PROXY STATEMENT

FOR THE

ANNUAL MEETING OF SHAREHOLDERS

To Be Held On May 8, 2006

General

Our Board of Directors is furnishing this proxy statement and the accompanying Annual Report to Shareholders, notice of annual meeting and proxy card in connection with its solicitation of proxies for use at our 2006 annual meeting of shareholders or any adjournment thereof. The annual meeting will be held on Monday, May 8, 2006, beginning at 10:00 a.m., Pacific Daylight Time at the following location:

Nautilus World Headquarters

16400 SE Nautilus Drive

Vancouver, Washington 98683

We are bearing all expenses associated with this solicitation. Our officers or regular employees, without additional remuneration, may follow this written proxy solicitation with personal solicitation of shareholders in person or by telephone or facsimile transmission. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. We reserve the right to retain an outside proxy solicitation firm; the expense of which we estimate will not exceed \$10,000.

Our Board of Directors has designated the two persons named on the enclosed proxy card, Gregory C. Hammann and William D. Meadowcroft, to serve as proxies in connection with the annual meeting. These proxy materials and the accompanying Annual Report to Shareholders are being mailed on or about April 4, 2006 to our shareholders of record as of March 9, 2006.

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

Our principal executive offices are located at 16400 SE Nautilus Drive, Vancouver, Washington 98683. As used in this proxy statement, the terms we, our, us, Nautilus, and Company refer to Nautilus, Inc. and its subsidiaries.

Revocability of Proxies

You may revoke any proxy you execute at any time prior to its use at the annual meeting by:

delivering written notice of revocation to our Secretary;

delivering an executed proxy bearing a later date to our Secretary; or

attending the annual meeting and voting in person.

Record Date

Our Board of Directors has fixed the close of business on March 9, 2006 as the record date for determining which of our shareholders are entitled to notice of and to vote at the annual meeting. At the close of business on the record date, 32,800,986 shares of our common stock were outstanding.

Table of Contents

Voting; Quorum

Each share of common stock outstanding on the record date is entitled to one vote per share at the annual meeting. Shareholders are not entitled to cumulate their votes. The presence, in person or by proxy, of the holders of a majority of our outstanding shares of common stock is necessary to constitute a quorum at the annual meeting.

Vote Required to Approve the Proposals

If a quorum is present at the annual meeting:

(i) the nine nominees who receive the greatest number of votes cast for the election of directors by the shares present and voting in person or by proxy will be elected as directors; and

(ii) the ratification of Deloitte & Touche LLP as our registered independent public accounting firm will be approved if the number of votes cast in favor of the proposal exceeds the number of votes cast against it.

Effect of Abstentions

If you abstain from voting, your shares will be deemed present at the annual meeting for purposes of determining whether a quorum is present. Directors are elected by a plurality of the votes cast and only votes cast in favor of a nominee will have an effect on the outcome. Therefore, abstention from voting will not affect the outcome of the election. Abstentions will also not affect the outcome of the proposal to ratify Deloitte & Touche LLP as our registered independent public accounting firm.

Effect of Broker Non-Votes

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to the proposals to be voted upon at the annual meeting of shareholders. Thus, if you do not give your broker or nominee specific voting instructions, your shares may not be voted on these matters. Such broker non-votes will be counted for determining whether there is a quorum, but will not be counted as votes for or against. Thus broker non-votes will not have any effect on the election of directors or the ratification of Deloitte & Touche LLP as our registered independent public accounting firm.

Proxy Procedure

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

When a proxy card is properly dated, executed and returned, the shares it represents will be voted at the annual meeting in accordance with the instructions specified in the proxy. If no specific instructions are given, the shares will be voted FOR the election of the director nominees described below, and FOR the ratification of Deloitte & Touche LLP as our registered independent public accounting firm. If other matters come before the annual meeting, the persons named in the accompanying proxy will vote in accordance with their best judgment with respect to such matters.

CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS

Director Independence and Lead Independent Director

The Board of Directors has determined that the director nominees standing for election, with the exception of Gregory C. Hammann, our Chief Executive Officer, are each an independent director for purposes of the Company's Corporate Governance Guidelines and Section 303A.02 of the Listed Company Manual of the New York Stock Exchange, and that each such person is free of any relationship that would interfere with the individual exercise of independent judgment. The Board of Directors has further determined that each member of the three committees of the Board of Directors meets the independence requirements applicable to those committees prescribed by the Listed Company Manual and the Securities and Exchange Commission, including Rule 10A-3(b)(1) under the Securities Exchange Act of 1934 (the Exchange Act) related to audit committee member independence.

Peter A. Allen has served as the Lead Independent Director pursuant to the Company's Corporate Governance Policies since March 2004. The Lead Independent Director presides at the executive sessions of the Board of Directors and reviews and consults with the Chairman and Chief Executive Officer concerning the agenda for each regular meeting of the Board. In fulfilling its duties, the Compensation Committee, among other things shall:

(a) (i) review and approve on an annual basis the corporate goals and objectives with respect to compensation for the chief executive officer, (ii) evaluate the chief executive officer's performance in light of these established goals and objectives, and (iii) based upon these evaluations, set the chief executive officer's annual compensation, including salary, bonus, incentive and equity compensation;

(b) (i) review and approve on an annual basis the evaluation process and compensation structure for the Company's senior executive officers, (ii) evaluate the performance of the Company's senior executive officers, and (iii) approve the annual compensation, including salary, bonus, incentive and equity compensation, for such senior executive officers;

(c) review the Company's stock option and other stock-based plans and recommend changes in such plans to the Board as needed; and

Table of Contents

The Nominating and Corporate Governance Committee will consider recommendations for directorships submitted by shareholders. Shareholders who wish the Nominating and Corporate Governance Committee to consider their recommendations for nominees for the position of Director should submit their recommendations in writing to the Nominating and Corporate Governance Committee, Attention: Chairman, Nautilus, Inc., 16400 SE Nautilus Drive, Vancouver, WA 98683. Recommendations by shareholders that are made in accordance with these procedures will receive the same consideration given to nominees of the Nominating and Corporate Governance Committee.

Nominees may be suggested by directors, members of management, shareholders or, in some cases, by a third party firm. In identifying and considering candidates for nomination to the Board of Directors, the Nominating and Corporate Governance Committee considers a candidate's quality of experience, the needs of the Company and the range of talent and experience represented on the Board. In evaluating particular candidates, the Committee will review the nominee's personal and professional integrity, judgment, experience, and ability to serve the long-term interest of the shareholders. The Committee will also take into account the ability of a Director to devote the time and effort necessary to fulfill his or her responsibilities.

The Nominating and Corporate Governance Committee is composed of Peter A. Allen (Chairman), Donald W. Keeble, Frederick T. Hull and Diane L. Neal. In 2005, The Nominating and Corporate Governance Committee met seven (7) times.

All Board members are expected to prepare for, attend and participate in meetings of the Board and of committees on which they serve. The Board of Directors does not currently have a specific policy with regard to attendance of Board members at our annual meeting of shareholders; however, we attempt to hold a regularly scheduled Board meeting in conjunction with our annual meeting of shareholders.

Our Board of Directors unanimously recommends a vote **FOR** each of the nominees named in this proxy statement.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF REGISTERED INDEPENDENT PUBLIC

ACCOUNTING FIRM

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

The Audit Committee has appointed Deloitte & Touche LLP (Deloitte & Touche) as our registered independent public accounting firm to audit our consolidated financial statements for 2006. Although we are not required to seek shareholder approval of this appointment, the Board has determined it to be sound corporate governance to do so. If the appointment is not ratified by shareholders, the Audit Committee will investigate the possible bases for the negative vote and will reconsider the appointment in light of the results of its investigation.

Table of Contents

We employed Deloitte & Touche as our registered independent public accounting firm during 2005 and 2004. There have been no disagreements with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Deloitte & Touche, would have caused Deloitte & Touche to make reference to the matter in their report. A representative of Deloitte & Touche is expected to be present at the annual meeting. The representative will be given the opportunity to make a statement on behalf of Deloitte & Touche if the representative so desires, and the representative will be available to respond to appropriate shareholder questions.

We understand the need for Deloitte & Touche to maintain objectivity and independence in its audit of our financial statements. To minimize relationships that could appear to impair the objectivity of Deloitte & Touche, our Audit Committee has restricted the non-audit services that Deloitte & Touche may provide. These determinations are among the key practices adopted by the Audit Committee in its Policies and Procedures for the Approval of Audit and Non-audit Services Provided by the Independent Auditor, effective April 2003.

Under these policies, with Audit Committee pre-approval, the Company may use Deloitte & Touche for the following categories of non-audit services: merger and acquisition due diligence and audit services; tax services; internal control reviews; employee benefit plan audits; and reviews and procedures that the Company requests Deloitte & Touche to undertake to provide assurances on matters not required by laws or regulations.

The aggregate fees billed for professional services by Deloitte & Touche in 2005 and 2004 for these various services were approximately:

Type of Fees	2005	2004
Audit Fees	\$ 1,408,000	\$ 829,000
Audit-Related Fees	109,000	64,000
Tax Fees	72,000	123,000
All Other Fees	182,000	
Total	\$ 1,771,000	\$ 1,016,000

Audit fees are fees we paid Deloitte & Touche for professional services for the audit of our consolidated financial statements included in Form 10-K and review of financial statements included in Form 10-Qs, or for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements including the audit required by Section 404 of the Sarbanes-Oxley Act of 2002. Audit-related fees are fees billed by Deloitte & Touche for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements. Tax fees are fees for tax compliance, tax advice, and tax planning. All other fees are fees billed by Deloitte & Touche to us for any services not included in the first three categories. None of the services disclosed above under Audit Related Fees, Tax Fees, or All Other Fees were approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

The Audit Committee believes that the foregoing expenditures are compatible with maintaining the independence of the Company's registered independent public accounting firm.

Board Recommendation

Our Board of Directors unanimously recommends a vote **FOR** the ratification of the Audit Committee's appointment of Deloitte & Touche as our registered independent public accounting firm.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based solely on a review of copies of such forms furnished to us and written representations from executive officers, directors and 10% shareholders, we believe that all Section 16(a) filing requirements during 2005 were met, except that Stephen Eichen failed to timely file a Form 4 to reflect stock transactions covering 323 shares of common stock.

Employment Contracts, Termination of Employment and Change-In-Control Arrangements General

Each of our Named Executive Officers has entered into an employment agreement with the Company. The salary under each of these agreements is set each year by the Board of Directors and is listed above in the Summary Compensation Table. The executives are also entitled to reimbursement for reasonable out-of-pocket expenses. The Company may terminate any of the employment agreements by providing the executive with between 3 and 12 months notice of such termination depending on the specific agreement. Upon the receipt of such notice, the Company may elect to employ the Executive Officer during the notice period or terminate employment immediately. In the event that the Company elects to terminate the Executive Officer for reasons other than cause as defined in the employment agreement, all unpaid salary that would have been paid to the executive during the remaining term of his employment would become immediately due and payable.

Employment Contracts, Termination of Employment and Change-In-Control Arrangements President and Chief Executive Officer

In addition to the employment terms applicable to all our Named Executive Officers, our President and Chief Executive Officer, Gregory C. Hammann, is entitled to certain other payments and benefits under the terms of his employment agreement with the Company, dated December 1, 2005. The following is a summary of these terms.

Annual Bonus. Mr. Hammann's 2004 and 2005 annual bonuses were not a fixed amount, but were determined in the same manner as bonuses paid to our other executive officers. Mr. Hammann earned a \$200,000 annual bonus for 2004 and none for 2005.

Relocation Bonus. Mr. Hammann was paid a one-time \$1,000,000 relocation bonus that vests in equal annual installments over a three-year period. In the event that prior to July 2, 2006 Mr. Hammann is terminated for cause or terminates his employment for reasons other than certain Company acts outlined in the employment agreement, the unvested portion must be repaid to the Company.

Stock Options. Upon joining the Company in 2003, Mr. Hammann was granted stock options with an exercise price of \$8.39 per share for 850,000 shares of common stock that vest in equal annual installments over a five-year period. The exercise price is \$2.00 less than the closing price of the shares on the day before the grant date. Due to law changes under the American Jobs Creation Act of 2004, on December 31, 2005 this stock option was amended to increase the price per share to \$10.39 on any stock option vesting on or after January 1, 2005. During the remaining vesting period, Nautilus will make a payment to Mr. Hammann on each subsequent vesting date in an amount equal to \$2 multiplied by the number of shares that vest on such date.

Performance Unit Award. Mr. Hammann was granted a performance unit award on December 1, 2005 that entitles him to receive 62,500 shares of the Company's common stock if, for any completed fiscal year ending on or before December 31, 2011, he is employed by the Company on the last day of such fiscal year, and the Company's earnings per share for such fiscal year equal or exceed two dollars (\$2.00). The year in which the Performance Goal for the Initial Award is achieved is referred to as the Initial Award Year.

In addition, Mr Hammann received a second performance unit award on December 1, 2005 that entitles him to receive 62,500 additional shares of the Company's common stock if the performance goal for the Initial Award Year is achieved and the Company's earnings per share in the fiscal year immediately following the Initial Award Year increase by 10% or more over the earnings per share of the Initial Award Year.

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

Termination Without Cause. Should Mr. Hammann be terminated by the Company without cause or should Mr. Hammann terminate his employment in response to certain acts by the Company described in the employment agreement, Mr. Hammann is entitled to receive his base salary accrued through the date of termination plus severance equal to twenty four months base salary. The Company will also continue health

benefits for Mr. Hammann and his covered dependents, at active-employee premium rates, during the period in which he is entitled to severance payments. Furthermore, Mr. Hammann will receive a pro-rated bonus payment for the portion of the fiscal year completed prior to the termination, calculated on the basis of the average bonus paid to Mr. Hammann in the three preceding fiscal years. In addition, the stock option exercisable for up to 850,000 shares of common stock that was granted to Mr. Hammann when he joined the Company in 2003 (the Initial Option Award) will continue to vest as if Mr. Hammann had remained employed during the twenty four-month period in which he is entitled to receive severance pay. The Initial Option Award will also be exercisable for fifteen months after the date of termination of employment as to the shares vested on or before such date of termination and for fifteen months after the date of vesting as to shares vesting after the date of termination.

Termination for Cause. If the Company terminates Mr. Hammann's employment for cause, upon the death or disability of Mr. Hammann, or if Mr. Hammann terminates his employment for reasons other than the Company acts outlined in Mr. Hammann's agreement, the Company shall have no payment obligations other than Mr. Hammann's base salary accrued through the date of termination, and all further stock option vesting shall cease as of the date of termination.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee of the Board of Directors is composed of Peter A. Allen (Chairman), Donald W. Keeble and Diane L. Neal. All members of the Compensation Committee are non-employee, outside directors. Although Mr. Hammann, current President, Chief Executive Officer and Chairman of the Board, participated in compensation discussions during 2005, he did not participate in any deliberations or decisions regarding this own compensation.

REPORT ON EXECUTIVE COMPENSATION *

The Compensation Committee of the Board of Directors administers our executive compensation program. The purpose of the Compensation Committee is to discharge the responsibilities of the Company's Board of Directors relating to compensation of the Company's executives, and to produce an annual report on executive compensation for inclusion in the Company's proxy statement, in accordance with applicable rules and regulations.

As part of its mandate, the Compensation Committee is responsible for: (1) determining the most effective overall executive compensation strategy based upon our needs and consistent with shareholder interests; (2) administering our executive compensation program and policies; (3) monitoring our performance and its relationship to executive compensation; and (4) reviewing and making appropriate changes to executive compensation as warranted.

Compensation Philosophy

The Company's executive compensation program is designed to encourage, compensate and reward employees on the basis of individual and corporate performance, both in the short and long term. Each executive compensation package is comprised of a base salary and an annual incentive bonus tied to corporate and individual performance and is supplemented by long-term incentives in the form of stock options. The Compensation Committee believes that this compensation program increases the mutuality of interest between our executive officers and shareholders.

Base Salary. The Compensation Committee sets base salaries for its executive officers at levels it believes are competitive with the base salaries paid by leading, comparably sized public companies in the healthy lifestyle products and retail industries. The Compensation Committee approves base salary ranges for our executive officers based on reviews of market data from peer group, industry and national surveys. Within each range, the

Table of Contents

Compensation Committee establishes a base salary for each executive officer based on individual performance, the executive officer's level of responsibility and the importance of the position to us.

Annual Bonus. In the first quarter of each year, the Board of Directors establishes target corporate performance goals based on actual earnings per share and other significant factors, such as cash management, strategic business development and personnel management. At the end of each year, the Board of Directors evaluates corporate performance in light of these goals. If we meet or surpass the pre-established performance goals, the Compensation Committee generally will award a bonus to each executive officer equal to between 40% and 100% of his or her base salary. However, the Compensation Committee has absolute discretion in awarding annual bonuses and may award greater or lesser annual bonuses to one or more executive officers, whether or not the Company achieves its performance goals.

Stock Options. The Compensation Committee views stock options as the key long-term element in its performance-based executive compensation program. The Compensation Committee grants stock options to executive officers based on the Board's estimation of each executive officer's contribution to our long-term growth and profitability. As of June 2005, the Compensation Committee grants stock options to an executive officer with an exercise price equal to the market price on the day before the grant date and vests in one-fourth increments over a four-year period. See "Option Grants in Last Fiscal Year" for a summary of options granted to our executive officers during 2005.

Performance Units. The Compensation Committee may also grant performance units to executive officers based on the Board's estimation of each executive officer's contribution to the Company's long-term growth and profitability. Generally, performance units entitle the executive to receive shares of the Company's common stock if the Company achieves specified long-term performance goals, such as targeted annual earnings per share.

Other Benefits. Executive officers participate in various broad-based employee benefit plans on substantially the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. We offer a 401(k) plan which allows employees to invest in an array of funds on a pre-tax basis and which provides for employer matching contributions of up to three percent of eligible compensation. We also maintain insurance and other benefits for our employees.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code of 1986 limits to \$1,000,000 per person the amount that we can deduct for compensation paid to any of our most highly paid officers in any year. With the exception of our President and Chief Executive Officer, we generally do not expect any of our employee's salary and bonus levels to exceed that limit. However, depending on individual and corporate performance, total compensation for certain executives may be greater than \$1,000,000. The limit on deductibility, however, does not apply to performance-based compensation that meets certain requirements. Our current policy is generally to grant stock options that meet those requirements so that we may properly deduct option compensation recognized by an optionee.

2005 Compensation of Chief Executive Officer

Greggory C. Hammann's compensation package was determined and approved by the Compensation Committee after consideration of chief executive compensation of comparably sized public companies in the healthy lifestyle products and retail industries, and in light of competitive practices among companies seeking to hire executives of Mr. Hammann's stature. In 2005, the Compensation Committee also retained an independent compensation consulting firm to act as an advisor in this process.

Edgar Filing: NAUTILUS, INC. - Form DEF 14A

Base Salary. The Compensation Committee determined and approved Mr. Hammann's 2005 annual salary of \$550,000. Mr. Hammann's salary was determined in the same manner as described in *Base Salary* above with respect to all officers. The Compensation Committee will review Mr. Hammann's base salary annually.

Table of Contents

Annual Bonus. In 2005 Mr. Hammann did not earn an annual bonus as determined and approved by the Compensation Committee in the same manner as described in Annual Bonus above with respect to all officers.

Stock Options. On January 31, 2005, Mr. Hammann was granted a stock option exercisable for 60,000 shares of common stock with an exercise price of \$20.73 per share, which vests in equal annual installments over a five-year period. The exercise price equals the closing price of our common stock on the day before the grant date.

Performance Unit Award. On December 1, 2005, Mr. Hammann was granted performance units which entitle him to receive a share of the Company's common stock for each performance unit, for any completed fiscal year in which certain targets are met. The Company's stock price on the date of the grant was \$17.70 per share and 125,000 performance units were issued and outstanding at December 31, 2005. The targets established are related to (1) the Company's Earnings Per Share reaching certain targets and (2) meeting or exceeding certain growth objectives in the Company's Earnings Per Share.

Other Benefits. Along with the other executive officers, our CEO participates in various broad-based employee benefit plans on substantially the same terms as eligible, non-executive employees, subject to any legal limits on the amounts that may be contributed or paid to executive officers under these plans. We offer a 401(k) plan which allows employees to invest in an array of funds on a pre-tax basis and which provides for employer matching contributions of up to three percent of eligible compensation. We also maintain insurance and other benefits for our employees. The Company's CEO also has a long-term disability and a life insurance policy as part of his compensation package.

STOCK PERFORMANCE GRAPH

Set forth below is a line graph and table comparing the cumulative total shareholder return of our common stock with the cumulative total return of the NYSE Composite Index and the S&P SmallCap 600 Index for the period commencing on May 5, 1999 (the date of our initial U.S. public offering) and ending on December 31, 2005. The S&P 600 Small Cap Index was chosen because we do not believe we can reasonably identify an industry index or specific peer issuer that would offer a meaningful comparison. The S&P SmallCap 600 Index represents a broad-based index of companies with similar market capitalization. Our common stock was added to the S&P SmallCap 600 on March 19, 2003.

The graph assumes that \$100 was invested in our common stock at the initial United States public offering price and each index on May 5, 1999. The comparisons in this table are set forth in response to Securities and Exchange Commission disclosure requirements, and therefore are not intended to forecast or be indicative of future performance of the common stock.
