PART I

ITEM 1. BUSINESS

A) General

Micro Bio-Medical Waste Systems, Inc. Formerly known as 20/20 Networks, Inc. (the "Company") was incorporated on August 31, 1995 as "Visioneering Corporation" under the laws of the State of Nevada, to engage in any lawful corporate undertaking, including, but not limited to, selected mergers and acquisitions. The Company subsequently changed its name to "Asiamerica Energy Group, Inc." on January 12, 1996 when it entered into an agreement to acquire an oil and gas company. No stock was issued and no assets were acquired as this acquisition was not consummated.

The Company then changed its name to "Care Financial Group, Inc." on April 29, 1996. At that time, the Company had agreed to form a wholly owned subsidiary, Care Concepts, Inc., a Nevada corporation ("Care Concepts"). The Company issued 3,700,000 shares of its common stock to Care Concepts which shares were valued at \$25,000. Care Concepts was in the business of designing and building specialized motor vehicles for physically handicapped drivers and passengers. Ultimately, this acquisition did not succeed and the Company paid Care Concepts \$80,000 to terminate the agreement between Care Concepts and the Company while the shareholders of Care Concepts retained their shares of the Company's common stock. The Company subsequently approved a 250-to-1 reverse stock split after this transaction was terminated.

On May 15, 1997, the Company changed its name to "Trump Oil Corporation" ("Trump"). Trump proposed to merge with Fenway Resources Ltd., a Canadian company involved in natural resource development which wanted to develop and construct a cement manufacturing facility in the Philippines. This proposed merger was never consummated and no shares were issued pursuant to this agreement.

None of the proposed business activities for which the Company's name was changed produced any revenues or created any appreciable business activities for the Company. On March 10, 1999, the Company entered into a letter of intent with 20/20 Web Design, Inc. ("20/20 Web"), a Colorado corporation, a wholly owned subsidiary of Multi-Source Capital, Ltd. ("MSC"), also a Colorado corporation. The Company entered into an Agreement and Plan of Reorganization and completed its acquisition of 20/20 Web, with the Company changing its name as a result. As a result of the merger, MSC became the owner of 80% of the issued and outstanding shares of the Company. The Company recorded the 8,620,000 shares of stock issued to MSC at par value for a total of \$8,620. MSC was later acquired by TeleMall Communications, Inc. ("TeleMall"), a publicly traded company which subsequently changed its name to Crown Partners, Inc. ("Crown").

In December, 1999, the Company formed a wholly owned subsidiary, Stein's Cake Box ("Cake Box"), a Nevada corporation. The Company entered into a letter of intent with a bakery operation in Lewisville, Texas controlled by the Company's

president, Randy Sutton. The Company lent \$195,000 to Cake Box in connection with the letter of intent. On October 13, 2000, the Bakery filed for protection from its creditors under Chapter 11 of the United States Bankruptcy Code. The Chapter 11 filed was subsequently converted to a Chapter 7 and the Bakery has ceased operations. The loan has been written off.

Edgar Filing: 20/20 NETWORKS INC - Form 10KSB

Following the Company's lack of success with the Cake Box venture, the Company determined that it would remain inactive and that the Company would seek suitable acquisition candidates.

In February, 2003, the Company changed its name to 20/20 Networks, Inc. from 20/20 Web Design, Inc.

In November, 2003, the Company entered into an agreement with its majority shareholder, Crown Partners, Inc. ("Crown"), wherein the Company agreed to purchase Crown's wholly-owned subsidiary Sanitec(TM) Services of Hawaii, Inc. ("SSH") for \$550,000, assumption of all liabilities of SSH. In return, Crown will receive five percent (5%) of the issued and outstanding shares of the Company, non-dilutable for twenty four months. As of the date of this report, this transaction has not closed and Crown has not been paid nor issued its shares.

The Company's office is located at 20700 Ventura Blvd., Suite 227, Woodland Hills, California 91364.

As of December 31, 2004, the Company had no employees.

Item 2. Properties.

The Company presently shares office space with a related entity and its attorney. The Company pays no rent. The Company anticipates that this space is sufficient for the near future.

Item 3 Legal Proceedings.

None.

Item 4. Submission of Matters to a Vote of Security Holders

Item 5. Market for Registrant's Common Equity and Related Shareholder Matters.

The Company's common stock is currently traded on the OTC Electronic Bulletin Board in the United States, having the trading symbol "MBMW" and CUSIP #59479X105. The common stock commenced trading in April, 1997 and was de-listed on May 3, 2000 from the Bulletin Board. From May until November, the Company's common stock was quoted in the OTC "pink sheets." The Company's stock is now traded on the OTC Electronic Bulletin Board. As of December 31, 2004, the Company had 4,959,966 shares of its common stock issued and outstanding, of which 1,502,027 were held by non-affiliates.

Item 6. Management's Discussion and Analysis or Plan of Operation.

FORWARD-LOOKING STATEMENTS MAY NOT PROVE ACCURATE

When used in this Form 10-KSB, the words "anticipated", "estimate", "expect", and similar expressions are intended to identify forward-looking statements. Such statements are subject to certain risks, uncertainties and assumptions including the possibility that the Company's will fail to generate projected revenues. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, estimated or projected.

LIQUIDITY AND CAPITAL RESOURCES

Since inception, the Company has experienced no significant change in liquidity or capital resources or stockholders' equity other than receipts of proceeds from offerings of its capital stock. The Company received \$230,000 from an offering conducted under Rule 504 of Regulation D in 1999. The Company also raised \$158,354 from the issuance of 7,200,000 shares of the Company's common stock prior to 1997. In 1997, the Company raised an additional \$345,000 from the sale of its common stock. The Company's balance sheet as of December 31, 2004 reflects very limited assets and substantial liabilities. Further, there exists no agreements or understandings with regard to loan agreements by or with the Officers, Directors, principals, affiliates or shareholders of the Company.

At December 31, 2004, the Company had negative working capital of approximately (\$222,000) which consisted of assets of \$20,000 and current liabilities of approximately (\$242,000). The Company had assets of \$20,000 in an advance receivable from a related party at December 31, 2004. At December 31, 2003, the

4

Company had no assets and current liabilities of approximately \$173,000, resulting in negative working capital of approximately (\$173,000). The current liabilities of the Company at December 31, 2004 are composed primarily of accounts payable for legal and accounting expenses of approximately \$165,000 and amounts owed to its majority shareholder, Crown, of approximately \$77,000.

The Company will attempt to carry out its plan of business as discussed above. The Company cannot predict to what extent its lack of liquidity and capital resources will hinder its business plan. The Company needs to pay for its proposed acquisition of SSH and will need additional capital to fund that proposed operation.

RESULTS OF OPERATIONS

During the period from August 31, 1995 (inception) through December 31, 2004, the Company engaged in limited operations and attempted to commence operations in a number of different fields, none of which was ultimately successful or resulted in any appreciable revenues for the Company. For the years ended December 31, 2004 and 2003, the Company had no revenues. For the year ended December 31, 2004, the Company had general and administrative expenses of approximately \$1,527,680 resulting in a net loss of approximately (\$1,527,680). For the year ended December 31, 2003, the Company had general and administrative expenses of approximately \$450,979, resulting in a net loss of approximately (\$451,000). The difference in expenses between the two periods resulted from the Company hiring consultants in an effort to develop various business opportunities presented to it. The net loss per share was (\$.01) and (\$.01), respectively, for the years ended December 31, 2004 and 2003.

For the year ended December 31, 2004, the Company had no assets and current liabilities of approximately \$242,000. For the year ended December 31, 2003, the Company had no assets and current liabilities of approximately \$173,000. Shareholders' (deficit) for the year ended December 31, 2004 was approximately (\$173,000) compared to shareholders' (deficit) of approximately (\$222,000) at December 31, 2004.

The Company anticipates that until a business combination is completed with an acquisition candidate, it will not generate revenues and may operate at a loss after completing a business combination, depending upon the performance of the acquired business.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion of the financial condition, changes in financial condition and results of operations of the Company for the fiscal years ended December 31, 2004 and 2003 should be read in conjunction with the financial statements of the Company and related notes included therein.

The Company was incorporated on August 31, 1995 as Visioneering Corporation. On January 12, 1996, the Company amended its Articles of Incorporation to change its name to Asiamerica Energy Corporation, to Care Financial Corporation in April 29, 1996 and to Trump Oil Corporation on May 15, 1997. In March, 1999, the Company entered into a letter of intent to acquire 20/20 Web Design, Inc., a Colorado corporation wholly owned by Stein's Holdings, Inc. fka Multi-Source

5

Capital, Ltd. As part of that transaction, the Company issued 8,620,000 shares of its common stock to Stein's with the result that Stein's owns 80% of the issued and outstanding shares of the Company. The Company also approved a ten-for-one reverse stock split as part of that transaction.

Since the agreements described above, the Company has financed its activities through the distribution of equity capital, including private placements of its common stock resulting in the Company raising capital of \$749,494 from 1995 to the present. The Company used the proceeds from these offerings to fund its proposed operations, to pay salaries, to pay general and administrative expenses and any necessary expenses.

The Company entered into an agreement to acquire Sanitec(TM) Services of Hawaii, Inc. from its majority shareholder, Crown Partners, Inc., in November, 2003. The

Edgar Filing: 20/20 NETWORKS INC - Form 10KSB

Company must first pay \$550,000 to Crown before it can assume the operations of SSH. Once this sum is paid, the Company intends to engage in the business of medical waste disposal in Hawaii and elsewhere.

The Company will attempt to carry out its business plan as discussed above. The Company cannot predict to what extent its lack of liquidity and capital resources will hinder its business plan prior to the consummation of a business combination or if the proposed business combination with Sanitec is unsuccessful.

NEED FOR ADDITIONAL FINANCING

The Company's existing capital is not sufficient to meet the Company's cash needs, including the costs of compliance with the continuing reporting requirements of the Securities Exchange Act of 1934, as amended. Once a business combination is completed, the Company's needs for additional financing are likely to increase substantially. It is anticipated that Crown will likely advance any funds necessary to insure that the Company is able to meet its reporting obligations under the 1934 Act and that these loans will be repaid either when the Company merges or acquires a business. However, Crown has not agreed in writing to provide these funds and can only provide these funds to the extent that it has available funds to loan to the Company.

No commitments to provide additional funds have been made by management or other stockholders. Accordingly, there can be no assurance that any funds will be available to the Company to allow it to cover its expenses.

The Company might seek to compensate providers of services by issuances of stock in lieu of cash.

The Company is presently inactive and since inception has experienced no significant change in liquidity or capital resources or stockholders' equity other than the receipt of proceeds from offerings conducted under Rule 504 of Regulation D. The Company's balance sheet as of December 31, 2004 reflects no assets and extensive liabilities. Further, there exists no agreements or

6

understandings with regard to loan agreements by or with the Officers, Directors, principals, affiliates or shareholders of the Company.

Effect of Inflation

Inflation did not have any significant effect on the operations of the Company during the year ended December 31, 2004. Further, inflation is not expected to have any significant effect on future operations of the Company.

Item 7. Financial Statements.

Financial statements are audited and included herein beginning on Exhibit 1, page 1 and are incorporated herein by this reference.

Item 8. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure.

There were no disagreements with accountants on accounting and financial disclosure during the relevant period.

CONFLICTS OF INTEREST

The Officers and Directors of the Company will devote only a small portion of their time to the affairs of the Company, estimated to be no more than approximately 5 hours per month. There will be occasions when the time requirements of the Company's business conflict with the demands of their other business and investment activities. Such conflicts may require that the Company attempt to employ additional personnel. There is no assurance that the services of such persons will be available or that they can be obtained upon terms favorable to the Company.

There is no procedure in place which would allow the Officers and Directors to resolve potential conflicts in an arms-length fashion. Accordingly, they will be required to use their discretion to resolve them in a manner which they consider appropriate.

The Company's Officers and Directors may actively negotiate or otherwise consent to the purchase of a portion of their common stock as a condition to, or in

Edgar Filing: 20/20 NETWORKS INC - Form 10KSB

connection with, a proposed merger or acquisition transaction. It is anticipated that a substantial premium over the initial cost of such shares may be paid by the purchaser in conjunction with any sale of shares by the Company's Officers and Directors which is made as a condition to, or in connection with, a proposed merger or acquisition transaction. The fact that a substantial premium may be paid to the Company's Officers and Directors to acquire their shares creates a potential conflict of interest for them in satisfying their fiduciary duties to the Company and its other shareholders. Even though such a sale could result in a substantial profit to them, they would be legally required to make the decision based upon the best interests of the Company and the Company's other shareholders, rather than their own personal pecuniary benefit.

9

Identification of Certain Significant Employees. The Company does not employ any persons who make or are expected to make significant contributions to the business of the Company.

Item 10. Executive Compensation.

During fiscal 2004, and as of the date of the filing of this report, none of the Company's officers were paid any compensation by the Company.

The Company has no compensatory plan or arrangements, including payments to be received from the Company, with respect to any executive officer or director, where such plan or arrangement would result in any compensation or remuneration being paid resulting from the resignation, retirement or any other termination of such executive officer's employment or from a change-in-control of the Company or a change in such executive officer's responsibilities following a change-in-control and the amount, including all periodic payments or installments where the value of such compensation or remuneration exceeds \$100,000 per executive officer.

During the last completed fiscal year, no funds were set aside or accrued by the Company to provide pension, retirement or similar benefits for Directors or Executive Officers.

The Company has no written employment agreements.

Termination of Employment and Change of Control Arrangement. Except as noted herein, the Company has no compensatory plan or arrangements, including payments to be received from the Company, with respect to any individual named above from the latest or next preceding fiscal year, if such plan or arrangement results or will result from the resignation, retirement or any other termination of such individual's employment with the Company, or from a change in control of the Company or a change in the individual's responsibilities following a change in control.
