ITEM 7.01 REGULATION FD DISCLOSURES

The Company does not currently have sufficient financial resources to fund our operations, pay certain existing obligations or those of our subsidiary, including our payroll obligations. Therefore, we need substantial additional funds to continue these operations and pay our obligations. Should the financing we require to sustain our working capital needs be unavailable, or prohibitively expensive, we would be forced to curtail our business operations.

The Company is in active discussions with an alternative funding source. We do not know at this time the potential outcome of these discussions. The Company is also in active discussions with potential marketing and distribution partners in the residential air purification market. These discussions are contingent upon

the Company securing financing to support the Company's strategic objective of providing these customers product development services and finished product or component production. We would need substantial additional funds to provide product development and production to these partners.
