RISK FACTORS

An investment in our securities involves risks. Before you invest in our securities, you should carefully consider the risk factors included in our most recent annual report on Form 10-K, subsequent quarterly reports on Form 10-Q and those that may be included in the applicable prospectus supplement, as well as risks described in Management's Discussion and Analysis of Financial Condition and Results of Operations and cautionary notes regarding forward-looking statements included or incorporated by reference herein, together with all of the other information included in this prospectus, any prospectus supplement and the documents we incorporate by reference.

If any of these risks were to materialize, our business, results of operations, cash flows and financial condition could be materially adversely affected. In that case, our ability to pay dividends to our shareholders or pay interest on, or the principal of, any debt securities may be reduced, the trading price of our securities could decline and you could lose all or part of your investment.

FORWARD-LOOKING INFORMATION

Some of the information contained in this prospectus and any accompanying prospectus supplement (including documents incorporated by reference) are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements discuss estimates, goals, intentions and expectations as to future trends, plans, events, results of operations or financial condition, or state other information relating to us, based on current beliefs of management as well as assumptions made by, and information currently available to, us. ABOUT SUNOCO

Our headquarters are at 1735 Market Street, Suite LL, Philadelphia, PA 19103-7583. Our telephone number is (215) 977-3000 and our Internet website address is www.SunocoInc.com.

We were incorporated in Pennsylvania in 1971. We, or our predecessors, have been active in the petroleum industry since 1886. We are a leading manufacturer and marketer of petroleum and petrochemical products. With 910,000 barrels per day of refining capacity, approximately 4,700 retail sites selling gasoline and convenience items, approximately 5,500 miles of crude oil and refined product owned and operated pipelines and 38 product terminals, we are one of the largest independent refiner-marketers in the United States. We are a significant manufacturer of petrochemicals with sales of approximately five billion pounds annually, largely chemical intermediates used to make fibers, plastics, film and resins. In the United States, we also have the capacity to manufacture approximately 3.0 million tons annually of high-quality metallurgical-grade coke for use in the steel industry, and we are the operator of, and have an equity interest in, a 1.7 million tons-per-year cokemaking facility in Vitória, Brazil.

Our operations are organized into the following five business units:

Refining and Supply: Our Refining and Supply business consists of the manufacture of refined petroleum products, including gasoline, middle distillates (primarily jet fuel, heating oil and diesel fuel) and residual fuel oil and commodity petrochemicals in Northeast Refining (comprised of refineries in Philadelphia and Marcus Hook, PA and the Eagle Point refinery in Westville, NJ) and MidContinent Refining (comprised of refineries in Toledo, OH and Tulsa, OK). We are currently pursuing the potential sale of our Tulsa refinery. This business unit also engages in the sale of these products to our other business units and to wholesale and industrial customers.

Retail Marketing: Our Retail Marketing business consists of the retail sale of gasoline and middle distillates and the operation of convenience stores in 27 states, primarily on the East Coast and in the Midwest region of the United States. The highest concentrations of outlets are located in Connecticut, Florida, Maryland, Massachusetts, Michigan, New Jersey, New York, Ohio, Pennsylvania and Virginia.

Chemicals: Our Chemicals business is comprised of the manufacturing, distribution and marketing of commodity and intermediate petrochemicals. The chemicals include polypropylene and aromatic derivatives (phenol, acetone, bisphenol-A and other phenol derivatives) manufactured at six plants throughout the United States.

Logistics: Our Logistics business operates refined product and crude oil pipelines and terminals and markets crude oil primarily in the Northeast, Midwest and South Central regions of the United States. Our interests consist largely of a 43% ownership interest (including a 2% general partner interest) in Sunoco Logistics Partners L.P., a publicly traded master limited partnership.

Coke: Our Coke business consists of blast-furnace coke manufacturing at our facilities in East Chicago, IN (Indiana Harbor), Vansant, VA (Jewell) and Franklin Furnace, OH (Haverhill), and metallurgical coal production from mines in Virginia. The cokemaking facilities use a proprietary low-cost, heat-recovery cokemaking technology, which is environmentally superior to the chemical by-product recovery technology currently used by most other coke producers. We also operate, and have an equity interest in, a 1.7 million tons-per-year cokemaking facility in Vitória, Brazil.

Table of Contents**USE OF PROCEEDS**

Unless we specify otherwise in any prospectus supplement, the net proceeds (after the payment of offering expenses and underwriting discounts and commissions) from the sale of securities offered from time to time using this prospectus will be used for our general corporate purposes, which may include:

paying or refinancing our indebtedness;

funding working capital, capital expenditures or acquisitions;

investing in or lending money to our subsidiaries; and

repurchasing or redeeming our securities.

RATIO OF EARNINGS TO FIXED CHARGES

The following are the ratios of earnings to fixed charges for the periods indicated:

	Nine Months Ended September 30,		Years Ended December 31,				
	2008	2007	2007	2006	2005	2004	2003
Ratio of earnings to fixed charges	7.66	11.04	8.49	10.42	10.96	6.80	4.27

We have computed the ratio of earnings to fixed charges using principally pretax earnings before deducting fixed charges. Fixed charges consist of interest cost and debt expense (including amounts capitalized) and one-third of rental expense relating to operating leases (which is that portion deemed to be interest).

DESCRIPTION OF THE DEBT SECURITIES

The unsecured debt securities will rank either as senior debt or subordinated debt, and may be issued as convertible debt securities. The senior debt securities will be issued under an indenture between us and a trustee chosen by us. The subordinated debt securities will be issued under an indenture between us and a trustee chosen by us. In this prospectus, we may refer to the senior debt indenture and the subordinated debt indenture as the indentures and the senior debt trustee and the subordinated debt trustee as the trustees. The following description summarizes the expected terms and provisions of the indentures and the debt securities, and is not complete. For more information, you should read the

Edgar Filing: SUNOCO INC - Form S-3ASR

indentures, copies of which will be filed as exhibits to amendments to the registration statement which contains this prospectus. Further terms of the debt securities will be set forth in one or more prospectus supplements.

General

The debt securities are expected to be our direct unsecured obligations. The indentures will not limit the aggregate principal amount of debt securities that may be issued. The debt securities may be issued from time to time in one or more series as authorized from time to time by our board of directors or by any of our authorized officers. The particular terms of the debt securities and any changes or additions to the general terms of the debt securities will be described in the prospectus supplement relating to the debt securities. The prospectus supplement will include the following:

the title of the debt securities;

the aggregate principal amount of the debt securities;

Table of Contents

the price of the debt securities;

the date or dates on which the debt securities will mature and the right, if any, to extend such date or dates;

the rate or rates at which the debt securities will bear interest, if any, or the method by which such rate or rates shall be determined;

the date or dates from which interest shall accrue or the method by which such date or dates shall be determined, the interest payment dates on which interest shall be payable, the record dates for the determination of holders to whom interest is payable, and, in the case of floating rate debt securities, the notice, if any, to holders regarding the determination of interest and the manner of giving such notice;

the place or places (other than the corporate trust office of the applicable trustee) where principal, premium or interest on the debt securities shall be payable, and the manner in which any such principal, premium or interest will be paid;

any mandatory or optional sinking fund or purchase fund or similar provisions;

the terms and conditions upon which, including when and at what price, the debt securities may be redeemed pursuant to any optional or mandatory redemption provisions;

any terms pursuant to which the debt securities may be convertible into equity or other securities;

whether the debt securities are to be issued in whole or in part in the form of one or more global securities and, if so, the depository or any common depository for such global securities;

the terms and conditions, if any, upon which any global securities may be exchanged in whole or in part for definitive debt securities;

any index used to determine the amount of payment of principal or any premium or interest on the debt securities;

the application of any defeasance provisions to the debt securities;

whether the debt securities of a series are to be issued as original issue discount securities and the amount of discount at which they may be issued, and the portion of the principal amount of the debt securities which shall be payable upon declaration of acceleration of the maturity upon an event of default (if different than the principal amount);

if other than U.S. dollars, the currency or currency units in which the debt securities shall be denominated or in which payment of principal, premium and interest on the debt securities may be made;

any applicable U.S. federal income tax considerations;

the date of any series of debt securities; and

any other relevant terms of the debt securities.

The indentures relating to the senior debt securities and the subordinated debt securities are expected to contain certain usual and customary restrictive covenants pertaining to, among other things, incurrence of additional debt, creation of liens and limitations on certain transactions, including sale and lease-back transactions. It also is expected that the indentures will contain provisions relating to the modification and waiver of the indentures, discharge of obligations, legal defeasance and covenant defeasance.

All of the debt securities of a series need not be issued at the same time, and may vary as to interest rate, maturity and other provisions. Unless otherwise provided, a series may be reopened for issuance of additional debt securities of such series.

The indentures are not expected to contain provisions to afford you protection if there is a highly leveraged transaction or a change of control of Sunoco, except as may be otherwise described in this prospectus or in any applicable prospectus supplement.

Table of Contents

Senior Debt Securities

Senior debt securities will rank equally with all of our other unsecured debt other than subordinated debt securities or other indebtedness which by its terms is subordinated to our senior debt securities.

Subordinated Debt Securities

Subordinated debt securities will be subordinate and junior in the right of payment to all of our present or future senior indebtedness. Senior indebtedness is:

indebtedness for borrowed money, including senior debt securities, and

renewals, extensions, and modifications of such borrowed money,

unless it is specifically provided that such borrowed money or renewal, extension or modification is not senior indebtedness. If we are offering subordinated debt securities, the accompanying prospectus supplement or the information incorporated therein by reference will set forth the approximate amount of senior indebtedness outstanding as of a recent date.

Upon any distribution of our assets upon our dissolution, winding up, liquidation or reorganization, the payment of principal, premium and interest on our subordinated debt securities will be subordinated in right of payment to the prior payment in full of all of our senior indebtedness. By reason of such subordination, in the event of a distribution of assets upon insolvency, our general creditors may recover ratably more than holders of our subordinated debt securities. However, subordination shall not apply to money and securities held in trust to satisfy and discharge any subordinated debt securities by legal defeasance.

Convertible Debt Securities

Debt securities issued under either of the indentures may provide for a right of conversion into equity securities. The terms and conditions governing any such conversion will be set forth in the prospectus supplement relating to the convertible debt securities, including:

the designation of the equity securities into which such debt securities are convertible;

the conversion price;

the conversion period;

whether conversion will be at our option or at the option of the holder of the convertible debt securities;

the events requiring an adjustment of the conversion price; and

the provisions affecting conversion in the event of the redemption of such debt securities.

Form, Exchange, Payment and Transfer

Unless otherwise specified in a prospectus supplement, we expect to issue the debt securities in fully registered form without coupons and in denominations of \$1,000 (or multiples of \$1,000). We will not impose a service charge for any transfer or exchange of the debt securities, but we or the trustee may require you to make a payment to cover any associated tax or other government charge.

If we issue debt securities in bearer form, we will describe in the applicable prospectus supplement the special restrictions and considerations, including special offering restrictions and special U.S. federal income tax considerations, applicable to those debt securities and to payment on and transfer and exchange of those debt securities. Bearer debt securities will be transferable by delivery.

Unless otherwise provided in a prospectus supplement, we expect to pay principal, premium or interest, and you may surrender for payment or transfer the debt securities, at the offices of the trustee. Alternatively, we may pay interest by check mailed to you at your address as it appears in the security register. We will make payment on debt securities in bearer form at such non-U.S. paying agencies as we may choose.

Table of Contents

Book-Entry

We may issue the debt securities of a series in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a global depository, or its nominee, identified in the prospectus supplement. In this case, we will issue global securities in a denomination equal to the portion of the aggregate principal amount of outstanding debt securities of the series to be represented by such global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except by the global depository to a nominee for that global depository and except in the circumstances described in the prospectus supplement.

A prospectus supplement will provide the specific terms of the depository arrangement concerning any portion of a series of debt securities to be represented by a global security and a description of a global depository.

Consolidation, Merger and Sale

Nothing contained in either indenture or any of the debt securities is expected to prevent our consolidation or merger with or into any other corporation or any sale or conveyance of all or substantially all of our property to any other corporation; *provided* that upon any such transaction, other than a consolidation or merger in which we are the continuing corporation, the payment of principal, premium and interest on all of the debt securities, and the performance and observance of all of the covenants and conditions of the indenture to be performed by us, is expressly assumed by the corporation formed by such consolidation or into which we shall have been merged, or by the corporation which shall have acquired such property.

Events of Default

The following are expected events of default under each indenture with respect to debt securities of any series issued thereunder:

a failure to pay principal or premium on any debt security of that series when due;

a failure to pay for a specified period, any interest on any debt security of that series when due;

certain events of bankruptcy, insolvency or reorganization; and

any other event of default provided with respect to debt securities of a series.

In general, if an event of default with respect to debt securities of any series occurs and is continuing, either the trustee or the holders of a specified percentage in aggregate principal amount outstanding of the debt securities of that series may declare the principal amount of all the debt securities of that series to be due and payable immediately. At any time after such a declaration of acceleration has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in aggregate principal amount of outstanding debt

Edgar Filing: SUNOCO INC - Form S-3ASR

securities of that series may rescind and annul such acceleration.

Each indenture is expected to provide that, subject to the duty of the applicable trustee during a default to act with the required standard of care, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any holder unless such holder shall have offered the trustee reasonable indemnity. Subject to such indemnification provisions, the holders of a majority in aggregate principal amount of outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series.

Each indenture is expected to require us to furnish to the applicable trustee annually a statement as to the performance by us of our obligations under each indenture and as to any default in such performance.

Table of Contents

Pennsylvania Taxes

We are required to deduct from interest paid to individual owners of debt securities who are residents of Pennsylvania and to remit to Pennsylvania the Corporate Loans Tax, which is presently at the annual rate of four mills (\$.004) per \$1 principal amount of debt securities owned by such individuals, subject to adjustment if interest paid in any year represents more or less than interest for a full year. The Corporate Loans Tax also will be imposed on interest payments received by (1) Pennsylvania resident partnerships, and (2) Pennsylvania resident corporations that receive such interest payments not for their own account, but rather as trustees, executors, administrators or guardians.

Regarding the Trustees

We may maintain deposit accounts and conduct other banking transactions with one or more of the trustees, including borrowing in the ordinary course of business.

DESCRIPTION OF THE EQUITY SECURITIES

Our authorized stock consists of:

400,000,000 shares of common stock, \$1 par value per share, of which 116,862,264 shares were outstanding on September 30, 2008;
and

15,000,000 shares of cumulative preference stock without par value, none of which are outstanding on the date of this prospectus.

Preference Stock

Our board of directors is authorized without further stockholder action to provide for the issuance of preference stock in one or more series and to determine the designations, preferences, dividend rates, liquidation rights, voting rights, conversion rights, redemption rights, sinking funds, stated value and such other provisions as may be determined by the board of directors in accordance with Pennsylvania law. However, each share of any convertible preference stock may not be converted into more than one share of common stock or entitle the holder thereof to more than one vote.

The prospectus supplement will describe the designations, preferences, dividend rates, liquidation rights, voting rights, conversion rights, redemption rights and such other provisions determined by our board of directors to apply to the preference stock.

Table of Contents

The following description summarizes certain general terms and provisions of the preference stock, is not complete and is qualified in its entirety by reference to all of the provisions of our Articles of Incorporation. A copy of our Articles of Incorporation is filed as an exhibit to the registration statement which contains this prospectus.

Ranking

All shares of the same series of preference stock shall be identical in all respects, except that each share of a series issued at different times may differ as to the dates from which dividends on such shares shall be cumulative. All series of preference stock shall rank equally with and be identical in all respects to each other series, unless otherwise determined by our board of directors.

Our preference stock shall rank as to dividends and upon liquidation, dissolution or winding up prior to our common stock and prior to our other capital stock, except for capital stock which by its terms ranks prior to or equal with our preference stock and which shall be authorized by a vote of the holders of at least two-thirds of our then outstanding preference stock.

Dividend Rights

Before any dividends shall be declared and set apart for payment or paid on any class of our stock ranking junior to our preference stock, holders of our preference stock shall be entitled to receive cash dividends payable quarterly and at the annual rate fixed in the resolution adopted by our board of directors providing for the issue of that preference stock. Dividends paid on each series of our preference stock shall be cumulative from the date we issue such series. We shall not declare or pay or set apart for payment dividends on any series of our preference stock unless we shall have declared and paid or set apart for payment like dividends on all shares of each other series of our outstanding preference stock. Accruals of dividends on our preference stock shall not bear interest.

Redemption

We may redeem all or any part of any series of our preference stock at the times and redemption prices set forth in the resolutions adopted by our board of directors providing for the issue of that series. In the event of a partial redemption, the shares to be redeemed may be selected by lot or by such other equitable method as our board of directors in its discretion may determine.

Unless we default in making payment of the redemption price plus accrued and unpaid dividends, upon redemption, the redeemed preference shares shall cease to be outstanding and the holders thereof shall cease to be stockholders with respect to such shares and shall have no interest in or claim against us except the right to receive the redemption price plus accrued and unpaid dividends. Conversion rights, if any, of preference shares called for redemption shall terminate at the close of business on the business day prior to the redemption date.

We shall not declare or set apart for payment or pay any dividends or make any distribution on or redeem, purchase or otherwise acquire, or permit any subsidiary to purchase or acquire, any other class of our stock ranking junior to our preference stock as to dividends or upon liquidation, if at such time we would be in default with respect to any dividend payable on, or any obligation to purchase, shares of any series of

Edgar Filing: SUNOCO INC - Form S-3ASR

preference stock. However, we may under such circumstances redeem, purchase, or otherwise acquire shares of stock of any such junior class in exchange for, or out of the proceeds from the sale of, other shares of stock of any junior class.

Voting Rights

Except as described below, or as may be required by law, the holders of our preference stock shall have no voting rights. If we shall fail to pay or declare and set apart for payment dividends on our preference stock in an aggregate amount equal to six full quarterly dividends on all shares of preference stock then outstanding, the number of our directors shall be increased by two at the first annual meeting of our shareholders held thereafter.

Table of Contents

At such meeting and at each subsequent annual meeting until dividends payable for all past quarterly dividend periods on all outstanding shares of preference stock shall have been paid, or declared and set apart for payment, in full, the holders of shares of our preference stock shall have the exclusive and special voting right, voting as a class without regard to series, to elect two additional members of our board of directors to hold office for a term of one year. Upon the payment or declaration and setting apart for payment in full of all dividends that we have previously failed to pay or declare and set apart for payment, the term of each additional director so elected shall terminate and the voting rights of the holders of shares of our preference stock shall cease.

We shall not, without the affirmative vote of the holders of at least two-thirds of our preference stock outstanding, voting as a class without regard to series:

create any class of stock ranking prior to or on a parity with our preference stock as to dividends or upon liquidation or increase the authorized number of shares of any such previously authorized class of stock;

alter or change any of the terms and provisions of our preference stock to adversely affect the preferences, special rights or powers given to such preference stock; or

increase the number of shares of our preference stock which we are authorized to issue.

Liquidation

Upon our voluntary or involuntary liquidation, dissolution or winding up, our preference stock shall be preferred as to our assets over our common stock and any other class of stock ranking junior to our preference stock. Holders of shares of our preference stock shall be entitled to be paid or to have set apart for payment, before any distribution is made to holders of our common stock and any other class of stock ranking junior to our preference stock, the amount set forth in the resolutions providing for the issue of that preference stock plus an amount equal to all dividends accrued and unpaid up to and including the date fixed for such payment.

If upon our liquidation, dissolution or winding up, our net assets shall be insufficient to permit the payment in full of the amounts to which the holders of all outstanding shares of our preference stock are entitled, our entire remaining net assets shall be distributed among the holders of our preference stock in amounts proportionate to the full preferential amounts to which they are respectively entitled.

Common Stock

Holders of our common stock are entitled to one vote per share on any matter submitted to our stockholders and do not have cumulative voting rights. Our common stock is not redeemable or convertible and the holders of our common stock do not have any preemptive right to purchase our securities. Upon our dissolution, holders of our common stock are entitled to receive ratably all of our assets, if any, which remain legally available for distribution to them after distribution to the holders of our preference stock. Subject to the prior dividend rights of holders of our preference stock, holders of our common stock from time to time are entitled to receive dividends as and when declared by our board of directors out of legally available funds.

Edgar Filing: SUNOCO INC - Form S-3ASR

Under our Articles of Incorporation, a business combination or other specified transaction entered into with a holder of more than 10% of our voting stock (a Related Person) must either:

be approved by a vote of the holders of not less than 75% of our outstanding voting stock held by stockholders other than the Related Person;

be approved by two-thirds of the members of our board of directors not affiliated with the Related Person; or

satisfy certain minimum price criteria and procedural requirements with respect to our remaining stockholders.

the date on which the right to exercise warrants shall commence and the date upon which such right shall expire;

any other relevant terms of the warrants.

The exercise price of each warrant will be subject to adjustment upon the occurrence of certain events as set forth in each prospectus supplement. Item 15. Indemnification of Directors and Officers

The Pennsylvania Business Corporation Law variously empowers or requires Sunoco, Inc. under specified circumstances, to indemnify officers, directors and other persons against expenses incurred in connection with any action, suit or proceeding, civil or criminal, to which such person is a party or is threatened to be made a party.

Article VII of Sunoco's Bylaws provide as follows:

Article VII: Indemnification**General**

Edgar Filing: SUNOCO INC - Form S-3ASR

Section 1. The Corporation shall pay on behalf of any individual who is or was a Director, officer, employee or agent of the Corporation or who is or was serving at the request of the Corporation as Director, officer, trustee, fiduciary, employee or agent of any other domestic or foreign corporation or partnership, joint venture, sole proprietorship, trust or other enterprise, or who is or was serving as a fiduciary with respect to any employee benefit plan as a result of his employment by, or service as a Director of, the Corporation (Indemnified Person) all expenses, including attorneys' fees and disbursements, incurred by such person in the defense or settlement of any civil, criminal, administrative or arbitral proceeding pending, threatened or completed against such person by reason of his being or having been such Indemnified Person, and shall indemnify such person against amounts paid or incurred by him in satisfaction of settlements, judgments, fines, and penalties in connection with any such proceeding, including any proceeding by or in the right of the Corporation, except where such indemnification is expressly prohibited by applicable law or where the acts or failures to act of the Indemnified Person constitute willful misconduct, self-dealing or recklessness. For purposes hereof, and with respect to claims which arise from events occurring after March 7, 2002, no person who is serving as an officer, employee or agent of any subsidiary of the Corporation which is a general partner of a limited partnership which has partnership interests which are publicly traded, or of any subsidiary of such a general partner, shall be an Indemnified Person and any such person shall not be deemed as serving at the request of the Corporation, unless by resolution of the Board of Directors of the Corporation such person is specifically designated as an Indemnified Person who is serving at the request of the Corporation. Agreements for Indemnification and Funding

Section 2. The Corporation is authorized, but not required, to enter into agreements for indemnification with any Indemnified Person, however, failure to enter into such agreements shall not in any way limit the rights of such Indemnified Persons hereunder. The Corporation may, in addition to the foregoing, create a fund of any nature, which may, but need not be, under the control of a trustee, or otherwise secure or insure in any manner its indemnification obligations.

Expenses

Section 3. Expenses incurred by an Indemnified Person in defending a civil or criminal action, suit or proceeding shall be paid by the Corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such person to repay such amount if it shall ultimately be determined that he is not entitled to be indemnified by the Corporation.

Disputes

Section 4. Any dispute related to the right to indemnification of or advancement of expenses to Indemnified Persons as provided under this Article, except with respect to indemnification for liabilities arising under the Securities Act of 1933 which the Corporation has undertaken to submit to a court for adjudication, shall be decided only by arbitration in accordance with the commercial arbitration rules then in effect of the American Arbitration Association.

Sunoco has obtained Directors and Officers Liability and Reimbursement Insurance covering all claims during the policy period in an aggregate amount up to \$200,000,000. The Directors and Officers Liability section of the policy protects all directors and officers of Sunoco and its subsidiaries, subject to the terms and conditions of the policy. This section provides protection for losses arising from any error, misstatement, misleading statement, act, omission, neglect, or breach of duty actually or allegedly committed or attempted by such persons in their capacities as directors and officers for which the director or officer is not indemnified by Sunoco. The Reimbursement section of the policy protects Sunoco (subject to several limitations and exceptions) against losses for which it grants indemnification as permitted or required by law. The terms of the policy provide for the payment of an insurance deductible in the amount of \$5,000,000 on a per occurrence basis on all claims for which coverage under the policy has been provided. In February 1996, our board of directors approved and authorized Sunoco to enter into agreements of indemnification with each of our officers and directors to provide for our payment of the deductible for any claims for which coverage has been provided.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

Edgar Filing: SUNOCO INC - Form S-3ASR

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof, provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such

effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned Registrant or its securities provided by or on behalf of the undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned Registrant to the purchaser.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, each Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
