These statements are based upon the current beliefs and expectations of managements of City National and/or Business Bank Corporation and are subject to significant risks and uncertainties. Actual results may differ materially from those set forth in the forward-looking statements.

The following factors, among others, could cause actual results to differ from those set forth in the forward-looking statements: the ability to obtain regulatory approvals of the transaction on the proposed terms and schedule; the failure of Business Bank Corporation stockholders to approve the transaction; the risk that the businesses of Business Bank Corporation will not be integrated successfully or will be more difficult, time-consuming or costly than expected; deposit attrition and other disruption from the transaction making it more difficult to maintain relationships with customers, employees or suppliers; the risk that synergies from the transaction may not be fully realized or may take longer to realize than expected; competition and its effect on pricing, spending, third-party relationships and revenues; the strength of the United States economy in general and the strength of the local economies in which City National and/or Business Bank Corporation conduct operations may be different than expected resulting in, among other things, a deterioration in credit quality or a reduced demand for credit, including the resultant effect on such companies' loan portfolio and allowance for loan losses; the effects of, and changes in, trade, monetary and fiscal policies and laws, including interest rate policies of the Board of Governors of the Federal Reserve System; potential or actual litigation; inflation, interest rate, market and monetary fluctuations; adverse changes in the regulatory environment; and adverse conditions in the stock market, the public debt market and other capital markets (including changes in interest rate conditions) and the impact of such conditions on such companies' capital markets and capital management activities. Additional factors that may affect future results are contained in City National's filings with the SEC, which are available at the SEC's web site <http://www.sec.gov>, including in City National's Annual Report of Form 10-K for the year ended December 31, 2005, under the heading "Risk Factors." All subsequent written and oral forward-looking statements concerning the proposed Merger or other matters and attributable to City National or Business Bank Corporation or any person acting on their behalf are expressly qualified in their entirety by the cautionary statements above. City National disclaims any obligation to update or revise statements contained in these materials based on new information or otherwise.
