Also in 2003, Lake Mainit Power, LLC, HEI Power Corp. China III and HEI Power Corp. China IV, each a former indirect subsidiary of HEI Power Corp., were dissolved.

HEIPC was incorporated under the laws of the State of Hawaii on March 24, 1995. Its principal executive office is located at 1001 Bishop Street, American Savings Bank Tower, Honolulu, Hawaii 96813. It is a nonutility company originally formed to pursue independent power and integrated energy services projects in Asia and the Pacific. Those direct and indirect subsidiaries of HEIPC which are not foreign utility companies, other than HEIII (discussed below), were originally formed generally for the purposes of directly or indirectly acquiring and maintaining an interest in one or more foreign utility companies or developing or operating utility facilities in foreign countries. On October 23, 2001, the board of directors of HEI adopted a formal plan to exit the international power business (engaged in by HEIPC and its subsidiaries, the HEIPC Group). Accordingly, HEIPC management commenced a program to dispose of all the HEIPC Group's remaining foreign utility projects and investments and HEI recorded HEIPC as a discontinued operation in the Company's consolidated statements of income in the third quarter of 2001.

On November 21, 2001, HEI sold HEI Power Corp. Guam to Mirant Asia-Pacific (Guam) Investments, Inc. for a nominal gain. All of HEIPC's other direct and indirect subsidiaries, other than HEIII, will be wound up in due course as the HEIPC Group disposes of its remaining projects and investments.

The following are existing direct and indirect subsidiaries of HEIPC which have their principal executive offices at Uglan House, P.O. Box 309, George Town, Grand Cayman, Cayman Islands, British West Indies (Cayman Location) and were incorporated under the laws of the Cayman Islands (incorporation dates are noted in parentheses) and which were active until the decision was made to exit the international power business: HEI Power Corp. International (International) (April 10, 1996); HEIPC Philippine Development, LLC (Philippine Develop) (September 9, 1996); and HEI Power Corp. Philippines (April 24, 1996).

The following are indirect subsidiaries of HEIPC which have their principal executive offices at 10, Frere Felix Valis St., Port-Louis, Mauritius (Mauritius Location) and were incorporated under the laws of Mauritius (incorporation dates are noted in parentheses) and which were active until the decision was made to exit the international power business: HEI Power Corp. China (December 10, 1997); HEI Power Corp. China II (China II) (June 10, 1998); and UPP (June 29, 1998).

On January 26, 2000, HEI Investment Corp. (HEIIC) changed its name to HEIII. HEIIC was incorporated under the laws of the State of Hawaii on May 25, 1984. In February 2000, HEIII was recapitalized and all its common stock and one series of its preferred stock was contributed by HEI to HEIPC. HEIII's principal executive office is located at 900 Richards Street, Honolulu, Hawaii 96813. It currently holds investments in leveraged leases.

On December 30, 1985, HEIII (then HEIIC and a direct subsidiary of HEI) acquired, as part of its investment portfolio, a 15.1899% undivided interest in Plant Robert W. Scherer Unit No. 2, an 818-megawatt (MW) coal-fired generating unit located in Monroe County, Georgia in a sale and leaseback transaction (the Transaction) with Oglethorpe Power Corporation (An Electric Membership Generation and Transmission Corporation). The Transaction is described in the Form U-7D filed by the Wilmington Trust Company and William J. Wade, owner trustees on behalf of HEIIC on December 30, 1985. The Transaction is also the subject of letters (dated December 16 and 24, 1985), from Mudge Rose Guthrie Alexander and Ferdon to the SEC, to which a reply was sent by Mr. Lewis B. Reich, Special Counsel (Reference No. 85-1216E-OPUR). Two amendments to the Form U-7D were filed on October 20, 1986 and on January 16, 1998 for the refinancings of the nonrecourse debt secured by this lease interest. These refinancings had no impact on HEIIC's

investment return because, under the lease agreement, the lessee is entitled to the benefit of any refinancing. The undersigned takes the position that the passive nature of the ownership by HEIII which results from its participation in the Transaction is exactly comparable to the form of ownership which would qualify under Rule 7(d)(1) under PUHCA. Accordingly, although the information contained in the aforesaid Amendment No. 1 was submitted, the undersigned and HEIII reserve all rights to claim (and do hereby claim) that by virtue of HEIII's participation in the Transaction, HEIII has not acquired ownership of facilities used for the generation, transmission or distribution of electric energy for sale so as to result in HEIII's becoming an electric utility company as defined in Section 2(a)(3) of the Act.

Other direct or indirect subsidiaries or investments of HEIPC which are (or were) foreign utility companies are listed under item 4a.

Hycap was incorporated under the laws of the State of Delaware on January 22, 1997. The Partnership is a limited partnership formed under the Delaware Revised Uniform Limited Partnership Act, as amended, pursuant to an agreement of limited partnership and the filing of a certificate of limited partnership with the Secretary of State on December 23, 1996, which was subsequently amended by an amended and restated agreement of limited partnership dated as of February 1, 1997. Its principal executive office is located at 300 Delaware Avenue, Suite 1704, Wilmington, Delaware 19801. The Partnership is managed by the general partner and exists for the exclusive purposes of (a) purchasing certain eligible debt instruments of HEI and the wholly owned subsidiaries of HEI (collectively, the Investment Instruments) and certain U.S. government obligations and commercial paper of unaffiliated entities (Eligible Debt Securities) with the proceeds from (i) the sale of its Partnership Preferred Securities, representing limited partner interests in the Partnership, to HEI Trust I and (ii) a capital contribution by HEI in exchange for the general partner interest in the Partnership, (b) receiving interest and other payments on the Investment Instruments and the Eligible Debt Securities held by the Partnership from time to time, (c) making distributions on the Partnership Preferred Securities and distributions on the general partner interest in the Partnership if, as and when declared by the general partner in its sole discretion, (d) subject to the restrictions and conditions contained in the Agreement of Limited Partnership, making additional investments in Investment Instruments and Eligible Debt Securities and disposing of any such investments and (e) except as otherwise limited in the Agreement of Limited Partnership, entering into, making and performing all contracts and other undertakings, and engaging in those activities and transactions as the general partner deems necessary or advisable for carrying out the purposes of the Partnership.

HEI Trust I, Hawaiian Electric Industries Capital Trust II and Hawaiian Electric Industries Capital Trust III were formed under the laws of the State of Delaware on December 19, 1996. HEI is a nonutility holding company which currently conducts no business and owns no material assets other than as listed under item 1. Currently, the consolidated revenues of HEI are derived primarily from the electric service and bank operations of its subsidiaries and passive investments.

HECO owns and operates three electric generating plants located on the island of Oahu, with an aggregate net generating capability of 1,209 MW as of December 31, 2003. HECO's power purchase agreements (PPAs) with Kalaehoa Partners, L.P., AES Barbers Point, Inc. and Honolulu Resource Recovery Venture each provided an additional 180 MW, 180 MW and 46 MW, respectively, of firm net generating capability as of December 31, 2003.

- (d) Number of kwh. of electric energy and Mcf. of natural or manufactured gas purchased outside the State in which each such company is organized or at the State line.

None.

4. The following information for the reporting period with respect to claimant and each interest it holds directly or indirectly in an EWG or a foreign utility company, stating monetary amounts in United States dollars:

- (a) Name, location, business address and description of the facilities used by the EWG or foreign utility company for the generation, transmission and distribution of electric energy for sale or for the distribution at retail of natural or manufactured gas.

In 1998 and 1999, HEI acquired indirectly through Philippine Develop an interest in Cagayan Electric Power & Light Co., Inc. (CEPALCO) which has its principal executive offices at Cagayan de Oro City, Misamis Oriental, Philippines and is incorporated under the laws of the Philippines. Philippine Develop currently owns approximately 22% of the outstanding common stock of CEPALCO. CEPALCO is a privately owned regulated local distribution company on the island of Mindanao. It operates and maintains three substations, with a total capacity of 75 MVA, and 47 kilometers of transmission lines (69 KV and 138 KV) and 1,000 kilometers of distribution lines. CEPALCO also has an interest in Mindanao Energy Systems, Inc., a Philippine power generation company that owns and operates an 18.9 MW Bunker-C fed diesel power generating facility. Pursuant to an agreement entered into in January 2004, International agreed, subject to certain conditions, to sell 100% of the issued and outstanding shares of Philippine Develop to an unaffiliated third-party buyer. As of February 19, 2004, full payment has been received and all conditions satisfied. Before the end of the first quarter of 2004, it is expected that the transfer will have been registered and the sale completed.

In 1998, HEI acquired an indirect 80% interest in UPP (through HEI's indirect subsidiary China II) and an effective 60% interest in Baotou Tianjiao Power Co., Ltd. (Tianjiao) which has its principal executive offices at Suite 906, Baotou Youdian Building, Kun District, Baotou 014010, Inner Mongolia, China and is a Sino-foreign cooperative joint venture established under the laws of the People's Republic of China. On December 30, 1999, China II acquired the remaining 20% interest in UPP for an effective 75% interest in Tianjiao. Tianjiao was formed to construct, operate, and maintain a 200-MW (net) coal-fired power plant in Baotou, Inner Mongolia, China, over a 22 year period, which includes construction. The power plant was planned to be built inside the fence for Baotou Iron & Steel (Group) Co., Ltd. (BaoSteel), which was to be the sole purchaser of the power. At the end of the term, the plant was to be transferred by Tianjiao to BaoSteel (which owns a 25% interest in Tianjiao). Construction was stopped, however, due to delays in obtaining a satisfactory interconnection agreement between Tianjiao and the Inner Mongolia Power Company (IMPC). The IMPC was seeking to limit the joint venture's load, which is inconsistent with the terms of the project approvals and the power purchase contract. The HEIPC Group no longer believes a satisfactory interconnection arrangement can be obtained and intends to withdraw from the project. In the third quarter of 2001, the HEIPC Group wrote off its remaining investment in the project. The HEIPC Group is continuing to pursue recovery of the \$25 million of costs incurred in connection with the joint venture interest; however, there can be no assurance that any amounts will be

recovered. (See item 1, HEI is exiting the international power business and will be disposing of all of the HEIPC Group projects and investments.)

(b) Name of each system company that holds an interest in such EWG or foreign utility company and description of the interest held.

At December 31, 2003, International owned all of the issued and outstanding shares of common stock of Philippine Develop. At December 31, 2003, Philippine Develop owned approximately 22% of the common stock of CEPALCO. Pursuant to an agreement entered into in January 2004, International agreed, subject to certain conditions, to sell 100% of the issued and outstanding shares of Philippine Develop to an unaffiliated third-party buyer. As of February 19, 2004, full payment has been received and all conditions satisfied. Before the end of the first quarter of 2004, it is expected that the transfer will have been registered and the sale completed.

International owns all of the issued and outstanding shares of common stock of China II. China II owns 100% of the issued and outstanding shares of UPP. UPP owns 75% of Tianjiao.

HEI owns all of the issued and outstanding shares of common stock of HEIPC. HEIPC owns all of the issued and outstanding shares of common stock of International.

(c) Type and amount of capital invested, directly or indirectly, by the holding company claiming exemption; any direct or indirect guarantee of the security of the EWG or foreign utility company by the holding company claiming exemption; and any debt or other financial obligation for which there is recourse, directly or indirectly, to the holding company claiming exemption or another system company, other than the EWG or foreign utility company.

As of December 31, 2003, HEI had invested, through HEIPC and its subsidiaries, \$9.7 million in CEPALCO preferred and common stock of which \$2.7 million had been written off in 2001 and an additional \$5.0 million had been written off in 2003. As of December 31, 2003, there were no intercompany borrowings by CEPALCO from HEI or any other HEI system company. As of December 31, 2003, HEI had not directly or indirectly guaranteed the securities of CEPALCO and there was no debt or other financial obligation relating to CEPALCO for which there was recourse against HEI or any other HEI system company (other than CEPALCO).

As of December 31, 2003, HEI had invested, through HEIPC and its subsidiaries, \$25.1 million in connection with the Tianjiao project in China. As of December 31, 2003, the investment had been written off. As of December 31, 2003, there were no intercompany borrowings by Tianjiao from HEI or any other HEI system company. As of December 31, 2003, HEI had not directly or indirectly guaranteed the securities of Tianjiao and there was no debt or other financial obligation relating to Tianjiao for which there was recourse against HEI or any other HEI system company (other than Tianjiao), except for UPP's conditional nonrecourse commitment to invest an additional 586 million Renminbi (approximately \$70 million) in Tianjiao. It is UPP's position that the conditions to the nonrecourse commitment have not been, and cannot now be, satisfied and UPP does not intend to make any further investment in Tianjiao.

(d) Capitalization and earnings of the EWG or foreign utility company during the reporting period.

As of December 31, 2003, the investment in CEPALCO common stock was carried at \$2 million. In 2003, Philippine Develop received approximately \$96,000 in dividends from CEPALCO. The HEIPC Group recognized an impairment loss on the CEPALCO investment of approximately \$5.0 million in 2003 to adjust this investment to its estimated net realizable value at that time. Pursuant to an agreement entered into in January 2004, International agreed, subject to

certain conditions, to sell 100% of the issued and outstanding shares of Philippine Develop to an unaffiliated third-party buyer. As of February 19, 2004, full payment has been received and all conditions satisfied. Before the end of the first quarter of 2004, it is expected that the transfer will have been registered and the sale completed.

As of December 31, 2003, the investment in Tianjiao was carried (on the HEI consolidated balance sheet) at nil. In 2003, HEIPC and its subsidiaries received no dividends (or other distributions) from Tianjiao and recorded no equity in earnings from Tianjiao.

- (e) Identify any service, sales or construction contract(s) between the EWG or foreign utility company and a system company, and describe the services to be rendered or goods sold and fees or revenues under such agreement(s).

CEPALCO and Tianjiao have no service, sales or construction contracts with any HEI affiliate. However, certain HEI affiliates provide general management and other services to Tianjiao in connection with UPP's obligations under the cooperative joint venture agreement. The HEI affiliates receive no compensation from Tianjiao for these services.
