Item 1.01 Entry into a Material Definitive Agreement

Underwritten Public Offering of Common Stock

On April 29, 2015, Echo Global Logistics, Inc. (the Company) entered into an underwriting agreement (the Common Stock Underwriting Agreement) with Morgan Stanley & Co. LLC and Credit Suisse Securities (USA) LLC, as managers of the several underwriters named in Schedule II thereto (collectively, the Common Stock Underwriters), pursuant to which the Company agreed to sell and the Common Stock Underwriters agreed to purchase, upon the terms and subject to the conditions set forth therein, 5,000,000 shares of common stock, \$0.0001 par value per share (the Common Stock), of the Company in a registered public offering. The Company has granted the Common Stock Underwriters an option to purchase up to an additional 750,000 shares of Common Stock within 30 days of the date of the Common Stock Underwriting Agreement.

The Company estimates that the net proceeds from the sale of Common Stock, after deducting underwriting discounts and commissions and estimated offering expenses payable by the Company, will be approximately \$137.0 million (or approximately \$157.7 million if the Common Stock Underwriters exercise in full their option to purchase additional shares of Common Stock). The Company expects to use all of the net proceeds from the sale of Common Stock and Notes (as defined below) (together with borrowings under a new \$200 million asset-based lending facility) to finance the Company's previously announced acquisition of 100% of the outstanding membership units of Command Transportation, LLC (the Command Acquisition). If the Command Acquisition is not consummated, the Company will use the net proceeds from the sale of the Common Stock for working capital and general corporate purposes.

The offering of Common Stock was made pursuant to the Company's effective registration statement on Form S-3 (File No. 333-202317) initially filed with the Securities and Exchange Commission (the SEC) on February 26, 2015 and a related prospectus supplement. The description of the Common Stock Underwriting Agreement is qualified in its entirety by reference to the Common Stock Underwriting Agreement filed as Exhibit 1.1 to this Current Report on Form 8-K and incorporated herein by reference.

Underwritten Public Offering of 2.50% Convertible Senior Notes due 2020

On April 29, 2015, the Company entered into an underwriting agreement (the Notes Underwriting Agreement) with Morgan Stanley & Co. LLC and Credit Suisse Securities (USA) LLC, as managers of the several underwriters named in Schedule II thereto (collectively, the Notes Underwriters), pursuant to which the Company agreed to sell and the Notes Underwriters agreed to purchase, upon the terms and subject to the conditions set forth therein, \$200 million aggregate principal amount of the Company's 2.50% Convertible Senior Notes due 2020 (the Notes) in a registered public offering. The Company has granted the Notes Underwriters an option to purchase up to an additional \$30 million aggregate principal amount of Notes within 30 days of the date of the Notes Underwriting Agreement.

The Company estimates that the net proceeds from sale of the Notes, after deducting underwriting discounts and commissions and estimated offering expenses payable by the Company, will be approximately \$193.3 million (or approximately \$222.4 million if the Notes Underwriters exercise in full their option to purchase additional Notes). The Company expects to use all of the net proceeds from the sale of Notes and Common Stock (together with borrowings under a new \$200 million asset-based lending facility) to finance the Command Acquisition. If the Command Acquisition is not consummated, the Company will use the net proceeds from the sale of the Notes to fund the redemption of the Notes (if the Company so elects) or for working capital and general corporate purposes.

Edgar Filing: Echo Global Logistics, Inc. - Form 8-K

The offering of Notes was made pursuant to the Company's effective registration statement on Form S-3 (File No. 333-202317) filed with the SEC on April 14, 2015 and a related prospectus supplement. The description of the Notes Underwriting Agreement is qualified in its entirety by reference to the Notes Underwriting Agreement filed as Exhibit 1.2 to this Current Report on Form 8-K and incorporated herein by reference.

Indenture

The Company issued the Notes pursuant to an Indenture, dated May 5, 2015 (the Base Indenture), between the Company and U.S. Bank National Association, as trustee (the Trustee), as supplemented by a First

Supplemental Indenture, dated May 5, 2015, between the Company and the Trustee (the First Supplemental Indenture, and together with the Base Indenture, the Indenture). The Indenture provides, among other things, that the Notes will be senior unsecured obligations of the Company. The Notes will bear interest at a rate of 2.50% per year, payable semiannually in arrears on May 1 and November 1 of each year, beginning on November 1, 2015. The Notes will be convertible, under certain circumstances and during certain periods, into cash, shares of Common Stock, or a combination of cash and shares of Common Stock at the Company's election, at an initial conversion rate of 25.5428 shares of Common Stock per \$1,000 principal amount of Notes, which is equivalent to an initial conversion price of approximately \$39.15 per share of Common Stock. The Notes will mature on May 1, 2020, unless repurchased, redeemed or converted in accordance with their terms prior to such date. If the purchase agreement relating to the Command Acquisition is terminated, the Company may redeem all, but not less than all, of the outstanding Notes for cash on a redemption date to occur on or prior to November 3, 2015.

The Indenture provides for customary events of default that include, among other things (subject in certain cases to customary grace and cure periods): (i) non-payment of principal, interest or the redemption price; (ii) failure to convert the Notes in accordance with the terms of the Indenture; (iii) breach of certain covenants contained in the First Supplemental Indenture or the Notes; (iv) the failure to pay certain other indebtedness or the acceleration of certain other indebtedness prior to maturity if the total amount of such indebtedness unpaid or accelerated exceeds \$20 million or its foreign currency equivalent; (v) the rendering of a final and nonappealable judgment for the payment of money in excess of \$20 million or its foreign currency equivalent; and (vi) certain events of bankruptcy or insolvency. Generally, if an event of default occurs (subject to certain exceptions), the Trustee or the holders of at least 25% in aggregate principal amount of the then outstanding Notes may declare all of the Notes to be due and payable immediately.

The descriptions of the Base Indenture and the First Supplemental Indenture are qualified in their entirety by reference to the Base Indenture and the First Supplemental Indenture filed as Exhibits 4.1 and 4.2, respectively, to this Current Report on Form 8-K and incorporated by reference herein.
