Notes to Consolidated Financial Statements

(1) General and Summary of Significant Accounting Policies

(a) Financial Statements

The accompanying consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles. In the opinion of management, all adjustments which are necessary for a fair presentation have been included. The results for interim periods are not necessarily indicative of results which may be expected for any other interim period or for the year. For further information, refer to the March 31, 2008 consolidated financial statements and notes thereto included in Honda Motor Co., Ltd. and Subsidiaries Annual Report for the year ended March 31, 2008. Consolidated financial statements for the year ended March 31, 2008 are derived from the audited consolidated financial statements, while consolidated financial statements for the six months ended September 30, 2008 are unaudited.

(b) Basis of Presenting Consolidated Financial Statements

The Company and its domestic subsidiaries maintain their books of account in conformity with financial accounting standards of Japan, and its foreign subsidiaries generally maintain their books of account in conformity with those of the countries of their domicile.

The consolidated financial statements presented herein have been prepared in a manner and reflect the adjustments which are necessary to conform them with U.S. generally accepted accounting principles.

(c) Changes in Accounting Procedures for Consolidated Quarterly Financial Results

1. Fair value measurements

Honda adopted Statement of Financial Accounting Standards (SFAS) No. 157, Fair Value Measurements effective April 1, 2008. This statement defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction, and emphasizes that a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability.

In February 2008, FASB issued FASB staff position (FSP) No. FAS 157-2 Effective date of FASB statement No. 157. This FSP delays the effective date for SFAS No. 157, for nonfinancial assets and nonfinancial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually).

The adoption of this statement does not have a material impact on the Company's consolidated financial position or results of operations.

The company has omitted disclosures required by this statement.

2. The fair value option for financial assets and financial liabilities

Honda adopted Statement of Financial Accounting Standards (SFAS) No. 159, The Fair Value Option for Financial Assets and Financial Liabilities including an amendment of SFAS No. 115 effective since April 1, 2008. This statement permits entities to choose to measure at fair value many financial instruments and certain other items that are not currently required to be measured at fair value. Subsequent changes in fair value for designated items will be required to be reported in earnings in the current period. Honda has not elected the fair value option for the six months ended September 30, 2008. Accordingly, the adoption has no impact on the Company's consolidated financial position or results of operations.

*(d) Accounting Policies Specifically Applied for Quarterly Consolidated Financial Statements**Income taxes*

Honda computes interim income tax expense (benefit) by multiplying reasonably estimated annual effective tax rate, which includes the effects of deferred taxes, by year-to-date income before income taxes, minority interest and equity in income of affiliates for the six months ended September 30, 2008. If a reliable estimate cannot be made, Honda utilizes the actual year-to-date effective tax rate.

The changes in provisions for product warranties for the six months ended September 30, 2008 and the year ended March 31, 2008 are as follows:

	Yen (millions)

Foreign currency translation	2,200	(20,631)
Balance at end of the period	¥ 286,042	¥ 293,760

(5) Contingent Liabilities

Honda has entered into various guarantee and indemnification agreements. At September 30 and March 31, 2008, Honda has guaranteed ¥34,782 million and ¥36,456 million of bank loan of employees for their housing costs, respectively. If an employee defaults on his/her loan payments, Honda is required to perform under the guarantee. The undiscounted maximum amount of Honda's obligation to make future payments in the event of defaults is ¥34,782 million and ¥36,456 million, respectively, at September 30 and March 31, 2008. At September 30, 2008, no amount has been accrued for any estimated losses under the obligations, as it is probable that the employees will be able to make all scheduled payments.

With respect to product liability, personal injury claims or lawsuits, Honda believes that any judgment that may be recovered by any plaintiff for general and special damages and court costs will be adequately covered by Honda's insurance and accrued liabilities. Punitive damages are claimed in certain of these lawsuits. Honda is also subject to potential liability under other various lawsuits and claims including 72 purported class actions in the United States. In accordance with Statement of Financial Accounting Standards (SFAS) No. 5, "Accounting for Contingencies", Honda has recorded a contingent liability when it is probable that an obligation has been incurred and the amount of loss can be reasonably estimated. Honda reviews these pending lawsuits and claims periodically and adjusts the amounts recorded for these contingent liabilities, if necessary, by considering the nature of lawsuits and claims, the progress of the case and the opinions of legal counsel. Honda does not record liabilities for lawsuits or potential claims that it believes will not result in an unfavorable outcome or when a reasonable estimate of the amount of probable loss cannot be determined. After consultation with legal counsel, and taking into account all known factors pertaining to existing lawsuits and claims, Honda believes that the ultimate outcome of such lawsuits and pending claims including 72 purported class actions in the United States should not result in liability to Honda that would be likely to have an adverse material effect on its consolidated financial position, results of operations or cash flows.
