

KKR & Co. L.P.
Form 425
July 28, 2008

Filed by KKR & Co. L.P.

Pursuant to Rule 425 under the

Securities Act of 1933, as amended

Subject Company: KKR Private Equity Investors, L.P.

Registration No.: 333-144335

This filing contains certain forward-looking statements. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. The forward-looking statements are based on KPE's and KKR's beliefs, assumptions and expectations of their future performance, taking into account all information currently available to them. These beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to KPE and KKR or are within their control. If a change occurs, KPE's and KKR's business, financial condition, liquidity and results of operations may vary materially from those expressed in the forward-looking statements. The following factors, among others, could cause actual results to vary from the forward-looking statements: general volatility of the capital markets; changes in KPE's and KKR's business strategy; availability, terms and deployment of capital; availability of qualified personnel and expense of recruiting and retaining such personnel; changes in the asset management industry, interest rates or the general economy; underperformance of KKR's investments and decreased ability to raise funds; increased rates of default and/or decreased recovery rates on KPE's investments; and the degree and nature of KPE's and KKR's competition. Neither KPE nor KKR undertakes any obligation to update any forward-looking statements to reflect circumstances or events that occur after the date on which such statements were made except as required by law. In addition, KKR's and KPE's business strategy is focused on the long-term and financial results are subject to significant volatility. Historically year-to-year results have varied dramatically and have not been subject to reliable forecasting. Additional factors that could cause performance, returns or results to differ materially from the forward-looking statements can be found in KKR's Registration Statement on Form S-1 (file no. 333-144335) filed with the Securities and Exchange Commission.

This filing is being made in respect of the proposed transaction involving KKR and KPE. In connection with the proposed transaction, KKR will file with the SEC an amendment to its existing Registration Statement on Form S-1 (file no. 333-144335) and will be filing other documents regarding the proposed transaction with the SEC. **INVESTORS AND SECURITY HOLDERS OF KPE ARE URGED TO READ THE REGISTRATION STATEMENT AND OTHER DOCUMENTS FILED WITH THE SEC CAREFULLY IN THEIR ENTIRETY WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT THE PROPOSED TRANSACTION.** The final prospectus contained in the registration statement will be mailed or otherwise disseminated to the holders of KPE's common units. Holders of KPE's common units will be able to obtain free copies of the final prospectus (when available) and other documents filed with the SEC by KKR through the web site maintained by the SEC at www.sec.gov. Free copies of the final prospectus (when available) and other documents filed with the SEC can also be obtained by directing a request to KKR, 9 W. 57th Street, Suite 4200, New York, New York 10019

Attention: Investor Relations.

KKR Private Equity Investors and KKR & Co.

Agree to Business Combination

Investment Community Briefing Set for Monday, July 28 at 8 A.M. EDT via Webcast on KKR and KPE's web sites

Guernsey, Channel Islands, July 27, 2008 KKR Private Equity Investors, L.P. (Euronext Amsterdam: KPE) and KKR & Co. L.P. (collectively with its consolidated affiliates, KKR) announced today that they have entered into an agreement providing for the acquisition of all of the assets, and assumption of all of the liabilities, of KPE by KKR. In conjunction with this transaction, KKR will become publicly listed on the New York Stock Exchange (the NYSE) under the symbol KKR.

Under the terms of the agreement, KPE unitholders and related depositary units would receive equity interests in KKR, after which KPE would be dissolved and delisted from Euronext Amsterdam. Upon completion of the transaction, those interests would constitute 21% of the equity in the combined business. The remaining 79% of the equity in the combined entity would be retained by KKR executives. In addition, KPE unitholders would receive a contingent value interest providing consideration of up to an additional 6% of the equity in the combined company as of the completion of the transaction to the extent that KKR units trade below a specified threshold, tied to KPE's June 30, 2008 net asset value, three years after completion of the transaction.

The transaction does not involve the payment of any cash consideration or involve an offering of any newly issued securities directly to the public for cash. KKR executives are not selling any equity interests in the transaction.

The agreement was unanimously approved by the board of directors of KPE's general partner, acting upon the unanimous recommendation of the directors of KPE's general partner who are independent of KKR under NYSE standards. Completion of the transaction is subject to approval by KPE unitholders holding a majority of KPE's common units (excluding for such purpose units whose vote is controlled by KKR and its affiliates) and other customary closing conditions.

Henry R. Kravis and George R. Roberts, co-founders of KKR, said, "This transaction offers substantial benefits for KPE unitholders, and it builds KKR for the long-term. Going forward, KPE unitholders will benefit by being owners in a diversified asset management business that generates regular distributions of cash earnings. For KKR, this transaction provides us with additional capital for our business. Moving forward with a public listing will allow KKR to do what we do best - grow companies around the world and produce solid returns for our investors from a larger platform and a deeper capital base."

The independent directors of KPE issued the following statement relating to the transaction: "KPE's independent directors unanimously approve this transaction and we believe that it is in the best interests of KPE unitholders. The transaction will create a partnership with a more diverse asset base in terms of strategies, geographies and companies; allow for the regular distribution of cash earnings; and facilitate the purchase and sale of stock in a more liquid

market. Through the transaction, KPE unitholders will benefit from direct access to KKR's entire business as it builds upon its private equity foundation, while retaining significant participation through the contingent value interests should there be a shortfall in the expected value of the combined company.

Preliminary unaudited pro forma segment information for the combined business for the twelve months ended December 31, 2007 and the three months ended March 31, 2008, which pro forma information gives effect to the KPE transaction and related internal restructuring transactions and which also includes an expected range of economic net income for KKR's total reportable segments on a historic basis for the six months ended June 30, 2008, is set forth on Annex A to this press release. KKR also announced today that it expects its assets under management as of June 30, 2008 to be approximately \$60.8 billion, up from \$53.2 billion on December 31, 2007. Separately today, KPE publicly announced its financial results for the quarter and six months ended June 30, 2008.

Additional details regarding the terms and conditions of the transaction are set forth on Annex B to this press release. In addition, the presentation made available by KPE and KKR announcing the transaction is set forth on Annex C to this press release.

Completion of the transaction is expected to occur during the fourth quarter of 2008. Until then, KPE units will continue to trade on Euronext Amsterdam. Solicitation of consents from KPE unitholders is anticipated to commence during the fourth quarter of 2008.

Citi is acting as sole financial advisor to KPE. Lazard is acting as financial advisor to the independent directors and Bredin Prat is acting as lead legal counsel to KPE and the independent directors. Citi and Lazard have each delivered to the independent directors their respective opinions to the effect that, as of the date of such opinion and based upon and subject to the qualifications and assumptions disclosed in such opinion, the exchange ratio of the number of KKR common units and contingent value interests to be received in the transaction for each KPE common unit is fair, from a financial point of view, to the holders of KPE common units (other than KKR and its affiliates). The full texts of each written opinion will be disclosed in the consent solicitation materials provided to holders of KPE common units.

Goldman Sachs and Morgan Stanley are acting as financial advisors to KKR and Simpson Thacher & Bartlett LLP is acting as lead legal counsel to KKR.

Information for Investors Teleconference and Webcast

KPE and KKR will discuss this business combination on a teleconference to be broadcast live on the Internet on Monday, July 28, 2008 at 2:00 p.m. CET (Amsterdam) / 1:00 p.m. GMT (Guernsey/London) / 8:00 a.m. EDT (New York City). A webcast (listen only) of the teleconference can be accessed via the Investor Relations section of KPE's website at www.kkrprivateequityinvestors.com as well as on KKR's website at www.kkr.com.

About KPE

Edgar Filing: KKR & Co. L.P. - Form 425

KKR Private Equity Investors, L.P. (Euronext Amsterdam: KPE) is a Guernsey limited partnership that seeks to create long-term value by participating in private equity and

opportunistic investments selected, evaluated, structured, monitored and exited by investment professionals of Kohlberg Kravis Roberts & Co. (KKR). As of June 30, 2008, over 90% of KPE 's \$5.4 billion portfolio was comprised of limited partner interests in six KKR private equity funds, co-investments in 13 companies alongside the private equity funds and negotiated equity investments. The remainder of KPE 's portfolio as of June 30, 2008 was invested in opportunistic and temporary investments. KPE is governed by its general partner 's board of directors, which has a majority of independent directors, and makes its investments as the sole limited partner of another Guernsey limited partnership, KKR PEI Investments, L.P.

The common units and related restricted depositary units of KPE are subject to a number of ownership and transfer restrictions. Information concerning these ownership and transfer restrictions is included in the Investor Relations section of KPE 's website at www.kkrprivateequityinvestors.com.

About KKR

Established in 1976, KKR is a leading global alternative asset manager. The core of the firm 's franchise is sponsoring and managing funds that make private equity investments in North America, Europe, and Asia. Throughout its history, KKR has brought a long-term investment approach to portfolio companies, focusing on working in partnership with management teams and investing for future competitiveness and growth. Additional funds that KKR sponsors include KKR Financial (NYSE: KFN) and the KKR Strategic Capital Funds, which make investments in debt transactions. KKR has offices in New York, Menlo Park, San Francisco, Houston, London, Paris, Hong Kong, Tokyo, Beijing and Sydney. More information about KKR is available at: www.kkr.com.

Forward-Looking Statements

This release contains certain forward-looking statements. Forward-looking statements relate to expectations, beliefs, projections, future plans and strategies, anticipated events or trends and similar expressions concerning matters that are not historical facts. The forward-looking statements are based on KPE 's and KKR 's beliefs, assumptions and expectations of their future performance, taking into account all information currently available to them. These beliefs, assumptions and expectations can change as a result of many possible events or factors, not all of which are known to KPE and KKR or are within their control. If a change occurs, KPE 's and KKR 's business, financial condition, liquidity and results of operations may vary materially from those expressed in the forward-looking statements. The following factors, among others, could cause actual results to vary from the forward-looking statements: general volatility of the capital markets; changes in KPE 's and KKR 's business strategy; availability, terms and deployment of capital; availability of qualified personnel and expense of recruiting and retaining such personnel; changes in the asset management industry, interest rates or the general economy; underperformance of KKR 's investments and decreased ability to raise funds; increased rates of default and/or decreased recovery rates on KPE 's investments; and the degree and nature of KPE 's and KKR 's competition. Neither KPE nor KKR undertakes any obligation to update any forward-looking statements to reflect circumstances or events that occur after the date on which such statements were made except as required by law. In addition, KKR 's and KPE 's business strategy is focused on the long-term and financial results are subject to significant volatility.

Historically year-to-year results have varied dramatically and have not be subject to reliable forecasting. Additional factors that could cause performance, returns or results to differ materially from the forward-looking statements can be found in KKR's Registration Statement on Form S-1 (file no. 333-144335) filed with the Securities and Exchange Commission.

Additional Information About the Transaction and Where to Find It

This release is being made in respect of the proposed transaction involving KKR and KPE. In connection with the proposed transaction, KKR will file with the SEC an amendment to its existing Registration Statement on Form S-1 (file no. 333-144335) and will be filing other documents regarding the proposed transaction with the SEC. **INVESTORS AND SECURITY HOLDERS OF KPE ARE URGED TO READ THE REGISTRATION STATEMENT AND OTHER DOCUMENTS FILED WITH THE SEC CAREFULLY IN THEIR ENTIRETY WHEN THEY BECOME AVAILABLE BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT THE PROPOSED TRANSACTION.** The final prospectus contained in the registration statement will be mailed or otherwise disseminated to the holders of KPE's common units. Holders of KPE's common units will be able to obtain free copies of the final prospectus (when available) and other documents filed with the SEC by KKR through the web site maintained by the SEC at www.sec.gov. Free copies of the final prospectus (when available) and other documents filed with the SEC can also be obtained by directing a request to KKR, 9 W. 57th Street, Suite 4200, New York, New York 10019

Attention: Investor Relations.

PRELIMINARY UNAUDITED PRO FORMA SEGMENT INFORMATION

The following preliminary unaudited pro forma segment information for the year ended December 31, 2007 and the three months ended March 31, 2008 gives effect to:

- the acquisition by KKR & Co. L.P. (KKR) of all of the outstanding limited partner interests in KKR PEI Investments, L.P. (the Acquired Partnership) from KKR Private Equity Investors, L.P. (KPE) and the assumption by KKR of all of the liabilities of KPE in exchange for newly issued common units and contingent value interests in KKR (the Acquisition); and
- certain aspects of the internal restructuring transactions that have been or will be effected by the KKR Group prior to the completion of the Acquisition (the Restructuring Transactions).

This preliminary unaudited pro forma segment information is based on historical segment information of the accounting predecessor of KKR (the KKR Group) and historical financial information of the Acquired Partnership and gives effect to the aspects of the Restructuring Transactions and the Acquisition described herein as if they had occurred on January 1, 2007 by applying the adjustments described in the accompanying notes. Such adjustments are based on information that is currently available and determinable and on assumptions that management believes are reasonable in order to reflect, on a pro forma basis, the impact of the transaction aspects described herein on the historical segment financial information of the KKR Group.

This preliminary unaudited pro forma segment information is included for informational purposes only and is preliminary in nature due to the fact that not all information relating to the Restructuring Transactions and the Acquisition is currently available and determinable. This information does not purport to show the pro forma impact of any transactions or arrangements relating to the Restructuring Transactions and the Acquisition other than those specifically described herein or the pro forma impact of any transactions or arrangements on the financial condition of the reportable business segments of the KKR Group or the combined statement of financial condition and statements of income of the KKR Group presented in accordance with generally accepted accounting principles in the United States (GAAP). In addition, this information does not purport to show the actual segment or financial statement results that the KKR Group would have had if the Restructuring Transactions and the Acquisition had occurred on the date indicated, or had KKR operated as a public company during the periods presented, or for any future period.

This preliminary unaudited pro forma segment information is subject to change as additional information concerning the Restructuring Transactions and the Acquisition becomes available or determinable. This information will also differ from any pro forma financial information of the KKR Group that gives effect to the impact of the Restructuring Transactions and the Acquisition on the face of the combined financial statements of the KKR Group that are presented in accordance with GAAP. See Reconciliation of Segment Reporting to Financial Statement Reporting and Net Income, Basis of Presentation, Notes to Preliminary Unaudited Pro Forma Segment Information Transactions and Adjustments Excluded from Pro Forma Presentation. You are cautioned not to place undue reliance on this information.

Basis of Presentation

Financial Statements

The KKR Group is considered the predecessor of KKR for accounting purposes and its historical combined financial statements will be the historical financial statements of KKR following the completion of the Restructuring Transactions and the Acquisition. In accordance with GAAP, the historical combined financial statements of the KKR Group consolidate a number of funds that are

A-1

sponsored by the KKR Group, despite the fact that the KKR Group has only a minority economic interest in those entities. This consolidation is due to the substantive controlling rights and operational discretion that the KKR Group maintains over such entities through its general partner or managing member interests and the fact that non-controlling interest holders do not hold any substantive rights that would enable them to impact the ongoing governance and operating activities of such entities. These consolidated entities, which include the Acquired Partnership, are collectively referred to as the Consolidated Entities.

As a result of the consolidation of the Consolidated Entities, the combined financial statements of the KKR Group reflect the assets, liabilities, revenues, expenses and cash flows of the Consolidated Entities on a gross basis. The majority of the economic interests in the Consolidated Entities, which are held by third-party investors, are reflected as non-controlling interests. Substantially all of the management fees and certain other amounts that the KKR Group earns from the Consolidated Entities are eliminated in combination. However, because those amounts are earned from non-controlling interest holders, the KKR Group's allocable share of the net income from the Consolidated Entities is increased by the amounts eliminated. Accordingly, the consolidation of the Consolidated Entities does not have a net effect on the amounts of income before taxes, net income or partners' capital that are reported by the KKR Group.

While the consolidation of the Consolidated Entities does not have a net effect on the amounts of income before taxes, net income or partners' capital reported by the KKR Group, the consolidation does significantly impact other aspects of the combined financial statement presentation of the KKR Group. This is due to the fact that the assets, liabilities, income and expenses of the Consolidated Entities are reflected on a gross basis while the allocable share of those amounts that are attributable to non-controlling interest holders are reflected as single line items. The single line items in which the assets, liabilities, income and expense attributable to non-controlling interest holders are recorded consist of non-controlling interests in consolidated entities in the statement of financial condition and non-controlling interests in income of consolidated entities in the income statement.

Segment Information

The historical segment financial information of the KKR Group is presented as a supplemental disclosure for the reportable business segments of the KKR Group in accordance with Statement of Financial Accounting Standards No. 131, Disclosures about Segments of an Enterprise and Related Information (SFAS 131). This standard is based on a management approach, which requires segment presentation based on the financial reporting used by management to make operating decisions, assess performance and allocate resources. The KKR Group currently operates through two reportable business segments: Private Equity and Fixed Income. All inter-segment transactions are eliminated in the segment presentation.

Management of the KKR Group makes operating decisions, assesses performance and allocates resources based on financial and operating data and measures that are presented without giving effect to the consolidation of any of the Consolidated Entities. As a result, unlike the reporting in the combined financial statements of the KKR Group, the KKR Group's segment reporting does not give effect to the consolidation of the Consolidated Entities. The exclusion of the Consolidated Entities in segment reporting results in the inclusion of management fees and incentive fees in fee income that would otherwise be eliminated in combination, the exclusion of investment income and expenses that are attributable to non-controlling interests held by third-party investors and the exclusion of corresponding charges and credits that are accounted for as non-controlling interests in the income of consolidated entities.

Given the differences between the combined financial statement presentation and the segment reporting of the KKR Group, the preliminary unaudited pro forma segment information presented in this document, including the adjustments described in the accompanying notes, will differ from pro forma

financial information of the KKR Group that gives effect to the impact of the Restructuring Transactions and the Acquisition and related adjustments on the KKR Group's combined financial statements. This preliminary unaudited pro forma segment information should not be considered as a substitute for pro forma financial information of the KKR Group that gives effect to the impact of the Restructuring Transactions and the Acquisition and related adjustments on the KKR Group's combined financial statements or for the combined financial statements of the KKR Group presented in accordance with GAAP. For a reconciliation of management's reporting of the historical segment information of the KKR Group and preliminary unaudited pro forma segment information of KKR to the historical combined operating results of the KKR Group and the preliminary unaudited pro forma combined operating results of KKR, see Reconciliation of Segment Reporting to Financial Statement Reporting and Net Income.

Restructuring Transactions

Acquisition of Non-Controlling Interests in Fixed Income Segment

In the historical combined financial statements, the KKR Group held all of the equity interests in the parent of the management companies for the KKR Group's credit strategy funds other than certain non-controlling interests that allocated 35% of the net income generated by the parent company to the non-controlling interest holders. On May 30, 2008, the KKR Group entered into an agreement to acquire all of these non-controlling interests for cash consideration (the KFI Acquisition). As a result of the KFI Acquisition, the KKR Group now owns all of the equity interests in the parent of the management companies for its credit strategy funds and is entitled to all of the net income and cash flows generated by the management companies.

Conversion into a Holding Partnership Structure

Prior to the completion of the Acquisition, the business of the KKR Group will be reorganized under two new partnerships (the Group Partnerships) of which KKR will serve as the ultimate general partner. The reorganization will involve a contribution of equity interests in the KKR Group that are held by KKR principals in exchange for newly issued Group Partnership units. No cash will be received in connection with such exchanges. As a result of these transactions, the Group Partnerships will hold all of the controlling and non-controlling interests in the entities that are consolidated in the historical combined financial statements of the KKR Group other than:

- controlling and economic interests in the 1996 Fund and such fund's general partners, which interests will not be contributed to the Group Partnerships due to the fact that the general partners of those funds are not expected to receive meaningful proceeds from further realizations of investments;
- non-controlling economic interests in the KKR Group that will allocate to a former KKR principal and such person's designees an aggregate of 1% of the carried interest received by general partners of the KKR funds and 1% of any other earnings of the KKR Group until a future date;
- non-controlling economic interests in the KKR Group that will allocate to former KKR principals and their designees a portion of the carried interest received by the general partners of the KKR Funds with respect to investments made during the tenure of such

former KKR principals with KKR; and

- non-controlling economic interests in the KKR Group that will allocate to current and former KKR principals all of the capital invested by or on behalf of the general partners of the KKR funds before the completion of the Restructuring Transactions and the Acquisition and any profits thereon.

The controlling and economic interests in the 1996 Fund and the general partners of the 1996 Fund described above will no longer be reflected in the combined financial statements of the KKR Group

A-3

following the completion of the Restructuring Transactions and the Acquisition, due to the fact that such interests will not be acquired by the Group Partnerships. The other non-controlling economic interests described above (the Other Interests) are currently reflected in the partners capital of the KKR Group, but will be accounted for as non-controlling interests in consolidated entities from and after the completion of the Restructuring Transactions, because such interests will be held at a subsidiary level. The allocable share of income and expense attributable to the Other Interests will be accounted for as non-controlling interests in income of consolidated entities. The allocable share of capital attributable to the Other Interests will be accounted for as non-controlling interests in consolidated entities.

Acquisition

In connection with the Acquisition, KKR will acquire all of the assets of KPE, including the limited partner interests of the Acquired Partnership and assume all of the liabilities of KPE in exchange for newly issued common units and contingent value interests (CVIs) in KKR. The common units of KKR issued to KPE unitholders will represent 21% of the outstanding limited partner interests in KKR upon the completion of the Acquisition, assuming that all Group Partnership units indirectly held by current KKR principals are exchanged for newly-issued KKR common units on a one-for-one basis and excluding any equity grants made under KKR s equity incentive plan. KKR principals will hold their Group Partnership units through KKR Holdings, L.P. (KKR Holdings). See Note (IV) under Transactions and Adjustments Excluded from Pro Forma Presentation for a description of the exchangeability of Group Partnership units for KKR common units.

The CVIs issued by KKR reflect the terms of a purchase price adjustment mechanism (the PPAM) embedded in KKR s interests in the Group Partnerships. Under the PPAM, KKR will be entitled to a variable amount of newly issued Group Partnership common units or cash, at the election of KKR Holdings, on the third anniversary of the issue date in the event that the trading price of a KKR common unit over an averaging period plus the cumulative distributions paid on a KKR common unit from the issue date are less than \$22.25. Any consideration required to be delivered by the Group Partnerships to KKR will be paid by KKR to the CVI holders as follows:

- If the PPAM is settled by the Group Partnerships with newly-issued Group Partnership common units, KKR will issue an equivalent number of its own additional common units to CVI holders in settlement of the CVIs. A corresponding number of Group Partnership units held by KKR principals through KKR Holdings will then be cancelled.
- If the PPAM is settled by the Group Partnerships with cash, KKR principals will through KKR Holdings contribute cash to the Group Partnerships in an amount equal to the cash settlement price of the CVIs. The Group Partnerships will distribute such cash to KKR, which will then deliver the cash to CVI holders in settlement of the CVIs.

The consideration payable under the PPAM will be subject to a cap, such that the maximum consideration delivered in respect of the PPAM (and ultimately to the CVI holders) will not exceed 0.2857 common units per CVI or \$4.94 of cash per CVI. The actual amount of consideration delivered under the PPAM (and ultimately to the CVI holders), if any, may be lower and will ultimately depend on the trading price of KKR common units and the amount of distributions made thereon.

Upon completion of the transactions described above, KKR will directly or indirectly contribute all of the limited partner interests in the Acquired Partnership (and in certain cases direct assets of the Acquired Partnership) to the Group Partnerships in exchange for newly issued partner interests in the Group Partnerships (Group Partnership units). Units in one of the Group Partnerships will be held through an intermediate holding company that will be taxable as a corporation for U.S. federal income tax purposes. See Note (III) under Transactions and Adjustments Excluded from Pro Forma Presentation. The Group Partnership units will provide KKR with a 21% economic interest in each of the Group

Partnerships and allow KKR to share ratably in the assets, liabilities, profits, losses and distributions of

A-4

the Group Partnerships. The balance of the Group Partnership units will be held by current KKR principals through their interests in KKR Holdings and will be accounted for in the consolidated financial statements of KKR as non-controlling interests in consolidated entities.

All amounts in the following tables and notes to preliminary unaudited pro-forma segment information are in thousands (\$000s).

Notes to Preliminary Unaudited Pro Forma Segment Information

(All amounts are in thousands (\$000s))

1. Historical KKR Group Segment Information

The KKR Group is a global alternative asset manager with principal executive offices in New York and Menlo Park, California. Its alternative asset management business involves sponsoring and managing investment funds that make investments worldwide in private equity and debt transactions on behalf of third-party investors and the KKR principals, including the founders of the KKR Group. In connection with these activities, the KKR Group also manages investments in public equity and is engaged in capital markets activities. With respect to certain funds that it sponsors, the KKR Group commits to contribute a specified amount of equity as the general partner of the fund (ranging from approximately 2% to 4% of a fund's total capital commitments) to fund a portion of the acquisition price for the fund's investments.

The KKR Group earns ongoing management fees for providing management and other services to its private equity and credit strategy funds as well as advisory and incentive fees in connection with investments or transactions. The KKR Group also earns investment income from investing its own capital alongside third party investors and from the carried interest it receives in respect of fund investments. A carried interest provides the general partner of a fund with a disproportionate share of the investment gains generated on third-party capital invested by the fund.

The historical combined financial statements of the KKR Group include the results of eight of the KKR Group's private equity funds (including the Acquired Partnership) and two of the KKR Group's credit strategy funds (the KKR Funds) and the general partners and management companies of those funds. The KKR Group operates as a single professional services firm and carries out its business activities under the KKR brand name. The entities comprising the KKR Group are under the common control of the senior principals of the KKR Group (the Senior Principals), who are actively involved in the KKR Group's operations and management.

For management reporting purposes, the KKR Group currently operates through two reportable business segments: Private Equity and Fixed Income.

- The Private Equity segment involves sponsoring and managing a group of funds that make primarily control-oriented investments in connection with leveraged buyouts and other similar investment opportunities. These funds are managed by Kohlberg Kravis Roberts & Co. L.P. and currently consist of a number of private equity funds that have a finite life and investment period and the Acquired Partnership, a private equity-oriented permanent capital vehicle.

- The Fixed Income segment involves sponsoring and managing a group of private and publicly-traded investment funds and managed accounts that invest primarily in corporate debt as well as managing four structured finance vehicles that were established to complete secured financing transactions. These entities are managed primarily by KKR Financial Advisors LLC and KKR Strategic Capital Management, L.L.C. and include KKR Financial Holdings LLC (NYSE: KFN) and the KKR Strategic Capital Funds, one of which is currently owned by KPE.

Within each of these segments, the KKR Group conducts capital markets and public equity activities. However, such activities do not qualify as separately reportable business segments under SFAS 131 and the results of such activities are included in the Private Equity and Fixed Income segments. All inter-segment transactions are eliminated in the segment presentation.

Management makes operating decisions and assesses the performance of each of the KKR Group's business segments based on financial and operating metrics and data that is presented excluding the impact of the consolidation of the Consolidated Entities in the combined financial statements of the

KKR Group. As a result, all segment information for the KKR Group excludes the assets, liabilities and operating results related to the Consolidated Entities. See Basis of Presentation.

Economic net income (ENI) and fee related earnings are key performance measures used by management. ENI represents net income excluding the impact of income taxes, non-cash employee compensation charges associated with equity interests in the KKR Group s business, any compensation borne by KKR Holdings, and charges relating to the amortization of intangible assets. See Reconciliation of Segment Reporting to Financial Statement Reporting and Net Income. Fee related earnings represents net income adjusted to: (i) include management fees earned from consolidated funds that were eliminated in consolidation; (ii) exclude expenses of consolidated funds, non-cash employee compensation charges associated with equity interests in the KKR Group s business, any compensation borne by KKR Holdings, and charges relating to the amortization of intangible assets; (iii) exclude investment income; (iv) exclude non-controlling interests in income of consolidated entities and (v) exclude the impact of taxes. These measures are used by management in making resource deployment and other operational decisions.

2. Adjustments for the Restructuring Transactions

Because the legal entities that comprise the KKR Group are under the common control of the Senior Principals and will be under the common control of the Senior Principals following the completion of the Restructuring Transactions, the Restructuring Transactions will be accounted for as a transfer of interests under common control. Accordingly, KKR will carry forward into its consolidated financial statements the value of assets, liabilities and non-controlling interests in the combined entities recognized in the KKR Group s combined financial statements, except as described in Note (I). All references to ENI in the following notes with the exception of Note (i) represent ENI before allocation to KKR Holdings. See Note (i) for allocation to KKR Holdings.

(a) This amount has been adjusted to reflect the elimination of the financial results of the general partners of the 1996 Fund, because the Group Partnerships will not acquire an interest in those general partners in connection with the Restructuring Transactions due to the fact that the general partners of those funds are not expected to receive meaningful proceeds from further realizations. Those general partners are entitled to carried interests that allocate to them a percentage of the net profits generated on the fund s investments, subject to certain requirements. The funds also pay management fees to the KKR Group in exchange for management and other services.

The elimination of the financial results of the general partners of the 1996 Fund resulted in the elimination of \$2,184 of expenses and \$111,144 of investment income for the year ended December 31, 2007 and \$21 of expenses and \$(14,437) of investment loss for the three months ended March 31, 2008. While the management fee paid by the 1996 Fund is eliminated as an inter-company transaction in the combined financial statements of the KKR Group, it is not eliminated in the historical segment information of the KKR Group due to the fact that segment results are presented without giving effect to the consolidation of the Consolidated Entities. Accordingly, no pro forma adjustments have been made to management fees or fee income related to the 1996 Fund for the periods indicated.

(b) This amount has been adjusted to reflect the inclusion of non-controlling interests in consolidated entities representing the Other Interests, except for non-controlling interests in consolidated entities representing Other Interests relating to capital invested by or on behalf of the general partners of the KKR Funds since January 1, 2007. See Restructuring Transactions Conversion into a Holding Partnership Structure for a description of the Other Interests. While economic interests in the capital investments made by or on behalf of the general partners of the KKR Funds prior to the completion of the Acquisition will not be contributed to the Group Partnerships, the Group

Partnerships will hold all of the interests in capital investments made by or on behalf of the general partners of the KKR Funds following the completion of the

Acquisition. To illustrate the pro forma impact that such future capital investments will have on the financial results of KKR, no pro forma adjustments have been made to eliminate the financial results of any capital investments made on or after January 1, 2007.

The inclusion of the Other Interests not relating to capital invested by or on behalf of the general partners of the KKR Funds since January 1, 2007 impacted non-controlling interests by \$71,344 for the year ended December 31, 2007 and \$(37,979) for the three months ended March 31, 2008 and impacted ENI during such periods by corresponding inverse amounts. The retention of the full impact of results attributable to capital invested by or on behalf of the general partners of the KKR Funds since January 1, 2007 contributed \$20,553 in investment income and ENI for the year ended December 31, 2007 before allocation to KKR Holdings and \$6,892 in investment income and ENI for the three months ended March 31, 2008 before allocation to KKR Holdings.

(c) This amount has been adjusted to reflect the KFI Acquisition, which resulted in the elimination of non-controlling interests in income of consolidated entities that previously allocated 35% of the ENI generated by the management companies of the Fixed Income segment to holders of such interests. The elimination of these non-controlling interests in consolidated entities resulted in an increase in ENI of \$22,572 for the year ended December 31, 2007 and \$3,686 for the three months ended March 31, 2008.

(d) This amount has been adjusted to reflect the elimination of executive bonuses attributable to the non-controlling principals. Following the Restructuring Transactions and the Acquisition, KKR principals will receive financial benefits from KKR's business in the form of distributions and payments received from KKR Holdings and through their direct and indirect participation in the value of Group Partnership units held by KKR Holdings and the economic costs of any cash bonuses paid to KKR principals will be borne by KKR Holdings.

For the year ended December 31, 2007 and the three months ended March 31, 2008, these arrangements resulted in the elimination of executive bonuses in the Private Equity segment by \$95,600 and \$16,194, respectively, and \$6,156 and \$1,391 from the Fixed Income segment, respectively. See Note (II) under Transactions and Adjustments Excluded from Pro Forma Presentation for information relating to certain, largely non-cash, employee compensation and benefits expenses that will be recorded in KKR's financial statements following the Restructuring Transactions and the Acquisition.

3. Adjustments for the Acquisition

(e) It is anticipated that the business of the Acquired Partnership will be accounted for by KKR as a separate reportable business segment referred to as the Principal segment. Accordingly, the results of such business have been presented separately under such caption in the preliminary unaudited pro forma segment information of KKR.

(f) This amount has been adjusted to reflect the elimination of the management and incentive fees paid by the Acquired Partnership under its services agreements with the KKR Group. While the Acquired Partnership will pay a management and incentive fee to subsidiaries of KKR in an amount to be determined following the Acquisition,

the payments will be eliminated as inter-segment transactions, because the Acquired Partnership will be wholly-owned within the Principal segment. For the year ended December 31, 2007 and the three months ended March 31, 2008, the elimination reduced management fees of the Private Equity segment by \$44,040 and \$12,817, respectively, reduced management fees of the Fixed Income segment by \$3,544 and \$653, respectively, reduced incentive fees of the Fixed Income segment by \$956 and \$0, respectively, and reduced expenses of the Principal segment by \$48,540 and \$13,470, respectively.

(g) This amount has been adjusted to reflect the elimination of carried interest allocated from certain investments in limited partner interests of the Acquired Partnership to the general partners of Consolidated Entities in the Group Partnership as well as amounts allocated to the general partner of the Acquired Partnership pursuant to its capital interest. While the Acquired Partnership will pay a carried interest to subsidiaries of KKR, the payments will be eliminated as inter-segment transactions, because the Acquired Partnership will be wholly-owned within the Principal segment. For the year ended December 31, 2007 and the three months ended March 31, 2008, the elimination increased (reduced) investment income of the Private Equity segment by \$(14,147) and 3,355, respectively, and impacted investment income of the Principal segment by \$14,044 and \$(2,823), respectively.

(h) This amount has been adjusted to reflect the inclusion of new non-controlling interests in consolidated entities representing Other Interests that a former KKR principal and such person's designees will hold in the Principal segment. Those Other Interests will result in the allocation to such person of an aggregate of 1% of the net income reported by the KKR Group until a future date, as described under Restructuring Transactions Conversion into a Holding Partnership Structure. The inclusion of such non-controlling interests in consolidated entities impacted non-controlling interests of the Principal segment by \$654 for the year ended December 31, 2007 and \$(2,574) for the three months ended March 31, 2008 and impacted ENI during such periods by corresponding inverse amounts.

(i) This amount has been adjusted to reflect the inclusion of new non-controlling interests in consolidated entities representing the Group Partnership units that will be indirectly held by KKR principals through KKR Holdings following the completion of the Acquisition. The inclusion of these new non-controlling interests in consolidated entities described above impacted non-controlling interests by \$601,581 for the year ended December 31, 2007 and \$(243,423) for the three months ended March 31, 2008 and impacted ENI during such periods by corresponding inverse amounts.

4. Transactions and Adjustments Excluded from Pro Forma Presentation

(I) The KFI Acquisition and the contribution by Non-Controlling Principals of their equity interests in the KKR Group to the Group Partnerships in the Restructuring Transactions will be accounted for as an acquisition of a non-controlling interest in a consolidated entity using the purchase method of accounting with the KKR Group being treated as the accounting acquirer. The Acquisition will similarly be treated as an acquisition of a non-controlling interest in a consolidated entity using the purchase method of accounting with KKR being treated as the accounting acquirer.

Under purchase accounting, the KKR Group and KKR will allocate the purchase price to the fair value of the assets acquired and liabilities assumed. Any excess of the purchase price over the fair value of the tangible assets acquired will be allocated to any separately identifiable intangible assets on the statement of financial condition with any excess recorded as goodwill. Finite-lived intangible assets will be amortized over their useful lives on a straight-line basis, which will give rise to non-cash amortization charges in KKR's statement of financial condition over the amortization period. To the extent that the sum of the amounts assigned to assets acquired and liabilities assumed is in excess of the cost of the acquired interests, that excess will be allocated as a pro rata reduction of the amounts that otherwise would have been assigned to all of the acquired assets except (a) financial assets other than investments accounted for by the equity method, (b) assets to be disposed of by sale,

Edgar Filing: KKR & Co. L.P. - Form 425

(c) deferred tax assets, (d) prepaid assets relating to pension or other postretirement benefit plans, and (e) any other current assets. If any excess remains after reducing to zero the amounts that otherwise would have been assigned to those assets, that

A-15

remaining excess will be recognized as an extraordinary gain in the period in which the transaction is completed.

No pro forma adjustments have been made to reflect these charges, because management's financial reporting excludes the impact of charges relating to the amortization of intangible assets. Adjustments for such charges will be included, however, in pro forma financial information giving effect to the impact of the transactions on the face of the combined financial statements of the KKR Group.

(II) Following the Restructuring Transactions and the Acquisition, KKR principals will receive financial benefits from KKR's business in the form of distributions or payments received from KKR Holdings and through their direct or indirect participation in the value of Group Partnership units held by KKR Holdings and, accordingly, such KKR principals will not be paid any cash bonuses directly by KKR. A portion of the interests in KKR Holdings that will entitle KKR principals to participate in the value of Group Partnership units held by KKR Holdings will be subject to vesting and a portion of the distributions or payments made to such individuals from KKR Holdings will be subject to discretionary allocation. In addition, in connection with the Restructuring Transactions and the Acquisition, KKR expects to adopt an equity incentive plan and grant awards under such plan to employees who are not KKR principals.

The above arrangements are expected to give rise to periodic employee compensation and benefits charges in the consolidated financial statements of KKR, despite the fact that substantially all of the economic consequences of such arrangements will be borne solely by KKR principals. Except for cash-settled awards granted under KKR's equity incentive plan and any compensation borne by KKR Holdings, these employee compensation and benefits charges will consist of non-cash charges. No pro forma adjustments have been made to reflect these charges, because management's segment reporting excludes the impact of non-cash employee compensation charges associated with equity interests in the KKR business as well as any compensation borne by KKR Holdings. No pro forma adjustments have been made to reflect the possibility of cash charges associated with grants of cash-settled awards under KKR's equity incentive plan, because the form and amount of grants to be made under the plan have not yet been determined. Adjustments for the various employee compensation charges described above will be included, however, in pro forma financial information giving effect to the impact of the transactions on the face of the combined financial statements of the KKR Group.

(III) The KKR Group has historically operated as a group of partnerships for U.S. federal income tax purposes and, in the case of certain entities located outside the United States, corporate entities for foreign income tax purposes. Because most of the entities in the KKR Group are taxed as partnerships, the income of the KKR Group generally has been allocated to, and the resulting tax liability generally has been funded by, partners and the KKR Group generally has not been taxed at the entity level. Accordingly, income tax provisions reflected in the KKR Group's historical combined financial statements primarily have been attributable to the New York City unincorporated business tax and foreign income taxes imposed on certain entities located outside the United States.

Following the Restructuring Transactions and the Acquisition, the Group Partnerships and their subsidiaries will continue to operate as partnerships for U.S. federal income tax purposes and, in the case of certain entities located outside the United States, corporate entities for foreign income tax purposes. Accordingly, those entities will continue to be subject to New York City unincorporated business taxes or foreign income taxes. Certain of the Group Partnership units owned by KKR, however, will be held through an intermediate holding company that will be taxable as a corporation for U.S. federal income tax purposes. As a result of such holding

structure, KKR will record an additional provision for corporate income taxes that will reflect its current and deferred tax liability relating to the taxable earnings allocated to such entity.

No pro forma adjustments have been made to reflect the additional tax provision that will result from the Restructuring Transactions and the Acquisition, because management's segment reporting and ENI is calculated on a pre-tax basis. Adjustments for the tax provision will be included, however, in pro forma financial information giving effect to the impact of the transactions on the face of the combined financial statements of the KKR Group. The anticipated impact of the additional tax provision on the financial statements of KKR has not yet been determined.

(IV) In connection with the Restructuring Transactions and the Acquisition, KKR will enter into an exchange agreement with KKR Holdings pursuant to which KKR Holdings or certain transferees of its Group Partnership units may up to four times each year exchange Group Partnership units held by them for KKR common units on a one-for-one basis, subject to customary conversion rate adjustments for splits, unit distributions and reclassifications and compliance with the terms and conditions of the exchange agreement. The Group Partnership units held by KKR Holdings will be subject to transfer restrictions and generally will not be exchangeable for a period of time following the completion of the Restructuring Transactions and the Acquisition. No determination has been made as to the manner in which such future exchanges will be accounted for in the consolidated financial statements of KKR. Accordingly, no pro forma adjustments have been made to reflect the exchange agreement.

(V) In connection with the Acquisition, KKR will issue CVIs that may result in an adjustment to the amount of consideration issued in the Acquisition under certain circumstances, as described under Acquisition. The CVIs may be settled in cash or through the delivery of additional KKR common units. This commitment of KKR is economically hedged by a similar arrangement with KKR Holdings as described under Acquisition. No determination has been made as to how the CVIs, or the arrangement with KKR Holdings, will be accounted for by KKR. Accordingly, no pro forma adjustments have been made.

(VI) Immediately prior to the Acquisition, the KKR Group is expected to make one or more cash and in-kind distributions to certain of its existing owners representing substantially all available cash-on-hand, certain receivables of its management companies and certain personal property (consisting of non-operating assets) of the management company for its Private Equity segment. The actual amount of such distributions has not yet been determined and will depend on the amounts of available cash-on-hand and receivables of the management companies and the book value of such personal property at the time of Acquisition. No pro forma adjustment has been made to reflect these distributions, because such distributions would not have significantly impacted the KKR Group's operating results.

(VII) KKR and KPE will incur various expenses to complete the Restructuring Transactions and the Acquisition. These expenses include fees and expenses of the financial advisors, legal and other advisors engaged by each of KKR and KPE, transaction-related accounting and audit costs, fees and expenses of agents engaged to provide various services in connection with the Restructuring Transactions and the Acquisition, filing fees with regulatory bodies, listing fees and other miscellaneous costs. No pro forma adjustments have been made to reflect these expenses

due to the fact that they currently are not determinable.

(VIII) Following the Restructuring Transactions and the Acquisition, KKR will incur costs associated with being a publicly traded entity. Such costs will include new or increased expenses for such items as insurance, directors fees, accounting work, legal advice, investor relations and compliance with applicable regulatory or stock exchange requirements, including costs associated with compliance with the Sarbanes-Oxley Act and periodic or current reporting obligations.

No pro forma adjustments have been made to reflect such costs due to the fact that they currently are not objectively determinable.

Reconciliation of Segment Reporting to Financial Statement Reporting and Net Income
(All amounts are in thousands (\$000s))

The following tables present amounts that reconcile management's reporting of the historical segment information of the KKR Group and preliminary unaudited pro forma segment information of KKR to the historical unaudited combined operating results of the KKR Group and the preliminary unaudited pro forma combined operating results of KKR for the year ended December 31, 2007 and the three months ended March 31, 2008. You should read this information in conjunction with the information included under Basis of Presentation and Notes to Preliminary Unaudited Pro Forma Segment Information.

For the year ended December 31, 2007 and the three months ended March 31, 2008, the KKR Group did not record any non-cash employee compensation charges or any charges relating to the amortization of intangible assets. Accordingly, for such periods, the combined ENI of the KKR Group and the ENI of the total reportable segments is the equivalent of income before taxes. On a pro forma basis, KKR will record non-cash employee compensation charges as well as any compensation borne by KKR Holdings as described in Note (II) as well as additional non-cash charges relating to the amortization of intangible assets as described in Note (I). As a result, the pro forma consolidated ENI of KKR and the pro forma ENI of the total reportable segments is the equivalent of income before taxes, non-cash employee compensation charges associated with equity interests in the KKR business, any compensation borne by KKR Holdings, and charges relating to the amortization of intangible assets.

The items eliminated in calculating the pro forma consolidated ENI of KKR and the pro forma ENI of the total reportable segments may be significant to KKR's business: (i) income tax expense represents a necessary element of KKR's costs and its ability to generate income given that ongoing income generation is expected to result in future income tax expense; (ii) amortization may be a necessary element of KKR's costs following the Restructuring Transactions and the Acquisition; and (iii) non-cash compensation expense as well as compensation that will be borne by KKR Holdings is expected to be a recurring component of KKR's costs and KKR is expected to incur lower cash compensation costs as a result of the financial benefits provided to KKR principals through KKR Holdings and equity grants that may be made under KKR's equity incentive plan. Furthermore, any measure that eliminates compensation costs and the carrying costs associated with balance sheet assets has material limitations as a performance measure. In light of the foregoing limitations, management does not rely solely on ENI as a performance measure and also considers GAAP results. ENI is not a measure of financial performance under GAAP and should not be considered as an alternative to net income or any other measures prepared in accordance with GAAP. Because ENI is not calculated in the same manner by all companies, it may not be comparable to other similarly titled measures used by other companies. All amounts in the following tables are in thousands (\$000s).

TRANSACTION TERMS AND CONDITIONS

I. STRUCTURE OF TRANSACTION

Transaction Acquisition by KKR & Co. L.P., a Delaware limited partnership (the Purchaser), of all of the assets of KKR Private Equity Investors, L.P. (KPE or the Seller), including all of the limited partner interests in KKR PEI Investments, L.P. (the Acquired Partnership), and the assumption by KKR of all of the liabilities of the Seller. Executives of Kohlberg Kravis Roberts & Co. (together with affiliated companies, KKR) will not sell any equity in the Combined Business (as defined below) in the transaction.

Following the completion of the Transaction, the Purchaser will control the asset management of Kohlberg Kravis Roberts & Co. as well as the Acquired Partnership (the Combined Business). KPE unitholders will own 21% of the equity in the Combined Business and KKR principals will own 79% of the equity in the Combined Business, prior to taking into account any common units of the Purchaser that may be issued in connection with the CVIs.

Consideration KPE unitholders to receive for each common unit of KPE (i) 1 common unit of the Purchaser and (ii) 1 contingent value interest (CVI) of the Purchaser having the terms described below. The CVI is designed to provide KPE unitholders with an adjustment of the consideration under certain circumstances so that at the maturity date of the CVIs the combined value of (x) 1 Purchaser common unit, (y) distributions on the Purchaser common unit between the closing date and the maturity of the CVIs and (z) one CVI, will equal at least \$22.25, the net asset value per KPE common unit as of June 30, 2008, subject to the cap described below.

Transaction expected generally to be tax-free for KPE unitholders in the United States but may not be in other jurisdictions, including the United Kingdom, Canada or Luxembourg.

Conditions Precedent / Unitholder Consent Transaction conditioned on the consent of 50% plus one unit of the KPE common units outstanding (excluding, from both the numerator and the denominator, any KPE common units whose consent right is controlled by KKR or its affiliates).

Transaction subject to other customary closing conditions precedent.

Edgar Filing: KKR & Co. L.P. - Form 425

Registration/
Listing Purchaser common units (including those, if any, delivered at maturity of the CVIs) will be registered with the U.S. Securities and Exchange Commission (SEC) and listed on the New York Stock Exchange. Purchaser common units will not be listed on Euronext Amsterdam.

CVIs will be registered with the SEC, but the CVIs will not be listed on any exchange and the holders of the CVIs will not be permitted to directly or indirectly transfer, hedge or monetize their interests in the CVIs.

Upon completion of the transaction, KPE will be deregistered as an investment company in Guernsey, dissolved and delisted from Euronext Amsterdam.

KKR Principals KKR principals will retain 79% of the equity of the Combined Business at closing (prior to taking into account any common units that may be issued in connection with the CVIs). This interest will be held directly in the Group Partnerships and, pursuant to an exchange agreement, may be exchanged for units of the listed company. KKR principals will be subject to 180-day lockup and significant transfer and vesting restrictions (6-8 years). Transfer and vesting restrictions subject to waiver by KKR founders.

Distribution
Policy Intend to distribute substantially all of the cash earnings of the asset management business. Distributions to be made on a pro rata basis to KKR principals and public unitholders without priority.

Timing Closing expected during fourth quarter 2008.

II. FINANCIAL TERMS

Capitalization and Exchange Ratio KPE unitholders will in the aggregate receive approximately 204.9 million Purchaser common units in connection with the transaction, which will represent 21% of the equity of the Combined Business at closing (prior to taking into account any units that may be issued in connection with the CVIs). KKR principals will retain the remaining 79% of the equity of the Combined Business at closing (prior to taking into account any common units that may be issued in connection with the CVIs). KKR principals will not receive additional equity in connection with the transfer of cash or units to the entities through which the Combined Business is held (the Group Partnerships) in connection with the issuance of common units or payment of cash to holders of CVIs by the Purchaser.

The CVIs will in the aggregate entitle KPE unitholders to receive a maximum of an additional 6% of the equity of the Combined Business as of the closing date (or, subject to customary adjustments, a maximum of approximately 58.54 million Purchaser common units) or, at the option of the KKR principals, cash having a value equivalent thereto. If the CVIs were settled with the maximum number of Purchaser common units, the KPE unitholders would receive 27% of the equity of the Combined Business outstanding as of the closing date with KKR principals retaining the remaining 73% of the equity of the Combined Business outstanding as of such date.

Settlement and Payoff Value Each CVI will be settled at maturity for the CVI Consideration. For these purposes, CVI Consideration per CVI means, subject to the cap described below, the positive difference, if any, between (i) the Strike Price (defined below) and (ii) the greater of (A) the average volume weighted average price (VWAP) of Purchaser common units during the Averaging Period (defined below) (the Common Unit Value) and (B) the Floor Price (defined below).

The CVI Consideration may be delivered, at the option of the KKR principals, in either cash or a variable number of Purchaser common units having a value equivalent to the CVI Consideration subject to the cap described below.

In order to elect cash settlement, the KKR principals will be required to provide the Purchaser with notice of such election at least 10 days prior to the commencement of the Averaging Period.

The CVI Consideration will effectively be provided by the KKR principals. If Purchaser common units are delivered upon maturity of the CVIs, provisions in the governing agreements of the Group Partnerships will reduce the KKR principals' relative equity ownership in the Group Partnerships by the relevant amount. If CVIs are settled in cash, a cash

contribution will be made by the KKR principals to the Group Partnerships, which will then distribute the relevant amount of cash to holders of CVIs.

Cap	If the CVI Consideration is settled in Purchaser common units, the maximum aggregate number of Purchaser common units issuable in order to satisfy the CVI Consideration will be limited to 0.2857 Purchaser common units per CVI, or 6% of the equity of the Combined Business at closing (the Unit Cap). If the CVI Consideration is settled in cash, the maximum amount of cash to be delivered in order to satisfy the CVI Consideration will be limited to the amount equal to the value of the Unit Cap (based on Common Unit Value).
Strike Price	Initial strike price equal to \$22.25, the NAV per KPE common unit as of June 30, 2008 (the Strike Price). The Strike Price will be adjusted downward by the amount of any distributions paid on Purchaser common units between the closing of the transaction and maturity of the CVIs.
Floor Price	Initial floor price to equal to \$17.3056 (the Floor Price). The Floor Price will be adjusted downward by the amount of any distributions paid on Purchaser common units between the closing of the transaction and maturity of the CVIs.
Averaging Period	90 trading day period ending on 3 trading days prior to the maturity date.
Maturity Date	The earlier of 36 months from the date of the closing of the transaction or a fundamental change (as defined in the CVI Agreement).
Knockout Feature	Maturity of CVIs will be accelerated and expire without consideration if the Purchaser common units trade on a VWAP basis at or above \$24 (less the amount of any distributions paid on Purchaser common units between the closing of the transaction and end of the relevant 20-day period) for 20 consecutive trading days at any point prior to the commencement of the Averaging Period.

III. GOVERNANCE

Governance of KKR Consistent with publicly traded partnerships in the United States, the Purchaser will be managed by a general partner (the KKR General Partner). The KKR General Partner will have a board of directors with the following features:

- A majority of the board will be independent under New York Stock Exchange standards
- Henry Kravis and George Roberts will serve as Co-CEOs and Co-Chairmen of the KKR General Partner
- The board will have an audit committee consisting entirely of independent directors and at least one financial expert under NYSE and SEC rules
- The board will have a conflicts committee consisting entirely of independent directors that will be responsible for reviewing and approving specific matters that the board of directors believes may involve a conflict of interest
- The board will have a nominating and corporate governance committee

Ownership interests in the KKR General Partner will be held by KKR principals and certain actions of the KKR General Partner may not be taken without the consent of a majority of those shareholders.

Voting Rights Holders of Purchaser common units will be entitled to vote to approve the following matters:

- Sale of all or substantially all of the assets of the Purchaser
- Merger or consolidation of the Purchaser
- Withdrawal of the KKR General Partner as the general partner of the Purchaser
- Amendments to the Purchaser charter that are materially adverse to the holders of the Purchaser common units

Edgar Filing: KKR & Co. L.P. - Form 425

KKR principals will hold special voting rights representing their economic interest in Group Partnerships (79% at closing) and will thus control any vote of holders of Purchaser common units immediately after closing.
