TO: All IMCO Recycling Inc

FROM: Jim Madden

SUBJECT: Integration Progress Update

Following is an update from Steve Demetriou.

Dear Fellow Commonwealth and IMCO Employees:

I would like to provide an update on our integration planning process for the various operating and functional teams. Each of the teams met over the past few weeks to begin the development of their integration plan for IMCO and Commonwealth. The progress to date reaffirms my confidence that we will be able to begin integration of the companies and operate the combined company in an efficient manner when the merger closes. I am please to report that our pre-merger notification under the Hart-Scott-Rodino Antitrust Improvement Act was approved. IMCO filed a Form S-4 merger registration with the Securities and Exchange Commission and we expect initial comments back in late August.

The integration teams met in Dallas on July 28, with their initial high-level summaries of design issues and potential synergies. Examples of team initiatives include: critical operational items for Day 1 of the combined company, organization design, overarching aspiration/strategic direction, key issues to review with the steering committee and timetable for key milestones.

The next meeting will be held on August 19 in Louisville, Kentucky to further organization design, provide additional detail on projected synergy timing and approximate cost of implementation, complete and address preparedness for Day 1 implementation and identification of the primary differences among each of the companies policies.

In the past few weeks I visited the Dallas headquarters, the Lewisport, Kentucky operating facility, the U.S. Zinc headquarters/operations in Houston, Texas and operations in Coldwater, Michigan. I am enjoying meeting each of you in person and am really impressed with the eagerness displayed to generate synergies for the new combined company. I plan to continue to visit various facilities to familiarize myself with the employees and operations of IMCO and Commonwealth. Please do not hesitate to contact me for my current schedule to visit your facility or better yet for an invite!

MEMORANDUM

I am also pleased to announce we have received over 1,200 entries in our name the new company contest. The steering committee is in the process of selecting a short list of names for the trademark attorney to research. We expect to announce the name prior to closing of the proposed merger. We appreciate your enthusiasm and participation in the program.

We will continue our communication of the integration process but in the meantime if you have a question please contact Commonwealth at 1-800-631-6883. The IMCO number is 1-800-361-4626. You can also email Commonwealth at answersatcii@ciionline.com and we will get back to you with answers. IMCO's email address is answerline@imcorecycling.com. We may not have all the answers to your questions now, but please be assured that we will share information with you on a regular basis.

I want to stress how impressed I am with the can do spirit of both companies and the desire to build a world class company in our industry. As we move through this process, we must keep our focus on meeting the needs of our customers and delivering value to them and to our shareholders. I appreciate your enthusiasm and hard work.

Best regards,

Steve Demetriou
