**ANNUAL MEETING OF STOCKHOLDERS
APRIL 27, 2006**

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of TF Financial Corporation (the Company) to be used at the 2006 Annual Meeting of Stockholders of the Company which will be held at the Goodnoe Farm Restaurant, Durham Road and Sycamore Street, Newtown, Pennsylvania on April 27, 2006 at 10:00 a.m., Eastern time. This proxy statement and the accompanying Notice of Annual Meeting of Stockholders, form of proxy and Annual Report are being first mailed to stockholders on or about March 28, 2006. The Company is the parent company of Third Federal Bank (the Bank), TF Investments Corporation and Penns Trail Development Corporation.

At the meeting, stockholders will consider and vote upon (i) the election of two directors, and (ii) the ratification of the appointment of Grant Thornton LLP as the Company's independent auditor for the fiscal year ending December 31, 2006. The Board of Directors knows of no additional matters that will be presented for consideration at the meeting. Execution of a proxy, however, confers on the designated proxy holder discretionary authority to vote the shares represented by such proxy in accordance with their best judgment on such other business, if any, that may properly come before the meeting or any adjournment thereof.

VOTING AND REVOCABILITY OF PROXIES

Stockholders who execute proxies retain the right to revoke them at any time. Unless so revoked, the shares represented by such proxies will be voted at the meeting and all adjournments thereof. Proxies may be revoked by written notice to the Secretary of the Company at the address above or by the filing of a later dated proxy prior to a vote being taken on a particular proposal at the meeting. A proxy will not be voted if a stockholder attends the meeting and votes in person. Proxies solicited by the Board of Directors of the Company will be voted as specified thereon. **If no specification is made, proxies will be voted FOR the nominees for director set forth herein, and FOR the ratification of the appointment of Grant Thornton LLP as the Company's independent auditor for the fiscal year ending December 31, 2006.** The proxy confers discretionary authority on the persons named therein to vote with respect to the election of any person as a director if either of the nominees is unable to serve, or for good cause will not serve, and matters incident to the conduct of the meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

Stockholders of record as of the close of business on March 7, 2006, (the Record Date), are entitled to one vote for each share of Common Stock of the Company then held. As of the Record Date, the Company had 2,888,440 shares of Common Stock outstanding and eligible to vote.

The Certificate of Incorporation of the Company provides that in no event shall any record owner of any outstanding Common Stock which is beneficially owned, directly or indirectly, by a person who beneficially owns in excess of 10% of the then outstanding shares of Common Stock (the Limit) be entitled or permitted to any vote with respect to the shares held in excess of the Limit. Beneficial ownership is determined pursuant to Rule 13d-3 of the General Rules and Regulations promulgated pursuant to the Securities Exchange Act of 1934, as amended (the Exchange Act), and includes (i) shares beneficially owned by such person or any of his or her affiliates (as defined in the Certificate of Incorporation), (ii) shares which such person or his or her affiliates have the right to acquire upon the exercise of conversion rights or options and (iii) shares as to which such person and his or her affiliates have or share investment or voting power, but shall not include shares beneficially owned by any employee stock ownership or similar plan of the issuer or any subsidiary.

The presence in person or by proxy of at least a majority of the outstanding shares of Common Stock entitled to vote (after subtracting any shares held in excess of the Limit) is necessary to constitute a quorum at the meeting. Abstentions and broker non-votes (*i.e.*, shares held by brokers on behalf of their customers, which may not be voted on certain matters because the brokers have not received specific voting instructions from their customers with respect to such matters) will be counted solely for the purpose of determining whether a quorum is present. In the event there are not sufficient votes for a quorum or to ratify or adopt any proposal at the time of the meeting, the meeting may be adjourned in order to permit the further solicitation of proxies.

As to the election of directors, the proxy card being provided by the Board of Directors allows a stockholder to vote for the election of the nominees proposed by the Board of Directors, or to withhold authority to vote for any or all of the nominees being proposed. Under the Company's bylaws, directors are elected by a plurality of votes cast.

Concerning all other matters that may properly come before the meeting, including the ratification of the appointment of the independent auditor, by checking the appropriate box, a stockholder may: (i) vote FOR the item, or (ii) vote AGAINST the item, or (iii) ABSTAIN with respect to the item. Unless otherwise required, such matters shall be determined by a majority of votes cast affirmatively or negatively without regard to (a) broker non-votes, or (b) proxies marked ABSTAIN as to that matter.

Director Nomination Process

The Company does not have a standing nominating committee. The independent directors of the Company serve the functions of a nominating committee for selecting the management's nominees for election of directors in accordance with the Company's Bylaws. As defined by Nasdaq, each of the six directors, other than John R. Stranford, is an independent director. The independent directors met once during the year ended December 31, 2005 in this capacity. The Board feels it is appropriate for the independent directors to serve this function without forming a standing committee because the Company has a relatively small Board, making action by committee unnecessary for purposes of managing nominations. Because there is not a standing committee, the Company does not have a nominating committee charter, however, the Board has adopted a written policy addressing the nominating function.

The Company does not pay fees to any third party to identify or evaluate or assist in identifying or evaluating potential nominees. The process for identifying and evaluating potential Board nominees includes soliciting recommendations from directors and officers of the Company and its wholly-owned subsidiary, Third Federal Bank. Additionally, the Board will consider persons recommended by stockholders of the Company in selecting the Board's nominees for election. There is no difference in the manner in which persons recommended by directors or officers versus persons recommended by stockholders in selecting Board nominees are evaluated.

To be considered in the selection of Board nominees, recommendations from stockholders must be received by the Company in writing by at least 120 days prior to the date the proxy statement for the previous year's annual meeting was first distributed to stockholders. Recommendations should identify the submitting stockholder, the person recommended for consideration and the reasons the submitting stockholder believes such person should be considered. Persons recommended for consideration as Board nominees should meet the director qualification requirements set forth in Article III, Sections 15 to 18 of the Company's Bylaws, which require that (i) directors must be stockholders of the Company, beneficially owning at least 5,000 shares; (ii) directors of the Company must reside within sixty miles of the Company's main office in Newtown, Pennsylvania; (iii) directors may not serve as a management official of another depository institution or depository holding company as those terms are defined by the regulations of the Office of Thrift Supervision; and (iv) directors must be persons of good character and integrity and must also have been nominated by persons of good character and integrity. The Board also believes potential

directors should be knowledgeable about the business activities and market areas in which the Company and its subsidiaries engage.

Stockholder Communications

The Board of Directors does not have a formal process for stockholders to send communications to the Board. In view of the infrequency of stockholder communications to the Board of Directors, the Board does not believe that a formal process is necessary. Written communications received by the Company from stockholders are shared with the full Board no later than the next regularly scheduled Board meeting. The Board encourages, but does not require, directors to attend the annual meeting of stockholders. All of the Board's members attended the 2005 annual meeting of stockholders.

DIRECTOR AND EXECUTIVE OFFICER COMPENSATION

Director Compensation

Each director of the Company is also a director of the Bank, with the exception of John R. Stranford who serves as a director of the Company only. For 2005, non-employee directors of the Company received a quarterly retainer of \$3,000 (\$16,400 for the Chairman of the Company's Board). During 2005, each non-employee director of the Bank received a fee of \$1,000 per board meeting attended (\$3,500 for the Chairman of the Bank's Board) and \$500 per committee meeting attended (\$600 for the Chairman of the Committee). For the fiscal year ended December 31, 2005, total fees paid to directors were \$252,000.

During 2005 directors received stock option awards and stock grants of 36,000 shares and 20,000 shares, respectively. These awards vest over 3 years. Directors received payments of \$172,281 under the TF Financial Corporation Incentive Compensation Plan during 2005, and the Company accrued a total of \$157,951 during 2005 under the TF Financial Corporation Incentive Compensation Plan, to be paid to directors during 2006.

Executive Compensation

The Company has no full time employees, relying upon employees of the Bank for the limited services required by the Company. All compensation paid to officers and employees is paid by the Bank.

Report of the Compensation Committee of the Bank on Executive Compensation. The Committee had two meetings during 2005, at which time it reviewed, evaluated and approved executive compensation and benefit recommendations. The Bank's executive compensation programs consist of elements that vary based on corporate performance (variable pay) and elements that do not (fixed pay). The variable component may be substantial. Variable pay elements include stock compensation plans and an incentive plan, which are further discussed below. These variable performance based elements (as determined in the year earned) represent from 30% to 40% of total compensation for each executive covered under such plans. All plans are developed based on compensation information concerning the Bank's community-banking competitors and peers, and are administered to balance the interests of the executives with the performance of the Bank and the interests of the Company's stockholders.

The executive compensation program of the Company is designed to:

- Support a pay-for-performance policy that differentiates compensation based on corporate and individual performance;
- Motivate employees to assume increased responsibility and reward them for their achievement;
- Provide compensation opportunities that are comparable to those offered by other leading community banking companies, allowing the Company to compete for and retain top quality, dedicated executives who are critical to the Company's long-term success; and

- Align the interests of executives with the long-term interests of stockholders through award opportunities that can result in ownership of Common Stock.

The Committee believes that the most meaningful performance and pay equity comparisons are made against companies of similar size and with similar business interests. In keeping with this belief, the Committee reviews various published surveys of compensation paid to employees performing similar duties for depository institutions and their holding companies, with a particular focus on the level of compensation paid by comparable institutions in and around the Bank's market area, including institutions with total assets of between \$500 million and \$800 million.

The companies chosen for compensation comparisons in the most recent competitive study are not the same companies that comprise the published industry index in the performance graph set forth below. The Committee believes that the most direct competitors for executive talent are not necessarily all of the companies that would be included in a published industry index for comparing total stockholder value.

The Committee believes that growth in shareholders' equity and growth in franchise value are the most appropriate measures for evaluating the Company's results. The TF Financial Corporation Incentive Compensation Plan relies on such measurements as a primary determinant of incentive payouts.

The Company's and the Committee's intent is to provide executive compensation consisting of base salaries, which when combined with awards made under the TF Financial Corporation Incentive Compensation Plan and grants made under the Company's stock compensation plans, result in total compensation levels which approximate the relative rankings of asset size and earnings performance within the peer group. Each compensation decision is based on what is competitive for that compensation element relative to the peer group, as well as the impact of such decision on total compensation.

Because pay and performance levels at peer companies are not known at the time compensation decisions are made, the Committee does not know if the target compensation levels have been met until such peer information is made public. Therefore, the Committee looks at the historical relationship between pay and performance over a one-year period. It is the Committee's intent to address any variance between performance rank and compensation rank with future compensation decisions.

To continue to meet these objectives, the Committee may from time to time change or adjust one or more of the Company's executive compensation plans or recommend the same to the Board of Directors, as it deems appropriate.

Base Salary. The Company's base salary program targets base salaries for executive officers at the low to middle end of the market range. As indicated above, the market for the Company is comparable institutions in and around the Bank's market area, including institutions with total assets of between \$500 million and \$800 million. The Committee believes that base salary should be reflective of the executive's scope of responsibility, and further, that asset size is the best indicator of scope of responsibility. Accordingly, base salaries for executives are targeted to have the same relative rank among the peer group as asset size.

Long-Term Incentive Program. The long-term incentive program is composed of the following:

- The Company's stock compensation plans, which are made up of two elements: stock options and restricted stock awards. The Committee believes that issuing stock options and restricted stock to executives benefits the Company's stockholders by encouraging and enabling executives to own the stock of the Company, thus aligning executive pay with stockholder interests.
- The TF Financial Corporation Incentive Compensation Plan, which pays cash awards based on growth in shareholders' equity and growth in franchise value. Thus, the Company's net income, growth in originated loans outstanding and growth in retail deposit households are measured for the period, and compared to individualized targets determining actual payouts from the plan.

The 2005 mix of the long-term incentive program awards was set subjectively. In determining the mix, the Committee balanced rewards for past performance with incentives for future performance, and took into account such factors as overall risk of the pay package, award sizes in prior years and cash/stock mix. Current holdings of stock were not considered.

2005 Compensation for the CEO. During the year ended December 31, 2005, Mr. Lufkin received a base salary of \$205,000. In addition, Mr. Lufkin is eligible to participate in the same executive compensation plans available to the other executive officers as described above. Mr. Lufkin received a \$115,299 payment under the TF Financial Corporation Incentive Compensation Plan during 2005. Thus, the variable performance-based portion was approximately 36% of Mr. Lufkin's total compensation for 2005.

Stock Performance Graph. Set forth below is a performance graph for the Common Stock for the period from December 31, 2000 through December 31, 2005. The performance graph compares the cumulative total stockholder return on the Common Stock with (a) the cumulative total stockholder return on stocks included in the Nasdaq U.S. Stock Market Index, (b) the cumulative total stockholder return on stocks included in the SNL Nasdaq Thrift Index and (c) the cumulative total stockholder return on stocks included in the SNL \$500 million \$1 billion Thrift Index. The Nasdaq U.S. Stock Market Index was prepared by the Center for Research in Security Prices (CRSP) at the University of Chicago, and the SNL indices were prepared by SNL Securities, LC, Charlottesville, Virginia. The SNL \$500 million to \$1 billion Thrift and Nasdaq Thrift Indices are included in the performance graph because these indices track the performance of thrift institutions similar to the Company. Comparison with the Nasdaq U.S. Stock Market Index and the thrift indices assumes the investment of \$100 as of December 31, 2000. The cumulative total return for each index and for the Company is computed with the reinvestment of dividends that were paid during the period.

COMPARISON OF CUMULATIVE TOTAL RETURN

Long-Term Incentive Plans. Effective October 18, 2004 the long term incentive plan was amended and re-titled the TF Financial Corporation Incentive Compensation Plan (the *Incentive Plan*). At the beginning of each plan year, the Compensation Committee establishes targets for net income, growth in originated loans outstanding and growth in retail deposit households. Each Participant is assigned a combination of these three factors, aggregating to 100%. The extent to which these individualized targets are accomplished determines the percentage of payout earned by each Participant. The payout, in turn, is a percentage of base salary, and the percentage will vary based on the title and duties of the Participant. No awards will be made unless the Company's net income equals 90% of the target established for the year. The awards are not vested until paid in the year following the plan year, except in the case of a change of control in which case the payment is 100% earned payable on the closing date. The Incentive Plan is administered by the Board or a Committee of the Board.

Change in Control Severance Agreements. The Company has entered into a change in control severance agreement with Robert N. Dusek, Chairman of the Board. The Bank has entered into a change in control severance agreement with Kent C. Lufkin, President and Chief Executive Officer, Dennis R. Stewart, Executive Vice President and Chief Financial Officer, and Floyd P. Haggar, Senior Vice President and Chief Lending Officer. The severance agreement for Mr. Lufkin has a term of three years. The severance agreements for Messrs. Stewart and Haggar both have a term of twenty-four months. The agreements are terminable by the Company and the Bank for just cause as defined in the agreements. If the Company or the Bank terminates the director or employee without just cause following a change in control as defined in such agreements, the director or employee will be entitled to a severance payment. Mr. Dusek's agreement stipulates a payment of \$250,000 upon termination of service following a change in control. With respect to Mr. Lufkin's agreement, such agreement contains a provision stating that in the event of the termination of employment in connection with any change in control of the Bank, Mr. Lufkin will be paid an amount equal to 2.99 times his most recent three calendar year's average annual total compensation. The agreements with Messrs. Stewart and Haggar provide for payments equal to 2.00 times the prior three calendar year's average annual total compensation upon termination of employment following a change in control. If such payments were to be made under the agreements as of December 31, 2005, such payments would equal approximately \$581,531, \$492,600, and \$367,345 with respect to Messrs. Lufkin, Stewart and Haggar, respectively. It is anticipated that all such payments made by the Bank under such agreements would be a tax-deductible compensation expense for federal tax purposes. The aggregate payments that would be made to such individuals net of the federal tax benefit would be an expense to the Bank, thereby reducing net income and the Bank's capital by such amount. The agreements may be renewed annually by the Board of Directors within the Board's sole discretion.

Other Benefits

Pension Plan. The Pension Plan provides for monthly payments to each participating employee at normal retirement age (age 65). For accruals before January 1, 1998, the annual benefit payable as a life annuity under the Pension Plan is equal to 45% of Final Average Compensation plus 19.5% of Final Average Compensation in excess of the Covered Compensation in effect for the year of benefit determination, reduced for each year of service less than 30. Where the percentage results in an amount that exceeds the allowable limits under the Internal Revenue Code (the Code), such amount shall be reduced to the maximum allowable amount. For purposes of benefit calculations, Final Average Compensation is defined as the average of total compensation for the five highest years. For accruals after December 31, 1997, the annual benefit payable as a life annuity under the Pension Plan is equal to 45% of Average Compensation reduced for each year of service less than 30. Average Compensation is defined as the average of total compensation for all years beginning after December 31, 1997. A participant may elect an early retirement at age 55 with 5 years of service at a reduced monthly benefit. At December 31, 2005, Messrs. Lufkin, Stewart and Haggar had 6 years, 7 years and 8 years, respectively, of credited service under the Pension Plan.

Pension Plan Table. The following table sets forth the estimated annual benefits payable under the Pension Plan described above, upon retirement at age 65 as of December 31, 2005, expressed in the form of a life annuity, for the average annual earnings described above and years of service specified. Such amounts are in addition to any benefits payable under Social Security.
