PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT

THE 2018 ANNUAL MEETING

Why did I receive this proxy?

The Board of Directors of Allied Motion Technologies Inc. (the Company) is soliciting proxies to be voted at the Annual Meeting of Shareholders. The Annual Meeting will be held Wednesday, May 2, 2018, at 2:00 p.m. (Eastern Time) at the Company's offices, 495 Commerce Drive, Suite 3, Amherst, New York 14228. This proxy statement summarizes the information you need to know to vote by proxy or in person at the Annual Meeting. You do not need to attend the Annual Meeting in person in order to vote.

Who is entitled to vote?

All shareholders of record as of the close of business on Tuesday, March 13, 2018 (the Record Date) are entitled to vote at the Annual Meeting.

What is the quorum for the Annual Meeting?

A quorum at the Annual Meeting will consist of a majority of the votes entitled to be cast by the holders of all shares of Common Stock outstanding on the Record Date. No business may be conducted at the Annual Meeting if a quorum is not present. Broker non-votes (shares held in street name for which the broker indicates that instructions have not been received from the beneficial owners or other persons entitled to vote) and abstentions will be counted as shares present in determining whether a quorum is present. As of the Record Date, 9,426,012 shares of Common Stock were issued and outstanding.

How many votes do I have?

Each share of Common Stock outstanding on the Record Date is entitled to one vote on each item submitted to you for consideration.

What is the difference between a shareholder of record and a beneficial owner of shares held in street name?

Shareholder of Record. If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, you are considered the shareholder of record with respect to those shares.

Beneficial Owner of Shares Held in Street Name. If your shares are held in an account at a brokerage firm, bank, broker-dealer or other similar organization, then you are the beneficial owner of shares held in street name. The organization holding your account is considered the shareholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct that organization on how to vote the shares held in your account.

If I am a shareholder of record of Common Stock, how do I vote?

If you are a shareholder of record, you may vote by mailing a completed proxy card, or you may vote 24 hours a day via the internet or telephone. To vote by mailing a proxy card, please sign and return the enclosed proxy card in the enclosed prepaid and self-addressed envelope. To vote via the internet or telephone, follow the instructions on the enclosed vote instruction form. Your shares will be voted at the Annual Meeting in the manner you directed. You may also vote your shares in person at the Annual Meeting. If you are a shareholder of record, you may request a ballot at the Annual Meeting.

If I am a beneficial owner of shares held in street name, how do I vote?

If you are the beneficial owner of shares held in street name, you will receive instructions from the brokerage firm, bank, broker-dealer or other similar organization (the shareholder of record) that must be followed for the shareholder of record to vote your shares per your instructions. You may complete and return the voting instruction form in the self-addressed postage paid envelope provided, or you may vote 24 hours a day via the internet or telephone by following the instructions on the enclosed vote instruction form.

Table of Contents

If you hold your shares in street name and do not instruct your bank or broker how to vote in the election of directors, no votes will be cast on your behalf. Your bank or broker will, however, continue to have discretion to vote any uninstructed shares on the appointment of EKS&H (Proposal Three). Please ensure that you complete the voting instruction card sent by your bank or broker.

If your shares are held in street name and you wish to vote in person at the Annual Meeting, you must obtain a proxy issued in your name from the shareholder of record and bring it with you to the meeting. We recommend that you vote your shares in advance as described above so that your vote will be counted if you later decide not to attend the Annual Meeting.

What am I voting on?

You will be voting on the following proposals:

- Proposal One: the election of seven Directors of the Company;
- Proposal Two: an advisory vote on the compensation of our named executive officers; and
- Proposal Three: the ratification of EKS&H as the Company's independent registered public accounting firm for the 2018 fiscal year.

Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for shareholder proposals and nominations has passed. Nonetheless, in case there is an unforeseen need, your proxy gives discretionary authority to Richard S. Warzala and Richard D. Federico with respect to any other matters that might be brought before the Annual Meeting. Those persons intend to vote that proxy in accordance with their best judgment.

How many votes are required to act on the proposals?

The holder of each outstanding share of Common Stock is entitled to one vote for each share of Common Stock on each matter submitted to a vote at a meeting of shareholders.

Edgar Filing: ALLIED MOTION TECHNOLOGIES INC - Form DEF 14A

Pursuant to our Amended and Restated Articles of Incorporation and Bylaws, directors will be elected by the affirmative vote of the majority of the votes cast with respect to such director's election.

Approval of Proposals Two and Three requires an affirmative vote by a majority of the votes cast on each proposal.

How are votes counted?

For purposes of each proposal, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for the purpose of determining the presence of a quorum.

What happens if I return my proxy card without voting on all proposals?

When the proxy is properly executed and returned, the shares it represents will be voted at the Annual Meeting in accordance with your directions. If the signed card is returned with no direction on a proposal, the proxy will be voted with the Board's recommendations.

Can I change my vote after I return my proxy card?

You can revoke your proxy and change your vote at any time prior to the voting thereof at the Annual Meeting. You can do this by:

- filing with the Secretary of the Company a written revocation or signing and submitting another proxy with a later date, or
- attending the Annual Meeting, withdrawing the proxy and voting in person.

If your shares are held by a nominee and you seek to vote shares in person at the Annual Meeting, you must bring to the Annual Meeting a written statement from the nominee confirming the shareholder's beneficial ownership of a stated

Table of Contents

number of shares and that such shares have not been voted by the nominee. Your attendance at the Annual Meeting will not in itself revoke your proxy.

Will anyone contact me regarding this vote?

Solicitation of proxies for use at the Annual Meeting may be made in person or by mail, telephone or telegram, by directors, officers and regular employees of the Company. Such persons will receive no special compensation for any solicitation activities. We will request banking institutions, brokerage firms, custodians, trustees, nominees and fiduciaries to forward solicitation materials to the beneficial owners of Common Stock held of record by such entities, and we will, upon the request of such record holders, reimburse reasonable forwarding expenses.

Who has paid for this proxy solicitation?

The Company has paid the entire expense of this proxy statement and any additional materials furnished to shareholders.

May shareholders ask questions at the Annual Meeting?

Yes. There will be time allotted at the end of the meeting when Company representatives will answer questions from the floor.

How can I obtain a copy of this year's Annual Report on Form 10-K?

A copy of the Company's 2017 Annual Report to Shareholders, including financial statements for the fiscal year ended December 31, 2017, accompanies this Proxy Statement. The Annual Report, however, is not part of the proxy solicitation material. A copy of the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission (SEC) may be obtained free of charge by writing to Allied Motion Technologies Inc., 495 Commerce Drive, Suite 3, Amherst, New York 14228, Attention: Secretary or by accessing the SEC Filings section of the Company's website at www.alliedmotion.com. In addition, the Proxy Statement and Annual Report are available on the internet at <https://materials.proxyvote.com/019330>.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts at the transfer agent or with stockbrokers. Please complete and return ALL proxy cards to ensure that all your shares are voted.

When was this proxy statement mailed?

This proxy statement, the enclosed proxy card and the Annual Report were mailed to shareholders beginning on or about April 2, 2018.

Can I find additional information on the Company's website?

Yes. Our website is located at www.alliedmotion.com. Although the information contained on our website is not part of this proxy statement, you can view additional information on the website, such as our code of ethics, corporate governance principles, charters of board committees and reports that we file with the SEC. A copy of our code of ethics, corporate governance principles and each of the charters of our board committees may be obtained free of charge by writing to Allied Motion Technologies Inc., 495 Commerce Drive, Suite 3, Amherst, New York 14228, Attention: Secretary.

His accounting and business expertise, including an in-depth understanding of the preparation and analysis of financial statements, makes him highly qualified to serve as a director.

Independent Directors

Under the corporate governance standards of the Nasdaq Global Market, at least a majority of our Directors, and, except in limited circumstances, all of the members of our Audit Committee, Compensation Committee and Governance and Nominating Committee, must meet the test of independence as defined by Nasdaq. The Nasdaq standards provide that to qualify as an independent director, in addition to satisfying certain bright-line criteria, the Board of Directors must affirmatively determine that a director has no material relationship with the Company. The Board of Directors has determined that each director nominee, other than Mr. Warzala and Mr. Smith, satisfies the bright-line criteria and that no other director or nominee has a relationship with the Company that would interfere with such person's ability to exercise independent judgment as a member of our Board.

Board Leadership Structure

Richard S. Warzala serves as the Company's Chairman of the Board and also serves as President and Chief Executive Officer of the Company. The Company believes that having Mr. Warzala serve as both an executive officer and as Chairman demonstrates to the Company's employees and other stakeholders that the Board of Directors is under strong leadership, with a single person setting the tone and having primary responsibility for leading the Board of Directors. The Company believes this unity of leadership eliminates the potential for confusion or duplication of efforts, and provides clear leadership for the Company. In addition, the Board of Directors recognizes that, given Mr. Warzala's familiarity with the Company and his long-standing experience with the Company, it is valuable to have him lead board discussions.

To provide for an additional independent leadership role, the Board of Directors has designated Richard D. Federico, as Lead Director. The Lead Director's responsibilities include: presiding at meetings of the Board of Directors at which the Chairman is not present, including executive sessions of the independent directors; serving as liaison between the Chairman and the independent directors; convening meetings of the independent directors; and consulting with the Chairman on matters relating to Board of Director performance and corporate governance.

Another component of our leadership structure is the active role played by our independent directors in overseeing the Company's business, both at the Board and Committee level. Five of the seven director nominees are considered independent under the corporate governance standards of the Nasdaq Global Market. All of our Directors are free to suggest the inclusion of items on the agenda for meetings of our Board of Directors or raise subjects that are not on the agenda for that meeting. In addition, our Board of Directors and each committee have complete and open access to any member of management and the authority to retain independent legal, financial and other advisors as they deem appropriate without consulting or obtaining the approval of any member of management. Our Board of Directors also holds regularly scheduled executive sessions of only independent Directors, led by the Lead Director, in order to promote discussion among the independent Directors and assure independent oversight of management. Moreover, our Audit Committee, Compensation Committee and Governance and Nominating Committee, all of which are comprised entirely of independent Directors, also perform oversight functions independent of management.

The Company believes its leadership structure is the most effective leadership structure for the Board of Directors at this time. However, the Board of Directors recognizes that no single leadership model is appropriate for a board at all times.

Table of Contents

Accordingly, the Board of Directors may in the future consider a different leadership structure, including a structure providing for a Chairman of the Board who is not an executive officer of the Company.

Shareholder Communication With the Board

We provide an informal process for shareholders to send communications to the Board of Directors. Shareholders who wish to contact the Board of Directors or any of its members may do so in writing to Allied Motion Technologies Inc., 495 Commerce Drive, Suite 3, Amherst, New York 14228. Correspondence directed to an individual board member will be referred to that member. Correspondence not directed to a particular board member will be referred to the Lead Director.

Committees and Meeting Data

The Board of Directors has a standing Audit Committee, Compensation Committee and Governance and Nominating Committee. Each member of each of these committees is independent as that term is defined in the Nasdaq listing standards. The Board has adopted a written charter for each of these committees, which is available on our web site at www.alliedmotion.com.

The Audit Committee of our Board of Directors oversees the Company's financial reporting on behalf of the Board and is responsible for the appointment, replacement, compensation and oversight of the work of the Company's independent auditors. The Audit Committee also reviews the Company's annual and quarterly reports filed with the SEC. The Audit Committee held nine meetings during 2017 and consisted of Messrs. Winter (Chairman), Laber, Tanous and Tevens (since August 1, 2017). Each member of the Audit Committee meets the current independence and experience requirements of Nasdaq and the SEC. Messrs. Laber and Winter have each been designated as an Audit Committee financial expert in accordance with the SEC rules and regulations and qualifies as a financially sophisticated audit committee member under the Nasdaq listing standards. See Report of the Audit Committee below.

The Compensation Committee of our Board of Directors has the principal responsibility to make decisions concerning the compensation of the Company's management employees including its executive officers, and to make recommendations to the Board concerning the compensation of the Board of Directors. The Compensation Committee also reviews and approves to the Board for their approval all awards granted under the Company's stock incentive plan and performs other functions regarding compensation as the Board may delegate. The Compensation Committee met six times during 2017 and consisted of Messrs. Federico (Chairman since August 22, 2017), Laber and Tevens (since August 1, 2017). Alexis P. Michas was the chairman of the Compensation Committee until his resignation from the Board on August 22, 2017.

The Governance and Nominating Committee of our Board of Directors (i) monitors and oversees matters of corporate governance, including the evaluation of Board performance and processes and the independence of directors, and (ii) selects, evaluates and recommends to the Board qualified candidates for election or appointment to the Board and each Committee of the Board. The committee met ten times during 2017 and consisted of Messrs. Tanous (Chairman), Federico and Winter.

Board Oversight of Risk Management

The Board of Directors oversees our risk management process. This oversight is primarily accomplished through the Board's committees and management's reporting processes. We do not have a formal risk committee; however, our Audit Committee is responsible for overseeing risks arising out of accounting, financial reporting and related activities and is primarily responsible for ensuring that the Board exercises adequate oversight of the Company's enterprise risk management process. Our Compensation Committee reviews compensation agreements to confirm that compensation, especially incentive pay arrangements, do not encourage or create opportunities for unnecessary risk-taking and our Governance and Nominating Committee assists the Board in its oversight of the Company's process for management and communication of key risks facing the Company, as well as the guidelines, policies and processes for monitoring and mitigating such risks.

Nominating Procedures

The Governance and Nominating Committee identifies nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination. If any member of the Board does not wish to continue in service, or if the Governance and Nominating Committee decides not to nominate a member for re-election, the Governance and Nominating Committee first considers the appropriateness of the size of the board. If the Governance and Nominating Committee determines the board seat should be retained and a vacancy exists, the Governance and Nominating Committee considers factors that it deems are in the best interests of the Company and its

Table of Contents

shareholders in identifying and evaluating a new nominee. Skills and characteristics that are considered include judgment, accountability, integrity, reputation, relevant experience, including leadership roles and experience working in a collaborative environment, technical skills, financial literacy, mature confidence and emotional maturity, high performance standards, availability, other board appointments and outside commitments, industry knowledge, networking/contacts, and degree of independence from management.

While we do not have a formal policy or guidelines regarding diversity of membership of our Board of Directors, our Corporate Governance Principles recognize the value of having a Board that encompasses a broad range of skills, expertise, contacts, industry knowledge and diversity of opinion, our Board has not attempted to define diversity, or otherwise require that the composition of our Board include individuals from any particular background or who possess specific attributes. The Governance and Nominating Committee will continue to consider whether it would be appropriate to adopt a policy or guidelines regarding board diversity or define diversity as it relates to the composition of our Board of Directors.

The Board of Directors will consider nominees recommended by shareholders. Any such person will be evaluated in the same manner as any other potential nominee for director. Any suggestion for a nominee for director by a shareholder should be sent to the Company's Secretary within the time periods set forth under Shareholder Proposals for the 2019 Annual Meeting.

Board Attendance at Meetings

The Board of Directors held five meetings in 2017. Our Independent Directors meet in executive session without management directors or management present. These sessions generally take place prior to or following regularly scheduled board meetings. The directors met in such sessions four times during 2017. Our Corporate Governance Principles provide that all directors are expected to regularly attend all meetings of the Board and the Board committees on which he serves. In 2017, each director attended 100% of the total number of meetings of the Board of Directors and meetings held by all committees of the Board of Directors on which he served. In addition, each director is expected to attend the Annual Meeting of Shareholders. In 2017, the Annual Meeting of Shareholders was attended by all of the directors then in office.

Compensation Committee Interlocks

As noted above, the Compensation Committee is comprised of three independent Directors: Messrs. Federico, Laber and Tevens. No member of the Compensation Committee is or was formerly an officer or an employee of the Company. No executive officer of the Company serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of the Company's Board of Directors, nor has such interlocking relationship existed in the past.

Compensation of Directors

Director Compensation in 2017

Under the Company's director compensation program, each non-employee director receives an annual cash retainer of \$45,000, paid quarterly. Director Stock Ownership Policy

The Board of Directors believes it is generally desirable for directors to own shares of the Company's stock. By becoming equity owners, the outside directors assume a personal stake in the success or failure of the Company and it aligns their financial interests with the long-term shareholders of the Company. Pursuant to the Director Stock Ownership Policy, which was adopted in 2010 and revised in 2014, non-employee directors are required to make a minimum investment in Company stock equal to three times the annual cash and stock retainer (the Guideline

Investment). Each non-employee director is allowed a grace period to meet the Guideline Investment in full, from the date of initial election or appointment to the Board through the fifth anniversary of such election or appointment. The Company has a Non-Employee Director Stock in Lieu of Cash Retainer Plan. Pursuant to the Plan, each non-employee director may elect to forego receipt of all or a portion of the cash retainer in exchange for newly issued common stock. Until the Guideline Investment is achieved, directors must utilize 50% of the cash retainer to purchase Company stock and such stock, along with stock grants received from the Company, will be used to reach the Guideline Investment.

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee of the Board, which is comprised of independent directors, establishes the Company's compensation philosophy. The Committee operates under a written charter adopted by the Board, a copy of which is available on the Company's website at www.alliedmotion.com. The Committee ensures that the total compensation of the Company's executive officers and other key management is fair, reasonable and competitive. The Committee annually evaluates the performance of the Company's Chief Executive Officer based upon a mix of the achievement of corporate goals and individual performance and makes decisions concerning compensation and benefits for executive officers and other key management. All compensation for these individuals is approved by the Board.

Table of Contents

The Committee meets with Mr. Warzala, the Company's Chief Executive Officer and President, to obtain his recommendations with respect to key management compensation programs and practices, base salaries, incentive plan targets and equity awards. The Committee considers, but is not bound to accept management's recommendations. The Committee discusses Mr. Warzala's compensation with him, but makes decisions without him present.

The Committee has authorized Mr. Warzala to make salary adjustments for all employees other than executive officers and other key management.

The Committee makes equity based awards. However, the Committee has from time to time delegated to Mr. Warzala the authority to make restricted stock awards to employees other than executive officers or key management in limited annual amounts. Such awards made by Mr. Warzala are generally intended to be used for recruiting and employee promotion purposes.

The Committee has the authority to engage its own independent advisors to assist in carrying out its responsibilities. During 2017, the Company did not engage any outside advisors.

Compensation Philosophy

The primary goals of the Company's compensation policies for the executive officers and other key management are as follows:

- To provide total compensation opportunities for executive officers and other key management which are sufficient to attract and retain individuals whose talents and abilities allow the Company to accomplish its strategies.
- To align the interests of management with shareholders through the use of incentive compensation directly related to corporate performance and through the use of stock-based incentives that result in increased Common Stock ownership by management.

Consideration of Most Recent Say on Pay Vote

At the annual meeting of shareholders on May 3, 2017, 96.6% of the shares voted were voted in support of the compensation of our Named Officers, as discussed and disclosed in the 2017 proxy statement. In considering the results of this most recent advisory vote on executive compensation, the Committee concluded that the compensation paid to our executive officers and the Company's overall pay practices have strong shareholder support and no significant changes were made.

Elements of Compensation

The key elements of executive compensation are

- Base Compensation
- Annual Cash Incentive Compensation
- Equity Incentive Compensation
- Deferred Compensation Plan benefits

Base Compensation. Base compensation is comprised of the annual salary and is set at levels sufficient to attract and retain executives. In determining Mr. Warzala's base compensation, the Committee considers market data and performance during the previous year as well as goals and objectives for the current year. In determining other base compensation levels, the Committee reviews and considers the evaluation and recommendation by Mr. Warzala of each key manager's performance during the prior year and responsibilities for the current year. During the review of base compensation, the Committee also considers the executive's or manager's qualifications and experience, scope of responsibilities and future potential, the goals and objective established for the individual, his or her past performance and competitive compensation practices both internally and externally.

Annual Cash Incentive Plan. The annual incentive plan is a pay-for-performance cash award plan generally available to all employees of the Company and aligns the interests of executives and employees with those of the Company's shareholders. The plan promotes a culture of high performance and ownership by employees in which employees are rewarded for improving profitability, achieving operating efficiencies and reducing costs. Awards under the plan are based

Table of Contents

on the actual Economic Value Added (EVA) achieved as compared against a threshold and target EVA performance goals established for each year by the Board of Directors. EVA is net operating profit after taxes, as defined, less a cost of capital charge. If the target EVA is achieved, then the target bonus is paid. If the actual EVA achieved falls between the threshold and the target EVA performance goals, the annual cash incentive plan award equals the target amount multiplied by the prorata percent of the EVA target achieved (0% to 100% of the target bonus amount). If the actual EVA achieved is greater than the target EVA performance goal, then the annual cash incentive plan award will be greater than 100% of the target amount with the total award being a certain prorata percent of the incremental EVA achieved above the target EVA.

Equity Incentive Compensation. The equity incentive compensation program is comprised of restricted stock awards that are (i) time-based and will vest, assuming continued employment, over a three-year period from the date of grant, (ii) earned upon achievement of certain short-term, annually determined performance criteria (STIP) and (iii) earned upon achievement of longer-term performance goals (LTIP).

(i) Time-Based Awards. The annual time-based restricted stock awards for the Chief Executive Officer, Chief Financial Officer and Vice President of Operational Excellence are equal to a percentage of the officer's then annual salary divided by the fair market value share price on the day of the first meeting of the Board of Directors that year (First BOD meeting). In March 2017, the Compensation Committee recommended and the Board granted Mr. Warzala 6,824 shares of time-based restricted stock (33.3% of annual salary), Mr. Leach 1,704 shares (15% of annual salary) and Mr. Maida 1,401 shares (15% of annual salary). The Compensation Committee recommended and the Board also made an award of time-based restricted stock to Mr. Wyman (270 shares). The time-based shares will vest 1/3 on each of March 31, 2018, 2019, and 2020.

(ii) Short-Term Equity Incentive Program (STIP). The STIP is a pay-for-performance incentive program under which restricted stock is awarded annually and earned upon the achievement of certain annually determined performance criteria. The Compensation Committee uses adjusted EBITDA (50%) and sales (50%) as the performance criteria under the STIP and measures the Company's results for each criterion against threshold, target and high performance measures. The EBITDA target is equal to the weighted average of the EBITDA of the Company, adjusted to account for business development costs relating to acquisitions, for the immediately preceding three year period. The EBITDA threshold is 95% of target and the high performance measure is 105% of target. If the high performance measure is achieved or exceeded, then all of the STIP EBITDA shares will be earned. If the Company's actual results are less than the high performance measure but greater than the threshold, then the STIP EBITDA shares will be earned on a prorata basis. If the Company's actual results are less than the threshold, then no STIP EBITDA shares will be earned. The Sales Target is equal to 105% of the previous year's Sales and the threshold is 100% of the previous year's Sales. If the Sales threshold is achieved or exceeded, then 50% of the STIP Sales shares will be earned. If the actual Sales are less than the target, but greater than the threshold, the STIP Sales shares will be earned on a prorated basis. If the actual results are less than the threshold, then no STIP Sales shares will be earned. Any unearned STIP shares will be forfeited and returned to the Stock Incentive Plan and be available for future awards. Once earned, the STIP shares will vest 1/3 on the date of the first BOD meeting following the year the shares are earned, and the remainder will vest annually over the following two years. The Board of Directors may change the terms of the STIP at any time taking into consideration the relationship of the incentive pay earned to the increase in profitability achieved for any period.

The annual STIP awards for the Chief Executive Officer, Chief Financial Officer and Vice President of Operational Excellence are equal to a percentage of the officer's then annual salary divided by the share price (average of bid and ask) on the day of the First BOD meeting. In March 2017, the Compensation Committee approved the award of 13,650 STIP shares for Mr. Warzala (100% of annual salary), 2,840 shares for Mr. Leach (25% of annual salary) and 2,335 shares for Mr. Maida (25% of annual salary). The Compensation Committee also made an award of 410 shares for Mr. Wyman. The STIP awards are each in the form of restricted stock. For 2017, the Company exceeded the threshold performance and earned 21% of the STIP EBITDA award and 35% of the STIP Sales award was earned.

(iii) Long-Term Equity Incentive Program (LTIP). The LTIP is a multi-year pay-for-performance incentive program under which the Chief Executive Officer, Chief Financial Officer and Vice President of Operational Excellence will earn shares based upon the achievement of an increase in sales over a specified period. The LTIP was first implemented in 2013 and has been revised and extended as performance goals were achieved. The LTIP extends through December 31, 2020 and the sales target to be achieved is an aggregate increase to \$500 million (the Sales Target). The Sales Target can be achieved in two ways organic sales growth and acquired sales (defined as the actual sales achieved by any company or business unit acquired by Allied Motion for the trailing twelve months immediately preceding the closing date of such acquisition).

Table of Contents

Under the current terms of the LTIP, for each \$30 million increase in sales up to the Sales Target, each executive earns LTIP shares equal to a percentage of his annual salary as follows: 100% for Mr. Warzala, 25% for Mr. Leach and 25% for Mr. Maida. The LTIP performance criteria for organic sales growth is measured after the end of each year of the performance period at the First BOD Meeting and the number of shares earned will be calculated based on the stock price (average of bid and ask) as measured at the beginning of the previous year. The LTIP shares that are earned based on actual organic sales growth will vest 1/3 on the date of the first BOD meeting following the year the shares are earned and the remainder will vest annually over the following two years. The LTIP performance criteria for acquired sales is measured as of the closing date for an acquisition during the performance period and the number of shares earned will be calculated based on the stock price (average of bid and ask) as measured at the beginning of the year. The LTIP shares that are earned based on acquired sales will vest annually (1/5 each year) over the following five years. When calculating the increase in sales, the Company will make appropriate adjustments to account for any acquired sales for which a LTIP payment has been paid. If the recipient's employment with the Company is terminated due to cause or voluntary resignation, any unvested LTIP shares will be forfeited.

For 2017, no shares were earned under the organic growth or acquired sales portions of the LTIP. As of December 31, 2017, approximately \$265 million of the cumulative Sales Target has been achieved. The following table shows the status of the LTIP awards as of December 31, 2017:

Name and Principal Position	Number of LTIP Share			Unearned
	Awarded	Earned	Forfeited	
Richard S. Warzala President and Chief Executive Officer	310,387	275,624	4,259	30,504
Michael R. Leach Chief Financial Officer	5,372	1,346		4,026
Robert P. Maida Vice President of Operational Excellence	33,261	28,246	1,853	3,162

Deferred Compensation (DCP). The Company maintains a Deferred Compensation Plan which provides eligible key employees with the opportunity to defer the receipt of base compensation, bonuses, or a combination thereof, receive an allocation of any discretionary amount contributed to the Plan by the Company and receive an allocation of any performance based contributions by the Company. During 2017, no participants elected to defer any compensation under the Plan.

In accordance with Mr. Warzala's employment agreement, the Company made a supplemental retirement contribution, under the discretionary contribution provisions of the DCP, of \$153,856 each May beginning in 2011 and ending in 2017. The terms of the contribution are further discussed below under the heading Chief Executive Officer Employment Agreement Nonqualified Deferred Compensation.

Under the DCP, Mr. Warzala will also receive an annual performance based contribution to his deferred compensation account based on the achievement of a minimum return on equity (the DCP Performance Target) determined each year by the Board of Directors within 90 days of the beginning of the performance period. If the DCP Performance Target is achieved, an amount equal to 12.5% of the excess over the DCP Performance Target is contributed to Mr. Warzala's deferred compensation account, provided that performance contribution will be capped at an amount that is equal to one times Mr. Warzala's base compensation in any given year. The DCP performance target was set at 12.0% return on equity for 2017 and such performance target was partially achieved. Accordingly, a performance contribution of \$349,000 was contributed to the Plan for Mr. Warzala.

Perquisites and Other Benefits

The Company provides executive officers with perquisites and other benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program. The Committee periodically reviews the levels of perquisites and other benefits provided to executive officers. Mr. Warzala is provided with exclusive use of a company automobile, reimbursement for personal financial planning up to \$5,000 annually and with \$500,000 of life insurance plus a \$10,000 annual payment to be used to purchase additional life insurance for which the executive may designate the beneficiaries.

The Company generally provides employees with medical, life and disability insurance benefits. All employees in the United States are eligible to participate in the Company's 401(k) Plan to which employees are able to contribute the lesser

Table of Contents

of up to 60% of their annual salary or the limit prescribed by the Internal Revenue Service. The Company generally matches 100% of the first 3% plus 50% of the next 2% of eligible compensation that is contributed to the Plan. All employee deferral contributions are fully vested upon contribution. Company matching contributions are fully vested after completion of one year of service with the Company. All employees in the United States who are not part of collective bargaining agreements are also participants in the Employee Stock Ownership Plan. Contributions to the Plan are based on a percentage of the Company's income, as determined and defined by the board of directors, and are made in newly issued shares of the Company's common stock.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to certain Named Executive Officers, unless the compensation is performance based and satisfies other conditions. The Company's policy is to maximize the deductibility of compensation but does not preclude awards or payments that are not fully deductible if, in our judgment, such awards and payments are necessary to achieve our compensation objectives and to protect shareholder interests. All compensation paid to our Named Executive Officers for 2017 was deductible. Under the Tax Cuts and Jobs Act of 2017 (TCIA), effective for our taxable year beginning January 1, 2018, the exception under Section 162(m) for performance-based compensation will no longer be available, subject to transition relief for certain grandfathered arrangements in effect as of November 2, 2017. Given the lack of regulatory guidance to date, the Compensation Committee is not yet able to determine the full impact of the TCIA's changes to Section 162(m) on the Company and its compensation programs.

Chief Executive Officer Employment Agreement

The Company has an employment agreement with Richard S. Warzala, President, Chief Executive Officer and Chairman of the Board. In 2017, the Company entered into an Amendment to the Employment Agreement and Change of Control Agreement (the Amendment) with Mr. Warzala, which amends Mr. Warzala's Employment Agreement (the Employment Agreement) and the letter agreement between Mr. Warzala and the Company dated December 22, 2008 (the CIC Agreement).

The Compensation Committee determined that it was appropriate and in the best interests of the Company and its shareholders to enter into the Amendment to encourage further implementation and execution of the strategic plan developed by Mr. Warzala and his management team. The Employment Agreement had a year to year term prior to the Amendment, and the Compensation Committee believes the Company's entry into the Amendment will enhance the stability of its leadership team and reasonably incentivize Mr. Warzala to achieve the goals of the Company's strategic plan and work effectively with the Board on CEO succession, both of which are designed to create long-term value for our shareholders.

Unless terminated earlier in accordance with its terms, the Employment Agreement as modified by the Amendment will remain effective until January 2, 2021. The Employment Agreement can be extended for one-year terms by mutual agreement. The Amendment made the following material changes to the Employment agreement and the CIC Agreement:

- Makes it clear that in the event Mr. Warzala's employment is terminated with cause, the Company has no obligation to pay him unearned compensation or further benefits.

- Provides Mr. Warzala with certain benefits in the event that he retires on or after January 2, 2021 by giving the Company at least 120 days prior notice.
- Provides Mr. Warzala with the right to terminate his employment with Good Reason other than after a change in control of the Company (as defined in the CIC Agreement).
- Removes the tax gross-up from the CIC Agreement and replaces it with a best net provision.

As amended, the relevant provisions of the Employment Agreement are as follows:

Base Salary. The Agreement provides an annual base salary that may be reviewed annually for increase on a merit basis. Mr. Warzala's salary was increased to \$517,500 effective March 1, 2018.

Annual Incentive Bonus. Annual incentive bonuses are paid based on achieving performance criteria set annually by the Compensation Committee. The performance criteria will recognize the overall financial performance of the Company and the improvements made in financial results. Mr. Warzala participates in the Company's annual incentive plan which is described above under the heading *Compensation Discussion and Analysis Elements of Compensation Annual Cash Incentive Plan*.

Table of Contents

Equity Incentive Compensation. The Company utilizes stock based awards for short- and long-term incentives. In making its determination regarding the grant of stock based awards, the Board considers, among other things, the Employee's responsibilities and efforts and performance in relation to the business plan and forecast, the relationship between the benefits of restricted stock and improving shareholder value, the development and performance of the Company's products in the marketplace and an increase in the trading price per share of the Company's Common Stock. The Board also considers customary business practices and Short- and Long-Term Incentive Plan benefits granted in comparison to such benefits provided to other executives in similar positions. A discussion of Mr. Warzala's short-term and long-term equity incentive awards is set forth above under the heading *Compensation Discussion and Analysis Elements of Compensation Equity Incentive Compensation*.

Nonqualified Deferred Compensation. Effective May 31, 2011, Mr. Warzala's employment agreement was amended to add supplemental retirement contributions. Under this amendment, the Company made an annual contribution of \$153,856 each May beginning in 2011 and ending in 2017. The final contribution was made in 2017.

Other Provisions. Mr. Warzala participates in other benefits and perquisites as are generally provided by the Company to its employees. In addition, the Company provides Mr. Warzala with an automobile, personal financial planning, an annual physical examination and with life insurance for which the executive may designate the beneficiaries.

Retirement. If Mr. Warzala's employment terminates as a result of his retirement on or after January 2, 2021, the Amendment would entitle him to:

- a cash payment equal to a prorated portion of the target bonus that he would have earned for the fiscal year in which the termination occurred had such termination not occurred; and
- immediate vesting of all of his outstanding equity grants and awards that vest on the basis of the passage of time only (Time Based Awards) or that vest on the basis of performance criteria (Performance-Based Awards) that have been earned but are still subject to time-based vesting outstanding on the date of retirement.

Termination for Cause. Under the Employment Agreement as modified by the Amendment, if Mr. Warzala is terminated for cause or due to his voluntary resignation (other than a termination for Good Reason), the Company would have no further obligation to pay any unearned compensation or to provide any future benefits to him.

Death. Upon death, salary continues to the end of the month containing the date of death and for three months

following. In addition, he will receive a cash payment equal to a prorated portion of the target bonus that he would have earned for the fiscal year in which the termination occurred had such termination not occurred; and immediate vesting of all of his outstanding Time Based Awards or Performance-Based Awards that have been earned but are still subject to time-based vesting, and prorated vesting of his unvested Performance-Based Awards.

Disability. In the case of disability, salary is continued until the end of the term of the Employment Agreement, as adjusted for any compensation payable under any Company paid disability plan, or until long term disability insurance becomes effective. Benefits are continued as generally provided by the Company to its employees in accordance with the Company's disability plan. In addition, he will receive a cash payment equal to a prorated portion of the target bonus that he would have earned for the fiscal year in which the termination occurred had such termination not occurred; and immediate vesting of all of his outstanding Time Based Awards or Performance-Based Awards that have been earned but are still subject to time-based vesting, and prorated vesting of his unvested Performance-Based Awards.

Involuntary Termination Without Cause or for Good Reason. If Mr. Warzala is involuntarily terminated without cause or he terminates his employment for Good Reason, the Employment Agreement entitles him to:

- an amount equal to his then-current base salary payable in cash over a 12-month period;

Pay Ratio Disclosure

Allied Motion and its subsidiaries have approximately 1,250 employees worldwide, with approximately 48% in North America and 52% in the rest of the world, including Europe and Asia. Our philosophy is to pay our employees competitively with similar positions in the applicable labor market. By doing so, we believe we maintain a high-quality, stable workforce.

The Dodd-Frank Wall Street Reform and Consumer Protection Act and Securities and Exchange Commission (SEC) rules require us to provide the ratio of the annual total compensation of our Chief Executive Officer, to that of an employee whose annual compensation is at the median of all our employees.

To identify the employee with compensation at the median of all employees, we used taxable income for 2017 and applied this method consistently across our global employee population. We did not make any cost-of-living adjustments despite the large variety of labor markets in which our employees work nor did we use any statistical sampling to determine the median employee.

Under this methodology we determined our median employee was located in Europe with total compensation for 2017 of \$33,519. Our Chief Executive Officers' total 2017 compensation was \$1,807,209 as reported in the summary compensation table. Based on this information, the ratio of the annual total compensation was 54:1.

Edgar Filing: ALLIED MOTION TECHNOLOGIES INC - Form DEF 14A

Different methodologies are used by various public companies to determine an estimate of their pay ratio. In addition, no two companies have identical employee populations and compensation programs differ by country even within the same company. The estimate ratio reported should not be used as a basis for comparison between companies.

Change in Control Agreements

The Company has also entered into separate agreements with Messrs. Warzala, Leach and Maida that provide for certain payments upon termination of employment resulting within 90 days prior to or 24 months following a change in control of the Company. The agreements are extended automatically on January 1 of each year to a total term of two years, unless notice of non-renewal is given by the Company not later than the September 30 immediately preceding such January (meaning that notice must be given at least 15 months prior to termination). These agreements only provide benefits if there is both a change in control of the Company and termination of employment other than for cause. If the executive's employment is terminated by the Company, other than for death, disability or cause, or the executive terminates the agreement for good reason, in each case following a change in control, then the executive will be entitled to certain benefits to be paid in a lump sum in cash. The most significant components of those benefits are as follows:

- A severance payment equal to a multiple (2.5 times for Mr. Warzala and 1.0 times for Messrs. Leach and Maida) of the executive's annual base salary plus the highest amount paid or payable pursuant to the annual incentive plan applicable to the executive for any of the 3 prior fiscal years;
- benefit payment equal to 25% of annual salary for 24 months to purchase healthcare and other insurance benefits;
- payment of all legal fees and expenses incurred as a result of termination.
- Mr. Warzala's agreement provides a prorata payment for the current year benefit pursuant to any annual or long-term incentive plan applicable to the executive for the year that includes the Date of Termination.

The following tables show potential payouts under the change of control agreements assuming that the employment of the executive was terminated in each situation listed in the table and that termination occurred on the last business day of 2017.

Definitions.

Below is a description of the definitions and assumptions that were used in creating the change in control tables above.

Date of Termination means (i) thirty days after providing the Notice of Termination for a termination for disability, or (ii) the date specified in the Notice of Termination for a termination for cause, good reason, death or retirement.

Table of Contents

Notice of Termination means a written notice that indicates the specific termination provision of the change of control agreement relied upon and sets forth in reasonable detail the facts and circumstances claimed to provide a basis for Termination of employment under the provision indicated.

Base Salary means an amount equal to the annual base salary in effect immediately prior to the Notice of Termination.

A Change in control of the Company means any of the following: (i) a person (other than any officer or director) is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing more than 45% of the combined voting power of the Company's then outstanding securities; (ii) upon the first purchase of outstanding shares of the Company's outstanding common stock pursuant to a tender or exchange offer, with certain exceptions; (iii) a change in the composition of the Board of Directors such that the incumbent directors cease to constitute at least a majority of the Board during any period of two consecutive years (including, for purposes of computing a majority, those persons approved by a vote of at least two-thirds of the Company directors then still in office who either (1) were directors at the beginning of the period or (2) whose election or nomination for election was previously so approved); (iv) the shareholders of the Company approve a merger or consolidation of the Company, with certain exceptions; or (v) the shareholders of the Company approve a plan of complete liquidation of the Company or an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets (excluding a spinoff distribution to shareholders of all or part of the Company's equity interest in a subsidiary entity).

A termination is for Cause if it is for any of the following reasons: (i) an act of dishonesty constituting a felony under the laws of the executive's domicile resulting or intending to result in gain or personal enrichment at the expense of the Company; (ii) the use of drugs or excessive and habitual use of alcohol either of which substantially affects the executive's ability to perform their duties with the Company; or (iii) continued unauthorized and significant absences from duty (with certain exceptions). Notwithstanding the foregoing, the executive will not be deemed to have been terminated for cause unless there is a resolution adopted by at least three-fourths of the full Board of Directors finding that in their good faith opinion the executive was guilty of conduct set forth above and specifying the particulars in detail.

A termination is for Good Reason if it is within two years following any of the following events: (i) a change in the executive's title or corporation office that results in a material diminution of the executive's authority, duties or responsibilities; the assignment to the executive of any duties inconsistent with their status with the Company; or a substantial adverse alteration in the nature or status of the executive's responsibilities; (ii) the change of the principal business of the Company (as evidenced by certain conditions) to the extent that the change results in a material negative change to the executive's duties, conditions under which the duties are performed, or compensation; (iii) a reduction in annual base salary, without the executive's consent; (iv) the relocation of the executive's principal office to a location more than 50 miles from the location where such office is located immediately prior to the change in control of the Company; (v) the failure to pay within seven days, without the executive's consent, any portion of current compensation or installment of deferred compensation under any applicable deferred compensation program (with certain conditions); (vi) the failure to continue any compensation plan or equivalent plan in which the executive participated in immediately prior to a change in control (with certain conditions); (vii) the failure to provide the executive with benefits substantially similar to those provided at the time of the change in control of the Company, the taking of any action by the Company that would directly or indirectly materially reduce any of such benefits or deprive the executive of any material fringe benefit provided at the time of the change in control of the Company, or the failure by the Company to provide the number of paid vacation days the executive is entitled on the basis of years of service with the Company in accordance with the Company's normal vacation policy in effect at the time of the change in control of the Company; (viii) a breach of duty; or (ix) any termination of employment without a Notice of Termination.
