PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

APRIL 25, 2006

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies (Proxies) by the Board of Directors (the Board) of Central Pacific Financial Corp. (the Company) for use at the Annual Meeting of Shareholders (the Meeting) of the Company to be held in the Haleakala and Kilauea Rooms of the Hawaii Prince Hotel Waikiki, 100 Holomoana Street, Honolulu, Hawaii, on April 25, 2006, 6:00 p.m., Hawaii time, and at any and all adjournments thereof. The approximate date on which this Proxy Statement and accompanying Notice and form of proxy are first being mailed to shareholders is March 24, 2006.

Matters to be Considered

The matters to be considered and voted upon at the Meeting will be:

1. **Election of Directors.** To elect five persons to the Board for a term of three years and to serve until their successors are elected and qualified.
2. **Ratification of Appointment of Independent Registered Public Accounting Firm.** To ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006.
3. **Other Business.** To transact such other business as may properly come before the Meeting and at any and all adjournments thereof.

Record Date, Outstanding Securities and Voting Rights

The Board fixed the close of business on February 28, 2006 as the record date (the Record Date) for the determination of the shareholders of the Company entitled to notice of and to vote at the Meeting. Only holders of record of shares of Common Stock at the close of business on the Record Date will be entitled to vote at the Meeting and at any adjournment or postponement of the Meeting. There were 30,452,770 shares of the Company's common stock, no par value (Common Stock), issued and outstanding on the Record Date, held by approximately 3,359 holders of record.

Each holder of Common Stock will be entitled to one vote, in person or by proxy, for each share of Common Stock standing in the holder's name on the books of the Company as of the Record Date on any matter submitted to the vote of the shareholders.

Quorum

The required quorum for the transaction of business at the Meeting is a majority of the total outstanding shares of Common Stock entitled to vote at the Meeting, either present in person or represented by proxy. Abstentions will be included in determining the number of shares present at the Meeting for the purpose of determining the presence of a quorum.

Broker Authority to Vote

Under the rules of the National Association of Securities Dealers, Inc., member brokers generally may not vote shares held by them in street name for customers unless they are permitted to do so under the rules of any national securities exchange of which they are a member. Under the rules of the New York Stock Exchange, Inc. (NYSE), a member broker who holds shares in street name for customers has the authority to vote on certain terms if it has transmitted proxy soliciting materials to the beneficial owner but has not received instructions from that owner. NYSE rules permit member brokers that do not receive instructions from their customers to vote on both of the proposals discussed above in their discretion.

Vote Required to Approve the Proposals

Proposal 1: Election of Directors. You may vote **FOR** or **WITHHOLD** with respect to any or all director nominees. The election of directors requires a plurality of the votes cast **FOR** the election of directors by the shares entitled to vote in the election at a meeting at which a quorum is present. Accordingly, the five directorships to be filled at the meeting will be filled by the five nominees receiving the highest number of **FOR** votes; votes that are **WITHHELD** will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm. The proposal to ratify the appointment of KPMG LLP as the Company's independent registered public accounting firm requires the affirmative vote of shareholders holding not less than a majority of the shares of Common Stock represented in person or by proxy and entitled to vote at the Meeting. An abstention from voting on the proposal to ratify the appointment of KPMG LLP will have the effect of a vote **AGAINST** the proposal.

The Board of Directors recommends a vote **FOR the election of all nominees as directors, and **FOR** ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006.** It is not anticipated that any matters will be presented at the Meeting other than as set forth in the accompanying Notice of the Meeting. If any other matters are presented properly at the Meeting, however, the Proxy will be voted by the Proxy Holders in accordance with the recommendations of the Board of Directors.

Revocability of Proxies

Any shareholder who executes and delivers such Proxy has the right to revoke it at any time before it is exercised by filing with the Corporate Secretary of the Company an instrument revoking it or a duly executed Proxy bearing a later date. A Proxy may also be revoked by attending the Meeting and voting in person at the Meeting. Subject to such revocation, all shares represented by a properly executed Proxy received in time for the Meeting will be voted by the Proxy Holders in accordance with the instructions on the Proxy.

Solicitation of Proxies

This solicitation of Proxies is made on behalf of the Board, and the Company will bear the costs of the preparation of proxy materials and the solicitation of Proxies for the Meeting. It is contemplated that Proxies will be solicited principally through the mail, but directors, officers and regular employees of the Company or its subsidiary, Central Pacific Bank (the **Bank**), may solicit Proxies personally, by telephone, electronically or by other means of communication. Although there is no formal agreement to do so, the Company may reimburse banks, brokerage houses and other custodians, nominees and fiduciaries for their reasonable expenses in forwarding these proxy materials to beneficial owners. The Company has retained D.F. King & Co., Inc. to assist it in connection with the solicitation of Proxies for a fee of approximately \$8,500, plus reimbursement of expenses.

The Bank currently has outstanding individual and/or business loans to the following Company directors and/or their related business entities and to the Company's executive officers: Directors - Richard Blangiardi, Christine Camp Friedman, Dennis Hirota, Clayton Honbo, Paul Kosasa, Colbert Matsumoto, Crystal Rose, Mike Sayama, and Maurice Yamasato; President Neal Kanda and Executive Vice President Denis Isono.

Director Nomination Process

Director Qualifications. The Corporate Governance and Nominating Committee is responsible for reviewing the qualifications and independence of director nominees in accordance with the criteria set

forth in the Company's Corporate Governance Guidelines. The general criteria considered include qualification as independent, diversity, age, skills, experience and other relevant considerations in the context of the needs of the Board.

Identifying and Evaluating Nominees. The Board seeks to identify candidates for director positions that are best qualified and suited to meet the needs of the Company and to present these candidates for shareholder approval, as and when director positions become open and available. The Corporate Governance and Nominating Committee will first identify, review, evaluate and recommend to the Board, nominees for director positions. The Board will then vote whether or not to recommend such nominees to the Company's shareholders for election.

In identifying potential director nominees, the Corporate Governance and Nominating Committee will search within the State of Hawaii and may search outside the State of Hawaii for any potential director candidates, and in this regard, may utilize the services of a professional search firm. While the same general criteria set forth above shall be applied in evaluating a candidate's qualifications, it is difficult to enumerate all of the attributes, skills and qualities that the Corporate Governance and Nominating Committee and/or Board may, at any given point in time, determine, consider and value in evaluating, selecting and recommending director nominees. Accordingly, the Corporate Governance and Nominating Committee and the Board exercise their discretion and consider any circumstances, experiences, attributes, skills, qualities, and factors applicable to any director nominee with the intent and purpose of having the best qualified and best suited directors serving on the Board at all times, as well as ensuring that the Board as a whole is diverse and well rounded. The Board may enlist the services of a third party to conduct a background check or other investigation in order to determine whether a candidate meets any criteria.

Shareholder Nominees. In accordance with the policies set forth in the Company's Corporate Governance Guidelines, the Corporate Governance and Nominating Committee will consider properly submitted director nominees for election at the 2007 Annual Meeting of Shareholders recommended by shareholders if such recommendations are received in writing prior to November 23, 2006. COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

Director Compensation

The Company and the Bank each has a policy of paying fees to non-management directors for their attendance at board and board committee meetings. The Company and the Bank pay each of their non-management directors \$800 per board meeting attended and \$600 per board committee meeting attended. In addition, the Company pays \$10,000 annually to each non-management director, and the Bank pays \$15,000 annually to each non-management director. The Company pays the Chair of the Audit Committee \$12,000 annually, the Chair of the Compensation Committee \$8,000 annually, and the Chair of the Corporate Governance and Nominating Committee \$8,000 annually.

Non-employee directors of the Company and the Bank have been eligible to participate in the Company's 1997 Stock Option Plan and continue to be eligible to participate in the Company's 2004 Stock Compensation Plan. The Company has in recent years annually granted restricted Common Stock of the Company to non-employee directors of both the Company and the Bank. In March 2005, the Company granted the equivalent of \$6,000 of the Company's Common Stock (with restrictions) to each of the Company's non-employee directors, and in addition, the equivalent of \$6,000 of the Company's Common Stock (with restrictions) to each of the Bank's non-employee directors (where an individual is both a director of the Company and the Bank, they received a total of \$12,000 worth of the Company's Common Stock (with restrictions)). In October 2005, the Boards of the Company and the Bank approved increasing the annual grants of restricted Common Stock of the Company to non-employee directors of the Company and the Bank to the equivalent of \$10,000 of the Company's Common Stock (with restrictions) (where an individual is both a director of the Company and the Bank, they would receive a total of \$20,000 worth of the Company's Common Stock (with restrictions)).

During 1997, non-employee directors received a one-time grant of stock options to purchase, in the aggregate, 294,000 shares of Common Stock at an exercise price of \$8.9375 per share. Options vest at a rate of 3,000 shares per year until the earlier of the director's retirement at age 70 or 10 years from the date of grant.

The Company also maintains a Directors Deferred Compensation Plan, which became effective as of January 1, 2001, and under which each non-employee director of the Company and the Bank may elect to defer all or a portion of his or her annual and/or chair retainer and meeting fees. Under the Directors Deferred Compensation Plan, a participating director may elect from various payment alternatives, but full payout must occur by no later than the tenth anniversary of separation from service. Under the Directors Deferred Compensation Plan, deferred amounts are valued based on corresponding investments in certain investment funds offered by the Bank's Trust Division which may be selected by the director. The Directors Deferred Compensation Plan is a nonqualified deferred compensation plan under which distributions are made from the general assets of the Company under the direction and oversight of the Compensation Committee.

Report of the Compensation Committee

Set forth below is a report of the Compensation Committee addressing the Company's compensation policies for 2005 applicable to the Company's executives, including the Named Executive Officers.

The following Report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filings under the Securities Act or under the Exchange Act, except to the extent we specifically incorporate this Report of the Compensation Committee by reference.

Overview

During 2005, the first full year following the merger with CB Bancshares, Inc., the Compensation Committee completed a comprehensive review of the Company's compensation framework to ensure that it supports the short-term and long-term objectives of the merged organization. After refining the Company's compensation philosophy, the Committee reviewed each compensation component, from salaries to retirement benefits, within the context of the total compensation framework.

To assist it with its review, the Committee engaged a compensation consultant who specializes in the banking industry. The consultant was independent and reported directly to the Committee.

Compensation Philosophy

The Company's compensation philosophy includes principles guiding compensation plan design and the desired competitive positioning of compensation. The central objectives of the Company's compensation plans are to link compensation to Company performance, to attract and retain highly qualified executives critical to the Company's long-term success, and to align executives' long-term interests with those of shareholders. The plans are also designed to allow flexibility in responding to the unique constraints and changing conditions in the Hawaii market. For the three-year period following the merger, an additional goal guiding plan design is to help facilitate a smooth integration and the achievement of all cost and operational synergy objectives associated with the merger.

The desired positioning of an executive's total compensation is about the 70th percentile of a peer group of comparable banks, assuming the Company's performance is at expected, target levels. The Committee believes this positioning is appropriate to attract and retain top-caliber talent in a very competitive market during a complex integration process. This desired competitive positioning also reflects the Company's high performance relative to peers. Target-level performance goals are designed to position the Company's performance above most peers.

The Company uses a peer group of high-performing banks with comparable asset size, located primarily on the West Coast and East Coast. The Compensation Committee worked closely with the compensation consultant to develop this peer group, and it is consistent with the peer groups used for performance benchmarking by industry analysts. The peer group will be updated periodically to maintain that consistency. Although the peer group is the primary compensation benchmark, the Compensation Committee also reviews data from industry surveys, Hawaii competitors, and the consultant's database.

Compensation Framework

Salary. The Company pays its executives cash salaries that are intended to be competitive and take into account the individual's experience, performance, responsibilities, and past and potential contribution to the Company. The Company generally targets salaries at about the 60th to 65th percentile of the peer group described above, with flexibility to reflect other market data and each individual's situation. Salary decisions also take into account the positioning of projected total compensation with target-level performance incentives based on the proposed new salary.

On January 25, 2006, the Company's Board approved the compensation for all executive officers for 2006, effective January 1, 2006. Salary increases for Messrs. Arnoldus, Kanda, and Isono were in the range of 5% to 6%. The salary increases for Messrs. Hirata and Fujimoto were higher to reflect their promotion to Vice Chair and to address a competitive shortfall identified during the compensation review.

Annual Cash Incentive Compensation. The Company uses annual incentives to focus attention on current strategic priorities and drive achievement of corporate objectives. Awards are provided under the terms of the 2004 Annual Executive Incentive Plan. Executives with the corporate title of Executive Vice

President or above as of January 1, 2005, including the Named Executive Officers, are eligible to participate.

In 2005, the Committee defined specific threshold, target, and maximum award opportunities as a percentage of salary for each executive (within the parameters of the approved plan). The 2005 awards were contingent on achieving performance goals relative to criteria such as EPS, credit quality, and efficiency, which were based primarily on the same objectives communicated to shareholders and industry analysts. For the CEO and the President, the board also considered performance relative to factors such as customer satisfaction. The criteria were weighted to reflect the Company's strategic objectives, with EPS receiving the highest weighting. After taking into account the weighting of all criteria, the Compensation Committee determined that the incentive objectives for 2005 were achieved at the target level, and each executive received a target incentive award.

Long-Term Incentives. The Company uses long-term incentives to encourage ownership, foster retention, and align executives' interests with the long-term interests of shareholders. The Committee believes the retention and alignment benefits of long-term incentives are particularly important during the three-year period following the merger. To support that objective, the Committee implemented a grant methodology and communicated goals in 2005 that cover the entire three-year period from 2005 to 2007 and defined specific long-term incentive award opportunities as a percentage of salary for each executive, similar to the approach used for the annual incentive plan awards.

The long-term incentive awards are contingent on achieving weighted goals relative to EPS, credit quality, and efficiency over a three-year period. Target-level goals are comparable to those communicated to shareholders and industry analysts for the three-year period following the merger. The Committee weighted each year's goals to reflect a gradual progression to the three-year earnings targets, with 2007 results weighted more heavily than 2005 results.

The total award value for the three-year period was allocated equally to the three types of long-term incentives summarized below.

Long-Term Incentives Performance Shares. These are shares of restricted stock that will vest in March 2008 if (1) the executive remains employed by the company through the vesting date and (2) the Company achieves its performance goals relative to EPS, credit quality, and efficiency over the three-year period. Performance relative to threshold, target, and maximum goals for the award criteria will determine the number of shares that actually vest in 2008. Upon vesting, the recipient is entitled to the full-value shares without any other obligation or restriction. The Committee believes performance shares align the recipient's interests directly with those of shareholders and deliver the benefit of actual share ownership upon vesting.

To foster commitment to the integration goals and reward employees for their contribution, the Company provided grants of performance shares to all employees as of March 15, 2005.

Long-Term Incentives SARs. Stock-settled SARs represent the right to receive the appreciation in stock price on a predetermined number of shares, with the total appreciation value paid in the form of stock. This long-term incentive device is comparable to a traditional stock option in most respects, and it provides an incentive to increase the stock price.

In 2005, the SARs grant included both a performance vesting provision and a service vesting provision. The SARs were granted on April 29, 2005, and performance in fiscal year 2005 (EPS, credit quality, and efficiency) determined the number of SARs that each executive earned. These earned SARs are then subject to service vesting conditions through March 15, 2008. If employed at the date of vesting, the executive will be entitled to any appreciation in stock price since the date of grant for each vested SAR.

Long-Term Incentives Cash Long-Term Incentive. The value of this cash award will be determined by performance over the three-year period from 2005 to 2007. The award criteria are the same as for the other types of long-term incentives (EPS, credit quality, and efficiency), and each year's results are weighted to reflect a gradual progression to the 2007 earnings goal. This incentive device helps address the executives' cash needs associated with the vesting of the other types of long-term incentives. It also protects a portion of the total long-term award from market factors affecting price but outside management control, while still focusing the executive on objectives over a three-year period. On April 27, 2005, the Board adopted the Central Pacific Financial Corp. Long-Term Executive Incentive Plan as a vehicle to provide cash long-term incentive benefits.

401(k) Retirement Savings Plan. The Company sponsors a 401(k) Retirement Savings Plan (the "401(k) Plan") pursuant to which the Company makes annual profit-sharing contributions (the "Profit Sharing Contribution") as determined by the Bank's Board of Directors depending on the profitability of the Bank during the year, subject to certain limitations on contributions under the Internal Revenue Code and the 401(k) Plan.

Employees with not less than one year of service with the Company are eligible to participate in the profit sharing portion of the 401(k) Plan. The Profit Sharing Contribution is allocated among participating employees, including the Named Executive Officers, in the proportion which each participant's compensation for the fiscal year bears to the total compensation for all participating employees for such year. Benefits attributable to Profit Sharing Contributions vest at a rate of twenty percent (20%) per year, and participants may receive distributions from their profit sharing accounts only upon retirement, termination of employment, attainment of age 59½, or financial hardship.

The Bank's Board of Directors makes its determination of the amount of the Profit Sharing Contribution based upon management's recommendation at the end of the fiscal year. For 2005, the Profit Sharing Contribution equaled three percent (3%) of the pre-tax income of the Company (excluding the effect of the Profit Sharing Contribution expense), less the amount of cash dividends paid by the Company during the fiscal year. In 2005, the Company's Profit Sharing Contribution was \$2,692,000, which equaled 7.4% of total compensation paid to all participating employees for the year.

Executive Retirement Benefits. The Committee included executive retirement benefits in its comprehensive evaluation of the compensation framework in 2005. The Company's analyses of competitive positioning of total compensation took into account the value of benefits in peer banks such as deferred compensation plans and supplemental executive retirement plans.

As summarized below under Executive Compensation, the Company currently has Supplemental Executive Retirement Plan agreements ("SERP") with Messrs. Arnoldus, Kanda, Hirata, and Fujimoto. The SERP with Mr. Arnoldus was in place prior to 2005 and remains unchanged. The SERPs with Messrs. Hirata and Fujimoto were approved by the company in January 2006, with an effective date of July 1, 2005. Mr. Fujimoto did not have a SERP prior to the new agreement that took effect on July 1, 2005. Mr. Hirata had a SERP already in place prior to 2005, and the new SERP that took effect on July 1, 2005 is projected to eventually provide a higher benefit after approximately 13 more years of service. As part of his retirement agreement described below, the Company has provided Mr. Kanda with a SERP benefit comparable to the SERP benefits provided to Messrs. Hirata and Fujimoto.

Based on the compensation review and recommendations from the outside compensation consultant, the Committee concluded that benefits attributable to the approved SERPs are consistent with peer group and broader industry practices. The recently approved SERPs were designed based on recommendations provided by the outside consultant. Furthermore, the SERPs include retention and non-competition provisions that protect the Company and help support the objective of maintaining a stable, committed, and qualified team of key executives at a critical time.

Other Compensation. In connection with the Company's merger with CB Bancshares, Inc. some Company officers received merger-related bonus payments in 2005. Each of Messrs. Kanda, Fujimoto and Isono received a retention bonus: \$100,000 was paid to each of these executives on the merger closing date in 2004 and \$100,000 was paid on the first anniversary of the merger closing date. Mr. Arnoldus received a one-time merger-related bonus in 2004, but there was no such payment in 2005.

The Named Executive Officers also participate in the Company's broad-based employee benefit plans, such as medical, dental, supplemental disability and term life insurance programs.

Certain Company executives are eligible to participate in the Company's Defined Benefit Pension Plan (the Pension Plan), SERP and the Split Dollar Life Insurance Plan (the Insurance Plan). See **ELECTION OF DIRECTORS Compensation of Directors and Executive Officers Executive Compensation Defined Benefit Pension Plan and Supplemental Executive Retirement Plan.** Under the Insurance Plan, the Company provides life insurance coverage for certain senior officers. The Insurance Plan agreements provide death benefits of approximately two times the officer's normal annual salary during employment and an amount approximating the officer's final normal annual salary upon retirement. Of the Named Executive Officers, Messrs. Fujimoto and Kanda participate in the Pension Plan, Messrs. Arnoldus, Kanda, Hirata, and Fujimoto are eligible to receive benefits pursuant to the SERP, and Mr. Kanda participates in the Insurance Plan.

Chief Executive Officer Compensation

In determining Mr. Arnoldus' 2005 compensation, the Compensation Committee considered the Company's performance, his experience and background, and peer compensation. Other considerations included his leadership, management philosophy, vision and other factors that were determined to be key to the Company's future success.

Mr. Arnoldus' salary was \$600,000 in 2005 and was increased 5% to \$630,000 effective January 1, 2006. The increase was based on the Company's performance and Mr. Arnoldus' leadership and contribution in 2005, as well as competitive benchmarking of CEO compensation in comparable banks. The salary increase, combined with incentives and all other compensation, is projected to position his total compensation at approximately the 70th percentile of the peer group if target-level performance goals are achieved.

Mr. Arnoldus received a bonus of \$360,000 (60% of salary) under the terms of the 2004 Annual Executive Incentive Plan, based on achievement of target-level goals in 2005. The award calculation was consistent with the approved plan without any discretionary adjustment.

Mr. Arnoldus received a merger-related option grant in 2004 with the stipulation that he would receive no additional equity grants for at least three years from the date of the merger. As a result, Mr. Arnoldus did not receive any equity grant in 2005. With respect to long-term compensation, the Committee provided Mr. Arnoldus with a long-term incentive grant similar to what was provided to other executives. The agreement will entitle him to a cash long-term incentive payout in 2008 if performance goals are achieved. The amount of the award was calculated to take into account the value of the merger-related option grant made to him in 2004.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code places a limit on the tax deduction for compensation in excess of \$1 million paid to the chief executive officer and four most highly compensated executive officers of a corporation in a taxable year. The 2004 Annual Executive Incentive Plan and the 2004 Stock Compensation Plan are designed to constitute performance based compensation. All of the compensation the Company paid in 2005 to the Named Executive Officers is expected to be deductible.

under Section 162(m). The Committee retains the flexibility, however, to pay non-deductible compensation if it believes doing so is in the best interests of the Company.

Conclusion

Based on our review of the compensation framework during 2005, we believe that the Company's total compensation package for executives is competitive, reasonable, and aligned with the long-term interests of shareholders. The Committee has positioned the framework so that performance-based incentives make up a large portion of an executive's total compensation package, and the incentives have been designed to support the Company's integration goals and continued success in the future.

Long-Term Cash Incentives. On April 27, 2005, the Board adopted the Central Pacific Financial Corp. Long-Term Executive Incentive Plan. The Plan provides for contingent cash awards based on the Company's performance over a three-year period. The following table provides information with respect to the long-term cash awards to Named Executive Officers in 2005.

Long-Term Incentive Plans Contingent Cash Awards in 2005

Name	Maximum Dollar Value of Contingent Cash Awards (1)	Performance Period (2)	Estimated future payouts		Maximum
			Threshold	Target	
ARNOLDUS, Clint	\$ 619,350	Three years	\$ 288,000	\$ 360,000	\$ 540,000
KANDA, Neal K.	\$ 242,250	Three years	\$ 114,000	\$ 142,500	\$ 213,750

HIRATA, Dean K.	\$ 160,000	Three years	\$ 72,014	\$ 90,000	\$ 140,028
ISONO, Denis K.	\$ 151,411	Three years	\$ 68,134	\$ 85,168	\$ 132,484

(1) The cash awards are contingent on the Company meeting annual performance goals for the years 2005 - 2007. Each year's results are weighted to reflect a gradual progression to the 2007 earnings goal, with 50% of the total award value based on 2007 performance. For each year, there are three weighted performance criteria: earnings per share, credit quality, and efficiency ratio. Earnings per share has the heaviest weighting. There are minimum, target, and maximum goals for each criterion. For 2005, the Company's performance was slightly above target goal levels. The estimated future payouts in the table above reflect 2005 performance; because maximum goals were not achieved in 2005, the estimated maximum future payout is lower than the maximum value on the original date of grant. The contingent cash awards to Messrs. Kanda, Fujimoto, Hirata, and Isono were granted under the Central Pacific Financial Corp. Long-Term Executive Incentive Plan. They are one component of a three-component long-term incentive program consisting of equal parts cash, performance shares, and SARs. The cash award to Mr. Arnoldus was made under the 2004 Stock Compensation Plan. He did not receive a grant of performance shares or SARs.

(2) Although the cash awards are earned on an annual basis, they do not vest until March 2008.

Performance Share Grants. The following table provides information with respect to performance share grants to Named Executive Officers in 2005.

Long-Term Incentive Plans Performance Share Grants in 2005

Name	Maximum Number of Shares (1)	Performance Period (2)	Estimated future payouts		Maximum

ISONO, Denis K.	5,506	Three years	2,893	3,443	5,098

(1) The performance shares are contingent on the Company meeting the same performance goals and criteria for 2005 - 2007 as the contingent cash awards described above.

(2) Although the performance shares are earned on an annual basis, they do not vest until March 15, 2008.

SAR Grants. In 2005, the Company granted stock appreciation rights as part of its long-term incentive program. The SARs had both a performance-vesting component and a service-vesting component. The SARs were granted on April 29, 2005, and performance in fiscal year 2005 (EPS, credit quality, and efficiency) determined the number of SARs that each executive earned. These earned SARs are then subject to service vesting conditions through March 15, 2008.

The following table provides information with respect to the SARs granted to the Named Executive Officers during 2005. The Company did not grant options in 2005.

ISONO, Denis K.	2,990	9.46 %	\$ 32.60	3/15/15	\$ 15,364	\$ 32,264

(1) Represents the number of performance SARs earned based on 2005 performance. These earned SARs do not vest until March 15, 2008. The maximum number of performance SARs that could have been earned for each Named Executive Officer was Mr. Arnoldus not applicable, Mr. Kanda 7,590 SARs, Mr. Fujimoto 4,879 SARs, Mr. Hirata 5,013 SARs, and Mr. Isono 4,744 SARs.

(2) The potential realizable value of each earned SAR included in the table represents the potential value assuming that the market price of the underlying shares appreciates in value from the date of grant to the end of the SAR term at an annualized rate of 5% or 10%. Actual gains, if any, on SAR exercises will depend upon the actual future market price of the Company's stock.

Option & SAR Exercises and Holdings. The following table provides information with respect to the Named Executive Officers concerning the exercise of options during the fiscal year ended December 31, 2005 and unexercised options held by the Named Executive Officers as of December 31, 2005.

- The value of unexercised in-the-money options and SARs is the difference between the market price of the Common Stock on December 31, 2005 (\$35.92 per share) and the exercise price, multiplied by the number of shares subject to the option/SAR.

Defined Benefit Pension Plan. The Bank has a Defined Benefit Pension Plan that was closed to new participants effective December 31, 2002. To be eligible, an executive must have been hired prior to December 2, 2001. Accordingly, Messrs. Arnoldus, Hirata, and Isono are not eligible to receive benefits pursuant to the Defined Benefit Pension Plan.

The table below shows estimated annual retirement benefits at age 65 for various levels of executive compensation and service under the Bank's Defined Benefit Pension Plan.

Under the Defined Benefit Pension Plan, benefits are based upon the employee's years of service and highest average annual salary in the final 60-consecutive month period of service as of December 31, 2002. The credited years of service as of December 31, 2005 for Messrs. Kanda and Fujimoto are 13 and 2, respectively.

Supplemental Executive Retirement Plans. The Company also has non-qualified, unfunded supplemental executive retirement plan arrangements (SERP) for certain executive officers, including the Named Executive Officers.

For Mr. Arnoldus, the SERP provides a lump sum payment equal to the actuarial equivalent of a joint and 100% survivor annuity payable for life and upon his death to his current spouse for life starting at age 65. The annuity amount on which the SERP benefit will be based is equal to (A) the product of his years of service with the Company, up to a maximum of 15 years, multiplied by 3 1/3% of the average of his salary and bonus for the three fiscal years preceding his termination, reduced by (B) the actuarial equivalent of his benefit under the Social Security Act and any other retirement benefits provided by the Company.

For Mr. Kanda, the SERP provides a benefit equal to the difference between (A) the benefit which would have accrued under the Company's Defined Benefit Pension Plan, without regard to limitations imposed by laws and regulations governing such plans, reduced by (B) the benefit that actually accrued under the Defined Benefit Pension Plan. The Defined Benefit Pension Plan was curtailed effective December 31, 2002, and accordingly, no new benefits are accruing to Mr. Kanda. As is discussed below under Mr. Kanda's Retirement, Mr. Kanda is retiring on March 31, 2006. Upon retirement, he will forfeit the benefit under this SERP. However, as part of the retirement agreement described below, the Company has provided Mr. Kanda with a new SERP that is comparable to the SERPs described immediately below for Messrs. Hirata and Fujimoto. The new SERP benefit under the retirement agreement is a lump sum payment in January 2007 of \$293,182. This lump-sum payment represents the present value of an annual single life annuity benefit of \$45,162 commencing at age 65.

The Company implemented a new SERP for Messrs. Hirata and Fujimoto, effective July 1, 2005. The new SERP is designed to retain these key executives and provide retirement benefits comparable to those in peer banks and the broader industry. It reflects the promotion of these two executives to the role of Vice Chair and their broader leadership role. The SERP benefit vests over 10 years beginning on July 1, 2005, with relatively low vesting increments initially to encourage retention: 0% vesting prior to four years, 10% vesting per year in years four through six, 15% vesting per year in years seven and eight, and 20% vesting per year in years nine and 10.

For Mr. Fujimoto, the SERP provides a benefit equal to an annuity payable for life starting at age 65. The annuity amount on which the SERP benefit will be based is equal to (A) the product of his years of service with the Company multiplied by 3.25% of the average of his salary and bonus for the three fiscal years preceding his termination, with a maximum benefit of 75% of final average compensation, reduced by (B) the actuarial equivalent of 50% of his benefit under the Social Security Act and any other retirement benefits provided by the Company. The SERP is designed to provide an executive with 20 years of service a retirement benefit of 65% of the final three-year average of salary and bonus, reduced by other company-funded retirement benefits.

Mr. Hirata is entitled to the greater of (A) the new SERP benefit calculated under the same terms as described above for Mr. Fujimoto's SERP (years of service multiplied by 3.25% of salary and bonus for the three fiscal years preceding termination) or (B) the benefit calculated under the terms of an existing SERP that he originally entered into with CB Bancshares, Inc. (the "CB SERP"). His benefits under the new SERP are subject to the same 10-year vesting schedule described above for Mr. Fujimoto, beginning in 2005, without vesting credit for prior participation in the CB SERP. This approach provides a retention incentive and a comparable benefit to that of Mr. Fujimoto, without violating the terms or reducing the benefit of the existing CB SERP. The recently implemented SERP is projected to provide a higher benefit than the existing CB SERP after approximately 13 additional years of service. If and when the SERP provides a higher benefit, the CB SERP will no longer be in effect. Under no circumstances will Mr. Hirata receive benefits under both SERPs; he is entitled to the greater of the two SERP benefits.

Under the terms of the CB SERP and Mr. Hirata's employment agreement, Mr. Hirata is entitled to the greater of (A) a SERP benefit calculated as of the date of termination of his employment and (B) a SERP benefit calculated under the "change of control" provisions of the CB SERP as of the date of the merger of the Company and CB Bancshares, Inc. The nominal SERP benefit under the CB SERP is a life annuity equal to 65% of final average compensation, less 50% of his social security benefit and less any employer-funded pension benefits. The 65% formula is reduced by 2.5% for each year of service less than 25 years of service and increased by 2.5% for each year of service exceeding 25 years of service (subject to a maximum adjusted percentage of 70%). The final average compensation means the average base salary plus bonus for the five-year period preceding the executive's termination of employment.

The following table provides information on the estimated value of the annual SERP benefits payable commencing at age 65 to the Named Executive Officers.

SERP TABLE

Mr. Arnoldus will be subject to a non-solicitation and non-competition requirement for the remainder of the term of his employment agreement.

In the event of a change of control of the Company, Mr. Arnoldus may voluntarily resign during the sixty-day period following the sixth month after the change of control date. In the event Mr. Arnoldus's employment is terminated in anticipation of or following a change of control, he will be entitled to the same benefits he would have received had he been terminated without cause or resigned for good reason except that his severance amount will be three times base salary and target bonus. He will also be entitled to payments to cover any excise tax liability (on an after-tax basis) under Section 4999 of the Internal Revenue Code with respect to his payments under the employment agreement.

The Company has agreed to pay him one year's additional salary and bonus, plus salary, benefits, and perquisites (including country club dues and an initiation fee) for the period April 1, 2006, through September 15, 2006. The Company will also provide Mr. Kanda with the SERP benefit described above. The total estimated value of the benefits payable under the Retirement Agreement, which includes all the benefits he is entitled to under his employment agreement, is \$2,227,283.95.

DISCUSSION OF PROPOSALS RECOMMENDED BY THE BOARD OF DIRECTORS

PROPOSAL 1:

ELECTION OF DIRECTORS

The Board of Directors recommends the election of the five (5) nominees listed below as directors, to serve a three-year term expiring at the 2009 Annual Meeting of Shareholders and until their respective successors are elected and qualified or until their earlier death, resignation or removal.

Richard J. Blangiardi

Clayton K. Honbo

Paul J. Kosasa

Mike K. Sayama

Dwight L. Yoshimura

For more information regarding the background of each of the nominees for director, see the section titled **ELECTION OF DIRECTORS Directors and Executive Officers Information**. The person named as Proxy in the enclosed form of proxy statement will vote the shares represented by all valid returned proxies in accordance with the specifications of the shareholders returning such proxies. If at the time of the Annual Meeting of Shareholders any of the nominees named above should be unable to serve, which event is not expected to occur, the discretionary authority provided in the proxy statement will be exercised to vote for such substitute nominee or nominees, if any, as shall be designated by the Board of Directors.

The election of directors requires a plurality of the votes cast FOR the election of the directors by the shares entitled to vote in the election at a meeting at which a quorum is present. Accordingly, the five directorships to be filled at the meeting will be filled by the five (5) nominees receiving the highest number of FOR votes.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR ALL 5 NOMINEES. UNLESS A CONTRARY CHOICE IS SPECIFIED, PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR ALL 5 NOMINEES.

PROPOSAL 2:

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board has appointed KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2006. KPMG LLP audited the Company's financial statements for the fiscal year ended December 31, 2005, and has audited the Company's financial statements since the Company's inception in 1982. Representatives of KPMG LLP are expected to attend the Meeting. The representatives are expected to be available to respond to appropriate questions and will have an opportunity to make a statement, if they desire to do so.

The Company is asking its shareholders to ratify the selection of KPMG LLP as its independent registered public accounting firm (as it has done in prior years) because it believes it is a matter of good corporate practice. If the Company's shareholders do not ratify the selection, the Audit Committee will reconsider whether to retain KPMG LLP, but may still retain them. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

We note that in our engagement letter with KPMG LLP with respect to their audit of our 2005 financial statements, we agreed to certain features, including binding arbitration of any disputes between us and the inability of the arbitrators to award either (1) non-monetary or equitable relief or (2) punitive damages. We also agreed that the arbitrators could not award any other monetary damages which were not measured by the prevailing party's actual damages. In February 2006 the federal banking regulators issued an Advisory to the effect that certain features of audit engagement letters constitute unsafe and unsound practices and are, therefore, prohibited. While we expect that our engagement letter with KPMG LLP with respect to the audit of our 2006 financial statements will continue to provide for binding arbitration and the inability of the arbitrators to award punitive damages, that letter will omit any limitation of liability which is prohibited by the Advisory.

Fees Paid to Independent Registered Public Accounting Firm

The following table sets forth the aggregate fees the Company has incurred for audit and non-audit services provided by KPMG LLP who acted as independent registered public accounting firm for the fiscal year ending 2005 and performed the Company's audit services in fiscal year 2005. The table lists audit fees, audit-related fees, tax fees, and all other fees.

Audit Fees. The audit fees include only fees that are customary under generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and are the aggregate fees the Company incurred for professional services rendered for the audit of the Company's annual financial statements for fiscal year 2005, the audit of internal controls over financial reporting for fiscal year 2005, reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for fiscal year 2005, review of financial statements included in the Company's Registration Statement on Form S-3 and amendments thereto filed in fiscal year 2005, and regulatory and statutory engagements related to the aforementioned statements.

Audit-Related Fees. Audit-related fees include fees for assurance and related services that are related to the performance of the audit of the financial statements, but are not reported under audit fees. These services include audits of the Company's retirement plans and common area maintenance audits for office buildings owned by the Company.

Tax Fees. Tax fees include only fees the Company incurred for professional services rendered for preparation of the Company's tax return, tax filings, and tax consulting.

All Other Fees. All other fees include the aggregate fees billed for services rendered by KPMG LLP other than those services covered above. All other fees consist principally of fees incurred in 2004 for services relating to the compilation of the Company's existing loan policies into a loan manual.

	Year Ended December 31, 2005				Year Ended December 31, 2004			
	Amount		Percent Approved by Audit Committee		Amount		Percent Approved by Audit Committee	
Audit Fees(1)	\$ 1,376,000		100	%	\$ 1,623,500		100	%
Audit-Related Fees	\$ 68,700		100	%	68,500		100	%
Tax Fees	\$ 146,800		100	%(2)	53,000		100	%
All Other Fees	None			%	8,120		100	%

(1) The decrease in audit fees for fiscal year 2005 is attributable primarily to additional costs incurred in 2004 related to the initial audit of internal control over financial reporting and to the Company's 2004 acquisition of CB Bancshares, Inc.

(2) Excludes \$5,000 paid to KPMG LLP relating to tax services performed for Hawaii HomeLoans, Inc. for which KPMG LLP had been engaged directly by Hawaii HomeLoans, Inc. prior to their acquisition by the Company in 2005.

The Audit Committee of the Board established a policy in 2003 to pre-approve all services provided by KPMG LLP. Each service to be provided by KPMG LLP is presented for pre-approval at the Audit Committee's regular meeting or presented to the Chair of the Audit Committee for pre-approval under delegated authority and presented to the Audit Committee at their next regular meeting. All engagements with KPMG LLP that commenced during 2004 and since then have been pre-approved in accordance with the pre-approval policy, except as described in footnote (2) above.

The Audit Committee considered whether the provision of audit-related services, tax services, and all other services is compatible with maintaining the independence of KPMG LLP.

The Board has submitted its appointment of KPMG LLP for ratification by the Company's shareholders. The affirmative vote of the holders of at least a majority of the outstanding shares of Common Stock represented and entitled to vote at the Meeting will be required for passage of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL. UNLESS A CONTRARY CHOICE IS SPECIFIED, PROXIES SOLICITED BY THE BOARD WILL BE VOTED FOR THIS PROPOSAL.

PROPOSALS OF SHAREHOLDERS

Shareholder proposals intended to be included in the Company proxy statement and voted on at the Company's regularly scheduled 2007 annual meeting of shareholders must be received at the Company's offices at 220 South King Street, Honolulu, Hawaii 96813, Attention: Corporate Secretary, by November 23, 2006. Applicable SEC rules and regulations govern the submission of shareholder proposals and the Company's consideration of them for inclusion in next year's proxy statement and form of proxy.

The Company's Restated Bylaws contain procedures that shareholders must follow to present business at a meeting of shareholders if such business is not specified in the proxy statement. A shareholder may obtain a copy of these procedures from the Company's Corporate Secretary. In addition to other applicable requirements, for business to be properly brought before the 2007 annual meeting of shareholders, a shareholder must give notice of the matter to be presented at the meeting in a proper written form to the Company's Corporate Secretary. The Corporate Secretary must receive this written notice at the principal offices of the Company not less than 90 calendar days nor more than 120 calendar days prior to the anniversary date of the preceding year's annual meeting. As a result, any notice given by or on behalf of a shareholder pursuant to these provisions of our Restated Bylaws (and not pursuant to SEC Rule 14a-8) must be received no earlier than January 2, 2007 and no later than February 1, 2007. Shareholder proposals not made in accordance with these requirements may be disregarded by the chairperson of the meeting.

OTHER BUSINESS

The Board knows of no other business that will be presented for consideration at the Meeting other than as stated in the Notice of Meeting. If, however, other matters are properly brought before the Meeting, it is the intention of the persons named in the accompanying form of Proxy to vote the shares represented thereby on such matters in accordance with the recommendation of the Board.

Incorporation by Reference

To the extent that this Proxy Statement is incorporated by reference into any other filing by the Company under the U.S. Securities Act of 1933 or the U.S. Securities Exchange Act of 1934, the sections of this Proxy Statement entitled "Report of the Compensation Committee on Executive Compensation," "Report of the Audit Committee" (to the extent permitted by the rules of the SEC) and "Stock Price Performance," will not be deemed incorporated, unless specifically provided otherwise in such filing.

APPENDIX B

**CENTRAL PACIFIC FINANCIAL CORP.
STANDARDS REGARDING DIRECTOR INDEPENDENCE**

A. In order to qualify as independent, a Director (Director) of Central Pacific Financial Corp. (CPF) or Central Pacific Bank (CPB) must meet all of the following criteria:

1. The Board of Directors of CPF and CPB must affirmatively determine that the Director has no material relationship with CPF, either directly or as a partner, shareholder or officer of an organization that has a relationship with CPF.

Note: Under the NYSE Corporate Governance Standards, in order for any Director to qualify as independent the Board must affirmatively determine that the Director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company or any subsidiary of the Company). In making its independence determination, the Board should broadly consider all relevant facts and circumstances. In particular, when assessing the materiality of a Director's relationship with the Company, the Board should consider the issue not merely from the standpoint of the Director, but also from that of persons or organizations with which the Director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others. Ownership of a significant amount of stock in the Company is not, by itself, however, a bar to an independence finding. The identity of the independent Directors and the basis for the Board's determination that a relationship is not material must be disclosed in the Company's annual proxy statement.

None of the following relationships shall be considered to be a material relationship that would cause a director not to be independent (provided such relationships do not otherwise conflict with any independence standards set by the New York Stock Exchange, the Securities and Exchange Commission, or by any other applicable law, rule or regulation):

a. Service by a Director as an executive officer, employee or equity owner of a company that has made payments to or received payments from CPF or CPB or any subsidiary or affiliate of CPF or CPB, so long as the payments made or received during such other company's last three fiscal years are not in excess of the greater of \$1 million or 2% of such other company's consolidated gross revenues for such other company's fiscal year in which the payments were made.

b. Service by a Director solely in the position of director, trustee, advisor or similar position, of a business or entity that engages in a transaction with CPF or CPB or any subsidiary or affiliate of CPF or CPB, provided a majority of the directors of that business or entity do not comprise a majority of the directors of CPF or CPB or any subsidiary or affiliate of CPF or CPB.

c. Extensions of credit by CPB to a Director, or a company of which a Director is an executive officer, employee or equity owner, or maintenance at CPB by a Director, or a company of which a Director is an executive officer, employee or equity owner, of deposit, checking, trust, investment, or other accounts with CPB, in each case on terms that are substantially similar to those available to similarly situated customers of CPB.

d. Referrals by a Director of clients, business or personal acquaintances or family members to CPF or CPB or any other subsidiary or affiliate of CPF or CPB.

B-1

- e. Service by a Director solely in the position of director, trustee, advisor or similar position of a tax-exempt organization to which CPF or CPB or any subsidiary or affiliate of CPF or CPB makes contributions.
- f. Any other transaction or relationship between a Director and CPF or CPB or any subsidiary or affiliate of CPF or CPB in which the amount involved does not exceed \$10,000.
2. The Director is not employed by CPF nor was employed by CPF within the last 3 years.
3. None of the Director's immediate family members is an executive officer of CPF nor was an executive officer of CPF within the last 3 years.
4. Within the last 3 years, the Director has not received more than \$100,000 during any twelve-month period in direct compensation from CPF, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
5. Within the last 3 years, none of the Director's immediate family members has received more than \$100,000 during any twelve-month period in direct compensation from CPF, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service).
- Note: Compensation received by an immediate family member for service as a non-executive employee of CPF need not be considered in determining independence.
6. The Director is not a current partner of a firm that is CPF's internal or external auditor.
7. None of the Director's immediate family members are a current partner of a firm that is CPF's internal or external auditor.
8. The Director is not a current employee of a firm that is CPF's internal or external auditor.
9. The Director does not have an immediate family member who is an employee of a firm that is CPF's internal or external auditor, and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice.
10. Within the last 3 years, the Director was not a partner or employee of a firm that is or was CPF's internal or external auditor, who personally worked on CPF's audit within that time.
11. Within the last 3 years, no immediate family member of the Director was a partner or employee of a firm that is CPF's internal or external auditor, who personally worked on CPF's audit within that time.
12. The Director does not serve, and within the last 3 years has not served, as an executive officer of another company (excluding CPF companies) in which any present CPF executive officer serves on that other company's compensation committee.
13. None of the Director's immediate family members is, nor within the last 3 years has been, employed as an executive officer of another company (excluding CPF companies) in which any present CPF executive officer serves on that other company's compensation committee.

14. The Director is not a current employee of a company that has made payments to, or received payments from, CPF for property or services in an amount which, in any of the last 3 fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

Note: Both the payments and the consolidated gross revenues to be measured shall be those reported in the last completed fiscal year of such other company. The look-back provision for this test applies solely to the financial relationship between CPF and the director or immediately

B-2

family member's current employer; a listed company need not consider former employment of the director or immediate family member.

Note: Contributions to tax exempt organizations shall not be considered payments, provided however, that CPF must disclose in its annual proxy statement, any such contributions made by CPF to any tax exempt organization in which any independent director serves as an executive officer if, within the preceding 3 years, contributions in any single fiscal year from CPF to the organization exceeded the greater of \$1 million or 2% of such tax exempt organization's consolidated gross revenues.

15. None of the Director's immediate family members is a current executive officer of a company that has made payments to, or received payments from, CPF for property or services in an amount which, in any of the last 3 fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

Note: Same Notes in number 14 above apply to this number 15.

B. In order to qualify as independent for purposes of the audit committee, a Director must meet all of the following additional independence criteria:

1. Other than in his or her capacity as a member of the Board or any Board committee, a Director must not accept or have accepted, directly or indirectly, any consulting, advisory, or other compensatory fee from CPF.

Note: Compensatory fees do not include the receipt of fixed amounts of compensation under a retirement plan (including deferred compensation) for prior service with CPF (provided that such compensation is not contingent in any way on continued service). Note: The term indirect acceptance by a member of an audit committee of any consulting, advisory or other compensatory fee includes acceptance of such a fee by a spouse, a minor child or stepchild or a child or stepchild sharing a home with the member or by an entity in which such member is a partner, member, an officer such as a managing director occupying a comparable position or executive officer, or occupies a similar position (except limited partners, non-managing members and those occupying similar positions who, in each case, have no active role in providing services to the entity) and which provides accounting, consulting, legal, investment banking or financial advisory services to CPF or any of its subsidiaries.

2. A Director must not be affiliated with CPF or any subsidiary of CPF.

Note: An audit committee member that sits on the board of directors of a listed issuer and an affiliate of the listed issuer is exempt from this requirement if the member, except for being a director on each such board of directors, otherwise meets the independence requirements for each such entity, including the receipt of only ordinary-course compensation for serving as a member of the board of directors, audit committee or any other board committee of each such entity.

When used above the following terms shall have the following meanings:

affiliate of or affiliated with, a specified person, means a person that directly, or indirectly through one or more intermediaries, controls, is controlled by, or is under common control with, the person specified. A person is not deemed to be in control of a specified person if the person is not the beneficial owner, directly or indirectly, of more than 10% of any class of voting equity securities of the specified person, and is not an executive officer of the specified person. The following are deemed affiliates: an executive officer of an affiliate; a director who is also an employee of an affiliate; a general partner of an affiliate, and a managing member of an affiliate.
