The corporation will reimburse these third parties for their reasonable forwarding expenses.

Only shareholders of record as of the close of business on February 15, 2007, may vote at the annual meeting. We have filed a copy of the amended Code of Ethics that applies to directors, officers and employees with the SEC as Exhibit 14 to the Form 8-K filed on February 27, 2006. The Code of Ethics encourages individuals to report any conduct that they believe in good faith to be an actual or apparent violation of the Code of Ethics. Committees and Meetings of the Corporation's Board of Directors

During 2006, the Board of Directors of the corporation maintained three standing committees: Audit, Compensation, and Nominating and Corporate Governance Committees which jointly serve the corporation and the bank. The function of each of these committees is described below.

AUDIT. All members of the Audit Committee are non-employee directors and are independent

Table of Contents

as defined in Section 121(A) of the AMEX listing standards. A. James Durica serves as the Audit Committee Financial Expert and Chairman of this committee. The Audit Committee has a charter which is attached as Appendix A.

NOMINATING AND CORPORATE GOVERNANCE. This committee identifies individuals qualified to become Board members, evaluates and selects, or recommends to the Board, director nominees for each election of directors. All members are independent (as independence is currently defined in Section 121(A) of the AMEX listing standards). Edwin Schlegel serves as Chairman of this committee. Chairman Dakey attends Nominating and Corporate Governance Committee meetings only when and to the extent requested by the committee.

The Nominating and Corporate Governance Committee has a charter which is attached as Appendix B. Candidates for director must be qualified in terms of education, professional experience, business contacts and special skills. Other less tangible, but equally important, qualifications include general representation from the markets served, enthusiasm, maturity, reputation, compatibility with other Board members, diplomacy and independent judgment. In addition, candidates should have a vested interest in the corporation through ownership of corporation stock. New directors are required to own a minimum of 1,000 shares of Mid Penn Bancorp, Inc. common stock or agree to acquire a minimum of 1,000 shares of Mid Penn Bancorp, Inc. stock within one year from their date of appointment to the Board of Directors. Additional share ownership is encouraged.

The Nominating and Corporate Governance Committee process for identifying and evaluating nominees consists of compiling a list of nominees recommended by shareholders, Mid Penn Bancorp, Inc. directors and individuals who have approached officers and directors for consideration. Information is gathered concerning the potential Board member's location of business and residence, shares owned, profession or business, and deposit and loan relationship with the bank. Personal information about the individual is also gathered to determine if he/she meets the criteria listed in the Nominating and Corporate Governance Committee Policy and Charter. The Nominating and Corporate Governance Committee screens this information to form a smaller number of final candidates to be interviewed. Upon completion of the interviews, the Nominating and Corporate Governance Committee makes a final recommendation to the full Board of Directors for appointment. All potential candidates are screened by the same process regardless of whether they were recommended by a shareholder or by another party.

COMPENSATION. This committee reviews employee performance evaluations and makes salary recommendations to the Board of Directors. Gregory Kerwin serves as Chairman of this committee. Chairman Dakey attends Compensation Committee meetings only when and to the extent requested by the committee. The Compensation Committee has a charter which is attached as Appendix C.

For each proposed service, the independent auditor is required to provide detailed back-up documentation at the time of approval. Under the policy, a de minimis exception is provided whereby pre-approval may be waived for non-audit services that meet all of the following requirements:

The aggregate amount of all such services is not more than 5 percent of the total amount of fees paid to the independent auditor during the year in which the services are provided.

Such services were not recognized as non-audit services by the company at the time of the engagement.

The services are promptly brought to the attention of the Audit Committee and approved prior to completion of the audit. The Audit Committee has engaged Parente Randolph, LLC as independent certified public accountants for the examination of its financial statements for the fiscal year ending December 31, 2007. Parente Randolph, LLC served as the company's certified public accountants for the year ended December 31, 2006.

The Board of Directors of the corporation believes that Parente Randolph, LLC's knowledge of Mid Penn Bancorp, Inc. and Mid Penn Bank is invaluable. Parente Randolph, LLC advised us that none of its members has any financial interest in the corporation or the bank. They assisted us with the preparation of our federal and state tax returns and provided assistance in connection with regulatory matters, charging for such services at its customary hourly billing rates. The corporation's Audit Committee approved these non-audit services after due consideration of the accountants' objectivity and after finding them to be wholly independent.

The Audit Committee amended its charter in 2007, and the revised Audit Committee Charter is attached as Appendix A to this proxy statement.

ELECTION OF DIRECTORS

Qualifications and Nomination of Directors

The corporation's Bylaws authorize the number of directors to be not less than five (5) nor more than twenty-five (25). The Bylaws also provide for three classes of directors with staggered 3-year terms of office. The Board of Directors nominated the four persons named below to serve as directors until the 2010 annual meeting of shareholders or until their earlier death, resignation or removal from office. The nominees are presently members of the Board of Directors and have consented to serve another term as a director if re-elected. If the nominees should be unavailable to serve for any reason, a majority of the Board of Directors then in office may select someone to fill the vacancy until the expiration of the term of the class of directors to which he or she is appointed.

The Board of Directors is divided into three classes. Terms of the members of each class expire at successive annual meetings. Currently, Class A consists of three directors, Class B consists of three directors, and Class C consists of four directors. Shareholders will elect four Class C directors at this annual meeting to serve for a 3-year term.

The proxy holders intend to vote proxies for the election of each of the four nominees named below, unless you indicate that your vote should be withheld from any or all of them. Each nominee elected as a director will continue in office until his or her successor has been duly elected and qualified, or until his or her death, resignation, retirement or removal from office.

The Board of Directors proposes the following nominees for election as Class C Directors at the annual meeting:

A. James Durica

Theodore W. Mowery

Donald E. Sauve

William A. Specht, III

The Board of Directors recommends that shareholders vote **FOR** the election of the nominees listed above as Class C Directors of Mid Penn Bancorp, Inc.

Directors received no remuneration for attendance at the meetings of the Board of Directors of the corporation. All director fees are paid by the bank. The bank participates in the L.R. Webber Associates, Inc. Salary/Benefits Survey, which includes a survey of director fees and benefits. The bank also periodically conducts a survey of director fees, committee fees and other director compensation of banks that are similar in size and in similar markets to the bank. Based on the surveys, which are reviewed by the Compensation Committee, a recommendation by the Compensation Committee is presented to the Board of Directors for final approval.

During 2006, Mid Penn Bank directors earned an annual fee of \$10,000. A bonus is payable to directors each year based upon whether the bank meets certain performance criteria, with respect to earnings and growth, as outlined in the bank's Performance Bonus Plan. From January 2006 through May 2006, members of the Nominating and Corporate Governance Committee and members of the Compensation Committee received \$125 for each meeting attended, while members of the Audit Committee received \$200 for each meeting attended. At the Bank's Reorganizational Meeting held in May 2006, fees were increased for meeting attendance for the remainder of the year and are currently in effect. Beginning in June 2006, members of the Nominating and Corporate Governance Committee and members of the Compensation Committee received \$250 for each meeting attended, while members of the Audit Committee received \$300 per meeting attended. Directors who are also officers of the bank are not paid for attending committee meetings. In 2006, the Board of Directors was paid \$148,239 in the aggregate, for all Board of Directors' fees, bonuses and committee meetings attended. In addition, A. James Durica was paid \$15,775 in fees for services rendered in his capacity as chairman of the Audit Committee. Robert Grubic and Theodore Mowery were each paid an additional \$300 for attending the bank's Advisory Board Meetings.

The bank maintains a deferred fee plan for directors, which enables a director to defer payment of his fees until he leaves the Board. The following are the current directors who each deferred \$10,000 in fees for 2006: Alan Dakey, Theodore Mowery, Donald Sauve, Edwin Schlegel and Guy Snyder, Jr. Deferred director fees paid to retired directors during 2006 totaled \$14,983.

In May 1995, the Mid Penn Bank directors adopted a retirement bonus plan. The plan pays a retirement bonus to directors who voluntarily retire from service, or who have attained the Board's retirement policy age of 70. The retirement bonus is determined by multiplying the base retirement bonus for the member's position (\$400 for the Chairman, \$200 for all other directors) by the number of full years the member served. No portion of the payment under this plan is assignable. The plan contains an inflationary adjustment provision and provides for survivor benefits. Payments due under the plan are paid quarterly for a term of 15 years. Earl Etzweiler, Harvey Hummel, Charles Lebo, Warren Miller, William Nelson and Eugene Shaffer received a total of \$34,852 under this plan in 2006. Eugene Shaffer and William Nelson, having reached the mandatory retirement age of 70, retired from the Board effective with the Annual Shareholders Meeting held on April 25, 2006.

Mr. Shaffer has a split dollar life insurance agreement, which is between Mid Penn Bank and Mr. Shaffer, and a death benefit plan and agreement, which is between Mid Penn Bank and the trustee of the Eugene F. Shaffer Irrevocable Trust. Under the agreements, the bank agreed to provide \$1,000,000 in insurance coverage to Eugene F. Shaffer's trust in recognition of Mr. Shaffer's years of service as Chairman and President of both the corporation and the bank. During 2006, a premium of \$34,046 was paid by the bank on this policy.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The Board of Directors has appointed a Compensation Committee which administers the compensation program. The committee strives to offer a fair and competitive compensation policy to govern named executive officers' base salaries and incentive plans and to attract and maintain competent, dedicated, and ambitious managers whose efforts will enhance the products and services of the corporation and of the bank, resulting in higher profitability, increased dividends to the corporation's shareholders and appreciation in market value of the corporation's common stock.

The elements of compensation are base salary, bonus plans, supplemental benefits, retirement benefits and deferred compensation plans. As each element of compensation is intended to accomplish a specific goal, payments under one element are not taken into account when determining the amount to be paid under a different element.

Named Executive Officers' Role in Determining Compensation

The compensation of the named executive officers is reviewed and approved annually by the Board of Directors upon the recommendation of the Compensation Committee. The Compensation Committee considers the views and recommendations of the Chief Executive Officer in making compensation decisions affecting executive officers who report to him. The Chief Executive Officer's role in recommending compensation programs is to develop and recommend appropriate performance measures and targets for individual compensation levels and compile competitive benchmark data to assess competitive labor market. The Chief Executive Officer does not participate in the decisions regarding changes in his compensation.

Base Salary

Base salary is designed to attract and retain executives who can further the strategic objectives of the corporation and bank. Base salary is a major component of the named executive officers' compensation and is reviewed every year to determine whether the salary is at the appropriate level. As a guideline for determining base salaries, the Compensation Committee uses the salary and benefits survey published by L.R. Webber Associates, Inc. for the peer group of banks with assets ranging from \$300 million to \$499 million by region. The Committee uses this peer group of banks because of common industry issues and competition for the same executive talent group.

The Committee bases compensation increases to executive officers on subjective analysis of each individual's contribution to the bank. Numerous factors are used in determining compensation increases, including: the bank's earnings, return on assets, return on equity, market share, total assets and loans. Although performance and increases were measured by these factors, among others, no direct correlation formula exists between any specific criterion and an executive officer's compensation. The Committee's analysis did not provide a specific weight to any criteria and its determination is subjective after review of all information deemed relevant.

Bonus Plan

Chairman Dakey, Mr. Laudenslager and Mr. Williams participate in the bank-wide bonus plan. The Board of Directors has determined that Chairman Dakey and Mr. Laudenslager are in key positions to influence the financial results of the bank and implemented an extra bonus to incent them to improve the earnings of the bank and achieve individual and corporate quarter and annual financial goals. The incentive consists of tiered levels of payout based on performance and is a link between compensation and the bank's overall performance and aligns executive compensation with the interests of the shareholders. This special bonus has been in place for the past thirteen years. The special bonus is paid to Chairman Dakey and Mr. Laudenslager in the event that all employees qualify for a bonus under the bank-wide bonus plan.

To reward his efforts in managing the commercial lending group, Mr. Williams participates in the Commercial Lender's Incentive Plan, whereby he is rewarded for achieving specific bank goals. The purpose of the Commercial Lender's Incentive Plan is to promote a superior level of performance by the bank's lenders to meet and exceed portfolio and quality goals; to motivate, reward and reinforce superior operating performance both on a department and individual basis; to attract and retain the best commercial lenders; to encourage an atmosphere of teamwork; and to enhance profitability and productivity in support of the bank's immediate and future business goals.

The bank also offers an individual business referral incentive program which rewards executive officers and employees for referring business to the bank and a perfect attendance bonus to reward executive officers and employees for having perfect attendance.

Benefit Plans

Insurance Plans

Group life insurance, group disability and health insurance are available to all eligible employees and executive officers. All executive officers and employees may elect to participate in voluntary dental and vision plans. Such plans are standard in the industry and in the geographic area for all industries, as well as necessary to compete for talented employees at all levels of the bank. These plans are not tied to bank or individual performance. The cost of providing such plans to all eligible employees and executive officers is not taken into account when determining specific salaries of the named executive officers and is seen as a cost of doing business.

Split Dollar Plan

Life insurance is provided to Chairman Dakey under an endorsement split dollar arrangement which provides a split-dollar share of death benefits to the executive's beneficiary, depending upon the executive's eligibility to receive payments. The plan is funded with bank-owned life insurance (BOLI) and is used to provide an additional benefit to Chairman Dakey with a minimal cost to the bank. Split-dollar life insurance plans are widely available in the banking industry, because the bank will recover its plan costs upon the death of the executive, and the executive's beneficiary will receive a split of the insurance proceeds. Although this benefit does not provide any current remuneration to the executive, it provides the bank with a mechanism to use to attract, retain and reward highly qualified executives, and it provides further incentive for longevity with the bank.

Table of Contents

Retirement Plans

The bank believes that it is important to assist employees in saving for retirement and believes that by providing a mechanism to save for retirement, the bank is providing the named executive officers with incentive to continue in the employ of the bank.

Employee Profit Sharing Retirement Plan

The named executive officers participate in the same retirement plans as all other employees. The bank maintains the employee profit sharing retirement plan which covers all employees who meet eligibility requirements. The bank's profit sharing retirement plan rewards employees for their efforts in assisting the corporation meet certain financial goals. When the specific goals are met, the bank contributes a percentage of the employees' wages to the plan.

401(k) Plan

The bank's 401(k) plan allows employees to save their own money for retirement, to earn a matching contribution from the bank and to direct the investment of all funds in the 401(k) plan. The amount of match contributed to the named executives' plan is the same as contributed to all other eligible employees. This plan is viewed as a necessity to successfully hire and retain employees in a competitive marketplace.

Employee Stock Ownership Plan

The bank maintains an employee stock ownership plan for all bank employees and its subsidiaries who satisfy the length of service requirements. Participants do not contribute to the plan and the bank, in its discretion, may contribute. The plan is designed to reward performance and to drive an ownership culture by rewarding employees with corporation stock.

Salary Continuation Agreement

The bank provides a salary continuation agreement to Chairman Dakey. These agreements are designed to account for some of the limitations with traditional pension plans and to encourage Chairman Dakey to remain an employee of the bank. Chairman Dakey's vesting schedule provides a 50% vesting of the benefit after 5 years of service, 75% after 10 years and 100% after 15 years of service. Vesting applies to the early termination and disability benefit provided for in the plan, but does not apply to a change of control. Upon retirement, Chairman Dakey receives a specific annual benefit. In the event that Chairman Dakey terminates prior to retirement, the amount of the annual benefit is reduced. Salary continuation agreements are typical in the financial services industry, and the amount payable under the agreement is also consistent with what is expected in the financial services industry.

Table of Contents

Executive Deferred Compensation Agreement and Executive Deferred Bonus Agreement

In an effort to offer Chairman Dakey an additional method of saving for retirement and to account for some of the limitations with traditional pension plans, the bank maintains a non-qualified deferred compensation plan in which he is eligible to participate. The plan is also designed to encourage Chairman Dakey to remain an employee of the bank, by allowing him to defer a portion of his income to be paid out in the event of retirement, early termination, disability, a change of control or death. The amounts deferred accrue an annual rate of interest of eight percent (8%).

Executive Bonus and Incentive Plans

Chairman Dakey, Mr. Laudenslager and Mr. Williams participate in the bank-wide bonus plan which is based on two components, the bank's return on equity and the bank's percentage increase in net income over the prior year. The bonus formula allows for a maximum bonus of 22% of base salary. The 2006 bonus paid to all employees based on this formula was 5.50%. The Board determined that Chairman Dakey and Mr. Laudenslager are in key positions to influence the financial results of the bank and implemented an extra bonus to incent them to improve the earnings of the bank. This extra bonus has been in place for the past 13 years. The extra bonus is paid to Chairman Dakey and Mr. Laudenslager in the event that all employees qualify for a bonus under the bank-wide bonus plan. The extra bonus is 20% of base pay for Chairman Dakey and 6% of base pay for Mr. Laudenslager and is paid in addition to and at the same time the bank-wide bonus is paid.

To reward his efforts in managing the commercial lending group, Mr. Williams participates in a chief lending officer incentive plan. The purpose of the plan is to reward Mr. Williams' contribution to a superior level of organizational and operating performance for the

Table of Contents

commercial lending group. The operation of the plan is predicated on attaining and exceeding pre-established goals for the commercial lending group. Mr. Williams received an incentive under this plan of 4.95% of his base salary, or \$4,876, in 2006.

Profit Sharing Retirement Plan

The corporation does not maintain a defined benefit pension plan. The bank, however, maintains the Employee Profit Sharing Retirement Plan, created in 1949, restated in 1994, and last amended in 2003, which covers all bank employees who meet eligibility requirements. Eligible employees are entitled to receive a share of the bank's contribution to the plan if they are bank employees on December 31st.

The annual contribution is determined by the bank's Board of Directors and is contingent upon current or accumulative profits of the bank with the total amount of the annual contribution not to exceed 15% of the total eligible compensation paid by the bank to all participating employees. A participating employee's share of such annual contribution is allocated on the basis of the participating employee's eligible compensation up to \$210,000 as compared to the total eligible compensation of all the participating employees. The contributions to the plan are paid to a trust fund that is administered by the bank's Trust Department. A participating employee is allocated a share of the net income of the trust fund and the increase or decrease in the fair market value of its assets on the basis of such employee's beginning of the plan year account balance, plus forfeitures of unvested balances from employees who terminated employment, less any payments as compared to the total beginning account balances, less payments to all the participating employees. A notice of the account balance is given to participating employees annually.

Distributions under the plan can be made to participating employees upon retirement, either normal or early retirement as defined in the plan, at death or disability of the participating employee or upon severing employment if either partially or fully vested. The plan provides for percentage vesting of 20% for the first full three years of service increasing annually thereafter to 100% vesting after seven full years of participation. The plan provides for an accelerated vesting schedule in the event it becomes top-heavy.

Management cannot determine the extent of the benefits that any participating employee may be entitled to receive under the plan on the date of termination of employment because the amount of the benefits is dependent, among other things, upon the bank's future earnings, the participants future compensation and the future earnings of the plan's trust fund. As of December 31, 2006, the total market value of the Employee Profit Sharing Retirement Fund was approximately \$6,742,858. As of December 31, 2006, there were no shares of Mid Penn Bancorp, Inc. common stock in the plan.

Contributions the bank paid to the plan were \$251,366 for 2006. The bank contributed \$12,560 in 2006 to the plan for Mr. Dakey, Chairman of the Board, President and Chief Executive Officer of the corporation and the bank; \$7,350 for Mr. Laudenslager, Executive Vice President and Chief Financial Officer of the bank; and \$8,560 for Mr. Williams, Executive Vice President and Chief Lending Officer of the bank. As of February 15, 2007, Chairman Dakey had 14 years of credited service under the plan. Mr. Laudenslager and Mr. Williams had 22 and 6 years of credited service under the plan, respectively.

For the year 2007, the Board approved a matching contribution rate of 50% of the employee contribution, up to a maximum bank contribution of 3%. The Board maintains the right to adjust its matching rate on an annual basis.

The director receives either a lump sum or equal monthly installments in an amount equal to his deferral account upon retirement, early termination, disability, a change in control, a hardship or death.

Executive Deferred Compensation Agreement and Executive Deferred Bonus Agreement

Under the executive deferred compensation agreement and executive deferred bonus agreement, Chairman Dakey may defer specified amounts of compensation and bonuses. The amounts deferred under the agreements earn interest at the rate of eight percent (8%) annually, compounded semi-annually. Chairman Dakey will receive either a lump sum or equal monthly installments in an amount equal to his deferral account upon retirement, early termination, disability, a change in control, a hardship or death.

Officer Split Dollar Life Insurance Plan

In order to attract, retain and reward highly qualified executives, the bank has purchased certain life insurance policies for certain executives. Effective January 1, 1999, the bank entered into an agreement to provide Mr. Dakey with life insurance coverage equal to three times his base salary up to a maximum of \$600,000. Chairman Dakey will have a vested insurance benefit in the policies at the earliest of the following events: (1) reaching normal retirement age while employed by the company; (2) reaching a total of 70 when the participant's age and years of service are combined; (3) termination of employment due to disability; (4) termination of employment following a change of control.

Salary Continuation Plan

To encourage Mr. Dakey to remain an employee of Mid Penn Bank, the bank entered into an agreement effective January 1, 1999, to provide salary continuation benefits. The amount of the annual benefit is \$84,000 per year provided Mr. Dakey remains employed by the bank until his normal retirement age of 65. The benefit is to be paid in monthly installments over a term of 15 years to Mr. Dakey or his beneficiary. The agreement provides a change of control provision, disability provision and an early termination benefit. The agreement also contains a vesting

schedule which is graduated over a term of 16 years from the effective date of the agreement. Chairman Dakey's early termination benefit in the plan was \$25,122 per annum as of January 1, 2007, and he is 50% vested in the plan.

Equity Compensation Plans

The corporation does not maintain any equity compensation plans or stock options for executives or board members. The Board has determined that stock options are not consistent with the corporation's philosophy and approach to compensation. Cash compensation is deemed the more appropriate form of payment.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The corporation has determined that the appropriate triggering events for payments under certain plans are retirement, early retirement, disability, change of control and death. Failure to obey laws and regulations violates this Code and may expose both you and the Company to criminal or civil prosecution. Any violation of this Code or other compliance programs may result in corrective action, up to and including termination. The Company may also seek civil remedies from you and even refer criminal misconduct to law enforcement agencies.

You are responsible for reporting suspected violations of this Code to our Corporate Compliance Officer or by following the procedures in the Whistleblower Policy located in the Company's Employee Reference Handbook.

If you have a question about a topic covered in this Code, please review Mid Penn's Employee Reference Handbook. If you still have a concern regarding any unethical or illegal conduct, please contact our Corporate Compliance Officer or follow the guidelines in the Whistleblower section of the Company's Employee Reference Handbook.

Conflicts of Interest

A conflict of interest exists any time you face a choice between what is in your personal interest (financial or otherwise) and the interest of the Company. These situations are not always easy to avoid. When a conflict of interest arises, it is important that you act with great care to avoid even the appearance that your actions were not in the best interest of the Company. If you find yourself in a position where your objectivity may be questioned because of individual interest or family or personal relationships, notify our Corporate Compliance Officer immediately.

Ownership Interests

Board of Directors approval is required for the Company to do business with a company in which a member of the Board of Directors, an officer, an employee or a family member of a director, officer or employee owns directly or indirectly an interest. Any loan requests by executive officers and directors will need final approval by the Board of Directors and must be in compliance with Regulation O.

Gifts, Meals, Services and Entertainment

You should not request or accept anything that might be used as a means to influence, or even appear to influence, you against the Company's best interests. Personal gifts should not be accepted other than those considered common business courtesies and for which you would reasonably expect to give something similar in return in the normal course of business.

Safeguarding Company Assets/Accuracy of Books and Records

The Company maintains internal controls to provide direction on protecting Company assets and financial accountability. The controls are based upon the following principles.

Do not:

Make personal use of Company assets that creates any additional costs for the Company, interferes with work duties or violates any Company policies;

Allow Company property to be used to help carry out illegal acts;

Manipulate financial accounts, records or reports for personal gain;

Maintain off-the-book accounts to facilitate questionable or illegal payments; or

Violate any law or regulation.

Do:

Ensure effective internal controls and procedures are designed and implemented;

Prepare project budget proposals with accurate information;

Maintain books, accounts and records according to generally accepted accounting principles, using enough detail to reflect accurately and fairly Company transactions;

Record transactions in a timely manner, so that no misleading financial information is created. (These transactions include, but are not limited to, income, expense, indebtedness, obligation, reserves and acquisition or disposition of assets, etc.); and

Give full, fair, accurate, timely, and understandable disclosure in any and all periodic reports filed with the Securities Exchange Commission and other public communications made by the Company.

All employees, officers and directors are required to respond honestly and candidly when dealing with the bank's independent and internal auditors, regulators and attorneys.

Safeguarding Confidential Information

Trade secrets and other proprietary information of the Company and its customers and suppliers, employee data, information about the Company's customers and suppliers, and all other non-public information that might be of use to the Company's competitors or harmful to the Company or its customers, if disclosed, is confidential information. Confidential information should be protected by all Covered Persons and,

Edgar Filing: MID PENN BANCORP INC - Form DEF 14A

except to the extent legally required or specifically authorized by an appropriate representative of the Company, should not be disclosed to persons inside or outside the Company who do not have a legitimate, work-related need to know such information. The loss of this information through inadvertent or improper disclosure could be harmful to the Company and its customers and suppliers.

Insider Trading

Insider trading is a crime that can carry severe penalties. If you know material, confidential information about the Company or any company with whom we have a business relationship and you trade Company securities, such as stocks or bonds, while in possession of that information or tell others about it before it is made public, you may have violated the insider trading laws. Please review the Insider Trading Policy and the Employee Handbook for details on our insider trading policy.

Material information is the type of news that would affect a reasonable investor's decision on whether or not to invest in the Company's stock. Examples include plans to issue securities, sharp changes in earnings patterns, changes in dividend rates, changes in key management personnel, mergers, acquisitions, and important regulatory actions affecting the Company. This policy forbids you from trading not only in Company stock, but also in stock of our suppliers, customers or other companies with whom we have a business relationship, while in possession of material inside information, learned in the course of your employment at our Company.

We encourage all members of the Board of Directors, officers and employees to invest in our stock. However, if you have access to any information not readily available to the public, you must be very careful when trading stock to be sure you have not traded while in possession of material non-public information. When you have such information:

Do not tell anyone not authorized to have the information. A casual remark to a friend may find its way to a broker and eventually to the entire financial community thereby requiring the Company to make a premature or unplanned public announcement. This tipping may be illegal and damaging to the Company.

Table of Contents

In compliance with the Sarbanes-Oxley Act of 2002, do not trade and trading is prohibited in the Company's stock (or that of an applicable outside company) until the news has been made public for at least two full business days. Circumstances suggesting the possibility of insider trading may result in an investigation by governmental authorities of the Company and stockbroker records of stock trading transactions. This investigation could damage our Company's reputation and result in liability or penalties, including criminal charges and fines against the individual.

This policy against insider trading also covers transfers into and out of the Company stock or savings plans and changes in patterns involving purchases of our stock within the plans. However, generally, regular scheduled purchases of the Company stock within plans are not prohibited.

If you are planning to effect a transaction in our securities, you must contact our Corporate Compliance Officer in advance.

Bribery, Kickbacks and Other Improper Payments

The Company, our Board of Directors, officers and employees must maintain high ethical and professional standards in all dealings.

Do not directly or indirectly promise, offer or make payment in money or anything of value to anyone, including a government official, agent or employee of a government, political party, labor organization or business entity or a candidate of a political party, with the intent to induce favorable business treatment or to improperly affect business or governmental decisions.

Our Code does not take into account all local legal requirements. Where more restrictive local laws exist, those take precedence. In general, the Company does not consider ordinary and reasonable business entertainment or gifts of insubstantial value that are customary and legal in the local market to be improper.

Document any entertainment of and gifts to customers and potential customers.

Loans are not made by the Company to its Board members, officers or employees. Loans may be made by our banking subsidiaries and will comply with all federal and state laws, statutes and regulations.

Do not solicit for yourself or for a third party (other than the Company itself) anything of value from anyone in return for any business, service or confidential information of the Company.

Do not accept anything of value (other than bona fide salary, wages and fees referred to in 18 U.S.C. 215(c)) from anyone in connection with the business of the Company, either before or after a transaction is discussed or consummated.

Reporting Standards

Full, fair, accurate, and timely reporting of all financial matters is a high priority. Periodic reports to the SEC and other regulatory entities must be comprehensive, timely, and accurate. Any discrepancies or shortcomings discovered through the reporting process must immediately be brought to the attention of senior management, and where appropriate, the Audit Committee and Board of Directors. In the event you feel that your reporting of these issues is not adequately resolving the issue, you should follow the procedures described in the Whistleblower Policy as contained in the Company's Employee Reference Handbook.
