As the attached indicates, we face many challenges and risks, including heightened competition, regulatory and operational risks. Despite these and other challenges facing our Company, we approach the future in great shape and with optimism. The Board of Directors has set June 14, 2007 as the record date for the Annual General Meeting. If you were an owner of our common shares at the close of business on that date, you are entitled to notice of, and may vote at, the Annual General Meeting.

The presence, in person or by proxy, of holders of more than 50% of the Common Shares outstanding and entitled to vote on the matters to be considered at the Annual General Meeting is required to constitute a quorum for the transaction of business at the Annual General Meeting. Holders of common shares are entitled to one vote on each matter to be voted upon by the Shareholders at the Annual General Meeting for each share held.

If you are entitled to vote at the Annual General Meeting, you may do so in person at the Annual General Meeting or by proxy without attending the meeting. To vote by proxy, you must fill out the enclosed proxy card, date and sign it, and return it in the enclosed postage-paid envelope. Broker non-votes occur when nominees, such as banks and brokers holding shares on behalf of beneficial owners, do not receive voting instructions from the beneficial holders at least ten days before the Annual General Meeting. Member brokerage firms of The New York Stock Exchange, Inc. that hold shares in street name for beneficial owners may, to the extent that such beneficial owners do not furnish voting instructions with respect to any or all proposals submitted for Shareholder action, vote in their discretion upon all of the proposals. The Board of Directors has not proposed for consideration at the Annual General Meeting any transaction for which the laws of Bermuda entitle Shareholders to appraisal rights.

In accordance with our Bye-Laws the nominees for election as directors at the Annual General Meeting who receive the highest number of FOR votes will be elected as directors. Unless you indicate otherwise on your proxy card, the persons named as your proxies will vote your shares FOR all the nominees for director named in this proxy statement. All other proposals require the affirmative FOR vote of a majority of those shares present at the meeting and entitled to vote on the proposal. A hand vote will be taken unless a poll is requested pursuant to the Bye-laws.

Solicitation may be made by our directors, officers and employees personally, by telephone, internet or otherwise, but such persons will not be specifically compensated for such services. The investment objective of Value Capital L.P. was to achieve income growth and capital growth primarily by investment in and arbitrage of fixed-income instruments. Following the Company's acquisition of West End, the investment management agreement with Value Capital L.P. was terminated on June 30, 2006. The Value Capital L.P. fund structure was liquidated on November 24, 2006.

During the year ended December 31, 2006, the Company earned investment advisory fees of \$1.4 million from Value Capital L.P. through its West End subsidiary. A subsidiary of the Company was the General Partner of Value Capital L.P. Through West End, the Company also earned advisory and performance fees from Rockridge Re Ltd. (Rockridge), Mont Fort and Island Heritage of \$1.8 million, \$1.3 million and \$39,044, respectively, during the year ended December 31, 2006.

Rockridge was founded by Montpelier Reinsurance Ltd. and West End. West End held 11.6% of the common share equity interests, and 29.6% of the voting rights, in Rockridge, and served as an investment adviser to Rockridge. The Chief Executive Officer of the Company served as chairman of the board of directors of Rockridge. Affiliates of the Silver Creek entities, which hold 13.7% of the outstanding common shares of the Company, also held 58.2% of the outstanding securities of Rockridge. On December 20, 2006, the board of directors of Rockridge decided that it was in the best interest of Rockridge to redeem all its common shares. Redemption proceeds of \$10.7 million were received by West End on December 29, 2006 and the Company recorded an amount of \$0.2 million as receivable from Rockridge as of December 31, 2006.

West End leases its office space in Hamilton, Bermuda from Eye Patch Holdings Limited, a company in which Haverford has a 40.0% stake, pursuant to a ten-year lease dated as at October 1, 2005. Through their ownership of Haverford, Messrs. Byrne and Brown collectively may be deemed to have indirect voting or investment control over 40% of Eye Patch Holdings Limited. West End currently pays \$24,780 per month in rent and an additional \$5,869 per month in maintenance fees under the lease. Rent is subject to review and adjustment every three years and maintenance fees are subject to review and adjustment on both an annual and a quarterly basis. During the year ended December 31, 2006, the Company made lease payments of \$0.4 million to Eye Patch Holdings Limited.

On March 6, 2006, the Company purchased all of the outstanding common shares of Mont Fort for consideration of \$0.1 million from Haverford. As at the date of purchase, Mont Fort had assets of \$0.1 million and no liabilities. Our Executive Chairman, Chief Executive Officer and Chief Financial Officer serve as directors of Mont Fort. Mr. Byrne and Mr. Brown collectively may be deemed to have investment or voting control over all of the equity of Haverford, and therefore collectively a 100% interest in the consideration paid for the common shares of Mont Fort in this transaction.

Flagstone entered into a facultative reinsurance agreement with Mont Fort in respect of Mont Fort ILW on June 6, 2006. Under this agreement Mont Fort ILW will assume a share of Flagstone's Industry Loss Warranty exposure. Written premiums ceded to Mont Fort ILW during the year ended December 31, 2006 amounted to \$15.1 million and \$0.6 million was included in amounts due from related parties as at December 31, 2006. In accordance with the reinsurance agreement, Flagstone received a ceding commission of \$0.4 million from Mont Fort ILWI during the year ended December 31, 2006. On August 28, 2006, Mont Fort repurchased the preferred shares held by Flagstone for \$5.1 million, and Mont Fort in respect of Mont Fort ILW entered into a quota share reinsurance contract with Flagstone under which Flagstone assumes 8.3% of the business written by Mont Fort ILW.

West End entered into an investment management agreement with Mont Fort in respect of Mont Fort ILW on June 5, 2006 under which West End earns an investment management fee of 0.50% per year based on the current size of Mont Fort ILW and a performance-based fee of 15% of the increase, if any, in the net

asset value of Mont Fort ILW over the course of each year. During the year ended December 31, 2006, West End earned \$1.3 million from Mont Fort ILW under this arrangement.

On March 31, 2006, Flagstone acquired from Haverford 63,783 common shares, representing 18.7% of the common shares and 22.5% of the voting interest, of Island Heritage for consideration of \$7.3 million. The purchase price was determined by reference to a recent arm's length purchase by an unrelated shareholder. Mr. Byrne and Mr. Brown collectively may be deemed to have investment or voting control over all of the equity of Haverford, and therefore collectively a 100% interest in the consideration paid for the common shares of Island Heritage in this transaction.

Flagstone entered into an excess of loss reinsurance agreement with Island Heritage during 2006 under which Flagstone will assume a share of Island Heritage's residential and commercial property risks. Premiums written under the agreement during the year ended December 31, 2006 amounted to \$1.4 million and \$0.4 million was due from Island Heritage at December 31, 2006. Mr. Byrne and Mr. Brown serve as directors of Island Heritage.

Policies and Procedures for Related Party Transactions

The Company adopted a Code of Conduct and Ethics on June 16, 2006 which specifies the Company's policy relating to conflicts of interest. The Code of Conduct and Ethics defines a conflict of interest as any situation in which the private interest of any director, board observer or employee of the Company interferes in any way (or even appears to interfere) with the interests of the Company as a whole. Under the Code of Conduct and Ethics, an individual who becomes aware of a potential conflict of interest must report this conflict to the Chairman of the Audit Committee for consideration by the Audit Committee. The Audit Committee will determine whether a conflict of interest exists on a case-by-case basis and will memorialize its determinations and the reasons behind such determinations. The Audit Committee will ensure that the directors voting on an issue are informed, disinterested and independent with respect to that issue. If the Audit Committee determines that a conflict of interest exists, then the director, board observer or employee shall not participate, directly or indirectly, in the matter or activity that has given rise to such conflict of interest unless expressly approved by the Audit Committee.

Of the transactions discussed above, five were consummated after the adoption of the Code of Conduct and Ethics: the letter of credit facility with Citibank N.A., the sale of the Deferrable Interest Debentures, the reinsurance agreement with Island Heritage, the redemption of the common shares of Rockridge and the sale of preferred shares linked to Mont Fort ILW 2 to LB I. In each case, the Company determined that the transaction was not subject to approval under the Code of Conduct and Ethics because it did not involve the private interest of any director, board observer or employee of the Company.

The March 2006 acquisitions of shares of West End, Island Heritage and Mont Fort were recommended by a committee of the Company's disinterested directors and approved unanimously by the full Board of Directors (with Messrs. Byrne and Brown recusing themselves).

COMPENSATION

Compensation Discussion and Analysis

Overview

The Company was formed on October 4, 2005 and commenced insurance operations on December 20, 2005. It had no prior operating history. The current executive officers, Messrs. Byrne, Brown, O' Shaughnessy, Prestia and Swayne, are compensated according to the terms of their employment contracts, which are described below. We refer to these five officers as the Named Executive Officers.

Our executive compensation programs are designed to encourage our executive officers to think and act like, and over time to become, shareholders of the Company. We want our executive officers to take appropriate risks with our capital in order to generate returns for our shareholders but at the same time to share the downside risk if those risks cause poor performance or even loss. Through our performance management and rewards processes and programs, we endeavor to create an environment that fosters and rewards:

- finding and assuming attractively priced risk;
- managing our overall risk exposure to mitigate loss;
- ensuring we have optimal capital to run our business;
- working hard and cooperating with colleagues; and
- providing excellent service to clients and colleagues.

We foster an attitude of shared risk-taking between our executive officers and our Shareholders by providing a significant portion of our executive officers' incentive compensation through equity based awards. We emphasize at risk pay tied to performance as the majority of total compensation potential. We evaluate and reward our executive officers based on dynamic factors such as whether they are willing and able to challenge existing processes, adapt to sudden or frequent changes in priorities and capitalize on windows of opportunity.

Our Compensation Committee reviews and approves all of our compensation policies.

Executive Compensation Policy

Overview

The Company's performance-driven compensation policy consists of the following three components:

- base salary (and, in some cases, housing allowance or mortgage subsidy);
- annual cash bonuses; and
- long-term incentive awards (Performance Share Units (PSUs)).

We use short-term compensation (base salaries and annual cash bonuses) and long-term compensation (PSUs) to achieve our goal of driving long-term growth in book value per share. The long-term compensation element, the PSUs, are designed to emphasize the performance measures our executive officers need to address in order to deliver shareholder value. Currently, the PSUs awarded to our Named Executive Officers vest over three years. Each PSU converts into a quantity of shares ranging from zero to two based upon the Company's achievement of fully diluted return on equity goals over the three year period. In the future, the Company may award to Named Executive Officers PSUs which have a different index with a portion of the award tied more closely to the performance of a specific business unit for which a Named Executive Officer is responsible. However, a portion would also remain tied to the

Company's achieving fully diluted return on equity goals. The Company may also issue PSUs whose fully diluted return on equity goals are different from those issued for 2006-2008.

We carefully determine the percentage mix of compensation structures we think is appropriate for each of our executive officers. This is not a mechanical process, and we use our judgment and experience and work with our Named Executive Officers to determine the appropriate mix of compensation for each individual. The number of PSUs each Named Executive Officer (other than our Executive Chairman, who does not participate in the PSU Plan) receives is based on the expectations we have for the individual and, over time, on their performance against those expectations. The mix of short-term and long-term compensation may sometimes be adjusted to reflect an individual's need for current cash compensation. While we expect all Named Executive Officers to receive the majority of their compensation in PSUs, family size or location could mean an executive officer needs a larger and more predictable amount of current cash compensation than a peer. In such circumstances the Company typically replaces PSUs with cash compensation equal to approximately one-third to two-thirds of the product of the number of PSUs foregone and the fair value per share of the Company's common shares at the time of the grant. This practice is designed to reward the executive officer for shared risk-taking.

A person who participates in the PSU Plan in any calendar year may not also participate in the RSU Plan. During 2006, none of our Named Executive Officers was eligible to participate in the RSU Plan.

Base salary typically will constitute a minority portion of the total compensation of our Named Executive Officers. We set salary to provide adequate cash compensation to support a reasonable standard of living, so that our Named Executive Officers are prepared to have at risk the portion of their compensation received in PSUs. We anticipate that if the Company meets its fully diluted return on equity goals the Named Executive Officers will receive significantly more long-term value (in some cases a multiple) from their PSUs than from their annual cash bonuses.

Base salary

Base salary is used to recognize particularly the experience, skills, knowledge and responsibilities required of the executive officers in their roles. When establishing the 2006 base salaries of the Named Executive Officers, the Compensation Committee and management considered a number of factors including the seniority of the individual, the functional role of the position, the level of the individual's responsibility, the ability to replace the individual, the base salary of the individual at his prior employment and the limited number of well-qualified candidates available in Bermuda. In addition, we informally consider competitive market practices with respect to the salaries of our Named Executive Officers. We speak with recruitment agencies and review annual reports on Form 10-K or similar information of other Bermuda reinsurance companies with market capitalizations greater than \$500.0 million and less than \$3.0 billion, in particular Aspen Insurance Holdings Ltd., Endurance Specialty Holdings Ltd., Allied World Assurance Co. Holdings Ltd., Montpelier Re Holdings Ltd. and Platinum Underwriters Holding Ltd. We do not use compensation consultants at this time.

The salaries of the Named Executive Officers are reviewed on an annual basis, as well as at the time of promotion or other changes in responsibilities. The leading factor in determining increases in salary level is the employment market in Bermuda for senior executives of insurance and reinsurance companies. We expect the salaries of our Named Executive Officers to stay relatively constant, increasing when the insurance and reinsurance market moves or when an executive officer assumes a larger role.

Annual cash bonuses

Annual cash bonuses are intended to reward individual performance during the year and can therefore be highly variable from year to year. These bonuses are determined on a discretionary basis. Our Executive Chairman and our Chief Executive Officer agree with each of the other executive officers upon

short-term and long-term goals, and then subsequently rate each executive officer in writing against those goals before deciding the bonus. In the case of the Chief Executive Officer, these goals are established by the Compensation Committee in consultation with the Executive Chairman, and in the case of the Executive Chairman, these goals are established by the Compensation Committee. The Named Executive Officer's performance of non-goal specific items is also taken into account in determining the Named Executive Officer's bonus. Awards for the subject year are based on the financial statements for that year, and are based on an assessment of each Named Executive Officer's achievement of the established goals. The employment agreements for Messrs. O'Shaughnessy, Prestia and Swayne specify that the annual bonus shall not exceed 75% of such Named Executive Officer's annual salary. The employment agreement for Mr. O'Shaughnessy specified that his first bonus payable in March 2007 would be based on a percentage of his salary plus \$40,000, and the employment agreements for Messrs. Prestia and Swayne provided a range for the amount of their first bonus. Mr. Prestia's employment agreement set the range for his bonus between 50% and 75% of his base salary for 2006, and Mr. Swayne's employment agreement set the range for his bonus between 60% and 75% of his base salary for 2006. This range is based on the seniority of the position and our view of the degree to which the Named Executive Officer's performance could affect the Company's overall results. The employment agreements for Messrs. Byrne and Brown do not limit the amount of each Named Executive Officer's annual bonus. The bonus allocation to executive officers except the Chief Executive Officer and Executive Chairman is set by the Executive Chairman in consultation with the Chief Executive Officer. David Brown (our Chief Executive Officer) and Mark Byrne (our Executive Chairman) play no role in setting their own bonuses. Bonuses for the Named Executive Officers are accrued quarterly in the consolidated financial statements and are updated based on the amounts approved by the Compensation Committee.

The 2006 bonuses for our Named Executive Officers have been determined and were finalized upon completion of the 2006 audit. The Compensation Committee approves the bonus of all Named Executive Officers.

Long-Term Incentive Awards

PSUs. The Company has adopted a PSU Plan to provide PSUs as incentive compensation to certain key employees (including the Named Executive Officers) of the Company. Our Executive Chairman does not participate in the PSU Plan but is responsible for recommending grants under the PSU Plan to the Compensation Committee.

The PSUs are designed to align management's performance objectives with the interests of our shareholders. We believe that PSUs (which are based on fully diluted return on equity) align the compensation of our Named Executive Officers more closely to shareholder value than other alternatives such as options (which place 100% weight on growth in market value). The Compensation Committee has exclusive authority to select the persons to be awarded PSUs. At the time of each award, the Compensation Committee determines the terms of the award, including the performance period (or periods) and the performance objectives relating to the award.

Following the final performance period of a PSU, the Compensation Committee determines whether the performance objectives were met in whole or in part, and the payment due on the PSU as a result. The Compensation Committee has no discretion to change the growth in fully diluted return on equity goals for PSUs which have already been granted.

The initial PSU grants made for the 2006-2008 period begin vesting upon achievement of a cumulative fully diluted return on equity in excess of 7% over this period and scale ratably to one share upon achievement of a 17% fully diluted return on equity over the period and two shares upon achievement of a 27% fully diluted return on equity over the period. In the future, the Company may award to Named Executive Officers PSUs which have a different index with a portion of the award tied more closely to the

performance of a specific business unit for which a Named Executive Officer is responsible. However, a portion would also remain tied to the Company achieving its fully diluted return on equity goals.

The Company has no policy to recover payments if the relevant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of a payment. The PSUs vest over a period of three years. To enhance retention, PSUs generally will be cancelled without value by the Company if the participant's continuous employment terminates prior to the end of the award period.

Settlement of a PSU may be made in cash or by issuance of common shares or a combination of both, at the discretion of the Compensation Committee. The Company expects generally to settle the PSUs in common shares. As of 29th March, 2007, the maximum number of common shares that may be issued under the PSU Plan is 5,600,000 common shares, subject to adjustment for share subdivisions, splits and similar events. Our long-term expectation is that PSU grants equal in number to approximately 1% of outstanding common shares will be made each year. Thus, an increase in the maximum number of common shares that may be issued under the PSU Plan will need to be authorized in due course.

We generally grant PSU awards annually, prior to the commencement of the performance period they track. In the case of new hires, we generally award PSUs that have a performance period commencing on the beginning of the year of hire. To reflect the increase in the number of common shares outstanding as a result of this offering, we expect to make additional PSU awards during 2007, aggregating approximately 1% of the number of common shares sold in the public offering of the Company's Shares, and relating to the performance period beginning January 1, 2007.

Warrant. In connection with the two closings of the private placement of our common shares in February 2006, we issued the Warrant to Haverford to purchase 8,585,747 common shares of the Company (which equaled 12.0% of the issued share capital of the Company through the completion of the private placement) at an exercise price of \$14.00 per share (subject to adjustment for share subdivisions, splits and similar events). The Warrant will be exercisable during the month of December 2010. Our Executive Chairman, Mark Byrne, and our Chief Executive Officer, David Brown, control and may be deemed to have an interest in Haverford.

The Warrant was granted in recognition of the efforts of Mr. Byrne and Mr. Brown in creating the Company, assembling the resources and taking financial risk by covering all of the start-up costs in advance of the Company being funded by additional investors. In accordance with U.S. GAAP we have recognized the Warrant as a compensation expense.

The fair value of the Warrant at the time of its initial issuance in December 2005 was \$12.2 million, and this amount is included as compensation expense for the period ended December 31, 2005. We amended the Warrant in connection with the additional closings of the private placement in February 2006 to increase the number of shares into which the Warrant is exercisable in proportion to the amount of additional capital raised in the private placement. The increase in the fair value of the Warrant as a result of this amendment was \$3.4 million, and this amount is included as a compensation expense for the year ended December 31, 2006. The Company does not expect to further amend the Warrant.

The Company does not currently intend to grant any options or additional awards to purchase common shares of the Company.

Competitive Market Review

We informally consider competitive market practices with respect to the salaries and total compensation of our Named Executive Officers. We review the market practices by speaking to recruitment agencies and reviewing annual reports on Form 10-K or similar information of other Bermuda reinsurance companies with market capitalizations greater than \$500.0 million and less than \$3.0 billion, in

particular Aspen Insurance Holdings Ltd., Endurance Specialty Holdings Ltd., Allied World Assurance Co. Holdings Ltd., Montpelier Re Holdings Ltd. and Platinum Underwriters Holding Ltd.

Common Share Ownership Requirements

The Company seeks to weight its compensation scheme to ownership of our common shares. The Company believes that broad-based stock ownership by its employees (including the Named Executive Officers) enhances its ability to deliver superior shareholder returns by increasing the alignment between the interests of our employees and our shareholders. The goal of the PSU program is to engage all of our Named Executive Officers as partners in the Company's success and help the Company realize the maximum gain from its strategy. The Company does not have a formal requirement for share ownership by any group of employees.

Change in Control and Severance

Upon termination of employment, the Named Executive Officers may receive payments under the Company's PSU Plan and severance payments under their employment agreements.

PSUs. The PSU Plan has a double trigger: PSUs held by any participant will settle in full if: (i) the Company undergoes a transaction that is deemed to be a change of control and (ii) the participant is terminated, constructively terminated or the PSU Plan is changed adversely. If the change of control is hostile, meaning that it is opposed by our Executive Chairman and our Chief Executive Officer, all PSUs held by a participant will become fully payable in shares or cash, or a mixture of both, at the discretion of the Compensation Committee immediately upon any termination of the employment of the participant by the Company. If the double trigger occurs, the Named Executive Officer may receive all or a portion of the maximum award under the PSU Plan.

We believe this double trigger requirement maximizes shareholder value because it prevents an unintended windfall to management in the event of a friendly (non-hostile) change in control. Under this structure, unvested PSUs would continue to incentivize the Named Executive Officers to remain with the Company after the friendly change in control.

If, by contrast, the PSU plan had only a single trigger, and a friendly change of control occurred, management's PSUs would all vest immediately creating a windfall, and the new owner would then likely find it necessary to replace the compensation with fresh unvested compensation, in order to retain management. This is why we believe a double-trigger is more shareholder-friendly, and thus more appropriate, than a single trigger.

Severance. The Named Executive Officers' employment agreements entitle each to compensation if the Named Executive Officer's employment is terminated without cause. Severance payments include a cash payment equal to one year's annual salary and a bonus calculated by averaging the sum of the most recent three bonuses paid to the Named Executive Officer. In the event a Named Executive Officer has been employed with the Company for less than three years and is terminated without cause, the bonus will be calculated by averaging the sum of such lesser number of bonuses paid to the Named Executive Officer.

David Brown's employment agreement provides that, in the event he is terminated without cause, Mr. Brown generally shall be entitled to a lump sum cash payment of the greater of: (i) one year's annual salary and a bonus calculated by averaging the sum of the most recent three (or such lesser number) bonuses paid to him, or (ii) the cash value mark to market per the Company's books and records for the most recently ended quarter, of the PSUs he lost due to termination, pro-rated for the portion of the performance period served under the PSUs. However, if he is terminated without cause following a change of control of the Company, Mr. Brown will be entitled to a cash payment equal to one year's annual salary

and a bonus calculated by averaging the sum of the most recent three (or such lesser number) bonuses paid to him.

Severance payments for each Named Executive Officer under his employment agreement are in addition to the Company's obligation to pay such Named Executive Officer's salary during the requisite notice period. The severance payments are in addition to each Named Executive Officer's rights to payment under the PSU Plan discussed above.

Each employment agreement includes a covenant by the officer not to solicit employees of the Company during a period following notice of termination, and, except for a termination of Mr. Brown without cause following a change of control of the Company, provides for these severance payments in a lump sum only after the officer shall have complied with that non-solicitation requirement (in the reasonable judgment of the Company). In the case of Mr. Byrne and Mr. Brown, that period is 730 days. In the case of Mr. Prestia, Mr. Swayne and Mr. O'Shaughnessy, that period is 545 days.

The level of severance payments was determined as follows: Prior to the commencement of our public offering process, all executive officer contracts were terminable by either party upon 90 days' notice, did not restrict the executive officer following the termination of his employment with the Company from soliciting employees of the Company, and provided for no severance payments other than payment of salary during the notice period. It was determined by the Compensation Committee, in conjunction with our advisors in the public offering process, that these provisions were generally less protective of the Company's interest than those provisions at comparable public firms. It was thus decided, in conjunction with the relevant executive officers, to amend the employment agreements in two ways beneficial to the Company (longer notice and the addition of non-solicitation provisions) and two ways beneficial to the employee (severance arrangements and use of Company aircraft at marginal cost). It was considered by the Compensation Committee that, given the lengthy notice period to which the executive officers are now committed, a decision to resign would effectively freeze such an executive officer's career for at least a year. Thus the payment of one year's pay, in the event the Company decided to terminate the executive officer without cause, was considered roughly proportionate.

Mr. Brown's severance provisions are slightly more generous than those of the other Named Executive Officers and reflect the high opportunity costs he would bear if the Company decided to change its Chief Executive Officer.

Role of Executive Officers in Executive Compensation

The Compensation Committee approves the final determination of compensation for Messrs. O'Shaughnessy, Prestia and Swayne acting on recommendation of our Executive Chairman, Mark Byrne with advice from our Chief Executive Officer, David Brown. The Compensation Committee determines the compensation of Mr. Brown acting with advice from Mr. Byrne. The Compensation Committee determines the compensation of Mr. Byrne with advice from Mr. Brown. Mr. Brown and Mr. Byrne play no role in determining their own bonuses. Our Executive Chairman does not receive PSUs but is responsible for recommending grants under the PSU Plan to the Compensation Committee.

Conclusion

The Company's compensation policies are designed to retain and motivate our senior executive officers and to ultimately reward them for outstanding performance.

(1) The amounts shown in this column are based on the dollar amount recognized for financial statement reporting purposes for the 2006 fiscal year in accordance with SFAS No. 123(R), Share-Based Payment.

(2) The amounts shown in this column are based on the dollar amount recognized for financial statement reporting purposes for the 2006 fiscal year in accordance with SFAS 123(R). The amounts shown in this column also represent the respective interests of Mr. Byrne and Mr. Brown in the fair value of the amendment to the Warrant during 2006, based upon their respective contributions to the capital of Haverford..

(3) Mr. O. Shaughnessy and Mr. Swayne each participates in the Company's defined contribution pension plan. Their accounts in the plan are invested solely in the securities of registered investment companies that are generally open to the public in Bermuda, and therefore do not receive any earnings that are above-market or preferential.

(4) The amounts shown in this column represent housing allowances and mortgage subsidies provided to the Named Executive Officers. During 2006, on flights of Company aircraft, the Company allowed employees and their family members to occupy seats that otherwise would have been vacant. This benefit had no incremental cost to the Company.

Grants of Plan-Based Awards

The Compensation Committee awarded PSUs for the 2006-2008 performance period to all of our Named Executive Officers, except our Executive Chairman. Our Executive Chairman does not participate because he contributed the significant majority of capital to Haverford and we therefore consider him to have sufficient indirect interest in the value of the Company's equity, and because this allows him to participate meaningfully in the allocation of PSU grants to others, without conflict of interest.

Under the non-discretionary formula set forth in the PSUs, upon vesting, the executive officers holding PSUs shall be entitled to receive a number of common shares of the Company (or the cash equivalent, or a combination of both at the election of the Compensation Committee) equal to the product

of the number of PSUs granted multiplied by a factor. The factor will range between zero and two, depending on the fully-diluted return on equity achieved during the vesting period. The PSUs vest over a period of approximately three years. If certain fully-diluted return on equity goals are not met, no compensation cost is recognized.

The number of common shares of the Company that the Named Executive Officers may earn at the end of the three year performance period from January 1, 2006 to December 31, 2008 is shown in the table below. PSUs generally may be cancelled by the Company if the participant's continuous employment terminates prior to the end of the performance period.

On November 16, 2006, the Board of Directors amended the PSU Plan so that in the event of a hostile takeover termination, the Compensation Committee would have the option to pay the maximum award due to the participant in either cash or by the issuance of common shares in the cash value of the common shares based on market value rather than net asset value as of the date of the hostile takeover termination. Under the PSU Plan, a hostile takeover termination would occur if an employee is terminated or there is an adverse change in the PSU Plan, following a change in control of the Company that was opposed by the Executive Chairman and the Chief Executive Officer.

The following Grants of Plan-Based Awards Table summarizes the awards made to the Named Executive Officers under any plan in 2006.

Grants of Plan-Based Awards

(1) Actions on December 22, 2005 were taken by the full board.

(2) There is no minimum, or threshold, number of common shares of the Company payable under a PSU Plan award. Target means the number of common shares issuable if the performance objectives of the award were met in full (factor of one), and maximum means maximum number of shares issuable under the award (factor of two).

(3) The amounts shown in this column are based on the fair value at time of grant of the PSUs. The ultimate value of the PSUs is highly dependent on the Company's fully diluted return on equity. A portion of the PSUs were granted on December 20, 2005. In particular, the following amounts of PSUs were granted in 2005: (i) David Brown-170,000 (\$1,700,000); (ii) James O Shaughnessy-0; (iii) Gary Prestia-50,000 (\$500,000) and (iv) Guy Swayne-80,000 (\$800,000).

Employment Agreements

The following paragraphs summarize the employment-related agreements for our Named Executive Officers. The employment agreements for Messrs. O Shaughnessy, Prestia and Swayne provide that either party may terminate upon 180 days' advanced written notice to the other party and do not otherwise specify a termination date. The employment agreements for Messrs. Byrne and Brown provide that either party may terminate the agreement upon 365 days' advanced written notice to the other party and do not otherwise specify a termination date. The employment agreement for each Named Executive Officer provide for a discretionary annual bonus to be paid to each Named Executive Officer. The employment agreements for Messrs. O Shaughnessy, Prestia and Swayne specify that the annual bonus shall not exceed 75% of such Named Executive Officer's annual salary. The employment agreements for Messrs. Byrne and Brown do not limit the amount of each Named Executive Officer's annual bonus.

The employment agreements for each of the Named Executive Officers specify that each Named Executive Officer shall have the right to personal use of the Company aircraft, provided that each Named Executive Officer shall reimburse the marginal cost to the Company for this personal use. This amount does not include fixed costs which do not change based on usage, such as pilot salaries, the lease costs of the Company aircraft, and the cost of maintenance not related to trips.

Mark Byrne. We have entered into an employment agreement with Mr. Byrne, dated October 18, 2006, under which he has agreed to continue to serve as our Executive Chairman. The agreement provides that Mr. Byrne shall be paid an annual salary of \$500,000 for the year ending December 31, 2006 and \$600,000 for the year ending December 31, 2007. The agreement further provides that Mr. Byrne shall receive a housing allowance through a mortgage subsidy, which will lower the effective cost of financing on his Bermuda residence to 3%. The maximum financing to which this applies is an amount equal to five times Mr. Byrne's annual salary as amended from time to time.

David Brown. We have entered into an employment agreement with Mr. Brown, dated October 15, 2006, under which he has agreed to continue to serve as our Chief Executive Officer. The agreement provides that Mr. Brown shall be paid an annual salary of \$500,000 for the year ending December 31, 2006 and \$600,000 for the year ending December 31, 2007. The agreement further provides that Mr. Brown shall receive a housing allowance through a mortgage subsidy, which will lower the effective cost of financing on his Bermuda residence to 3%. The maximum financing to which this applies is an amount equal to five times Mr. Brown's annual salary as amended from time to time.

James O Shaughnessy. We have entered into an employment agreement with Mr. O Shaughnessy, dated October 18, 2006 under which he has agreed to continue to serve as our Chief Financial Officer. The agreement provides that Mr. O Shaughnessy shall be paid a salary at an annual rate of \$300,000 for the year ending December 31, 2006 and \$315,000 for the year ending December 31, 2007. The agreement further provides that Mr. O Shaughnessy shall receive a housing allowance through a mortgage subsidy, which will lower the effective cost of financing on his Bermuda residence to 3%. The maximum financing to which this applies is an amount equal to five times Mr. O Shaughnessy's annual salary as amended from time to time.

Gary Prestia. Flagstone entered into an employment agreement with Mr. Prestia, dated October 18, 2006, under which he has agreed to continue to serve as Flagstone's Chief Underwriting Officer - North America. The agreement provides that Mr. Prestia shall be paid an annual salary of \$425,000 for the year ending December 31, 2006 and \$460,000 for the year ending December 31, 2007. The agreement further provides that Mr. Prestia shall receive a housing allowance of up to \$10,000 per month.

Guy Swayne. Flagstone entered into an employment agreement with Mr. Swayne, dated October 18, 2006, under which he has agreed to continue to serve as Flagstone's Chief Underwriting Officer - International. The agreement provides that Mr. Swayne shall be paid an annual salary of \$375,000 for the

year ending December 31, 2006 and \$430,000 for the year ending December 31, 2007. The agreement further provides that Mr. Swayne shall receive a housing allowance through a mortgage subsidy, which will lower the effective cost of financing on his Bermuda residence to 3%. The maximum financing to which this applies is \$1.5 million.

Compensation Mix

We use short-term compensation (base salaries and annual cash bonuses) and long-term compensation (PSUs) to achieve our goal of driving long-term growth in book value per share. The long-term compensation element, the PSUs, are designed to emphasize the performance measures executive officers need to address in order to deliver shareholder value.

The number of PSUs awarded to each of the Named Executive Officers as at December 31, 2006 was as follows: (i) Mr. Byrne (none); (ii) Mr. Brown (240,000); (iii) Mr. O Shaughnessy (40,000); (iv) Mr. Swayne (105,000) and (v) Mr. Prestia (70,000).

The amount of annual base salary for each of the Named Executive Officers in 2006 was as follows: (i) Mr. Byrne (\$454,167, being an annual salary of \$500,000 from the date he became fully engaged as an executive officer of the Company); (ii) Mr. Brown (\$500,000); (iii) Mr. O Shaughnessy (\$195,769, being an annual salary of \$300,000 from the date he joined the Company); (iv) Mr. Swayne (\$375,000) and (v) Mr. Prestia (\$425,000).

Base salary typically will constitute a minority portion of the total compensation of our Named Executive Officers. We set salary to provide adequate cash compensation to support a reasonable standard of living, so that our Named Executive Officers are prepared to have at risk the portion of their compensation received in PSUs. We anticipate that if the Company meets its fully diluted return on equity goals the Named Executive Officers will receive significantly more long-term value (in some cases a multiple) from their PSUs than from their annual cash bonuses, the other form of incentive compensation.

We maintain a defined contribution pension plan in accordance with the National Pension Scheme (Occupational Pensions Act) 1998 as amended (the Pensions Act) for the benefit of employees that are Bermudians or spouses of Bermudians.

For the Named Executive Officers, no PSUs vested during 2006. The Company does not maintain any defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is comprised of four outside directors, Messrs. Gross, James, Knap and Thorn, and Mr. James serves as Chairman. No member has ever been an officer or employee of the Company or of any of its subsidiaries. As discussed in Certain Relationships and Related Transactions, Mr. James is a principal of the Merchant Banking Group and a managing director of Lehman Brothers Inc., which is acted as an underwriter in the offering of the Company's shares. In addition, Lehman Brothers Inc. provided additional investment banking services to the Company in connection with our initial private placement, for which it received fees of \$2.0 million.

Non-Qualified Deferred Compensation

The following table summarizes the non-qualified deferred compensation earned by our Named Executive Officers in 2006. All amounts relate to our defined contribution pension plan.

The amounts specified in the chart above represent the contributions and balances of Mr. O. Shaughnessy and Mr. Swayne in the Company's defined contribution pension plan.

Every employer in Bermuda who employs a Bermudian or a husband or wife of a Bermudian is required to provide a pension plan for such Bermudian or such husband or wife of a Bermudian employed by the employer in accordance with the Pensions Act. The only Named Executive Officers who participate in the Company's defined contribution scheme are Mr. O. Shaughnessy and Mr. Swayne.

Edgar Filing: Flagstone Reinsurance Holdings Ltd - Form DEF 14A

Under the Company's defined contribution pension plan, participating executive officers are required to defer at least 5% of their annual base salary. The Company matches their contributions to the plan up to 5% of the annual base salary and has no further obligations with respect to the plan. The plan is administered by a financial institution that is not affiliated with the Company, and the plan administrator holds the assets of the plan separate and apart from the assets of the Company. The deferral account

balances increase or decrease in value based on the performance of the selected investments, which include general managed accounts mutual funds, or cash. The participating executive officers can change their investment portfolio in their defined contribution pension account at any time, subject to Bermuda's investment rules which restrict particular types of investments and completely prohibit others. Currently, the accounts of Mr. O'Shaughnessy and Mr. Swayne in the plan are invested solely in the securities of registered investment companies that are generally open to the public in Bermuda, and therefore do not receive any earnings that are above-market or preferential. Each executive officer's earnings are calculated by multiplying the number of units owned by the executive in each investment in his account by the closing price of the net asset value of the executive officer's investment. The executive officers' earnings are reflected in their annual statements which are provided by the administrator of the Company's defined contribution pension scheme.

When the participating executive officers reach normal retirement age, they are eligible to begin receiving a monthly pension. The defined contribution pension scheme also provides a benefit for a participating executive officer's beneficiaries if the participant dies before commencement of the pension and provides a survivor benefit if the participating executive officer dies after commencement of the pension. A member of the pension plan who terminates employment may have his or her pension fund assets transferred to a pension fund of the new employer.

Potential Payments Upon Termination or Change-in-Control

The following summaries set forth potential payments payable to our Named Executive Officers upon termination of their employment or a change in control of the Company under their current employment agreements and our PSU Plan.

Employment Agreements

The employment agreement of each Named Executive Officer entitles him to a severance payment if the Company terminates his employment without cause.

As used in these employment agreements, "cause" means:

- a material breach by the Employee of any contract between the employee and the Company;
- the willful and continued failure or refusal by the employee to perform any duties reasonably required by the Company, after notification by the Company of such failure or refusal, and failing to correct such behavior within 20 days of such notification;
- commission by the employee of a criminal offence or other offence of moral turpitude;
- perpetration by the employee of a dishonest act or common law fraud against the Company or a client thereof; or
- the employee willfully engaging in misconduct which is materially injurious to the Company, including without limitation, the disclosure of any trade secrets, financial models, or computer software to persons outside the Company without the consent of the Company.

The employment agreements of Messrs. Byrne, Prestia, Swayne and O'Shaughnessy provide for cash payment equal to one year's annual salary and a bonus calculated by averaging the sum of the most recent three bonuses paid to the Named Executive Officer. In the event a Named Executive Officer has been employed with the Company for less than three years and is terminated without cause, the bonus will be calculated by averaging the sum of such lesser number of bonuses paid to the Named Executive Officer. The amounts the Company would pay under this provision for a termination as of December 31, 2006 would be \$1,050,000 for Mr. Byrne, \$786,250 for Mr. Prestia, \$679,688 for Mr. Swayne and \$457,461 for Mr. O'Shaughnessy.

David Brown's employment agreement provides that, in the event Mr. Brown is terminated without cause, Mr. Brown generally shall be entitled to a lump sum cash payment of the greater of: (i) one year's annual salary and a bonus calculated by averaging the sum of the most recent three (or such lesser number) bonuses paid to him, or (ii) the cash value mark to market per the Company's books and records for the most recently ended quarter, of the PSUs he lost due to termination, pro-rated for the portion of the performance period served under the PSUs. Under this provision, for a termination as of December 31, 2006, the Company would be obligated to pay \$1,080,000 to Mr. Brown, based upon one-third performance of the 240,000 PSUs held by him and the price per common share in this offering.

If the Company terminates Mr. Brown's employment without cause following a change of control of the Company, the Company will be obligated immediately to pay Mr. Brown a lump sum cash payment equal to one year's annual salary and a bonus calculated by averaging the sum of the most recent three (or such lesser number) bonuses paid to him. Under this provision, for a termination as of December 31, 2006, the Company would be obligated to pay \$1,050,000 to Mr. Brown.

The level of severance payments was determined as follows: Prior to the commencement of our public offering process, all executive officer contracts were terminable by either party upon 90 days' notice, did not restrict the executive officer following the termination of his employment with the Company from soliciting employees of the Company, and provided for no severance payments other than payment of salary during the notice period. It was determined by the Compensation Committee, in conjunction with our advisors in the public offering process, that these provisions were generally less protective of the Company's interest than those provisions at comparable public firms. It was thus decided, in conjunction with the relevant executive officers, to amend the employment agreements in two ways beneficial to the Company (longer notice and the addition of non-solicitation provisions) and two ways beneficial to the employee (severance arrangements and use of Company aircraft at marginal cost). It was considered by the Compensation Committee that, given the lengthy notice period to which the executive officers are now committed, a decision to resign would effectively freeze such an executive officer's career for at least a year. Thus the payment of one year's pay, in the event the Company decided to terminate the executive officer without cause, was considered roughly proportionate.

Mr. Brown's severance provisions are slightly more generous than those of the other Named Executive Officers and reflect the high opportunity costs he would bear if the Company decided to change its Chief Executive Officer.

Severance payments for each Named Executive Officer under his employment agreement are in addition to the Company's obligation to pay such Named Executive Officer's salary during the requisite notice period, and are in addition to the Company's obligations under the PSU Plan.

Each employment agreement includes a covenant by the officer not to solicit employees of the Company during a period following notice of termination, and, except for a termination of Mr. Brown without cause following a change of control of the Company, provides for these severance payments in a lump sum only after the officer shall have complied with that non-solicitation requirement (in the reasonable judgment of the Company). In the case of Mr. Byrne and Mr. Brown, that period is 730 days. In the case of Mr. Prestia, Mr. Swayne and Mr. O'Shaughnessy, that period is 545 days.

PSU Plan

Edgar Filing: Flagstone Reinsurance Holdings Ltd - Form DEF 14A

Within 24 months following a change of control, and prior to the end of the performance period, the PSU Plan provides for payment in the event of a termination without cause, constructive termination or adverse change in the plan. As used in the PSU Plan:

- A change of control means any person or group, other than the initial subscribers of the Company, becomes the beneficial owner of 50% or more of the Company's then outstanding shares,

or the business of the Company for which the participant's services are principally performed is disposed of by the Company pursuant to a sale or other disposition of all or substantially all of the business or business related assets of the Company (including shares of a Subsidiary of the Company).

- Cause has the meaning set forth above in Employment Agreements.
- A participant who terminates employment at his own initiative may, by prior written notice to the Company, declare the termination to be a constructive termination if it follows (a) a material decrease in his salary or (b) a material diminution in the authority, duties or responsibilities of his position with the result that the participant makes a determination in good faith that he cannot continue to carry out his job in substantially the same manner as it was intended to be carried out immediately before such diminution. The Company has 30 days to cure the circumstances that would constitute a constructive termination.
- An adverse change in the plan principally includes a termination of the plan, an amendment that materially diminishes the value of PSU grants, or a material diminution of the rights of the holder of the PSU.

In these circumstances, if the Compensation Committee shall have determined, prior to the change in control and based on the most recent performance status reports, that the performance objectives for the particular grant were being met at the date of the determination, the participant shall receive the maximum award for those PSUs, which is a number of common shares equal to two times the number of his PSUs. If the Compensation Committee shall have determined that the performance objectives were not being met, the participant shall receive a portion of the maximum award to be determined by the Compensation Committee at its discretion, but not less than the pro-rated portion of the maximum award based on the number of full months which have elapsed since the date of the PSU grant plus half of the difference between that amount and the maximum award. For all PSU awards to date, the sole performance objective has been stated as a target fully diluted return on equity of the Company.

If the change of control is hostile, meaning that it was opposed by our Executive Chairman and our Chief Executive Officer, immediately upon any termination of the employment of the participant by the Company, each participant shall be entitled to receive common shares equal to two times the number of his unvested PSUs or, in the discretion of the Company, the cash value of those shares based on the market price per share at the date of termination.

The number of common shares issuable under these provisions for a termination event as of December 31, 2006 would be 480,000 shares to Mr. Brown, 140,000 shares to Mr. Prestia, 210,000 shares to Mr. Swayne and 80,000 shares to Mr. O'Shaughnessy. Based on the price per common share in this offering, the value of those shares would be \$6,480,000, \$1,890,000, \$2,835,000 and \$1,080,000, respectively.

Each of these provisions of the PSU Plan provides for payment only upon a change of control and another triggering event, such as a termination without cause. We believe this double trigger requirement maximizes shareholder value because this structure would prevent an unintended windfall to management in the event of a friendly (non-hostile) change in control, which could be a transaction maximizing shareholder value. Under this structure, shareholders would have the ability to sell their common shares since the unvested PSUs would continue to incentivize the Named Executive Officers to remain with the Company after the friendly change in control.

If, by contrast, the PSU plan had only a single trigger, and a friendly change of control occurred, management's PSUs would all vest immediately creating a windfall, and the new owner would then likely find it necessary to replace the compensation with fresh unvested compensation, in order to retain management. This is why we believe a double trigger is more shareholder-friendly, and thus more appropriate, than a single trigger.

The PSU Plan also provides for payment in specified circumstances if the participant shall retire under an approved retirement program of the Company. The Company currently has no retirement program.

Director Compensation

The following table summarizes the fees or other compensation that our directors earned for services as members of the Board of Directors or any committee of the Board of Directors during 2006.

Wray T. Thorn	38,167	51,833	90,000

(1) The amounts shown in this column are based on the dollar amount recognized for financial statement reporting purposes for the 2006 fiscal year in accordance with SFAS 123(R). The amounts shown in this column also represent the fair value at time of grant of the Restricted Share Units (RSUs) granted to each director during 2006. The aggregate number of RSUs issued to each director during 2006 (all of which remained outstanding as at December 31, 2006) was as follows: Mr. Black 5,174 RSUs; Mr. Brumm 4,901 RSUs; Mr. Coley 5,302 RSUs; Mr. Dickson 4,772 RSUs; Mr. Gross 1,446 RSUs; Mr. James 5,833 RSUs; Dr. Knap 4,338 RSUs; Mr. Roston 5,415 RSUs; Mr. Spiering 11,649 RSUs; and Mr. Thorn 4,997 RSUs.

Directors who are also employees are not paid any fees or other compensation for services as members of the Board of Directors or of any committee of the Board of Directors. Directors who are not employees of the Company are paid an annual fee of \$65,000*. The Company pays \$15,000 of the annual fee in RSUs under the Company's RSU Plan. For this purpose, prior to this offering each RSU has been valued at the book value per common share as at the most recent quarter-end balance sheet of the Company available at the time of grant, and after this offering each RSU will be valued at the market price of the common shares as at the date of payment. Directors receive the remaining portion of the annual fee in cash, or may, at their election, receive RSUs instead of cash for any amount of their annual fee. Some of our directors represent institutions that require them to assign over to the institution any compensation that they receive for serving as directors. The table above includes these amounts.

Each director receives cash in the amount of \$1,000 for each Board of Director or committee meeting attended in person, and \$500 for each meeting attended by telephone. Each director receives cash in the amount of \$3,000 per year for each committee the director serves upon. In addition, committee chairs (other than the Audit Committee Chair) receive an annual fee of \$2,000 for each committee chaired. The Audit Committee Chair receives an annual fee of \$100,000. This fee is greater than that received by the other committee chairs due to the substantially greater time and responsibility demands made upon the Audit Committee Chair.

* With effect from 1st January, 2007 the annual fee was increased to \$75,000.

CORPORATE GOVERNANCE

Our Bye-laws provide for a Board of Directors of no less than ten and no more than twelve directors. The Board of Directors met a total of nine (9) times in fiscal 2006. Our Board of Directors is divided into three classes: four Class A directors whose initial term will expire at the 2009 Annual General Meeting of our shareholders, four Class B directors whose initial term will expire at the 2008 Annual General Meeting of our shareholders and four Class C directors whose initial term will expire at the 2007 Annual General Meeting of our shareholders. Thereafter, directors will hold office until the next Annual General Meeting at which the term of that class of directors expires or until their successors are duly elected or appointed or their office is otherwise vacated.

Our Board of Directors has established corporate governance measures substantially in compliance with the requirements of the New York Stock Exchange. These include a set of Corporate Governance Guidelines, Independence Guidelines, charters for each of the Audit Committee, Compensation Committee and Governance Committee and a Code of Business Conduct for directors, officers and employees. Our Board of Directors has also adopted a Code of Business Practices for the Company's principal executive, financial and accounting officers. These documents have been published on the Company's website, www.flagstonere.bm and will be provided upon written request to the Company's Corporate Secretary at its registered office address, Crawford House, 23 Church Street, Hamilton HM 11, Bermuda.

Our Board of Directors has reviewed the materiality of any relationship that each of the twelve directors of the Company has with the Company either directly or indirectly through another organization. The criteria applied included the director independence requirements set forth in the Company's Independence Guidelines, the independence requirements of the New York Stock Exchange and, with respect to the Company's Audit Committee, the SEC's audit committee independence rules. In conducting this review of the directors' independence, the Board of Directors considered any managerial, familial, professional, commercial or affiliated relationship between a director and the Company or another director. In particular, the Board of Directors considered the following arrangements of certain directors before determining that each is independent under the New York Stock Exchange independence requirements and the Company's Independence Guidelines:

- Haverford (Bermuda) Ltd. has an investment in Haverford Capital Partners (Cayman) Limited. Haverford Capital Partners (Cayman) Limited pays a performance-based fee to its investment manager. Mr. Dickson controls the investment manager of Haverford Capital Partners (Cayman) Limited.
- The Company has made charitable contributions to Bermuda Institute for Ocean Sciences (formerly, Bermuda Biological Station for Research, Inc.), a tax-exempt organization of which Dr. Knap serves as managing director.
- The Company has engaged Ernst & Young Bermuda as a consultant. Until 2002, Mr. Spiering served as the Chairman and Managing Partner of Ernst & Young Bermuda.

The Board of Directors also reviewed the relationships and arrangements of Mr. James and Mr. Dickson, respectively, with the Company. Based on this review, the Board of Directors has determined that Messrs. Brumm, Coley, Dickson, Gross, James, Knap, Roston, Spiering and Thorn are independent directors. Therefore, the Board of Directors has concluded that the Audit Committee, Compensation Committee and Governance Committee are made up of only independent directors, and the Board of Directors consists of a majority of independent directors.

Audit Committee

The Audit Committee has general responsibility for the oversight and surveillance of our accounting, reporting and financial control practices. Among its functions, the Audit Committee:

- reviews and discusses the audited financial statements with management, reviews the audit plans and findings of the independent auditors, reviews the audit plans and findings of our internal audit and risk review staff, reviews the results of regulatory examinations and tracks management’s corrective actions plans where necessary;
- reviews our accounting policies and controls, compliance programs, and significant tax and legal matters;
- is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditors;
- reviews our risk assessment and management processes; and
- performs other tasks in accordance with the terms of its charter.

Mr. Spiering, who is an independent director, is the Chairman of the Audit Committee, and the Board of Directors has designated him as the Audit Committee financial expert as defined by SEC rules.

AUDIT COMMITTEE REPORT

The Audit Committee met a total of eleven (11) times in fiscal 2006 and discussed amongst other things the Company’s quarterly results and various stages of the Company’s initial public offering. The Audit Committee also discussed with Deloitte & Touche the overall scope and plans for their audit and the results of such audits. At the end of each meeting the auditors were given the opportunity to meet with the Audit Committee members without the presence of management. The Audit Committee conducted an annual self-assessment in November, 2006 in accordance with the terms of its charter.

Compensation Committee

The Compensation Committee oversees our compensation and benefit plans, including administration of annual bonus awards and long term incentive plans and reports their findings and opinions to the Board of Directors.

COMPENSATION COMMITTEE REPORT

At a meeting of the Compensation Committee held on 6th December, 2006, the Compensation Committee reviewed, discussed and approved for recommendation the Compensation Discussion and Analysis (CD&A) (then in draft form and subject to further refinement) for inclusion in the Company's documents to be filed with the Securities Exchange Commission. The final version of the CD&A is reproduced in this Proxy Statement.

In November, 2006, the Compensation Committee conducted an annual self-assessment in accordance with the terms of its charter.

Governance Committee

The Governance Committee has responsibility for identifying individuals qualified to become members of the Board of Directors consistent with the criteria approved by the Board of Directors, recommending director nominees to the Board of Directors, recommending Corporate Governance Guidelines to the Board of Directors and overseeing an evaluation of the Board of Directors and management.

The Board of Directors has accorded to the Governance Committee the responsibility to consider the effectiveness and composition of the Board of Directors, and to nominate candidates for election by our shareholders, and to fill vacancies on the Board of Directors that emerge from time to time. The Governance Committee will consider potential nominees to the Board of Directors recommended for election by shareholders. Any such recommendation must be sent to the Corporate Secretary of the Company not less than 60 days prior to the scheduled date of the annual meeting and must set forth for each nominee: (i) the name, age, business address and residence address of the nominee; (ii) the principal occupation or employment of the nominee; (iii) the class or series and number of shares of capital stock of the Company which are owned beneficially or of record by the nominee; and (iv) any other information relating to the nominee that would be required to be disclosed in a proxy statement or other filing required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder. The written notice must also include the following information with regard to the shareholders giving the notice: (1) the name and record address of such shareholders; (2) the number of common shares of the Company which are owned beneficially or of record by such shareholders; (3) a description of all arrangements or understandings between such shareholders and each proposed nominee and any other person (including his or her name and address) pursuant to which the nomination(s) are to be made by such shareholders; (4) a representation that such shareholder intends to appear in person or by proxy at the meeting to nominate the persons named in its notice; and (5) any other information relating to such shareholder that would be required to be disclosed in a proxy statement or other required filing. Such notice must be accompanied by a written consent of each proposed nominee to be named as a nominee and to serve as a director if elected. The Governance Committee may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

Assuming that the shareholder suggesting a nomination follows the procedure outlined above, the Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by members of the Board of Directors or by other persons. In considering whether to recommend any candidate for inclusion in the Board of Directors' slate of recommended director nominees, including candidates recommended by shareholders, the Governance Committee would expect to apply the same criteria which it applies to its own nominations. These criteria typically include the candidate's integrity, business acumen, leadership qualities, experience in the reinsurance, insurance and risk-bearing industries and other industries in which the Company may participate, independence, judgment, mindset, vision, record of accomplishment, ability to work with others and potential conflicts of interest. The Governance Committee does not assign specific

weight to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Our Board of Directors believes that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities.

Underwriting Committee

The Underwriting Committee oversees the Company's underwriting policies and approves any exceptions thereto.

Investment Committee

The Investment Committee formulates the Company's investment policy and oversees all of the Company's significant investing activities. Following the AGM it is expected that the Board will elect a Finance Committee, to replace and assume all functions of the Investment Committee, but also matters relating to liabilities, hedging practices, and other aspects of the firm's financial affairs beyond asset management.

Significant Board Practices

Executive Session

At every physical meeting of the Board of Directors there is an executive session where the Chairman, Mr. Mark Byrne and Mr. David Brown, the CEO are excused. In 2006 there were four such sessions. The non-management members of the Board of Directors are at liberty to raise such issues as they deem necessary. The executive session is chaired by Mr. Stephen Coley.

Advance Materials

Information and related materials necessary to provide the directors with an understanding of the topics to be discussed at the Board of Director and committee meetings are, where practicable, circulated in advance of each meeting. The directors are given sufficient time to allow careful review the Board of Director materials.

Board Independence and Expertise

As at 27th April, 2007, all directors except Mark Byrne and David Brown are considered to be independent. The Governance Committee, in making its determination as to the independence of a director, considers the New York Stock Exchange listing standards for independence and is further guided by the Company's Independence Guidelines, which were approved by the Board of Directors in March, 2006. Copies of the Independence Guidelines are available from the Company's website www.flagstonere.bm.

Section 16(a) Beneficial Ownership Reporting Compliance

Under the Securities and Exchange Act of 1934, our directors and executive officers, and any persons holding more than 10% of the outstanding Common Shares, are required to report their initial ownership of Common Shares and any subsequent changes in that ownership to the Securities Exchange Commission. Specific filing dates for these reports have been established by the Commission, and we are required to disclose in this Proxy Statement any failure by such persons to file these reports in a timely manner during the 2006 fiscal year. Based upon our review of copies of such reports furnished to us, we believe that during the 2006 fiscal year our executive officers and directors and the holders of more than 10% of the outstanding Common Shares complied with all reporting requirements of Section 16(a) under the Securities and Exchange Act of 1934.

PROPOSAL 1 ELECTION OF THE BOARD OF DIRECTORS

Our Bye-laws provide for a classified Board, divided into three (3) classes of equal size. Each director will serve a three-year term. At the Annual General Meeting, our Shareholders will elect the Class C directors, who will serve until 2010 Annual General Meeting. Our incumbent Class A and Class B directors will serve until the 2009 and 2008 Annual General Meeting, respectively.

The Board of Directors will nominate Messrs, Brown, Coley and Knap for re-election at the Annual General Meeting. Mr. Nicholas Brumm has indicated that he will not offer himself for re-election to the Board of Directors. The Company extends its thanks to Mr. Brumm for his service to the Board over the past eighteen months.

If the Board identifies a fourth suitable Class C Director candidate, there will be a fourth nominee to be elected at the meeting. Details of this nominee will be presented at the meeting. If, however, no additional nominee is identified prior to the Annual General Meeting the Board will, in accordance with the Bye-Laws, request that the Shareholders authorise the Board to fill any vacancy in their number left unfilled.

If any nominee shall, prior to the Annual General Meeting, become unavailable for election as a director, the persons named in the persons named in the accompanying proxy card will vote for such other Nominee, if any, in their discretion as may be recommended to the Board of Directors.

NOMINEES

David A. Brown
Stephen Coley
Dr. Anthony Knap

The respective ages, business experience, directorships and committee memberships for the nominees are set out in Our Directors above. All of the nominees currently serve as directors.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF THE THREE DIRECTORS NAMED ABOVE

PROPOSAL 2 THE AUDITORS PROPOSAL

Upon recommendation of the Audit Committee, the Board of Directors propose that the Shareholders reappoint Messrs. Deloitte & Touche to serve as our independent auditors for the 2007 fiscal year until the 2008 Annual General Meeting. Deloitte & Touche have served as our independent auditors since inception in November, 2005. A representative from Deloitte & Touche will attend the Annual General Meeting and will be available to respond to any questions and make a statement if he or she so desires. Shareholders at the Annual General Meeting will also be asked to vote to defer the determination of the auditors' remuneration to the Board of Directors.

Fees billed to us by Deloitte & Touche during the 2006 and 2005 fiscal years:

Audit Fees

Audit Fees billed to us by Deloitte & Touche during our 2006 and 2005 fiscal years for (a) the audit of our annual financial statements, (b) review of our quarterly financial statements, (c) statutory audits and (d) assistance with and review of documents filed with the SEC (including comfort letters and consents) totalled \$728,228 and \$37,658, respectively.

Audit-Related Fees

Audit-Related Fees billed to us by Deloitte & Touche totalled \$52,219 and \$58,715, respectively, during our 2006 and 2005 fiscal years, principally derived from costs incurred by Deloitte & Touche in cooperating with our business practice review and related matters.

Tax Fees

Fees billed to us by Deloitte & Touche during our 2006 and 2005 fiscal years for all tax-related services rendered to us totalled \$117,593 and zero, respectively.

All Other Fees

Deloitte & Touche performed other services during our 2006 or 2005 fiscal years totalling \$1,219,960 and \$66,410, respectively. The Audit Committee has considered whether any information technology and non-audit consulting services provided by Deloitte & Touche could impair the independence of Deloitte & Touche. No such services have been provided by Deloitte & Touche during 2006 and 2005 and thus the Audit Committee concluded that such services did not impair the auditors' independence.

The Audit Committee must pre-approve all audit services and permitted non-audit services performed for the Company by our auditors, subject to the de minimis exceptions for non-audit services described in Section 10A(i)(1)(B) of the Securities and Exchange Act of 1934 which are approved by the Audit Committee prior to the completion of the audit. All engagements of Deloitte & Touche to provide audit, audit-related and tax services to the Company during 2006 were pre-approved by the Audit Committee.

As noted above, the Audit Committee is responsible for managing our relationship with our independent auditors. The Audit Committee has the sole authority to hire and employ our auditors. The Audit Committee regularly reviews the auditors' work plan, bills and work product. Accordingly, it is our policy that all proposed engagements by our current audit firm must be approved in advance by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE REAPPOINTMENT OF DELOITTE & TOUCHE AS OUR INDEPENDENT AUDITORS FOR THE 2007 FISCAL YEAR UNTIL THE 2008 ANNUAL GENERAL MEETING.

PROPOSAL 3 BYE-LAW AMENDMENT

The Bye-Laws currently mandate that the Company appoint and maintain 5 standing Committees, namely, Audit, Governance, Compensation (which are required by NYSE regulations), Underwriting and Investment (which are not required by such regulations). The Company now desires to reconstitute the Investment Committee into a Finance Committee, but the Bye-Laws preclude the Company from changing the Investment Committee to a Finance Committee. In order to accomplish this objective Bye-Law 47.2 must be relaxed to permit to the Company to constitute, appoint and maintain such other committees as it deems to be in the best interests of the Company.

The Investment Committee was established to oversee, direct and review the management of the Company's investment portfolio. The new finance committee is being established to assume that purpose and have the additional responsibility to recommend to the Board financial policies for the Company, including but not limited to asset-liability structure, guarantee capacity, collateral usage and leverage, and to make recommendations on capital planning and allocation, long-term debt issuances, equity issuances and share and debt redemptions or buy-backs.

47.2 The Board shall constitute, appoint and maintain:

~~(a) an Underwriting Committee;~~

(b)(a) an Audit Committee;

(c)(b) a Compensation Committee; and

~~(d) an Investment Committee; and~~

(e)(c) a Governance Committee.

(d) such other committee(s) as may be required from time to time by the U.S. Securities and Exchange Commission, New York Stock Exchange or any applicable law or regulation.

47.3 The Board may in its absolute discretion constitute, appoint and maintain such other committees as it deems to be in the best interests of the Company, or as recommended by the Governance Committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL TO APPROVE AN AMENDMENT TO THE BYE-LAWS OF THE COMPANY.
