Diageo PLC

14 October 2010

Interim management statement for the three months ended 30 September 2010

Diageo reports Q1 organic net sales growth of 5% and reiterates that organic operating profit growth in FY 11 will improve on fiscal 2010

In the three months ended 30 September 2010 net sales were £2,063 million up 5% on an organic basis from £1,946 million in the quarter ended 30 September 2009. Net assets were £5,113 million at 30 September 2010, having been £4,786 million at 30 June 2010 mainly as a result of the net profit for the period. Net borrowings were £7,456 million at 30 September 2010 having been £6,954 million at 30 June 2010 principally reflecting movements in working capital.

Paul Walsh, Chief Executive of Diageo, commented:

'Our first quarter performance is in line with our expectations with good volume growth and a modest improvement in the level of price/mix. The continued strong performance of all three hubs in International together with further improvement in our performance in Asia Pacific remain the key drivers of organic net sales growth in the quarter. Diageo North America also posted stronger growth in this quarter than in the prior year. As expected we face a challenging trading environment in Greece and in Spain net sales were down markedly in comparison to the first quarter last year when there was a buy in ahead of duty increases. Northern Europe again delivered good net sales growth and Diageo's business in Russia continues to grow strongly. Overall, however the consumer environment in Europe is slightly weaker than we experienced in the prior year. We continue to increase marketing spend behind our brands globally and build our capabilities and our sales force in the developing markets.

'The year has started as we thought it would with a fragile economic and consumer environment in the developed markets and stronger consumer demand in the developing markets. Following our first quarter's trading we are reiterating our guidance for improved organic growth in operating profit in fiscal 2011 compared to fiscal 2010.'

#### Diageo Africa

Diageo Africa is the trading name for the group of Diageo corporate entities and people who trade in and for the Africa region. Diageo Africa includes all of Diageo's business interest in continental sub-Saharan countries and outlying islands, including Reunion, Mauritius and Seychelles. We operate through wholly or partly owned operations and a range of partnerships and licensing agreements. Diageo Africa region is active in brewing and distilling and our brands are enjoyed in over 40 African countries. The region contributes to nearly a third of Diageo's net sales of beer globally and employs over 4,500 employees. Several of the larger Diageo companies in Africa are quoted on local stock exchanges. All of these companies have active corporate social responsibility programmes, covering initiatives in water, health, education and other areas of value to the communities in which we operate.

East African Breweries Limited is one of the largest beverage companies in the region, with breweries in Kenya and Uganda. Made up of five subsidiaries, Kenya Breweries, Uganda Breweries, Central Glass Industries, East African Maltings and UDV Kenya, the company has been in existence since 1923. Its flagship brands include Tusker Lager, Pilsner, Guinness, Smirnoff Vodka, Johnnie Walker Scotch Whisky, Senator and Alvaro non-alcoholic malt drinks

It is quoted in the three East African bourses and is the second largest company by market capitalisation at the Nairobi Stock Exchange. Through its EABL Foundation, the company has enriched the lives of over two million people across the region in the past three years through the provision of water, education and environmental care to the communities in which it operates.

Serengeti Breweries Limited is the second largest beer company in Tanzania whose portfolio, when combined with EABL's portfolio, accounts for approximately 28 per cent of the Tanzanian branded beer sector.
