**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrator of the

Bryn Mawr Thrift and Savings Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of Bryn Mawr Thrift and Savings Plan (the Plan) at December 31, 2003 and 2002, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## **1. Description of the Plan**

### **General**

The following description of the Bryn Mawr Bank Corporation Thrift and Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions. The Plan is a defined contribution plan under which all employees of Bryn Mawr Bank Corporation (the Corporation) and its wholly-owned subsidiaries, including The Bryn Mawr Trust Company (the Bank), (collectively, the Company) who meet certain service requirements are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

### **Contributions**

Employees can voluntarily contribute through payroll deduction from 1% to 16% of their base annual pay on a pre-tax basis, subject to certain limitations. Such contributions are matched dollar for dollar by the Company to a maximum of 3% of the participant's base annual pay. In addition, the Board of Directors may, at their discretion, authorize an additional contribution based on the Company's profitability. There were no additional contributions made in 2003 or 2002. The participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers the Corporation's common stock, two common trust funds administered by the Bank, one money market fund and four mutual funds, as investment options for participants. The matching Corporation contribution is allocated among the investment options based upon the elections made by the participants.

Effective January 1, 2003, employment on the last day of the calendar quarter was no longer required for a participant to receive a matching contribution for that quarter if the participant met certain criteria. Effective April 1, 2004, that criteria was modified. See the Plan Agreement for more details.

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

The financial statements of the Plan are prepared under the accrual method of accounting.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Investments in common trust funds ( funds ) are stated at estimated fair values, which have been

**Table of Contents****Bryn Mawr Bank Corporation****Thrift And Savings Plan****Notes to Financial Statements****December 31, 2003 and 2002**

determined based on the unit values of the funds. Unit values are determined by the Bank by dividing the fund's net assets at fair value by its units outstanding at the valuation dates. The Corporation stock is valued at its quoted market price.

Purchases and sales of investments are reflected on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

**Payment of Benefits**

Benefits are recorded when paid.

**Reclassification**

Certain items in the prior year's financial statements have been reclassified for comparative purposes.

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2003 and 2002.

**4. Withdrawals**

Participants are 100% vested in the underlying equity in their account, including employer contributions. Participants who terminate from the Plan have distributed to them all vested funds.

Participant contributions and accumulated earnings are restricted as to withdrawal except in the case of hardship as defined by the Internal Revenue Code. Such withdrawals will be subject to a 10% withdrawal penalty to the participant.

**5. Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**6. Participants Loan Fund**

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50 percent of their account balance. Current Loan terms range from 1-5 years or up to 10 years in certain instances. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through bi-weekly payroll deductions.

**7. Payment of Benefits**

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum equal to the value of the participant's vested interest in his or her account or annual payments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

**8. Federal Income Taxes**

## Edgar Filing: BRYN MAWR BANK CORP - Form 11-K

The Internal Revenue Service has determined and informed the Company by a letter dated September 12, 2002, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable provisions of the IRC.

### **9. Related-Party Transactions**

Certain Plan investments are common trust funds managed by the Company as well as shares of stock issued by the Company. The Company is the Trustee as defined by the Plan and therefore, these transactions qualify as party-in-interest transactions.

**10. Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investments securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
