Where to Find Additional Information

Prospect intends to file with the Securities and Exchange Commission (SEC) a registration statement, which will contain a prospectus relating to the securities Prospect intends to issue in the proposed Merger, and a preliminary proxy statement in connection with the proposed Merger and to mail a definitive proxy statement and other relevant documents to Prospect stockholders and warrant holders. Stockholders and warrant holders of Prospect and other interested persons are advised to read, when available, Prospect s preliminary proxy statement, and amendments thereto, and definitive proxy statement in connection with Prospect s solicitation of proxies for the special meeting to be held to approve the Merger because these proxy statements will contain important information about Kennedy Wilson, Prospect and the proposed Merger. The definitive proxy statement will be mailed to stockholders and warrant holders as of a record date to be established for voting on the Merger. Stockholders and warrant holders will also be able to obtain a copy of the preliminary and definitive proxy statements, without charge, once available, at the SEC s Internet site at <http://www.sec.gov> or by directing a request to: Prospect Acquisition Corp., 9130 Galleria Court, Suite 318, Naples, FL 34109, telephone (239) 254-4481.

Prospect and its directors and officers may be deemed participants in the solicitation of proxies from Prospect s stockholders and warrant holders. A list of the names of those directors and officers and descriptions of their interests in Prospect is contained in Prospect s prospectus dated November 14, 2007, which is filed with the SEC, and will also be contained in Prospect s proxy statement when it becomes available. Prospect s stockholders and warrant holders may obtain additional information about the interests of its directors and officers in the Merger by reading Prospect proxy statement when it becomes available.

Cautionary Statements Regarding Forward-Looking Statements
