Item 12.

Results of Operations and Financial Condition.

On July 28, 2004, Nextel Partners, Inc. (the Company) announced its financial results for the fiscal periods ended June 30, 2004. A copy of the Company's press release announcing these financial results and certain other information is attached as Exhibit 99.1 to this Current Report on Form 8-K and incorporated herein by this reference.

The information in this report shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the Exchange Act), or otherwise subject to the liability of that section, and shall not be incorporated by reference into any registration statement or other document filed under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.

The information presented in the attached press release includes financial information prepared in accordance with generally accepted accounting principles in the United States of America, or GAAP, as well as other financial measures that may be considered non-GAAP financial measures, including Adjusted EBITDA; service revenue margin; free cash flow; pro forma net income (loss) adjusted for the loss on early retirement of debt and deferred taxes; pro forma income (loss) attributable to common stockholders adjusted for the loss on early retirement of debt and deferred taxes; ARPU; LRS; and net capital expenditures. Generally, a non-GAAP financial measure is a numerical measure of a company's performance, financial position or cash flows that either excludes or includes amounts that are not normally excluded or included in the most directly comparable measure calculated and presented in accordance with GAAP. As described more fully in the notes to the financial tables attached to the press release, management believes these non-GAAP measures provide meaningful additional information about the Company's performance and its ability to service its long-term debt and other fixed obligations and to fund its continued growth. The non-GAAP financial measures should be considered in addition to, but not as a substitute for, the information prepared in accordance with GAAP. Reconciliations from GAAP results to these non-GAAP financial measures are provided in the notes to the financial tables attached to the press release.
