Past performance cannot predict future results. Performance will fluctuate with market conditions. Current performance may be lower or higher than the performance data shown. Performance information does not reflect the deduction of taxes that shareholders would pay on Fund distributions or the sale of Fund shares. An investment in the Fund involves risk, including loss of principal.

Shares of closed-end funds frequently trade at a discount to net asset value. The price of the Fund s shares is determined by a number of factors, several of which are beyond the control of the Fund. Therefore, the Fund cannot predict whether its shares will trade at, below or above net asset value.

LIBERTY ALL-STAR® GROWTH FUND PRESIDENT S LETTER July 2008

#### **Fellow Shareholders:**

The second quarter got off to a promising start, as broad market indices posted gains in April and May after declining for five straight months from November through March. June, however, proved to be a different story, as it dashed investors hopes and led most equity indices to post double-digit declines for the first half of 2008. As shareholders may have read already, it was the worst June for the Dow Jones Industrial Average since the Great Depression. Looking at more recent history, it was the third straight quarterly decline for the S&P 500 Index, and the worst second quarter since 2002.

Growth stocks outperformed value, which helped Liberty All-Star Growth Fund turn in a positive quarter. We will comment on Fund performance shortly.

In the second quarter, the woes that have plagued stock markets since the latter half of 2007 continued with a vengeance. Oil and other commodity prices soared to record levels. The housing market remained in the doldrums. Unemployment ticked upward and consumer sentiment fell to its lowest level since 1980. And the credit crisis, with all its far-reaching implications, seemed to raise new doubts about the stability of financial institutions large and small. In fact, financials were the poorest performing sector, as banks and financial institutions took write-downs and reported disappointing earnings. With vehicle sales falling dramatically, General Motors Corp. lost 40 percent of its value during the quarter. Twenty-two of 30 Dow Industrial stocks closed the quarter in the red.

Volatility moderated somewhat over the quarter, but it would be hard to convince many investors of that. As measured by the Volatility Index (VIX), volatility was 108 percent higher in the first quarter of 2008 than in the year-earlier period. The VIX declined in the second quarter but was still 51 percent higher on average than it was in the second quarter of 2007.

At June 30, the S&P 500 Index had fallen 2.7 percent for the quarter and 11.9 percent for the first half. The Nasdaq Composite Index actually rose 0.8 percent, but was off 13.2 percent for the half. An active growth style benchmark, the Lipper Multi-Cap Growth Mutual Fund Average gained 1.7 percent for the quarter but was 10.8 percent lower for the half. The Russell 3000 Growth Index returned 1.5 percent for the quarter, but was down 9.0 percent for the half.

Turning to Liberty All-Star Growth Fund, the Fund s net asset value (NAV) and NAV with dividends reinvested both rose 3.0 percent in the second quarter. Shares valued at market price with dividends reinvested did not quite keep pace, rising 1.7 percent as the discount to NAV at which shares trade widened. For the first half, the Fund s NAV declined 10.8 percent and NAV with dividends reinvested fell 10.6 percent. Shares valued at market price with dividends

www.all-starfunds.com ASG

reinvested declined 17.3 percent, once again reflecting a widening of the discount, which grew to as much as 10.1 percent during the quarter, a trend that has impacted many closed-end funds during this period of heightened market volatility.

This quarter s investment manager interview is with Matt Weatherbie, CFA, President and Founder of M. A. Weatherbie & Co., Inc., the Fund s small cap growth manager. In a market that is clearly in the grip of emotion, Matt Weatherbie continues to pick quality small cap stocks on a bottom-up basis that is, investing in companies with sound fundamentals and solid long-term prospects.

We are pleased that despite the current upheaval or, more likely, because of it investors are focused on the type of high quality growth stocks that have always been the hallmark of the Fund. Obviously, we are disappointed in a widening of the discount and its impact on the price of Fund shares. Still, through June this year, the Fund comfortably ranks in the top half of the Lipper Multi-Cap Growth universe. We will continue to monitor the Fund and the broader markets and act in accord with our objective of consistent long-term returns for shareholders.

Sincerely,

William R. Parmentier, Jr. President Liberty All-Star Growth Fund, Inc.

#### DISTRIBUTION POLICY

Liberty All-Star Growth Fund, Inc. s current policy, in effect since 1997, is to pay distributions on its shares totaling approximately 10 percent of its net asset value per year, payable in four quarterly installments of 2.5 percent of the Fund s net asset value at the close of the New York Stock Exchange on the Friday prior to each quarterly declaration date. The fixed distributions are not related to the amount of the Fund s net investment income or net realized capital gains or losses and may be taxed as ordinary income up to the amount of the Fund s current and accumulated earnings and profits. If, for any calendar year, the total distributions made under the 10 percent pay-out policy exceed the Fund s net investment income and net realized capital gains, the excess will generally be treated as a non-taxable return of capital, reducing the shareholder s adjusted basis in his or her shares. If the Fund s net investment income and net realized capital gains for any year exceed the amount distributed under the 10 percent pay-out policy, the Fund may, in its discretion, retain and not distribute net realized capital gains and pay income tax thereon to the extent of such excess.

#### DIVIDEND REINVESTMENT PLAN

Each registered shareholder of the Fund will automatically be a participant in the Fund s Automatic Dividend Reinvestment and Cash Purchase Plan unless the shareholder specifically elects otherwise by writing to the Plan Agent, Computershare Trust Company, N.A., P.O. Box 43078, Providence, RI 02940-3078 or by calling 1-800-LIB-FUND (1-800-542-3863). If your shares are held for you by a broker, bank or other nominee, you should contact the institution holding your shares as to whether or not you wish to participate in the Plan. Participants in the Plan have their dividends automatically reinvested in additional shares of the Fund, and are kept apprised of the status of their account through quarterly statements.

#### MANAGERS DIFFERING INVESTMENT STRATEGIES ARE REFLECTED IN PORTFOLIO CHARACTERISTICS

The portfolio characteristics table below is a regular feature of the Fund s shareholder re-ports. It serves as a useful tool for understanding the value of the Fund s multi-managed portfolio. The characteristics are different for each of the Fund s three investment managers. These differences are a reflection of the fact that each has a different capitalization focus and investment strategy. The shaded column highlights the characteristics of the Fund as a whole, while the first three columns show portfolio characteristics for the Russell Smallcap, Midcap and Largecap Growth indices. See page 28 for a description of these indices.

LIBERTY	ALL-STAR® GROWTH FUND
	MANAGER INTERVIEW

Matthew A. Weatherbie,
CFA
M.A. Weatherbie & Co., Inc
Bottom-up, quality orientation helps M.A. Weatherbie navigate through difficult stock market
M.A. Weatherbie & Co. manages the portion of the Liberty All-Star Growth Fund that is allocated to small cap growth stocks. M.A. Weatherbie focuses on high quality companies that demonstrate superior earnings growth prospects, yet are reasonably priced relative to their intrinsic value. The firm seeks to provide superior returns relative to small capitalization growth indices over a full market cycle. Recently, we spoke with the firm s President and founder, Matthew A. Weatherbie, CFA. The Fund s Investment Adviser, ALPS Advisers, Inc., moderated the interview.
How, in general, are companies in the portion of the Liberty All-Star Growth Fund that you manage performing in this difficult economic environment?
Our companies are generally performing quite well. Their business models are recession-resilient and, over-all, our companies managements are doing a good job of controlling costs in the short term, while continuing to invest in growth initiatives for the long term. We continue to expect double-digit earnings growth for companies in our portfolio in 2008. This expectation is unchanged from four months ago, despite an uneven and generally weak economy.
When we get into these difficult markets, do you do anything differently? Obviously, you are going to adhere to your style and strategy. We mean, for instance, trading, or doubling up on due diligence, monitoring portfolio companies more closely.
In these difficult times, the weak economy and scary headlines make it that much more important to closely monitor portfolio companies which

we are doing. In addition, the stock market has recently been marked by declining liquidity among smaller cap stocks and volatile stock price movements up and down. We are attempting to capitalize on this by trading a little more

actively around position sizes trimming back stocks that have shot up in price while adding to those that have recently been under pressure.

[There has been] declining liquidity among smaller cap stocks and volatile stock price movements up and down. We are attempting to capitalize on this

What is a stock in the portion of the Liberty All-Star Growth Fund that you manage that has been a good performer year to date through June 30?

IHS has been a good performer in a difficult 2008, continuing its significant out performance since being purchased two years ago. The company provides databases and

related services to help engineering and energy clients improve efficiency and profitability. IHS has a great subscription-based business model, a global customer base 50 percent of revenues come from outside the U.S. and essential products that are needed for energy exploration and development, security and environmental impact, and engineering standards. As the company essentially sells the same information over and over to a growing contingent of global customers, margins are expanding. Free cash flow is 150 percent of net income.

We continue to expect double-digit earnings growth for companies in our portfolio in 2008.

The energy situation is creating new opportunities for alternative sources—everything from solar to wind to fuel cells and much more. Typically, alternative energy—including green energy—is an area that might be pioneered by smaller companies. Do you see opportunities for small cap growth in this space, even if it—s a few years off?

The challenge in terms of new opportunities for alternative energy sources is finding smaller cap growth companies that meet our stringent quality criteria. Solar panels tend to be commodities, for example. One company we do own is Kaydon Corporation, a quality manufacturer of large diameter bearings and other highly engineered products. These bearings are used in wind turbines and Kaydon is the supplier to General Electric, which sees substantial growth in the wind turbine market. Some of our other holdings would also be beneficiaries. These include previously mentioned IHS (engineering standards for new industrial products), Fastenal (a national distributor of industrial fasteners and related products) and Stantec (a broad-based supplier of engineering and construction services in North America), as well as ANSYS (the leader in simulation soft- ware used in new product development).

Are there other areas sectors or industries that you are keeping your eye on for their future potential as launching pads for successful small cap companies?

The economy is likely in the early stages of significant change as sky-high commodity prices will lead to reduced demand and increased supplies over a multi-year period. While we are bottom-up and not top-down investors, we will be mindful of these trends, so as to invest in the beneficiaries of this coming change, not its victims.

Many thanks for a good interview.

LIBERTY ALL-STAR® GROWTH FUND
NOTES TO FINANCIAL STATEMENTS
I 20 2000 (II 1:4 - 1)

June 30, 2008 (Unaudited)

Liberty All-Star Growth Fund, Inc. (the	Fund ) is a Maryland corporation registered under the Investment Company Act of 1940 (the	Act ), as
amended, as a diversified, closed-end ma	nagement investment company.	

#### **Investment Goal**

The Fund seeks long-term capital appreciation.

#### **Fund Shares**

The Fund may issue 60,000,000 shares of common stock at \$0.10 par.

#### NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

## **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements.

#### **Security Valuation**

Equity securities are valued at the last sale price at the close of the principal exchange on which they trade, except for securities listed on the NASDAQ which are valued at the NASDAQ official closing price. Unlisted securities or listed securities for which there were no sales during the day are valued at the closing bid price on such exchanges or over-the-counter markets.

Short-term debt obligations maturing in more than 60 days for which market quotations are readily available are valued at current market value. Short-term debt obligations maturing within 60 days are valued at amortized cost, which approximates market value.
Investments for which market quotations are not readily available are valued at fair value as determined in good faith under consistently applied procedures approved by and under the general supervision of the Board of Directors.
Foreign Securities
The Fund invests in foreign securities which mayinvolveanumberofriskfactorsandspecial considerations not present with investments in securities of U.S. corporations.
Security Transactions
Security transactions are accounted for on the trade date. Cost is determined and gains (losses) are based upon the specific identification method for both financial statement and federal income tax purposes.
Repurchase Agreements
The Fund may engage in repurchase agreement transactions with institutions that the Fund s investment adviser has determined are creditworthy. The Fund, through its custodian, receives delivery of underlying securities collateralizing a repurchase agreement. Collateral is at least equal, at all times, to the value of the repurchase obligation including interest. A repurchase agreement transaction involves certain risks in the event of default or insolvency of the counterparty. These risks include possible delays or restrictions upon a Fund s ability to dispose of the underlying securities and a possible decline in the value of the underlying securities during the period while the Fund seeks to assert its rights.
Income Recognition
Interest income is recorded on the accrual basis. Corporate actions and dividend income are recorded on the ex-date.

#### **Fair Value Measurements**

The Fund adopted the provisions of Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157 (FAS 157), Fair Value Measurements, on January 1, 2008. FAS 157 established a three-tier hierarchy to establish classification of fair value measurements for disclosure purposes. Inputs refer broadly to the assumptions that market participants would use in pricing the asset or liability, including assumptions about risk. Inputs may be observable or unobservable. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability that are developed based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity s own assumptions about the assumptions market participants would use in pricing the asset or liability that are developed based on the best information available.

Various inputs are used in determining the value of the Fund s investments as of the end of the reporting period. These inputs are categorized in the following hierarchy under applicable financial accounting standards:

Level 1 Quoted prices in active markets for identical investments

Level 2 Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)

Level 3 Significant unobservable inputs (including the Fund s own assumptions in determining the fair value of investments)

The following is a summary of the inputs used to value the Fund s investments as of June 30, 2008.

Valuation Inputs	Investments in Securities	Other Financial Instruments*
Level 1- Quoted Prices	\$ 145,620,680	
Level 2- Other Significant Observable Inputs	\$ 3,086,000	
Level 3- Significant Unobservable Inputs	\$ 0	
Total	\$ 148,706,680	

*	other financial instruments are derivative investments not reflected in the Schedule of Investments such as	
futures,	rwards and swap contracts, which are valued at the unrealized appreciation/depreciation on the investmen	t.

For the six months ended June 30, 2008, the Fund did not have significant unobservable inputs (Level 3) used in determining fair value. Therefore, a reconciliation of assets in which significant unobservable inputs (Level 3) were used in determining fair value is not applicable.

#### **Federal Income Tax Status**

Consistent with the Fund s policy to qualify as a regulated investment company and to distribute all of its taxable income to shareholders, no federal income tax has been accrued.

#### **Distributions to Shareholders**

The Fund currently has a policy of paying distributions on its common shares totaling approximately 10% of its net asset value per year. The distributions are payable in four quarterly distributions of 2.5% of the Fund s net asset value at the close of the New York Stock Exchange on the Friday prior to each quarterly declaration date. Distributions to shareholders are recorded on ex-date.

June 30, 2008 (Unaudited)

#### Indemnification

In the normal course of business, the Fund enters into contracts that contain a variety of representations and warranties and which provide general indemnities. The Fund s maximum exposure under these arrangements is unknown, as this would involve future claims against the Fund. Also, under the Fund s organizational documents and by contract, the Directors and Officers of the Fund are indemnified against certain liabilities that may arise out of their duties to the Fund. However, based on experience, the Fund expects the risk of loss due to these warranties and indemnities to be minimal.

#### **Recent Accounting Pronouncements**

Effective January 1, 2007, the Fund adopted FASB Interpretation No. 48 (FIN 48) Accountingfor Uncertainty in Income Taxes, which requires that the financial statement effects of a tax position taken or expected to be taken in a tax return be recognized in the financial statements when it is more likely than not, based on the technical merits, that the position will be sustained upon examination. Management has concluded that the Fund has taken no uncertain tax positions that require adjustment to the financial statements to comply with the provisions of FIN 48. The Fund files income tax returns in the U.S. federal jurisdiction and the State of Colorado. The statute of limitations on the Fund's federal tax return filings remains open for the years ended December 31, 2004 through December 31, 2007. The Fund's Colorado tax return filings remain open for the years ended December 31, 2006 through December 31, 2007. To our knowledge there are no federal or Colorado income tax returns currently under examination.

In March 2008, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 161 (FAS 161), Disclosures about Derivative Instruments and Hedging Activities. FAS 161 is intended to improve financial reporting about derivative instruments and hedging activities. It is effective for financial statements issued for fiscal years and interim periods beginning after November 15, 2008. Management has begun to evaluate the impact the adoption of FAS 161 will have on the Funds financial statement disclosures.

### NOTE 3. FEDERAL TAX INFORMATION

The timing and character of income and capital gain distributions are determined in accordance with income tax regulations, whichmay differ from GAAP. Reclassifications are made to the Funds capital accounts for permanent tax differences to reflect income and gains available for distribution (or available capital loss carryforwards) under income tax regulations.

For the year ended December 31, 2007, permanent book and tax basis differences resulting primarily from differing treatments for net operating losses and prior year excess distributions were identified and reclassified among the components of the Fund s net assets as follows:

Accumulated		Accumulated	
Net Investment		Net Realized	Paid-In
Loss		Gain	Capital
\$ 83	39,305 \$	(4,654,351	3,815,046

Net investment income and net realized gains (losses), as disclosed on the State- ment of Operations, and net assets were not affected by this reclassification.

## Classification of Distributions to Shareholders

The tax character of distributions paid during the year ended December 31, 2007 was as follows:

		12/31/07
Distributions paid from:		
Ordinary income		\$ 4,189,031
Long-term capital gain		16,571,781

As of December 31, 2007, the components of distributable earnings on a tax basis were as follows:

Undistributed	Undistril		
Ordinary	Long To		Net Unrealized
Income	Capital (	Gains	Appreciation*
\$	1,705 \$	28,271 \$	33,781,516

<sup>\*</sup> The differences between book-basis and tax-basis net unrealized appreciation are primarily due to deferral of losses from wash sales.

#### NOTE 4. FEES AND COMPENSATION PAID TO AFFILIATES

## **Investment Advisory Fee**

ALPS Advisers, Inc. ( AAI ), serves as the investment adviser to the Fund. AAI receives a monthly investment advisory fee based on the Fund s average daily net assets at the following annual rates:

Average Daily Net Assets	Annual Fee Rate
First \$300 million	0.80%
Over \$300 million	0.72%

Under Portfolio Management Agreements, AAI pays each Portfolio Manager a portfolio management fee based on the assets of the investment portfolio that they manage. The portfolio management fee is paid from the investment advisory fees collected by AAI and is based on the Fund s average daily net assets at the following annual rates:

Average Daily Net Assets Ann	
First \$300 million	0.40%
Over \$300 million	0.36%

## Administration, Pricing and Bookkeeping Fees

ALPS Fund Services, Inc. ( ALPS ) provides administrative and other services to the Fund for a monthly administration fee based on the Fund s average daily net assets at the following annual rates:

Average Daily Net AssetsAnnual Fee RateFirst \$300 million0.20%Over \$300 million0.18%

In addition, ALPS provides pricing and bookkeeping services to the Fund for an annual fee consisting of: (i) \$38,000 paid monthly plus an additional monthly fee based on the level of average daily net assets for the month; and (ii) a multi- manager fee based on the number of portfolio managers; provided that during any 12-month period, the aggregate amount of (i) shall not exceed \$140,000 (exclusive of out-of-pocket expenses and charges).

The Fund also reimburses ALPS for out-of- pocket expenses and charges, including fees payable to third parties for pricing the Fund s portfolio securities and direct internal costs incurred by ALPS in connection with providing fund accounting oversight and monitoring and certain other services.

#### **Custody Credits**

The Fund has an agreement with its custodian bank under which custody fees may be reduced by balance credits. These credits are recorded as a reduction of total expenses on the Statement of Operations. The Fund could have invested a portion of the assets utilized in connection with the expense offset arrangement in an income- producing asset if it had not entered into such an agreement.

#### Fees Paid to Officers

All officers of the Fund are employees of AAI or its affiliates, and receive no compensation from the Fund. The Board of Directors has appointed a Chief Compliance Officer to the Fund in accordance with federal securities regulations.

# LIBERTY ALL-STAR® GROWTH FUND RE-APPROVAL OF THE INVESTMENT ADVISORY CONTRACTS

June 30, 2008 (Unaudited)

#### BOARD CONSIDERATION AND RE-APPROVAL OF THE INVESTMENT ADVISORY CONTRACTS

The Investment Company Act of 1940 requires that the Board of Directors of the Fund (the Board), including all of the Directors who are not interested persons of the Fund (Independent Directors), annually review the Fund s investment advisory agreements and consider whether or not to re-approve them for an additional year. At its meeting on June 11, 2008, the Board, including the Independent Directors, with the exception of Mr. John Benning who was unavoidably absent, conducted such a review and approved the continuation of the Fund Management Agreement between the Fund and ALPS Advisers, Inc. (AAI) and the three separate Portfolio Management Agreements, each among the Fund, AAI and a Portfolio Manager (each, an Agreement) (Chase Investment Counsel Corporation; M.A. Weatherbie & CO., Inc.; and TCW Investment Management Company, each a Portfolio Manager and collectively the Portfolio Managers). Prior to the Board action, the Independent Directors met to consider management is recommendations as to the renewal of each Agreement. As part of the process to consider these matters, legal counsel to the Independent Directors requested certain information from AAI and each Portfolio Manager. In response to these requests, the Independent Directors received extensive reports from AAI and each Portfolio Manager that addressed specific factors designed to inform the Board is consideration of the Agreements. Counsel also provided the Independent Directors and the Board with a memorandum detailing their responsibilities pertaining to the renewal of each Agreement. Based on its evaluation of all material factors, the Board unanimously concluded that the terms of each Agreement were reasonable and fair and that the renewal of each Agreement was in the best interests of the Fund and its shareholders.

In voting to approve the continuation of each Agreement, the Board did not identify any single factor as all-important or controlling. The following summary does not detail all the matters considered by the Board, but provides a summary of the material matters it considered. The Board considered whether each Agreement would be in the best interests of the Fund and its shareholders, an evaluation based on: (1) the nature, extent and quality of the services to be provided under each Agreement; (2) the investment performance of the Fund; (3) the cost to the Fund (including management fees and expense ratios) of the services provided and profits realized by AAI and its affiliates from their relationships with the Fund and with respect to other funds and accounts managed by AAI; (4) the extent to which economies of scale would be realized as the Fund grows and whether fee levels will reflect economies of scale for the benefit of shareholders; (5) potential fall-out benefits to AAI and each Portfolio Manager from their relationships with the Fund; and (6) other general information about AAI and each Portfolio Manager. The following is a summary of the Board s discussion and conclusions regarding these matters.

## NATURE, EXTENT AND QUALITY OF THE SERVICES PROVIDED

The Directors considered the nature, extent and quality of the portfolio manager selection, evaluation and monitoring services provided by AAI, and the portfolio management services provided by each Portfolio Manager, in light of the investment objective of the Fund. In connection with its review, the Board considered AAI s long-term history of care and conscientiousness in the management of the Fund and the administrative services provided to the Fund by AAI and its affiliates. The Board also considered each Portfolio Manager s demonstrated consistency in investment approach. It reviewed the background and experience of the personnel at AAI

responsible for portfolio manager selection, evaluation and monitoring for the Fund and the Portfolio Managers personnel responsible for managing the Fund s portfolio. The Board also considered the compliance records of AAI and each Portfolio Manager. The Board concluded that the nature, extent and quality of the services provided by AAI and the respective Portfolio Managers to the Fund were appropriate and consistent with the terms of the respective Agreements and that the Fund was likely to continue to benefit from services provided under the Agreements. The Board also concluded that the quality of those services had been consistent with or superior to quality norms in the industry and that AAI and the respective Portfolio Managers had sufficient personnel, with the appropriate education and experience, to serve the Fund effectively and had demonstrated their continuing ability to attract and retain well-qualified personnel. Finally, the Board concluded that the financial condition of each of AAI and the respective Portfolio Managers was sound.

#### INVESTMENT PERFORMANCE

The Board reviewed the long-term and short-term investment performance of the Fund and other investment companies and other accounts managed by the Portfolio Managers. The performance information provided demonstrated to the Directors a generally consistent pattern of favorable long-term performance for shareholders of the Fund.

# COSTS OF THE SERVICES PROVIDED TO THE FUND AND THE PROFITS REALIZED BY AAI FROM ITS RELATIONSHIP WITH THE FUND

The Board reviewed the fees paid by the Fund to AAI and the fees paid by AAI to the Portfolio Managers as well as information provided by AAI about the rates of compensation paid to investment advisers, and overall expense ratios, for funds comparable in size, character and investment strategy to the Fund. The Board also compared the Fund s management fees to the fees charged by AAI and the Portfolio Managers to their other accounts, including fees for institutional accounts. The Board considered that the Portfolio Managers were paid by AAI, not the Fund. The Board also considered the differences in the level of services provided and the differences in responsibility of AAI and the Portfolio Managers to the Fund and to other accounts. The Board also reviewed the fee breakpoint schedule that lowers the advisory fee rate as the Fund s assets increase. The Board concluded that the management fees payable by the Fund to AAI and the fees payable by AAI to the Portfolio Managers were reasonable in relation to the nature and quality of the services provided, taking into account the fees charged by other advisors for managing comparable funds with similar strategies and the fees AAI and the Portfolio Managers charge to other clients.

### PROFITABILITY AND COSTS OF SERVICES TO AAI

The Board reviewed reports of the financial position of each of AAI and the Portfolio Managers. The Board determined that the profitability of AAI was reasonable in relation to the services provided and to the costs of providing fund management services to the Fund. The Directors also considered the potential fall-out benefits (including the receipt of research products and services from unaffiliated brokers) that AAI or the Portfolio Managers might receive in connection with their association with the Fund, and acknowledged AAI s and each Portfolio Manager s well-established stand-alone management relationships independent of the Fund and the regulatory risks each assumed in connection with the management of the Fund.

# EXTENT OF ECONOMIES OF SCALE AS THE FUND GROWS AND WHETHER FEE LEVELS REFLECT ECONOMIES OF SCALE

The Board reviewed the fee breakpoint schedule and concluded that it reflects certain economies of scale with respect to the selection, evaluation and monitoring of Portfolio Managers and other services by AAI and the management of Fund assets by each Portfolio Manager.

The Board also considered its long association with AAI and AAI s relationships with the Portfolio Managers and their personnel, and the Board s familiarity with their culture to evaluate the services to be provided. The Board will meet at least four times per year in order to oversee the operations of the Fund. At such meetings, AAI and the Portfolio Managers will submit and/or make presentations and discuss performance, compliance and other relevant issues.

Not Applicable to this Report.
Item 4. Principal Accountant Fees and Services.
Not Applicable to this Report.
Item 5. Audit Committee of Listed Registrants.
Not Applicable to this Report.
Item 6. Schedule of Investments
The registrant s Schedule I Investments in securities of unaffiliated issuers (as set forth in 17 CFR 210.12-12) is included in Item 1 of this Form N-CSR.
Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.
The Fund has delegated to ALPS Advisers, Inc. (the Adviser ) the responsibility to vote proxies relating to portfolio securities held by the Fund. In deciding to delegate this responsibility to the Adviser, the Fund s Board reviewed and approved the policies and procedures adopted by the Adviser. These included the procedures that the Adviser follows when a vote presents a conflict between the interests of the Fund and its shareholders and the Adviser, its affiliates, its other clients or other persons.

The Adviser s policy is to vote all proxies for Fund securities in a manner considered by the Adviser to be in the best interest of the Fund and its shareholders without regard to any benefit to the Advisor, its affiliates, its other clients or other persons. The Adviser or an affiliate examines each proposal and votes against the proposal, if, in its judgment, approval or adoption of the proposal would be expected to impact adversely the current or potential market value of the issuer s securities. The Adviser or an affiliate also examines each proposal and votes the proxies against the proposal, if, in its judgment, the proposal would be expected to affect adversely the best interest of the Fund. The Adviser or an affiliate determines the best interest of the Fund in light of the potential economic return on the Fund s investment.

The Adviser addresses potential material conflicts of interest by having predetermined voting guidelines. For those proposals that require special consideration or in instances where special circumstances may require varying from the predetermined guideline, a Proxy Committee determines the vote in the best interest of the Fund, without consideration of any benefit to the Adviser, its affiliates, its other clients or other persons. The Proxy Committee is composed of representatives of equity investments, equity research, compliance, legal and fund administration functions. In addition to the responsibilities described above, the Proxy Committee has the responsibility to review, on a semi-annual basis, the Adviser's proxy voting policies to ensure consistency with internal and regulatory agency policies and to develop additional predetermined voting guidelines to assist in the review of proxy proposals.

The Proxy Committee may vary from a predetermined guideline if it determines that voting on the proposal according to the predetermined guideline would be expected to impact adversely the current or potential market value of the issuer s

securities or to affect adversely the best interest of the client. References to the best interest of a client refer to the interest of the client in terms of the potential economic return on the client s investment. In determining the vote on any proposal, the Proxy Committee does not consider any benefit other than benefits to the owner of the securities to be voted. A member of the Proxy Committee is prohibited from voting on any proposal for which he or she has a conflict of interest by reason of a direct relationship with the issuer or other party affected by a given proposal. Persons making recommendations to the Proxy Committee or its members are required to disclose to the Committee any relationship with a party making a proposal or other matter known to the person that would create a potential conflict of interest.

The Adviser has retained Institutional Shareholder Services ( ISS ), a third party vendor, to implement its proxy voting process. ISS provides proxy analysis, record keeping services and vote disclosure services.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

Not Applicable to this Report.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

During the six months ended June 30, 2008, there were no purchases made by or on behalf of the registrant or any  $\alpha$  affiliated purchaser, as defined in Rule 10b-18(a)(3) under the Securities Exchange Act of 1934 (Exchange Act), of shares or other units of any class of the registrant  $\alpha$  sequity securities that are registered by the registrant pursuant to Section 12 of the Exchange Act.

Item 10. Submission of Matters to a Vote of Security Holders.

There have not been any material changes to the procedures by which shareholders may recommend nominees to the registrant s board of directors, since those procedures were last disclosed in response to the requirements of this Item.

#### Item 11. Controls and Procedures.

(a) The registrant s principal executive officer and principal financial officers, based on their evaluation of the registrant s disclosure controls and procedures as of a date within 90 days of the filing of this report, have concluded that such controls and procedures are adequately designed to ensure that information required to be disclosed by the registrant in Form N-CSR is accumulated and communicated to the registrant s management, including the principal executive officer and principal financial officer, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure.

(b) There were no changes in the registrant s internal control over financial reporting that occurred during the

registrant s second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant s internal control over financial reporting.
