Item 2.02.

Results of Operations and Financial Condition.

On July 12, 2010, Fortress International Group, Inc. (the "Company"), issued a press release reporting new business obtained for the six month period ended June 30, 2010. A copy of the press release is being furnished herewith as Exhibit 99.1.

The information in this Report, including Exhibit 99.1 attached hereto, is furnished pursuant to Item 2.02 of this Current Report on Form 8-K. Such information shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, except as shall be expressly set forth by specific reference in such filing.

Statements contained in this report contain "forward-looking statements," within the meaning of the Private Securities Litigation Reform Act of 1995. In this context, forward-looking statements may address matters such as our expected future business and financial performance, and often contain words such as "guidance," "expects," "anticipates," "intends," "plans," "believes," "seeks," "should," or "will." Forward-looking statements by their nature address matters that are, to different degrees, uncertain. Particular uncertainties that could adversely or positively affect the Company's future results include: the Company's reliance on a significant portion of its revenues from a limited number of customers; risks relating to our ability to continue as a going concern; risks associated with our effort to meet our working capital requirements and scheduled maturities of indebtedness absent restructuring; the uncertainty as to whether the Company can replace its backlog; risks involved in properly managing complex projects; risks relating to revenues under customer contracts, many of which can be canceled on short notice; the uncertainty whether potential contracts will materialize; risks relating to our ability to attract qualified management and other personnel; risks relating our ability to continue to implement our strategic plan; risks relating to our ability to generate sufficient cash flows to support operations and implement our strategic plan; risks relating to our ability to meet all of the terms and conditions of our debt obligations; uncertainty related to current economic conditions and the related impact on demand for our services; and other risks and uncertainties disclosed in the Company's filings with the Securities and Exchange Commission. These uncertainties may cause the Company's actual future results to be materially different than those expressed in the Company's forward-looking statements. The Company does not undertake to update its forward-looking statements.
