NOTES TO STATEMENT OF REVENUES OVER CERTAIN OPERATING EXPENSES

FOR THE YEAR ENDED DECEMBER 31, 2002

AND SIX MONTHS ENDED JUNE 30, 2003 (UNAUDITED)

1. Description of Real Estate Property Acquired

On August 7, 2003, Washington Real Estate Investment Trust (WRIT) acquired 1776 G Street, NW, Washington, D.C., an eight-story office building containing approximately 260,000 square feet located in Washington, D.C., from NOP 1776 G Street, L.P. Total purchase price for the acquisition was \$84.75 million. WRIT is a self-administered, self-managed, equity real estate investment trust investing in income producing properties in the greater Washington-Baltimore region.

2. Basis of Accounting

The accompanying statement of revenues over certain operating expenses is presented in conformity with accounting principles generally accepted in the United States and in accordance with the applicable rules and regulations of the Securities and Exchange Commission for real estate properties acquired. Accordingly, the statement excludes certain historical expenses that are not comparable to the proposed future operations of the property such as certain ancillary income, amortization, depreciation, interest, and corporate expenses. Therefore, the statement will not be comparable to the statement of operations of NOP 1776 G Street, L.P., after its acquisition by WRIT.

3. Significant Accounting Policies

Rental Revenues

Gross rental revenue is recognized on a straight-line basis over the terms of the related leases. The excess of recognized gross rental income over amounts due pursuant to lease terms is recorded as straight-line rent receivable. The impact of the straight-line rent adjustment increased revenue by approximately \$162,000 for the year ended December 31, 2002. There was no straight-line rent adjustment to revenue for the six-month period ended June 30, 2003.

Use of Estimates

Edgar Filing: WASHINGTON REAL ESTATE INVESTMENT TRUST - Form 8-K/A

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

4. Description of Leasing Arrangements

The office and retail space is leased to tenants under leases with terms that vary in length. Certain leases contain reimbursement clauses and renewal options. NOP 1776 G Street, L.P.'s interests in all lease agreements were assigned to WRIT upon its acquisition of the building.
