SCHWAB ANNOUNCES \$3.5 BILLION CAPITAL RESTRUCTURING,

DECLARES QUARTERLY DIVIDEND

SAN FRANCISCO, July 2, 2007 The Charles Schwab Corporation today announced its plan to return approximately \$3.5 billion in capital to stockholders and create a more efficient and cost-effective capital structure. This plan follows the completion, on July 1, 2007, of the sale of U.S. Trust Corporation, which generated \$2.7 billion of after-tax proceeds. The plan includes the following components:

A special cash dividend of \$1.00 per common share, which will return approximately \$1.2 billion to stockholders. The special dividend is payable on August 24, 2007, to stockholders of record at the close of business on July 24, 2007.

A \$2.3 billion share repurchase through a modified Dutch Auction Tender Offer and a separate Stock Purchase Agreement with Chairman and CEO Charles R. Schwab, the company's largest stockholder. The Stock Purchase Agreement will maintain Mr. Schwab's beneficial ownership of the company at its current level of approximately 18 percent.

Debt offerings of up to \$750 million consisting of a combination of senior notes and hybrid capital securities.

The Board of Directors and I believe our plan represents a balanced approach to refining the company's capital structure on behalf of our stockholders, said Mr. Schwab. We are focused on sustaining a strong, flexible balance sheet that enables the company to continue funding the growth of its core businesses.

Chief Financial Officer Joe Martinetto said, We have conducted a thorough review of alternatives for deploying both the proceeds from the sale of U.S. Trust and our other available financial resources, and we believe this plan is an efficient means of achieving an appropriate level and mix of capital for Schwab.

Separately, the Board also declared a regular quarterly cash dividend today of \$0.05 per common share. The dividend is payable on August 24, 2007, to stockholders of record at the close of business on July 24, 2007.

\$2.3 Billion Share Repurchase Program

The Tender Offer, which will commence tomorrow, July 3, 2007, will be for up to 84 million shares, representing approximately 7% of the company's outstanding common stock, with the right to purchase up to an additional 25 million shares, subject to certain limitations and legal requirements.

On the terms and subject to the conditions of the Tender Offer, stockholders will have the opportunity to tender some or all of their shares at a price per share not less than \$19.50 or more than \$22.50. The Tender Offer is expected to expire at midnight Eastern time on July 31, 2007, unless extended. The modified Dutch Auction structure will allow stockholders to indicate how many shares and at what price within the specified range they wish to tender. Based on the number of shares tendered and the prices specified by the tendering stockholders, the company will determine the lowest price per share within the range that will enable it to purchase up to 84 million shares, or such lesser number of shares as are properly tendered and not properly withdrawn. Instructions and an explanation of the terms and conditions of the Tender Offer are contained in the offer to purchase and related materials that are being mailed to stockholders. The tender offer is not contingent upon the receipt of financing or upon any minimum number of shares being tendered, but is subject to certain terms and conditions as described in the offer to purchase and related documents.

Under a Stock Purchase Agreement executed today, Mr. Schwab has agreed not to participate in the Tender Offer but, together with certain stockholders whose shares Mr. Schwab is deemed to beneficially own, will sell up to 18 million shares to the company after completion of the Tender Offer. The number of shares to be repurchased will be calculated to result in Mr. Schwab maintaining the same beneficial ownership interest in the company's outstanding common stock that he currently has (approximately 18 percent) and does not take into consideration Mr. Schwab's outstanding options to acquire stock. The purchase price under the Stock Purchase Agreement will be the same price per share as is determined and paid in the Tender Offer.

This Tender Offer is in addition to the \$446 million remaining under the existing Board stock repurchase authorization. The company has repurchased 12.7 million shares for \$251 million during the second quarter 2007; year-to-date, it has repurchased 33.4 million shares for \$642 million.
