience resigned from the Company in September 2002. New management elected in September 2002 decided not to pursue an Internet related business and therefore recognized an impairment loss for the unamortized value of the search engine in the fourth quarter of 2002.

On March 12, 2003, the board of directors voted to amend the Company's Articles of Incorporation changing the Company's name to Advanced 3-D Ultrasound Services, Inc. The purpose of the name change was to reflect the Company's emphasis on developing 3-D ultrasound centers.

Special Note Regarding Forward Looking Statements.

This annual report on Form 10-KSB of Advanced 3-D Ultrasound Services, Inc., f/k/a Yseek, Inc. for the year ended December 31, 2004 contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. To the extent that such statements are not recitations of historical fact, such statements constitute forward-looking statements which, by definition, involve risks and uncertainties. In particular, statements under the Sections; Description of Business, Business Strategy and Management's Discussion and Analysis of Financial Condition and Results of Operations contain forward-looking statements. Where, in any forward-looking statement, the Company expresses an expectation or belief as to future results or events, such expectation or belief is expressed in good faith and believed to have a reasonable basis, but there can be no assurance that the statement of expectation or belief will result or be achieved or accomplished.

The following are factors that could cause actual results or events to differ materially from those anticipated, and include but are not limited to: general economic, financial and business conditions; changes in and compliance with governmental regulations; changes in tax laws; and the costs and effects of legal proceedings.

Item 6. Management's Discussion and Analysis or Plan of Operation

The following discussion and analysis should be read in conjunction with the Financial Statements and the related Notes thereto included elsewhere in this report. This report contains forward-looking statements that involve risks and uncertainties. The Company's actual results may differ significantly from the results discussed in the forward-looking statements. Factors that might cause such a difference include, but are not limited to, those discussed in "Special Note Regarding Forward-Looking Statements."

PLAN OF OPERATION

Currently the Company plans to engage in a profitable business. Company management is currently investigating potential business opportunities.

Previously, the Company's plans included developing a profitable business in 3-D fetal photography. On February 1, 2003, the Company entered into a consulting agreement with an individual to investigate this potential business opportunity

Edgar Filing: YSEEK INC - Form 10KSB

for a period of ninety days. In exchange for these services, the consultant received \$10,000 and 2,500 common shares. 3-D fetal photography provides clear color photographs of an unborn child. The Company believes recent improvements make this technology practical and desired by parents. In response to the Company's decision to pursue this business venture, the Company received shareholder approval to pursue this venture and therefore changed its name to Advanced 3-D Ultrasound Services, Inc. at its shareholders meeting on May 2, 2003. The Company has decided not to enter this market and is no longer pursuing these plans.

The Company entered into a lease for its first 3-D fetal photography center in May 2004. However, due to problems with the landlord improvements and the space, this lease was cancelled during the 3rd quarter of 2004. The Company entered into a lease for its corporate offices. The lease was an operating lease for six months and it commenced March 18, 2004. The total rent for the six months was \$3,600. This lease was also cancelled during August 2004. The Company's officers are working out of home offices at this time.

In August 2004 the Company entered into consulting agreements with six individuals. These individuals will provide consulting services in the areas of marketing, business planning and legal services for a period of one year. The consultants each received 5,850 shares of common stock in exchange for their services.

The Company's plans to engage in a profitable business may require additional funds.

In 2002, the Company adopted a subscription agreement to raise \$300,000 of which \$200,000 was to be used for fetal photography development and \$100,000 for working capital. From September 2002 through December 2002, the Company received \$138,730 from sales of common stock, of which \$35,000 was from one of the new officers who is a major stockholder. This initial funding was used primarily to pay off debts and to fund minimal administrative costs. In 2003, the Company received \$164,300 from sales of common stock. This funding was used to fund administrative costs and to fund the consulting agreement noted in a preceding paragraph. The Company plans to fund its near-term operations through additional sales of common stock.

In 2004, the Company received \$230,000 from sales of common stock. The proceeds of this funding have been spent on development costs, salaries and other administrative costs.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders
Advanced 3-D Ultrasound Services, Inc.
f/k/a YSEEK, Inc.

We have audited the accompanying balance sheet of Advanced 3-D Ultrasound Services, Inc. as of December 31, 2004, and the related statement of operations, stockholders' equity and cash flows for the years ended December 31, 2004 and 2003. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public

Edgar Filing: YSEEK INC - Form 10KSB

Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Advanced 3-D Ultrasound Services, Inc. at December 31, 2004, and the results of its operations and its cash flows for the years ended December 31, 2004 and 2003, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004 AND 2003

(1) Significant Accounting Policies:

The following is a summary of the more significant accounting policies and practices of Advanced 3-D Ultrasound Services, Inc. (the Company) which affect the accompanying financial statements.

(a) Organization--Advanced 3-D Ultrasound Services, Inc. was incorporated on September 23, 1997. The Company was formerly known as Yseek, Inc. On March 12, 2003, the board of directors voted to amend the Company's Articles of Incorporation changing the Company's name to Advanced 3-D Ultrasound Services, Inc. The purpose of the name change was to reflect the Company's emphasis on developing 3-D ultrasound centers.

(b) Operations--The Company intends to acquire a profitable business. Company management is currently investigating potential business acquisitions.

(c) Use of estimates--The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(d) Cash--For the purposes of reporting cash flows, the Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

(e) Loss per common share--Loss per share is based on the weighted average number of common shares outstanding during each period in accordance with Statement of Financial Accounting Standards No. 128, Earnings Per Share.

(f) Deferred income taxes--Deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statements carrying amounts of existing assets and liabilities and their respective income tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized as income in the

Edgar Filing: YSEEK INC - Form 10KSB

period that included the enactment date.

(g) Long-lived assets--Property and equipment are carried at cost. Depreciation is computed on the straight-line method, based on the estimated useful lives of the related assets. At December 31, 2004, net property and equipment consisted of office equipment and furniture with a cost of \$4,760, less accumulated depreciation of \$521.

Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the related carrying amount may not be recoverable. When required, impairment losses on assets to be held and used are recognized based on the excess of the asset's carrying amount over fair value of the asset and long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

(2) Income Taxes:

No provision for income taxes has been recorded for 2004 or 2003 due to net losses incurred.

Temporary differences giving rise to the deferred tax assets consist primarily of donated services recognized for financial statement purposes. Management has established a valuation allowance equal to the amount of the deferred tax assets due to the uncertainty of realization of the benefit of the net operating losses against future taxable income. The components of deferred tax assets at December 31, 2004 and 2003, consist of the following:

	2004	2003
	-----	-----
Deferred tax assets:		
Net operating loss	\$ 2,198,000	\$ 2,094,000
Other temporary differences	27,000	27,000
Valuation allowance	(2,225,000)	(2,121,000)
	-----	-----
Net deferred tax asset	\$ -	\$ -
	=====	=====

The Company has operating losses of approximately \$8,455,400 which can be used to offset future taxable income. These losses begin to expire in the year 2018 and expire in full in the year 2024. The increase in the valuation allowance from December 31, 2003 to December 31, 2004 totaled \$104,000.

(3) Stock Transactions:

During 2004, the Company sold 46,000 shares of common stock for cash of \$230,000. During 2003, the Company sold 27,385 shares of common stock for cash of \$164,300.

In September, 2004, the Company issued 35,100 shares of common stock to six different individuals under consulting agreements. The Company recognized an expense of \$175,500 related to these agreements which represents the market value of the shares issued. Market value was determined based on the cost the consultants normally charge for those services.

On January 15, 2003, the Company issued 2,500 shares of common stock under a consulting agreement. The Company recognized an expense of \$15,000 related to this agreement which represents the market value of the shares issued. Market

Edgar Filing: YSEEK INC - Form 10KSB

value was determined based on the cost the consultants normally charge for those services.

(4) Commitments and Related Party Transactions:

During 2003, an officer and stockholder of the Company loaned the Company \$6,368. This amount was repaid in 2003 without interest.

(5) Warrants:

At December 31, 2002, the Company had outstanding exercisable warrants to purchase 249,000 shares of the Company's common stock at various prices based upon expiration dates. Warrants expiring in 2003 were exercisable at \$7.00. Prior to expiration, the warrants may be redeemed by the Company at a price of \$.01.

As of December 31, 2003, no warrants had been redeemed and all outstanding warrants expired.

(6) Stock Options:

The Company granted options to consultants under various consulting agreements. These agreements grant to the consultants the option to purchase shares of Company common stock at a fixed price of \$.50 per share. Management has determined these per share prices equal or exceed fair market value. These options expired on the third anniversary date of the execution date of the respective agreement and were immediately vested.

A summary of consultant option activity follows:

	Year Ended December 31,	
	2004	2003
Outstanding, beginning of year	-	3,075,000
Issued	-	-
Expired	-	(3,075,000)
Outstanding, end of year	-	-
	-----	-----

(7) Reverse Stock Split:

The Company authorized a reverse stock split of its common shares on a 1-for-400 basis effective December 29, 2003. All references in the accompanying financial statements to the number of common shares and per-share amounts for 2003 have been restated to reflect the reverse stock split.

(8) Subsequent Events:

Subsequent to December 31, 2004, an officer and stockholder of the Company loaned the Company \$7,980.

(9) Going Concern:

Edgar Filing: YSEEK INC - Form 10KSB

As shown in the accompanying financial statements, the Company has incurred recurring losses from operations and at December 31, 2004, the Company's cash balance was \$113 and its current liabilities exceeded its total assets by \$34,099.

Management has taken several actions to ensure that the Company will continue as a going concern through December 31, 2005, including obtaining written commitments from certain officers of the Company to fund future operations as needed. Additionally, expenses have been curtailed and consultant services have been obtained through the issuance of stock allowing cash needs to be reduced. Management believes that these actions will enable the Company to continue as a going concern through December 31, 2005. At such time as the Company identifies a business to be acquired or are ready to begin operations the plan is to raise needed funds through the sale of common stock. There can be no assurance, however, that the Company will raise funds from the sale of its securities beyond those disclosed in these financial statements.

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

Any disclosures required by Item 304(b) of Regulation S-B have been previously provided.

Item 8A. Controls and Procedures

(a) Evaluation of disclosure controls and procedures.

The Company's management, recognizes its responsibility for establishing and maintaining internal control over financial reporting for the Company. After evaluating the effectiveness of our "disclosure controls and procedures" (as defined in the Securities Exchange Act of 1934 Rules 13a-15(e) and 15d-15(e)) as of December 31, 2004 (the "Evaluation Date"), the Company's management has concluded, as of the Evaluation Date, the Company's disclosure controls and procedures were adequate and designed to ensure the information required to be disclosed in the reports filed or submitted by us under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported with in the requisite time periods.

(b) Effectiveness of Internal Control

The Company's management is reviewing the Company's internal controls over financial reporting to determine the most suitable recognized control framework. The Company will give great weight and deference to the product of the discussions of the SEC's Advisory Committee on Smaller Public Companies (the "Advisory Committee") and the Committee of Sponsoring Organizations' task force entitled Implementing the COSO Control Framework in Smaller Businesses (the "Task Force"). Both the Advisory Committee and the Task Force are expected to provide practical, needed guidance regarding the applicability of Section 404 of the Sarbanes-Oxley Act to small business issuers. The Company's management intends to perform the evaluation required by Section 404 of the Sarbanes-Oxley Act at such time as a framework is adopted by the Company. For the same reason, the Company's registered accounting firm has not issued an "attestation report" on the Company management's assessment of internal controls.

(c) Changes in internal controls.

After evaluation by the Company's management, the Company's management has determined there were no significant changes in the Company's internal controls or in other factors that could significantly affect the Company's internal controls subsequent to the Evaluation Date.
