PROXY STATEMENT

This Proxy Statement has been prepared in connection with the solicitation of proxies by the Board of Directors of Guaranty Federal Bancshares, Inc. (the “Company”) for use at the annual meeting of stockholders to be held on May 23, 2012 (the “Annual Meeting”), and at any adjournment(s) thereof. The Annual Meeting will be held at 6:00 p.m., local time, at the Guaranty Bank Operations Center, 1414 W. Elfindale Street, Springfield, Missouri. It is anticipated that this Proxy Statement will be mailed to stockholders on or about April 23, 2012.

RECORD DATE--VOTING--VOTE REQUIRED FOR APPROVAL

All persons who were holders of record of the common stock, par value \$0.10 per share (“Common Stock”) of the Company at the close of business on April 2, 2012 (“Record Date”) will be entitled to cast votes at the Annual Meeting. Voting may be by proxy or in person. As of the Record Date, the Company had 2,710,701 shares of Common Stock issued and outstanding.

Holders of a majority of the outstanding shares of Common Stock entitled to vote, represented in person or by proxy, will constitute a quorum for purposes of transacting business at the Annual Meeting.

Stockholders are urged to indicate their vote in the appropriate spaces on the proxy card. Each proxy solicited hereby, if properly executed, duly returned to the Board of Directors of the Company (the “Board of Directors” or the “Board”) and not revoked prior to the Annual Meeting, will be voted at the Annual Meeting in accordance with the stockholder’s instructions indicated thereon. Where no instructions are indicated, proxies will be voted by those named in the proxies FOR the approval of the specific proposals presented in this Proxy Statement and on the proxy card and in their discretion upon any other business that may properly come before the Annual Meeting or any adjournment thereof. Each stockholder shall have one vote for each share of stock owned.

A stockholder giving a proxy has the power to revoke the proxy at any time before it is exercised by filing with the Secretary of the Company written instructions revoking the proxy. A duly executed proxy bearing a later date will be sufficient to revoke an earlier proxy. The proxy executed by a stockholder who attends the Annual Meeting will be revoked only if that stockholder files the proper written instrument with the Secretary prior to the end of the voting at the Annual Meeting.

To the extent necessary to assure sufficient representation at the Annual Meeting, proxies may be solicited by officers, directors and regular employees of the Company personally, by telephone, by internet or by further correspondence. Officers, directors and regular employees of the Company will not be compensated for their solicitation efforts. The cost of soliciting proxies from stockholders will be borne by the Company. The Company will also reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of Common Stock.

Regardless of the number of shares of the Company’s Common Stock owned, it is important that stockholders be represented by proxy or be present in person at the Annual Meeting. In order for any proposals considered at the

Edgar Filing: GUARANTY FEDERAL BANCSHARES INC - Form DEF 14A

Annual Meeting to be approved by the Company's stockholders, a quorum must be present. Stockholders are requested to vote by completing the enclosed proxy card and returning it signed and dated in the enclosed postage-paid envelope.

Proxies marked as abstentions will be treated as shares present for purposes of determining whether a quorum is present. Proxies marked as abstentions will not be counted as votes cast. Brokers are entitled to vote the shares they hold for their customers in “street name” on routine matters when the customers (i.e. the “beneficial owners”) do not instruct the brokers how to vote the customer’s shares. Proposal Three regarding the ratification of BKD, LLP as Independent Registered Public Accounting Firm is deemed to be a routine matter so brokers will be entitled to vote shares of Common Stock they hold in street name on Proposal Three in the absence of instructions on how to vote by the beneficial owners. Directors are elected by a plurality of votes of the shares present in person or by proxy at the Annual Meeting. The proposals to approve executive compensation and to ratify the selection of the independent registered public accounting firm require the affirmative vote of a majority of the votes cast on such matter. Accordingly, abstentions will have no effect on the election of directors, executive compensation or the ratification of the Company’s independent registered public accounting firm.

SECURITIES OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Persons and groups owning in excess of 5% of the Common Stock are required to file certain reports regarding such ownership pursuant to the Securities Exchange Act of 1934, as amended (the “Exchange Act”). The Certificate of Incorporation of the Company restricts the voting by persons who beneficially own in excess of 10% of the outstanding shares of Common Stock. This restriction does not apply to employee benefit plans of the Company. The following table sets forth, as of the Record Date, persons or groups who are known by the Company to beneficially own more than 5% of the Common Stock.

Name and Address Of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class
Guaranty Bank, Trustee of the Employee Stock Ownership Plan (“ESOP”) 1341 West Battlefield Springfield, MO 65807-4181	247,798(1)	9.14%

(1) Reflects shared investment and voting power with respect to all shares listed. The ESOP purchased these shares for the exclusive benefit of plan participants with funds borrowed from the Company. These shares are held in a suspense account and are allocated among ESOP participants annually on the basis of compensation as the ESOP debt is repaid. The ESOP Committee, consisting of certain non-employee directors of the Company’s Board of Directors, instructs the ESOP Trustee regarding investment of ESOP plan assets. The ESOP Trustee must vote all shares allocated to participant accounts under the ESOP as directed by participants. Unallocated shares and allocated shares for which no timely voting direction is received are voted by the ESOP Trustee as directed by the ESOP Committee.

The following table sets forth certain information as of the Record Date, with respect to the shares of the Company’s Common Stock beneficially owned by each of the directors, nominees for director and Named Executive Officers (see section titled “Summary Compensation Table”) of the Company, and the total shares beneficially owned by directors and executive officers as a group. The Company’s policy is for each director to own a minimum of 2,500 shares, exclusive of stock grants and non-exercised stock options. Directors with less than 5 years experience on the Board are required to own a minimum of 500 shares for each full year of service on the Board, up to 2,500 shares. Less than 1% stock ownership is shown below with an asterisk (*).

Director Independence

The Board has determined that all of the directors, except for Director Burke who is an executive officer of the Company, are “independent directors” as that term is defined in Rule 5605(a) (2) of the Marketplace Rules of The Nasdaq Stock Market (“Nasdaq”). These directors constitute a majority of the Board.

Board Leadership Structure

Throughout its history, the Company has kept the positions of Chairman of the Board and Chief Executive Officer separate. Currently, Mr. Gibson holds the position of Chairman of the Board and Mr. Burke holds the position of Chief Executive Officer. Mr. Gibson is considered to be “independent” according to NASDAQ listing requirements.

The Board believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for the Company at this time and demonstrates our commitment to good corporate governance. Separating these positions allows our Chief Executive Officer to focus on our day-to-day business, while allowing the Chairman to lead the Board in its fundamental role of providing advice to and independent oversight of management. We believe that having an independent Chairman eliminates the conflicts of interest that may arise when the positions are held by one person. In addition, this leadership structure allows the Board to more effectively monitor and evaluate the performance of our Chief Executive Officer.

Board's Role in Risk Oversight

It is necessary to effectively manage risk when managing and operating every financial institution. We face a number of risks, including but not limited to, general economic risks, credit risks, regulatory risks, audit risks, reputational risks, and business competition. Management is responsible for the day-to-day management of risks the Company faces, while the Board, as a whole and through its committees, has responsibility for the general oversight of risk management. In its role of risk oversight, the Board has the responsibility to satisfy itself that the risk management processes and procedures designed and implemented by management are appropriate and functioning as designed.

While the full Board is charged with ultimate oversight responsibility for risk management, various committees of the Board and members of management also have specific responsibilities with respect to our risk oversight. Each Board committee has been assigned oversight responsibility for specific areas of risk and risk management, and each committee considers risks within its areas of responsibility. Each of these committees receives regular reports from management regarding our risks and reports regularly to the Board concerning risk.

We believe that providing for full and open communication between management and the Board is essential for effective risk management and oversight. Certain senior management personnel, consistent with their specific areas of responsibility, attend Board meetings and/or Board committee meetings on a regular and consistent basis. We have regular and ongoing reporting and communication mechanisms in place to ensure that oversight is informed and

effective.

Meetings and Committees of the Board of Directors

The business of the Company is conducted at regular and special meetings of the full Board of Directors and its standing committees. The standing committees consist of the Executive, Audit, Compensation, Investment, Nominating, ESOP (Employee Stock Ownership Plan), and Stock Option Committees. During the twelve months ended December 31, 2011, the Board held twelve regular meetings and no special meetings. Each director attended at least 75% of those meetings and the meetings held by all committees of the Board on which he served.

Although the Company does not have a formal policy regarding director attendance at the Company's annual stockholders meeting, all directors are expected to attend these annual meetings absent extenuating circumstances. All current directors, except Gregory V. Ostergren, attended the Company's annual meeting of stockholders held on May 25, 2011.

Stockholder Communications with Directors

Stockholders and other interested persons who wish to communicate with the board of directors of the Company, or any individual director, should send their written correspondence by mail to: Don M. The Audit Committee of the Board is composed of independent, non-employee directors of the Company and currently consists of four directors: Messrs. Batten, Hellweg, Rosenbury, and Sivils. This standing committee, among other things, (i) regularly meets with the internal auditor to review audit programs and the results of audits of specific areas as well as other regulatory compliance issues, (ii) meets at least annually in executive session with the Company's independent auditors to review the results of the annual audit and other related matters, and (iii) meets quarterly with management and the independent auditors to review the Company's financial statements and significant findings based on the independent auditor's review. The Audit Committee is responsible for hiring, retaining, compensating and terminating the Company's independent auditors. The Audit Committee operates under a written charter adopted by the Company's Board of Directors. A copy of the Audit Committee Charter is included as Appendix A to this Proxy Statement.

During the twelve months ended December 31, 2011, the Audit Committee met eight times (See "Report of the Audit Committee").

Nominating Committee

The Nominating Committee of the Board is composed of three or more directors as appointed by the Board, each of whom are required to be an "independent director" as defined under the NASDAQ listing standards. Currently, the Nominating Committee consists of four directors, Messrs. Rosenbury, Sivils, Barham, and Griesemer, each of whom is an "independent director." During the twelve months ended December 31, 2011, the Nominating Committee met two times. The Nominating Committee operates under a formal written charter adopted by the Board of Directors. A copy of the Nominating Committee's charter was included as Appendix A to the proxy statement prepared in connection with the annual meeting of stockholders held on May 25, 2011.

The Nominating Committee is responsible for identifying individuals qualified to serve as members of the Board and recommending to the Board the director nominees for election and appointment to the Board, as well as director nominees for each of the committees of the Board. In accordance with its charter, the Nominating Committee recommends candidates (including incumbent nominees) based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable obligations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Company's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole. The Committee monitors the mix of skills and experience of its directors and committee members in order to assess whether the Board has the appropriate tools to perform its oversight function effectively. While we do not have a separate diversity policy, the Nominating Committee does consider the diversity of its directors and nominees in terms of knowledge, experience, skills, expertise, and other demographics which may contribute to the Board.

With respect to nominating existing directors, the Nominating Committee reviews relevant information available to it and assesses their continued ability and willingness to serve as a director. The Nominating Committee will also assess such person's contribution in light of the mix of skills and experience the Nominating Committee has deemed appropriate for the Board as a whole. With respect to nominations of new directors, the Nominating Committee will conduct a thorough search to identify candidates based upon criteria the Nominating Committee deems appropriate and considering the mix of skills and experience necessary to complement existing members of the Board. The Nominating Committee will then review selected candidates and make its recommendation to the Board.

Nominations by a stockholder will be considered by the Nominating Committee if such nomination is written and delivered or mailed by first class United States mail, postage prepaid, to the Secretary of the Company between 30 and 60 days prior to the meeting at which such nominee may be considered. However, if less than 31 days' notice of the meeting is given by the Company to stockholders, written notice of the stockholder nomination must be given to the Secretary of the Company as provided above no later than the tenth day after notice of the meeting was mailed to stockholders. A nomination must set forth, with respect to the nominee, (i) name, age, and addresses, (ii) principal occupation or employment, (iii) Common Stock beneficially owned, and (iv) other information that would be required in a proxy statement. The stockholder giving notice must list his or her name and address, as they appear on the Company's books, and the amount of Common Stock beneficially owned by him or her. In addition, the stockholder making such nomination must promptly provide to the Company any other information reasonably requested by the Company. Nominations from stockholders will be considered and evaluated using the same criteria as all other nominations.

Compensation Committee

The Board of Directors of the Company and the Board of Directors of the Bank are comprised of the same persons. The Compensation Committee of the Bank's Board of Directors, which consists solely of non-employee directors of the Bank, is comprised of Messrs. Ostergren, Hellweg, Barham, Batten, and Griesemer. As indicated above, each of these committee members is an "independent director" as defined under the NASDAQ listing standards. The Company has no full time employees and relies on employees of the Bank for the limited services received by the Company. All compensation paid to executive officers of the Company is paid by the Bank.

The Compensation Committee, together with the full Board, is responsible for designing the compensation and benefit plans for all employees, executive officers and directors of the Company and the Bank, including the Chief Executive Officer, based on its review of performance measures, industry salary surveys and the recommendations of management concerning compensation (See "Report on Executive Compensation"). The Compensation Committee, without the participation of the full Board, is responsible for determining the compensation of the Chief Executive

Officer and the other Named Executive Officers of the Company, and all such compensation decisions are made solely by the Compensation Committee. Independent consultants may be engaged directly by the Compensation Committee to evaluate the Company's executive compensation. The Compensation Committee, together with the full Board, determines the compensation of all other officers. The Compensation Committee may delegate its authority to a subcommittee of the Compensation Committee.

During the twelve months ended December 31, 2011, the Compensation Committee met eight times. The Compensation Committee operates under a formal written charter adopted by the Company's Board of Directors. A copy of the Compensation Committee's charter was included as Appendix B to the proxy statement prepared in connection with the annual meeting of stockholders held on May 25, 2011.

REPORT OF THE COMPENSATION COMMITTEE

Compensation Committee Interlocks and Insider Participation

Since August 2002, the Compensation Committee of the Board has consisted of non-employee directors of the Bank. During the fiscal year ended December 31, 2011, Mr. Jack L. Barham served on the Compensation Committee, and for many years until his retirement in 1995, he had been an officer of the Bank. Mr. Barham is the only member of the Compensation Committee during 2011 who was formerly an officer of the Company or the Bank. Prior to March 2005, Mr. Don M. Gibson served as the President and Chief Executive Officer of the Company and the Bank, but during 2011 he was not a member of the Compensation Committee. In addition, Mr. Shaun Burke, the current President and Chief Executive Officer of the Company and the Bank, did not serve as a member of the Compensation Committee during 2011. No executive officer of the Company served on the compensation committee or board of directors of any company that employed any member of the Company's Compensation Committee or Board of Directors.

COMPENSATION DISCUSSION AND ANALYSIS

Overall Compensation Philosophy and Objectives

The Compensation Committee, together with the full Board, has designed the compensation and benefit plans for all employees, executive officers and directors in order to attract and retain individuals who have the skills, experience and work ethic to provide a coordinated work force that will effectively and efficiently carry out the policies adopted by the Board and to manage the Company and the Bank to meet the Company's mission, goals and objectives.

To determine the compensation of executive officers and directors, the Compensation Committee reviews industry compensation statistics based on our asset size, makes cost of living adjustments, and establishes salary ranges for each executive officer and fees for the Board. The Compensation Committee then reviews (i) the financial performance of the Bank over the most recently completed fiscal year (including Return on Assets, Return on Equity, asset quality, etc.) compared to results at comparable companies within the industry, and (ii) the responsibilities and performance of each executive officer and the salary compensation levels of each executive officer compared to like positions at comparable companies within the industry. The Compensation Committee evaluates all factors subjectively in the sense that they do not attempt to tie any factors to a specific level of compensation.

The Compensation Committee offers long-term incentives for executive officers and other management personnel primarily in the form of stock option and restricted stock awards. We believe that our stock award programs are an important component of compensation to attract and retain talented executives, provide an incentive for long-term corporate performance, and to align the long-term interests of executives and stockholders.

All executive officers may participate on an equal, non-discriminatory basis in the Bank's medical insurance plan, long-term disability plan and group life insurance plan. The Bank also provides all executive officers with the opportunity to participate in the ESOP, and a contributory 401 (k) tax-deferred savings plan. The Compensation Committee of the Bank recommends all compensation and benefit plans to the full Board for approval annually.

Executive Compensation Philosophy and Objectives

The Compensation Committee is guided by the following four key principles in determining the compensation of the Company's executive officers:

-

Competition. The Committee believes that compensation should reflect the competitive marketplace, so the Company can attract, retain and motivate talented personnel.

- **Accountability for Business Performance.** Compensation should be tied in part to the Company's financial performance, so that executives are held accountable through their compensation for the performance of the Company.
- **Accountability for Individual Performance.** Compensation should be tied in part to the individual's performance to reflect individual contributions to the Company's performance.
- **Alignment with Stockholder Interests.** Compensation should be tied in part to the Company's stock performance through long-term incentives such as restricted stock and the ESOP, to align the executive's interests with those of the Company's stockholders.

Report of Executive Compensation

The compensation of the Chief Executive Officer (the "CEO") and other Named Executive Officers (or "NEOs") is solely determined by the Compensation Committee. The CEO is not a member of the Compensation Committee and does not attend any Compensation Committee meetings unless specifically requested to do so by the Chairman of the Compensation Committee. The CEO may act as a key discussion partner with the Compensation Committee members to provide information regarding business context, the market environment and our strategic direction. The CEO also provides recommendations to the Compensation Committee on individual performance evaluations and compensation for the NEOs, other than himself. The compensation packages reflect a range based on like-sized, like-position comparables within the industry and the geographical region, augmented by the performance of the individual executive officer and the Company. Option grants under the stock option plans described below provide long-term incentive to stay with the Company, but should not replace, or override, maintenance of the compensation range established from the comparables.

The Compensation Committee has reviewed all components of the CEO's and the other NEOs compensation, including salary, bonus, restricted stock awards, accumulated stock options and compensation under the Company's ESOP. Based on this review, the Committee finds the CEO's and other NEOs total compensation in the aggregate to be reasonable and not excessive. It should be noted that when the Compensation Committee considers any component of the CEO's and NEOs total compensation, the aggregate amounts and mix of all the components, including accumulated and realized and unrealized stock options and compensation under the Company's ESOP, are taken into consideration in the Committee's decisions.

The Compensation Committee did not utilize the services of an independent compensation consultant during 2011.

Participation in the U.S. Treasury's Capital Purchase Program

The Emergency Economic Stabilization Act of 2008 ("EESA") was enacted on October 3, 2008 to create the Troubled Asset Relief Program ("TARP"), which provides authority for the United States Department of the Treasury (the "Treasury") to purchase and insure certain types of troubled assets, and for other purposes.

One component of TARP is a generally available capital access program known as the Capital Purchase Program ("CPP") under which a financial institution may issue preferred shares and warrants to purchase shares of its common stock to the Treasury, subject to certain conditions. The Company participated in the CPP through which the Treasury invested \$17.0 million in our preferred stock and warrants on January 30, 2009.

Under the EESA, the applicable executive compensation restrictions applied to the compensation of the Company's Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers (the executive officers listed in the Summary Compensation Table on page 15 referred to herein as the Senior Executive Officers). In some cases, as a result of the passage of the ARRA discussed below, the executive compensation restrictions expanded to apply to certain non-executive officers. In addition, in connection with our participation in the

CPP each of the Senior Executive Officers was required to and did execute a waiver of any claim against the United States or the Company for any changes to his or her compensation or benefits that are required in order to comply with the regulations issued by the Treasury.

On February 17, 2009, the American Recovery and Reinvestment Act of 2009 (the “ARRA”) was adopted. The ARRA has significant implications on the compensation arrangements of institutions such as the Company that have participated in the CPP. The ARRA directed the Secretary of the Treasury to establish standards and promulgate regulations on executive compensation practices of TARP recipients. The ARRA’s restrictions apply to the Company and its compensation policies in several ways, including the following:

- (1) Prohibition on Bonuses, Retention Awards and Incentive Compensation. The ARRA includes a prohibition on paying or accruing bonus, incentive or retention compensation to the most highly compensated employee, which is our President and Chief Executive Officer, other than certain awards of long-term restricted stock that are in compliance with ARRA or bonuses payable under existing employment agreements.
- (2) Review of Prior Bonuses, Retention Awards and Incentive Compensation. The ARRA authorizes the Secretary of the Treasury to review bonuses, incentive and retention payments made to the Senior Executive Officers and the next 20 most highly compensated employees, to determine whether any such payments are inconsistent with the intent of the compensation restrictions under the ARRA and to require the TARP recipient and the subject employees to provide for appropriate reimbursement to the federal government if such payments were based on statements of earnings, revenues, gains or other criteria that are later found to be materially inaccurate.
- (3) Stockholder Say on Pay Vote. Under ARRA, the TARP recipient must submit a “say-on-pay” proposal to a non-binding vote of stockholders at future annual meetings, whereby stockholders vote to approve the compensation of executives as disclosed pursuant to the executive compensation disclosures included in the proxy statement (such a proposal is being presented at the Annual Meeting as described in this Proxy Statement under “Second Proposal — Advisory (Non-Binding) Vote on Executive Compensation”).
- (4) Prohibition on Golden Parachute Payments. The ARRA prohibits a financial institution from making any payments to the Senior Executive Officers and the next five most highly compensated employees for departure from the Company. “Golden Parachute Payments” include any payment or the accelerated vesting of any equity award in connection with a departure from the company for any reason (other than death or disability) or a change in control, except for payments for services performed or benefits accrued.
- (5) Compensation Committee; Prohibition on “Encouraging” Earnings Manipulation. The ARRA requires that a compensation committee be established comprised entirely of independent directors for the purpose of reviewing employee compensation plans, and requires the committee to meet at least semi-annually to discuss and evaluate employee compensation plans in light of an assessment of any risk posed to the TARP recipient from such plans. In addition, the Compensation Committee is required to review compensation plans of the financial institution to determine whether they encourage manipulation of the financial institution’s earnings and to consider ways to limit any unnecessary risks these plans pose to the company. The Compensation Committee is also required to provide, at least once per fiscal year, a narrative description of how those requirements have been met. In addition, the Compensation Committee must certify annually as to its compliance with these requirements. Any compensation plans that encourage such manipulation are prohibited. In January 2011, the Compensation Committee met with the Company’s senior risk officer and performed a risk review of the Company’s employee compensation plans. The Compensation Committee’s conclusions are included in its report, which appears in the section captioned “Compensation Committee Report”.
- (6) Luxury Policy. Under the ARRA, the TARP recipient's Board of Directors must establish a company-wide policy regarding excessive or luxury expenditures including office and facility renovations, aviation or other transportation services and other activities or events that are not reasonable expenditures for staff development, reasonable performance incentives or similar measures in the ordinary course of business. As required by ARRA, the Board of Directors enacted a company-wide policy regarding excessive or luxury expenditures.

(7) Compliance Certification. The TARP recipient's Chief Executive Officer and Chief Financial Officer will be required to provide a written certification as an exhibit to the company's annual report on Form 10-K of compliance with the compensation standards described in EESA, as modified by the ARRA and the Interim Final Rule.

(8) Tax Gross-Ups. ARRA prohibits the payment of any tax gross-up to a TARP recipient's Senior Executive Officers, as well as to any of its next 20 most highly compensated employees.

(9) Perquisites and Consultants. ARRA requires the TARP recipient to disclose the payment of perquisites and the use of compensation consultants.

ARRA adopts and continues two requirements from EESA, which are essentially unchanged and provide for: (i) the prohibition on any TARP participant from deducting annual compensation paid to any of its top five senior executive officers in excess of \$500,000; and (ii) the requirement that the Treasury implement regulations that prohibit a TARP participant from having compensation programs that encourage senior executive officers to take unnecessary and excessive risks that threaten the value of the financial institution. The Treasury implemented the requirement in (ii) by requiring annual reviews by a financial institution's compensation committee and certification that the financial institution's incentive compensation arrangements do not encourage unnecessary and excessive risk.

The Company's principal executive officer, Mr. Burke, and its principal financial officer, Mr. Peters, have submitted a certification with respect to the Company's compliance with TARP requirements as part of its Annual Report on Form 10-K filed with the SEC. TARP requirements listed above will remain applicable to the Company as long as any obligation arising from TARP assistance owed by the Company to the Treasury remains outstanding.

COMPENSATION COMMITTEE REPORT

The Compensation Committee reviewed and discussed the Compensation Discussion and Analysis included in this Proxy Statement with management. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement for filing with the SEC, and incorporated by reference into our Annual Report on Form 10-K.

In January 2009, the Company issued preferred shares and a warrant to purchase common shares to the Treasury pursuant to the TARP Capital Purchase Program. ARRA requires the compensation committee of a TARP participant to meet at least semi-annually with the financial institution's senior risk officers to discuss and review the relationship between the financial institution's risk management policies and practices and the institution's compensation arrangements with Senior Executive Officers. The purpose of the review is to ensure that the Senior Executive Officer compensation arrangements do not encourage the Senior Executive Officers to take unnecessary and excessive risks that threaten the value of the institution.

In view of the current economic and financial environment, and in conformance with regulations issued by the Treasury, the Compensation Committee of the Board of Directors has reviewed the design and operation of the Company's incentive compensation arrangements, including the performance objectives and target levels used in connection with incentive awards, with the Company's senior risk officer and evaluated the relationship between the Company's risk management policies and practices and these arrangements. The Compensation Committee's review was designed to assess whether any aspect of the compensation program would encourage any of the Company's executives to take any unnecessary or inappropriate risks that could threaten the value of the Company or the Bank. In this regard, the Compensation Committee met with the Company's senior risk officer in the first quarter of the current fiscal year to develop a better understanding of the material risks, including reputational risk, which the Company currently faces.

The Committee members identified the risks that the Company faces that could threaten its value. These risks include but are not limited to the following:

- Credit risk – asset quality
- Liquidity risk – ability to meet funding obligations
- Interest rate risk – risk related to movement in interest rates

- -
 -
 -
 -
 -
 -
 -
 -
 -
- Market risk
 - Operation/transactional risk
 - Fiduciary/litigation risk
 - Compliance risk
 - Environmental risk
 - Reputation risk
 - Financial risk
 - Fraud risk

The Compensation Committee also reviewed and discussed materials on compensation risk assessment, including information on executive compensation design and administrative features that could induce excessive risk taking. They also reviewed certain waivers and compensation agreements entered into by the Company's Senior Executive Officers in connection with the CPP transaction. In this regard, the performance objectives contained in our annual incentive compensation plan have been balanced with those contained in our long-term incentive compensation plan to ensure that both are aligned and consistent with our long-term business plan, our mix of equity-based awards has been allocated to ensure an appropriate combination of incentive and retention objectives, and our stock ownership guidelines have been established to ensure that the interests of our Senior Executive Officers have been aligned with the interests of our stockholders.

The Compensation Committee conducted a review of the Company's compensation plans and programs as described above. As a result of this review, the Compensation Committee is able to certify that:

- The Compensation Committee has reviewed with the senior risk officer, the senior executive officer ("SEO") compensation plans and the Committee has made all reasonable efforts to ensure that these plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the Company;
- The Compensation Committee has reviewed with the senior risk officer the employee compensation plans and has made all reasonable efforts to limit any unnecessary risks these plans pose to the Company; and
- The Compensation Committee has reviewed the employee compensation plans to eliminate any features of these plans that would encourage the manipulation of reported earnings of the Company to enhance the compensation of any employee.

With respect to the NEOs in the Summary Compensation Table above, the Bank has no written employment agreements. Also, no NEO is a party to any contract, agreement, plan or arrangement providing for payment upon a termination or change-in-control of the Company or the Bank or such executive officer's responsibilities.

On February 1, 2012, the Compensation Committee approved an incentive compensation plan for Mr. Burke, for 2012. It was noted the only incentive compensation permissible by TARP is long-term restricted stock. The value of such restricted stock may not exceed one-third of Mr. Burke's annual compensation and may not fully vest while the TARP obligations owed by the Company to the Treasury are outstanding. The plan pays a maximum of \$120,000 in restricted stock grants to Mr. Burke. There are three possible levels of incentive awards: threshold (25%); target (50%); and maximum (100%). For any amount to be paid, the threshold level of performance must be achieved. The four performance measurements of the Company (and the weight given to each measurement) applicable to each award level are as follows: (i) tangible common equity ratio (25%); (ii) net interest margin (25%); (iii) pre-tax net income (25%); and (iv) adversely classified assets to tier 1 capital and allowance for loan losses (25%). Certain criteria, however, must be satisfied before an award is paid under this plan.

On February 1, 2012, the Compensation Committee approved an incentive compensation arrangement with respect to Carter Peters, the Company's Chief Financial Officer, for 2012. Pursuant to this plan, a maximum amount of 40% of base pay may be paid to Mr. Peters, with the amount of bonus being based on three possible levels of incentive awards: threshold (25%); target (50%); and maximum (100%). Twenty-five percent of the bonus amount will be paid in cash and seventy-five percent will be paid in the form of restricted stock grants subject to a two year vesting. For any amount to be paid under this plan, the threshold level of performance must be achieved. The four performance measurements of the Company (and the weight given to each measurement) applicable to each award level are as follows: (i) revenue growth (25%); (ii) net interest margin (25%); (iii) efficiency ratio (25%); and (iv) pre-tax net income (25%). Certain criteria, however, must be satisfied before an award is paid under this plan.

On February 1, 2012, the Compensation Committee approved an incentive compensation arrangement with respect to Michael Mattson, the Company's Chief Lending Officer, for 2012. Pursuant to this plan, a maximum amount of 40% of base pay may be paid to Mr. Mattson, with the amount of bonus being based on three possible levels of incentive awards: threshold (25%); target (50%); and maximum (100%). Twenty-five percent of the bonus amount will be paid in cash and seventy-five percent will be paid in the form of restricted stock grants subject to a two year vesting. For any amount to be paid under this plan, the threshold level of performance must be achieved. The four performance measurements of the Company (and the weight given to each measurement) applicable to each award level are as follows: (i) revenue growth (25%); (ii) net interest margin (25%); (iii) pre-tax net income (25%), and (iv) adversely classified assets to tier 1 capital and allowance for loan losses (25%). Certain criteria, however, must be satisfied before an award is paid under this plan.

On February 1, 2012, the Compensation Committee approved an incentive compensation arrangement with respect to Sheri Biser, the Company's Chief Credit Officer, for 2012. Pursuant to this plan, a maximum amount of 40% of base pay may be paid to Ms. Biser, with the amount of bonus being based on three possible levels of incentive awards: threshold (25%); target (50%); and maximum (100%). Twenty-five percent of the bonus amount will be paid in cash and seventy-five percent will be paid in the form of restricted stock grants subject to a two year vesting. For any amount to be paid under this plan, the threshold level of performance must be achieved. The four performance measurements of the Company (and the weight given to each measurement) applicable to each award level are as follows: (i) revenue growth (25%); (ii) net interest margin (25%); (iii) pre-tax net income (25%); and (iv) adversely classified assets to tier 1 capital and allowance for loan losses (25%). Certain criteria, however, must be satisfied before an award is paid under this

On February 1, 2012, the Compensation Committee approved an incentive compensation arrangement with respect to Mark McFatridge, the Company's Chief Operating Officer, for 2012. Indebtedness of Management and Directors and Transactions with Certain Related Persons

Loans made to a director or executive officer in excess of the greater of \$25,000 or 5% of the Company's capital and surplus (up to a maximum of \$500,000) must be approved in advance by a majority of the disinterested members of the Board of Directors. The Bank, like other financial institutions, provides loans to its officers, directors, and employees to purchase or refinance personal residences as well as consumer loans. As an additional benefit to eligible Bank directors and employees, the Bank offers an employee mortgage loan program (the "Loan Program"). The Loan Program provides mortgage loans at favorable interest rates, namely a one-year adjustable rate mortgage priced at the Bank's cost of funds. The purpose of the loan must be to purchase or refinance a primary or secondary residence (i.e., no investment properties). All full-time employees that have completed the 30-day probation period are eligible to participate in this Loan Program. Underwriting includes standard application and financial disclosures, which must qualify to standard secondary market requirements. The borrower is responsible for all third party closing costs. Payments must be automatically deducted from an account maintained at the Bank. The index rate is the Bank's all-in cost of funds. The index will be the last month-end calculation within 45 days prior to closing. The maximum adjustment per year is 2% with a 6% lifetime maximum. Each loan has up to a 30-year note/amortization. If the borrower's employment is terminated for any reason, the rate and term converts immediately to the Bank's current secondary market one-year adjustable rate mortgage product. Other than the interest rate with respect to the Loan Program, all loans provided under the Loan Program and any other loans provided to directors and executive officers have been made in the ordinary course of business, on substantially the same terms and collateral as those of comparable transactions prevailing at the time, and, in the opinion of management of the Company, do not involve more than the normal risk of collectability or present other unfavorable features.

No Directors, Executive Officers or their affiliates had aggregate indebtedness to the Company or the Bank on below market rate loans exceeding the lesser of (i) \$120,000 or (ii) one percent of the average of the Company's total assets at year end for the last completed fiscal year, at any time since January 1, 2011 except as noted in the following table.

SECOND PROPOSAL
ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

Background of the Proposal

As a participant in the TARP Capital Purchase Program, we are required under the ARRA to include in this Proxy Statement and to present to the stockholders at the Annual Meeting, a non-binding proposal to approve the compensation of our executives, as disclosed in this Proxy Statement, pursuant to the executive compensation disclosure rules of the SEC. This proposal, commonly known as a “say on pay” proposal, gives stockholders the opportunity to endorse or not endorse the compensation of the Company’s executives as disclosed in this Proxy Statement. The proposal will be presented at the Annual Meeting in the form of the following resolution:

Proposal

RESOLVED, that the stockholders approve the compensation of the Company's executives, as disclosed in the Compensation Discussion and Analysis, and the compensation tables (together with the accompanying narrative disclosure) and related material in the Company's Proxy Statement for the Annual Meeting.

Vote Required and Effect of Proposal

Approval of the Second Proposal requires the affirmative vote of the majority of votes cast on such matter. As provided under the ARRA, this vote will not be binding on the Company's Board of Directors or the Compensation Committee and may not be construed as overruling a decision by the Board or as creating or implying any additional fiduciary duty of the Board. Further, the vote shall not affect any compensation paid or awarded to any executive. The Compensation Committee and the Board may, however, take into account the outcome of the vote when considering future executive compensation arrangements.

Recommendation

The Board of Directors unanimously recommends a vote FOR approval of the proposal on executive compensation.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is composed of four directors. The Board has determined that each of these directors is independent under the Marketplace Rules of Nasdaq. In particular, each of these directors is independent as defined under Rule 5605(a)(2) and qualified pursuant to Rule 5605(c)(2)(A). The Board has also determined that Mr. Batten qualifies as an Audit Committee Financial Expert as defined by the rules and regulations of the SEC. Only this paragraph of the Report of the Audit Committee shall be incorporated by reference into the Company's Annual Report on form 10-K filed with the SEC under the Exchange Act, notwithstanding the incorporation by reference of this Report of the Audit Committee into such filing.

The primary duties and responsibilities of the Audit Committee are to (i) monitor the Company's financial reporting process and systems of internal control, (ii) monitor the independence and performance of the Company's independent registered public accounting firm and internal auditors, and (iii) assure that management, the Board of Directors, the internal auditors and the independent auditors have the opportunity to communicate with one another.

The Committee has reviewed and discussed the audited consolidated financial statements with management and has discussed with BKD, LLP, the Company's independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 114 (Communication with Audit Committees).

The Audit Committee has also received the written disclosures and the letter from BKD, LLP, the Company's independent registered public accounting firm, required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Audit Committee has discussed with the independent registered public accounting firm that firm's independence. The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of the independent registered public accounting firm. The Audit Committee has concluded that the independent registered public accounting firm is independent from the Company.

Based upon the Audit Committee's discussions and review described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 for filing with the SEC.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

During the calendar years ended December 31, 2011 and December 31, 2010, BKD, LLP, the Company's independent registered public accounting firm during these periods, provided various audit, audit related and non-audit services, including tax, to the Company. Set forth below are the aggregate fees billed for these services during these periods and a brief description of such services:

- (a) Audit fees: Aggregate fees billed for professional services rendered for the audits of the Company's annual financial statements and reviews of quarterly financial statements were \$118,280 for the calendar year December 31, 2011 and \$112,505 for the calendar year ended December 31, 2010.
- (b) Audit-related fees: Aggregate fees billed for assurance and related services rendered and consultation on accounting matters not otherwise reported in (a) above were \$9,385 for the calendar year ended December 31, 2011 and \$5,625 for the calendar year ended December 31, 2010.
- (c) Tax fees: Aggregate fees billed for professional services rendered related to tax compliance, tax advice and tax planning were \$27,775 for the calendar year ended December 31, 2011 and \$23,120 for the calendar year ended December 31, 2010.

The Audit Committee pre-approves all audit and permissible non-audit services to be provided by BKD, LLP and the estimated fees for these services. There are no other specific policies or procedures relating to the pre-approval of services performed by BKD, LLP. The Audit Committee considered whether the audit and non-audit services rendered by BKD, LLP were compatible with maintaining BKD, LLP's independence as auditors of our financial statements.

**THIRD PROPOSAL: RATIFICATION OF BKD, LLP AS
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The independent registered public accounting firm for the period ended December 31, 2011 for the Company and its subsidiary, the Bank, was BKD, LLP. In accordance with its charter, the Audit Committee has selected and appointed BKD, LLP to continue as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2012. As part of good corporate practice, the Audit Committee and the Company's Board of Directors are requesting that its stockholders ratify such appointment. The Audit Committee is not required to take any action as a result of the outcome of the vote on this proposal. If the stockholders do not ratify the appointment, however, the Audit Committee may investigate the reasons for stockholder rejection and may consider whether to retain BKD, LLP or to appoint another independent registered public accounting firm.

A representative of BKD, LLP will be present at the Annual Meeting. The representative will have an opportunity to make a statement, if so desired, and will be available to respond to appropriate questions.

Recommendation

The Board of Directors of the Company unanimously recommends that the stockholders vote FOR the ratification of the appointment of BKD, LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2012.

MISCELLANEOUS

The Board of Directors is not aware of any business to come before the Annual Meeting other than those matters described above in this Proxy Statement. However, if any other matters should properly come before the meeting, it is intended that proxies in the accompanying form that are received from stockholders will be voted in respect thereof in the discretion of the persons named in the accompanying proxy. If the Company did not have notice of a matter on or before April 27, 2012, it is expected that the persons named in the accompanying proxy will exercise discretionary authority when voting on that matter.

It is anticipated that the Company's annual report to stockholders for the period ended December 31, 2011, including financial statements, will be mailed on April 23, 2012, together with this Proxy Statement, to all stockholders of record as of the Record Date. Any stockholder who has not received a copy of the annual report may obtain a copy by writing to the Secretary of the Company at the Company's address as provided at the end of the next section of this Proxy Statement.

STOCKHOLDER PROPOSALS

In order to be eligible for inclusion in the Company's proxy materials for next year's annual meeting of stockholders, any stockholder proposal to take action at such meeting must be received at the Company's executive offices at 1341 W. Battlefield, Springfield, Missouri 65807-4181, no later than December 24, 2012.

In the event the Company receives notice of a stockholder proposal to take action at next year's annual meeting of stockholders that is not submitted for inclusion in the Company's proxy material, or is submitted for inclusion but is properly excluded from the proxy material, the persons named in the proxy sent by the Company to its stockholders intend to exercise their discretion to vote on the stockholder proposal if notice of such proposal is received at the Company's main office between 60 days and 30 days prior to the meeting. If next year's annual meeting is held on May 22, 2013, then stockholder proposals would have to be delivered to the Company between March 23, 2013 and April 22, 2013. The Company's Certificate of Incorporation provides that if notice of a stockholder proposal to take

action at next year's annual meeting is not received at the Company's main office between 60 days and 30 days prior to the meeting, the proposal will not be eligible for presentation at that meeting. However, if less than 31 days' notice of the annual meeting is provided by the Company, a stockholder's proposal would have to be received no later than 10 days after notice was mailed to the stockholders by the Company for that meeting.

A COPY OF THE COMPANY'S ANNUAL REPORT ON FORM 10-K (INCLUDING THE FINANCIAL STATEMENTS) FOR THE PERIOD ENDED DECEMBER 31, 2011, AS FILED WITH THE SEC, WILL BE FURNISHED WITHOUT CHARGE TO STOCKHOLDERS AS OF THE RECORD DATE UPON WRITTEN REQUEST TO E.
