Item 2.01. Completion of Acquisition or Disposition of Assets.

On April 15, 2011, two wholly owned subsidiaries of Rosetta Resources Inc. (the “Company”), Rosetta Resources Operating LP and Rosetta Resources Gathering LP, closed the sale of their Sacramento Basin, California oil and gas assets to Vintage Petroleum, LLC for \$200,000,000, subject to normal and customary post-closing adjustments. The purchase price attributable to certain properties valued at approximately \$43,600,000 was deposited into an escrow account pending receipt of appropriate consents for the assignment of those properties. It is anticipated that the transfer of the remaining assets will be completed by the third quarter of 2011.

Item 7.01. Regulation FD Disclosure.

A copy of the press release relating to the closing of the Company’s California oil and gas assets is attached hereto as Exhibit 99.1 and is incorporated into this Item 7.01 by reference.

Item 9.01. Financial Statements and Exhibits.

(b) Pro forma financial information:

The Company’s unaudited pro forma condensed consolidated balance sheet as of December 31, 2010 and the unaudited pro forma condensed consolidated statement of operations for the year ended December 31, 2010 that give effect to the sale described herein is furnished herewith as Exhibit 99.2, and incorporated herein by this reference. The Company’s historical financial statements include amounts related to the Sacramento Basin, California properties as well as amounts related to other assets that we have sold in 2011. We are required to provide pro forma financial information with respect to the Sacramento Basin divestiture transaction but not the other transaction, the DJ Basin divestiture. However, we believe pro forma financial information prepared with respect to all of our 2011 divestitures is more useful to investors because it reflects our remaining operations. Therefore, although not required, we have prepared the pro forma financial information with respect to all 2011 divestitures incurred to date.
