-

Item 2.01. Acquisition or Disposition of Assets.

Item 3.02. Unregistered Sales of Equity Securities.

On April 27, 2005, Bottomline Technologies Limited, an indirect wholly-owned subsidiary of Bottomline Technologies (de), Inc. (the Registrant), acquired all the outstanding share capital of HMSL Group Limited (HMSL), a private company with operations in the United Kingdom. The acquisition was completed pursuant to a Share Purchase Agreement for the sale and purchase of all the issued share capital of HMSL from the shareholders of HMSL. The consideration for the acquisition was £4,000,000 (approximately \$7.6 million) and 184,956 shares of authorized but previously unissued shares of common stock, \$0.001 par value per share, of the Registrant (the Common Stock). The market value of the Common Stock was approximately \$2.1 million, as measured on the date of acquisition. The shares of Common Stock were offered and issued pursuant to Regulation D promulgated under the Securities Act of 1933, as amended, based in part upon representations of the HMSL shareholders in the Share Purchase Agreement.

Upon consummation of the transaction contemplated by the Share Purchase Agreement, HMSL became an indirect wholly-owned subsidiary of the Registrant. HMSL provides organizations with the ability to streamline financial processes by outsourcing the front-end of their accounts payable function.

To the knowledge of the Registrant, none of the Registrant, any affiliate, director, officer, or any associate of any director or officer of the Registrant had any material relationship with the shareholders of HMSL prior to the acquisition.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.
