NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS, continued

1. Corporate information:

Banco de Chile is authorized to operate like a commercial bank since June 17, 1996, in conformity with the Article 25 of Law No, 19,396. Banco de Chile, resulting from the merger of Banco Nacional de Chile, Banco Agrícola and Banco de Valparaíso, was formed on October 28, 1893 in the city of Santiago, in the presence of the Notary Eduardo Reyes Lavalle.

Banco de Chile (Banco de Chile or the Bank) is a Corporation organized under the laws of the Republic of Chile, regulated by the Superintendency of Banks and Financial Institutions (SBIF or Superintendency). Since 2001, - when the bank was first listed on the New York Stock Exchange (NYSE), in the course of its American Depository Receipt (ADR) program, which is also registered at the London Stock Exchange Banco de Chile additionally follows the regulations published by the United States Securities and Exchange Commission (SEC).

Banco de Chile offers a broad range of banking services to its customers, ranging from individuals to large corporations. The services are managed in large corporate banking, middle and small corporate banking, personal banking services and retail. Additionally, the Bank offers international as well as treasury banking services. The Bank's subsidiaries provide other services including securities brokerage, mutual fund and investment management, insurance brokerage, financial advisory and securitization.

Banco de Chile's legal address is Paseo Ahumada 251, Santiago, Chile and its website is www.bancochile.cl.

The Interim Condensed Consolidated Financial Statements of Banco de Chile, for the period ended September 30, 2015 were approved for issuance in accordance with the directors on October 22, 2015.

2. Legal provisions, basis of preparation and other information:

(a) Legal provisions:

The General Banking Law in its Article No.15 authorizes the Chilean Superintendency of Banks (SBIF) to issue generally applicable accounting standards for entities it supervises. The Corporations Law, in turn, requires generally accepted accounting principles to be followed.

Edgar Filing: BANK OF CHILE - Form 6-K

Based on the aforementioned laws, banks should use the criteria provided by the Superintendency in accordance with the Compendium of Accounting Standards (Compendium), and any matter not addressed therein, as long as it does not contradict its instructions, should adhere to generally accepted accounting principles in technical standards issued by the Chilean Association of Accountants, that coincide with international accounting standards and international financial reporting standards agreed upon by the International Accounting Standards Board (IASB). Should there be discrepancies between these generally accepted accounting principles and the accounting criteria issued by the SBIF, the latter shall prevail.

(c) Use of estimates and judgment:

Preparing financial statements requires management to make judgments, estimations and assumptions that affect the application of accounting policies and the valuation of assets, liabilities, income and expenses presented. Real results could differ from these estimated amounts. Details on the use of estimates and judgment and their effect on the amounts recognized in the Interim Condensed Consolidated Financial Statement are included in the following notes:

1. Goodwill valuation (Note No. 15);

Edgar Filing: BANK OF CHILE - Form 6-K

2. Useful lives of property and equipment and intangible assets (Notes No.15 and No.16);
3. Income taxes and deferred taxes (Note No. 17);
4. Provisions (Note No. 24);
5. Contingencies and Commitments (Note No. 26);
6. Provision for loan losses (Note No. 11, No. 12 and No. 32);
7. Impairment of other financial assets (Note No. 35);
8. Fair value of financial assets and liabilities (Note No. 39).

Estimates and relevant assumptions are regularly reviewed by the management of the Bank, according to quantify certain assets, liabilities, gains, loss and commitments. Estimates reviewed are registered in income in the period that the estimate is reviewed.

During the period of September 30, 2015, there have not been significant changes in the estimates.

3. New Accounting Pronouncements:

The following is a summary of new standards, interpretations and improvements to the International Financial Reporting Standards issued by the International Accounting Standards Board (IASB) that it is not effective as of September 30, 2015:

IFRS 9 Financial Instruments

The July 24, 2014, IASB completed its upgrade project about accounting for financial instruments with the publication of IFRS 9 Financial Instruments.

This standard includes new requirements based on new principles for the classification and measurement; it introduces a prospective model of expected credit losses on impairment accounting and changes in hedge accounting.

Classification and measurement

The classification determines how financial assets and liabilities are accounted in financial statements and, in particular, how they are measured. IFRS 9 introduces a new approach for classification of financial assets, based in the business model of the entity for the management of financial assets and the characteristic of its contractual flows. The new model also results in a single impairment model being applied to all financial instruments, removing a source of complexity associated with previous accounting requirements.

Impairment

The IASB has introduced a new impairment model that will require a timely recognition of expected credit losses.

Hedge Accounting

Edgar Filing: BANK OF CHILE - Form 6-K

IFRS 9 introduces a new model for hedge accounting with enhanced disclosures about risk management activity. The new model represents a substantial overhaul of hedge accounting that aligns the accounting treatment with risk management activities, enabling entities to better reflect these activities in their financial statements. In addition, as a result of these changes, users of the financial statements will be provided with better information about risk management and the effect of hedge accounting on the financial statements.

Entity's Own Credit Risk

IFRS 9 removes the volatility in profit or loss originated by changes in the credit risk of designated liabilities at fair value. This change means that the change in the fair value that corresponds to credit risk will be registered in other comprehensive income. IFRS 9 permits early application of this improvement, before any other requirement of IFRS 9.

The effective date is beginning on January 1, 2018 and its early application is permitted.

Banco de Chile and its subsidiaries are assessing the possible impact of adoption of these changes on the consolidated financial statements.

At the date, this rule has not been approved by the Superintendency of Banks and Financial Institutions, event required for its application.

3. New Accounting Pronouncements, continued:

IFRS 11 Joint Arrangements

In May 2014 the IASB modified IFRS 11, providing guides about the accounting of acquisitions of participations in joint operations, whose activity constitute a business. This standard requires the acquirer of a participation in a joint operation, whose activities constitute a business, to apply all the principles on accounting for business combinations of the IFRS 3.

The effective date is beginning on January 1, 2016 and its early application is permitted.

Banco de Chile and its subsidiaries have assessed that this rule will be not significant impact in consolidated financial statements.

IAS 16 Property, plant and equipment and IAS 38 Intangible assets

In May 2014 the IASB modified IAS 16 and 38 with purpose of clarifying accepted methods of depreciation and amortization.

The amendment of IAS 16 prohibits property, plant and equipment, depreciation based on ordinary income.

The amendment of IAS 38 introduces the presumption that ordinary income is not an appropriate base for the amortization of intangible assets. This presumption only is refuted in two circumstances: (a) intangible asset is expressed like a unit of ordinary income; and (b) ordinary income and consumption of intangible assets are highly correlated.

The effective date is beginning on January 1, 2016 and its early application is permitted.

Edgar Filing: BANK OF CHILE - Form 6-K

This modification does not impact the consolidated financial statements of Banco de Chile and its subsidiaries, because it is not used as a basis of depreciation and amortization.

IFRS 15 Revenue from Contracts with Customers

IFRS 15 was issued in May 2014. The objective is to establish the principles that an entity shall apply to report useful information to users of financial statements about the nature, amount, timing and uncertainty of revenue and cash flows arising from a contract with a customer.

IFRS 15 replaces the following standards and interpretations: IAS 18 Revenue, IAS 11 Construction contracts, IFRIC 13 Customer loyalty programs, IFRIC 15 Agreements for the construction of real estate, IFRIC 18 Transfers of assets from customers and SIC 31 Revenue Barter transactions involving advertising services.

The new model will be applied to all contracts with customers except those contracts are within the scope of another standard.

Application of the standard is mandatory for annual reporting periods starting from January 1, 2018 onward, early application is permitted.

Banco de Chile and its subsidiaries are assessing the impact of this rule on its consolidated financial statements.

3. New Accounting Pronouncements, continued:

IAS 27 Consolidated and Separated Financial Statements

In August 2014, the IASB published the amendment that will allow entities to use the equity method to account for investments in subsidiaries, joint ventures and associates in their separate financial statements.

The effective date is beginning on January 1, 2016 and its early application is permitted.

This amendment does not impact the consolidated financial statements of Banco de Chile and its subsidiaries.

IAS 28 Investments in Associates and Joint Venture and IFRS 10 - Consolidated Financial Statements

In September 2014, the IASB issued this amendment, which clarifies the scope of recognized gains and losses in a transaction involving an associate or joint venture, and this depends on whether the asset sold or contribution is a business. Therefore, IASB concluded that all of the profit or loss should be recognized against loss of control of a business. Likewise, gains or losses resulting from the sale or contribution of a subsidiary that is not a business (definition of IFRS 3) to an associate or joint venture should be recognized only to the extent of unrelated interests in the associate or joint venture.

The effective date is beginning on January 1, 2016 and its early application is permitted.

This amendment does not impact the consolidated financial statements of Banco de Chile and its subsidiaries.

Annual improvements IFRS

In September 2014, the IASB issued Annual improvements to IFRS: 2012 - 2014 Cycle, which include changes to the following standards.

- **IFRS 5 Non-current assets held for sale and discontinued operations**

Add specific guidelines in cases in which an entity reclassifies an asset from held for sale to held for distribution, or vice versa and cases in which assets held for distribution are accounting like discontinued operations. The effective date is beginning on January 1, 2016 and its early application is permitted.

Banco de Chile and its subsidiaries do not register non-current assets held for sale and discontinued operations. Therefore, this modification does not impact the consolidated financial statements of Banco de Chile and its subsidiaries.

- **IFRS 7 Financial Instruments: Disclosures**

Add guidelines to clarify if a service contract corresponds to a continuing involvement in an asset transfer with the purpose to determine the required disclosures. The effective date is beginning on January 1, 2016 and its early application is permitted.

This amendment does not impact the consolidated financial statements of Banco de Chile and its subsidiaries.

3. **New Accounting Pronouncements, continued:**

Annual improvements IFRS, continued:

- **IAS 19 Employee Benefits. Discount rate: topic of the regional market**

Clarifies that corporate bonds with high quality credit used in the estimation of the discount rate for post-employment benefits must be denominated in the same currency as the benefit paid. The effective date is beginning on January 1, 2016 and its early application is permitted.

This amendment does not impact the consolidated financial statements of Banco de Chile and its subsidiaries.

- **IAS 34 Interim Financial Reporting**

Clarifies the meaning of disclose information in some other part of interim financial information and the need for a cross-reference. The effective date is beginning on January 1, 2016 and its early application is permitted.

This amendment does not impact the consolidated financial statements of Banco de Chile and its subsidiaries.

- **IFRS 10 Consolidated Financial Statements, IFRS 12 Disclosure of Interest in Other Entities and IAS 28 Investments in Associates and Join Ventures**

In December 2014, the IASB has modified IFRS 10, IFRS 12 and IAS 28 related with the application of the exceptions in the consolidation in investment entities.

Edgar Filing: BANK OF CHILE - Form 6-K

The amendments clarify the requirement for the accounting of investment entities. In addition, these amendments in certain circumstances reduce the cost in the application of these standards.

The effective date is mandatory on January 1, 2016 and its early application is permitted.

This amendment does not impact the consolidated financial statements of Banco de Chile and its subsidiaries.

- **IAS 1 Presentation of Financial Statements**

In December, 2014, the IASB published Disclosure Initiative (Amendments to IAS 1) . The amendments aim at clarifying IAS 1 to improve the presentation and disclosure of information in the financial reports.

These amendments answer requests about presentation and disclosure and have been designed with the finality to allow the entities to apply their professional opinion to determine what information must be disclosed in the financial statements.

They are effective for annual periods beginning on or after 1 January 2016, with earlier application being permitted.

This amendment does not significant impact in the consolidated financial statements of Banco de Chile and its subsidiaries.

6. Segment Reporting:

For management purposes, the Bank has organized its operations and commercial strategies into four business segments, which are defined in accordance with the type of products and services offered to target customers. These business segments are currently defined as follows:

Retail: This segment focuses on individuals and small and medium-sized companies with annual sales up to 70,000UF, where the product offering focuses primarily on consumer loans, commercial loans, checking accounts, credit cards, credit lines and mortgage loans.

Wholesale: This segment focused on corporate clients and large companies, whose annual revenue exceed 70,000UF, where the product offering focuses primarily on commercial loans, checking accounts and liquidity management services, debt instruments, foreign trade, derivative contracts and leases.

Treasury and money market operations:

This segment includes revenue associated with managing the Bank's balance sheet (currencies, maturities and interest rates) and liquidity, including financial instrument and currency trading on behalf of the Bank itself.

Transactions on behalf of customers carried out by the Treasury are reflected in the respective aforementioned segments. These products are highly transaction-focused and include foreign exchange transactions, derivatives and financial instruments in general.

Subsidiaries: Corresponds to companies and corporations controlled by the Bank, where income is obtained individually by the respective subsidiary. The companies that comprise this segment are:

Entity

- Banchile Administradora General de Fondos S.A.
- Banchile Asesoría Financiera S.A.
- Banchile Corredores de Seguros Ltda.
- Banchile Corredores de Bolsa S.A.

6. Segment Reporting, continued:

The financial information used to measure the performance of the Bank's business segments is not necessarily comparable with similar information from other financial institutions because it is based on internal reporting policies. The accounting policies used to prepare the Bank's operating segment information are similar as those described in Summary of Significant Accounting Principles. The Bank obtains the majority of its income from: interest, revaluations and fees, discounted the credit cost and expenses. Management is mainly based on these concepts in its evaluation of segment performance and decision-making regarding goals, allocation of resources for each unit individually. Although the results of the segments reconcile with those of the Bank at total level, it is not thus necessarily concerning the different concepts, since the management is measured and controls in individual form and applying the following criteria:

- The net interest margin of loans and deposits is obtained aggregating the net financial margins of each individual operation of credit and uptake made by the bank. For these purposes is considered the volume of each operation and its contribution margin, stemming from the difference between the effective customer rate and the related Bank's fund transfer price in terms of maturity and currency.
- The internal performance profitability system considers capital allocation in each segment in accordance to the Basel guidelines.
- Operating expenses are distributed at each area level. The Bank allocates all of its indirect operating costs to each business segment by utilizing a different cost driver in order to allocate such costs to the specific segment.

The Bank did not enter into transactions with a particular customer or third parties that exceed 10% or more of its total income during the nine-month period ended September 30, 2015 and 2014.

Taxes are managed at a corporate level and are not allocated to business segments.

The Bank uses cross-currency swaps and interest rate swaps to hedge its exposure to changes in the fair value of the hedged elements attributable to interest rates in financial instruments. The aforementioned hedge instruments change the effective cost of long-term issuances from a fixed interest rate to a floating rate, decreasing the duration and modifying the sensitivity to the shortest segments of the curve.

Below is a detail of the hedged elements and hedge instruments under fair value hedges as of September 30, 2015 and December 31, 2014:

	September 2015 MCh\$	December 2014 MCh\$

Corporate bonds	154,007	146,585
Hedge instrument		
Cross currency swap	29,766	48,611
Interest rate swap	154,007	146,585

(c) Cash flow Hedges:

(c.1) The Bank uses cross currency swaps to hedge the risk from variability of cash flows attributable to changes in the interest rates and foreign exchange of obligations with foreign banks, bonds issued abroad, Hong Kong dollars, Peruvian nuevo sol, Swiss franc and Japanese yens. The cash flows of the cross currency swaps equal the cash flows of the hedged items, which modify uncertain cash flows to known cash flows derived from a fixed interest rate.

Additionally, these cross currency swap contracts used to hedge the risk from variability of the Unidad de Fomento (CLF) in assets flows denominated in CLF until a nominal amount equal to the portion notional of the hedging instrument CLF, whose readjustment daily impact the item interest revenue of the financial statements.

(**) Assets received in lieu of payment are assets received as payment of customers' past-due debts. The assets acquired must at no time exceed, in the aggregate, 20% of the Bank's effective equity. These assets represent 0.0033% (0.0287% as of December 31, 2014) of the Bank's effective equity.

Edgar Filing: BANK OF CHILE - Form 6-K

The assets awarded at judicial sale are assets that have been acquired as payment of debts previously owed towards the Bank. The assets awarded at judicial sales are not subject to the aforementioned requirement. These properties are non-current assets available-for-sale. For most assets, the sale is expected to be completed within one year from the date on which the asset was received or acquired. If the asset in question is not sold within the year, it must be written off.

The provision for assets received in lieu of payment is recorded as indicated in the Compendium of Accounting Standards, which indicate to recognize a provision for the difference between the initial value plus any additions and its realizable value when the former is greater.
