Edgar Filing: Pointer Telocation Ltd - Form 6-K

During recent months, Pointer's management efforts were focused on acquiring new technologies and expanding activities in territories of operation. These involved two M&A transactions announced in March 2007 and the raising of approximately \$13 million in order to finance these deals.

Financial Highlights:

Revenues: Pointer's revenues for the first quarter of 2007 increased by 17.2%, to \$11.3 million from \$9.7 million, in the comparable period in 2006. The increase is in line with Pointer's internal growth plan. International activities were 10% of total revenue compared to 6.3% in the comparable period in 2006.

Gross Profit: For the first quarter of 2007, gross profit increased 12.2% to \$4.1 million from \$3.6 million in Q1 2006. As a percentage of revenues, gross profit is approximately 36% in Q1 2007, as compared to approximately 37% in the same period in 2006. Gross margin decreased mainly as a result of increased demand for cellular/GPS solutions, where the company currently sells third party solutions.

Operating Profit: Pointer reports a \$0.95 million operating profit for the first quarter of 2007, compared to an operating profit of \$0.98 million for the first quarter of 2006.

Minority share: Pointer reports the minority interest which has been attributed to Shagrir shareholders since Q4 2006. For the first quarter of 2007, Pointer reports a \$434 thousand minority share, compared to zero in the first quarter of 2006.

Net loss: Pointer recorded a loss of \$180 thousand during the first quarter of 2007, as compared to a net profit of \$21 thousand in the first quarter of 2006. Net loss in the first quarter of 2007 was due mainly to lower gross margins. Excluding amortization of \$415 thousand and non-cash taxes on income of \$182 thousand, Pointer would have presented net income of \$417 thousand in Q1 2007.

Cash Flow: Pointer recorded net cash provided by operating activities of \$1.7 million in the first quarter of 2007 compared to \$0.8 million in the comparable period in 2006.

Total Shareholder's Equity increased during the first quarter of 2007 to \$21.6 million, mainly as a result of the funds raised from a previously reported PIPE in Israel.

Danny Stern, Pointer CEO, said: "During recent months we have focused our attention on achieving the acquisitions announced in March 2007 and on completing private placements in which high-quality long-term shareholders invested in the company.

In Argentina we acquired 2 portfolios of SVR companies. These have already yielded 20% subscription growth", concluded Mr. Stern.
