**NEWS RELEASE**

**Enbridge announces quarterly interest distribution for Preferred Securities**

**CALGARY, Alberta, December 1, 2004** Enbridge Inc. today announced that a quarterly interest distribution of \$0.4875 per security will be paid on the company's 7.80% Preferred Securities, Series D, on December 31, 2004, to holders of record at the close of business on December 15, 2004.

As previously announced on November 15, 2004, the company is redeeming all 7,000,000 of its outstanding 7.60% Preferred Securities, Series B, at a price of \$25.00 each plus accrued interest of \$0.3956 per security, and all 7,000,000 of its 8.00% Preferred Securities, Series C, at a price of \$25.00 each plus accrued interest of \$0.4164 per security. The redemption date is December 15, 2004 for both the 7.60% Preferred Securities, Series B (originally issued July 1999) and the 8.00% Preferred Securities, Series C (originally issued September 1999). The redemption price and accrued interest will be credited to the accounts of beneficial holders as at the close of business on December 15, 2004, through their individual brokers. Beneficial holders may contact their individual brokers for additional information about payments.

**NEWS RELEASE**

**Enbridge's Spearhead Pipeline Proposal to Proceed**

**CALGARY, Alberta, December 10, 2004** Enbridge Inc. today announced it plans to proceed with its proposed Spearhead Pipeline project, following the successful conclusion of its open season for shipper commitments and after securing support from the Canadian Association of Petroleum Producers. The Spearhead Pipeline will provide crude oil transportation service from the Enbridge main line system at Chicago, to the storage and refining hub at Cushing, Oklahoma.

The recent open season resulted in 10-year shipping commitments of an initial 60,000 barrels per day, increasing to 75,000 barrels per day by 2009. Following regulatory approval from the Federal Energy Regulatory Commission in the United States and the National Energy Board in Canada, Enbridge will begin work to reverse the flow of the line, which historically operated in south-to-north service between Cushing and Chicago. Enbridge expects to have the line in service during the first quarter of 2006, with initial capacity of 125,000 barrels per day. The line could subsequently be expanded to accommodate up to 160,000 barrels per day.

The Spearhead Pipeline is expected to benefit both Canadian producers and U.S. refineries by providing transportation for growing supplies of crude oil from Western Canada to refineries in southern PADD II. The Spearhead Pipeline is an important part of our ongoing strategy to provide access to new crude oil markets throughout the continental U.S. and beyond, said Patrick D. Daniel, President and CEO, Enbridge Inc.

Enbridge acquired in 2003 a 90-percent interest in the 1,050-km (650-mile) Cushing to Chicago Pipeline System from BP Pipelines North America Inc. BP Pipeline retains 10-percent ownership, but Enbridge retains an option to acquire BP's interest.
