Item 5.02. Compensatory Arrangements of Certain Officers.

(e) At a meeting held on December 17, 2014, the Compensation Committee of the Board of Directors of Redwood Trust, Inc. (the “Company”) considered and approved the following compensation matters for the officers of the Company noted below. Further disclosure regarding these and other compensation matters will be included (i) in the Compensation Discussion and Analysis section of the Company’s 2015 Annual Proxy Statement to be filed with the Securities and Exchange Commission (“SEC”) in advance of the Company’s 2015 Annual Meeting of Stockholders, which meeting is currently scheduled to take place on May 19, 2015 or (ii) in other reports filed with the Securities and Exchange Commission.

2014 Year-End Long-Term Equity Compensation Awards. On December 17, 2014, the Compensation Committee made 2014 year-end long-term equity compensation awards to certain officers of the Company. Two different types of equity awards were granted: Deferred Stock Units (“DSUs”) and Performance Stock Units (“PSUs”). The terms of each of these two types of awards are summarized below.

The DSUs granted on December 17, 2014 will vest over four years, with 25% of each award vesting on January 31, 2016, and an additional 6.25% vesting on the last day of each subsequent quarter (beginning with the quarter ending March 31, 2016), with full vesting of the final 6.25% on December 19, 2018. Shares of Company common stock underlying these DSUs will be distributed to the recipients in shares of common stock not later than December 31, 2018, unless distribution is electively deferred by a recipient under the terms of the Company’s Executive Deferred Compensation Plan. The number of DSUs granted to each officer was determined based on a dollar amount for each award divided by the closing price of the Company’s common stock on the New York Stock Exchange (“NYSE”) on the trading day immediately prior to grant.

Each DSU granted on December 17, 2014 had a grant date fair value of \$19.87, which was determined in accordance with FASB Accounting Standards Codification Topic 718 at the time the grant was made. The terms of the DSUs granted on December 17, 2014 are generally consistent with the terms of the 2013 year-end long-term equity compensation awards made to Named Executive Officers. The terms of these DSUs are set forth in the Form of Deferred Stock Unit Award Agreement (which is included as Exhibit 10.2 to the Company’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2014, filed on August 8, 2014) and the 2014 Redwood Trust, Inc. Incentive Award Plan (which is included as Exhibit 10.1 to the Company’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2014, filed on August 8, 2014) (the “2014 Incentive Plan”). The terms of the DSUs include, without limitation, provisions relating to dividend equivalent rights, forfeiture, mandatory net settlement for income tax withholding purposes, and change-in-control that are set forth in the above-referenced Form of Deferred Stock Unit Award Agreement and 2014 Incentive Plan, but which are not summarized above.

The PSUs granted on December 17, 2014 are performance-based equity awards under which the number of underlying shares of Company common stock that vest and that the recipient becomes entitled to receive at the time of vesting will generally range from 0% to 200% of the target number of PSUs granted, with the target number of PSUs granted being adjusted to reflect the value of any dividends declared on Company common stock during the

Edgar Filing: REDWOOD TRUST INC - Form 8-K

vesting period (as further described below). Vesting of these PSUs will generally occur at the end of three years (on December 16, 2017) based on three-year total stockholder return (“TSR”), as follows:

- o If three-year TSR is negative, then 0% of the PSUs will vest;
- o If three-year TSR is 25%, then 100% of the PSUs will vest;
 - If three-year TSR is between 0% and 25%, then between 0% and 100% of the PSUs will vest determined based on a straight-line, mathematical interpolation between the applicable vesting percentages;
- o If three-year TSR is greater than or equal to 125%, then 200% of the PSUs will vest; and
 - If three-year TSR is between 25% and 125%, then between 100% and 200% of the PSUs will vest determined based on a straight-line, mathematical interpolation between the applicable vesting percentages.

Under the terms of the PSUs, three-year TSR is defined as the percentage by which the Per Share Price (defined below) as of December 16, 2017 has increased or decreased, as applicable, relative to the Per Share Price as of December 17, 2014 (\$19.12), adjusted to include the impact on such increase or decrease that would be realized if all cash dividends declared on a share of Company common stock during such three-year period were reinvested in Company common stock.

“Per Share Price” shall mean as of any date, the average of the closing prices of a share of Company common stock on the NYSE during the forty (40) consecutive trading days ending on the trading day prior to such date.

Subject to vesting, shares of Company common stock underlying these PSUs will be distributed to the recipients not later than December 31, 2017, unless distribution is electively deferred by a recipient under the terms of the Company’s Executive Deferred Compensation Plan. At the time of vesting, the value of any dividends declared during the vesting period will be reflected in the PSUs by increasing the target number of PSUs granted by an amount corresponding to the incremental number of shares of Company common stock that a stockholder would have acquired during the three-year TSR measurement period had all dividends during that period been reinvested in Company common stock. Between the vesting of these PSUs and the delivery of the underlying shares of Company common stock, the underlying vested award shares will have attached dividend equivalent rights, resulting in the payment of dividend equivalents each time the Company declares a common stock dividend during that period.

Each PSU granted on December 17, 2014 had a grant date fair value of \$14.99, which was determined in accordance with FASB Accounting Standards Codification Topic 718 at the time the grant was made. The terms of these PSUs are set forth in the Form of Performance Stock Unit Award Agreement (which is included as Exhibit 10.3 to the Company’s Quarterly Report on Form 10-Q for the quarter ended June 30, 2014, filed on August 8, 2014) and the 2014 Incentive Plan. The terms of the PSUs include, without limitation, provisions relating to forfeiture, retirement, mandatory net settlement for income tax withholding purposes, and change-in-control that are set forth in the above-referenced Form of Performance Stock Unit Award Agreement and 2014 Incentive Plan, but which are not summarized above.
