PROXY STATEMENT

2019 ANNUAL MEETING OF STOCKHOLDERS

The Board of Directors of the Company (the *Board of Directors* or the *Board*) requests your proxy for the Annual Meeting that will be held on June 4, 2019 at 9:00 a.m. Central Time, at our offices located at 321 South Boston Avenue, Suite 1000, Tulsa, Oklahoma 74103. By granting the proxy, you authorize the persons named on the proxy to represent you and vote your shares at the Annual Meeting. Those persons will also be authorized to vote your shares to adjourn the Annual Meeting from time to time and to vote your shares at any adjournments or postponements of the Annual Meeting. The proxy materials, including this proxy statement (the *Proxy Statement*), proxy card or voting instructions and our 2018 annual report, are being distributed and made available on or about April 29, 2019.

If you attend the Annual Meeting, you may vote in person. If you are not present at the Annual Meeting, your shares may be voted only by a person to whom you have given a proper proxy. You may revoke the proxy in writing at any time before it is exercised at the Annual Meeting by delivering to the Corporate Secretary of the Company a written notice of the revocation, by submitting your vote electronically through the internet or by phone after the grant of the proxy, or by signing and delivering to the Corporate Secretary of the Company a proxy with a later date. Your attendance at the Annual Meeting will not revoke the proxy unless you give written notice of revocation to the Corporate Secretary of the Company before the proxy is exercised or unless you vote your shares in person at the Annual Meeting.

Stockholders of Record and Beneficial Owners

Most of the Company's stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Stockholders of Record. If your shares are registered directly in your name with the Company's transfer agent, you are considered the stockholder of record with respect to those shares, and the proxy materials, including a proxy card, are being sent directly to you by our agent. As a stockholder of record, you have the right to vote by proxy or to vote in person at the Annual Meeting.

Beneficial Owners. If your shares are held in a brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name, and the proxy materials will be forwarded to you by your broker or nominee. The broker or nominee is considered the stockholder of record with respect to those shares. As the beneficial owner, you have the right to direct your broker how to vote. Beneficial owners that receive the proxy materials by mail from the stockholder of record should follow the instructions included in the proxy materials to transmit voting instructions.

QUORUM AND VOTING

Voting Stock. The Company's common stock, par value \$0.01 per share (the "common stock"), is the only class of securities that entitles holders to vote generally at meetings of the Company's stockholders. Each share of common stock outstanding on the Record Date (defined below) is entitled to one vote.

Record Date. The record date for stockholders entitled to notice of and to vote at the Annual Meeting is the close of business on April 12, 2019 (the "Record Date"). As of the Record Date, 20,414,422 shares of common stock were outstanding and entitled to vote at the Annual Meeting.

Quorum and Adjournments. The presence, in person or by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting.

If a quorum is not present, the Chairman of the meeting or a majority of the outstanding shares of common stock entitled to vote who are present in person or by proxy at the Annual Meeting have the power to adjourn the Annual Meeting from time to time, without notice other than an announcement at the Annual Meeting, until a quorum is present. At any adjourned Annual Meeting at which a quorum is present, any business may be transacted that might have been transacted at the Annual Meeting as originally notified.

Vote Required. Directors will be elected by the affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to be voted at the Annual Meeting (Proposal ONE). The proposal seeking approval, on a non-binding advisory basis, of the compensation of our named executive officers (Proposal TWO) requires the affirmative vote of the holders of a majority of the shares of common stock of the Company present in person or by proxy at the Annual Meeting and entitled to vote on the matter. The proposal seeking ratification of the appointment of Grant Thornton LLP as the Company's independent registered public accounting firm for 2019 (Proposal THREE) requires the affirmative vote of the holders of a majority of the shares of common stock of the Company present in person or by proxy at the Annual Meeting and entitled to vote on the matter. Collectively, Proposal ONE, TWO, and THREE may be referred to as the Proposals.

An automated system that Broadridge Financial Solutions administers will tabulate the votes. Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners (a broker non-vote), but they are not permitted to vote on non-discretionary items absent instructions from the beneficial owner. Broker non-votes generally occur because the broker (i) does not receive voting instructions from the beneficial owner and (ii) lacks discretionary authority to vote the shares. Brokers do not have discretionary voting authority with respect to Proposals ONE or TWO of this Proxy Statement. For Proposal THREE, ratification of the appointment of the Company's independent registered public accounting firm, brokers will have discretionary authority in the absence of timely instructions from their customers. Abstentions (i.e., if you or your broker marks ABSTAIN on a proxy) and broker non-votes will count in determining whether a quorum is present at the Annual Meeting. However, (1) broker non-votes will not have any effect on the outcome of Proposals ONE or THREE and (2) abstentions will have the effect of votes cast against on Proposals TWO and THREE and will not have any effect on Proposal ONE.

Default Voting. A proxy that is properly completed and submitted will be voted at the Annual Meeting in accordance with the instructions on the proxy. If you properly complete and submit a proxy, but do not indicate any contrary voting instructions, your shares will be voted FOR each of the director nominees listed in Proposal ONE and FOR Proposals TWO and THREE.

If any other business properly comes before the stockholders for a vote at the Annual Meeting, your shares will be voted in accordance with the discretion of the holders of the proxy. The Board of Directors knows of no matters, other than those previously stated, to be presented for consideration at the Annual Meeting.

In this Proxy Statement, the terms Company, Midstates, we, us, our, and similar terms refer to Midstates Petroleum Company, Inc. and Midstates Petroleum Company LLC unless the context indicates otherwise. Midstates Petroleum Company, Inc. was incorporated pursuant to the laws of the State of Delaware on October 25, 2011 to become a holding company for Midstates Petroleum Company LLC. On April 30, 2016, we filed voluntary petitions (the Chapter 11 Cases) for reorganization under Chapter 11 of the United States Bankruptcy Code in the

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

United States Bankruptcy Court for the Southern District of Texas (the Bankruptcy Court). On October 21, 2016 (the Effective Date), following the Bankruptcy Court s approval of a plan of reorganization, we emerged from bankruptcy.

PROPOSAL ONE

Second, the committee requests from time to time that its members and the other Board members identify possible candidates. Third, the committee has the authority to retain one or more search firms to aid in its search. The search firm assists the Board in identifying potential Board candidates, interviewing those candidates and conducting investigations relative to their background and qualifications.

We are, however, providing a brief overview of our executive compensation program in order to aid our stockholders' understanding of how our business and performance affects executive compensation decisions.

Role of the Compensation Committee

Our Compensation Committee, which, consistent with NYSE listing standards, is composed entirely of independent, non-employee Board members, has overall responsibility for: reviewing, evaluating and approving any agreements, plans, policies and programs related to the compensation of our Chief Executive Officer, Named Executive Officers and independent, non-employee directors; setting the compensation for our Chief Executive Officer and, in consultation with the Chief Executive Officer, setting the compensation for our other executive officers, including the Named Executive Officers; reviewing and approving the corporate goals and objectives as they relate to the compensation of our Chief Executive Officer and Named Executive Officers; evaluating the performance of our Chief Executive Officer; and reviewing the results of our advisory say-on-pay vote results and making any adjustments to the Company's compensation policies and practices in accordance with the vote results. The Compensation Committee also has the sole authority to retain, amend the engagement with, and terminate any compensation consultant to be used to assist in the evaluation of director, Chief Executive Officer or other officer compensation, including employment contracts and change in control provisions. The Compensation Committee has sole authority to approve the consultant's fees and other retention terms and has authority to cause the Company to pay the fees and expenses of such consultants.

Role of the Independent Compensation Consultant

During 2018, the Compensation Committee engaged the services of Lyons, Benenson & Company Inc. (LB&Co.) to advise on all aspects of our executive and director compensation programs and the related corporate governance matters. LB&Co. provides no other services to Midstates. In 2018, LB&Co. provided the following specific services:

- Reviewing and advising the Company on its compensation philosophy, strategy and program, and evaluating how well our compensation programs adhere to the philosophies and principles articulated below under Executive Compensation Program Philosophy, Objectives and Principles.
- Providing advice and counsel on best practices in compensation and corporate governance and keeping the Company and the Compensation Committee apprised of trends, developments, legislation and regulations affecting executive and director compensation.
- Analyzing the appropriateness of the compensation peer group.
- Providing and analyzing competitive market compensation data, including that of our peer group.

- Analyzing the effectiveness of our executive compensation program and plans in supporting the Company's compensation philosophy and strategy and making recommendations, as appropriate.
- Assisting in the design and negotiation of executive employment agreements, as applicable.
- Conducting a risk assessment of the Company's incentive compensation plans and programs at least annually and making recommendations, as appropriate.

In selecting LB&Co. as its compensation consultant, the Compensation Committee assessed the independence of LB&Co. pursuant to Securities and Exchange Commission (SEC) rules and considered, among other things, whether the consultant provides any other services to us, the policies of the consultant that are designed to prevent any conflict of interest between the consultant, the Compensation Committee and us, any personal or business relationship between the consultant and any member of the Compensation Committee or between the consultant and one of our executive officers and whether the consultant owns any shares of our common stock. The

terms of LB&Co.'s engagement are set forth in a separate engagement agreement that provides, among other things, that the consultant is engaged by, and reports only to, the Compensation Committee and will perform the compensation advisory services requested by the Compensation Committee. LB&Co. does not provide any other services to the Company, and the Compensation Committee concluded that we do not have any conflicts of interest with LB&Co.

The Compensation Committee does not adopt all recommendations given by LB&Co. but uses their work as a reference in exercising its own judgment with respect to its executive compensation actions and decisions. LB&Co. meets privately with the Compensation Committee at its request. Our management provides information to LB&Co. but does not direct or oversee their activities with respect to our executive compensation program.

Executive Compensation Program Philosophy, Objectives and Principles

It is our goal, and the goal of our Compensation Committee, to maintain an executive compensation program that is competitive, rooted in the principles inherent in pay-for-performance and in conformance with best practices in executive compensation and corporate governance.

In support of this philosophy, our primary compensation objectives are to attract, motivate and retain key leaders, reward superior performance, drive future performance and align the long-term interests of our executives with those of our stockholders. To this end, our compensation program has been designed with the following principles in mind:

- Compensation should be performance-based;
- Compensation should reinforce our business objectives and values; and
- Incentive compensation should balance short- and long-term performance goals and decision-making.

Compensation Should be Performance-Based

The Compensation Committee believes that a portion of our executives' total compensation should be at risk and tied to how well they perform, while other metrics should be at risk based on how well the Company performs relative to applicable financial and non-financial objectives. To accomplish this, the Compensation Committee uses a variety of targeted, performance-based compensation vehicles in our executive compensation program that are specifically designed to incorporate performance criteria that promote our annual operating plan and long-term business strategy, build long-term stockholder value and discourage excessive risk-taking.

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

As the Compensation Committee believes that there should be a strong correlation between executive pay and Company performance, in years when our performance exceeds the objectives established for the relevant performance period, executive officers should be paid more than 100% of the established target award. Conversely, when performance does not meet the established objectives, incentive award payments should be less than 100% of the established target level or eliminated altogether if performance is below threshold performance levels.

Compensation Should Reinforce Our Business Objectives and Values

Our goal is to increase stockholder value by focusing our activity on our core competencies and business objectives, reducing costs, generating free cash flow and improving our liquidity. We seek to achieve these goals through the following strategies:

- Prudently develop our core Mississippian Lime assets.
- Maintain a low and effective cost structure.
- Utilize our technical and operating expertise to enhance returns.

- Maintain a strong, de-levered balance sheet.
- Apply rigorous investment analysis to capital allocation decisions.

Elements of the Executive Compensation Program

Base Salary

During the first quarter of each year, the Compensation Committee reviews and establishes the base salaries of the Named Executive Officers. The Compensation Committee has established and maintains base salary market reference points for the Company's various executive positions as indicated by third-party market compensation survey data compiled by management and independently reviewed by the Compensation Committee's compensation consultant. For each Named Executive Officer, the Compensation Committee takes into account the scope of his or her responsibilities, experience and individual performance, and then balances these factors against competitive salary practices. The Compensation Committee also considers internal pay equity on an annual basis with respect to the other executives and references external benchmarks provided by its compensation consultant. The Compensation Committee did not assign any relative or specific weights to these factors.

Short-Term Incentive Plan (STIP)

During the first quarter of each year, the Compensation Committee establishes a short-term incentive opportunity for each Named Executive Officer under the STIP. At that time, the Compensation Committee approves: (i) the overall Key Performance Indicators (KPIs) and goals for the fiscal year; and (ii) a STIP target opportunity for each Named Executive Officer.

Setting the STIP Target Opportunity.

Each year, the Compensation Committee establishes a STIP target opportunity for each Named Executive Officer, expressed as a percentage of the executive's base salary. The Compensation Committee sets these targets in consultation with LB&Co., its independent compensation consultant, and in adherence to our stated executive compensation objectives and principles.

Setting Key Performance Indicators.

The Compensation Committee, with input from the Chief Executive Officer, evaluates and approves the Company's STIPs and KPIs for each fiscal year, that are consistent with our business strategy and tied to the achievement of important strategic objectives that drive the success of our business. The Company's STIP KPIs and thresholds, targets and maximums, unadjusted for extraordinary events, established for 2018 were as follows:

Performance Measure	Weight	Threshold	Target	Maximum

Measuring Performance and Establishing Payout.

The 2018 payout range established for our Chief Executive Officer was 0% to 200%, and for each of the remaining Named Executive Officers was 0% to 150% of his or her respective target award opportunity. The Compensation Committee considered the performance target levels to be attainable, but that achievement of the targets would require strong performance and execution. Failure to meet the minimum performance threshold corresponding to a specified performance measure resulted in the participant not receiving any portion of the payout award related to such performance measure. Payouts for performance between threshold and target and between target and maximum are subject to linear interpolation. The actual payout percentage for 2018 was calculated as follows:

$$\text{Base Salary} \times \text{STIP Target \%} \times \text{Final KPI Achievement Result} = \text{Total Short-Term Incentive Payment}$$

Actual performance for each KPI for the fiscal year is measured and reviewed by the Compensation Committee during the first few months following the end of the fiscal year to which they pertain. As noted above, while the Compensation Committee closely examines Company and individual performance with respect to each KPI, the Compensation Committee retains the discretion to increase or decrease a Named Executive Officer's annual short-term incentive bonus despite KPI performance based on an overall qualitative assessment of the individual officer's performance. Regardless of individual performance, however, in no event may the Committee increase a Named Executive Officer's bonus above his or her specified maximum STIP opportunity.

In February 2019, the Compensation Committee reviewed 2018 actual performance against each of the KPIs. The Company achieved (i) between threshold and target performance under the Production Volumes metric, (ii) exceeded maximum performance under the Total Program IRR metric, (iii) between threshold and target performance under the Free Cash Flow metric, (iv) between threshold and target performance under the Relative Total Shareholder Return metric, (v) between threshold and target performance under the Lease Operating Expense metric, (vi) exceeded maximum performance under the Adjusted G&A Expense (Cash) metric, and (vii) between threshold and target maximum performance under the Strategic Initiatives metric. All of our Named Executive Officers (including our Chief Executive Officer) received the portion of their annual short-term incentive bonus tied to corporate performance at a payout rate between threshold and target for the final KPI achievement result.

For 2019, the Compensation Committee approved the following STIP KPIs, with their respective weightings, thresholds, targets and maximums shown, unadjusted for extraordinary events, as follows:

Performance Measure	Weight	Threshold	Target	Maximum
Production Volume (BOEPD)	20%	11,500	12,500	13,500
Free Cash Flow (\$mm)	30%	\$ 30.0	\$ 40.0	\$ 50.0
Lease Operating Expense (\$/BOE)	20%	\$ 6.55	\$ 5.70	\$ 4.85
Adjusted Cash G&A (\$/BOE)	15%	\$ 2.95	\$ 2.55	\$ 2.15
Strategic Initiatives	15%	Board Discretion		
<i>Total</i>	<i>100%</i>	<i>N/A</i>	<i>N/A</i>	<i>N/A</i>

Long-Term Incentives

Our long-term incentive program rewards the Named Executive Officers for the Company's performance over a multi-year period. Following the Company's emergence from Chapter 11 in 2016, the then current Named Executive Officers, with the exception of Mr. Sambrooks (who was

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

appointed on November 1, 2017), received a portion of their income in the form of non-qualified stock options and time-based restricted stock units. Both the stock options and time-based restricted stock units vest ratably over a period of three years: one-sixth vested on the six-month anniversary of the Grant Date, an additional one-sixth vested on the twelve-month anniversary of the Grant Date, an additional one-third vested on the twenty-four month anniversary of the Grant Date and the final one-third will vest on the thirty-six month anniversary of the Grant Date. The stock options have an exercise price equal to \$19.66 per share, which was the fair market value of a share of our Company's stock as of the grant date.

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

Upon his hire as our current Chief Executive Officer on November 1, 2017, Mr. Sambrooks received a grant of time-based restricted stock units and performance-based restricted stock units, weighted at one-third and two-thirds, respectively. The time-based restricted stock units vest ratably on each of the first three anniversaries of the date of grant. Mr. Sambrooks' performance-based restricted stock units are subject to cliff vesting at the conclusion of a three-year performance period, dependent upon the Company's absolute and relative TSR achievement. This November 1, 2017 grant was intended to serve as Mr. Sambrooks' 2017 and 2018 long-term incentive grants.

The material terms and conditions of these equity awards are determined under the provisions of our equity compensation plans that our stockholders previously approved. The Company's 2016 Long Term Incentive Plan was included as an exhibit to the Company's Form S-8 filed with the SEC on October 24, 2016.

Restricted Stock Unit Awards.

The Compensation Committee grants, on an annual basis, restricted stock unit awards that vest ratably over a three-year period to deliver a meaningful long-term incentive that balances risk and potential reward. These awards also serve as an effective incentive for our superior executive performers to remain with the Company and continue such performance.

Restricted stock unit awards are only earned if the individual continues to be employed by the Company until the applicable vesting dates of the awards. Until vesting, holders of restricted stock unit awards do not have voting rights on the units, but the units are entitled to receive dividend equivalents, if any dividends are paid on the Company's stock.

Non-Qualified Stock Options.

In 2016, post-emergence, the Compensation Committee granted non-qualified stock options that vest ratably over a period of three years: one-sixth vested on the six-month anniversary of the Grant Date, an additional one-sixth vested on the twelve-month anniversary of the Grant Date, an additional one-third vested on the twenty-four month anniversary of the Grant Date and the final one-third will vest on the thirty-six month anniversary of the Grant Date. These awards were intended to promote sustained increases in long-term stockholder value and are inherently performance-oriented as the recipients only get rewarded to the extent that there have been increases in the fair market value of our stock over the exercise price, which was set at the fair market value on the Grant Date.

Performance-Based Stock Unit Awards.

In November 2017, in connection with his hiring, the Compensation Committee granted a performance-based restricted stock unit award to our Chief Executive Officer and in 2018, the Compensation Committee granted performance-based restricted stock unit awards to certain of our Named Executive Officers. The Chief Executive Officer's awards cliff vest at the conclusion of a three-year performance period, based on the Company's absolute and relative Total Stockholder Return during the performance period. The 2018 performance-based restricted stock unit granted to certain of our Named Executive Officers (but excluding our Chief Executive Officer) cliff vest at the conclusion of a three-year performance period, based on the Company's relative Total Stockholder Return during the performance period. Under certain circumstances, our Chief Executive Officer and those Named Executive Officers may vest in a pro rata portion of any performance-based restricted stock unit awards outstanding.

In March 2019, the Compensation Committee granted performance-based restricted stock unit awards to our Named Executive Officers, including our Chief Executive Officer, which vest at the rates indicated in the table below, if and when a 60 consecutive trading-day VWAP is achieved at any time during the two-year performance period. Straight line interpolation between the values cited below will be used. All vested shares will be delivered following the close of the second performance year, if performance conditions are met.

Vesting Schedule	Stock Price (60-day VWAP)	
33% of award	\$	9.50
66% of award	\$	10.50
100% of award	\$	11.50
150% of award	\$	12.50

The Compensation Committee believes that performance awards are both retentive, in that the executive must be employed by the Company through the conclusion of the performance period in order to earn any of the performance-based stock units, and motivational, in that the executive will only earn these shares if the Company meets the articulated relative and/or absolute Total Stockholder Return and price per common share goals, as applicable under the terms of the respective award agreements.

The grant date fair values of the restricted stock unit, stock option and performance-based stock unit awards granted to the Chief Executive Officer and certain of our Named Executive Officers, are calculated in accordance with accounting principles generally accepted in the United States (GAAP) pursuant to Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 718, Compensation Stock Compensation, are shown in the Summary Compensation Table under the Stock Awards column and the accompanying footnotes.

Share Equalization Program

In December 2018, the Board approved the adoption of a stock buyback equalization program (the Equalization Program) in order to further align the interests of the Company s employees and directors that hold outstanding equity awards with that of the Company s stockholders in the event the Company were to effectuate a tender offer or extraordinary share repurchase program. The Equalization Program allows for the Company s employees that hold outstanding equity awards, including the Company s directors and Named Executive Officers, to effectively participate in any tender program or extraordinary share repurchase with their invested restricted stock unit awards, unvested performance-based stock unit awards and any vested but unsettled restricted stock unit awards that were deferred by the Company s directors under the directors Deferred Compensation Plan, as applicable, with the number of units and/or shares available to participate in the Equalization Program being proportionate to the number of shares bought back through the tender offer or extraordinary share repurchase program by the Company from its stockholders.

On January 14, 2019, we announced the commencement of a tender offer to repurchase up to 5,000,000 shares of common stock at the offer price of \$10.00 per share in the first quarter of 2019. On February 14, 2019, the tender offer was completed with 5,000,000 shares of common stock purchased at a purchase price of \$10.00 per share. Pursuant to the Equalization Program, our employees, including our directors and executive officers, that held outstanding unvested equity awards and/or vested but unsettled restricted stock unit awards were allowed to participate in the tender offer.

Anti-Hedging and Pledging

Because the Company believes it is improper and inappropriate for its insiders to engage in short-term or speculative transactions involving certain securities, under the terms of the Company s Insider Trading Policy the Company prohibits its insiders from engaging in transactions in the Company s debt securities (if any), hedging transactions and other transactions involving Company derivative securities, purchases of Company stock on margin, short term trading, and standing and limit orders. The Company s Insider Trading Policy is available online at: <https://ir.midstatespetroleum.com/governance-docs>.

Other Benefits

As previously discussed, the Compensation Committee strives to make our executive compensation program primarily performance-based and, as such, has eliminated all perquisites for our executive officers. Currently, the Company offers the benefits described below which the Compensation Committee believes are competitive with the

level of benefits offered by the companies with which we compete for executive and managerial talent, and, as such, serve to meet our stated objective of attracting, motivating and retaining executive talent.

All of our full-time employees, including our Named Executive Officers, receive the same health and welfare benefits. The benefits include a 401(k) retirement program with a company match of up to 8% of an employee's pay with immediate vesting, health insurance, dental insurance, life and accidental death and dismemberment insurance, as well as short-term and long-term disability insurance. We do not currently offer any other retirement or pension program as we feel that the compensation package offered to our Named Executive Officers provides compensation and incentives sufficient to attract and retain excellent talent without the addition of this benefit.

The aggregate incremental cost of providing these benefits to the Named Executive Officers is included in the Summary Compensation Table under the All Other Compensation column and related footnotes.

Employment Agreements

Employment Agreement with Mr. Sambrooks

In connection with the appointment of Mr. Sambrooks as President and Chief Executive Officer, Mr. Sambrooks and the Company entered into an employment agreement (the Sambrooks Employment Agreement) outlining the terms of his employment as President and Chief Executive Officer of the Company. Pursuant to the Sambrooks Employment Agreement, Mr. Sambrooks' annual salary will be \$600,000 (the Base Salary) while serving as President and Chief Executive Officer and Mr. Sambrooks will be entitled to participate in any Incentive Plans (as defined in the Sambrooks Employment Agreement) applicable to similarly situated employees of the Company. Additionally, Mr. Sambrooks will be entitled to an annual bonus earned based on performance against objective, reasonably attainable performance criteria determined in good faith by the Board of Directors, after consultation with Mr. Sambrooks. The target annual bonus is one hundred percent (100%) of Mr. Sambrooks' Base Salary and the maximum annual bonus is two hundred percent (200%) of Mr. Sambrooks' Base Salary (each to be prorated for the number of days Mr. Sambrooks is employed with the Company during the applicable bonus period).

The Sambrooks Employment Agreement was effective as of November 1, 2017, and contains an initial term ending on the third anniversary of the effective date (the Initial Term). If sixty (60) days' notice of intent to terminate the Sambrooks Employment Agreement is not given prior to the expiration of the Initial Term, the Sambrooks Employment Agreement will continue past the Initial Term for successive one year terms until either party gives sixty (60) days' notice that the party intends for the Sambrooks Employment Agreement to terminate at the end of any such one year period.

If Mr. Sambrooks' employment is terminated by the Company for cause (as defined below) or by Mr. Sambrooks without Good Reason (as defined below) and the termination of Mr. Sambrooks is not due to his death or disability during the term of the Sambrooks Employment Agreement, Mr. Sambrooks will be entitled to a lump-sum cash payment which will consist of the following items: (i) the portion of the executive's base salary accrued through the termination to the extent not previously paid, any expense reimbursement accrued and unpaid, any employee benefits pursuant to the terms of the applicable employee benefit plan, and any accrued but unused vacation (the Accrued Obligations), (ii) to the extent Mr. Sambrooks' employment terminates after the end of the applicable fiscal year but before the payment of Mr. Sambrooks' Annual Bonus for such fiscal year, the full payment of Mr. Sambrooks' Annual Bonus for such fiscal year that would have otherwise been payable, and (iii) any accrued or vested amount arising from the executive's participation in, or benefits under, any incentive plans (the Accrued Incentives).

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

If Mr. Sambrooks' employment is terminated by the Company without Cause (as defined below) or by Mr. Sambrooks for Good Reason (as defined below) during the term of the Sambrooks Employment Agreement, Mr. Sambrooks will be entitled to a lump-sum cash payment, which will consist of the following items: (i) the Accrued Obligations, payable within thirty (30) days after the date of termination, (ii) any Accrued Incentives, (iii) a cash payment equal to the sum of two times his base salary plus the target bonus and (iv) a cash payment equal to a pro rata portion of Mr. Sambrooks Target Bonus for the year of termination, which will be prorated based on the number of days between the beginning of the applicable performance period through the date of termination. Additionally, Mr. Sambrooks will be entitled to continued monthly payment for eighteen (18) months of an amount equal to the cost of medical, dental and vision coverage for him and his family, to vest in the next tranche of time-vested equity incentive

awards that would otherwise vest if not for his termination and to vest in a pro rata portion of any performance-based equity incentive awards outstanding on the date of termination.

If Mr. Sambrooks' employment is terminated by the Company without Cause (as defined below) or by Mr. Sambrooks for Good Reason (as defined below) and within 12 months of a change in control, during the term of the Sambrooks Employment Agreement, Mr. Sambrooks will be entitled to a lump-sum cash payment, which will consist of the following items: (i) the Accrued Obligations, payable within thirty (30) days after the date of termination, (ii) any Accrued Incentives, (iii) a cash payment equal the sum of two times his base salary plus the target bonus and (iv) a cash payment equal to a pro rata portion of Mr. Sambrooks Target Bonus for the year of termination, which will be prorated based on the number of days between the beginning of the applicable performance period through the date of termination. Mr. Sambrooks will also be entitled to continued monthly payment for eighteen (18) months of an amount equal to the cost of medical, dental and vision coverage for him and his family. Additionally, all of Mr. Sambrooks' unvested time-based restricted stock units will vest, and all unvested performance-based restricted stock units, awarded in 2017, will immediately and fully vest at the Target Number of restricted stock units.

For purposes of the Sambrooks Employment Agreement, Cause, in all material respects, means: (i) a breach by Mr. Sambrooks of his obligations under the Sambrooks Employment Agreement, which constitutes nonperformance by him of his obligations and duties thereunder, as determined by us, that is not cured within 15 days of Mr. Sambrooks' receipt of written notice thereof from us, (ii) commission by Mr. Sambrooks of an act of fraud, embezzlement, misappropriation, willful misconduct or breach of fiduciary duty against us, (iii) a material breach by Mr. Sambrooks of any restrictive covenants contained within the Sambrooks Employment Agreement that is not cured within 15 days of Mr. Sambrooks' receipt of written notice thereof, (iv) Mr. Sambrooks' conviction, plea of no contest or nolo contendere, deferred adjudication or unadjudicated probation for any felony or any crime involving fraud, dishonesty, or moral turpitude or causing material harm, financial or otherwise, to us, (v) the willful refusal or intentional failure of Mr. Sambrooks to carry out, or comply with, in any material respect, any lawful and material written directive of us, (vi) Mr. Sambrooks' unlawful use (including being under the influence) or possession of illegal drugs, or (vii) Mr. Sambrooks' willful and material violation of any federal, state, or local law or regulation applicable to us or its business which adversely affects us that is not cured after written notice from us.

For purposes of the Sambrooks Employment Agreement, Good Reason means any of the following, but only if occurring without Mr. Sambrooks' consent: (i) a diminution in Mr. Sambrooks' base salary or target bonus opportunity not otherwise consented to by Mr. Sambrooks, (ii) a material diminution in Mr. Sambrooks' titles, positions, authority, duties, or responsibilities, (iii) the relocation of Mr. Sambrooks' principal office to an area more than 50 miles from its location immediately prior to such relocation, or (iv) our failure to comply with any material provision of the Sambrooks Employment Agreement or equity agreement(s).

Employment Agreements with Other Named Executive Officers

Effective upon our emergence from the Chapter 11 Cases, we entered into new employment agreements with Scott C. Weatherholt and Mitchell G. Elkins, and on September 17, 2018 we entered into a new employment agreement with Richard W. McCullough (collectively, the Employment Agreements). The initial term of the Employment Agreements is three years with automatic extensions for additional one-year periods unless either party provides at least sixty (60) days advance written notice of the intent to terminate the Employment Agreement. Under the Employment Agreements, Mr. Weatherholt currently receives an annual base salary of \$400,000 (prior to March 1, 2019, he received an annual base salary of \$350,000), Mr. McCullough currently receives an annual base salary of \$288,400 and Mr. Elkins received an annual base salary of \$400,000, which, in the case of Messrs. Weatherholt and McCullough, may be increased, but not decreased, at any time at the discretion of the Board of Directors. Each of the foregoing officers who remains employed with the Company is also eligible to receive an annual cash bonus and to participate in all other bonus, incentive, retirement and similar plans applicable generally to other similarly situated employees of us. The target annual cash bonus of Mr. Weatherholt is 75% of his annual base salary, Mr. Elkins' was 80% of his annual bonus and Mr. McCullough's is 50% of his annual base salary. Each executive is entitled to five weeks of vacation each year during the term of the Employment Agreement. The Employment Agreement contains a confidentiality obligation on the part of the executive of indefinite duration and non-competition and non-solicitation obligations on the part of the executive for a period of one-year following their termination of

employment with us for any reason.

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

Upon a termination of the executive's employment by us for Cause, by the executive without Good Reason, or due to death or disability during the term of the Employment Agreement, the executive is entitled to (i) the Accrued Obligations, and (ii) any Accrued Incentives, which amount will be payable in accordance with the terms and conditions of such incentive plans.

Upon a termination of the executive's employment by us without Cause or by the executive for Good Reason during the term of the Employment Agreement, the executive is entitled to: (i) the Accrued Obligations, (ii) the Accrued Incentives, (iii) a lump sum cash payment equal to 1.0 times of the applicable officer's base salary plus annual target bonus. Additionally, the executive will be entitled to continued monthly payment for twelve (12) months of an amount equal to the cost of medical, dental and vision coverage for him and his family, to vest in the next tranche of time-vested equity incentive awards that would otherwise vest if not for his termination and to vest in a pro rata portion of any performance-based equity incentive awards outstanding on the date of termination.

Upon a termination of the executive's employment by us without Cause or by the executive for Good Reason during the term of the Employment Agreement and within twelve months following a change in control of us, Mr. Weatherholt is entitled to: (i) the Accrued Obligations, (ii) the Accrued Incentives, (iii) a lump-sum cash payment equal to the product of (x) the executive's annual target bonus plus the highest base salary paid to the executive during the three years immediately preceding the change in control, multiplied by (y) 2.0, and (iv) monthly payments equal to the monthly COBRA premium for executive and any eligible dependents for up to 12 months following the executive's termination of employment. Mr. McCullough is entitled to: (i) the Accrued Obligations, (ii) the Accrued Incentives, (iii) a lump-sum cash payment equal to the product of (x) the executive's annual target bonus plus the highest base salary paid to the executive during the three years immediately preceding the change in control, multiplied by (y) 1.0, and (iv) monthly payments equal to the monthly COBRA premium for executive and any eligible dependents for up to 12 months following the executive's termination of employment. Additionally, all of Mr. Weatherholt's and Mr. McCullough's unvested time-based restricted stock units granted will vest, and all unvested performance-based restricted stock units, awarded in 2017, will immediately and fully vest at the Target Number of restricted stock units.

For purposes of the Employment Agreements' Cause, in all material respects, means: (i) a breach by the executive of the executive's obligations under the executive's Employment Agreement, which constitutes nonperformance by the executive of their obligations and duties thereunder, as determined by us, that is not cured within 15 days of the executive's receipt of written notice thereof from us, (ii) commission by the executive of an act of fraud, embezzlement, misappropriation, willful misconduct or breach of fiduciary duty against us, (iii) a material breach by the executive of any restrictive covenants contained within the executive's Employment Agreement that is not cured within 15 days of the executive's receipt of written notice thereof, (iv) the executive's conviction, plea of no contest or nolo contendere, deferred adjudication or unadjudicated probation for any felony or any crime involving fraud, dishonesty, or moral turpitude or causing material harm, financial or otherwise, to us, (v) the willful refusal or intentional failure of the executive to carry out, or comply with, in any material respect, any lawful and material written directive of us, (vi) the executive's unlawful use (including being under the influence) or possession of illegal drugs, or (vii) the executive's willful and material violation of any federal, state, or local law or regulation applicable to us or our business which adversely affects us that is not cured after written notice from us.

For purposes of the Employment Agreements, Good Reason means any of the following, but only if occurring without the executive's consent: (i) a material diminution in the executive's base salary or target bonus opportunity, (ii) a material diminution in the executive's titles, positions, authority, duties, or responsibilities, (iii) the relocation of the executive's principal office to an area more than 50 miles from its location immediately prior to such relocation, or (iv) our failure to comply with any material provision of the Employment Agreement or agreement pursuant to which the executive received a grant of equity-based awards in connection with our emergence from the Chapter 11 Cases.

Severance payments made under the Employment Agreement are contingent upon the executive's execution of a valid release of claims. Further, severance payments may be stopped and any payments already made must be repaid in the event the executive violates the confidentiality, non-competition or non-solicitation provisions of the Employment Agreement.

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

In the event that Section 280G of the Code applies to any compensation payable to the executives, the Employment Agreements provide for a Section 280G Best Net Cutback. The Employment Agreements do not provide any obligation for us to pay a gross-up or make the executive whole for any excise or regular income taxes, including the excise taxes that may be due under Section 4999 of the Code.

Severance Arrangements

Mitchell G. Elkins

Effective January 23, 2018, Mr. Elkins' employment ended with the Company. In connection with his departure, Mr. Elkins entered into a Separation Agreement (the "Elkins Separation Agreement"), dated January 24, 2018. Pursuant to the Elkins Separation Agreement, Mr. Elkins received, under the terms of his Employment Agreement with the Company, a lump sum payment for his Accrued Obligations and Accrued Incentives, a lump sum cash payment equal to 1.0 times his base salary plus annual target bonus, a lump sum amount equal to the monthly COBRA premium for he and his spouse for twelve months and all unvested awards granted to Mr. Elkins under the 2016 Long Term Incentive Plan fully vested. The Elkins Separation Agreement also contains confidentiality and non-disparagement provisions and a waiver and release.

Accounting Considerations

All equity awards to our employees, including our Named Executive Officers, and to our directors will be granted and reflected in our consolidated financial statements, based upon the applicable accounting guidance, at fair market value on the grant date in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC), Topic 718, Compensation - Stock Compensation.

Impact of Section 162(m) on Compensation

Prior to the Tax Cuts and Jobs Act (Tax Reform) that was signed into law December 22, 2017, Section 162(m) of the Code generally limited to \$1 million the U.S. federal income tax deductibility of compensation paid in one year to a company's Chief Executive Officer or any of its three next-highest-paid executive officers (other than its Chief Financial Officer). Compensation that qualified as performance-based under Section 162(m) of the Internal Revenue Code was exempt from this \$1 million limitation. As part of Tax Reform, the ability to rely on this qualified performance-based compensation exception was eliminated, and the limitation on deductibility was generally expanded to include all named executive officers. Although we maintain compensation arrangements that were intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code prior to Tax Reform, subject to certain transition relief rules, we may no longer take a deduction for any compensation paid to our covered employees in excess of \$1 million. Furthermore, although the Compensation Committee may have taken action intended to limit the impact of Section 162(m) of the Internal Revenue Code, it also believes that the tax deduction is only one of several relevant considerations in setting compensation. The Committee believes that stockholder interests are best served by not restricting the Committee's discretion and flexibility in structuring compensation programs, even though such programs may result in non-deductible compensation expenses. Accordingly, achieving the desired flexibility in the design and delivery of compensation may have resulted (and may continue to result, in light of the recent changes in law) in compensation that in certain cases is not deductible for federal income tax purposes.

Compensation Practices as They Relate to Risk Management

We believe our compensation programs do not encourage excessive and unnecessary risk taking by executive officers (or other employees). Our annual performance-based cash incentive program is based upon several different performance metrics that are both quantitative and qualitative, thus emphasizing well rounded company performance and growth rather than encouraging our executives to focus on achieving a single performance goal and the exclusion of others. Further, because our Compensation Committee retains the ability to apply discretion when determining the actual amount to be paid to executives pursuant to our annual performance-based cash incentive program, our Compensation Committee is able to assess the actual behavior of our executives as it relates to risk taking in awarding bonus amounts. Finally, our use of long-term equity-based compensation serves our compensation program's goal of

aligning the interests of executives and stockholders over the long-term, thereby reducing the incentives to take unnecessary short-term risk.

(1) This column reflects the base salary earned by each Named Executive Officer during the 2018 and 2017 fiscal years.

(2) These amounts do not necessarily correspond to the actual value that may be realized by our Named Executive Officers. For Mr. McCullough and Mr. Weatherholt, the amounts shown for 2018 represent the grant date fair value of their annual awards consisting of both time-based and performance-based restricted stock units. For 2017, this amount represents Mr. Sambrooks' award of time-based and performance-based restricted stock units upon his hire of November 1, 2017. The face value of the awards granted to Mr. Sambrooks on November 1, 2017 was \$2,000,000 for the performance-based restricted stock units and \$1,000,000 for the time-based restricted stock units. All awards are reported based upon the grant date fair value computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures.

(3) The amounts reported in this column reflect the aggregate amount paid in total to each Named Executive Officer with respect to performance in 2017 and 2018 under our then applicable annual short-term incentive bonus programs.

(4) These amounts represent a Company match of 401(k) contributions made in 2017 and 2018 including a year-end 401(k) true-up amount of \$400 for Mr. Elkins for 2017, paid in March 2018. (1) Amounts reported in this column represent time-vested stock options granted on October 21, 2016. Unless provided for otherwise under the terms of any applicable employment agreement with the Company, the awards vested as to 1/6 of the award on April 21, 2017, an additional 1/6 of the award vested on October 21, 2017, an additional 1/3 of the award vested on October 21, 2018, and the final 1/3 of the award will vest on October 21, 2019.

(2) For Mr. Sambrooks awards were granted on November 1, 2017 and the amount represents 67,889 time-based restricted stock units which vest ratably over three years and 135,778 performance-based restricted stock units which cliff vest at the end of the three years, subject to performance achievement based on absolute and relative Total Stockholder Return. Amounts reported in this column for all other Named Executive Officers other than Mr. Sambrooks represent time-based restricted stock units granted on October 21, 2016, time-based restricted stock units and performance-based restricted stock units granted on March 1, 2018. For Mr. Sambrooks, the total shares will be 12,085, for Mr. Weatherholt the total shares will be 9,328 and for Mr. McCullough the total shares will be 10,990. These shares are currently unvested and are included within the total shares of stock that are represented in column 2.

(3) For purposes of determining the amounts shown for executives in this column, the values of unvested performance-based restricted stock units were calculated based upon the number of performance-based restricted stock units awarded to executives at threshold performance (50%), multiplied by closing share price of the common stock of the Company on December 31, 2018 of \$7.51 per share. The amounts attributable to executives unvested time-based restricted stock units were calculated by multiplying the number of unvested time-based

restricted stock units by the closing share price of the common stock of the Company on December 31, 2018 of \$7.51 per share.

Estimated Payments Due Pursuant to Existing Agreements

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

As discussed in Compensation Discussion and Analysis Employment Agreements, the Company maintains employment agreements with certain Messrs. Sambrooks, Weatherholt and McCullough that provide for potential severance payments upon a termination of the executive's employment under various circumstances.

If Mr. Sambrooks' employment is terminated by the Company without Cause or by Mr. Sambrooks for Good Reason during the term of the Sambrooks Employment Agreement, Mr. Sambrooks will be entitled to a lump-sum cash payment which will consist of the following items: (i) the Accrued Obligations, payable within thirty (30) days after the date of termination, (ii) any Accrued Incentives, (iii) a cash payment equal to the sum of two times his base salary plus the target bonus and (iv) a cash payment equal to a pro rata portion of Mr. Sambrooks Target Bonus for the year of termination, which will be prorated based on the number of days between the beginning of the applicable performance period through the date of termination. Additionally, Mr. Sambrooks will be entitled to continued monthly payment for eighteen (18) months of an amount equal to the cost of medical, dental and vision coverage for him and his family, to vest in the next tranche of time-vested equity incentive awards that would otherwise vest if not for his termination and to vest in a pro rata portion of any performance-based equity incentive awards outstanding on the date of termination. The following table displays the value of the severance payments described in the preceding sentence for Mr. Sambrooks, assuming that an eligible termination of employment occurred on December 31, 2018.

Name and Principal Position	Lump-Sum Payment based on Annual Bonus at STIP Target (\$)	Continued Base Salary (\$)	COBRA Premium Reimbursement (\$)	Total (\$)
David J. Sambrooks	1,200,000	1,200,000	44,517	2,444,517

If Mr. Sambrooks' employment is terminated by the Company without Cause (as defined previously) or by Mr. Sambrooks for Good Reason and within 12 months of change of control, during the term of the Sambrooks Employment Agreement, Mr. Sambrooks will be entitled to a lump-sum cash payment, which will consist of the following items: (i) the portion of the executive's base salary accrued through the termination to the extent not previously paid, any expense reimbursement accrued and unpaid, any employee benefits pursuant to the terms of the applicable employee benefit plan, and any accrued but unused vacation (the Accrued Obligations), payable within thirty (30) days after the date of termination, (ii) any accrued or vested amount arising from the executive's participation in, or benefits under, any incentive plans (the Accrued Incentives), (iii) a cash payment equal the sum of two times his base salary plus the target bonus and (iv) a cash payment equal to a pro rata portion of Mr. Sambrooks Target Bonus for the year of termination, which will be prorated based on the number of days between the beginning of the applicable performance period through the date of termination. Mr. Sambrooks will also be entitled to continued monthly payment for eighteen (18) months of an amount equal to the cost of medical, dental and vision coverage for him and his family. Additionally, all of Mr. Sambrooks' unvested awards granted to Mr. Sambrooks under the 2016 Long Term Incentive Plan, will vest. The performance-based equity incentive awards outstanding on the date of termination will vest at the target number of awards. The following table displays the value of the severance payments described in the preceding sentence for Mr. Sambrooks, assuming that an eligible termination of employment occurred on December 31, 2018 and within 12 months of change of control.

David J. Sambrooks	1,200,000	1,200,000	44,517	2,444,517

If Messrs. Weatherholt or McCullough's employment is terminated by the Company without Cause or by the executive for Good Reason during the term of the Employment Agreement, Messrs. Weatherholt and/or McCullough will be entitled to: (i) the Accrued Obligations, (ii) the Accrued Incentives, (iii) a lump sum cash payment equal to 1.0 times their base salary plus their annual target bonus and (iv) monthly payments equal to the monthly COBRA premium for Executive and his spouse and any eligible dependents for up to 12 months following their termination of employment. Additionally, if the termination of employment is by the Company without Cause or by the executive for Good Reason, all unvested awards granted to the executive in 2016 under the 2016 Long Term Incentive Plan shall

- Chairman of the Board annual cash retainer: \$112,500; and annual equity retainer in restricted stock units equivalent to \$210,000;

- Regular director annual cash retainer: \$75,000, and annual equity retainer in restricted stock units equivalent to \$140,000;
- The equity retainers for all non-employee directors will vest on the first to occur of (i) December 31, 2018, (ii) the non-employee director's termination of directorship (other than for Cause), (iii) the non-employee director's death, or (iv) the non-employee director's disability, which our Compensation Committee believes will align our non-employee directors' interests with those of our stockholders on an annual basis;
- Audit Committee Chair additional retainer: \$25,000, and Audit Committee member additional service retainer: \$12,500;
- Compensation Committee Chair additional retainer: \$15,000, and Compensation Committee member additional service retainer: \$7,500;
- Nominating Chair additional retainer: \$10,000, and Nominating member additional service retainer: \$5,000;

Additionally, in November 2016, all non-employee directors received a one-time grant of restricted stock units with a grant-date value equal to \$250,000, and vesting on the first business day following the date on which the Adjusted Share Price of our common stock is equal to or greater than \$30 (the Director LTIP award). Our Compensation Committee believes that an additional grant of equity-based awards was necessary to immediately align our non-employee directors' interests with those of our stockholders generally, as our non-employee directors did not hold equity as of our emergence from the Chapter 11 Cases. The Director LTIP award will vest only if our share price materially increases from its price on the date the Director LTIP was granted; provided, however, that the Director LTIP award is subject to accelerated vesting in the event a Change in Control (as defined in our 2016 Long Term Incentive Plan) is effectuated. Any unvested Director LTIP award is subject to forfeiture on the first to occur of (i) the fifth anniversary of the grant date or (ii) a recipient's termination of directorship for any reason (except for a termination as part of a Change in Control).

For purposes of the Director LTIP award, Adjusted Share Price means the sum of (a) the average of the closing prices of our common stock during the 60 consecutive trading days ending on the specified measurement date (or if such measurement date does not fall on a trading day, the immediately preceding trading day); and (b) the aggregate value of any dividends paid on shares of common stock over the period beginning on the grant date and ending on the measurement date.

Non-employee directors of the Company are permitted to defer receipt of shares of common stock issued in respect of equity-based awards until a future date chosen in the director's discretion. If a non-employee director elects to make a deferral under the director deferral plan, the deferral election must be for a minimum of three years and may provide for a maximum deferral of five years. In addition, subject to the non-employee director's election, any deferred shares may be settled upon any of the non-employee director's separation from service, death, disability, or upon a change of control of the Company.

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

Each director is reimbursed for travel and miscellaneous expenses (i) to attend meetings and activities of our Board of Directors or its committees; and (ii) related to such director's participation in our general education and orientation program for directors.

In November 2016, following our emergence from the Chapter 11 Cases, each non-employee director was granted (i) a proportionate amount of restricted stock units attributable to the fourth quarter of 2016, (ii) a grant of restricted stock units pursuant to the Director LTIP described above, and (iii) separate grants of restricted stock units attributable to the applicable non-employee director's service on our Board of Directors in 2017 and 2018, as applicable.

The following table provides information concerning the compensation of our non-employee directors for the fiscal year ended December 31, 2018.

PROPOSAL TWO

NON-BINDING ADVISORY VOTE ON EXECUTIVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Introduction

Section 14A of the Securities Exchange Act requires public companies to conduct a separate stockholder advisory vote to approve the compensation of Named Executive Officers, commonly known as a Say-on-Pay proposal. Accordingly, we are asking our stockholders to approve, on an advisory, non-binding basis, the compensation paid to our Named Executive Officers, as described in the Executive Compensation and Other Information section of this Proxy Statement. Our Board of Directors recognizes that executive compensation is an important matter for our stockholders. As described in detail in the Executive Compensation and Other Information Executive Compensation Program Philosophy, Objectives and Principles section of this Proxy Statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy and the core of that philosophy is to pay our Named Executive Officers based on performance. In particular, the Compensation Committee strives to attract, retain and motivate exceptional executives, to properly incentivize future performance by rewarding the achievement of established goals, and to align executives' long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short and long-term incentive compensation to reward near-term excellent performance and to encourage our Named Executive Officers' commitment to our long-range, strategic business goals. It is the intention of the Compensation Committee that our Named Executive Officers be compensated competitively as compared to other companies in the same and closely related industries while ensuring that our compensation programs are consistent with our strategy, sound corporate governance principles, and stockholder interests and concerns.

As described in the Executive Compensation and Other Information section of this proxy statement (the Executive Compensation Discussion), we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our stockholders and that the total compensation package provided to our Named Executive Officers are reasonable and not excessive. As you consider this Proposal TWO, we urge you to read the Executive Compensation Discussion for additional details on the compensation of our Named Executive Officers, including information about our compensation philosophy and objectives and the past compensation of our Named Executive Officers, and to review the tabular disclosures regarding Named Executive Officer compensation together with the accompanying narrative disclosures.

As an advisory vote, Proposal TWO is not binding on our Board of Directors or the Compensation Committee and will not require our Board of Directors or the Compensation Committee to take any specific action. Although the vote is non-binding, our Board of Directors and the Compensation Committee value the opinions of our stockholders, and will carefully consider the outcome of the vote when making future compensation decisions for our Named Executive Officers.

Text of the Resolution to be Adopted

We are asking stockholders to vote For the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables and narrative discussion is hereby APPROVED.

Mr. Carr has served as Chairman of the Board of Directors since October 21, 2016. David J. Sambrooks was appointed as a director and became our President and Chief Executive Officer on November 1, 2017.

The Board recognizes that one of its key responsibilities is to evaluate and determine its optimal leadership structure so as to provide independent oversight of management. The Board understands that the optimal Board leadership structure may vary as circumstances warrant. Consistent with this understanding, non-employee directors consider the Board's leadership structure on an annual basis.

Communications with the Board of Directors

Stockholders or other interested parties can contact any director (including Mr. Carr, the Board's Chairman), any committee of the Board, or our non-employee directors as a group, by writing to them c/o Corporate Secretary, Midstates Petroleum Company, Inc., 321 South Boston Avenue, Suite 1000, Tulsa, Oklahoma, 74103. Comments or complaints relating to the Company's accounting, internal accounting controls or auditing matters will also be referred to members of the Audit Committee. All such communications will be forwarded to the appropriate member(s) of the Board.

Director Independence

The Company's standards for determining director independence require the assessment of directors' independence each year. A director cannot be considered independent unless the Board of Directors affirmatively determines that he or she does not have any relationship with management or the Company that may interfere with the exercise of his or her independent judgment, including any of the relationships that would disqualify the director from being independent under the rules of the NYSE.

The Board of Directors has assessed the independence of each non-employee director under the Company's guidelines and the independence standards of the NYSE. The Board of Directors affirmatively determined that Messrs. Carr, Goldman, Klein, Snyder, Lederman, Proman and Mrs. Douglas are independent.

In connection with its assessment of the independence of each non-employee director, the Board of Directors also determined that (i) Messrs. Goldman, Snyder and Mrs. Douglas are independent, as defined in Section 10A of the Exchange Act and under the standards set forth by the NYSE applicable to members of the Audit Committee and (ii) Messrs. Carr, Goldman and Lederman are independent under the standards set forth by the NYSE applicable to members of the Compensation Committee.

Financial Literacy of Audit Committee and Designation of Financial Experts

The Board of Directors evaluates each of the members of the Audit Committee for financial literacy and the attributes of a financial expert at least annually, and most recently in February 2019. The Board of Directors determined that each of the Audit Committee members is financially literate and that Mrs. Douglas is an audit committee financial expert as defined by the SEC.

Oversight of Risk Management

Except as discussed below, the Board of Directors as a whole oversees the Company's assessment of major risks and the measures taken to manage such risks. For example, the Board of Directors:

- oversees management of the Company's commodity price risk through regular review with executive management of the Company's derivatives strategy, and the oversight of the Company's policy that limits the Company's authority to enter into derivative commodity price instruments to a specified level of production, above which management must seek Board approval;
- has established specific dollar limits on the commitment authority of members of senior management and requires Board approval of expenditures exceeding that authority and of other material contracts and transactions; and
- reviews management's capital spending plans, approves the Company's capital budget and requires that management present for Board review significant departures from those plans.

The Company's Audit Committee is responsible for overseeing the Company's assessment and management of financial reporting and internal control risks, as well as other financial risks, such as the credit risks associated with counterparty exposure. Management and the Company's independent registered public accountants report regularly

to the Audit Committee on those subjects. The Board of Directors does not consider its role in oversight of the Company's risk management function to be relevant to its choice of leadership structure.

Attendance at Annual Meetings

The Board of Directors encourages all directors to attend the annual meetings of stockholders, if practicable. All of our directors attended our 2018 Annual Meeting. We anticipate that all of our directors will attend the 2019 Annual Meeting.

Hedging Policy

Because the Company believes that it is improper and inappropriate for its directors or executive officers to engage in short-term or speculative transactions involving the Company's securities, the Company's insider trading policy prohibits any of its directors or executive officers from engaging in hedging transactions or other transactions involving any derivative securities of the Company.

Stock Ownership Requirements

The Board of Directors believes that directors should own and hold common stock of the Company to further align their interests and actions with the interests of the Company's stockholders. In this regard, the Board has adopted minimum Director Stock Ownership Guidelines (the Guidelines). The Guidelines apply to the non-employee directors of the Company.

The Guidelines require directors of the Company to own 10,000 Qualifying Shares (as defined below) (the Required Stock Holdings). Absent certain instances of severe hardship (as determined by the Compensation Committee), non-employee directors are prohibited from selling any shares of Company stock unless such non-employee director is in compliance with the Guidelines. Notwithstanding the preceding sentence, non-employee directors may sell or otherwise dispose of shares of Company stock to satisfy any applicable tax withholding obligations due in connection with the vesting or payment of any restricted stock units or deferred stock units.

Stock that counts toward satisfaction of these Guidelines includes each the following (each, the Qualifying Shares): (i) Company stock purchased on the open market, (ii) vested and unvested restricted stock units, (iii) restricted stock units deferred pursuant to the Company's Directors Deferred Compensation Plan (deferred stock units) and (iv) Company stock beneficially owned in a trust, by a spouse and/or minor children. Notwithstanding the foregoing, shares of Company stock that non-employee directors may receive pursuant to the Company's Director Long Term Incentive Plan are not included as Qualifying Shares for Guidelines purposes.

Non-employee directors are required to achieve ownership of the Required Stock Holdings within two (2) years after the later to occur of the adoption of the Guidelines or after first becoming a non-employee director. Once achieved, ownership of the Required Stock Holdings must be maintained for as long as the non-employee director is subject to the Guidelines.

Edgar Filing: Midstates Petroleum Company, Inc. - Form DEF 14A

Compliance with this policy by each non-employee director is reviewed by the Compensation Committee on an annual basis. There may be instances where the Guidelines would place a severe hardship on a non-employee director. In such instances, the Compensation Committee will make the final decision as to developing an alternative stock ownership guideline for the non-employee director that reflects both the intention of the Guidelines and the personal circumstances of the non-employee director. The Guidelines may be evaluated against Company needs and prevailing market practices from time to time, and may be modified or terminated by the Board of Directors of the Company. The Compensation Committee has never found a violation of this policy, so the Compensation Committee has not exercised its discretion in this regard.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The executive officers and directors of the Company and persons who own more than 10% of the Company's common stock are required to file reports with the SEC, disclosing the amount and nature of their beneficial ownership in common stock, as well as changes in that ownership. Based solely on its review of reports and written representations that the Company has received, the Company believes that all required reports were timely filed during 2018.

TRANSACTIONS WITH RELATED PERSONS

Procedures for Review, Approval and Ratification of Related Person Transactions

A Related Party Transaction is a transaction, arrangement or relationship in which the Company or any of its subsidiaries was, is or will be a participant, the amount of which involved exceeds \$120,000, and in which any related person had, has or will have a direct or indirect material interest. A Related Person means:

- any person who is, or at any time during the applicable period was, one of the Company's executive officers or one of its directors;
- any person who is known by the Company to be the beneficial owner of more than 5% of the Company's common stock;
- any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of a director, executive officer or a beneficial owner of more than 5% of the Company's common stock, and any person (other than a tenant or employee) sharing the household of such director, executive officer or beneficial owner of more than 5% of the Company's common stock; and
- any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

The Board of Directors has determined that the Audit Committee will periodically review all related person transactions that the rules of the SEC require be disclosed in the Company's proxy statement and make a determination regarding the initial authorization or ratification of any such transaction.

The Audit Committee is charged with reviewing the material facts of all related person transactions and either approving or disapproving of the Company's participation in such transactions under the Company's written Related Persons Transaction Policy adopted by the Board of Directors at the time of our initial public offering in April 2012 and ratified by the Board of Directors on October 21, 2016, which pre-approves or ratifies (as applicable) certain related person transactions, including:

- any employment by the Company of an executive officer if his or her compensation is required to be reported in the Company's proxy statement under Item 402;
- director compensation that is required to be reported in the Company's proxy statement under Item 402;
- any transaction with another company or which a Related Person's relationship is an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's shares if the aggregate amount involved for any particular service does not exceed the greater of \$500,000 or 25% of that company's total annual revenues; and

- charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a Related Person's only relationship is as an employee (other than an executive officer) or a director if the aggregate amount involved does not exceed the lesser of \$200,000 or 10% of the charitable organization's total annual receipts.

In determining whether to approve or disapprove entry into a Related Party Transaction, the Audit Committee shall take into account, among other factors, the following: (i) whether the Related Party Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and (ii) the extent of the Related Person's interest in the transaction. Further, the policy requires that all Related Party Transactions required to be disclosed in the Company's filings with the SEC be so disclosed in accordance with applicable laws, rules and regulations.

There were no related persons transactions since January 1, 2018 which were required to be reported in Transactions with Related Persons, where the procedures described above did not require review, approval or ratification or where these procedures were not followed. In addition, since January 1, 2018, there has not been any transaction or series of similar transactions to which the Company was or is a party in which the amount involved exceeded or exceeds \$120,000 and in which any of the Company's directors, executive officers, holders of more than 5% of any class of its voting securities, or any member of the immediate family of any of the foregoing persons, had

or will have a direct or indirect material interest, other than compensation arrangements with directors and executive officers, which are described in Executive Compensation and Other Information, and the transactions described or referred to below.

Registration Rights Agreement

On the October 21, 2016, the Company entered into a registration rights agreement (the Registration Rights Agreement) with certain of the pre-emergence creditors that received shares of our common stock (the Holders), as provided in the aforementioned plan of reorganization. The Registration Rights Agreement provides resale registration rights for the Holders Registrable Securities (as defined in the Registration Rights Agreement).

Pursuant to the Registration Rights Agreement, the Company is required to file a Shelf Registration Statement (as defined in the Registration Rights Agreement) with respect to the Registrable Securities within 90 days of the Effective Date. On January 18, 2017, the Company filed a Registration Statement on Form S-1, which went effective on February 10, 2017, and on March 29, 2018, the Company converted the Registration Statement on Form S-1 to a Registration Statement on Form S-3. The Company is required to maintain the effectiveness of any such registration statement until the Registrable Securities covered by the registration statement are no longer Registrable Securities.

Additionally, holders have customary demand, underwritten offering and piggyback registration rights, subject to the limitations set forth in the Registration Rights Agreement. Under their demand registration rights, Qualified Holders (as defined in the Registration Rights Agreement) may request us to register all or a portion of their Registrable Securities, including on a delayed or continuous basis under Rule 415 of the Securities Act, provided that such offering is expected to yield aggregate gross proceeds of at least \$25 million and we are not otherwise in violation of our obligation to file a Shelf Registration Statement. Under their underwritten offering registration rights, Holders also have certain rights to demand that the Company effectuate the distribution of any or all of their Registrable Securities by means of an underwritten offering pursuant to an effective registration statement. The Company shall not be obligated to effect more than four underwritten offerings in any twelve-month period and the aggregate proceeds expected to be received from the sale of the Registrable Securities requested to be sold in such underwritten offering, in the good faith judgment of the managing underwriters, must be at least \$25 million. The Company is not obligated to file a registration statement pursuant to a demand notice or conduct an underwritten offering pursuant to a demand notice within 90 days of either a demand registration or an underwritten offering. The Registration Rights Agreement also provides customary piggyback registration rights.

These registration rights are subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration statement and our right to delay or withdraw a registration statement under certain circumstances. The Company will generally pay all registration expenses in connection with our obligations under the Registration Rights Agreement, regardless of whether a registration statement is filed or becomes effective. The registration rights granted in the Registration Rights Agreement are subject to customary indemnification and contribution provisions, as well as customary restrictions such as blackout periods and, if an underwritten offering is contemplated, limitations on the number of shares to be included in the underwritten offering that may be imposed by the managing underwriter.

The obligations to register shares under the Registration Rights Agreement will terminate with respect to the Company and each Holder on the first date upon which the Holder no longer owns any Registrable Securities.

PROPOSAL THREE**RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed Grant Thornton LLP as the independent registered public accounting firm of the Company for 2019. The 2018 audit of the Company's consolidated financial statements was completed on March 14, 2019.

The Board of Directors is submitting the appointment of Grant Thornton LLP for ratification at the Annual Meeting. The submission of this matter for approval by stockholders is not legally required, but the Board of Directors and the Audit Committee believe the submission provides an opportunity for stockholders through their vote to communicate with the Board of Directors and the Audit Committee about an important aspect of corporate governance. If the stockholders do not ratify the appointment of Grant Thornton LLP, the Audit Committee will reconsider the appointment of that firm as the Company's independent registered public accounting firm.

The Audit Committee has the sole authority and responsibility to retain, evaluate and replace the Company's independent registered public accounting firm. The stockholders' ratification of the appointment of Grant Thornton LLP does not limit the authority of the Audit Committee to change the Company's independent registered public accounting firm at any time.
