Prospectus supplement summary

This summary highlights selected information contained or incorporated by reference in this prospectus supplement or the accompanying prospectus. As a result, it is not complete and does not contain all of the information that may be important to you or that you should consider when making an investment decision with respect to the notes. You should read the following summary in conjunction with the more detailed information contained in this prospectus supplement, the accompanying prospectus and the documents we have incorporated by reference, before making a decision to invest in the notes.

Costco Wholesale Corporation

Costco operates membership warehouses based on the concept that offering members low prices on a limited selection of nationally branded and selected private label products in a wide range of merchandise categories will produce high sales volumes and rapid inventory turnover. This rapid inventory turnover, when combined with the operating efficiencies achieved by volume purchasing, efficient distribution and reduced handling of merchandise in no-frills, self-service warehouse facilities, enables Costco to operate profitably at significantly lower gross margins than traditional wholesalers, discount retailers and supermarkets.

At February 8, 2007, Costco operated 504 warehouse clubs: 371 in the United States (in 38 states and Puerto Rico); 70 in Canada (in nine Canadian provinces); 19 in the United Kingdom; five in Korea; four in Taiwan; five in Japan; and 30 in Mexico through a joint venture.

Our principal executive office is located at 999 Lake Drive, Issaquah, Washington 98027 and our telephone number is (425) 313-8100.

Description of the notes

We are offering \$900,000,000 aggregate principal amount of our 5.300% Senior Notes due March 15, 2012 and \$1,100,000,000 aggregate principal amount of our 5.500% Senior Notes due March 15, 2017. The 2012 Notes and 2017 Notes will each constitute a series of senior debt securities described in the accompanying prospectus. This description supplements, and to the extent inconsistent therewith, replaces the descriptions of the general terms and provisions contained in "Description of Debt Securities" in the accompanying prospectus.

Each series of notes will be issued under a supplemental indenture amending and supplementing the first supplemental indenture dated as of March 20, 2002, by and between us and U.S. Bank National Association, as trustee (as so amended and supplemented, the "indenture"). We urge you to read the indenture because it, not the summaries below and in the accompanying prospectus, defines your rights. You may obtain a copy of the indenture from us without charge. See the section entitled "Where You Can Find Additional Information" in the accompanying prospectus.

The 2012 Notes

The 2012 Notes will mature on March 15, 2012, and will bear interest at 5.300% per annum from February 20, 2007, or from the most recent date to which interest has been paid or provided for, payable semi-annually in arrears to holders of record at the close of business on the March 1 and September 1 immediately preceding the interest payment date on March 15 and September 15 of each year, commencing September 15, 2007.

If any interest payment date, date of redemption or the maturity date of any of the 2012 Notes is not a business day, then payment of principal and interest will be made on the next succeeding business day. No interest will accrue on the amount so payable for the period from such interest payment date, redemption date or maturity date, as the case may be, to the date payment is made. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

The 2017 Notes

The 2017 Notes will mature on March 15, 2017, and will bear interest at 5.500% per annum from February 20, 2007, or from the most recent date to which interest has been paid or provided for, payable semi-annually in arrears to holders of record at the close of business on the March 1 and September 1 immediately preceding the interest payment date on March 15 and September 15 of each year, commencing September 15, 2007.

If any interest payment date, date of redemption or the maturity date of any of the 2017 Notes is not a business day, then payment of principal and interest will be made on the next succeeding business day. No interest will accrue on the amount so payable for the period from such interest payment date, redemption date or maturity date, as the case may be, to the date payment is made. Interest will be computed on the basis of a 360-day year of twelve 30-day months.

General

The notes do not contain any sinking fund provisions.

The notes will be issued only in registered form without coupons, in denominations of \$1,000 or integral multiples of \$1,000 thereof. No service charge will be made for any registration of transfer or any exchange of notes, but we may require payment of a sum sufficient to cover any transfer tax or similar governmental charge payable in connection therewith.

Table of Contents

The notes will be our unsecured and unsubordinated obligations ranking equally with our other outstanding unsecured and unsubordinated indebtedness. See Description of Debt Securities in the accompanying prospectus for a description of the rights under our debt securities, including the notes, under the indenture. At November 26, 2006, we had approximately \$515 million of senior unsecured indebtedness outstanding. In addition to the notes, we may issue other series of debt securities under the indenture. There is no limit on the total aggregate principal amount of debt securities that we can issue under the indenture.

We could enter into various transactions that could increase the amount of our outstanding indebtedness, or adversely affect our capital structure or credit ratings, or otherwise adversely affect holders of the notes. The indenture governing the notes does not generally prevent us from entering into a variety of acquisition, refinancing, recapitalization or other highly leveraged transactions. As a result, we could enter into any transaction even though the transaction could increase the total amount of our outstanding indebtedness, adversely affect our capital structure or credit ratings or otherwise adversely affect the holders of the notes.

We are obligated to purchase debt securities upon a change in control

In the event of a Change of Control Triggering Event, unless we have exercised our right to redeem the notes as described below, you will have the right, at your option, subject to the terms and conditions of the indenture to require us to purchase for cash any or all of your notes in integral multiples of \$1,000 original principal amount. We will purchase the notes at a price equal to 101% of the principal amount of the notes to be purchased plus accrued and unpaid interest to, but excluding, the change in control purchase date, if any (the Change of Control Payment).

Within 15 days following any Change of Control Triggering Event, we must mail a written notice to the trustee and every holder of notes describing the transaction or transactions that constitute the Change of Control Triggering Event. The notice must also be published at least once in an authorized newspaper, as defined in the indenture, and must state:

the events causing the Change of Control Triggering Event and the date of the Change of Control Triggering Event;

the date by which notice of the Change of Control Triggering Event is required by the indenture to be given;

the date, which will be no earlier than 30 days and no later than 60 days after the date notice of the occurrence of the Change of Control Triggering Event is mailed, by which we must purchase the notes we are obligated to purchase pursuant to the selling holder s exercise of rights on Change of Control (the Change of Control Payment Date);

the price we must pay for the notes we are obligated to purchase;

the name and address of the trustee;

the procedure for surrendering notes to the trustee or other designated office or agency for payment;

a statement of our obligation to make prompt payment on proper surrender of the notes;

the procedure for holders exercise of rights of sale of the notes; and

the procedures by which a holder may withdraw such a tender after it is given.

S-7

Table of Contents

On the Change of Control Payment Date, we will be obligated, to the extent lawful, to:

accept for payment all notes or portions of notes properly tendered;

deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions of notes properly tendered; and

deliver or cause to be delivered to the trustee the notes properly accepted together with an officers certificate stating the aggregate principal amount of notes or portions of notes being purchased.

We will not purchase any notes if there has occurred and is continuing at the payment date an event of default under the indenture, other than default in payment of the purchase price payable for the notes upon a Change of Control Triggering Event. In connection with any purchase of notes after a Change of Control Triggering Event, we will comply with all federal and state securities laws, including, specifically, Rule 13e-4, if applicable, under the Securities Exchange Act of 1934, and any related Schedule 13E-4 required to be submitted under that rule.

For purposes of the foregoing discussion of a repurchase at the option of holders, the following definitions are applicable:

Below Investment Grade Rating Event means the notes are rated below an Investment Grade Rating by each of the Rating Agencies (as defined below) on any date from the date of the public notice of an arrangement that would if consummated result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of the senior notes is under publicly announced consideration for possible downgrade by any of the Rating Agencies).

Change of Control means the occurrence of any of the following: (1) any event requiring the filing of any report under or in response to Schedule 13D or 14D-1 pursuant to the Securities Exchange Act of 1934 disclosing beneficial ownership of either 50% or more of our common stock then outstanding or 50% or more of the voting power of our voting stock then outstanding; (2) the completion of any sale, transfer, lease, or conveyance of our properties and assets substantially as an entirety to any person or persons that is not our subsidiary, as those terms are defined in each indenture; (3) the completion of a consolidation or merger of Costco with or into any other person or entity in a transaction in which either we are not the sole surviving corporation or our common stock existing before the transaction is converted into cash, securities or other property and in which those exchanging our common stock do not, as a result of the transaction, receive either 75% or more of the survivor's common stock or 75% or more of the voting power of the survivor's voting stock or (4) the first day on which a majority of the members of our Board of Directors are not Continuing Directors.

Change of Control Triggering Event means the occurrence of both a Change of Control and a Below Investment Grade Rating Event.

Continuing Directors means, as of any date of determination, any member of our Board of Directors who (1) was a member of such Board of Directors on the date of the supplemental indenture creating the notes; or (2) was nominated for election or elected to such Board of Directors with the approval of a majority of the Continuing Directors who were members of such Board of Directors at the time of such nomination or election (either by a specific vote or by approval of our proxy statement in which such member was named as a nominee for election as a director, without objection to such nomination).

Table of Contents

Investment Grade Rating means a rating equal to or higher than Baa3 (or the equivalent) by Moody's and BBB- (or the equivalent) by S&P.

Moody's means Moody's Investors Service, Inc.

Rating Agencies means (1) each of Moody's and S&P; and (2) if either of Moody's or S&P ceases to rate the notes or fails to make a rating of the notes publicly available for reasons outside of our control, a nationally recognized statistical rating organization within the meaning of Rule 15c3-1(c)(2)(vi)(F) under the Exchange Act, selected by us (as certified by a resolution of our Board of Directors) as a replacement agency for Moody's or S&P, or both of them, as the case may be.

S&P means Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc.

Additional notes

We may, without the consent of the holders of the notes, create and issue additional notes ranking equally with either series of notes in all respects, including having the same CUSIP number of such series, so that such additional notes shall be consolidated and form a single series with such notes and shall have the same terms as to status or otherwise as such notes. No additional notes may be issued if an event of default has occurred and is continuing with respect to such series of notes.

Optional redemption

We may, at our option, at any time and from time to time redeem all or any portion of the notes on not less than 30 nor more than 60 days' prior notice mailed to the holders of such notes to be redeemed. The notes will be redeemable at a redemption price, plus accrued interest to the date of redemption, equal to the greater of (1) 100% of the principal amount of the notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest on the notes to be redeemed that would be due after the related redemption date but for such redemption (except that, if such redemption date is not an interest payment date, the amount of the next succeeding scheduled interest payment will be reduced by the amount of interest accrued thereon to the redemption date), discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months). The discount rate for the 2012 Notes will be the Treasury Rate plus 10 basis points and the discount rate for the 2017 Notes will be the Treasury Rate plus 15 basis points.

Treasury Rate means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity (computed as of the second business day immediately preceding such redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes of the relevant series. **Independent Investment Banker** means one of the Reference Treasury Dealers appointed by us.

Comparable Treasury Price means, with respect to any redemption date, (1) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of

Table of Contents

its principal amount) on the third business day preceding such redemption date, as set forth in the daily statistical release (or any successor release) published by the Federal Reserve Bank of New York and designated Composite 3:30 p.m. Quotations for U.S. Government Notes or (2) if such release (or any successor release) is not published or does not contain such prices on such business day, (a) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (b) if the trustee obtains fewer than four such Reference Treasury Dealer Quotations, the average of all Quotations obtained.

Reference Treasury Dealer means J.P. Morgan Securities Inc., or its successor, and two other nationally recognized investment banking firms that are Primary Treasury Dealers specified from time to time by us, except that if any of the foregoing ceases to be a primary U.S. Government securities dealer in New York City (a Primary Treasury Dealer), we are required to designate as a substitute another nationally recognized investment banking firm that is a Primary Treasury Dealer.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the trustee, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the trustee by such Reference Treasury Dealer as of 3:30 p.m., New York City time, on the third business day preceding such redemption date.

On and after any redemption date, interest will cease to accrue on the notes called for redemption. Prior to any redemption date, we are required to deposit with a paying agent money sufficient to pay the redemption price of and accrued interest on the notes to be redeemed on such date. If we are redeeming less than all the notes of a series, the trustee under the indenture must select the notes to be redeemed by such method as the trustee deems fair and appropriate in accordance with methods generally used at the time of selection by fiduciaries in similar circumstances.

Book-entry system

Upon issuance, each series of notes will be represented by one or more fully registered global certificates, each of which we refer to as a global security. Each such global security will be deposited with, or on behalf of, the Depository Trust Company or DTC, and registered in the name of DTC or a nominee thereof. Unless and until it is exchanged in whole or in part for notes in definitive form, no global security may be transferred except as a whole by DTC to a nominee of DTC or by a nominee of DTC to DTC or another nominee of DTC or by DTC or any such nominee to a successor of DTC or a nominee of such successor. Accountholders in the Euroclear or Clearstream Banking clearance systems may hold beneficial interests in the notes through the accounts that each of these systems maintains as a participant in DTC.

A description of DTC's procedures with respect to the global securities is set forth in the section Book-Entry Securities in the accompanying prospectus.

Table of Contents

Underwriting

We are selling the entire principal amount of the notes to J.P. Morgan Securities Inc. (the underwriter) pursuant to an underwriting agreement dated February 13, 2007.

Under the terms and conditions of the underwriting agreement, if the underwriter takes any of the notes, then it is obligated to take and pay for all of the notes.

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange. The underwriter has advised us that it intends to make a market in the notes, but it has no obligation to do so. The underwriter may discontinue market making at any time without providing any notice. We cannot give any assurance as to the liquidity of any trading market in the notes.

The underwriter proposes to offer the notes from time to time for sale in negotiated transactions, or otherwise, at varying prices to be determined at the time of each sale. In connection with the sale of the notes, the underwriter may be deemed to have received compensation from us in the form of underwriting discounts.

We have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments which the underwriter may be required to make in respect of such liabilities.

In connection with the offering of the notes, the underwriter may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, the underwriter may overallocate in connection with the offering of the notes, creating a short position in the notes for its own account. In addition, the underwriter may bid for, and purchase, notes in the open market to cover short positions or to stabilize the price of the notes. Finally, the underwriter may reclaim selling concessions allowed for distributing the notes in the offering, if the underwriter repurchases previously distributed notes in transactions to cover short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the notes above independent market levels. The underwriter is not required to engage in any of these activities and may end any of these activities at any time.

We expect that delivery of the notes will be made against payment therefor on or about the delivery date specified on the cover page of this prospectus supplement, which will be the fourth business day following the date of pricing of the notes (this settlement cycle being referred to as T+4). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to that trade expressly agree otherwise. Accordingly, purchasers who wish to trade notes on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the notes initially will settle in T+4, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisors.

We estimate that we will spend approximately \$2,000,000 for printing, ratings agency, trustee and legal fees, and other expenses related to this offering.

In the ordinary course of their respective businesses, the underwriter and its affiliates engage in, and may in the future engage in, commercial banking and/or investment banking transactions and/or advisory services with us and our affiliates.

Table of Contents

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive, each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Member State it has not made and will not make an offer of notes to the public in that Member State, except that it may, with effect from and including such date, make an offer of notes to the public in that Member State:

at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;

at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than 43,000,000; and (3) an annual net turnover of more than 50,000,000, as shown in its last annual or consolidated accounts; or

at any time in any other circumstances which do not require the publication by us of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of the above, the expression an offer of notes to the public in relation to any notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in that Member State.

United Kingdom

Each underwriter has represented and agreed that it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000) in connection with the issue or sale of the notes in circumstances in which Section 21(1) of such Act does not apply to us and it has complied and will comply with all applicable provisions of such Act with respect to anything done by it in relation to any notes in, from or otherwise involving the United Kingdom.

Legal matters

The validity of the notes will be passed upon for us by Heller Ehrman LLP, Seattle, Washington, and for the underwriters by Latham & Watkins LLP, Los Angeles, California.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference contain certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 with respect to financial condition, results of operations, and other matters. Statements in this prospectus, including those incorporated by reference, that are not historical facts are forward-looking statements for the purpose of the safe harbor provided by Section 21E of the Exchange Act and Section 27A of the Securities Act of 1933, as amended (the Securities Act). Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words, such as expects, anticipates, intends, plans, believes, seeks, estimates, or words of similar meaning, or future or conditional verbs, such as should, could, or may.

Forward-looking statements provide our expectations or predictions of future conditions, events or results. They are not guarantees of future performance. By their nature forward-looking statements are subject to risks and uncertainties. These statements speak only as of the date they are made. We do not undertake to update forward-looking statements to reflect the impact of circumstances or events that arise after the date the forward-looking statements were made. There are a number of factors, many of which are beyond our control, that could cause actual conditions, events or results to differ significantly from those described in the forward-looking statements. The factors are generally described in our most recent Form 10-K and Form 10-Q under the caption Risk Factors.

Table of Contents**THE COMPANY**

Costco operates membership warehouses based on the concept that offering members low prices on a limited selection of nationally branded and selected private label products in a wide range of merchandise categories will produce high sales volumes and rapid inventory turnover. This rapid inventory turnover, when combined with the operating efficiencies achieved by volume purchasing, efficient distribution and reduced handling of merchandise in no-frills, self-service warehouse facilities, enables Costco to operate profitably at significantly lower gross margins than traditional wholesalers, discount retailers and supermarkets.

At February 8, 2007, Costco operated 504 warehouse clubs: 371 in the United States (in 38 states and Puerto Rico); 70 in Canada (in nine Canadian provinces); 19 in the United Kingdom; five in Korea; four in Taiwan; five in Japan; and 30 in Mexico through a joint venture.

Our principal executive office is located at 999 Lake Drive, Issaquah, Washington 98027 and our telephone number is (425) 313-8100.

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement, we will use the net proceeds from the sale of the securities for general corporate purposes. Examples of general corporate purposes include additions to working capital, repayment of existing debt, repurchase of common stock, and warehouse expansions.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each of the periods indicated.

Fiscal Year Ended ⁽¹⁾					Twelve Weeks
					Ended
September 1, 2002	August 31, 2003	August 29, 2004	August 28, 2005	September 3, 2006	November 26, 2006
16.67	16.49	18.74	18.21	25.82	23.94

(1) Fiscal 2006 consisted of 53 weeks.

For purposes of this ratio, earnings consist of income before income taxes plus fixed charges, excluding capitalized interest. Fixed charges consist of interest and debt expense, capitalized interest and one-third of rental expense, which we believe is a reasonable approximation of the interest factor of such rental expense.

DESCRIPTION OF DEBT SECURITIES

The following description of the debt securities sets forth the material terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement (the Offered Debt Securities) and the extent, if any, to which such general provisions may apply to the Offered Debt Securities, will be described in the prospectus supplement relating to such Offered Debt Securities. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the prospectus supplement relating thereto and to the following description.

The debt securities will be our general obligations. Debt securities will be issued under the First Supplemental Senior Indenture dated as of March 20, 2002 between Costco Wholesale Corporation and U.S. Bank National Association, as trustee.

We have summarized selected provisions of the indentures below. The indenture has been filed as an exhibit to the registration statement filed with the SEC and you should read the indentures for provisions that may be important to you. Accordingly, the following summary is qualified in its entirety by reference to the provisions of the indentures. Unless otherwise specified, capitalized terms used in this summary have the meanings specified in the indentures.

General

The indenture does not limit the aggregate principal amount of debt securities which may be issued under the indentures and provide that debt securities may be issued from time to time in one or more series. The indenture does not limit the amount of other indebtedness or debt securities, other than certain secured indebtedness as described below, which may be issued by us or our subsidiaries.

Unless otherwise provided in a prospectus supplement, the debt securities will be our unsecured obligations. The debt securities will rank equally with all other unsecured and unsubordinated indebtedness of ours.

The debt securities may be issued in fully registered form without coupons (registered securities) or in the form of one or more global securities (each a Global Security). Registered securities that are book-entry securities will be issued as registered Global Securities. Unless otherwise provided in the prospectus supplement, the debt securities will be only registered securities. The debt securities will be issued, unless otherwise provided in the prospectus supplement, in denominations of \$1,000 or an integral multiple thereof for registered securities.

The prospectus supplement relating to the particular debt securities offered thereby will describe the following terms of the Offered Debt Securities:

- (1) the title of the Offered Debt Securities;
- (2) the percentage of principal amount at which the Offered Debt Securities will be issued;
- (3) any limit on the aggregate principal amount of the Offered Debt Securities;
- (4) the date or dates on which the Offered Debt Securities will mature and the amount or amounts of any installment of principal payable on such dates;
- (5) the rate or rates (which may be fixed or variable) per year at which the Offered Debt Securities will bear interest, if any, or the method of determining such rate or rates and the date or dates from which such interest, if any, will accrue;
- (6) the date or dates on which interest, if any, on the Offered Debt Securities will be payable and the regular record dates for such payment dates;

Table of Contents

- (7) the terms of any sinking fund and the obligation, if any, of ours to redeem or purchase the Offered Debt Securities pursuant to any sinking fund or analogous provisions;
- (8) the portion of the principal amount of Offered Debt Securities that is payable upon declaration of acceleration of the maturity of the Offered Debt Securities;
- (9) whether the Offered Debt Securities will be issued in registered form without coupons, including temporary and definitive global form, and the circumstances, if any, upon which such Offered Debt Securities may be exchanged for Offered Debt Securities issued in a different form;
- (10) whether the Offered Debt Securities are to be issued in whole or in part in the form of one or more Global Securities and, if so, the identity of the depository for such Global Security or Securities;
- (11) whether and under what circumstances we will pay additional amounts to any holder of Offered Debt Securities who is not a United States person in respect of any tax, assessment or other governmental charge required to be withheld or deducted and, if so, whether we will have the option to redeem rather than pay any additional amounts;
- (12) the place or places, if any, in addition to or instead of the corporate trust office of the trustee, where the principal, premium and interest with respect to the Offered Debt Securities shall be payable;
- (13) if the amount of principal, premium or interest with respect to the debt securities of the series may be determined with reference to an index or pursuant to a formula, the manner in which such amounts will be determined;
- (14) any authenticating or paying agent, transfer agent or registrar;
- (15) the applicability of, and any addition to or change in, the covenants and definitions then set forth in the indenture or in the terms then set forth in the indenture relating to permitted consolidations, mergers, or sales of assets; and
- (16) certain other terms, including our ability to satisfy and discharge our obligations under an indenture with respect to the Offered Debt Securities.

No service charge will be made for any transfer or exchange of the debt securities except for any tax or other governmental charge.

Debt securities of a single series may be issued at various times with different maturity dates and different principal repayment provisions, may bear interest at different rates, may be issued at or above par or with an original issue discount, and may otherwise vary, all as provided in the indentures. The prospectus supplement for any debt securities issued above par or with an original issue discount will state any applicable material federal income tax consequences and other special considerations.

Exchange, Registration and Transfer

Registered securities (other than book-entry securities) of any series of Offered Debt Securities will be exchangeable for other registered securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations.

Debt securities may be presented for exchange as provided above, and registered securities (other than book-entry securities) may be presented for registration of transfer (with the form of transfer endorsed thereon duly executed), at the office of the Security Registrar or at the office of any transfer agent designated by us for such purpose with respect to any series of debt securities and referred to in the prospectus supplement.

Edgar Filing: COSTCO WHOLESALE CORP /NEW - Form 424B5

No service charge will be charged for the transfer, but any tax or other governmental charge must be paid. Such transfer or exchange will be effected upon the Security Registrar or such transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. If a prospectus supplement refers to any transfer agents (in addition to the Security Registrar) initially designated by us with respect to any

series of debt securities, we may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that, if debt securities of a series are issuable solely as registered securities, we will be required to maintain a transfer agent in each Place of Payment for such series. We may at any time designate additional transfer agents with respect to any series of debt securities.

In the event of any redemption in part, we will not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series to be redeemed and ending at the close of business on, if debt securities of the series are issuable only as registered securities, the day of mailing of the relevant notice of redemption; or

register the transfer of or exchange any registered security, or portion thereof, called for redemption, except the unredeemed portion of any registered security being redeemed in part.

For a discussion of restrictions on the exchange, registration and transfer of Global Securities, see Global Securities.

Payment and Paying Agents

Unless otherwise provided in the prospectus supplement, payment of principal of (and premium, if any) and interest, if any, on registered securities will be made in U.S. dollars at the office of such Paying Agent or Paying Agents as we may designate from time to time, except that at our option payment of any interest may be made by check mailed to the address of the Person entitled thereto as such address shall appear in the Security Register. Unless otherwise provided in a prospectus supplement, payment of any installment of interest on registered securities will be made to the Person in whose name such registered security is registered at the close of business on the Regular Record Date for such interest.

Unless otherwise provided in a prospectus supplement, the Corporate Trust Office of the trustee will be designated as our sole Paying Agent for payments with respect to Offered Debt Securities that are issuable solely as registered securities. Any Paying Agents outside the United States and any other Paying Agents in the United States initially designated by us for the Offered Debt Securities will be named in a prospectus supplement. We may at any time designate additional Paying Agents or rescind the designation of any Paying Agent or approve a change in the office through which any Paying Agent acts, except that, if debt securities of a series are issuable solely as registered securities, we will be required to maintain a Paying Agent in each Place of Payment for such series.

All moneys paid by us to a Paying Agent for the payment of principal of (and premium, if any) or interest, if any, on any debt security or coupon that remain unclaimed at the end of two years after such principal, premium or interest shall have become due and payable will be repaid to us and the holder of such debt security or coupon will thereafter look only to us for payment thereof.

Global Securities

The debt securities of a series may be issued in whole or in part as one or more Global Securities that will be deposited with, or on behalf of, a depository located in the United States (a U.S. Depository) or a common depository located outside the United States (a Common Depository) identified in the prospectus supplement relating to such series. Global Securities will be issued in registered form, in either temporary or definitive form.

The specific terms of the depository arrangement with respect to any debt securities of a series will be described in the Prospectus Supplement relating to such series. We anticipate that the following provisions will apply to all depository arrangements with a U.S. Depository or Common Depository.

Table of Contents

Book-Entry Securities

Unless otherwise specified in a prospectus supplement, debt securities which are to be represented by a Global Security to be deposited with or on behalf of a U.S. Depository will be represented by a Global Security registered in the name of such depository or its nominee. Upon the issuance of a Global Security in registered form, the U.S. Depository for such Global Security will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by such Global Security to the accounts of institutions that have accounts with such depository or its nominee (participants). The accounts to be credited shall be designated by the underwriters or agents of such debt securities or by us, if such debt securities are offered and sold directly by us. Ownership of beneficial interests in such Global Securities will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in such Global Securities will be shown on, and the transfer of that ownership will be effected only through, records maintained by the U.S. Depository or its nominee for such Global Security or by participants or persons that hold through participants. The laws of some jurisdictions require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a Global Security.

So long as the U.S. Depository for a Global Security in registered form, or its nominee, is the registered owner of such Global Security, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by such Global Security for all purposes under the indenture governing such debt securities. Except as set forth below, owners of beneficial interests in such Global Securities will not be entitled to have debt securities of the series represented by such Global Security registered in their names, will not receive or be entitled to receive physical delivery of debt securities of such series in definitive form and will not be considered the owners or holders thereof under the indenture.

Payment of principal of (and premium, if any) and interest, if any, on debt securities registered in the name of or held by a U.S. Depository or its nominee will be made to the U.S. Depository or its nominee, as the case may be, as the registered owner or the holder of the Global Security representing such debt securities. We nor any trustee or Paying Agent, or the Security Registrar for such debt securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a Global Security for such debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the U.S. Depository for debt securities of a series, upon receipt of any payment of principal of (and premium, if any) or interest on permanent Global Securities, will credit participants' accounts on the date such payment is payable in accordance with their respective beneficial interests in the principal amount of such Global Securities as shown on the records of such Depository. We also expect that payments by participants to owners of beneficial interests in such Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in street name, and will be the responsibility of such participants.

Unless and until it is exchanged in whole for debt securities in definitive form, a Global Security may not be transferred except as a whole by the U.S. Depository for such Global Security to a nominee of such Depository or by a nominee of such Depository to such Depository or another nominee of such Depository or by such Depository or any such nominee to a successor of such Depository or a nominee of such successor. If a U.S. Depository for debt securities in registered form is at any time unwilling or unable to continue as depository and a successor depository is not appointed by us within ninety days, we will issue debt securities in definitive register
