ITEM 4.02 Non-Reliance on Previously Issued Financial Statements or a Related Audit Report or Completed Interim Review.

On November 19, 2007 we filed our Form 10-QSB for the third quarter of 2007 in which we disclosed our intention to restate our Form 10-QSB for first and second quarters of 2007 and the anticipated effect of the restatement on results included in those filings.

On January 15, 2008 we filed Form 10-QSB/A amending the original filings of Form 10-QSB for both quarters. In January 2008 this information was included on the Dow Jones *Broad Tape*.

Although we have filed three (3) reports with the Commission about this event and consequent restatement, we are filing this Form 8-K to ensure full and complete disclosure of the restatement of our financial statements for the first and second quarters of 2007.

An event, described below and necessitating the amendments of our first and second quarter 2007 Form 10-QSB's, was discovered shortly before we issued our Form 10-QSB for the third quarter on November 19, 2007. We disclosed the event and our plans to restate our financial statements for the first two quarters of 2007 in our third quarter Form 10-QSB on November 19, 2007 and again in Form 10-QSB/A, filed on January 15, 2008, which amended results for both the first and second quarters of 2007.

The Audit Committee of the Board and Management discussed this issue with the Company's independent accountants prior to November 19, 2007.

Our previous three disclosures of this event follow:

1. From Form 10-QSB for the third quarter filed November 19, 2007:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Adjustments Related to Prior Interim Periods of the Current Year

We recently discovered, with the aid of our system of internal controls, that a manager at our Midwest subsidiary had caused overstated results to be included in our previously reported revenue, net income and net income per share to the extent of \$504,000, \$124,000, and \$.02 per common share, respectively, for the six months ended June 30, 2007. Cash was unaffected.

The actions of the former manager were unauthorized and unilateral and resulted in the aforementioned overstatement of revenue and earnings. We do not consider the actions of the former manager to be indicative of a material weakness in our system of internal controls, but we are reviewing our control systems at this subsidiary for any weaknesses or deficiencies. Any needed strengthening of our Internal Controls over Financial Reporting will be implemented before December 31, 2007.
