Item 2.02 Results of Operations and Financial Condition

The information in this item is furnished to, but not filed with, the Securities and Exchange Commission solely under Item 2.02 of Form 8-K, "Results of Operations and Financial Condition." The information in this Item 2.02 and Exhibit 99.1 shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference into any filing under the Securities Act of 1933, as amended.

On August 15, 2006, G&K Services, Inc. issued a press release announcing its financial results for the fiscal quarter ended July 1, 2006. A copy of the press release is furnished as Exhibit 99.1 to this report. The press release cites the Company's organic industrial rental growth rate, which is a non-GAAP financial measure. The organic growth rate is calculated using industrial rental revenue, adjusted for foreign currency exchange rate differences and revenues from newly acquired locations. Management believes that by eliminating the impact of the U.S.-Canadian exchange rate and the effects of certain acquisitions made by the Company, the organic growth rate better reflects the growth of its existing industrial rental business and therefore is useful in analyzing the financial condition of the Company and the results of its operations.
