INFORMATION REGARDING THE ANNUAL MEETING

Matters to be Considered at the Annual Meeting of Shareholders

This Proxy Statement is being furnished to shareholders of Bryn Mawr Bank Corporation (the Corporation) in connection with the solicitation of proxies by the Corporation for use at the Corporation's Annual Meeting of Shareholders to be held on Tuesday, April 20, 2004, at 2:00 P.M., or any adjournment or postponement thereof (the Annual Meeting). At the Annual Meeting, the shareholders will consider and vote upon (i) the election of two (2) directors to serve a four (4) year term until their successors are duly elected and take office; and (ii) the approval of the Corporation's 2004 Stock Option Plan. The proxies are authorized to transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof. The approximate date upon which this Proxy Statement and the proxy are to be mailed to shareholders is March 10, 2004. The address of the executive office of the Corporation is 801 Lancaster Avenue, Bryn Mawr, Pennsylvania 19010-3396.

Date, Time and Place of Annual Meeting

The Annual Meeting will be held on Tuesday, April 20, 2004, at 2:00 P.M., at Bryn Mawr College, Wyndham Alumnae House, Bryn Mawr, Pennsylvania.

Record Date, Voting and Voting Procedures

The Board of Directors of the Corporation has fixed the close of business on March 2, 2004, as the date for determining holders of record of the Corporation's Common Stock, par value \$1.00 per share, entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. Each holder of record is entitled to one vote per share on the matters to be considered at the Annual Meeting.

The holders of a majority of the outstanding shares of the Corporation's Common Stock, present either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. As of March 2, 2004, there were 8,622,874 shares of the Corporation's Common Stock outstanding.

Edgar Filing: BRYN MAWR BANK CORP - Form DEF 14A

Shares represented by properly executed proxies will be voted in accordance with the directions indicated in the proxies unless such proxies have previously been revoked. Each properly executed proxy on which no voting directions are indicated will be voted in favor of the adoption of the proposals recommended by the Board of Directors of the Corporation, and in the discretion of the proxy agents as to any other matters which may properly come before the Annual Meeting. A proxy may be revoked by a shareholder at any time prior to its use for any purpose by giving written notice of such revocation to Robert J. Ricciardi, the Secretary of the Corporation, at 801 Lancaster Avenue, Bryn Mawr, Pennsylvania 19010-3396 or by appearing in person at the Annual Meeting and asking to withdraw the proxy prior to its use for any purpose so that the shareholder can vote in person. A later dated proxy revokes an earlier dated proxy.

Table of Contents

The Corporation does not know at this time of any business, other than that stated in this Proxy Statement, which will be presented for consideration at the Annual Meeting. If any unanticipated business is properly brought before the Annual Meeting, the proxy agents will vote in accordance with their best judgment.

For purposes of the Annual Meeting, the affirmative vote of the majority of the shares of the Corporation's Common Stock present in person or represented by proxy at the Annual Meeting for a particular matter (including the election of Directors) is required for the matter to be deemed an act of the shareholders. With respect to abstentions, the shares are considered present at the Annual Meeting for purposes of the proposal. However, they are not votes for approval of the proposal, so they will have the same effect as votes cast against the proposal. With respect to broker non-votes, the shares are not considered present at the Annual Meeting for the proposal as to which the broker withheld authority. Consequently, broker non-votes are not counted with regard to the proposal, but they reduce the number of affirmative votes required to approve the proposal by reducing the total number of shares present or represented (from which a majority is calculated).

Other Matters

The Corporation will bear the entire cost of soliciting proxies for the Annual Meeting. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, telefax and e-mail, by the directors, officers and employees of the Corporation and by the Corporation's wholly-owned subsidiaries, including The Bryn Mawr Trust Company (the Bank). Arrangements have been made with brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy material to beneficial owners of the Corporation's Common Stock held of record by such persons, and the Corporation will reimburse them for their expenses in doing so.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

The following table sets forth certain information known to the Corporation, as of January 16, 2004(1) with respect to the only persons or entities to the Corporation's knowledge, who may be beneficial owners of more than 5% of the Corporation's Common Stock.

THE CORPORATION S AND BANK S

BOARDS OF DIRECTORS

The By-Laws of the Corporation provide that the Corporation's business shall be managed by a Board of Directors of not less than eight and not more than thirteen directors. The Corporation's Board, as provided in the By-Laws, is divided into four classes of directors, with each class being as nearly equal in number as possible. The Board of Directors has fixed the number of directors at eleven, with two members in Class I, three members in Class II, three members in Class III, and three members in Class IV. There is presently a vacancy in Class IV and there will be a vacancy in Class II due to the retirement of Robert L. Stevens from the Board of Directors at the end of his current term which may be filled by the Board of Directors as provided in the next paragraph.

Under the Corporation's By-Laws, persons elected by the Board of Directors to fill a vacancy on the Board serve as directors for a term expiring with the next annual meeting of shareholders, unless the directors are elected by the Board after the record date for that meeting, in which case the person serves as a director until the annual meeting of shareholders following that meeting. The directors in each class serve terms of four years each, unless elected to fill an unexpired term of office, and until their successors are elected, qualified and take office.

The Boards of Directors of the Corporation and the Bank meet at least quarterly. Board meetings of the Corporation and the Bank will occur in January, April, July and October of 2004. The Risk Management Committees and Executive Committees meet in those months when the Boards of Directors do not meet. The Executive Committees act in the stead of the Boards of Directors of the Corporation and the Bank. The Audit Committee of the Boards and the Trust Committee of the Bank meet at least quarterly. The Risk Management Committees review and manage the material business risks which confront the Corporation and the Bank. The Compensation Committees meet at least once a year. The Nominating Committees meet at least once a year.

Director Independence

The Boards of Directors of the Corporation and the Bank have determined that all of its members are independent and meet the independence requirements of The NASDAQ Stock Market ("NASDAQ"), except for Frederick C. Peters, II and Robert L. Stevens. Because Mr. Peters is the President and Chief Executive Officer of the Corporation and the Bank, and Mr. Stevens is the former President and Chief Executive Officer, they are not independent as defined by NASDAQ. Mr. Peters also serves as Chairman of the Corporation and the Bank.

Communications with Directors

Shareholders may communicate directly with any member or committee of the Board of Directors of the Corporation or the Bank by writing to Bryn Mawr Bank Corporation, Board of Directors, P.O. Box 351, Bryn Mawr, Pennsylvania, 19010-3396.

Policy for Attendance at Annual Meeting

Edgar Filing: BRYN MAWR BANK CORP - Form DEF 14A

Effective with the Annual Meeting in 2004, the Corporation has adopted a policy requiring all of the directors to attend the Corporation's annual meeting. Eight of the Corporation's nine Directors attended the annual meeting held on April 15, 2003.

Code of Business Conduct and Ethics

The Corporation has adopted a Code of Business Conduct and Ethics (the Code) which amended, restated and combined into one code its Code of Ethics for Officers and Directors and its Employee Code of Ethics. The Code is available on the Corporation's website at www.bmtc.com under the Code of Ethics caption and printed copies are available to any shareholder upon request. The Code meets the requirements for a code of ethics for the Corporation's principal executive officer, principal financial officer or persons performing similar functions under Item 406 of Regulation S-K of the Securities and Exchange Commission (SEC). Any amendments to the Code, or any waivers of the Code for directors or executive officers will be disclosed promptly on a Form 8-K filed with the SEC or by any other means approved by the SEC.

Executive Sessions of Independent Directors

The independent members of the Corporation's and Bank's Boards of Directors will continue their practice of holding regularly scheduled executive sessions on a regular basis but, in any event, not less than twice a year.

General Information About the Corporation's and Bank's Boards of Directors

The Corporation's Board of Directors was scheduled to meet at least quarterly and during 2003 held seven meetings, including the Corporation's organization meeting in April of 2003. The Bank's Board of Directors was scheduled to meet at least quarterly and during 2003 held four meetings.

Information About Committees of the Corporation's Board of Directors

The Committees of the Corporation's Board of Directors are the Executive, Nominating, Risk Management, Audit and Compensation Committees.

The Executive Committee, comprised of Thomas A. Williams (Chairman), William Harral, III, Wendell F. Holland, Frederick C. Peters II and B. Loyall Taylor, Jr., meets to discuss and act upon matters which require action prior to the next meeting of the Corporation's Board of Directors and exercises the authority and powers of the Board of Directors at intervals between meetings of the Board of Directors insofar as may be permitted by law. During 2003 the Executive Committee held eight meetings.

The Nominating Committee, comprised of Thomas A. Williams (Chairman), Warren W. Deakins, William Harral, III and Francis J. Leto has responsibility for identifying and evaluating candidates for director and recommending the nomination of directors to the full Board of Directors. The Nominating Committee has a charter which is available on the Corporation's website at www.bmtc.com on the Investor Relations page under the heading BMBC Nominating Committee Charter. Each member of the Nominating Committee is independent as defined by NASDAQ. During 2003, the Nominating Committee held one meeting.

The Nominating Committee considers candidates for nominees for director from various sources including other directors, clients of the Bank and other relevant constituencies, and may also engage, if it deems appropriate, a professional search firm. In the case of incumbent directors whose terms of office are set to expire, the Nominating Committee reviews the directors' overall service to the Corporation during their term, including the number of meetings attended, level of participation, quality of performance and their respective contributions towards advancing the Corporation and enhancing shareholder value. In the case of a new director candidate, the Nominating Committee reviews the candidate's biographical information and qualifications and may check the candidate's references, if applicable. The Nominating Committee may obtain any additional information which it deems necessary. A qualified nominee is interviewed by all members of the Nominating Committee, if practicable. Serious candidates may meet with all members of the Board. Using the input from such interviews and information obtained by the Nominating Committee, the Committee evaluates whether a prospective candidate is qualified to serve as a director and whether the Nominating Committee should recommend to the Board that the Board nominate (or elect to fill a vacancy) the prospective candidate.

Edgar Filing: BRYN MAWR BANK CORP - Form DEF 14A

The Nominating Committee will use a similar process to evaluate nominees recommended by shareholders, provided that the shareholder complies with the procedures set forth below.

The Nominating Committee will consider written proposals from shareholders for nominees for director. Any such nomination should be addressed to the Chairman, Nominating Committee, Board of Directors, Bryn Mawr Bank Corporation, P.O. Box 351, Bryn Mawr, PA 19010 and must include the following information: (a) the name and address, as they appear on the Corporation's books, of the shareholder nominating such candidate; (b) the number of shares of the Corporation which are beneficially owned by the shareholder (and if the shares are held in street name, the name of the brokerage firm holding the shares); (c) the name, age, business address and residence address of each nominee proposed; (d) the principal occupation or employment of the proposed nominee; (e) the number of shares of the Corporation's stock beneficially owned by the proposed nominee, if

any; (f) a description of all arrangements or understandings between the shareholder and each proposed nominee and any other persons pursuant to which the shareholder is making the nomination, and (g) any other information required to be disclosed in solicitation of proxies for election of directors or other information required pursuant to Regulation 14A under the Securities and Exchange Act of 1934, as amended, relating to any person that the shareholder proposes to nominate for election or re-election as a director, including the proposed nominee's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

All shareholder nominations must be received not less than one hundred and twenty (120) days before the date the Corporation's Proxy Statement was released to shareholders in connection with the previous year's annual meeting.

In evaluating candidates for nominees for director, the Nominating Committee considers the needs of the Corporation with respect to the particular talents and experience of its directors and seeks to insure that at least a majority of the directors are independent under the NASDAQ rules and that members of the Corporation's Audit Committee meet the financial literacy requirements under the NASDAQ rules and at least one of them qualifies as an Audit Committee financial expert under the rules of the SEC. Members of the Board of Directors should also be of the highest ethical character; share the values of the Corporation; have reputations, both personal and professional, consistent with the image and reputation of the Corporation; be active or former leaders of organizations; possess knowledge in the fields of financial services and wealth management and an understanding of the Bank's marketplace; have relevant expertise and experience which will be useful in offering advice and guidance to the chief executive officer; be independent of any particular constituency and be able to represent all shareholders of the Corporation. Nominees for director must also be willing to commit the necessary time to devote to board activities and to enhance their knowledge of the financial services industry and be willing to assume broad fiduciary responsibility. Nominees for director should also have a commitment to enhancing shareholder value, including assisting in business development activities where appropriate. In considering nominees for director, the Nominating Committee also considers the Corporation's desire to be a diverse body with diversity reflecting gender, ethnic background and professional experience. A nominee for director must also be or become a shareholder of the Corporation upon joining the Board of Directors. Application of the above criteria may vary according to the particular areas of expertise desired as a compliment to the existing composition of the Board of Directors.

The Risk Management Committee, comprised of Warren W. Deakins (Chairman), Francis J. Leto, Frederick C. Peters II, James J. Smart and Robert L. Stevens, meets to review and manage the material business risks which confront the Corporation by establishing and monitoring policies and procedures designed to lead to an understanding of and to identify, control, monitor and measure the Corporation's material business risks. During 2003, the Risk Management Committee held eight meetings.

The Audit Committee comprised of William Harral, III (Chairman), Warren W. Deakins, Wendall F. Holland, James J. Smart, and Thomas A. Williams, meets at least quarterly. The Audit Committee, pursuant to the Audit Committee charter which was attached to the Corporation's proxy statement for its 2003 annual meeting, has general oversight responsibilities regarding the Corporation's financial reporting process and internal controls. The Audit Committee selects and evaluates the qualifications and performance of the independent auditor. The Audit Committee meets with the internal auditor to review audit programs and the results of audits of specific areas, as well as other regulatory compliance issues. In addition, the Audit Committee meets with the independent auditor to review the results of the annual audit and other related matters. See Audit Committee Report for additional information about the responsibilities of the Audit Committee. Each member of the Audit Committee is independent and financially literate as defined by NASDAQ. The Board of Directors of the Corporation has determined that James J. Smart is a financial expert as defined by SEC regulations. The Audit Committee held six (6) meetings in 2003.

The Compensation Committee, comprised of William Harral, III (Chairman), Wendell F. Holland, B. Loyall Taylor, Jr., Nancy J. Vickers and Thomas A. Williams, meets to discuss compensation matters, including

determining the number of stock options to be distributed pursuant to the Corporation's Stock Option Plans. Each member of the Compensation Committee is independent as defined by NASDAQ. During 2003, the Compensation Committee held three meetings.

The total number of meetings of the Corporation's Board of Directors that were held in 2003 was seven. All of the incumbent directors, who were directors during 2003, (i) attended at least seventy-five percent (75%) of the total number of meetings of the Board of Directors, and (ii) all directors attended at least seventy-five percent (75%) of the aggregate of the total number of meetings held by all committees of the Board on which the director served.

Executive Employment Agreement

The Corporation entered into an Employment Agreement with Frederick C. Peters II dated January 11, 2001 (with employment commencing on January 22, 2001) to serve as the Corporation's and the Bank's President and Chief Executive Officer. The initial term of the Employment Agreement is three (3) years and, unless extended or terminated, the Employment Agreement will renew for an additional two (2) year continuing period, so that at all times prior to Mr. Peters attaining age 63, the term of the Employment Agreement will be two (2) full years. The Employment Agreement provides for an annual base salary of \$225,000 which may be increased, but not decreased. Mr. Peters is entitled to a minimum bonus of \$20,000 in years 2003, 2004 and 2005.

As provided in the Employment Agreement, on the day of the Corporation's Annual Shareholders Meeting in the year 2003, the Corporation granted Mr. Peters options to purchase 10,000 shares (adjusted to 20,000 shares after the two-for-one stock split on October 1, 2003) of the Corporation's Common Stock at a price equal to the fair market value of the shares of the Corporation's Common Stock on the day preceding the date of the grant.

Under the Employment Agreement, Mr. Peters is also entitled to participate in all of the Corporation's and the Bank's employee benefit plans and arrangements made generally available to its executives and key management employees.

The Employment Agreement may be terminated by the Corporation upon the death or disability of Mr. Peters or for cause as defined in the Employment Agreement. Mr. Peters may voluntarily terminate his employment at any time upon not less than thirty (30) days prior written notice to the Corporation. If the Corporation or the Bank terminates Mr. Peters employment other than upon his death or disability or for cause, Mr. Peters is entitled to receive his full salary, including incentive compensation, through the date of termination and the Corporation must pay Mr. Peters an amount equal to his annual salary in effect on the date of the termination in bi-weekly installments for two (2) years or until his 65th birthday, whichever first occurs.

The Employment Agreement also contains non-disclosure, non-solicitation and non-competition provisions under which Mr. Peters agrees not to disclose any confidential information, not to solicit employees or clients of the Corporation, the Bank or their subsidiaries and agrees not to compete, subject to certain conditions set forth in the Employment Agreement, with the Corporation, the Bank or their subsidiaries for a period of two (2) years following his termination of employment within a 100 mile radius of Bryn Mawr, Pennsylvania.

Mr. Peters has also entered into an Executive Change of Control Severance Agreement on the same terms and conditions as that entered into by the Corporation's former President and Chief Executive Officer. (SEE CHANGE OF CONTROL AGREEMENTS)

Change of Control Agreements

From time to time, the Corporation's independent directors, approve and ratify, and the Corporation has guaranteed certain Executive Change-of-Control Severance Agreements (the Agreements) which are to be entered into by the Corporation's subsidiaries with the Named Executive Officers and certain other officers (collectively the covered officers).

Edgar Filing: BRYN MAWR BANK CORP - Form DEF 14A

The Corporation's Board of Directors believes that the Agreements assure fair treatment of the covered officers since benefits provided are comparable to termination benefits afforded by other companies to secure and retain key officers. Furthermore, by assuring the covered officers some financial security, the Agreements protect the Corporation's shareholders by tending to neutralize any bias of those officers in considering proposals to acquire the Corporation. The Board believes that these advantages outweigh the disadvantage of the potential cost of the benefits.

The Agreements provide for a lump sum severance benefit if such officers' employment are terminated under certain circumstances within two years following a change of control, as defined in the Agreements, of the Corporation. Such circumstances include termination of employment other than for cause as defined in the

Table of Contents

Agreements, or the resignation of such officer following a significant reduction in the nature or scope of his/her authority, duties or responsibilities, removal from their position as an officer of the subsidiary, reduction in base salary of the officer in effect immediately prior to the change of control, revocation or reduction of benefits payable to the officer under the benefit plans, without obtaining the officer's written consent thereto, transfer of the officer to a location outside the greater Philadelphia area or the general area of the officer's principal residence, immediately prior to the change of control, or the officer being required to undertake business travel substantially greater than his/her business travel immediately prior to the change of control.

The severance benefit consists of (a) an amount in cash equal to one (1), two (2) or three (3) times the covered officer's salary in effect either immediately prior to the termination of employment or immediately prior to the change of control, whichever is higher, (b) an amount in cash equal to the excess, if any, of the aggregate fair market value of the Corporation's Common Stock, that is, the closing price of the Corporation's Common Stock on the last business day the Common Stock was traded immediately preceding the termination date (the Termination Date) of the covered officer's employment, subject to outstanding and unexercised stock options, whether vested or unvested, granted to the covered officer under the Corporation's Stock Option Plans, over the aggregate exercise price of all such stock options, (c) to the extent not heretofore paid, the covered officer's salary through the Termination Date and the officer's salary in lieu of any unused paid time off days, (d) an amount equal to all awards earned by the officer in respect of completed plan periods prior to the Termination Date for the Corporation's Thrift and Savings Plan and any annual bonus plan, and payment in respect of such plans for the uncompleted fiscal year during which termination of employment occurs, (e) the cost to continue or cause to be continued until twelve (12), twenty-four (24) or thirty-six (36) whole months for the covered officers after the Termination Date, on the cost-sharing basis in effect immediately prior to the change of control, the medical, dental, life and disability insurance benefits substantially equivalent in all material respects to those furnished to the covered officers immediately prior to the change of control, provided, however, that the obligation to provide such benefits shall cease at such time as the covered officer is employed on a full-time basis by a party not owned or controlled by the covered officer, that provides the covered officer, substantially the same benefits on substantially the same cost-sharing basis as that for the covered officer in effect immediately prior to the change of control, (f) for both vesting and benefit calculation purposes, credit with one (1), two (2) or three (3) additional years of credited service, (as defined in the Corporation's Pension Plan), for the covered officers under the Corporation's Pension Plan and Supplemental Employee Retirement Plan, in addition to the years of credited service that would have otherwise been calculated by reference solely to the Termination Date, and (g) the cost of reasonable career counseling services for the covered officer. To the extent necessary to provide the covered officers with the additional years of credited service obtainable under the Agreements, the Corporation has agreed to amend its Supplemental Employee Retirement Plan or create such supplemental retirement plans as are necessary.

Certain of the Agreements terminate in 2004 but are automatically extended for additional one year periods unless the subsidiary provides written notice to cancel. The terms of outstanding Agreements cannot end prior to the expiration of two (2) years after the occurrence of a Change of Control regardless of any notice by the subsidiary to cancel.

In addition to the severance benefits outlined above, each covered officer would be entitled to receive all other compensation and benefits payable generally in the event of termination of employment. The aggregate amount of all such compensation and benefits is subject to a limitation designed to allow the deduction for federal income tax purposes of any payments made pursuant to the Agreements. The subsidiary may terminate each covered officer's employment, without liability, under the respective Agreements for Cause as defined therein.

The amount of severance salary benefits each of the Named Executive Officers would be entitled to, pursuant to the Agreements, if an event which triggered the payment occurred on the date of the Proxy Statement, is as follows: Messrs. Peters \$923,625, Ricciardi \$494,115, Rebl \$461,175 and Ms. Gers \$322,950. The total of such severance salary benefit payments for all covered officers would be \$3,714,528.

Corporation's 2001 Stock Option Plan

In 2001, the Corporation's Board of Directors adopted and the Corporation's shareholders approved the Bryn Mawr Bank Corporation 2001 Stock Option Plan (the Plan). The Corporation's Board of Director's Compensation Committee (the Committee), composed of five (5) independent, non-employee directors, is authorized to grant certain stock options (Option(s)) to directors of the Corporation who are not employees of the Corporation or any affiliate of the Corporation (the Eligible Directors) and key employees, including officers of the Corporation and its direct and indirect subsidiaries (the Employees).

The Options for the Common Stock are to be granted in consideration for the services provided to the Corporation by the Employees and Eligible Directors. Under the Plan, on February 27, 2004, there was a maximum of 35,512 shares of Corporation Common Stock available for the grant of Options.

Options granted under the Plan may be either incentive stock Options or non-qualified stock Options, as the Committee determines to be in the best interests of the Corporation at the time of the grant of Options. The purpose of the Plan is to promote the interests of the Corporation and its shareholders by strengthening the Corporation's ability to retain and attract the services of experienced and knowledgeable Employees and Eligible Directors and by encouraging such Employees and Eligible Directors to acquire an increased proprietary interest in the Corporation.

Each Option is exercisable in whole or in part at such times as the Committee may determine, but not later than ten (10) years from the date the Option is granted. The Committee may make such exercise provisions, or may accelerate exercise provisions previously established, if in the opinion of the Committee such action is appropriate to carry out the intent of the Plan or any requirements of the Internal Revenue Code. In lieu of a cash payment to exercise an Option in full or in part, payment may be made by the tender of shares of Common Stock with a fair market value as of the exercise date equal to the Option price of the Option being exercised.

Executive Deferred Bonus Plan

In 1989, the Corporation established the Deferred Bonus Plan, which permits certain officers of the Corporation and its subsidiaries who earn in excess of one hundred thousand dollars annually, to defer all or a portion of any bonus (the Deferred Compensation) which the executives may be awarded. The Deferred Bonus Plan is a non-qualified plan and Deferred Bonus Plan funds are held in a trust administered by the Bank's Wealth Management Division. Under the Deferred Bonus Plan the participating executives may elect to invest the Deferred Compensation in one or more different investment funds, including an investment in the Corporation's Common Stock. Participants may elect to defer the receipt of the Deferred Compensation until (i) January of the following year or (ii) retirement or separation from employment. In certain very limited circumstances involving a hardship, as defined in the Deferred Bonus Plan, participants may request withdrawal of his/her Deferred Compensation. The right to receive future payments under the Deferred Bonus Plan is an unsecured claim against the general assets of the Corporation.

Pension Plans

In December 1989, the Corporation assumed sponsorship of the Bank's non-contributory pension plan (the Pension Plan) and amended the Pension Plan to cover the eligible employees of the Corporation and the Bank, (the Employer). Employees of the Corporation and its subsidiaries (collectively called the participants) become eligible to participate in the Pension Plan on January 1 following their attainment of

Edgar Filing: BRYN MAWR BANK CORP - Form DEF 14A

age 20 ¹/₂ and completion of six (6) months of service. In no event, however, will an employee become a plan participant if he/she is scheduled to work less than 1,000 hours in a calendar year. Benefits under the Pension Plan are paid from a trust for which the Bank is Trustee. The payments are made monthly under various options provided for in the Pension Plan, selected by the participants. For funding purposes it is the Corporation's policy to fund amounts necessary to maintain the actuarial soundness of the Pension Plan. The Pension Plan is well funded and, based on ERISA funding requirements, a contribution of \$322,645 was needed in 2003. However, after analysis of the funded status of the Pension Plan, a contribution of \$2,809,194 was made in 2003 to improve the future

Table of Contents

performance of the program. The net periodic pension cost is computed on the basis of accepted actuarial methods which include the current year service cost. The Corporation's net periodic pension cost for, 2001 2002 and 2003 was \$(275,856) \$297,225 and \$1,115,936, respectively, resulting in a prepaid pension expense for accounting purposes of \$3,656,699 as of December 31, 2003.

The Corporation's actuaries indicated that the amount of the contribution, payment or accrual with respect to a participant is not and cannot readily be separately or individually calculated under the actuarial cost method used in determining aggregate contribution requirements for the Corporation's Pension Plan. Covered compensation is the basic rate of salary paid to a participant including bonus and overtime.

Set forth below is a table of annual pension benefits based on the rates of salary in various years of service categories for participants retiring at age 65 in 2003.

Differences in the pension benefits table exist because the Pension Plan is integrated with Social Security benefits, and participants with less income receive a greater portion of their retirement benefits from Social Security. The goal of the Pension Plan is to provide long-term participants with annual benefits from both the Pension Plan and Social Security approximating 60% of their highest average five year annual compensation.

Benefits paid by the Pension Plan are based on the participants highest average consecutive five year annual compensation, as defined in the Pension Plan, in the ten years prior to participant's retirement. The estimated benefits for the executive officers named in the Summary Compensation Table were based on each officer's 2003 compensation and do not take into consideration any future increases in compensation and are straight life annuity amounts which would be actuarially reduced for a 100% joint and survivor annuity to the officer and the officer's spouse.

Edgar Filing: BRYN MAWR BANK CORP - Form DEF 14A

Currently federal law places certain limitations on the amount of retirement income that can be paid pursuant to a pension plan qualified under the Internal Revenue Code, such as the Corporation's Pension Plan. As of December 31, 2003, any Pension Plan participant whose earnings were limited by the Internal Revenue Code or any participant who received deferred bonus compensation from the Bank would be affected by such limitations. Messrs. Peters, Ricciardi, Rebl and Ms. Gers are the Named Executive Officers participating in the Pension Plan who, based on service to date, would be affected by such limitations.

The Corporation has adopted the Bryn Mawr Bank Corporation Supplemental Employee Retirement Plan (the SERP), which is designed to provide those amounts which would be payable as pension benefits, except

for such limitations and deferrals. Participants under the Plan must meet the requirements for Normal Retirement, Early Retirement, Permanent Disability (as defined in the Pension Plan), or Death, to qualify for a benefit under the SERP whether or not such employee is entitled to a deferred vested benefit under the Pension Plan. The SERP is a non-qualified plan and SERP funds are held in a trust administered by the Bank's Wealth Management Division. The right to receive future payments under the SERP is an unsecured claim against the general assets of the Corporation. The SERP is not subject to ERISA funding requirements. The Corporation's net periodic pension cost for the SERP for 2001, 2002, 2003 was \$263,677, \$251,969 and \$234,765 respectively, resulting in an accrued benefit liability for accounting purposes of \$1,665,075 as of December 31, 2003.

For the Named Executive Officers in the Summary Compensation Table, the estimated annual benefits upon normal retirement at age 65 under the Pension Plans are as follows: Messrs. Peters, \$78,851, Ricciardi, \$140,072, Rebl, \$87,959 and Ms. Gers, \$68,846. Messrs Peters, Ricciardi, Rebl and Ms. Gers have 3, 33, 23 and 6 credited years of service, respectively, under the Pension Plan.

Bryn Mawr Bank Corporation Thrift and Savings Plan

In December of 1989, the Corporation assumed sponsorship of the Bank's Thrift and Savings Plan and amended the plan to cover eligible employees of the Corporation and its subsidiaries, (collectively called the Employer). An employee of the Corporation or its subsidiaries, (collectively called the participants) becomes eligible to participate in the Bryn Mawr Bank Corporation Thrift and Savings Plan (the Thrift Plan) on January 1 or July 1 following six (6) months of service during which 500 hours of service are credited as those terms are defined in the Thrift Plan. Participants may elect to have what would otherwise be his/her compensation reduced and cause the amount of such reduction to be contributed, on his/her behalf, to the Thrift Plan's related trust in an amount from 1% to 16% of his/her compensation subject to applicable yearly dollar limitations (catch up contributions are also permitted). The Employer makes a dollar for dollar matching contribution, up to 3% of each participant's base compensation. In any Thrift Plan year the Employer may make contributions to the participants' discretionary accounts in the Thrift Plan of such portions of its net profits as the Employer's Board of Directors may determine, subject to certain limitations in the Thrift Plan. Effective May 16, 2003, the Plan does not permit new loans to Executive Officers.

The Thrift Plan permits a participant to cause the participant's account balance to be invested in one or more different investment funds, including an investment in the Corporation's Common Stock. As of December 31, 2003, the Thrift Plan's related trust held 176,184 shares of the Corporation's Common Stock for the benefit of 174 participants. Each such participant or beneficiary owns an undivided interest in the whole of the Corporation's Common Stock Fund of the Thrift Plan. Under the terms of the Thrift Plan and its related trust agreement, the trustee possesses the power and authority to vote the Corporation's Common Stock.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Some of the directors and executive officers of the Bank and the companies with which they are associated were customers of, and had banking transactions with, the Bank in the ordinary course of its business during 2003. All loans and commitments to lend were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other Bank customers. In the opinion of Bank management, the loans and commitments did not involve more than a normal risk of collectibility or present other unfavorable features. Loans made to directors and executive officers are in compliance with federal banking regulations and are thereby exempt from the insider loan prohibitions of the Sarbanes-Oxley Act of 2002.

Compensation Committee Interlocks and Insider Participation

None of the members of the Bank's and Corporation's Compensation Committees was an officer or employee of the Corporation or any of its subsidiaries during the year 2003. None of the members of the Compensation Committees was a former officer of the Corporation or any of its subsidiaries or had any other interlocking relationships as defined by the Securities and Exchange Commission.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Bank's Board of Directors (the Bank Compensation Committee) is composed entirely of independent, non-employee directors (SEE INFORMATION ABOUT COMMITTEES OF THE BANK'S BOARD OF DIRECTORS). The Bank Compensation Committee is responsible for setting and administering the Bank's compensation policies, including those which govern salary and the bonus program applicable to the Bank's executive officers including the Named Executive Officers.

The Compensation Committee of the Corporation's Board of Directors (the Corporation Compensation Committee) is composed entirely of independent, non-employee directors (SEE INFORMATION ABOUT COMMITTEES OF THE CORPORATION'S BOARD OF DIRECTORS). The Corporation's Compensation Committee is responsible for setting and administering the policies which govern the grant to key Bank personnel of options to purchase the Corporation's stock including the Named Executive Officers.

Executive Compensation Policy Principles

The Bank's compensation policy is designed to (i) retain and attract highly qualified key executives essential to the long-term success of the Bank and Corporation; (ii) reward such executives for consistent successful management of the Bank and enhancement of shareholder value; and (iii) create a performance-oriented environment that rewards performance not only with respect to the Bank's goals but also the Bank's performance in relation to comparable industry performance levels.

Table of Contents

The Bank's Compensation Committee annually considers the Bank's financial performance in terms of its asset diversification and quality, expense levels, net income, capital accumulation and retention, return on equity and other relevant criteria used in the financial services industry and seeks to relate those considerations to the Bank's performance and each executive's performance of their duties.

The Bank's executive compensation program, established by the Bank's Compensation Committee, is based on the belief that each executive officer's compensation should bear a direct relationship to the business success of the Bank and Corporation, the value of the Corporation's stock and any significant accomplishments by that executive officer.

Section 162(m) of the Internal Revenue Code excludes tax deductions for compensation paid to executives of public companies in excess of \$1,000,000 per year if it is not performance based. At the current salary levels and with the Corporation's existing compensation plans, the Committee does not expect this tax law to affect the Corporation.

Elements of Executive Compensation Program

The Bank's total compensation program for its executive officers currently consists of base salary, a fringe benefit package, and an opportunity, depending on the Bank's annual earnings, the performance of the executive officers' divisions and other financial criteria, to obtain a cash bonus and options to purchase Corporation stock at the market price when such options are granted.

Salary Compensation and Fringe Benefits

The salary compensation is competitive with other financial institutions in the Delaware Valley and similar size banks in the mid-Atlantic region and is combined with a fringe benefit package designed to retain and attract experienced and highly professional banking personnel. When appropriate, the Bank utilizes the professional services of a firm providing executive compensation analysis. Each Named Executive Officer's salary is based on that person's level of management responsibility at the Bank and performance of duties and will be reviewed annually.

The Bank's officers, including the Named Executive Officers, have an opportunity to be awarded a cash bonus based in large measure on the financial performance of the Bank on an annual basis and on his/her division's performance, and each individual officer's accomplishment of his/her designated responsibilities and goals. Except for a contractual bonus payment due Mr. Peters, no bonuses were paid to the Named Executive Officers for 2003.

Stock Options

Based on the Bank's 2002 earnings, the performance of the executive officers and their divisions and other financial criteria, stock options were awarded to the Bank's executive officers in April and May, 2003. The Compensation Committee met in February, 2004 and approved stock option awards for executive officers, including the Chief Executive Officer, subject to shareholder approval of the Corporation's 2004 Stock Option Plan. See New Plan Benefit Information for the number of options approved and to be granted to the executive officers subject to shareholder approval of the Corporation's 2004 Stock Option Plan. The awards to the executive officers were based on the Bank's 2003 earnings

performance and the performance of the executive officers and the divisions they manage.

Executive Compensation Decisions

The Bank Compensation Committee evaluated the Bank's business performance for 2003 and determined, based on such performance and the criteria outlined above, that in January of 2004, salary increases be granted to certain Named Executive Officers effective January 1, 2004.

Table of Contents

Factors and Criteria on Which the Chief Executive Officer's Compensation Was Based

The Compensation Committee met, Mr. Peters not being present, to evaluate and determine Mr. Peters' compensation package. The Compensation Committee reports on that evaluation to the independent directors of the Board. Mr. Peters is eligible to participate in all executive compensation programs available to all other executives.

The Compensation Committee, in reviewing the appropriate level of compensation of its Chief Executive Officer, considers financial results, organizational development, marketing initiatives, Board relations, work on representing the Corporation to its constituencies, and results on developing, expanding and integrating service lines.

In determining Mr. Peters' base compensation package in his Employment Agreement, the Compensation Committee considered Mr. Peters' knowledge and experience in the banking industry, including his six years as the founder, President and Chief Executive Officer of First Main Line Bank, and as the founding Chief Executive Officer of National Bank of the Main Line, his knowledge of the market area of the Corporation and the Bank and his standing in the local community. To assist in determining Mr. Peters' base compensation package, the Compensation Committee utilized the professional services of Buck Consultants, a firm providing executive compensation analysis. A comprehensive report was presented with comparable selected commercial banks in the country with specific attention to those banks of similar revenue size.

In January, 2003, Mr. Peters' base salary was increased to a rate equal to \$282,876 per year effective as of July, 2003. The salary increase was based on the Compensation Committee's determination in January, 2003 after a review of the financial performance of the Bank and the Corporation for the preceding year. The primary financial performance criteria which the Bank Compensation Committee considered was the fact that the performance of the Bank and the Corporation met the financial goals specified in the 2002 plan and that meeting its goals resulted in the Bank increasing annual earnings and accumulating additional capital, as well as an increase in the dividends paid on the Corporation's stock.

In the first quarter of 2004, Mr. Peters also received the \$20,000 bonus for 2003 as required by his Employment Agreement.

The Compensation Committee determined in February, 2004 to award Mr. Peters options to purchase 24,000 shares of the Corporation's common stock subject to shareholder approval of the Corporation's 2004 Stock Option Plan. The exercise price will be the price of the Corporation's common stock on the date preceding the grant of the option after shareholder approval of the Corporation's Stock Option Plan. In making that determination, the Compensation Committee evaluated Mr. Peters on the following performance evaluation criteria: (1) financial criteria, including targeted net income figures for the Corporation, targeted earnings per share for the Corporation and budgeted targets for deposits, loans, mortgage originations and revenue/profits of the Corporation's subsidiaries; (2) Wealth Management Division criteria, including targets for assets under management and revenue figures; (3) administrative criteria, and (4) leadership. After reviewing the Corporation's and the Bank's financial performance, including the fact that the Corporation's and the Bank's performance resulted in the Corporation increasing its earnings from continuing operations, accumulating additional capital, increasing the dividends paid on the Corporation's stock and considering Mr. Peters' administrative performance and leadership, the Compensation Committee awarded Mr. Peters the options.

PricewaterhouseCoopers LLP (PwC) continued to serve as the Corporation's independent auditor for the fiscal year ended December 31, 2003. The decision to change independent auditors was made by the Audit Committee of the Corporation.

The reports of PwC on the financial statements for the past two (2) fiscal years contained no adverse opinions or disclaimer of opinion and were not qualified or modified as to their uncertainty, audit scope or accounting principal.

In each of the fiscal years ended December 31, 2002 and 2003, and subsequent interim period through February 27, 2004, there were no disagreements between the Corporation and PwC on any matter of accounting principal or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PwC would have caused it to make reference to the subject matter of the disagreements in connection with its reports, and there were no reportable events as that term is defined in Item 304(a)(1)(v) of Regulation S-K occurring within the Corporation's two most recent fiscal years and the subsequent interim period through February 27, 2004.

During the Corporation's two most recent fiscal years and through February 27, 2004, the Corporation has not consulted with KPMG regarding any of the matters set forth in Item 304(a)(2) of Regulation S-K.

The Corporation has provided PwC and KPMG with a copy of the foregoing disclosures regarding the change of independent auditors pursuant to Item 304 of the SEC's Regulation S-K giving them the opportunity to provide a statement for inclusion herein, if either of them disagrees with the accuracy or completeness of these disclosures. After their review, neither PwC nor KPMG expressed any disagreement with these disclosures.

Partners in KPMG and PwC will be present at the Annual Meeting to answer questions and will have the opportunity to make a statement, if he or she so desires.

Preapproval of Audit and Non-Audit Services

Under the Corporation's Audit Committee charter, the Audit Committee is required to preapprove all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Corporation by its independent auditor, subject to the *de minimus* exception for non-audit services under SEC regulations which are approved by the Audit Committee prior to completion. The Audit Committee may also delegate the ability to preapprove audit and permitted non-audited services to a subcommittee consisting of one or more members, provided that any such preapprovals are reported to the full committee at its next scheduled meeting. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires that the Corporation's directors and executive officers file reports of their holdings of the Corporation's Common Stock with the Securities and Exchange Commission (the Commission) and with the NASDAQ National Market Exchange on which the Corporation's Common Stock is traded. Based on the Corporation's records and other information available to it the Corporation believes that all the Commission's Section 16(a) reporting requirements applicable to the Corporation's directors and executive officers were complied with for the Corporation's fiscal year ended December 31, 2003, except for one late Form 4 for William Harral, III for the acquisition of 116 shares of Corporation common stock in June, 2003, which occurred because a timely Form 4 was inadvertently filed only as a test filing and one late Form 4 filing for James J. Smart for the acquisition of 230 shares of Corporation common stock and the grant of options to purchase 1,000 shares of Corporation common stock, as adjusted for the Corporation's two-for-one stock split on October 1, 2003, which was filed 11 days late in October, 2003 due to an oversight by the Corporation.

PROPOSAL 1

ELECTION OF DIRECTORS

(Item 1 on the Proxy Card)

One of the purposes of the Annual Meeting is the election of two directors to the Board of Directors of the Corporation.

Nominees for Directors

The following directors have been nominated by the Corporation's Board of Directors for election as directors to serve as follows:

Class II Term to Expire in 2008:

- (1) B. Loyall Taylor
- (2) James J. Smart

and until their successors are elected and take office.

The persons named as proxies in the accompanying form of proxy have advised the Corporation that, unless otherwise instructed, they intend at the Annual Meeting to vote the shares covered by proxies for the election of the nominees named in this Proxy Statement. The Corporation's Board of Directors may fill the vacancies in Class II and Class IV as provided in the Corporation's By-Laws if it finds a suitable candidate. However, the proxies cannot be voted for a greater number of persons than the number of nominees named above. If one or more of the nominees should, at the time of the Annual Meeting, be unavailable or unable to serve as a director, the shares represented by the proxies will be voted to elect any remaining nominee. The Board of Directors knows of no reason why the nominees will be unavailable or unable to serve as directors. The Corporation expects all nominees to be willing and able to serve as directors.

The affirmative vote of the holders of at least a majority of the Corporation's shares of Common Stock present in person or by proxy at the Annual Meeting is required for the election of the nominees for directors. Proxies solicited by the Board of Directors will be voted for nominees listed above, unless the shareholders specify a contrary choice in their proxies.

The Board of Directors recommends a vote FOR the nominees listed above.

PROPOSAL 2

**TO APPROVE THE ADOPTION OF THE
BRYN MAWR BANK CORPORATION
2004 STOCK OPTION PLAN**

(Item 2 on the Proxy Card)

Background

The Board of Directors of the Corporation is recommending for shareholder approval the adoption of the Corporation's 2004 Stock Option Plan (the Plan) which provides for the grant of certain stock options to key employees, including officers of the Corporation and its direct and indirect subsidiaries (the Employees) and directors of the Corporation who are not employees of the Corporation or any affiliate of the Corporation (the Eligible Directors). Under the Plan, an amount equal to five percent (5%) of the outstanding shares of the Corporation's Common Stock as of March 2, 2004, the Record Date, that is a maximum of 431,143 shares of

Table of Contents

Corporation Common Stock will be available for the grant of options to the Employees and Eligible Directors. The options for the Common Stock are to be granted in consideration for the services provided to the Corporation by the Employees and the Eligible Directors.

Acting on the recommendation of the Compensation Committee of the Corporation's Board of Directors, the Board of Directors on January 15, 2004, approved the CORPORATION'S 2004 STOCK OPTION PLAN subject to approval by the Corporation's shareholders. The Board of Directors directed that the Plan be submitted to the shareholders of the Corporation for their approval at the 2004 Annual Meeting to be held on April 20, 2004.

Eligible Directors Interest

Because the Eligible Directors are eligible to receive awards under the Plan, each of them has a personal interest in approval of this proposal. As of March 2, 2004, there were nine (9) Eligible Directors on the Board of Directors, each of whom are eligible to participate in the Plan.

Summary of the Plan

The following is a summary of the Plan and is qualified in its entirety by reference to the Plan, a copy of which is attached to the Proxy Statement as Appendix A.

Administration of Stock Option Plan

The Plan is administered by the Corporation's Compensation Committee, which is composed of five (5) or more directors who are eligible to receive Stock Options under the Plan. Subject to the terms of the Plan, and to such approvals and other authority as the Board of Directors may reserve to itself from time to time, the Compensation Committee may adopt, amend, or rescind rules and regulations, and make other determinations for carrying out the Plan that the Compensation Committee deems necessary or appropriate. The Board of Directors has reserved the power to review and approve the Compensation Committee's determinations.

Purpose

The stated purpose of the Plan is to promote the interests of the Corporation and its shareholders by strengthening the Corporation's ability to retain and attract the services of experienced and knowledgeable Employees and Eligible Directors and by encouraging such Employees and Eligible Directors to acquire an increased proprietary interest in the Corporation.

Eligibility

Edgar Filing: BRYN MAWR BANK CORP - Form DEF 14A

Persons eligible to receive Stock Options are the Employees and Eligible Directors at the time of the grant of the Stock Option.

Stock Options

Options granted under the Plan may be either incentive stock options or non-qualified stock options, as the Compensation Committee determines to be in the best interests of the Corporation at the time of the grant of the options.

Transferability, Exercisability and Forfeiture

No option granted under the Plan is transferable by the optionee, other than by will or the law of descent and distribution, and during the optionee's lifetime the option may be exercised only by him/her or his/her legal representative. In the event of the optionee's death, disability or retirement at a time when he/she is entitled to exercise an option, then, during the option term, at any time within one year after his/her death, disability or retirement such option may be exercised, in full or in part as to shares which the optionee was entitled to purchase. In the event that the optionee ceases to be an employee or to serve as a director for reasons other than

Table of Contents

death, disability or retirement when he/she is entitled to exercise an option, then such option may be exercised in full or in part as to shares which the optionee was entitled to purchase at the date of his/her termination of employment within ninety (90) days. In no event, however, may such an option be exercised after the expiration of ten (10) years from the date such option was granted nor, in the case of incentive stock options, after the last day specified in Section 422 of the Code. In the event an optionee's employment or service as a director is terminated for cause, his/her options are null and void immediately upon termination of that person's service and may not be exercised.

Federal Tax Treatment of Incentive Stock Options

An optionee will not realize taxable income when an incentive stock option is granted under the Plan or when an incentive stock option is exercised, and the Corporation will not be entitled to a deduction with respect to the option. If the optionee of an incentive stock option holds the shares acquired under the option for at least two years from the date the option is granted and for at least one year from the date the option is exercised, any gain realized by the optionee when the shares are sold will be taxable to the optionee as capital gain. If the optionee does not hold the shares for the one-year and the two-year periods, the optionee will realize ordinary income in the year of disposition of the shares in an amount equal to the excess of the fair market value of the shares on the date of exercise (or the proceeds of the disposition, if lower) over the option price, and the Corporation will be entitled to a corresponding deduction. Any remaining gain will generally be capital gain. If the shares are disposed of at a loss, the loss will be a capital loss. The difference between the exercise price of an incentive stock option and the fair market value of the shares subject to the option at the time of exercise is an item of tax preference which may result in the optionee being subject to the alternative minimum tax. Whether an optionee is subject to the alternative minimum tax in lieu of regular income tax will depend on individual facts and circumstances.

Payment of Withholding Taxes

The Corporation may withhold, or require an optionee to remit to the Corporation, an amount sufficient to satisfy any federal, state and local withholding tax requirements. The Compensation Committee may permit a participant to satisfy a tax withholding requirement on exercise of an option or vesting of a share award by delivery to the Corporation of shares of its Common Stock owned by the participant, including shares the participant is entitled to receive upon exercise of the option or vesting of the award.

Option Price

The option price per share of Common Stock under each stock option shall be determined by the Compensation Committee and shall not be less than the fair market value on the day preceding the date of the grant of the option. The option price per share of Common Stock under each stock option shall be determined by the Compensation Committee. In the case of an option intended to qualify as an incentive stock option, the aggregate fair market value (determined at the time the option is granted) of the Common Stock with respect to which incentive stock options are exercisable for the first time by the optionee during any calendar year under all such plans of the Corporation and its subsidiaries shall not exceed \$100,000.

Exercise of Options

Each option shall be exercisable in whole or in part at such times as the Compensation Committee may determine, but not later than ten (10) years from the date the option is granted. The Compensation Committee may make such exercise provisions as appropriate to carry out the intent

of the Plan or any requirement of the Code. In lieu of a cash payment to exercise an option in full or in part, payment may be made by the tender of shares of Common Stock, which have been held for a period of at least six months, with a fair market value as of the exercise date equal to the option price of the option being exercised.

The optionee will have a basis, for purposes of computing capital gain or loss on a future sale or exchange, in the shares received as a result of the exercise equal to the fair market value of those shares on the exercise date.

Market Value

On March 2, 2004, the closing price of the Corporation's Common Stock as reported by the National Association of Securities Dealers Automated Quotation System/National Market System was \$22.65 per share.

FOOTNOTE TO TABLE

- (1) The number of securities and the weighted average exercise price have been adjusted to reflect the Corporation's two-for-one stock split on October 1, 2003.

The Corporation has agreed to pay and its non-employee independent directors have agreed to accept payment of their annual \$10,000 retainer compensation in the form of Corporation common stock, payable in April of each year at the market value of the stock on the day prior to the day of payment. If all of the Corporation's non-employee independent directors, including the directors elected at the annual meeting in April 2004, continue this compensation arrangement, for their 2004-2005 terms as directors, it is estimated, based on the per share \$24.00 market price of the stock on December 31, 2003, that such directors, as a group, will receive an aggregate of 3,333 shares of the Corporation's common stock as retainer compensation.

The affirmative vote of the holders of at least a majority of the Corporation's shares of Common Stock present in person or by proxy at the Annual Meeting is required for the approval of the Plan. Proxies solicited by the Board of Directors will be voted for the Plan, unless the shareholders specify a contrary choice in their proxies.

The Board of Directors recommends a vote FOR approval of the Plan.

OTHER BUSINESS

Management does not know at this time of any other matter which will be presented for action at the Annual Meeting. If any unanticipated business is properly brought before the Meeting, the proxies will vote in accordance with their best judgment.

Table of Contents

of the applicable date of grant of such Option. Each Agreement shall comply with and be subject to the terms and conditions of the Plan. An Agreement may contain such other terms, provisions and conditions not inconsistent with the Plan as may be determined by the Committee, including such confidentiality, non-competition and non-solicitation provisions as the Committee deems appropriate.

(b) Grants of Options may be made at any time as determined by the Committee to Employees or Eligible Directors.

7.3 Option Exercise Price

The Option exercise price per share for an option awarded under the Plan shall be 100% of the Fair Market Value of the underlying Shares on the day preceding the day the option is granted.

7.4 Term of Options

Each Option shall expire ten (10) years from its date of grant, but shall be subject to earlier termination as follows:

(a) In the event a Participant shall cease to be an Employee or serve as a Director for reasons other than death, Retirement or Disability, each then vested Option may only be exercised within ninety (90) days after such Participant shall cease to be an Employee or serve as a Director or within the option period, whichever is earlier.

(b) In the event of the termination of a Participant's employment or service as a Director by reason of death, Retirement or Disability, the then outstanding Options of such Participant shall thereupon vest and become exercisable within one (1) year after such Participant's death, Disability or Retirement. Exercise of a deceased Participant's Options that are still exercisable shall be by the estate of such Participant or by a person or persons whom the Participant has designated in a writing filed with the Corporation, or, if no such designation has been made, by the person or persons to whom the Participant's rights have passed by will or the laws of descent and distribution.

Notwithstanding any other provisions of this Plan, in the event of a Change of Control, death, Disability or Retirement of any Participant, all Options that have been awarded to the Participant shall immediately vest, subject to forfeiture as provided in subsection 7.4(d) hereof by each Participant whose employment or service is terminated for Cause.

Table of Contents

7.6 Time and Manner of Option Exercise

Any vested and exercisable Option is exercisable in whole or in part at any time, or from time to time, during the Option Period by giving written notice to the Corporation, signed by the person exercising the Option addressed to the Treasurer of the Corporation, stating the number of Shares with respect to which the Option is being exercised, accompanied by payment in full of the Option exercise price for the number of Shares to be purchased. The earliest date that both such notice and payment are received by the Treasurer of the Corporation shall be the date of exercise of the Option as to such number of Shares. No Option may at any time be exercised with respect to a fractional share.

7.7 Payment of Exercise Price

The Committee has sole discretion to determine what form of payment it will accept for the exercise of an Option. The Committee may indicate acceptable forms in the Agreement with the Participant covering such Options or may reserve its decision to the time of exercise. No Option is to be considered exercised until payment in full is accepted by the Committee or its agent.

(a) *Cash Payment.* The exercise price may be paid in cash or by check. To the extent permitted by law, the Committee may permit all or a portion of the exercise price of an Option to be paid through borrowed funds.

(b) *Cashless Exercise.* Subject to vesting requirements, if applicable, the Committee may permit the Participant to engage in a cashless exercise of the Option. Upon a cashless exercise, the Participant shall give the Corporation written notice of the exercise of the Option together with an order to a registered broker-dealer or equivalent third party, to sell part or all of the Common Stock subject to the Option and to deliver sufficient sale proceeds to the Corporation to pay the Option exercise price and any applicable withholding taxes. If the Participant does not sell the Common Stock subject to the Option through a registered broker-dealer or equivalent third party, the Participant may give the Corporation written notice of the exercise of the Option and the third party purchaser of the Common Stock subject to the Option shall pay the Option exercise price plus the Participants applicable withholding taxes to the Corporation.

(c) *Exchange of Common Stock.* The Committee may permit payment of the Option exercise price and any applicable withholding taxes by the tendering by the Participant of his previously acquired shares of Common Stock. All shares of Common Stock tendered in payment of the exercise price of an Option shall be valued at the Fair Market Value of the Common Stock. No tendered shares of Common Stock which were acquired by the Participant upon the previous exercise of an Option shall be accepted for exchange unless the Participant has held such shares for at least six (6) months prior to the tender.

7.8 Transferability

The right of any Participant to exercise an Option granted under the Plan shall, during the lifetime of such Participant, be exercisable only by such Participant or, if then permitted by Rule 16b-3 promulgated under Section 16 or pursuant to a QDRO and shall not otherwise be assignable or transferable by such Participant other than by will or the laws of descent and distribution and, if then permitted by Section 16 or a QDRO.

7.9 Limitation of Rights

7.9.1 Limitation as to Shares. Neither a Participant nor a Participant's successor or successors in interest shall have any rights as a shareholder of the Corporation with respect to any Shares subject to an Option granted to such person until the proper exercise of the Option.

7.9.2 Limitation as to Employment or Directorship. Neither the Plan, nor the granting of an Option, nor any other action taken pursuant to the Plan shall constitute or be evidence of any agreement or understanding, express or implied, that an Employee or Eligible Director has a right to continue as an Employee or a Director, as the case may be, for any period of time or at any particular rate of compensation.

Table of Contents

7.10 Effect of Change in Control

In the event of a Change in Control, all Options which have been granted to an Employee or Eligible Director under the Plan shall vest immediately and be exercisable.

7.11 Regulatory Approval and Compliance

7.11.1 The Corporation shall *not* be required to issue any certificate or certificates for Shares upon the exercise of an Option granted under the Plan or to record as a holder of record of Shares the name of the individual exercising an Option under the Plan, without obtaining to the complete satisfaction of the Committee, the approval of all regulatory bodies deemed necessary by the Committee and without complying, to the Committee's complete satisfaction, with all rules and regulations under federal, state, or local law or all Guidelines deemed applicable by the Committee.

7.11.2 Any reference contained in the Plan to a particular section or provision of law, regulation or rule including, but not limited to the Code, the Exchange Act and the Rules of NASDAQ, all as amended, shall include any subsequently enacted or promulgated section or provision of law, regulation or rule, as the case may be, of similar import. With respect to persons subject to Section 16, as amended, transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3 or any successor rule that may be promulgated by the Securities and Exchange Commission. To the extent any provision of the Plan fails to so comply, it shall be deemed null and void, but the invalidity or unenforceability of any such provision of the Plan shall not affect the validity or enforceability of any other provisions of the Plan.

7.12 Withholding of Taxes

The Corporation may require, as a condition to any grant of Options under the Plan or to the delivery of certificates for Shares issued hereunder, that the grantee pay to the Corporation, in cash, any federal, state or local taxes of any kind required by law to be withheld with respect to any Option grant or any delivery of Shares pursuant to the Plan. The Corporation, to the extent permitted or required by law, shall have the right to deduct from any payment of any kind (including, without limitation, any Employee's salary, bonus or other compensation, Board of Director's retainer fees and committee or meeting fees) otherwise due to a grantee any federal, state or local taxes of any kind required by law to be withheld with respect to any grant or to the delivery of Shares under the Plan, or to retain or sell, without notice, a sufficient number of the Shares to be issued to such grantee to cover any such taxes, provided that the Corporation shall not sell any such Shares if such sale would be considered a sale by such grantee in violation of Section 16.

8. ADJUSTMENT UPON CHANGES IN STOCK

The number of Shares subject to each outstanding Option, and the exercise price per share specified in such Option in the event of any reorganization, recapitalization, stock split, stock dividend, combination of shares, merger, consolidation, rights offering, share exchange, reclassification, distribution, spin-off, or other change affecting the capitalization, corporate structure or Shares of the Corporation (collectively, a capital adjustment) occurring after the date of the approval of the Plan by the Corporation's Shareholders shall be proportionately adjusted for any increase or decrease in the number of issued shares of common stock resulting from such capital adjustment, or other increase or decrease in the number of such Shares effected without receipt of consideration by the Corporation.

9. EXPENSES OF THE PLAN

All costs and expenses of the adoption and administration of the Plan shall be borne by the Corporation, and none of such expenses shall be charged to any Participant.

No awards may be granted on or after the ten (10) year anniversary date of the Plan.

11. CHOICE OF LAW

The validity, interpretation and administration of the Plan and of any rules, regulations, determinations or decisions made thereunder, and the rights of any and all persons having or claiming to have any interest therein or thereunder, shall be determined exclusively in accordance with the laws of the Commonwealth of Pennsylvania.

12. AMENDMENTS AND TERMINATION OF PLAN AND MISCELLANEOUS MATTERS

12.1 Subject to requirement of Section 12.2 hereof, the Board of Directors, without further approval by the Corporation's shareholders, may amend, terminate or suspend the Plan at any time, in its sole and absolute discretion; *provided, however*, that if required to qualify the Plan under Rule 16b-3 promulgated under Section 16, no amendment shall be made more than once every six months that would change the amount, price or timing of Options granted under the Plan, other than to comport with changes in the Code, or the rules and regulations promulgated thereunder; provided, further, that if required to qualify the Plan under Rule 16b-3 issued pursuant to the Exchange Act, no amendment that would materially modify the requirements as to eligibility for participation in the Plan shall be made without the approval of the Corporation's shareholders. Subject to the foregoing requirements, the Board of Directors is authorized to make amendments to the Plan, as well as modifications to the Plan that may be dictated by requirements of federal or state laws applicable to the Corporation or that may be authorized or made desirable by such laws.
