## ITEM 2.02 RESULTS OF OPERATIONS AND FINANCIAL CONDITION

In connection with the Company's second quarter 2016 earnings conference call on July 26, 2016, the Company discussed the fair value of the premium deficiency reserve of approximately \$300 million recorded in connection with the Health Net acquisition. The fair value of the premium deficiency reserve is comprised of the following:

\$125 million associated with the California commercial business, \$50 million of which is associated with substance abuse treatment facilities. We have filed for a combination of price increases and benefit design changes including reductions in reimbursement for out of network services. We are in the final stages of approval with the California Department of Insurance, which will be concluded by the end of the third quarter of 2016.

\$70 million associated with the Arizona individual commercial business. We will exit the entire individual PPO business, effective January 1, 2017. We are reducing our participation in the health insurance marketplace business to one county for 2017 and have taken significant rate actions.

\$70 million associated with the Medicare business. The 2017 bids have been submitted and should return the business to profitability in 2017.

\$15 million associated with the Arizona Medicaid business. We have fully transitioned this business to Centene's operating platform as of July 1, 2016, and we have taken appropriate actions to improve performance.

\$20 million of other smaller items including the Arizona small group and Oregon individual business. We have filed for rate increases and taken other appropriate actions to address these for 2017.

### Forward-Looking Statements

The information provided in this filing may contain certain forward-looking statements with respect to the financial condition, results of operations and business of Centene and certain plans and objectives of Centene with respect thereto, including the expected benefits of the acquisition of Health Net. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements often use words such as "anticipate", "target", "expect", "estimate", "intend", "plan", "goal", "believe", "hope", "aim", "continue", "will", "could" or "should" or other words of similar meaning or the negative thereof. There are several factors which could cause actual plans and results to differ materially from those expressed or implied in forward-looking statements. Such factors include, but are not limited to, the possibility that the expected synergies and value creation from the acquisition will not be realized, or will not be realized within the expected time period, including, but not limited to, as a result of conditions, terms, obligations or restrictions imposed by regulators in connection with their approval of, or consent to, the acquisition; the exertion of management's time and Centene's resources, and other out-of-pocket expenses incurred in connection with complying with the undertakings in connection with certain regulatory approvals; the risk that the businesses will not be integrated successfully; disruption from the acquisition making it more difficult to maintain business and operational relationships; the risk that unexpected costs will be incurred; changes in economic conditions or political conditions; changes in federal or state laws or regulations, including the Patient Protection and Affordable Care Act and the Health Care Education Affordability Reconciliation Act and any regulations enacted thereunder; provider and state contract changes; the outcome of pending legal or regulatory proceedings; reduction in provider payments by governmental payors; the expiration or termination of Centene's Medicare or Medicaid managed care contracts with federal or state governments; tax matters; increased health care costs; and risks and uncertainties discussed in the reports that Centene has filed with the Securities and Exchange Commission (the "SEC"). These forward-looking statements reflect Centene's current views with respect to future events and are based on numerous assumptions and assessments made by Centene in light of its experience and perception of historical trends, current conditions, business strategies, operating environments, future developments and other factors it believes appropriate. By their nature, forward-looking statements involve known and unknown risks and

uncertainties because they relate to events and depend on circumstances that will occur in the future. The factors described in the context of such forward-looking statements in this announcement could cause Centene's plans with respect to the acquisition, actual results, performance or achievements, industry results and developments to differ materially from those expressed in or implied by such forward-looking statements. Although it is believed that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct and persons reading this announcement are therefore cautioned not to place undue reliance on these forward-looking statements which speak only as of the date of this announcement. Centene does not assume any obligation to update the information contained in this announcement (whether as a result of new information, future events or otherwise), except as required by applicable law. This list of important factors is not intended to be exhaustive. We discuss certain of these matters more fully, as well as certain risk

---

factors that may affect our business operations, financial condition and results of operations, in our filings with the Securities and Exchange Commission, including our annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K.

The information contained in this Form 8-K shall not be deemed to be “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 or otherwise subject to the liabilities of that section. Nor shall such information or exhibit be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except as expressly set forth by specific reference in such a filing.

---

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
