Amendment No. 1 to the Annual Report of Form 10-K

For the Fiscal Year ended December 31, 2004

EXPLANATORY NOTE

We are filing this Amendment No. 1 to our Annual Report on Form 10-K for the fiscal year ended December 31, 2004, as filed with the U.S. Securities and Exchange Commission on March 15, 2005 to include (i) Management's Report On Internal Control Over Financial Reporting and the related Report Of The Registered Public Accounting Firm, required by Item 308(b) of Regulation S-K as permitted by paragraph (b) of the conditions of the Order Under Section 36 of the Securities Exchange Act of 1934 Granting an Exemption from Specified Provisions of Exchange Act Rules 13a-1 and 15d-1 (Release No. 34-50754, November 30, 2004) and (ii) Part III information.

This Amendment does not affect the original financial statements or footnotes as originally filed. This amendment does not reflect events occurring after the original filing of the Form 10-K, and does not modify or update the disclosures therein in any way other than as required to reflect the amendment as described above and set forth below. Accordingly, this Form 10-K/A should be read in conjunction with our other filings made with the Securities and Exchange Commission subsequent to the filing of the original Annual Report on Form 10-K, including any amendments to those filings.

Item 9A. Controls and Procedures.

a. The term disclosure controls and procedures is defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934 (the Exchange Act). These rules refer to the controls and other procedures of a company that are designed to ensure that information required to be disclosed by a company in the reports that it files under the Exchange Act is recorded, processed, summarized and reported within required time periods. Our Chief Executive Officer, who is also our Chief Financial Officer, has evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report (the Evaluation Date), and has concluded that, as of the Evaluation Date, our disclosure controls and procedures are effective in providing him with material information relating to the Company known to others within the Company which is required to be included in our periodic reports filed under the Exchange Act.

b. There has been no change in the Company s internal control over financial reporting that occurred during the quarter ended December 31, 2004 that materially affected, or is reasonably likely to materially affect, the Company s internal control over financial reporting.

Management s Report On Internal Control Over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting as defined in Rules 13a-15(f) or 15d-15(f) under the Securities Exchange Act of 1934. The Company s internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

All internal control systems, no matter how well designed, have inherent limitations. Because of these inherent limitations, internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation and presentation, and may not prevent or detect misstatements. Projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management is also required to assess and report on the effectiveness of our internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002. In connection therewith, we are required to maintain evidential matter, including documentation, to provide reasonable support for such assessment. We began initial compliance efforts for Section 404 in June 2004 even though at that time management and the Company were not certain as to whether the Company would be deemed an accelerated filer required to comply with Section 404 in 2004. Ultimately, after finally determining that the Company was an accelerated filer, we found ourselves with insufficient time to be fully in compliance. Accordingly, although management selected the framework set forth by the Committee of Sponsoring Organizations of the Treadway Commissions in its Internal Control-Integrated Framework to make its assessment and report as required by Section 404, and management and the Company worked diligently to implement this framework to enable management to complete its assessment on the Company s internal control over financial reporting for the year ended December 31, 2004, in accordance with Section 404, we were left in a situation where although most of the documentation and testing of process level and entity level controls were in place, because such documentation and testing were not fully completed, management could not assess and report on the Company s internal control over financial reporting for our fiscal year ended December 31, 2004. As a result, our independent public accounting firm, Rehmann Robson, has issued a disclaimer opinion, set forth below, stating that it does not express an opinion as to management s assessment of the Company s internal control over financial reporting as of December 31, 2004.

Our management s inability to complete an assessment of our internal control over financial reporting in accordance with Section 404 for the year ended December 31, 2004, and Rehmann Robson s disclaimer opinion, do not necessarily imply that a significant deficiency or material weakness exists in our internal control over financial reporting. A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected. Our management is not aware of any material weaknesses in the Company s internal control over financial reporting, and nothing has come to the attention of

management which causes management to believe that any material inaccuracies or errors exist in the Company's financial statements as of December 31, 2004.

Our Chief Executive Officer, who is also our Chief Financial Officer, has completed the certification required to be filed as an exhibit to this Report (See Exhibit 31.1) relating to the design of our disclosure controls and procedures and the design of our internal control over financial reporting. This officer believes the certification to be accurate, despite our inability to complete the assessment of the Company's internal control over financial reporting as required by Section 404 of the Sarbanes Oxley Act for the fiscal year ended December 31, 2004, because we did have processes and procedures in place during 2004 that management believes were sufficient to provide reasonable assurance regarding the reliability of the Company's financial reporting and the preparation of the Company's financial statements for external purposes in accordance with generally accepted accounting principles. In addition, notwithstanding its disclaimer opinion, Rehmann Robson has advised our audit committee of the board of directors that such disclaimer does not affect its unqualified report on our consolidated financial statements as of and for the year ended December 31, 2004.

Report of Independent Registered Public Accounting Firm

Board of Directors and Shareholders

Caraco Pharmaceutical Laboratories, Ltd.

We were engaged to audit management's assessment included in the accompanying Management's Report On Internal Control Over Financial Reporting that Caraco Pharmaceutical Laboratories, Ltd (Caraco) (a subsidiary of Sun Pharmaceutical Industries Limited) maintained effective internal control over financial reporting as of December 31, 2004 based on *criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO)*. Caraco's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting.

Management selected the framework noted in the first paragraph for its evaluation of the effectiveness of the Company's internal control, however, although management documented and tested most process level and entity level controls, because such documentation and testing were not fully completed, management could not assess and report on the Company's internal control over financial reporting for the year ended December 31, 2004.

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Since management was unable to render an opinion on its assessment of internal control over financial reporting and we were unable to apply other procedures to satisfy ourselves as to the effectiveness of the Company's internal control over financial reporting, the scope of our work was not sufficient to enable us to express, and we do not express, an opinion either on management's assessment or on the effectiveness of the Company's internal control over financial reporting.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the balance sheets of Caraco as of December 31, 2004 and 2003, and the related statements of operations, stockholders equity (deficit) and cash flows for each of the three years in the period ended December 31, 2004 and our report dated March 4, 2005 expressed an unqualified opinion on those financial statements.

A person, other than Sun Pharma, becomes the owner of a majority of the outstanding shares of our company;

A public announcement is made of a tender or exchange offer by any person, other than Sun Pharma, for 50% or more of the outstanding shares of our company;

The shareholders of our company approve a merger or consolidation with any other corporation or entity, unless, following the merger, the shares outstanding immediately before the merger continue to represent a majority of the outstanding shares of the surviving entity immediately following the merger;

Where shareholders approve a plan of complete liquidation of our company or an agreement for the sale of disposition by the company of all or substantially all of the assets of our company; or

Certain changes in the composition of our Board of Directors.

Compensation Committee Interlocks and Insider Participation

As noted, Mr. Dilip S. Shanghvi is the Chairman of our Compensation Committee and the Chairman of the Board of Caraco, a non-executive position. Mr. Shanghvi is also the Managing Director of Sun Pharma. As disclosed above, Sun Pharma engages in a number of transactions with Caraco. See Item 13. Certain Relationships and Related Transactions.

Compensation of Directors

Directors who are employees of Caraco or who are directors and/or employees of Sun Pharma and its affiliates do not receive additional compensation for their service on the Board of Directors and its Committees. Each non-employee director receives an annual retainer of \$12,000, a fee of \$1,500 if in person (\$500 if by telephone) for each attended Board and Committee meeting (with \$500 extra for the chairman of the Committee), a one time grant of 3,000 stock options upon initial election and an annual grant of 1,500 stock options on each anniversary date of election. No additional Committee fees are paid if the Committee meets on the same day as the Board meets. Non-employee directors are also reimbursed for out-of-pocket expenses incurred in connection with attending Board and Committee meetings.
