Item 2. Management's Discussion and Analysis

This Quarterly Report on Form 10-QSB, including the information incorporated by reference herein, includes "forward looking statement" within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Act") and Section 21E of the Securities Act of 1934, as amended ("Act of 34"). All of the statements contained in this Quarterly Report on Form 10-QSB, other than statements of historical fact, should be considered forward looking statements, including, but not limited to, those concerning the Company's strategies, objectives and plans for expansion of its operation, products and services and growth in demand for it's products and services. There can be no assurances that these expectations will prove to have been correct. Certain important factors that could cause actual results to differ materially from the Company's expectations (the "Cautionary Statements") are disclosed in this Quarterly report on Form 10-QSB. All subsequent written and oral forward looking statements by or attributable to the Company or persons acting on behalf are expressly qualified in their entirety by such Cautionary Statements. Investors are cautioned not to place undue reliance on these forward looking statements which speak only as of the date hereof and are not intended to give any assurance as to future results. The Company undertakes no obligation to publicly release any revisions to these forward-looking statements to reflect events or reflect the occurrence of unanticipated events.

Fonecash, Inc. (the "Company") was incorporated under the laws of the State of Delaware on August 7, 1997 and is in its development stage. The first sale of its products was made in during this period.

The Company incurred operating losses of \$4,781,906 from Inception to June 30, 2002. The Company expects its accumulated deficit to grow for the foreseeable future as total costs and expenses increases due principally to increased marketing expenses associated with its plans to undertake trials of its products and services. There can be no assurances that the Company will complete successful trials of its products and services, nor that sufficient revenues will be generated from the possible sales of such products and services to allow

Edgar Filing: FONECASH INC - Form 10QSB

the Company to operate profitably.

General

The Company has developed a system of processing credit cards for an under served community of low volume merchants and in-home salespersons consisting of a terminal and a system of computers, utilizing established communications networks, both wired and wireless, for processing the data from credit and debit cards.

Terminals are electronic collectors of credit and debit data from the magnetic stripe on cards. In the case of debit and credit cards the Fonecash system collects the data from the magnetic stripe when a merchant accepts the card for payment of goods or services. This data is transmitted to processors where the validity of the card number is confirmed and the amount of the purchase is authorized to the cardholder's account. Settlement occurs when the collected and stored data is sent to the card issuing bank which charges the customer's account and electronically deposits payment in the merchant's bank account, usually within 24 - 48 hours.

6

The Company intends to market a product line and a complete processing system that is high quality and simple to operate, because the Company, and not the individual merchant, takes the responsibility for closing the day's receipts and uploading the data to a third party payment processor, such as Paymenttech, Visanet, or First Data Resources, for settlement which results in payments being deposited in the merchants' bank account within 48 hours. Because the Company, not only provides a terminal, but also, provides a service that facilitates the collection of daily payment receipts, and transmits these electronic receipts for payment and deposit of funds to each merchant, the Company believes that it will be able to compete with the current makers of terminals, who only sell terminals, but also, able to compete with payment processors who only support terminals which transmit credit card data to their computers after the merchant has manually closed out the day's electronic receipts and transmitted the totals to the payment processor.

The Company intends to establish up to three master distributors in the United States with the most likely candidates being current Independent Sales Organizations (ISO's) who are already engaged in the business of distributing automated credit card processing terminals to established merchants who have been approved by their sponsoring banks. These ISO's have trained commissioned sales persons and have an interest in placement of any terminal in the market regardless of manufacturer.

The Company has never operated under any other name, nor has it ever been involved with any bankruptcy, receivership or similar proceeding or engaged in any material reclassification, merger, consolidation, or purchase or sale of assets.

Results of Operation

General and administrative expenses during the period ending June 30, 2002 were \$827,162 as compared to \$434,086 for the same period in 2001, representing an increase of \$393,076. The increase during the three month period ending June 30, 2002 was primarily due to cost associates with legal, accounting and printing associated with the filing of various documents with the Securities and Exchange Commission, as well as cost associated with the for mailing of annual report to investors.

Edgar Filing: FONECASH INC - Form 10QSB

Compensation and related benefits during these three months was \$223,000 and represented compensation to its consultant; but not to its president whose total compensation for the three months ended June 30, 2002. amounted \$2,000.

Balance Sheet Data

The Company's combined cash and cash equivalents totaled \$253,122 for the period ending June 30, 2002. This is an increase of \$39,482 from \$213,640 for the period ending June 30, 2001

7

The Company does not expect to generate a positive internal cash flow for at least the next nine months due to expected increase in spending for salaries and the expected costs of marketing and sales activities.

Property and equipment was valued at \$16,906 for the period ending June 30, 2002 and this represents an decrease of \$13,414 representing depreciation on the molds which have a useful life of 3 years and are depreciated on a straight-line basis.

Part II Other Information

Item 1 Legal Proceedings

On April 8, 2002, the Company was served with a Notice of an Administrative Hearing at the Securities and Exchange Commission (SEC) offices in Washington, D.C. to be held on April 23, 2002, relating to certain allegations of the Enforcement Division of the SEC, that a Registration Statement on Form SB-2, filed on December 26, 2001 and amended thereafter, contained misrepresentations and omissions of material facts. The Commission seeks to have the ability to sell shares registered pursuant to the Registration Statement stopped. The Company is currently in discussions with the SEC to resolve this matter without a hearing and believes that this matter will be resolved shortly, in a manner that will not materially affect the ability to operate or to engage in further financing. On May 21, 2002, The Company executed an Offer of Settlement to the administrative proceeding agreeing to allow the Commission to suspend the Registration Statement and all amendments previously filed by the Company. This agreement and the Consent to the findings contained therein are limited solely to the Proceeding and any other proceeding to which the Commission is a party, except the pending Civil Action, and are made without admitting or denying the accuracy of the allegations in the Commission's Statement of Matters or any Order Making Finding and Issuing Stop Order which may be issued.

Also, on April 8, 2002, in a concurrent action, the Company was served with a Summons and Complaint, entitled Securities and Exchange Commission, Plaintiff v. Fonecash, Inc, and Daniel E. Charboneau, Defendants, entered at the United States District Court, District of Columbia. This action contains the same allegations as in the Notice of Administrative Hearing, related to alleged misrepresentations and omission in the filings of the Company. The Company is in discussions with the Commission related to the resolution of this matter and believes that a resolution will shortly be reached that will not materially impact on the operations of the Company. The Company has filed a Motion for an extension on the time to file an Answer to the Complaint and is awaiting a decision of the court. On May 9, 2002, The Company executed and entered into a consent of Preliminary Injunctions in the pending action. This Consent was

Edgar Filing: FONECASH INC - Form 10QSB

without admitting or denying the allegations of the Commission's Complaint. The proposed Order enjoins the Company from violating, directly or indirectly the Rules of the Securities Act of 1933 as cited in the Complaint.

The Company has been served with a Summons and Complaint from Fleet National Bank in an action commenced in the Supreme Court of the State of New York, County of New York entitled, Fleet National Bank v. Fonecash, Inc, Jean-Paul Charboneau, Individually and Jiann-Shong Wu, Individually. This action is for the failure to pay the monthly payments on a Line of Credit with Fleet National Bank. The Company has filed an Answer and a Request for Documents and is waiting for a response. The Company intends to defend the action and believes that it will be resolved in a manner that does not materially impact the Company.

The Company has been served with a Summons and Complaint from Edgar Filings, LTD in an action commenced in Harris County, Texas, entitled Edgar Filings, Ltd. v. FoneCash, Inc. This action is for failure to pay various invoices amounting to

8

\$2,303.31 for services incurred for filings documents with the Securities and Exchange Commission. The Company is in the process of working out a reasonable payment schedule with plaintiffs.

The Company has been threatened with litigation related to the use of Merrill Communications LLC. Merrill was used to file the Company's filings on the EDGAR system. They claim that a balance of \$21,371.07, including interest is currently due. The Company has not yet been served with a Complaint by Merrill. Furthermore, the Company disputes the total amount due to Merrill. The Company believes that a resolution will be worked out that will not materially affect the Company. However, if a resolution can not be worked out, a judgment in the amount sought by Merrill might have a material adverse impact on the operations of the Company at this point in time.

Item 2 Changes in Securities

On June 29, 2002, 200,000,000 shares of the Company's common stock, previously issued to Hedley Finance, Ltd. and deposited into an escrow account in London, were returned to the Company's transfer agent. All 4000 stock certificates issued in values of 50,000 shares each were cancelled and the records of the Company were adjusted.
