

Stellus Capital Investment Corp
Form 497
April 04, 2017

**Filed Pursuant to Rule 497
Securities Act File No. 333-216138**

The information in this preliminary prospectus supplement is not complete and may be changed. A registration statement relating to these securities has been filed with and declared effective by the Securities and Exchange Commission. This preliminary prospectus supplement and the accompanying prospectus are not an offer to sell and are not soliciting offers to buy these securities in any state where such offer or sale is not permitted.

SUBJECT TO COMPLETION, DATED APRIL 4, 2017

**PRELIMINARY PROSPECTUS SUPPLEMENT
(to Prospectus dated April 3, 2017)**

3,000,000 Shares

Stellus Capital Investment Corporation

Common Stock

We are offering for sale 3,000,000 shares of our common stock. The underwriters have agreed to purchase shares of our common stock from us at a price of \$ per share which will result in approximately \$ million of net proceeds, after deducting estimated offering expenses, to us, or \$ million assuming full exercise of the underwriters option to purchase additional shares described below. We expect that our expenses for this offering will be approximately \$135,000.

The underwriters may also exercise their option to purchase up to an additional 450,000 shares of common stock from us, at the price per share set forth above, for 30 days after the date of this prospectus supplement.

We are an externally managed, closed-end, non-diversified management investment company that has elected to be regulated as a business development company, or BDC, under the Investment Company Act of 1940, as amended, or the 1940 Act. Our investment objective is to maximize the total return to our stockholders in the form of current income and capital appreciation through debt and related equity investments in middle-market companies. The companies in which we invest are typically highly leveraged, and, in most cases, our investments in such companies will not be rated by national rating agencies. If such investments were rated, we believe that they would likely receive a rating below investment grade (i.e., below BBB or Baa), which are often referred to as junk.

We are an emerging growth company under the federal securities laws and are subject to reduced public company reporting requirements. We will no longer qualify as an emerging growth company during our fiscal year ending December 31, 2017.

Our common stock is listed on the New York Stock Exchange, or NYSE, under the trading symbol SCM. The last sale price, as reported on NYSE on April 3, 2017, was \$14.55 per share. The net asset value per share of our common stock at December 31, 2016 (the last date prior to the date of this prospectus supplement on which we determined net asset value) was \$13.69.

Shares of closed-end investment companies, including business development companies, frequently trade at a discount to their net asset value. If our shares trade at a discount to our net asset value, it will likely increase the risk of loss for purchasers in this offering.

This prospectus supplement and the accompanying prospectus, contain important information about us that a prospective investor should know before investing in our common stock. Please read this prospectus supplement and the accompanying prospectus before you invest and keep it for future reference. We file annual, quarterly and current reports, proxy statements and other information about us with the Securities and Exchange Commission, or the SEC.

The SEC also maintains a website at <http://www.sec.gov> that contains such information. This information is also available free of charge by contacting us at 4400 Post Oak Parkway, Suite 2200, Houston, TX 77027, Attention:

Investor Relations, or by calling us collect at (713) 292-5400 or on our website at www.stelluscapital.com.

Information contained on our website is not incorporated by reference into this prospectus, and you should not consider that information to be part of this prospectus supplement and the accompanying prospectus.

Investing in our common stock involves a high degree of risk. Before buying any shares, you should read the discussion of the material risks of investing in our common stock in Risk Factors beginning on page 17 of the accompanying prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities, or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Per Share	Total
Public offering price	
Underwriting discount (%)	
Proceeds to us before expenses (1)	

(1) Before deducting estimated expenses payable by us of approximately \$135,000.

The underwriters have the option to purchase up to an additional 450,000 shares of common stock at the public offering price, less the underwriting discount, within 30 days from the date of this prospectus supplement. If the option is exercised in full, the total public offering price will be \$, and the total underwriting discount (%) will be \$. The proceeds to us would be \$, before deducting estimated expenses payable by us of \$135,000.

TABLE OF CONTENTS

ABOUT THIS PROSPECTUS SUPPLEMENT

This document is in two parts. The first part is this prospectus supplement, which describes the specific terms of this offering and certain matters relating to us. The second part, the accompanying prospectus, gives more general information about the securities which we may offer from time to time, some of which may not apply to the common stock offered by this prospectus supplement. For information about our common stock, see Description of Our Capital Stock in the accompanying prospectus.

If information varies between this prospectus supplement and the accompanying prospectus, you should rely only on such information in this prospectus supplement. The information contained in this prospectus supplement supersedes any inconsistent information included in the accompanying prospectus. In various places in this prospectus supplement and the accompanying prospectus, we refer you to other sections of such documents for additional information by indicating the caption heading of such other sections. The page on which each principal caption included in this prospectus supplement and the accompanying prospectus can be found is listed in the table of contents above. All such cross references in this prospectus supplement are to captions contained in this prospectus supplement and not in the accompanying prospectus, unless otherwise stated.

S-iii

TABLE OF CONTENTS

PROSPECTUS SUPPLEMENT SUMMARY

This summary highlights some of the information in this prospectus. It is not complete and may not contain all of the information that you may want to consider. You should read the more detailed information set forth under Risk Factors and the other information included in this prospectus and any prospectus supplement carefully. Except as otherwise indicated, the terms we, us, our, and the Company refer to Stellus Capital Investment Corporation; and Stellus Capital Management refers to our investment adviser and administrator, Stellus Capital Management, LLC.

Stellus Capital Investment Corporation

We are an externally managed, closed-end, non-diversified management investment company that has elected to be regulated as a BDC under the 1940 Act. We originate and invest primarily in private middle-market companies (typically those with \$5.0 million to \$50.0 million of EBITDA (earnings before interest, taxes, depreciation and amortization)) through first lien, second lien, unitranche and mezzanine debt financing, with corresponding equity co-investments. Unitranche debt is typically structured as first lien loans with certain risk characteristics of second lien debt. Mezzanine debt includes senior unsecured and subordinated loans.

Our investment activities are managed by our investment adviser, Stellus Capital Management, an investment advisory firm led by Robert T. Ladd and its other senior investment professionals. We source investments primarily through the extensive network of relationships that the senior investment professionals of Stellus Capital Management have developed with financial sponsor firms, financial institutions, middle-market companies, management teams and other professional intermediaries. The companies in which we invest are typically highly leveraged, and, in most cases, our investments in such companies will not be rated by national rating agencies. If such investments were rated, we believe that they would likely receive a rating which is often referred to as junk.

Our investment objective is to maximize the total return to our stockholders in the form of current income and capital appreciation. We seek to achieve our investment objective by:

accessing the extensive origination channels that have been developed and established by the Stellus Capital Management investment team that include long-standing relationships with private equity firms, commercial banks, investment banks and other financial services firms;

investing in what we believe to be companies with strong business fundamentals, generally within our core middle-market company focus;

focusing on a variety of industry sectors, including business services, energy, general industrial, government services, healthcare, software and specialty finance;

focusing primarily on directly originated transactions;

applying the disciplined underwriting standards that the Stellus Capital Management investment team has developed over their extensive investing careers; and

capitalizing upon the experience and resources of the Stellus Capital Management investment team to monitor our investments.

In addition, we received exemptive relief from the SEC to co-invest with investment funds managed by Stellus Capital Management where doing so is consistent with our investment strategy as well as applicable law (including the terms and conditions of the exemptive order issued by the SEC). Under the terms of the relief permitting us to co-invest with other funds managed by Stellus Capital Management, a required majority (as defined in Section 57(o) of the 1940 Act) of our independent directors must make certain conclusions in connection with a co-investment transaction,

including that (1) the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching of us

S-1

TABLE OF CONTENTS

or our stockholders on the part of any person concerned and (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objectives and strategies. We intend to co-invest, subject to the conditions included in the exemptive order we received from the SEC, with private credit funds managed by Stellus Capital Management that have an investment strategy that is identical to our investment strategy. We believe that such co-investments may afford us additional investment opportunities and an ability to achieve greater diversification.

As a BDC, we are required to comply with regulatory requirements, including limitations on our use of debt. We are permitted to, and expect to continue to, finance our investments through borrowings. However, as a BDC, we are only generally allowed to borrow amounts such that our asset coverage, as defined in the 1940 Act, equals at least 200% after such borrowing. The amount of leverage that we employ will depend on our assessment of market conditions and other factors at the time of any proposed borrowing, such as the maturity, covenant package and rate structure of the proposed borrowings, our ability to raise funds through the issuance of our securities and the risks of such borrowings within the context of our investment outlook. Ultimately, we only intend to use leverage if the expected returns from borrowing to make investments will exceed the cost of such borrowings.

We have elected and qualified to be treated for federal income tax purposes as a regulated investment company, or RIC, under Subchapter M of the Internal Revenue Code, or the Code. As a RIC, we generally will not have to pay corporate-level federal income taxes on any net ordinary income or capital gains that we distribute to our stockholders if we meet certain source-of-income, distribution and asset diversification requirements.

SBIC License

Our wholly owned subsidiary holds a license from the Small Business Administration, or SBA, to operate as a small business investment company, or SBIC. Our wholly-owned SBIC subsidiary's SBIC license allows it to obtain leverage by issuing SBA-guaranteed debentures up to a maximum of \$150 million under current SBIC regulations, subject to required capitalization of the SBIC subsidiary and other requirements. As of December 31, 2016, the SBIC subsidiary had \$38.0 million of regulatory capital as such term is defined by the SBA, and has received commitments from the SBA of \$65 million. As of December 31, 2016, the SBIC subsidiary had \$65 million of SBA-guaranteed debentures outstanding. The principal amount of SBA-guaranteed debentures is not required to be paid prior to maturity but may be prepaid at any time without penalty. The interest rate of SBA-guaranteed debentures is fixed at the time of issuance at a market-driven spread over U.S. Treasury Notes with ten-year maturities. We believe that the SBA-guaranteed debentures are an attractive source of debt capital.

We have received exemptive relief from the SEC to permit us to exclude the debt of our SBIC subsidiary guaranteed by the SBA from the definition of senior securities in the 200% asset coverage ratio we are required to maintain under the 1940 Act. The exemptive relief provides us with increased flexibility under the 200% asset coverage test by permitting us to borrow up to \$76.0 million (based on current regulatory capital, as such term is defined by the SBA, of \$38.0 million) more than we would otherwise be able to absent the receipt of this exemptive relief.

Portfolio Composition

Our investments generally range in size from \$5 million to \$30 million, and we may also selectively invest in larger positions, and we generally expect that the size of our positions will increase in proportion to the size of our capital base. Pending such investments, we may reduce our outstanding indebtedness or invest in cash, cash equivalents, U.S. government securities and other high-quality debt investments with a maturity of one year or less. In the future, we may adjust opportunistically the percentage of our assets held in various types of loans, our principal loan sources and the industries to which we have greatest exposure, based on market conditions, the credit cycle, available financing

and our desired risk/return profile.

S-2

TABLE OF CONTENTS

The following table provides a summary of our portfolio investments as of December 31, 2016:

	As of December 31, 2016 (\$ in millions)
Number of portfolio companies	45
Fair value (a)	\$ 365.6
Cost	\$ 362.2
% of portfolio at fair value first lien debt	31 %
% of portfolio at fair value second lien debt	45 %
% of portfolio at fair value mezzanine debt	19 %
% of portfolio at fair value equity	5 %
Weighted-average annual yield (b)	11.0 %

As of December 31, 2016, \$266.1 million of our debt investments at fair value were at floating interest rates, which represented approximately 77% of our total portfolio of debt investments at fair value. As of December 31, 2016, (a) \$80.6 million of our debt investments at fair value were at fixed interest rates, which represented approximately 23% of our total portfolio of debt investments at fair value.

The weighted average yield on all of our debt investments as of December 31, 2016, was approximately 11.0%, of which approximately 10.5% was current cash interest. The weighted average yield of our debt investments is not the same as a return on investment for our stockholders but, rather, relates to a portion of our investment portfolio and is calculated before the payment of all of our and our subsidiaries fees and expenses. The weighted average (b) yield was computed using the effective interest rates for all of our debt investments, which represents the interest rate on our debt investment restated as an interest rate payable annually in arrears and is computed including cash and payment in kind, or PIK interest, as well as accretion of original issue discount. There can be no assurance that the weighted average yield will remain at their current level.

(c) Includes unitranche investments, which account for 8% of our portfolio at fair value.

Leverage

Credit Facility. On November 7, 2012, we entered into a revolving credit facility (the *Credit Facility*) with various lenders. SunTrust Bank, one of the lenders, serves as administrative agent under the Credit Facility. The Credit Facility, as amended on November 21, 2014 and August 31, 2016, provides for borrowings in an aggregate amount of \$120.0 million on a committed basis with an accordion feature that allows us to increase the aggregate commitments up to \$195.0 million, subject to new or existing lenders agreeing to participate in the increase and other customary conditions. Borrowings under the Credit Facility bear interest, subject to our election, on a per annum basis equal to (i) LIBOR plus 2.625% with no LIBOR floor or (ii) 1.625% plus an alternate base rate based on the highest of the Prime Rate, Federal Funds Rate plus 0.5% or one month LIBOR plus 1.0%. We pay unused commitment fees of 0.50% per annum on the unused lender commitments under the Credit Facility. Interest is payable quarterly in arrears. Any amounts borrowed under the Credit Facility will mature, and all accrued and unpaid interest thereunder will be due and payable, on October 1, 2018.

6.50% Notes. On May 5, 2014, we closed a public offering of \$25.0 million in aggregate principal amount of 6.50% Notes (the *Notes*). The Notes mature on April 30, 2019, and may be redeemed in whole or in part at any time or from

time to time at our option on or after April 30, 2016. The Notes bear interest at a rate of 6.50% per year payable quarterly on February 15, May 15, August 15 and November 15, of each year. As of December 31, 2016, we had \$25.0 million of the Notes outstanding.

SBA-guaranteed Debentures. Due to the SBIC subsidiary's status as a licensed SBIC, we have the ability to issue debentures guaranteed by the SBA at favorable interest rates. As of December 31, 2016, the SBIC subsidiary had \$65.0 million of SBA-guaranteed debentures outstanding.

S-3

TABLE OF CONTENTS

Stellus Capital Management

Stellus Capital Management manages our investment activities and is responsible for analyzing investment opportunities, conducting research and performing due diligence on potential investments, negotiating and structuring our investments, originating prospective investments and monitoring our investments and portfolio companies on an ongoing basis.

The senior investment professionals of Stellus Capital Management have an average of over 27 years of investing, corporate finance, restructuring, consulting and accounting experience and have worked together at several companies. The Stellus Capital Management investment team has a wide range of experience in middle-market investing, including originating, structuring and managing loans and debt securities through market cycles. The Stellus Capital Management investment team continues to provide investment sub-advisory services to D. E. Shaw & Co., L.P. and its associated investment funds (the D. E. Shaw group) with respect to an approximately \$150.0 million investment portfolio as of December 31, 2016 in middle-market companies pursuant to sub-advisory arrangements.

In addition to serving as our investment adviser and the sub-advisor to the D. E. Shaw group as noted above, Stellus Capital Management currently manages a private credit fund that has an investment strategy that is identical to our investment strategy and energy private equity funds. We received exemptive relief from the SEC to co-invest with investment funds managed by Stellus Capital Management (other than the D. E. Shaw group funds) where doing so is consistent with our investment strategy as well as applicable law (including the terms and conditions of the exemptive order issued by the SEC). We believe that such co-investments may afford us additional investment opportunities and an ability to achieve greater diversification. We will not co-invest with the energy private equity funds, as the energy private equity funds focus on predominantly equity-related investments, and we focus on predominantly credit-related investments.

Stellus Capital Management is headquartered in Houston, Texas, and also maintains offices in the Washington, D.C. area and Charlotte, North Carolina.

Market Opportunity

We originate and invest primarily in private middle-market companies through first lien, second lien, unitranche and mezzanine debt financing, often times with a corresponding equity investment. We believe the environment for investing in middle-market companies is attractive for several reasons, including:

Robust Demand for Debt Capital. We believe that private equity firms have significant committed but uncalled capital, a large portion of which is still available for investment in the United States. We expect the large amount of uninvested capital commitments will drive buyout activity over the next several years, which should, in turn, create lending opportunities for us. In addition to increased buyout activity, a high volume of senior secured and high yield debt was originated in the calendar years 2004 through 2007 and will come due in the near term and, accordingly, we believe that new financing opportunities will increase as many companies seek to refinance this indebtedness.

Reduced Availability of Capital for Middle-Market Companies. We believe there are fewer providers of, and less capital available for financing to middle-market companies, as compared to the time period prior to the recent economic downturn. We believe that, as a result of that downturn, many financing providers have chosen to focus on large, liquid corporate loans and managing capital markets transactions rather than lending to middle-market businesses. In addition, we believe recent regulatory changes, including the adoption of the Dodd-Frank Act and the introduction of the international capital and liquidity requirements under the Basel III Accords have caused banks to

curtail their lending to middle-market-companies. As a result, we believe that less competition will facilitate higher quality deal flow and allow for greater selectivity throughout the investment process.

S-4

TABLE OF CONTENTS

Attractive Deal Pricing and Structures. We believe that the pricing of middle-market debt investments is higher, and the terms of such investments are more conservative, compared to larger liquid, public debt financings, due to the more limited universe of lenders as well as the highly negotiated nature of these financings. These transactions tend to offer stronger covenant packages, higher interest rates, lower leverage levels and better call protection compared to larger financings. In addition, middle-market loans typically offer other investor protections such as default penalties, lien protection, change of control provisions and information rights for lenders.

Specialized Lending Requirements. Lending to middle-market companies requires in-depth diligence, credit expertise, restructuring experience and active portfolio management. We believe that several factors render many U.S. financial institutions ill-suited to lend to middle-market companies. For example, based on the experience of Stellus Capital Management's investment team, lending to middle-market companies in the United States (a) is generally more labor intensive than lending to larger companies due to the smaller size of each investment and the fragmented nature of the information available with respect to such companies, (b) requires specialized due diligence and underwriting capabilities, and (c) may also require more extensive ongoing monitoring by the lender. We believe that, through Stellus Capital Management, we have the experience and expertise to meet these specialized lending requirements.

Competitive Strengths

We believe that the following competitive strengths will allow us to achieve positive returns for our investors:

Experienced Investment Team. Through our investment adviser, Stellus Capital Management, we have access to the experience and expertise of the Stellus Capital Management investment team, including its senior investment professionals who have an average of over 27 years of investing, corporate finance, restructuring, consulting and accounting experience and have worked together at several companies. The Stellus Capital Management investment team has a wide range of experience in middle-market investing, including originating, structuring and managing loans and debt securities through market cycles. We believe the members of Stellus Capital Management's investment team are proven and experienced, with extensive capabilities in leveraged credit investing, having participated in these markets for the predominant portion of their careers. We believe that the experience and demonstrated ability of the Stellus Capital Management investment team to complete transactions enhances the quantity and quality of investment opportunities available to us.

Established, Rigorous Investment and Monitoring Process. The Stellus Capital Management investment team has developed an extensive review and credit analysis process. Each investment that is reviewed by Stellus Capital Management is brought through a structured, multi-stage approval process. In addition, Stellus Capital Management takes an active approach in monitoring all investments, including reviews of financial performance on at least a quarterly basis and regular discussions with management. Stellus Capital Management's investment and monitoring process and the depth and experience of its investment team should allow it to conduct the type of due diligence and monitoring that enables it to identify and evaluate risks and opportunities.

Demonstrated Ability to Structure Investments Creatively. Stellus Capital Management has the expertise and ability to structure investments across all levels of a company's capital structure. Furthermore, we believe that current market conditions will allow us to structure attractively priced debt investments and may allow us to incorporate other return-enhancing mechanisms such as commitment fees, original issue discounts, early redemption premiums, PIK, interest or some form of equity securities.

Resources of Stellus Capital Management Platform. We have access to the resources and capabilities of Stellus Capital Management, which has 18 investment professionals, including Robert T. Ladd, Dean D'Angelo, Joshua T.

Davis and Todd A. Overbergen, who are supported by six managing directors, two principals, two vice presidents and three analysts. These individuals

S-5

TABLE OF CONTENTS

have developed long-term relationships with middle-market companies, management teams, financial sponsors, lending institutions and deal intermediaries by providing flexible financing throughout the capital structure. We believe that these relationships provide us with a competitive advantage in identifying investment opportunities in our target market. We also expect to benefit from Stellus Capital Management's due diligence, credit analysis, origination and transaction execution experience and capabilities, including the support provided with respect to those functions by Mr. Huskinson, who serves as our chief financial officer and chief compliance officer, and his staff of eight finance and operations professionals.

Risk Factors

An investment in our securities is subject to risks. The following is a summary of the principal risks that you should carefully consider before investing in our securities. In addition, see "Risk Factors" beginning on page 17 of the accompanying prospectus to read about factors you should consider before deciding to invest in our securities.

We are dependent upon key personnel of Stellus Capital Management for our future success. If Stellus Capital Management were to lose any of its key personnel, our ability to achieve our investment objective could be significantly harmed.

Our business model depends to a significant extent upon strong referral relationships. Any inability of Stellus Capital Management to maintain or develop these relationships, or the failure of these relationships to generate investment opportunities, could adversely affect our business.

Our financial condition, results of operations and cash flows will depend on our ability to manage our business effectively.

There are significant potential conflicts of interest that could negatively affect our investment returns. The incentive fee structure we have with Stellus Capital Management may create incentives that are not fully aligned with the interests of our stockholders.

We will be subject to corporate-level income tax and may default under the Credit Facility if we are unable to maintain our qualification as a RIC under Subchapter M of the Code.

Regulations governing our operation as a BDC affect our ability to and the way in which we raise additional capital and, as a BDC, the necessity of raising additional capital may expose us to risks, including the typical risks associated with leverage.

Because we finance our investments with borrowed money, the potential for gain or loss on amounts invested in us is magnified and may increase the risk of investing in us.

Because we use debt to finance our investments, changes in interest rates will affect our cost of capital and net investment income.

Adverse developments in the credit markets may impair our ability to borrow money.

Most of our portfolio investments are recorded at fair value as determined in good faith by our board of directors and, as a result, there may be uncertainty as to the value of our portfolio investments.

Our ability to enter into transactions with our affiliates will be restricted, which may limit the scope of investments available to us.

The involvement of our interested directors in the valuation process may create conflicts of interest.

There are conflicts related to other arrangements with Stellus Capital Management.

If we fail to maintain our status as a BDC, our business and operating flexibility could be significantly reduced.

S-6

TABLE OF CONTENTS

Pending legislation may allow us to incur additional leverage.

The effect of global climate change may impact the operations of our portfolio companies.

Existing stockholders may incur dilution if, in the future, we sell shares of our common stock in one or more offerings at prices below the then current net asset value per share of our common stock.

Conflicts of Interests

We may have conflicts of interest arising out of the investment advisory activities of Stellus Capital Management, including those described below.

Our investment strategy includes investments in secured debt (including first lien, second lien and unitranche) and mezzanine debt (including senior unsecured and subordinated debt), as well as related equity securities of private middle-market companies. Stellus Capital Management also manages, and in the future may manage, other investment funds, accounts or investment vehicles that invest or may invest in assets eligible for purchase by us. For example, Stellus Capital Management currently manages private credit funds that have an investment strategy that is identical to our investment strategy. Stellus Capital Management also provides non-discretionary advisory services to the D. E.

Shaw group, pursuant to sub-advisory arrangements, with respect to a private investment fund and a strategy of a private multi-strategy investment fund (collectively with the D. E. Shaw group fund, the D. E. Shaw group funds) to which the D. E. Shaw group serves as investment adviser that have an investment strategy similar to our investment strategy. Our investment policies, fee arrangements and other circumstances may vary from those of other investment funds, accounts or investment vehicles managed by Stellus Capital Management.

We have received exemptive relief from the SEC to co-invest with investment funds managed by Stellus Capital Management (other than the D. E. Shaw group funds, where doing so is consistent with our investment strategy as well as applicable law (including the terms and conditions of the exemptive order issued by the SEC). Under the terms of the relief permitting us to co-invest with other funds managed by Stellus Capital Management, a required majority (as defined in Section 57(o) of the 1940 Act) of our independent directors must make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching of us or our stockholders on the part of any person concerned and (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objectives and strategies. We intend to co-invest, subject to the conditions included in the exemptive order we received from the SEC, with the private credit funds managed by Stellus Capital Management that have an investment strategy that is identical to our investment strategy. We believe that such co-investments may afford us additional investment opportunities and an ability to achieve greater diversification.

In the course of our investing activities, we pay management and incentive fees to Stellus Capital Management. We have entered into an investment advisory agreement with Stellus Capital Management that provides that these fees are based on the value of our gross assets. Because these fees are based on the value of our gross assets, Stellus Capital Management will benefit when we incur debt or use leverage. This fee structure may encourage Stellus Capital Management to cause us to borrow money to finance additional investments. Our board of directors is charged with protecting our interests by monitoring how Stellus Capital Management addresses these and other conflicts of interests associated with its management services and compensation. While our board of directors is not expected to review or approve each investment decision, borrowing or incurrence of leverage, our independent directors will periodically review Stellus Capital Management's services and fees as well as its portfolio management decisions and portfolio performance. See Risk Factors The incentive fee structure we have with Stellus Capital Management may create incentives that are not fully aligned with the interests of our stockholders in the accompanying prospectus.

TABLE OF CONTENTS

Stellus Capital Management may from time to time incur expenses in connection with investments to be made on our behalf and on behalf of other investment funds, accounts and investment vehicles managed by Stellus Capital Management. Stellus Capital Management will allocate such expenses on a pro rata basis according to the participation in a transaction, subject to oversight by our board of directors.

Corporate Information

Our principal executive offices are located at 4400 Post Oak Parkway, Suite 2200, Houston, TX 77027, and our telephone number is (713) 292-5400. We maintain a website located at www.stelluscapital.com (under the Public Investors section). Information on our website is not incorporated into or a part of this prospectus or any accompanying prospectus supplement and you should not consider information on our website to be part of this prospectus or any accompanying prospectus.

We are an emerging growth company, as defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. As an emerging growth company, we may take advantage of specified reduced disclosure and other requirements that are otherwise applicable generally to public companies. We will remain an emerging growth company until the earlier of (a) the last day of the fiscal year (i) following the fifth anniversary of the completion of our initial public offering on November 13, 2012, (ii) in which we have total annual gross revenue of at least \$1.0 billion, or (iii) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30th, and (b) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

Recent Developments

Investment Portfolio

On January 5, 2017, we sold our position in Securus Technologies Holdings, Inc for proceeds of \$8.4 million. We realized a loss of \$41 thousand upon the sale.

On January 25, 2017, we received full repayment on the first lien term loan of Momentum Telecom, Inc for proceeds of \$15.3 million, including a \$0.2 million premium.

On February 1, 2017, our first lien term loan in Glori Energy Production, Inc was converted to an equity position at par equal to \$1.7 million.

On February 3, 2017, we invested \$6.3 million in the unsecured term loan of Time Manufacturing, Inc, a global manufacturer of vehicle-mounted aerial lift equipment. Additionally, we invested \$0.5 million in the equity of the company.

On February 8, 2017, we received full repayment on the second lien term loan of MTC Intermediate Holdco for proceeds of \$10.4 million, including a \$0.1 million prepayment fee. Additionally, we received a distribution of \$0.7 million, which is classified as a return of capital for the equity in MTC Parent, LP.

On March 1, 2017, we received full repayment on the first lien term loan of 360 Holdings Corp for proceeds of \$4.0 million.

On March 27, 2017, we invested \$5.0 million in the second lien term loan of Beneplace, LLC, an employee voluntary benefit program management company. Additionally, we invested \$0.5 million in the equity of the company.

On March 31, 2017, we invested \$10.0 million in the second lien term loan of National Trench Safety, LLC, a servicer of the trench and trench safety industry. Additionally, we invested \$0.5 million in the equity of the company.

Credit Facility

The outstanding balance under the Credit Facility as of March 31, 2017 was \$195.0 million.

S-8

TABLE OF CONTENTS

THE OFFERING

Common stock offered by us	3,000,000 shares
Common stock outstanding prior to this offering	12,479,959 shares
Common stock to be outstanding after this offering	15,479,959 shares (assuming no exercise of the underwriters' option to purchase additional shares)

Use of proceeds

The net proceeds from this offering (without exercise of the option to purchase additional shares and after deducting estimated expenses payable by us of approximately \$135,000) will be \$. See "Use of Proceeds" in this prospectus supplement for more information.

Distributions

We pay monthly distributions to our stockholders out of assets legally available for distribution. Our monthly distributions, if any, will be determined by our board of directors.

Taxation

We have elected to be treated for U.S. federal income tax purposes as a RIC. As a RIC, we generally will not have to pay corporate-level U.S. federal income taxes on any net ordinary income or capital gains that we distribute to our stockholders. To maintain our qualification as a RIC and the associated tax benefits, we must meet specified source-of-income and asset diversification requirements and distribute annually at least 90% of our net ordinary income and net short-term capital gains, if any, in excess of our net long-term capital losses. See "Distributions" and "Material U.S. Federal Income Tax Considerations" in the accompanying prospectus.

New York Stock Exchange symbol

SCM

Trading at a discount

Shares of closed-end investment companies, including BDCs, frequently trade in the secondary market at a discount to their net asset values. The risk that our shares may trade at a discount to our net asset value is separate and distinct from the risk that our net asset value per share may decline. We cannot predict whether our shares will trade above, at or below net asset value. See "Risk Factors" beginning on page 17 of the accompanying prospectus for a discussion of risks you should carefully consider before deciding to invest in shares of our common stock.

Leverage

We expect to continue to use borrowed funds in order to make additional investments. We expect to use this practice, which is known as leverage, when the terms and conditions are favorable to long-term investing and well aligned with our investment strategy and portfolio composition in an effort to increase returns to our stockholders, but this strategy involves significant risks. See "Risk Factors" beginning on page 17 of the accompanying prospectus. With certain limited exceptions, we are only allowed to borrow amounts such that our asset coverage, as defined in the 1940 Act, is at least 200% immediately after each such borrowing. The amount of

S-9

TABLE OF CONTENTS

leverage that we employ will depend on Stellus Capital Management's and our board of directors' assessment of market and other factors at the time of any proposed borrowing.

Our current borrowings include:

our 6.50% Notes due 2019, of which \$25.0 million were outstanding as of March 31, 2017;

our \$195.0 million Credit Facility, of which \$116.0 million was outstanding as of March 31; and

our SBA-Guaranteed debentures, of which \$65.0 million were outstanding as of March 31, 2017.

Risk Factors

See **Risk Factors** beginning on page 17 of the accompanying prospectus for a discussion of risks you should carefully consider before deciding to invest in shares of our common stock.

S-10

TABLE OF CONTENTS**FEES AND EXPENSES**

The following table is intended to assist you in understanding the costs and expenses that an investor in our common stock will bear directly or indirectly. We caution you that some of the percentages indicated in the table below are estimates and may vary. Moreover, the information set forth below does not include any transaction costs and expenses that investors will incur in connection with each offering of our securities pursuant to this prospectus supplement. Except where the context suggests otherwise, whenever this prospectus supplement contains a reference to fees or expenses paid by us or that we will pay fees or expenses, common stockholders will indirectly bear such fees or expenses.

Stockholder Transaction Expenses:

Sales load (as a percentage of offering price)	% (1)
Offering expenses (as a percentage of offering price)	% (2)
Dividend reinvestment plan expenses	(3)
Total Stockholder Transaction Expenses (as a percentage of offering price)	%

Annual Expenses (as percentage of net assets attributable to common stock):

Base management fees	3.77% (4)
Incentive fees payable under the investment advisory agreement	2.56% (5)
Interest payments on borrowed funds	4.13% (6)
Other expenses	2.84% (7)
Total annual expenses	13.30 %

Represents the commission with respect to the shares of common stock being sold in this offering. There is no (1) guarantee that there will be any sales of our common stock pursuant to this prospectus supplement and the accompanying prospectus.

(2) The percentage reflects estimated offering expenses of approximately \$135,000.

(3) The expenses of the dividend reinvestment plan are included in Other expenses.

Our base management fee, payable quarterly in arrears, is 1.75% of our gross assets, including assets purchased with borrowed amounts or other forms of leverage (including traditional and effective leverage such as preferred (4) stock, public and private debt issuances, derivative instruments, repurchase agreements and other similar instruments or arrangements) and excluding cash and cash equivalents and is based on the base management fee incurred for the year ended December 31, 2016.

(5) This item represents the incentive fee payable to Stellus Capital Management based on the actual amounts earned on our pre-incentive fee net investment income for the year ended December 31, 2016.

The incentive fee consists of two components, ordinary income and capital gains:

The ordinary income component, which is payable quarterly in arrears, equals 20.0% of the excess, if any, of our pre-incentive fee net investment income over a 2.0% quarterly (8.0% annualized) hurdle rate, expressed as a rate of return on the value of our net assets attributable to our common stock, and a catch-up provision, measured as of the end of each calendar quarter. Under this provision, in any calendar quarter, our investment adviser receives no incentive fee until our net investment income equals the hurdle rate of 2.0% but then receives, as a catch-up, 100% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 2.5% subject to a total return requirement and deferral of non-cash amounts. The effect of the catch-up provision is that, subject to the total return and deferral provisions discussed below, if pre-incentive fee net investment income exceeds 2.5% in any calendar quarter, Stellus Capital Management will receive 20.0% of our pre-incentive fee net investment income as if a hurdle rate did not apply. The

ordinary income component of the incentive fee is computed on income that may include interest that is accrued but not yet received in cash. The foregoing ordinary income component of the incentive fee is subject to a total return requirement, which provides that no incentive fee in respect of the Company's pre-incentive fee net investment income is payable except to the extent 20.0% of the cumulative net increase in net assets resulting from operations (as defined below) over the then current and 11 preceding calendar quarters exceeds the cumulative incentive fees accrued and/or paid for the 11 preceding calendar quarters. In other words, any ordinary income incentive fee that is payable in a calendar quarter will be limited to the lesser of (i) 20.0% of the amount by which our pre-incentive fee net investment income for such calendar quarter exceeds the 2.0% hurdle, subject to the catch-up provision, and

TABLE OF CONTENTS

(ii) (x) 20.0% of the cumulative net increase in net assets resulting from operations for the then current and 11 preceding calendar quarters *minus* (y) the cumulative incentive fees accrued and/or paid for the 11 preceding calendar quarters. For the foregoing purpose, the cumulative net increase in net assets resulting from operations is the sum of pre-incentive fee net investment income, realized gains and losses and unrealized appreciation and depreciation of the Company for the then current and 11 preceding calendar quarters. In addition, the portion of such incentive fee that is attributable to deferred interest (sometimes referred to as PIK or original issue discount, or OID) will be paid to Stellus Capital Management, together with interest thereon from the date of deferral to the date of payment, only if and to the extent we actually receive such interest in cash, and any accrual thereof will be reversed if and to the extent such interest is reversed in connection with any write-off or similar treatment of the investment giving rise to any deferred interest accrual. Any reversal of such accounts would reduce net income for the quarter by the net amount of the reversal (after taking into account the reversal of incentive fees payable) and would result in a reduction and possibly elimination of the incentive fees for such quarter. There is no accumulation of amounts on the hurdle rate from quarter to quarter, and accordingly, there is no clawback of amounts previously paid if subsequent quarters are below the quarterly hurdle, and there is no delay of payment if prior quarters are below the quarterly hurdle.

The capital gains component of the incentive fee equals 20.0% of our Incentive Fee Capital Gains, if any, which equals our aggregate cumulative realized capital gains from inception through the end of each calendar year, computed net of our aggregate cumulative realized capital losses and our aggregate cumulative unrealized capital depreciation, less the aggregate amount of any previously paid capital gain incentive fees. The second component of the incentive fee is payable, in arrears, at the end of each calendar year (or upon termination of the investment advisory agreement, as of the termination date). We will record an expense accrual relating to the capital gains component of the incentive fee payable by us to Stellus Capital Management when the net unrealized gains on our investments exceed all realized capital losses on our investments given the fact that a capital gains incentive fee would be owed to Stellus Capital Management if we were to liquidate our investment portfolio at such time. The actual incentive fee payable to our investment adviser related to capital gains is determined and payable in arrears at the end of each fiscal year and includes only realized capital gains for the period. See Management Agreements Management Fee and Incentive Fee in the accompanying prospectus.

Stellus Capital Management has agreed to permanently waive any interest accrued on the portion of the incentive fee attributable to deferred interest (such as PIK interest or OID).

(6) Interest payments on borrowed funds represent our estimated annual interest payments based on the actual interest expense incurred under our Credit Facility and the Notes for the year ended December 31, 2016, and annualized for a full year. As of December 31, 2016, we had \$116 million outstanding under the Credit Facility, with capacity to borrow up to an aggregate of \$79 million, \$25.0 million of Notes outstanding and \$65.0 million in SBA-guaranteed debentures. For the year ended December 31, 2016, our interest expense was \$8.0 million. Interest expense is calculated based upon the amounts outstanding on our Credit Facility at December 31, 2016, bearing interest at a weighted average interest rate of 3.2%, amounts outstanding on our notes payable at an interest rate of 6.50% and our SBA-guaranteed debentures bearing interest at a weighted average interest rate of 2.9%, each as of December 31, 2016. Non-use commitment fees of 0.50% related to our Credit Facility is based upon unused commitments as of December 31, 2016. The amount of leverage that we employ, and our interest expenses on such leverage, at any particular time will depend on, among other things, our board of directors assessment of market and other factors at the time of any proposed borrowing.

(7) Includes our overhead expenses, including payments under the administration agreement based on our allocable portion of overhead and other expenses incurred by Stellus Capital Management. See Management Agreements Administration Agreement in the accompanying prospectus.

Example

The following example demonstrates the projected dollar amount of total cumulative expenses over various periods with respect to a hypothetical investment in us. In calculating the following expense amounts, we have assumed that our annual operating expenses would remain at the levels set forth in the table above.

1	3	5	10
Year	Years	Years	Years
\$	\$	\$	\$

You would pay the following expenses on a \$1,000 investment, assuming a 5% annual return

While the example assumes, as required by the SEC, a 5% annual return, our performance will vary and may result in a return greater or less than 5%. The incentive fee under the investment management agreement, which, assuming a 5% annual return, would either not be payable or would have a de minimis effect, is not included in the example. If we achieve sufficient returns on our investments, including through the realization of capital gains, to trigger an incentive fee of a

S-12

TABLE OF CONTENTS

material amount, our expenses, and returns to our investors, would be higher. For example, if we assumed that we received our 5.0% annual return completely in the form of net realized capital gains on our investments, which results in a capital gains incentive fee earned, the projected dollar amount of total cumulative expenses set forth in the above illustration and the capital gains incentive fee would be as follows:

	1	3	5	10
	Year	Years	Years	Years
You would pay the following expenses on a \$1,000 investment, assuming a 5% annual return	\$	\$	\$	\$

While the examples assume reinvestment of all distributions at net asset value, participants in our dividend reinvestment plan will receive a number of shares of our common stock, determined by dividing the total dollar amount of the distribution payable to a participant by (a) 95% of the market price per share of our common stock at the close of trading on the payment date fixed by our board of directors or (b) the average purchase price of all shares of common stock purchased by the administrator of the dividend reinvestment plan in the event shares are purchased in the open market to satisfy the share requirements of the dividend reinvestment plan, which may be at, above or below net asset value.

This example and the expenses in the table above should not be considered a representation of our future expenses, and actual expenses (including the cost of debt, if any, and other expenses) may be greater or less than those shown.

TABLE OF CONTENTS

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the statements in this prospectus supplement and the accompanying prospectus constitute forward-looking statements, which relate to future events or our future performance or financial condition. The forward-looking statements contained in this prospectus supplement and the accompanying prospectus may include, but are not limited to, statements as to:

our future operating results;
our business prospects and the prospects of our portfolio companies;
the effect of investments that we expect to make;
our contractual arrangements and relationships with third parties;
actual and potential conflicts of interest with Stellus Capital Management;
the dependence of our future success on the general economy and its effect on the industries in which we invest;
the ability of our portfolio companies to achieve their objectives;
the use of borrowed money to finance a portion of our investments;
the adequacy of our financing sources and working capital;
the timing of cash flows, if any, from the operations of our portfolio companies;
the ability of Stellus Capital Management to locate suitable investments for us and to monitor and administer our investments;
the ability of Stellus Capital Management to attract and retain highly talented professionals;
our ability to qualify and maintain our qualification as a RIC and as a business development company; and
the effect of future changes in laws or regulations (including the interpretation of these laws and regulations by regulatory authorities) and conditions in our operating areas, particularly with respect to business development companies or RICs.

Such forward-looking statements may include statements preceded by, followed by or that otherwise include the words may, might, will, intend, should, could, can, would, expect, believe, estimate, anticipate or similar words.

We have based the forward-looking statements included in this prospectus supplement and the accompanying prospectus on information available to us on the date of this prospectus supplement and the accompanying prospectus and we assume no obligation to update any such forward-looking statements. Actual results could differ materially from those anticipated in our forward-looking statements, and future results could differ materially from historical performance. We undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, unless required by law or SEC rule or regulation. You are advised to consult any additional disclosures that we may make directly to you, including in the form of a prospectus supplement or post-effective amendment to the registration statement to which this prospectus relates, or through reports that we in the future may file with the SEC, including annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K.

You should understand that, under Sections 27A(b)(2)(B) of the Securities Act of 1933, as amended, or the Securities Act, and Section 21E(b)(2)(B) of the Securities Exchange Act of 1934, the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 do not apply to statements made in connection with any offering of securities pursuant to this prospectus supplement and the accompanying prospectus, if any.

TABLE OF CONTENTS

USE OF PROCEEDS

The net proceeds from the sale of the 3,000,000 shares of common stock in this offering are \$, and \$ if the underwriter's option to purchase additional shares is exercised in full, after deducting the underwriting discount and estimated offering expenses payable by us.

We intend to use the net proceeds from this offering to capitalize our SBIC subsidiary and/or to repay a portion of the amount outstanding under the Credit Facility, for general corporate purposes, which may include investing in debt or equity securities, and other general corporate purposes, including working capital requirements.

As of March 31, 2017, our SBIC subsidiary had \$38.0 million in regulatory capital of a maximum of \$75.0 million. As of December 31, 2016, our SBIC subsidiary had \$65.0 million in SBA-guaranteed debentures outstanding, which approximated their fair value. The additional commitments to our SBIC subsidiary would allow it to borrow an additional \$85.0 million.

As of March 31, 2017, we had \$195.0 million outstanding under the Credit Facility. The Credit Facility has a maturity date of October 1, 2018. Borrowings under the Credit Facility bear interest, subject to our election, on a per annum basis equal to (i) LIBOR plus 2.625% with no LIBOR floor or (ii) 1.625% plus an alternate base rate based on the highest of the Prime Rate, Federal Funds Rate plus 0.5% or one month LIBOR plus 1.0%. We pay unused commitment fees of 0.50% per annum on the unused lender commitments under the Credit Facility. Interest is payable quarterly in arrears. Pending such use, we will invest the net proceeds of this offering primarily in short-term securities consistent with our BDC election and our qualification as a RIC for U.S. federal income tax purposes. See Regulation Temporary Investments in the accompanying prospectus.

We intend to seek to invest the net proceeds received in this offering as promptly as practicable after receipt thereof consistent with our investment objective. We anticipate that substantially all of the net proceeds from this offering of our securities will be used as described above within three to six months, depending on market conditions. We anticipate that the remainder will be used for working capital and general corporate purposes, including potential payments or distributions to shareholders. Pending such use, we will invest a portion of the net proceeds of this offering in short-term investments, such as cash and cash equivalents, which we expect will earn yields substantially lower than the interest income that we anticipate receiving in respect of investments in accordance with our investment objective.

S-15

TABLE OF CONTENTS**CAPITALIZATION**

The following table sets forth our capitalization as of December 31, 2016:

on an actual basis; and

on an as further adjusted basis giving effect to the assumed sale of 3,000,000 shares of our common stock at a price of \$ per share, less commissions and expenses, and the application of the proceeds thereof.

This table should be read in conjunction with our Management's Discussion and Analysis of Financial Condition and Results of Operations and our financial statements and notes thereto included in this prospectus supplement and the accompanying prospectus.

	As of December 31, 2016	
	Actual	As Adjusted (1) (Unaudited)
	(in thousands, except shares and per share amounts)	
Assets		
Cash and cash equivalents	\$9,194	\$
Investments, at fair value	\$365,626	\$ 365,626
Other assets	\$5,059	\$ 5,059
Total assets	\$379,879	\$
Liabilities:		
6.50% Notes due 2019	\$24,566	\$ 24,566
Credit Facility (1)	\$115,171	\$
SBA-Guaranteed debentures	\$63,342	\$ 63,342
Other liabilities	\$5,918	\$ 5,918
Total liabilities	\$208,997	\$
Stockholders' equity:		
Common stock, par value \$0.001 per share (100,000,000 shares authorized; 12,479,959 shares issued and outstanding, actual; 15,479,959 ⁽²⁾ shares issued and outstanding, as adjusted)	\$12	\$
Paid-in capital in excess of par value	\$180,995	\$
Accumulated undistributed net realized gain	\$(13,090)	\$(13,090)
Distributions in excess of net investment income	\$(436)	\$(436)
Unrealized appreciation (depreciation) on investments and cash equivalents	\$3,400	\$ 3,400
Total stockholders' equity	\$170,882	\$
Total liabilities and stockholders' equity	\$379,879	\$
Net asset value per share	\$13.69	\$

As of March 31, 2017, we had approximately \$195.0 million outstanding under our Credit Facility outstanding.

(1) This table has not been adjusted to reflect the changes in our outstanding borrowings under the Credit Facility subsequent to December 31, 2016.

(2) Excludes up to 450,000 shares of our common stock issuable upon exercise of the underwriters' option to purchase additional shares.

TABLE OF CONTENTS

UNDERWRITING

Under the terms and subject to the conditions contained in an underwriting agreement dated April 10, 2017, the underwriters named below, for whom Raymond James & Associates, Inc. and Keefe, Bruyette & Woods, Inc. are acting as representatives, have severally agreed to purchase, and we have agreed to sell to them, the number of shares of common stock indicated below:

Underwriter	Number of Shares
Raymond James & Associates, Inc.	
Keefe Bruyette & Woods, Inc.	
Total	3,000,000

The underwriting agreement provides that the obligations of the underwriters to pay for and accept delivery of the shares of common stock offered hereby are subject to the approval of certain legal matters by their counsel and to certain other conditions. The underwriters are severally obligated to take and pay for all shares of common stock offered hereby (other than those covered by the underwriters' option to purchase additional shares described below) if any such shares are taken. The offering of the common stock by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part. We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act.

Our common stock is listed on the New York Stock Exchange under the symbol **SCM**.

The underwriters are purchasing the shares of common stock from us at \$ **1.00** per share (representing approximately \$ **3.00** million aggregate proceeds to us, before we deduct our aggregate out-of-pocket expenses of approximately \$ **0.50** million, or approximately \$ **2.50** million if the underwriters' option to purchase additional shares described below is exercised in full).

Option to Purchase Additional Shares

We have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to an aggregate of 450,000 additional shares of common stock at the price set forth on the cover page of this prospectus supplement. To the extent such option is exercised, each underwriter will become obligated, subject to certain conditions, to purchase approximately the same percentage of such additional shares of common stock as the number set forth next to such underwriter's name in the preceding table bears to the total number of shares set forth next to the names of all underwriters in the preceding table.

Lock-Up Agreements

We, and our executive officers and directors, have agreed, subject to certain exceptions, not to issue, sell, offer to sell, contract or agree to sell, hypothecate, pledge, transfer, grant any option to purchase, establish an open put equivalent position or otherwise dispose of or agree to dispose of directly or indirectly, any shares of our common stock, or any securities convertible into or exercisable or exchangeable for any shares of our common stock or any right to acquire shares of our common stock, for 90 days from the date of this prospectus supplement, subject to extension upon material announcements or earnings releases. The representatives, at any time and without notice, may release all or any portion of the common stock subject to the foregoing lock-up agreements.

Price Stabilization, Short Positions and Penalty Bids

In connection with this offering, the underwriters may purchase and sell shares of our common stock in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions.

An over-allotment involves syndicate sales of shares in excess of the number of shares to be purchased by the underwriters in the offering, which

S-17

TABLE OF CONTENTS

creates a syndicate short position. Syndicate covering transactions involve purchases of shares in the open market after the distribution has been completed in order to cover syndicate short positions.

Stabilizing transactions consist of some bids or purchases of shares of our common stock made for the purpose of preventing or slowing a decline in the market price of the shares while the offering is in progress.

In addition, the underwriters may impose penalty bids, under which they may reclaim the selling concession from a syndicate member when the shares of our common stock originally sold by that syndicate member are purchased in a stabilizing transaction or syndicate covering transaction to cover syndicate short positions.

Similar to other purchase transactions, these activities may have the effect of raising or maintaining the market price of the common stock or preventing or slowing a decline in the market price of the common stock. As a result, the price of the common stock may be higher than the price that might otherwise exist in the open market. Except for the sale of shares of our common stock in this offering, the underwriters may carry out these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise.

Neither the underwriters nor we make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the shares. In addition, neither the underwriters nor we make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Selling Restrictions

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a Relevant Member State) with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the Relevant Implementation Date) an offer of shares may not be made to the public in that Relevant Member State other than:

- (a) to any legal entity which is a qualified investor as defined in the Prospectus Directive; to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representative of the several underwriters; or
- (b) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of shares of our common stock shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an offer of shares to the public in relation to any shares of our common stock in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares of our common stock to be offered so as to enable an investor to decide to purchase or subscribe for any shares of our common stock, as the same may be varied in that Relevant Member State by any measure implementing the Prospectus Directive in that Relevant Member State. The expression Prospectus Directive means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive to the extent implemented in the Relevant Member State) and includes any relevant implementing measure

in each Relevant Member State and the expression 2010 PD Amending Directive means Directive 2010/73/EU.

S-18

TABLE OF CONTENTS

The sellers of shares of our common stock have not authorized and do not authorize the making of any offer of shares of our common stock through any financial intermediary, other than offers made by the underwriters with a view to underwriting the shares of our common stock as contemplated in this prospectus supplement and the accompanying prospectus. Accordingly, no purchaser of shares of our common stock, other than the underwriters, is authorized to make any further offer of shares of our common stock on behalf of the sellers or the underwriters.

United Kingdom

Each underwriter has represented and agreed that:

- it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 (a) (FSMA) with respect to anything done by it in relation to the shares of common stock in, from or otherwise involving the United Kingdom; and
- it will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (b) (within the meaning of Section 21 of the FSMA) received by it in connection with the issue and sale of such shares of common stock in circumstances in which Section 21(1) of the FSMA does not apply to us.

Japan

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

Hong Kong

The shares may not be offered or sold by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (ii) to professional investors within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a prospectus within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the shares may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to shares which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Singapore

This prospectus supplement and the accompanying prospectus have not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the shares may not be circulated or distributed, nor may the shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the

Securities and Futures Act, Chapter 289 of Singapore (the SFA), (ii) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of,

S-19

TABLE OF CONTENTS

any other applicable provision of the SFA. Where the shares are subscribed or purchased under Section 275 of the SFA by a relevant person which is: (a) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (b) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries' rights and interest in that trust will not be transferable for six months after that corporation or that trust has acquired the shares under Section 275 of the SFA except: (1) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A) of the SFA and in accordance with the conditions specified in Section 275 of the SFA; (2) where no consideration is given for the transfer; or (3) by operation of law.

Conflicts of Interest

An affiliate of Keefe, Bruyette & Woods, Inc., an underwriter in this offering, acts as a lender and/or agent under the Credit Facility. Certain of the net proceeds from the sale of our common stock, not including underwriting compensation, may be paid to such affiliate of Keefe, Bruyette & Woods, Inc. in connection with the repayment of debt owed under the Credit Facility. As a result, Keefe, Bruyette & Woods, Inc. and/or its affiliate may receive more than 5% of the net proceeds of this offering, not including underwriting compensation.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. The underwriters and/or their affiliates from time to time provide and may in the future provide investment banking, commercial banking and financial advisory services to us, for which they have received and may receive customary compensation.

In the ordinary course of their various business activities, the underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to our assets, securities and/or instruments (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with us. The underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments. In addition, the underwriters and/or their affiliates may from time to time refer investment banking clients to us as potential portfolio investments. If we invest in those clients, we may utilize net proceeds from this offering to fund such investments, and the referring underwriter or its affiliate may receive placement fees from its client in connection with such financing, which placement fees may be paid out of the amount funded by us.

The addresses of the underwriters are: Raymond James & Associates, Inc., 880 Carillon Parkway, St. Petersburg, Florida 33716; Keefe, Bruyette & Woods, Inc. 787 7th Avenue, 4th Floor, New York, NY 10019.

TABLE OF CONTENTS

LEGAL MATTERS

Certain legal matters regarding the shares of common stock offered by this prospectus will be passed upon for us by Eversheds Sutherland (US) LLP, Washington, DC 20001. Certain legal matters in connection with the offering will be passed upon for the underwriters by Morrison & Foerster LLP, New York, NY.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The financial statements and financial highlights of Stellus Capital Investment Corporation included in the accompanying prospectus and elsewhere in the registration statement have been so included in reliance upon the report of Grant Thornton LLP, independent registered public accountants, upon the authority of said firm as experts in giving said reports. Grant Thornton LLP's principal business address is 171 N. Clark Street, Chicago, Illinois, 60601.

AVAILABLE INFORMATION

We have filed with the SEC a registration statement on Form N-2, together with all amendments and related exhibits, under the Securities Act with respect to the shares of common stock offered by this prospectus supplement. The registration statement contains additional information about us and the shares of common stock being offered by this prospectus supplement.

We also file with or submit to the SEC annual, quarterly and current reports, proxy statements and other information meeting the informational requirements of the Exchange Act. You may inspect and copy these reports, proxy statements and other information, as well as the registration statement and related exhibits and schedules, at the SEC's Public Reference Room at 100 F Street, NE, Washington, D.C. 20549-0102. You may obtain information on the operation of the Public Reference Room by calling the SEC at (202) 551-8090.

We maintain a website at www.stelluscapital.com and make all of our annual, quarterly and current reports, proxy statements and other publicly filed information available, free of charge, on or through our website. Information contained on our website is not incorporated into this prospectus supplement or the accompanying prospectus, and you should not consider information on our website to be part of this prospectus supplement or the accompanying prospectus. You may also obtain such information by contacting us in writing at 4400 Post Oak Parkway, Suite 2200, Houston, TX 77027, Attention: Investor Relations. The SEC maintains a website that contains reports, proxy and information statements and other information we file with the SEC at www.sec.gov. Copies of these reports, proxy and information statements and other information may also be obtained, after paying a duplicating fee, by electronic request at the following e-mail address: publicinfo@sec.gov, or by writing the SEC's Public Reference Section, 100 F Street, N.E., Washington, D.C. 20549-0102.

PROSPECTUS

Stellus Capital Investment Corporation

**Common Stock
Preferred Stock
Subscription Rights
Debt Securities
Warrants**

We may offer, from time to time in one or more offerings, up to \$200,000,000 of our common stock, preferred stock, subscription rights, debt securities or warrants to purchase common stock, preferred stock or debt securities, which we refer to, collectively, as the securities. Our securities may be offered at prices and on terms to be disclosed in one or more supplements to this prospectus. You should read this prospectus and the applicable prospectus supplement carefully before you invest in our securities.

Our securities may be offered directly to one or more purchasers through agents designated from time to time by us, or to or through underwriters or dealers. The prospectus supplement relating to the offering will identify any agents or underwriters involved in the sale of our securities, and will disclose any applicable purchase price, fee, commission or discount arrangement between us and our agents or underwriters or among our underwriters or the basis upon which such amount may be calculated. See Plan of Distribution. We may not sell any of our securities through agents, underwriters or dealers without delivery of a prospectus supplement describing the method and terms of the offering of such securities.

We are an externally managed, closed-end, non-diversified management investment company that has elected to be regulated as a business development company under the Investment Company Act of 1940, as amended, or the 1940 Act. Our investment objective is to maximize the total return to our stockholders in the form of current income and capital appreciation. The companies in which we invest are typically highly leveraged, and, in most cases, our investments in such companies will not be rated by national rating agencies. If such investments were rated, we believe that they would likely receive a rating below investment grade (i.e., below BBB or Baa), which are often referred to as junk.

We are an emerging growth company under the Jumpstart Our Business Startups Act of 2012 and are subject to reduced public company reporting requirements. We will no longer qualify as an emerging growth company beginning with our fiscal year ending December 31, 2017.

On March 29, 2017, the last reported sale price of our common stock on the New York Stock Exchange was \$14.26. We are required to determine the net asset value per share of our common stock on a quarterly basis. On December 31, 2016, our net asset value per share was \$13.69.

Shares of closed-end investment companies, including business development companies, frequently trade at a discount to their net asset value. If our shares trade at a discount to our net asset value, it will likely increase

the risk of loss for purchasers in this offering. We are not generally able to issue and sell our common stock at a price below net asset value per share. We may, however, sell our common stock, or warrants, options or rights to acquire our common stock, at a price below then-current net asset value per share of our common stock if our board of directors determines that such sale is in our best interests, and if our stockholders approve such sale. We did not seek such approval at the 2016 Annual Meeting of Stockholders, however, we intend to seek such stockholder approval at our 2017 annual meeting of stockholders, which is expected to be held on May 24, 2017. If we receive such stockholder approval, our stockholders may or may not specify a maximum discount below net asset value at which we are able to issue our common stock, although the number of shares sold in each offering may not exceed 25% of our outstanding common stock immediately prior to such sale. We cannot issue shares of our common stock below net asset value unless our board of directors determines that it would be in our and our stockholders' best interests to do so. Sales of common stock at prices below net asset value per share dilute the interests of existing stockholders, have the effect of reducing our net asset value per share and may reduce our market price per share. In addition, continuous sales of common stock below net asset value may have a negative impact on total returns and could have a negative impact on the market price of our shares of common stock. See **Sales of Common Stock Below Net Asset Value.**

Investing in our common stock involves a high degree of risk. Before buying any shares, you should read the discussion of the material risks of investing in our common stock in Risk Factors beginning on page 17 of this prospectus.

This prospectus and the accompanying prospectus supplement contain important information you should know before investing in our common stock. Please read this prospectus and the accompanying prospectus supplement before you invest and keep it for future reference. We file annual, quarterly and current reports, proxy statements and other information about us with the Securities and Exchange Commission, or SEC. The SEC also maintains a website at <http://www.sec.gov> that contains such information. This information is also available free of charge by contacting us at 4400 Post Oak Parkway, Suite 2200, Houston, TX 77027, Attention: Investor Relations, or by calling us collect at (713) 292-5400 or on our website at www.stelluscapital.com (under the Public Investors section). Information contained on our website is not incorporated by reference into this prospectus, and you should not consider that information to be part of this prospectus or the accompanying prospectus supplement.

The Securities and Exchange Commission has not approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is April 3, 2017

TABLE OF CONTENTS

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we have filed with the SEC using the shelf registration process. Under the shelf registration process, we may offer, from time to time, up to \$200,000,000 of our securities on terms to be determined at the time of the offering. This prospectus provides you with a general description of the securities that we may offer. Each time we use this prospectus to offer securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus. Please carefully read this prospectus and any accompanying prospectus supplement together with the additional information described under Risk Factors and Available Information before you make an investment decision.

No dealer, salesperson or other person is authorized to give any information or to represent anything not contained in this prospectus or any accompanying supplement to this prospectus. You must not rely on any unauthorized information or representations not contained in this prospectus or any accompanying prospectus supplement as if we had authorized it. This prospectus and any accompanying prospectus supplement do not constitute an offer to sell or a solicitation of any offer to buy any security other than the registered securities to which they relate, nor do they constitute an offer to sell or a solicitation of an offer to buy any securities in any jurisdiction to any person to whom it is unlawful to make such an offer or solicitation in such jurisdiction. The information contained in this prospectus and any accompanying prospectus supplement is accurate as of the dates on their covers. Our financial condition, results of operations and prospects may have changed since that date. To the extent required by law, we will amend or supplement the information contained in this prospectus and any accompanying prospectus supplement to reflect any material changes to such information subsequent to the date of the prospectus and any accompanying prospectus supplement and prior to the completion of any offering pursuant to the prospectus and any accompanying prospectus supplement.

TABLE OF CONTENTS

PROSPECTUS SUMMARY

This summary highlights some of the information in this prospectus. It is not complete and may not contain all of the information that you may want to consider. You should read the more detailed information set forth under Risk Factors and the other information included in this prospectus and any prospectus supplement carefully.

Except as otherwise indicated, the terms we, us, our, and the Company refer to Stellus Capital Investment Corporation; and Stellus Capital Management refers to our investment adviser and administrator, Stellus Capital Management, LLC.

Stellus Capital Investment Corporation

We are an externally managed, closed-end, non-diversified management investment company that has elected to be regulated as a business development company, or BDC, under the Investment Company Act of 1940, or the 1940 Act. We originate and invest primarily in private middle-market companies (typically those with \$5.0 million to \$50.0 million of EBITDA (earnings before interest, taxes, depreciation and amortization)) through first lien, second lien, unitranche and mezzanine debt financing, with corresponding equity co-investments. Unitranche debt is typically structured as first lien loans with certain risk characteristics of second lien debt. Mezzanine debt includes senior unsecured and subordinated loans.

Our investment activities are managed by our investment adviser, Stellus Capital Management, an investment advisory firm led by Robert T. Ladd and its other senior investment professionals. We source investments primarily through the extensive network of relationships that the senior investment professionals of Stellus Capital Management have developed with financial sponsor firms, financial institutions, middle-market companies, management teams and other professional intermediaries. The companies in which we invest are typically highly leveraged, and, in most cases, our investments in such companies will not be rated by national rating agencies. If such investments were rated, we believe that they would likely receive a rating which is often referred to as junk.

Our investment objective is to maximize the total return to our stockholders in the form of current income and capital appreciation. We seek to achieve our investment objective by:

- accessing the extensive origination channels that have been developed and established by the Stellus Capital Management investment team that include long-standing relationships with private equity firms, commercial banks, investment banks and other financial services firms;
- investing in what we believe to be companies with strong business fundamentals, generally within our core middle-market company focus;
- focusing on a variety of industry sectors, including business services, energy, general industrial, government services, healthcare, software and specialty finance;
- focusing primarily on directly originated transactions;
- applying the disciplined underwriting standards that the Stellus Capital Management investment team has developed over their extensive investing careers; and
- capitalizing upon the experience and resources of the Stellus Capital Management investment team to monitor our investments.

In addition, we received exemptive relief from the SEC to co-invest with investment funds managed by Stellus Capital Management where doing so is consistent with our investment strategy as well as applicable law (including the terms and conditions of the exemptive order issued by the SEC). Under the terms of the relief permitting us to co-invest with

other funds managed by Stellus Capital Management, a required majority (as defined in Section 57(o) of the 1940 Act) of our independent directors must make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching of us or our stockholders on the part of any person concerned and (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objectives and strategies. We intend to co-invest, subject to the conditions included in the exemptive order we received from

1

TABLE OF CONTENTS

the SEC, with private credit funds managed by Stellus Capital Management that have an investment strategy that is identical to our investment strategy. We believe that such co-investments may afford us additional investment opportunities and an ability to achieve greater diversification.

As a BDC, we are required to comply with regulatory requirements, including limitations on our use of debt. We are permitted to, and expect to continue to, finance our investments through borrowings. However, as a BDC, we are only generally allowed to borrow amounts such that our asset coverage, as defined in the 1940 Act, equals at least 200% after such borrowing. The amount of leverage that we employ will depend on our assessment of market conditions and other factors at the time of any proposed borrowing, such as the maturity, covenant package and rate structure of the proposed borrowings, our ability to raise funds through the issuance of our securities and the risks of such borrowings within the context of our investment outlook. Ultimately, we only intend to use leverage if the expected returns from borrowing to make investments will exceed the cost of such borrowings.

We have elected and qualified to be treated for federal income tax purposes as a regulated investment company, or RIC, under Subchapter M of the Internal Revenue Code, or the Code. As a RIC, we generally will not have to pay corporate-level federal income taxes on any net ordinary income or capital gains that we distribute to our stockholders if we meet certain source-of-income, distribution and asset diversification requirements.

SBIC License

Our wholly owned subsidiary holds a license to operate as a small business investment company, or SBIC. Our wholly-owned SBIC subsidiary's SBIC license allows it to obtain leverage by issuing SBA-guaranteed debentures up to a maximum of \$150 million under current SBIC regulations, subject to required capitalization of the SBIC subsidiary and other requirements. As of December 31, 2016, the SBIC subsidiary had \$38.0 million of regulatory capital as such term is defined by the SBA, and has received commitments from the SBA of \$65 million. As of December 31, 2016, the SBIC subsidiary had \$65 million of SBA-guaranteed debentures outstanding. The principal amount of SBA-guaranteed debentures is not required to be paid prior to maturity but may be prepaid at any time without penalty. The interest rate of SBA-guaranteed debentures is fixed at the time of issuance at a market-driven spread over U.S. Treasury Notes with ten-year maturities. We believe that the SBA-guaranteed debentures are an attractive source of debt capital.

We have received exemptive relief from the SEC to permit us to exclude the debt of our SBIC subsidiary guaranteed by the SBA from the definition of senior securities in the 200% asset coverage ratio we are required to maintain under the 1940 Act. The exemptive relief provides us with increased flexibility under the 200% asset coverage test by permitting us to borrow up to \$76.0 million (based on current regulatory capital, as such term is defined by the SBA, of \$38.0 million) more than we would otherwise be able to absent the receipt of this exemptive relief.

Portfolio Composition

Our investments generally range in size from \$5 million to \$30 million, and we may also selectively invest in larger positions, and we generally expect that the size of our positions will increase in proportion to the size of our capital base. Pending such investments, we may reduce our outstanding indebtedness or invest in cash, cash equivalents, U.S. government securities and other high-quality debt investments with a maturity of one year or less. In the future, we may adjust opportunistically the percentage of our assets held in various types of loans, our principal loan sources and the industries to which we have greatest exposure, based on market conditions, the credit cycle, available financing and our desired risk/return profile.

TABLE OF CONTENTS

The following table provides a summary of our portfolio investments as of December 31, 2016:

	As of December 31, 2016 (\$ in millions)
Number of portfolio companies	45
Fair value ^(a)	\$ 365.6
Cost	\$ 362.2
% of portfolio at fair value first lien debt ^(c)	31 %
% of portfolio at fair value second lien debt	45 %
% of portfolio at fair value mezzanine debt	19 %
% of portfolio at fair value equity	5 %
Weighted-average annual yield ^(b)	11.0 %

(a) As of December 31, 2016, \$266.1 million of our debt investments at fair value were at floating interest rates (subject to interest rate floors), which represented approximately 77% of our total portfolio of debt investments at fair value. As of December 31, 2016, \$80.6 million of our debt investments at fair value were at fixed interest rates, which represented approximately 23% of our total portfolio of debt investments at fair value.

(b) The weighted average yield on all of our debt investments as of December 31, 2016, was approximately 11.0%, of which approximately 10.5% was current cash interest. The weighted average yield of our debt investments is not the same as a return on investment for our stockholders but, rather, relates to a portion of our investment portfolio and is calculated before the payment of all of our and our subsidiaries' fees and expenses. The weighted average yield was computed using the effective interest rates for all of our debt investments, which represents the interest rate on our debt investment restated as an interest rate payable annually in arrears and is computed including cash and payment in kind, or PIK interest, as well as including accretion of original issue discount. There can be no assurance that the weighted average yield will remain at their current level.

(c) Includes unitranche investments, which account for 8% of our portfolio at fair value.

Leverage

Credit Facility. On November 7, 2012, we entered into a revolving credit facility (the *Credit Facility*) with various lenders. SunTrust Bank, one of the lenders, serves as administrative agent under the *Credit Facility*. The *Credit Facility*, as amended on November 21, 2014 and August 31, 2016, provides for borrowings in an aggregate amount of \$120.0 million on a committed basis with an accordion feature that allows us to increase the aggregate commitments up to \$195.0 million, subject to new or existing lenders agreeing to participate in the increase and other customary conditions. Borrowings under the *Credit Facility* bear interest, subject to our election, on a per annum basis equal to (i) LIBOR plus 2.625% with no LIBOR floor or (ii) 1.625% plus an alternate base rate based on the highest of the Prime Rate, Federal Funds Rate plus 0.5% or one month LIBOR plus 1.0%. We pay unused commitment fees of 0.50% per annum on the unused lender commitments under the *Credit Facility*. Interest is payable quarterly in arrears. Any amounts borrowed under the *Credit Facility* will mature, and all accrued and unpaid interest thereunder will be due and payable, on October 1, 2018.

6.50% Notes. On May 5, 2014, we closed a public offering of \$25.0 million in aggregate principal amount of 6.50% Notes (the *Notes*). The *Notes* mature on April 30, 2019, and may be redeemed in whole or in part at any time or from

time to time at our option on or after April 30, 2016. The Notes bear interest at a rate of 6.50% per year payable quarterly on February 15, May 15, August 15 and November 15, of each year. As of December 31, 2016, we had \$25.0 million in the Notes outstanding.

SBA-guaranteed Debentures. Due to the SBIC subsidiary's status as a licensed SBIC, we have the ability to issue debentures guaranteed by the SBA at favorable interest rates. As of December 31, 2016, the SBIC subsidiary had \$65.0 million of SBA-guaranteed debentures outstanding.

TABLE OF CONTENTS

Stellus Capital Management

Stellus Capital Management manages our investment activities and is responsible for analyzing investment opportunities, conducting research and performing due diligence on potential investments, negotiating and structuring our investments, originating prospective investments and monitoring our investments and portfolio companies on an ongoing basis.

The senior investment professionals of Stellus Capital Management have an average of over 27 years of investing, corporate finance, restructuring, consulting and accounting experience and have worked together at several companies. The Stellus Capital Management investment team has a wide range of experience in middle-market investing, including originating, structuring and managing loans and debt securities through market cycles. The Stellus Capital Management investment team continues to provide investment sub-advisory services to D. E. Shaw & Co., L.P. and its associated investment funds (the D. E. Shaw group) with respect to an approximately \$150 million investment portfolio (as of December 31, 2016) in middle-market companies pursuant to sub-advisory arrangements.

In addition to serving as our investment adviser and the sub-advisor to the D. E. Shaw group as noted above, Stellus Capital Management currently manages a private credit fund that has an investment strategy that is identical to our investment strategy and energy private equity funds. We received exemptive relief from the SEC to co-invest with investment funds managed by Stellus Capital Management (other than the D. E. Shaw group funds) where doing so is consistent with our investment strategy as well as applicable law (including the terms and conditions of the exemptive order issued by the SEC). We believe that such co-investments may afford us additional investment opportunities and an ability to achieve greater diversification. We will not co-invest with the energy private equity funds, as the energy private equity funds focus on predominantly equity-related investments, and we focus on predominantly credit-related investments.

Stellus Capital Management is headquartered in Houston, Texas, and also maintains an office in the Washington, D.C. area.

Market Opportunity

We originate and invest primarily in private middle-market companies through first lien, second lien, unitranche and mezzanine debt financing, often times with a corresponding equity investment. We believe the environment for investing in middle-market companies is attractive for several reasons, including:

Robust Demand for Debt Capital. We believe that private equity firms have significant committed but uncalled capital, a large portion of which is still available for investment in the United States. We expect the large amount of uninvested capital commitments will drive buyout activity over the next several years, which should, in turn, create lending opportunities for us. In addition to increased buyout activity, a high volume of senior secured and high yield debt was originated in the calendar years 2004 through 2007 and will come due in the near term and, accordingly, we believe that new financing opportunities will increase as many companies seek to refinance this indebtedness.

Reduced Availability of Capital for Middle-Market Companies. We believe there are fewer providers of, and less capital available for financing to middle-market companies, as compared to the time period prior to the recent economic downturn. We believe that, as a result of that downturn, many financing providers have chosen to focus on large, liquid corporate loans and managing capital markets transactions rather than lending to middle-market businesses. In addition, we believe recent regulatory changes, including the adoption of the Dodd-Frank Act and the introduction of the international capital and liquidity requirements under the Basel III Accords, or Basel III, have

caused banks to curtail their lending to middle-market-companies. As a result, we believe that less competition will facilitate higher quality deal flow and allow for greater selectivity throughout the investment process.

Attractive Deal Pricing and Structures. We believe that the pricing of middle-market debt investments is higher, and the terms of such investments are more conservative, compared to larger liquid, public debt financings, due to the more limited universe of lenders as well as the highly negotiated nature of these financings. These transactions tend to offer stronger covenant packages, higher interest rates, lower leverage

4

TABLE OF CONTENTS

levels and better call protection compared to larger financings. In addition, middle-market loans typically offer other investor protections such as default penalties, lien protection, change of control provisions and information rights for lenders.

Specialized Lending Requirements. Lending to middle-market companies requires in-depth diligence, credit expertise, restructuring experience and active portfolio management. We believe that several factors render many U.S. financial institutions ill-suited to lend to middle-market companies. For example, based on the experience of Stellus Capital Management's investment team, lending to middle-market companies in the United States (a) is generally more labor intensive than lending to larger companies due to the smaller size of each investment and the fragmented nature of the information available with respect to such companies, (b) requires specialized due diligence and underwriting capabilities, and (c) may also require more extensive ongoing monitoring by the lender. We believe that, through Stellus Capital Management, we have the experience and expertise to meet these specialized lending requirements.

Competitive Strengths

We believe that the following competitive strengths will allow us to achieve positive returns for our investors:

Experienced Investment Team. Through our investment adviser, Stellus Capital Management, we have access to the experience and expertise of the Stellus Capital Management investment team, including its senior investment professionals who have an average of over 27 years of investing, corporate finance, restructuring, consulting and accounting experience and have worked together at several companies. The Stellus Capital Management investment team has a wide range of experience in middle-market investing, including originating, structuring and managing loans and debt securities through market cycles. We believe the members of Stellus Capital Management's investment team are proven and experienced, with extensive capabilities in leveraged credit investing, having participated in these markets for the predominant portion of their careers. We believe that the experience and demonstrated ability of the Stellus Capital Management investment team to complete transactions enhances the quantity and quality of investment opportunities available to us.

Established, Rigorous Investment and Monitoring Process. The Stellus Capital Management investment team has developed an extensive review and credit analysis process. Each investment that is reviewed by Stellus Capital Management is brought through a structured, multi-stage approval process. In addition, Stellus Capital Management takes an active approach in monitoring all investments, including reviews of financial performance on at least a quarterly basis and regular discussions with management. Stellus Capital Management's investment and monitoring process and the depth and experience of its investment team should allow it to conduct the type of due diligence and monitoring that enables it to identify and evaluate risks and opportunities.

Demonstrated Ability to Structure Investments Creatively. Stellus Capital Management has the expertise and ability to structure investments across all levels of a company's capital structure. Furthermore, we believe that current market conditions will allow us to structure attractively priced debt investments and may allow us to incorporate other return-enhancing mechanisms such as commitment fees, original issue discounts, early redemption premiums, payment-in-kind, or PIK, interest or some form of equity securities.

Resources of Stellus Capital Management Platform. We have access to the resources and capabilities of Stellus Capital Management, which has 18 investment professionals, including Robert T. Ladd, Dean D. Angelo, Joshua T. Davis and Todd A. Overbergen, who are supported by six managing directors, two principals, two vice presidents and three analysts. These individuals have developed long-term relationships with middle-market companies, management teams, financial sponsors, lending institutions and deal intermediaries by providing flexible financing throughout the

capital structure. We believe that these relationships provide us with a competitive advantage in identifying investment opportunities in our target market. We also expect to benefit from Stellus Capital Management's due diligence, credit analysis, origination and transaction execution experience and capabilities, including the support provided with respect to those functions by Mr. Huskinson, who serves as our chief financial officer and chief compliance officer, and his staff of eight finance and operations professionals.

TABLE OF CONTENTS

Risk Factors

An investment in our securities is subject to risks. The following is a summary of the principal risks that you should carefully consider before investing in our securities. In addition, see **Risk Factors** beginning on page 17 of this prospectus to read about factors you should consider before deciding to invest in our securities.

We are dependent upon key personnel of Stellus Capital Management for our future success. If Stellus Capital Management were to lose any of its key personnel, our ability to achieve our investment objective could be significantly harmed.

Our business model depends to a significant extent upon strong referral relationships. Any inability of Stellus Capital Management to maintain or develop these relationships, or the failure of these relationships to generate investment opportunities, could adversely affect our business.

Our financial condition, results of operations and cash flows will depend on our ability to manage our business effectively.

There are significant potential conflicts of interest that could negatively affect our investment returns. The incentive fee structure we have with Stellus Capital Management may create incentives that are not fully aligned with the interests of our stockholders.

We will be subject to corporate-level income tax and may default under our revolving credit facility with various lenders (the **Credit Facility**) if we are unable to maintain our qualification as a RIC under Subchapter M of the Code. Regulations governing our operation as a BDC affect our ability to and the way in which we raise additional capital and, as a BDC, the necessity of raising additional capital may expose us to risks, including the typical risks associated with leverage.

Because we finance our investments with borrowed money, the potential for gain or loss on amounts invested in us is magnified and may increase the risk of investing in us.

Because we use debt to finance our investments, changes in interest rates will affect our cost of capital and net investment income.

Adverse developments in the credit markets may impair our ability to borrow money. Most of our portfolio investments are recorded at fair value as determined in good faith by our board of directors and, as a result, there may be uncertainty as to the value of our portfolio investments.

Our ability to enter into transactions with our affiliates will be restricted, which may limit the scope of investments available to us.

The involvement of our interested directors in the valuation process may create conflicts of interest.

There are conflicts related to other arrangements with Stellus Capital Management.

If we fail to maintain our status as a BDC, our business and operating flexibility could be significantly reduced.

Pending legislation may allow us to incur additional leverage.

The effect of global climate change may impact the operations of our portfolio companies.

Existing stockholders may incur dilution if, in the future, we sell shares of our common stock in one or more offerings at prices below the then current net asset value per share of our common stock.

Conflicts of Interests

We may have conflicts of interest arising out of the investment advisory activities of Stellus Capital Management, including those described below.

TABLE OF CONTENTS

Our investment strategy includes investments in secured debt (including first lien, second lien and unitranche) and mezzanine debt (including senior unsecured and subordinated debt), as well as related equity securities of private middle-market companies. Stellus Capital Management also manages, and in the future may manage, other investment funds, accounts or investment vehicles that invest or may invest in assets eligible for purchase by us. For example, Stellus Capital Management currently manages private credit funds that have an investment strategy that is identical to our investment strategy. Stellus Capital Management also provides non-discretionary advisory services to the D. E.

Shaw group, pursuant to sub-advisory arrangements, with respect to a private investment fund and a strategy of a private multi-strategy investment fund (collectively with the D. E. Shaw group fund, the D. E. Shaw group funds) to which the D. E. Shaw group serves as investment adviser that have an investment strategy similar to our investment strategy. Our investment policies, fee arrangements and other circumstances may vary from those of other investment funds, accounts or investment vehicles managed by Stellus Capital Management.

We have received exemptive relief from the SEC to co-invest with investment funds managed by Stellus Capital Management (other than the D. E. Shaw group funds, where doing so is consistent with our investment strategy as well as applicable law (including the terms and conditions of the exemptive order issued by the SEC). Under the terms of the relief permitting us to co-invest with other funds managed by Stellus Capital Management, a required majority (as defined in Section 57(o) of the 1940 Act) of our independent directors must make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the proposed transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching of us or our stockholders on the part of any person concerned and (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objectives and strategies. We intend to co-invest, subject to the conditions included in the exemptive order we received from the SEC, with the private credit funds managed by Stellus Capital Management that have an investment strategy that is identical to our investment strategy. We believe that such co-investments may afford us additional investment opportunities and an ability to achieve greater diversification.

In the course of our investing activities, we pay management and incentive fees to Stellus Capital Management. We have entered into an investment advisory agreement with Stellus Capital Management that provides that these fees are based on the value of our gross assets. Because these fees are based on the value of our gross assets, Stellus Capital Management will benefit when we incur debt or use leverage. This fee structure may encourage Stellus Capital Management to cause us to borrow money to finance additional investments. Our board of directors is charged with protecting our interests by monitoring how Stellus Capital Management addresses these and other conflicts of interests associated with its management services and compensation. While our board of directors is not expected to review or approve each investment decision, borrowing or incurrence of leverage, our independent directors will periodically review Stellus Capital Management's services and fees as well as its portfolio management decisions and portfolio performance. See Risk Factors The incentive fee structure we have with Stellus Capital Management may create incentives that are not fully aligned with the interests of our stockholders.

Stellus Capital Management may from time to time incur expenses in connection with investments to be made on our behalf and on behalf of other investment funds, accounts and investment vehicles managed by Stellus Capital Management. Stellus Capital Management will allocate such expenses on a pro rata basis according to the participation in a transaction, subject to oversight by our board of directors.

Corporate Information

Our principal executive offices are located at 4400 Post Oak Parkway, Suite 2200, Houston, TX 77027, and our telephone number is (713) 292-5400. We maintain a website located at www.stelluscapital.com (under the Public

Investors section). Information on our website is not incorporated into or a part of this prospectus or any accompanying prospectus supplement and you should not consider information on our website to be part of this prospectus or any accompanying prospectus.

We are an emerging growth company, as defined in the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. As an emerging growth company, we may take advantage of specified reduced disclosure and other requirements that are otherwise applicable generally to public companies. We will remain an

7

TABLE OF CONTENTS

emerging growth company until the earlier of (a) the last day of the fiscal year (i) following the fifth anniversary of the completion of our initial public offering on November 13, 2012, (ii) in which we have total annual gross revenue of at least \$1.0 billion, or (iii) in which we are deemed to be a large accelerated filer, which means the market value of our common stock that is held by non-affiliates exceeds \$700 million as of the prior June 30th, and (b) the date on which we have issued more than \$1.0 billion in non-convertible debt during the prior three-year period.

8

TABLE OF CONTENTS

THE OFFERING

We may offer, from time to time, up to \$200,000,000 of our securities, on terms to be determined at the time of the offering. Our securities may be offered at prices and on terms to be disclosed in one or more prospectus supplements.

Our securities may be offered directly to one or more purchasers by us or through agents designated from time to time by us, or to or through underwriters or dealers. The prospectus supplement relating to the offering will disclose the terms of the offering, including the name or names of any agents or underwriters involved in the sale of our securities by us, the purchase price, and any fee, commission or discount arrangement between us and our agents or underwriters or among our underwriters or the basis upon which such amount may be calculated. See Plan of Distribution. We may not sell any of our securities directly or through agents, underwriters or dealers without delivery of a prospectus supplement describing the method and terms of the offering of our securities.

Set forth below is additional information regarding the offering of our securities:

Use of Proceeds

We plan to use the net proceeds of this offering to make new investments in portfolio companies in accordance with our investment objective and strategies as described in this prospectus and for general working capital purposes. We may also use a portion of the net proceeds to reduce any of our outstanding borrowings. Pending such use, we will invest the net proceeds primarily in high quality, short-term debt securities consistent with our BDC election and our election to be taxed as a RIC. See Use of Proceeds.

Investment Advisory Agreement

We will pay Stellus Capital Management a fee for its services under the investment advisory agreement. This fee consists of two components: a base management fee and an incentive fee. The base management fee is calculated at an annual rate of 1.75% of our gross assets, including assets purchased with borrowed funds or other forms of leverage (including preferred stock, public and private debt issuances, derivative instruments, repurchase agreements and other similar instruments or arrangements) and excluding cash and cash equivalents. The base management fee will be payable quarterly in arrears.

The incentive fee, which provides Stellus Capital Management with a share of the income that it generates for us, consists of two parts. The first part, which is calculated and payable quarterly in arrears, equals 20.0% of our pre-incentive fee net investment income for the immediately preceding quarter, subject to a hurdle rate of 2.0% per quarter (8.0% annualized), and is subject to a catch-up feature. The second part is calculated and payable in arrears as of the end of each calendar year (or, upon termination of the investment advisory agreement, as of the termination date) and equals 20.0% of our aggregate cumulative realized capital gains from inception through the end of each calendar year, computed net of aggregate cumulative realized capital losses and aggregate cumulative unrealized capital depreciation through the end of such year, less the aggregate amount of any previously paid capital gain incentive fees. See Management Agreements Management Fee and Incentive Fee.

Pre-incentive fee net investment income means interest income, dividend income and any other income (including any other

TABLE OF CONTENTS

fees, such as commitment, origination, structuring, diligence, managerial assistance and consulting fees or other fees that we receive from portfolio companies) accrued during the calendar quarter, minus our operating expenses for the quarter (including the base management fee, expenses payable under our administration agreement, and any interest expense and any distributions paid on any issued and outstanding preferred stock, but excluding the incentive fee). Pre-incentive fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, or OID, debt instruments with PIK interest and zero coupon securities), accrued income that we have not yet received in cash. However, the portion of such incentive fee that is attributable to deferred interest (such as PIK interest or OID) will be paid to Stellus Capital Management, together with interest thereon from the date of deferral to the date of payment, only if and to the extent we actually receive such interest in cash, and any accrual thereof will be reversed if and to the extent such interest is reversed in connection with any write-off or similar treatment of the investment giving rise to any deferred interest accrual. Stellus Capital Management has agreed to permanently waive any interest accrued on the portion of the incentive fee attributable to deferred interest (such as PIK interest or OID).

Trading at a discount

Shares of closed-end investment companies, including business development companies, frequently trade in the secondary market at a discount to their net asset values. The risk that our shares may trade at a discount to our net asset value is separate and distinct from the risk that our net asset value per share may decline. We cannot predict whether our shares will trade above, at or below net asset value. See Risk Factors

Shares of closed-end investment companies, including business development companies, frequently trade at a discount from their net asset value.

Leverage

We expect to continue to use leverage to make investments. As a result, we may continue to be exposed to the risks of leverage, which include that leverage may be considered a speculative investment technique. The use of leverage magnifies the potential for gain and loss on amounts we invest and therefore, indirectly, increases the risks associated with investing in shares of our common stock. See Risk Factors.

Our current borrowings include:

our 6.50% Notes due 2019, of which \$25.0 million were outstanding as of December 31, 2016;

our \$195.0 million Credit Facility, of which \$116.0 million was outstanding as of December 31, 2016; and

our SBA-Guaranteed debentures, of which \$65.0 million were outstanding as of December 31, 2016.

TABLE OF CONTENTS

Distributions

We pay monthly distributions to our stockholders out of assets legally available for distribution. Our monthly distributions, if any, will be determined by our board of directors.

Taxation

We have elected to be treated for U.S. federal income tax purposes as a RIC. As a RIC, we generally will not have to pay corporate-level U.S. federal income taxes on any net ordinary income or capital gains that we distribute to our stockholders. To maintain our qualification as a RIC and the associated tax benefits, we must meet specified source-of-income and asset diversification requirements and distribute annually at least 90% of our net ordinary income and net short-term capital gains, if any, in excess of our net long-term capital losses. See Distributions.

Dividend reinvestment plan

We have adopted a dividend reinvestment plan for our stockholders, which is an opt out dividend reinvestment plan. Under this plan, if we declare a cash distribution to our stockholders, the amount of such distribution will be automatically reinvested in additional shares of our common stock unless a stockholder specifically opts out of our dividend reinvestment plan. If a stockholder opts out, that stockholder will receive cash distributions. Stockholders who receive distributions in the form of shares of common stock generally will be subject to the same U.S. federal, state and local tax consequences as stockholders who elect to receive their distributions in cash, but will not receive any corresponding cash distributions with which to pay any applicable taxes. See Dividend Reinvestment Plan.

Administration Agreement

The administration agreement requires us to reimburse Stellus Capital Management for our allocable portion (subject to the review of our board of directors) of overhead and other expenses, including furnishing us with office facilities and equipment and providing clerical, bookkeeping, record keeping and other administrative services at such facilities, and our allocable portion of the cost of our chief financial officer and chief compliance officer and their respective staffs. To the extent that Stellus Capital Management outsources any of its functions, we will pay the fees associated with such functions on a direct basis, without incremental profit to Stellus Capital Management. See Management Agreements Administration Agreement.

License arrangements

We have entered into a license agreement with Stellus Capital Management under which Stellus Capital Management has granted us a non-exclusive, royalty-free license to use the name Stellus Capital. For a description of the license agreement, see Management Agreements License Agreement.

Custodian and transfer agent

State Street Bank and Trust Company serves as our custodian and our transfer and distribution paying agent and registrar. See Custodian, Transfer and Dividend Paying Agent and Registrar.

Anti-takeover provisions

Our charter and bylaws, as well as certain statutory and regulatory requirements, contain certain provisions that may

TABLE OF CONTENTS

have the effect of discouraging a third party from making an acquisition proposal for us. These anti-takeover provisions may inhibit a change in control in circumstances that could give the holders of our common stock the opportunity to realize a premium over the market price for our common stock. See Description of Capital Stock. Available information

We are required to file periodic reports, proxy statements and other information with the SEC. This information is available at the SEC's public reference room at 100 F. Street, N.E., Washington, D.C. 20549 and on the SEC's website at <http://www.sec.gov>. Information on the operation of the SEC's public reference room may be obtained by calling the SEC at 1-800-SEC-0330.

We maintain a website at www.stelluscapital.com (under the Public Investors section) and make all of our annual, quarterly and current reports, proxy statements and other information available, free of charge, on or through our website. Information on our website is not incorporated into or part of this prospectus or any prospectus supplement and should not be relied upon as such. You may also obtain such information free of charge by contacting us in writing at 4400 Post Oak Parkway, Suite 2200, Houston, TX 77027, Attention: Investor Relations.

TABLE OF CONTENTS**FEES AND EXPENSES**

The following table is intended to assist you in understanding the costs and expenses that an investor in our common stock will bear directly or indirectly. We caution you that some of the percentages indicated in the table below are estimates and may vary. Moreover, the information set forth below does not include any transaction costs and expenses that investors will incur in connection with each offering of our securities pursuant to this prospectus. As a result, investors are urged to read the Fees and Expenses table contained in any corresponding prospectus supplement to fully understand the actual transaction costs and expenses they will incur in connection with each such offering. Except where the context suggests otherwise, whenever this prospectus contains a reference to fees or expenses paid by us or that we will pay fees or expenses, common stockholders will indirectly bear such fees or expenses.

Stockholder Transaction Expenses:		
Sales load (as a percentage of offering price)		% ⁽¹⁾
Offering expenses (as a percentage of offering price)		% ⁽²⁾
Dividend reinvestment plan expenses		⁽³⁾
Total Stockholder Transaction Expenses (as a percentage of offering price)		% ⁽⁴⁾
Annual Expenses (as percentage of net assets attributable to common stock):		
Base management fees	3.77	% ⁽⁵⁾
Incentive fees payable under the investment advisory agreement	2.56	% ⁽⁶⁾
Interest payments on borrowed funds	4.13	% ⁽⁷⁾
Other expenses	2.84	% ⁽⁸⁾
Total annual expenses	13.30	%

(1) In the event that our securities are sold to or through underwriters, a corresponding prospectus supplement will disclose the applicable sales load.

(2) In the event that we conduct an offering of our securities, a corresponding prospectus supplement will disclose the estimated offering expenses. Our common stockholders will bear, directly or indirectly, the expenses of any offering of our securities, including debt securities.

(3) The expenses of the dividend reinvestment plan are included in Other expenses. See Dividend Reinvestment Plan.

(4) Total stockholder transaction expenses may include sales load and will be disclosed in a future prospectus supplement, if any.

(5) Our base management fee, payable quarterly in arrears, is 1.75% of our gross assets, including assets purchased with borrowed amounts or other forms of leverage (including traditional and effective leverage such as preferred stock, public and private debt issuances, derivative instruments, repurchase agreements and other similar instruments or arrangements) and excluding cash and cash equivalents and is based on the base management fee incurred for the year ended December 31, 2016.

(6) This item represents the incentive fee payable to Stellus Capital Management based on the actual amounts earned on our pre-incentive fee net investment income for the year ended December 31, 2016.

The incentive fee consists of two components, ordinary income and capital gains:

The ordinary income component, which is payable quarterly in arrears, equals 20.0% of the excess, if any, of our pre-incentive fee net investment income over a 2.0% quarterly (8.0% annualized) hurdle rate, expressed as a rate of return on the value of our net assets attributable to our common stock, and a catch-up provision, measured as of the end of each calendar quarter. Under this provision, in any calendar quarter, our investment adviser receives no incentive fee until our net investment income equals the hurdle rate of 2.0% but then receives, as a catch-up, 100% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment

income, if any, that exceeds the hurdle rate but is less than 2.5% subject to a total return requirement and deferral of non-cash amounts. The effect of the catch-up provision is that, subject to the total return and deferral provisions discussed below, if pre-incentive fee net investment income exceeds 2.5% in any calendar quarter, Stellus

TABLE OF CONTENTS

Capital Management will receive 20.0% of our pre-incentive fee net investment income as if a hurdle rate did not apply. The ordinary income component of the incentive fee is computed on income that may include interest that is accrued but not yet received in cash. The foregoing ordinary income component of the incentive fee is subject to a total return requirement, which provides that no incentive fee in respect of the Company's pre-incentive fee net investment income is payable except to the extent 20.0% of the cumulative net increase in net assets resulting from operations (as defined below) over the then current and 11 preceding calendar quarters exceeds the cumulative incentive fees accrued and/or paid for the 11 preceding calendar quarters. In other words, any ordinary income incentive fee that is payable in a calendar quarter will be limited to the lesser of (i) 20.0% of the amount by which our pre-incentive fee net investment income for such calendar quarter exceeds the 2.0% hurdle, subject to the catch-up provision, and (ii) (x) 20.0% of the cumulative net increase in net assets resulting from operations for the then current and 11 preceding calendar quarters *minus* (y) the cumulative incentive fees accrued and/or paid for the 11 preceding calendar quarters.

For the foregoing purpose, the cumulative net increase in net assets resulting from operations is the sum of pre-incentive fee net investment income, realized gains and losses and unrealized appreciation and depreciation of the Company for the then current and 11 preceding calendar quarters. In addition, the portion of such incentive fee that is attributable to deferred interest (sometimes referred to as payment-in-kind interest, or PIK, or original issue discount, or OID) will be paid to Stellus Capital Management, together with interest thereon from the date of deferral to the date of payment, only if and to the extent we actually receive such interest in cash, and any accrual thereof will be reversed if and to the extent such interest is reversed in connection with any write-off or similar treatment of the investment giving rise to any deferred interest accrual. Any reversal of such accounts would reduce net income for the quarter by the net amount of the reversal (after taking into account the reversal of incentive fees payable) and would result in a reduction and possibly elimination of the incentive fees for such quarter. There is no accumulation of amounts on the hurdle rate from quarter to quarter, and accordingly, there is no clawback of amounts previously paid if subsequent quarters are below the quarterly hurdle, and there is no delay of payment if prior quarters are below the quarterly hurdle.

The capital gains component of the incentive fee equals 20.0% of our Incentive Fee Capital Gains, if any, which equals our aggregate cumulative realized capital gains from inception through the end of each calendar year, computed net of our aggregate cumulative realized capital losses and our aggregate cumulative unrealized capital depreciation, less the aggregate amount of any previously paid capital gain incentive fees. The second component of the incentive fee is payable, in arrears, at the end of each calendar year (or upon termination of the investment advisory agreement, as of the termination date). We will record an expense accrual relating to the capital gains component of the incentive fee payable by us to Stellus Capital Management when the unrealized gains on our investments exceed all realized capital losses on our investments given the fact that a capital gains incentive fee would be owed to Stellus Capital Management if we were to liquidate our investment portfolio at such time. The actual incentive fee payable to our investment adviser related to capital gains is determined and payable in arrears at the end of each fiscal year and includes only realized capital gains for the period. See Management Agreements Management Fee and Incentive Fee.

(7) Interest payments on borrowed funds represent our estimated annual interest payments based on the actual interest expense incurred under our Credit Facility and the Notes for the year ended December 31, 2016, and annualized for a full year. As of December 31, 2016, we had \$116 million outstanding under the Credit Facility, with the ability to borrow an additional \$79 million, \$25.0 million of Notes outstanding and \$65.0 million in SBA-guaranteed debentures. For the year ended December 31, 2016, our interest expense was \$8.0 million. Interest expense is calculated based upon the amounts outstanding on our Credit Facility at December 31, 2016, bearing interest at a weighted average interest rate of 3.7%, amounts outstanding on our notes payable at an interest rate of 6.50% and our SBA-guaranteed debentures bearing interest at a weighted average interest rate of 3.4%, each as of December

31, 2016. Non-use commitment fees of 0.50% related to our Credit Facility is based upon unused commitments as of December 31, 2016. The amount of leverage that we employ, and our interest expenses on such leverage, at any particular time will depend on, among other things, our board of directors' assessment of market and other factors at the time of any proposed borrowing.

TABLE OF CONTENTS

Includes our overhead expenses, including payments under the administration agreement based on our allocable (8) portion of overhead and other expenses incurred by Stellus Capital Management. See Management Agreements Administration Agreement.

Example

The following example demonstrates the projected dollar amount of total cumulative expenses over various periods with respect to a hypothetical investment in us. In calculating the following expense amounts, we have assumed that our annual operating expenses would remain at the levels set forth in the table above. The examples assume no sales load. In the event that shares to which this prospectus relates are sold to or through underwriters, a corresponding prospectus supplement will restate this example to reflect the applicable sales load.

	1 Year	3 Years	5 Years	10 Years
You would pay the following expenses on a \$1,000 investment, assuming a 5% annual return (none of which is subject to a capital gains incentive fee)	\$ 104	\$ 295	\$ 464	\$ 810

While the example assumes, as required by the SEC, a 5% annual return, our performance will vary and may result in a return greater or less than 5%. The incentive fee under the investment management agreement, which, assuming a 5% annual return, would either not be payable or would have a de minimis effect, is not included in the example. If we achieve sufficient returns on our investments, including through the realization of capital gains, to trigger an incentive fee of a material amount, our expenses, and returns to our investors, would be higher. For example, if we assumed that we received our 5.0% annual return completely in the form of net realized capital gains on our investments, which results in a capital gains incentive fee earned, the projected dollar amount of total cumulative expenses set forth in the above illustration and the capital gains incentive fee would be as follows:
