Item 2. Management's Discussion and Plan of Operation

Forward-Looking Statements

This Quarterly Report contains forward-looking statements about Winfield Financial Group, Inc.'s business, financial condition and prospects that reflect management's assumptions and beliefs based on information currently available. We can give no assurance that the expectations indicated by such forward-looking statements will be realized. If any of our management's assumptions should prove incorrect, or if any of the risks and uncertainties underlying such expectations should materialize, Winfield Financial Group's actual results may differ materially from those indicated by the forward-looking statements.

The key factors that are not within our control and that may have a direct bearing on operating results include, but are not limited to, acceptance of our services, our ability to expand our customer base, managements' ability to raise capital in the future, the retention of key employees and changes in the regulation of our industry.

There may be other risks and circumstances that management may

be unable to predict. When used in this Quarterly Report, words such as, "believes," "expects," "intends," "plans," "anticipates," "estimates" and similar expressions are intended to identify forward-looking statements, as defined in Section 21E of the Securities Exchange Act of 1934, although there may be certain forward-looking statements not accompanied by such expressions.

PAGE-6-

The safe harbors of forward-looking statements provided by Section 21E of the Exchange Act are unavailable to issuers of penny stock. As we issued securities at a price below \$5.00 per share, our shares are considered penny stock and such safe harbors set forth under the Reform Act are unavailable to us.

Winfield Financial Group, Inc. was founded under the laws of the state of Nevada on May 2, 2000.

Since our inception we have devoted our activities to the following:

- * Raising capital;
- * Establishing our business brokerage business; and
- * Developing markets for the services we offer.

We intend to act primarily as a business broker, exclusively representing sellers and advising buyers desiring to acquire businesses. We will target sellers looking to sell their private companies with a sales volume range from \$5 to \$75 million in revenues.

We have conducted our operations since May 2, 2000. We are a developmental stage company. For the period from inception to September 30, 2003, we generated no revenues and had a loss of \$125,015. We had \$691 of cash available as of October 2003. Current expenses are a maximum of \$455 per month, comprised primarily of rent of \$400 and website expenses of \$55 consisting of hosting fees. When we obtained our Nevada real estate license, we began utilizing telephone solicitation at minimal cost in order to secure business listings.

With these overhead expenses we can continue operations for approximately 1 month of operations without additional funds through November 2003. Thereafter, we will need to generate operating revenues or secure other funding on or before December 2003 in the amount of \$5,005 to remain operational until November, 2004 with the current minimum overhead expenses. There are no preliminary or definitive agreements or understandings with any party for such financing, although we have secured a contract for \$67,000 with payment not being made until the ESOP, which is the subject of that contract, actually funds. We cannot predict when, if ever, that will happen. After we begin generating operating revenues, we intend to increase our marketing expenses for potential clients and referring brokers to \$4,700 per month.

Edgar Filing: WINFIELD FINANCIAL GROUP INC - Form 10QSB

We recently received our real estate license in Nevada and now can generate revenues from our planned business broker activities. We are also pursuing the generation of revenues by providing business valuation and business consulting services which have a shorter realization of revenues than the listing and sales of businesses.

As of September 30 2003, we have not generated any operating revenues. We signed our first consulting agreement on July 15, 2003 for \$67,000 to provide strategic analysis and planning for a client's company goals over the next six months scheduled to be paid on or before January 2004.

PAGE-7-

We raised \$77,206 in net proceeds from a Nevada state registered offering in July 2002. After payment made to GoPublicToday.com in the amount of \$48,410, we've been using the remaining \$20,036 in funds to implement our business plan as follows:

[1] We will recruit sales associates who have real estate licenses to list and sell our businesses. It is anticipated that a maximum of five sales associates will be recruited in 2004 who may possibly be members of Nation-List International, International Business Brokers Association or other like-kind professional business broker organizations.

[2] Nationlist International, International Business Brokers Association, and Dun and Bradstreet Marketplace list potential businesses that may be our clients. We will obtain information from these sources by purchasing the information from these sources and place it in our database once we become licensed. We will not have any formal contracts, agreements or commitments with these organizations, other than merely purchasing their lists for use by us. We will not have any exclusive arrangements with these organizations. We will not list businesses for sale on websites maintained by these organizations. We will attempt to secure these businesses as clients by contacting them by e-mail, fax, telephone or regular mail. In addition, we will contact other brokers who may have clients we can represent. These businesses are free to list their assets on other websites or with other entities after we acquire the lists.

PAGE-9-

In order to become profitable, we will still need to secure additional debt or equity funding. We hope to be able to raise additional funds from an offering of our stock in the future. However, this offering may not occur, or if it occurs, may not rise the required funding. There are no preliminary or definitive agreements or understandings with any party for such financing.

Our ability to continue as a going concern is dependent on our ability to raise funds to implement our planned development;

Edgar Filing: WINFIELD FINANCIAL GROUP INC - Form 10QSB

however we may not be able to raise sufficient funds to do so. Our independent auditors have indicated that there is substantial doubt about our ability to continue as a going concern over the next twelve months. Our poor financial condition could inhibit our ability to achieve our business plan, because we are currently operating at a substantial loss with no operating history and revenues, an investor cannot determine if we will ever become profitable.

If any of the steps above are not completed as presented in the preceding milestone table, it could delay the overall schedule and eliminate or reduce 2003 revenues.
