**Global Ship Lease Reports Results for the Fourth Quarter of 2009**

**LONDON, ENGLAND March 2, 2010** - Global Ship Lease, Inc. (NYSE:GSL, GSL.U and GSL.WS), a containership charter owner, announced today its unaudited results for the three months ended December 31, 2009.

**Fourth Quarter and Full Year 2009 Highlights**

- Generated \$16.5 million of cash in the fourth quarter of 2009 up 29% on \$12.8 million on cash generated in fourth quarter 2008. \$62.0 million cash was generated in the year ended December 31, 2009

- Reported revenue of \$39.9 million for the fourth quarter of 2009, up 52% on \$26.3 million for the fourth quarter 2008 due to the purchase of four additional vessels in December 2008 and one additional vessel in August 2009. Revenue was \$148.7 million for the year ended December 31, 2009 up 57% on \$95.0 million for the year ended December 31, 2008

- Reported normalized net earnings of \$7.3 million, or \$0.13 per share, for the fourth quarter of 2009, excluding a \$5.1 million non-cash interest rate derivative mark-to-market gain. For the year ended December 31, 2009 normalized net earnings was \$26.6 million, or \$0.49 per share, excluding \$17.9 million non-cash mark-to-market gain and \$2.2 million deferred financing costs written off on an accelerated basis

- Including the non-cash mark-to-market and deferred financing costs items, reported net income was \$12.3 million, or \$0.23 income per share, for the fourth quarter of 2009 compared to \$43.7 million loss for the fourth quarter 2008. The reported net income was \$42.4 million, or \$0.79 per share, for the year ended December 31, 2009

- Purchased CMA CGM Berlioz, a 2001-built 6,627 TEU container vessel, in August 2009 for \$82 million. The vessel is chartered to CMA CGM for 12 years

- Amended the credit facility in August 2009 to suspend loan-to-value tests effectively until second quarter 2011. The amendment also allowed further borrowings to finance the purchase of CMA CGM Berlioz, cancelled all undrawn commitments and requires prepayments based on free cash flow. No common dividends can be declared or paid until the later of November 30, 2010 or when loan-to-value falls to 75% or below

Ian Webber, Chief Executive Officer of Global Ship Lease, stated, "During a challenging year for the industry and global economy, our entire fleet remained secured on long-term contracts. We also achieved strong utilization for the year and grew both revenue and cash flow, during a time when we finalized an amendment to our credit facility. With the amended credit facility we have mitigated loan-to-value covenant concerns, effectively until April 2011, and protected the Company from short-term volatility in asset values. We are now paying down debt aggressively with approximately \$68 million expected to be repaid in 2010."

### Results for Three Months And Year ended December 31, 2009

Comparative financial information for the year ended December 31, 2008 is prepared under predecessor accounting rules and includes the results of operations of two of the Company's vessels for part of January 2008 when they were owned by CMA CGM, a privately owned French container shipping company, and operated in CMA CGM's business of earning revenue from carrying containerized cargo. Global Ship Lease commenced its business of time chartering out vessels in December 2007 when it purchased 10 container vessels from CMA CGM. The Company purchased the two additional vessels from CMA CGM in January 2008 and has subsequently purchased an additional five vessels. The predecessor and Global Ship Lease business models are not comparable.

Further, there were significant changes to the Company's legal and capital structure arising from the merger on August 14, 2008, which resulted in the Company becoming listed on the New York Stock Exchange. Accordingly, selected comparative information is presented.

### SELECTED FINANCIAL DATA - UNAUDITED

(thousands of U.S. dollars except per share data)

	Three months ended Dec 31, 2009	Three months ended Dec 31, 2008	Year ended Dec 31, 2009	Year ended Dec 31, 2008 (4)
Revenue (1)	39,884	26,305	148,708	94,978
Operating Income (1)	17,862	9,875	61,717	38,823
Net Income (Loss) (1)	12,348	(43,655)	42,374	(34,451)
Earnings (Loss) per A and B share (2)	0.23	(1.06)	0.79	
Normalised net earnings (2) (3)	7,254	7,020	26,637	
Normalised earnings per A and B share (2) (3)	0.13	0.17	0.49	
Adjusted Cash From Operations (2) (3)	16,482	12,777	61,967	

- (1) Comparative data for the year ended December 31, 2008 relates to the Company's time charter business only and therefore excludes the results from containerized transportation undertaken by the predecessor group
- (2) Certain comparative data is not presented for the year ended December 31, 2008 due to the significant changes to the legal and capital structure arising from the merger on August 14, 2008 resulting in the Company being listed on the New York Stock Exchange
- (3) Normalized net earnings, normalized earnings per share, and adjusted cash from operations are non-US Generally Accepted Accounting Principles (US GAAP) measures, as explained further in this press release, and reconciliations are provided to the interim unaudited financial information

(4) Based on the combination of time charter activity for Predecessor and Successor periods

*Revenue and Utilization*

Global Ship Lease owned sixteen vessels up to August 26, 2009 when CMA CGM Berlioz was purchased. The fleet generated revenue from fixed rate long-term time charters of \$39.9 million in the three months ended December 31, 2009, up 52% on revenue of \$26.3 million for the comparative period in 2008 due to the purchase of four additional ships in December 2008 and one in August 2009. These five vessels have an average daily charter rate of \$31,450 compared to an average daily charter rate of \$22,685 for the previous fleet of 12 vessels. During the three months ended December 31, 2009 there were 1,564 ownership days, up 411 or 36% on 1,153 ownership days in the comparable period. CMA CGM Utrillo was dry-docked, at a cost of \$0.9 million, for 16 days in the quarter. There were no unplanned off-hire days in the three months ended December 31, 2009 giving an overall utilization of 99.0%. In the comparable period of 2008, there were no off-hire days, giving utilization of 100.0%.

For the year ended December 31, 2009 revenue was \$148.7 million, an increase of 57% compared to time charter revenue of \$95.0 million in the comparative period. Ownership days at 5,968 were up 1,552, or 35%, on 4,416 in the comparative period. Utilization in the year ended December 31, 2009 was 98.8% down slightly on 99.0% in the comparative period.

*Vessel Operating Expenses*

Vessel operating expenses, which include costs of crew, lubricating oil, spares and insurance, were \$9.9 million for the three months ended December 31, 2009. The average cost per ownership day was \$6,299 down 8% from the average daily cost of \$6,820 for the previous quarter due mainly to rebilling of certain items for the charterer's account, and down 8% from the average daily cost of \$6,873 for the comparative period in 2008.

Vessel operating expenses were \$41.4 million for the year ended December 31, 2009 or \$6,932 per ownership day. This compares to \$29.8 million vessel operating expenses associated with the time charter business in the comparative period or \$6,748 per ownership day. The increase over 2008 is due mainly to the impact of the four vessels delivered in December 2008 which are on average larger than the previous vessels and are thus more expensive to operate.

Vessel operating expenses are at less than the capped amounts included in Global Ship Lease's ship management agreements.

*Depreciation*

Depreciation was \$10.1 million for the three months ended December 31, 2009, including the effect of the purchase of four additional vessels in December 2008 and one in August 2009, compared to \$5.9 million for the comparative period. In the year ended December 31, 2009 depreciation was \$37.3 million, up from \$20.6 million for the time charter business in the comparative period in 2008.

*General and Administrative Costs*

General and administrative costs incurred were \$2.2 million in the three months ended December 31, 2009, including \$0.4 million non-cash charge for stock based incentives, compared to \$2.7 million for the time charter business in the comparable period in 2008, including \$0.8 million non-cash charge for stock based incentives. In the year ended December 31, 2009 general and administrative costs were \$8.7 million, including \$2.5 million non-cash charge for stock based incentives, compared to \$6.0 million in the comparative period (when up to August 14, 2008 the Company was a wholly-owned subsidiary of CMA CGM) including \$1.2 million non-cash charge for stock based incentives.

*Interest Expense*

Interest expense, excluding the effect of interest rate derivatives which do not qualify for hedge accounting, for the three months ended December 31, 2009 was \$6.1 million. The Company's borrowings under its credit facility averaged \$593.8 million during fourth quarter and were \$588.2 million as at December 31, 2009 after repayment in November of \$10.9 million. There were \$48.0 million preferred shares throughout the period. Interest expense in the comparative period in 2008 was \$2.6 million based on average borrowings, including the preferred shares, of \$357.2 million in the quarter.

For the year ended December 31, 2009 interest expense was \$24.2 million including \$2.2 million write off of deferred financing costs as a result of reduced borrowing capacity following amendments to the credit facility in 2009 and based on average borrowings, including the preferred shares, of \$608.7 million compared to \$21.4 million interest expense for the comparative period in 2008 based on average borrowings, including the preferred shares, of \$490.5 million.

Interest income for the three months ended December 31, 2009 was \$36,000 and was \$195,000 in the comparative period. For the year ended December 31, 2009 interest income was \$0.5 million compared to \$0.8 million in 2008.

*Change in Fair Value of Financial Instruments*

The Company hedges the majority of its interest rate exposure by entering into derivatives that swap floating rate debt for fixed rate debt to provide long-term stability and predictability to cash flows. As these hedges do not qualify for hedge accounting under US GAAP, the outstanding hedges are marked to market at each period end with any change in the fair value being booked to the income and expenditure account. The Company's derivative hedging instruments gave a \$0.7 million gain in the three months ended December 31, 2009, reflecting primarily movements in the forward curve for interest rates. Of this amount, \$4.4 million was a realized loss for settlements of swaps in the period and \$5.1 million was unrealized gain for revaluation of the balance sheet position. This compares to a \$51.0 million loss in the three months ended December 31, 2008 of which \$0.3 million was realized loss and \$50.7 million was unrealized loss. For the year ended December 31, 2009 the reported gain was \$4.8 million comprising \$13.1 million realized loss and \$17.9 million unrealized gain. For the year ended December 31, 2008 the reported loss was \$52.5 million of which \$0.8 million was realized and \$51.8 million was unrealized.

At December 31, 2009 the total mark-to-market unrealized loss recognized as a liability was \$29.1 million.

Unrealized mark-to-market adjustments have no impact on operating performance or cash generation.

*Net Earnings*

Normalized net earnings was \$7.2 million, or \$0.13 per Class A and B common share, for the three months ended December 31, 2009 excluding the \$5.1 million non-cash interest rate derivative mark-to-market gain. Including the mark-to-market gain, net income was \$12.3 million or \$0.23 income per Class A and B common share.

Normalized net earnings was \$26.6 million, or \$0.49 per Class A and B common share, for the year ended December 31, 2009 excluding the \$17.9 million non-cash interest rate derivative mark-to-market gain and \$2.2 million accelerated deferred financing costs written off. Including these items, net income was \$42.4 million or \$0.79 per Class A and B common share.

Normalized net earnings and normalized earnings per share are non-US GAAP measures and are reconciled to the financial information included in this press release. We believe that they are useful measures with which to assess the Company's financial performance as they adjust for non-cash items that do not affect the Company's ability to generate cash.

*Credit Facility*

On August 20, 2009, the Company entered into an amendment to its credit facility, whereby the loan-to-value covenant has been waived up to and including November 30, 2010 with the next loan-to-value test scheduled for April 30, 2011. Further, Global Ship Lease was able to borrow sufficient funds under the credit facility to allow the purchase of the CMA CGM Berlioz in August 2009. Amounts borrowed under the amended credit facility bear interest at LIBOR plus a fixed interest margin of 3.50% up to November 30, 2010. Thereafter, the margin will be between 2.50% and 3.50% depending on the loan-to-value ratio.

In connection with the amended credit facility, all undrawn commitments of approximately \$200 million were cancelled and Global Ship Lease may not pay dividends to common shareholders, instead using its cash flow to prepay borrowings under the credit facility. Global Ship Lease will be able to resume dividends after November 30, 2010 and once the loan-to-value is at or below 75%, when the prepayment of borrowings becomes fixed at \$10 million per quarter. As part of the amendment, CMA CGM has agreed to defer redemption of the \$48 million preferred shares it holds until after the final maturity of the credit facility in August 2016 and retain its current holding of approximately 24.4 million common shares at least until November 30, 2010.

*Dividend*

Global Ship Lease has agreed with its lenders that it will not declare or pay any dividend to common shareholders until the later of November 30, 2010 and when loan-to-value is at or below 75%. The board of directors will review the dividend policy when appropriate.

*Adjusted Cash From Operations*

Adjusted cash from operations was \$16.5 million for the three months ended December 31, 2009 compared to \$12.8 million for the three months ended December 31, 2008 and was \$62.0 million for the year ended December 31, 2009. Adjusted cash from operations is a non-US GAAP measure and is reconciled to the financial information further in this press release. The Company believes that it is a useful measure with which to assess the Company's operating performance as it adjusts for the effects of non-cash items.

*Fleet Utilization*

The table below shows fleet utilization for the three months and year ended December 31, 2009 and 2008. Unplanned offhire in the year ended December 31, 2009 includes 18 days in first quarter for drydock and associated repairs following a grounding and a seven day deviation to land a sick crew member.

Edgar Filing: Global Ship Lease, Inc. - Form 6-K

Days	Three months ended			Year ended		
	Dec 31, 2009	Dec 31, 2008	Increase	Dec 31, 2009	Dec 31, 2008	Increase
Ownership days	1,564	1,153	36%	5,968	4,416	35%
Planned offhire - scheduled drydock	(16)			(32)	(15)	
Unplanned offhire - other				(42)	(30)	
Operating days	1,548	1,153	34%	5,894	4,371	35%
Utilization	99.0%	100.0%		98.8%	99.0%	

*Fleet*

The following table provides information about the on-the-water fleet of 17 vessels chartered to CMA CGM.

Vessel Name	Capacity in TEUs <sup>(1)</sup>	Year Built	Purchase Date by GSL	Charter Remaining Duration (years)	Daily Charter Rate (\$)
Ville d Orion	4,113	1997	December 2007	3.00	\$ 28,500

**Conference Call and Webcast**

Global Ship Lease will hold a conference call to discuss the Company's results for the three months ended December 31, 2009 today, Tuesday, March 2, 2010 at 10:30 a.m. Eastern Time. There are two ways to access the conference call:

Edgar Filing: Global Ship Lease, Inc. - Form 6-K

(1) Dial-in: (888) 857-6929 or (719) 457-2639; Passcode: 8427789

Page 6

Please dial in at least 10 minutes prior to 10:30 a.m. Eastern Time to ensure a prompt start to the call.

(2) Live Internet webcast and slide presentation: <http://www.globalshiplease.com>

If you are unable to participate at this time, a replay of the call will be available through Tuesday, March 16, 2010 at (888) 203-1112 or (719) 457-0820. Enter the code 8427789 to access the audio replay. The webcast will also be archived on the Company's website: <http://www.globalshiplease.com>.

### **About Global Ship Lease**

Global Ship Lease is a containership charter owner. Incorporated in the Marshall Islands, Global Ship Lease commenced operations in December 2007 with a business of owning and chartering out containerships under long-term, fixed rate charters to world class container liner companies.

Global Ship Lease currently owns 17 vessels with a total capacity of 66,297 TEU with a weighted average age at December 31, 2009 of 5.8 years. All of the current vessels are fixed on long-term charters to CMA CGM with an average remaining term of 9.1 years. The Company has contracts in place to purchase two 4,250 TEU newbuildings from German interests for approximately \$77 million each that are scheduled to be delivered in the fourth quarter of 2010. The Company has agreements to charter out these newbuildings to Zim Integrated Shipping Services Limited for seven or eight years at charterer's option.

### **Reconciliation of Non-U.S. GAAP Financial Measures**

#### **A. Adjusted Cash From Operations**

Adjusted cash from operations is a non-US GAAP measure and is reconciled to the financial information below. It represents net earnings adjusted for non-cash items including depreciation, amortization of deferred financing charges, accretion of earnings for intangible liabilities, charge for equity based incentive awards and change in fair value of derivatives. We also deduct an allowance for the cost of future drydockings, which due to their substantial and periodic nature could otherwise distort quarterly adjusted cashflow. There is no adjustment for movements in working capital. Adjusted cash from operations is a non-US GAAP quantitative measure used to assist in the assessment of the Company's ability to generate cash. Adjusted cash from operations is not defined in accounting principles generally accepted in the United States and should not be considered to be an alternate to net earnings or any other financial metric required by such accounting principles. We believe that adjusted cash from operations is a useful measure with which to assess the Company's operating performance as it adjusts for the effects of non-cash items.

**ADJUSTED CASH FROM OPERATIONS - UNAUDITED***(thousands of U.S. dollars)*

	<b>Three months ended Dec 31, 2009</b>	<b>Three months ended Dec 31, 2008</b>	<b>Year ended Dec 31, 2009</b>
Net income (loss)	12,348	(43,655)	42,374
Adjust: Depreciation	10,066	5,883	37,307
Charge for equity incentive awards	359	812	2,513
Amortization of deferred financing fees	222	133	3,108
Change in value of derivatives	(5,094)	50,675	(17,928)
Allowance for future dry-docks	(975)	(725)	(3,705)
Revenue accretion for intangible liabilities	(530)	(53)	(1,549)
Deferred taxation	86	(293)	(153)
<b>Adjusted cash from operations</b>	<b>16,482</b>	<b>12,777</b>	<b>61,967</b>

**B. Normalized net earnings**

Normalized net earnings is a non-US GAAP measure and is reconciled to the financial information below. It represents net earnings adjusted for the change in fair value of derivatives and the accelerated write off of a portion of deferred financing costs. Normalized net earnings is a non-GAAP quantitative measure which we believe will assist investors and analysts who often adjust reported net earnings for non-operating items such as change in fair value of derivatives to eliminate the effect of non cash non-operating items that do not affect operating performance or cash generated. Normalized net earnings is not defined in accounting principles generally accepted in the United States and should not be considered to be an alternate to net earnings or any other financial metric required by such accounting principles. Normalized net earnings per share is calculated based on normalized net earnings and the weighted average number of shares in the relevant period.

**NORMALIZED NET EARNINGS - UNAUDITED***(thousands of U.S. dollars except share and per share data)*

	<b>Three months ended Dec 31, 2009</b>	<b>Three months ended Dec 31, 2008</b>	<b>Year ended Dec 31, 2009</b>
Net income (loss) as reported	12,348	(43,655)	42,374
Adjust: Change in value of derivatives	(5,094)	50,675	(17,928)
Deferred financing costs written off (1)			2,191
<b>Normalized net earnings</b>	<b>7,254</b>	<b>7,020</b>	<b>26,637</b>
<b>Weighted average number of Class A and B common shares outstanding (2)</b>			
Basic	54,081,096	41,373,313	53,865,465

Diluted	0.23	(1.06)	0.78
Normalized net income per share			
Basic	0.13	0.17	0.49
Diluted	0.13	0.17	0.49

- (1) Following reductions in the company's borrowing capacity under its credit facility, a proportion of unamortized deferred financing costs were written off.
- (2) The weighted average number of shares (basic and diluted) for the three months ended December 31, 2009 excludes the effect of outstanding warrants and stock based incentive awards as these were anti dilutive. For the year ended December 31, 2009 the diluted weighted average number of shares includes the incremental effect of outstanding stock based incentive awards but excludes the effect of outstanding warrants as these were anti dilutive. The weighted average number of shares (basic and diluted) for the year ended December 31, 2008 excludes 12,375,000 Class C shares which were converted to Class A Common shares on a one-for-one basis on January 1, 2009.

**Safe Harbor Statement**

This communication contains forward-looking statements. Forward-looking statements provide Global Ship Lease's current expectations or forecasts of future events. Forward-looking statements include statements about Global Ship Lease's expectations, beliefs, plans, objectives, intentions, assumptions and other statements that are not historical facts. Words or phrases such as anticipate, believe, continue, estimate, expect, intend, may, ongoing, plan, potential, predict, project, will or similar words or phrases, or the negatives of those words or phrases, in forward-looking statements, but the absence of these words does not necessarily mean that a statement is not forward-looking. These forward-looking statements are based on assumptions that may be incorrect, and Global Ship Lease cannot assure you that these projections included in these forward-looking statements will come to pass. Actual results could differ materially from those expressed or implied by the forward-looking statements as a result of various factors

The risks and uncertainties include, but are not limited to:

future operating or financial results;

expectations regarding the future growth of the container shipping industry, including the rates of annual demand and supply growth;

the financial condition of CMA CGM, our charterer and sole source of operating revenue, and its ability to pay charterhire in accordance with the charters;

Global Ship Lease's financial condition and liquidity, including its ability to obtain additional waivers which might be necessary under the existing credit facility or obtain additional financing to fund capital expenditures, contracted and yet to be contracted vessel acquisitions including the two newbuildings to be purchased from German interests in the fourth quarter of 2010, and other general corporate purposes;

Global Ship Lease's ability to meet its financial covenants and repay its credit facility;

Global Ship Lease's expectations relating to dividend payments and forecasts of its ability to make such payments including the availability of cash and the impact of constraints under its credit facility;

future acquisitions, business strategy and expected capital spending;

operating expenses, availability of crew, number of off-hire days, drydocking and survey requirements and insurance costs;

general market conditions and shipping industry trends, including charter rates and factors affecting supply and demand;

assumptions regarding interest rates and inflation;

changes in the rate of growth of global and various regional economies;

risks incidental to vessel operation, including piracy, discharge of pollutants and vessel accidents and damage including total or constructive total loss;

estimated future capital expenditures needed to preserve its capital base;

Global Ship Lease's expectations about the availability of ships to purchase, the time that it may take to construct new ships, or the useful lives of its ships;

Global Ship Lease's continued ability to enter into or renew long-term, fixed-rate charters;

the continued performance of existing long-term, fixed-rate time charters;

Global Ship Lease's ability to capitalize on its management team's and board of directors' relationships and reputations in the containership industry to its advantage;

changes in governmental and classification societies' rules and regulations or actions taken by regulatory authorities;

expectations about the availability of insurance on commercially reasonable terms;

unanticipated changes in laws and regulations including taxation;

potential liability from future litigation.

Forward-looking statements are subject to known and unknown risks and uncertainties and are based on potentially inaccurate assumptions that could cause actual results to differ materially from those expected or implied by the forward-looking statements. Global Ship Lease's actual results could differ materially from those anticipated in forward-looking statements for many reasons specifically as described in Global Ship Lease's filings with the SEC. Accordingly, you should not unduly rely on these forward-looking statements, which speak only as of the date of this communication. Global Ship Lease undertakes no obligation to publicly revise any forward-looking statement to reflect circumstances or events after the date of this communication or to reflect the occurrence of unanticipated events. You should, however, review the factors and risks Global Ship Lease describes in the reports it will file from time to time with the SEC after the date of this communication.

## Interim Unaudited Operating Segments

The interim unaudited combined financial statements up to December 31, 2009 include two distinct reporting periods (i) before August 15, 2008 ( Predecessor ) and (ii) from August 15, 2008 ( Successor ), which relate to the period preceding the merger and the period succeeding the merger, respectively.

Segment information reported below has been prepared on the same basis that it is reported internally to the Company's chief operating decision maker. The Company operated under two business models from which it derives its revenues reported within these interim unaudited combined financial statements: (i) the provision of vessels by the Company under time charters to container shipping companies and (ii) freight revenues generated by the containerized transportation of a broad range of industrial and consumer goods by the Predecessor group. There are no transactions between reportable segments. Following the delivery of the initial 12 vessels in December 2007 and January 2008, the activity consists solely of the ownership and provision of vessels for container shipping under time charters.

The Adjustment column in the table below includes (i) the elimination of the containerized transportation activity performed by the Predecessor up to August 14, 2008, and (ii) the IPO and merger costs expensed by the Predecessor.

During the three month period and year ended December 31, 2009 and 2008 the activities can be analyzed as follows:

	Three months ended December 31,		Year ended December 31,				
	2009 Successor	2008 Successor	2008 Successor		2008 Predecessor		Total
	Time Charter	Time Charter	2009 Successor	Time Charter	Time Charter	Adjustment

**Global Ship Lease, Inc.**

**Notes to the Interim Unaudited Combined Financial Statements**

(Expressed in thousands of U.S. dollars)

**1. General**

On August 14, 2008, Global Ship Lease, Inc. (the Company) merged indirectly with Marathon Acquisition Corp. (Marathon), a company then listed on The American Stock Exchange. Following the merger, the Company became listed on the New York Stock Exchange on August 15, 2008. The period preceding the merger is referred to as Predecessor and after the merger as Successor.

The interim unaudited combined financial statements for the three month period and year ended December 31, 2009 and the period August 15, 2008 to December 31, 2008 are wholly Successor, reflecting results of the combined operations following the merger. The results for the period January 1, 2008 to August 14, 2008 (labeled Predecessor) reflect results of the operations as historically reported for Global Ship Lease, Inc. prior to the merger. Under Predecessor accounting rules, the period January 1, 2008 to August 14, 2008 includes for a few days of January 2008 the results of two vessels when they were owned and operated by CMA CGM (rather than Global Ship Lease, Inc.) in its business of carrying containerized cargo prior to the sale of the vessels to the Company (see Note 9).

As the merger was consummated on August 14, 2008, the balance sheets as of December 31, 2009 and December 31, 2008 (both labeled Successor) reflect the acquisition under the purchase method of accounting of all the identified assets and assumed liabilities of Global Ship Lease, Inc.

The term Company refers to both Successor and Predecessor periods.

**2. Nature of Operations**

The Company has a business of owning and chartering out containerships under long term time charters. It contracted under an asset purchase agreement dated December 5, 2007, to acquire 17 containerships from CMA CGM. Of these, 10 were purchased by the Company during December 2007, two in January 2008, four in December 2008 and one in August 2009. All vessels are time chartered to CMA CGM for remaining terms as at December 31, 2009 ranging from 3 to 16 years. The Company has also entered into an agreement with German interests to acquire in the fourth quarter of 2010 two new buildings for approximately \$77,000 per vessel. The Company has an agreement to charter out these vessels to ZIM Integrated Shipping Services Limited (ZIM) for a period of seven years that could be extended to eight years at ZIM's option.

Diluted	\$	\$

**4. Significant Accounting Policies**

The accompanying financial information is unaudited and reflects all adjustments, consisting solely of normal recurring adjustments, which, in the opinion of management, are necessary for a fair presentation of results for the interim periods presented. They do not include all disclosures required under United States Generally Accepted Accounting Principles ( U.S. GAAP ) for annual financial statements. These interim unaudited combined financial statements should be read in conjunction with the Company's financial statements as of December 31, 2008 filed with the Securities and Exchange Commission in the Company's Annual Report on Form 20-F.

## Recently issued accounting standards

The FASB Accounting Standards Codification (the Codification) became effective on July 1, 2009, officially becoming the single source of authoritative non-governmental U.S. Generally Accepted Accounting Principles (US GAAP), superseding existing FASB, American Institute of Certified Public Accountants (AICPA), Emerging Issues Task Force (EITF), and related accounting literature. Only one level of authoritative US GAAP now exists and it is termed Accounting Standards Codification ( ASC ). All other accounting literature is considered non-authoritative. The Codification reorganizes US GAAP pronouncements into accounting topics and displays them using a consistent structure. Also included in the Codification is relevant Securities and Exchange Commission (SEC) guidance organized using the same topical structure in separate sections

## Edgar Filing: Global Ship Lease, Inc. - Form 6-K

within the Codification. This has impacted the Company's financial statements as all references to authoritative accounting literature have now been referenced in accordance with the Codification.

Page 11

## Global Ship Lease, Inc.

## Notes to the Interim Unaudited Combined Financial Statements (continued)

(Expressed in thousands of U.S. dollars)

## 4. Significant Accounting Policies (continued)

Recently issued accounting standards (continued)

On April 9, 2009, the Financial Accounting Standards Board ( FASB ) issued guidance now codified as ASC Topic 825, Interim Disclosures about Fair Value of Financial Instruments. This pronouncement requires disclosures of fair value for any financial instruments not currently reflected at fair value on the balance sheet for all interim periods. This pronouncement is effective for interim and annual periods ending after June 15, 2009 and is applied prospectively. The adoption of this pronouncement did not have a material impact on the unaudited combined financial statements of the Company.

On April 9, 2009 the FASB issued guidance now codified as ASC Topic 320, Recognition and Presentation of Other Than Temporary Impairments. This pronouncement is intended to bring greater consistency to the timing of impairment recognition, and provide greater clarity to investors about the credit and noncredit components of impaired debt securities that are not expected to be sold. This pronouncement also requires increased and more timely disclosures regarding expected cash flows, credit losses, and an aging of securities with unrealized losses. This pronouncement is effective for interim and annual periods ending after June 15, 2009 and is applied prospectively. The adoption of this pronouncement did not have a material impact on the unaudited combined financial statements of the Company.

In May 2009, the FASB issued guidance now codified as ASC Topic 855, Subsequent Events, which establishes general standards of accounting for, and requires disclosure of, events that occur after the balance sheet date but before financial statements are issued or are available to be issued. The Company adopted this pronouncement and has evaluated for disclosure subsequent events that have occurred up to March 2, 2010, the date of issuance of the unaudited combined financial statements of the Company.

Management do not believe that any other recently issued, but not yet effective accounting pronouncements, if currently adopted, would have a material impact on the unaudited combined financial statements of the Company.

## 5. Vessels in Operation, less Accumulated Depreciation

	December 31, 2009 Successor	December 31, 2008 Successor
Cost	\$ 1,007,500	\$ 915,627
Accumulated Depreciation	(45,792)	(8,731)
<b>Net Book Value</b>	<b>\$ 961,708</b>	<b>\$ 906,896</b>

In August 2009, the Company took delivery of the CMA CGM Berlioz, the final vessel in its contracted fleet. The book value of the CMA CGM Berlioz includes the transfer of \$7,840 from the intangible asset recognized at the time of the merger, and which arose from the comparison of the acquisition prices per the asset purchase agreement and the estimated fair value at the merger date of the vessels yet to be purchased.

**Global Ship Lease, Inc.**

**Notes to the Interim Unaudited Combined Financial Statements (continued)**

(Expressed in thousands of U.S. dollars)

**6. Long-Term Debt**

In December 2007 the Company entered into an \$800,000 senior secured credit facility with Fortis Bank, Citibank, HSH Nordbank, Sumitomo Mitsui Banking Corporation, KFW and DnB Nor Bank. Subsequently, Bank of Scotland joined the syndicate.

On February 10, 2009 the Company announced it had amended the terms of the original agreement in response to significant decreases in market values of containerships and the consequent implications on the loan to value covenant in the credit facility. The amended agreement increased temporarily the permitted maximum loan to value to 100% (previously 75%) applicable for test dates up to and including April 30, 2010. Loan to value is the ratio of the balance outstanding on the credit facility to the aggregate charter free market value of the secured vessels, determined in April and November each year. The margin applicable on interest payable under the credit facility varied from 1.25% to 2.75% over Libor depending on the loan to value ratio. The Company also paid a commitment fee of 0.50% per annum based on the undrawn portion of the credit facility (0.25% per annum up to February 10, 2009). During this period, the Company had no restrictions on its ability to distribute dividends unless the loan to value ratio exceeded 90%, at which point the Company would have been required to place 50% of its quarterly cash available for distribution in a pledged account. The pledged account would be released back to the Company if loan to value fell back below 90% during a subsequent valuation period. If the loan to value ratio exceeded 100%, the Company may have been required to prepay the loan or provide additional security to reduce the loan to value ratio to below 100%. The credit facility amount of \$800,000 was to be reduced by 19 equal quarterly instalments, based on the market value weighted average age of the secured vessels compared to 18 years, commencing in December 2011. The final maturity date of the credit facility continued to be August 14, 2016 at which point any remaining outstanding balance had to be repaid.

On April 29, 2009, the Company agreed with the lenders that no loan to value tests would be performed pending agreement of a further amendment to the credit facility in response to further deterioration in market values of containerships. The margin applicable during this waiver period was 2.75% and the Company agreed that no dividends would be declared or paid on common shares during this time. The waiver period was extended on June 25, 2009 and again on July 30, 2009 through until August 31, 2009.

On August 20, 2009, the Company further amended the terms of the credit facility. Under the revised terms of the credit facility, the loan to value covenant has been waived up to and including November 30, 2010 with the next loan to value test scheduled for April 30, 2011. Further, the amendment enabled the Company to borrow \$57,000 under the credit facility including a \$15,000 newly created Over Advance Portion ( OAP Loan ) to allow the purchase of the CMA CGM Berlioz on August 26, 2009. The balance of the \$82,000 vessel purchase price was funded by cash. Amounts borrowed under the amended credit facility bear interest at Libor plus a fixed margin of 3.50% up to November 30, 2010. Thereafter, the margin will be between 2.50% and 3.50% depending on the loan to value ratio, to be determined at the end of April and November each year.

Under the amendment, all undrawn commitments of \$200,900 were cancelled after the delivery of the CMA CGM Berlioz. No further commitment fees are payable subsequent to the cancellation of the undrawn commitments. The commitment fee in the year ended December 31, 2009 amounted to \$779 (2008: \$473 (Successor), \$624 (Predecessor)). The Company may not declare or pay dividends to common shareholders during the period up to November 30, 2010 or thereafter until the loan to value ratio is at or below 75%.

A repayment of \$10,908 of the OAP loan was made in November 2009. The second repayment in February 2010 fully repaid the OAP loan.

The balance of borrowings under the credit facility is to be repaid quarterly commencing June 30, 2010 in an amount equal to free cash in excess of \$20,000 determined as at the previous month end subject to a minimum of \$40,000 repayment a year on a rolling 12 month trailing basis. Once loan to value is at or below 75%, repayment of borrowings will become fixed at \$10,000 per quarter. The final maturity date of the credit facility remains August 14, 2016 at which point any remaining outstanding balance must be repaid.

## Global Ship Lease, Inc.

## Notes to the Interim Unaudited Combined Financial Statements (continued)

(Expressed in thousands of U.S. dollars)

**6. Long-Term Debt (continued)**

As part of the August 20, 2009 amendment, CMA CGM has agreed to defer redemption of the \$48,000 preferred shares it holds until after the final maturity of the credit facility in August 2016, subject to any earlier redemption from proceeds from the exercise of warrants (see note 10), and also to retain its current holding of approximately 24.4 million common shares in the Company until at least November 30, 2010.

The credit facility is secured by, inter alia, first priority mortgages on each of the vessels in the security package, a pledge of shares of the vessel owning subsidiaries as well as assignments of earnings and insurances. The financial covenants in the credit facility are: a) a minimum cash balance of the lower of \$15,000 or six months net interest expense; b) net debt to total capitalization ratio not to exceed 75%; c) EBITDA to debt service, on a trailing four-quarter basis, to be no less than 1.10 to 1; and d) a minimum net worth of \$200,000 (with all terms as defined in the credit facility).

As the borrowing capacity was reduced by the amendment dated February 10, 2009 a portion of the unamortized deferred financing costs at the date of the amendment was written off in proportion to the decrease in the borrowing capacity. This amounted to \$176. The remaining unamortized deferred financing costs existing at the date of the amendment together with the additional \$3,293 fees and related costs for the February 10, 2009 amendment are deferred and amortized over the remaining term of the credit agreement.

The borrowing capacity was further reduced by the amendment dated August 20, 2009. An additional amount of \$2,015 has been written off in proportion to the further decrease in borrowing capacity. The remaining unamortized deferred financing costs at the date of this amendment and the \$2,138 paid in fees and related costs paid for the August 20, 2009 amendment are deferred and amortized over the remaining term of the credit agreement.

Long-term debt is summarized as follows:

	December 31, 2009 Successor	December 31, 2008 Successor
Credit facility, at Libor USD + 2.5% to 3.5%	\$ 588,192	\$ 542,100
Less current instalments of long-term debt	(68,300)	
	\$ 519,892	\$ 542,100

As described above and as part of the amendment dated August 20, 2009, outstanding borrowings under the credit facility are to be repaid quarterly in an amount equal to free cash in excess of \$20,000 determined as at the month end prior to the scheduled repayment. Repayments become fixed at \$10,000 per quarter once loan to value is at or below 75% which, for the purposes of the following table, is assumed to be April 30, 2011, the next scheduled test date. Based on management's reasonable estimates of excess cashflow, as at December 31, 2009 the estimated repayments in each of the relevant periods are as follows:

	December 31, 2009 Successor	December 31, 2008 Successor
Due in one year or less	\$ 68,300	\$
Due after one year through two years	45,300	
Due after two years through five years	120,000	
Due after five years	354,592	542,100

Edgar Filing: Global Ship Lease, Inc. - Form 6-K

**\$ 588,192      \$ 542,100**

The amount of excess cash generated may vary significantly from management's estimates and consequently the repayment profile of outstanding debt may be significantly different from that presented. Further, loan to value may not be at or below 75% as at April 30, 2011 in which case, assuming a continuation of the current waiver, prepayments will continue to be based on excess cash.

**7. Related Party Transactions**

CMA CGM is presented as a related party as it was, until the merger, the parent company of Global Ship Lease, Inc. and at December 31, 2009 is a significant shareholder of the Company, owning Class A and Class B common shares representing a 45% voting interest in the Company.

Amounts due to and from CMA CGM companies are summarized as follows:

	December 31, 2009 Successor	December 31, 2008 Successor
Current account (below)	\$ 3,764	\$ 1,040
<b>Amounts due to CMA CGM companies presented within liabilities</b>	<b>\$ 3,764</b>	<b>\$ 1,040</b>
Current account (below)	\$ 7,838	\$ 958
<b>Amounts due from CMA CGM companies presented within assets</b>	<b>\$ 7,838</b>	<b>\$ 958</b>

CMA CGM charters all of the Company's operating vessels and one of its subsidiaries provides the Company with ship management services. The current account balances at December 31, 2009 and December 31, 2008 relate to amounts payable to or recoverable from CMA CGM group companies.

CMA CGM holds all of the Series A preferred shares of the Company. During the year to December 31, 2009, the Company paid CMA CGM dividends of \$2,279 (2008: \$nil) of which \$848 related to the year ended December 31, 2008.

**Time Charter Agreements**

All of the Company's vessels are time chartered to CMA CGM. Under each of the time charters, hire is paid in advance and the daily rate is fixed for the duration of the charter. The charters are for remaining periods as at December 31, 2009 of between 3 and 16 years. Of the \$1,659,803 maximum future charter hire receivable for the total fleet set out in note 8 (including for two vessels scheduled to be purchased in fourth quarter 2010 and to be chartered to ZIM, a company not related to CMA CGM), \$1,516,611 relates to the 17 ships currently chartered to CMA CGM.

On August 26, 2009, the Company took delivery of the CMA CGM Berlioz, a 2001-built 6,627 TEU container vessel and the last vessel of its contracted fleet with CMA CGM. The vessel was purchased for \$82,000 and was funded by drawings under the credit facility and available cash (see note 6). The CMA CGM Berlioz is on a non-cancellable, 12-year time charter to CMA CGM at a daily rate of \$34.

**Ship Management Agreements**

The Company outsources day to day technical management of its vessels to a ship manager, CMA Ships Ltd, a wholly owned subsidiary of CMA CGM. The Company pays CMA Ships Ltd an annual management fee of \$114 per vessel and reimburses costs incurred on its behalf, mainly being for the provision of crew, lubricating oils and routine maintenance. Such reimbursement is subject to a cap of between \$5.4 and \$8.8 per day per vessel depending on the vessel. The impact of the cap is determined quarterly and for the fleet as a whole. Ship management fees expensed for the three months ended December 31, 2009 amounted to \$485 (2008: \$357) and for the year ended December 31, 2009

Edgar Filing: Global Ship Lease, Inc. - Form 6-K

amounted to \$1,864 (2008: Successor \$528 and Predecessor \$848).

Except for transactions with CMA CGM, the Company did not enter into any related party transactions.

### 8. Commitments and Contingencies

#### Contracted Vessel Purchases

As reported in note 2, the Company has agreed to purchase two vessels from German interests in the fourth quarter of 2010 for approximately \$77,000 each. A deposit of 10% has been paid for these two vessels. The remaining purchase obligations are currently unfunded.

#### Charter Hire Receivable

The Company has entered into long term time charters for its vessels owned at December 31, 2009. The charter hire (including that relating to vessels due for delivery in 2010), is payable in advance and the daily rate is fixed for the duration of the charter. The charters were originally for periods of between five and 17 years and the maximum future annual charter hire receivable for the fleet of 17 vessels as at December 31, 2009 and for the total contracted fleet of 19 vessels, taking account of actual or anticipated delivery dates and before allowance for any off-hire periods, is as follows:

Year ending December 31,	Fleet operated as at December 31, 2009	Total fleet to be operated
2010	\$ 156,756	\$ 158,911
2011	156,756	177,197
2012	156,502	176,998
2013	135,952	156,392
2014	135,952	156,392
Thereafter	774,693	833,913
	<b>\$ 1,516,611</b>	<b>\$ 1,659,803</b>

### 9. Operating Segments

Segment information reported below has been prepared on the same basis that it is reported internally to the Company's chief operating decision maker. The Company operated under two business models from which it derives its revenues reported within these interim unaudited combined financial statements: (i) the provision of vessels by the Company under time charters to container shipping companies and (ii) freight revenues generated by the containerized transportation of a broad range of industrial and consumer goods by the Predecessor group. There are no transactions between reportable segments. Following the delivery of the initial 12 vessels in December 2007 and January 2008, the activity consists solely of the ownership and provision of vessels for container shipping under time charters.

The Adjustment column in the table below includes (i) the elimination of the containerized transportation activity performed by the Predecessor up to August 14, 2008, and (ii) the IPO and merger costs expensed by the Predecessor.

**Global Ship Lease, Inc.**

**Notes to the Interim Unaudited Combined Financial Statements (continued)**

(Expressed in thousands of U.S. dollars)

**10. Share Capital**

At December 31, 2009 the Company had two classes of common shares. The rights of holders of Class B common shares are identical to those of holders of Class A common shares, except that the dividend rights of holders of Class B common shares are subordinated to those of holders of Class A common shares until at least the third quarter of 2011. Class B common shares will convert to Class A common shares on a one-for-one basis after the expiration of the subordination period and provided certain financial conditions are met. Until January 1, 2009 the Company had three classes of common shares but on that date the 12,375,000 Class C common shares were converted into Class A common shares on a one-for-one basis.

The restricted stock units granted to the Directors in November 2008 as part of their compensation for service during 2008 vested on January 1, 2009, and subsequently 36,833 shares were issued to the Directors. A proportion of the restricted stock units granted to management in August and November 2008 as part of their compensation arrangements vested in September and October 2009, and consequently 300,000 Class A common shares were issued to management in this period.

The Series A preferred shares rank senior to the common shares and are mandatorily redeemable in 12 quarterly instalments commencing on August 31, 2016 and are required to be redeemed earlier using the proceeds of any exercise of Public Warrants. The preferred shares are redeemed each time that proceeds from the exercise of warrants reach \$5,000. As at December 31, 2009 total proceeds received from the exercise of warrants, classified in the balance sheet as restricted cash, were \$3,026 and therefore none of the preferred shares have been redeemed. Series A preferred shares are classified as a liability. The dividend that preferred shares holders are entitled to be paid is presented as part of interest expense.

In addition to the outstanding Class A and B common shares and the Series A Preferred shares, there are 39,531,348 Public Warrants which have an expiry of August 24, 2010 and give the holder the right to purchase one Class A common share at a price of \$6. There are 5,500,000 Sponsor Warrants which have similar terms to the Public Warrants except that the exercise must be on a cashless basis. Further, there are 6,188,088 Class A Warrants which expire on September 1, 2011 and give the holders the right to purchase one Class A common share at a price of \$9.25.

On February 10, 2009, the Company announced a fourth quarter 2008 dividend of \$0.23 per Class A common share, unit and Class B share which was paid on March 5, 2009 to Class A common shareholders and unit holders and Class B shareholders of record as of February 20, 2009.

**11. Interest Rate Derivatives and Fair Value Measurements**

The Company is exposed to the impact of interest rate changes on its variable rate debt. Accordingly, the Company enters into interest rate swap agreements to manage the exposure to interest rate variability. As of December 31, 2009 a total of \$580,000 of debt has been swapped into fixed rate debt at a weighted average rate of 3.59%. None of the Company's interest rate agreements qualify for hedge accounting, therefore, the net changes in the fair value of the interest rate derivative assets and liabilities at each reporting period are reflected in the current period operations as unrealized gains and losses on derivatives. Cash flows related to interest rate derivatives (initial payments of derivatives and periodic cash settlements) are included within cash flows from investing activities in the combined statement of cash flows.

Realized gains or losses from interest rate derivatives are recognized in the statement of income concurrent with cash settlements. In addition, the interest rate derivatives are marked to market each reporting period to determine the fair values which generate unrealized gains or losses. The unrealized gain on interest rate derivatives for the three months ended December 31, 2009 was \$5,093 (2008: \$50,675 loss). The unrealized gain on interest rate derivatives for the year ended December 31, 2009 was \$17,928 (2008: Successor loss of \$54,851 and Predecessor gain of \$3,081).

Derivative instruments held by the Company are categorized as level 2 under ASC Topic 820 Fair Value Measurement and Disclosures hierarchy. As at December 31, 2009, these derivatives represented a liability of \$29,113 (December 31, 2008: \$47,041).

## 12. Share-based compensation

Share based awards are summarized as follows:

	Restricted Stock Units Number of Shares		Weighted Average Fair Value
	Management	Directors	
Granted on August 14, 2008	780,000		\$ 7.37
Granted on November 12, 2008	80,000	37,671	\$ 2.80
<b>Un-vested as at January 1, 2009</b>	<b>860,000</b>	<b>37,671</b>	<b>\$ 6.77</b>
Vested in January 2009		(37,361)	\$ (2.80)
Granted on May 18, 2009		150,273	\$ 1.83
Vested in September 2009	(195,000)		\$ (6.76)
Vested in October 2009	(105,000)		\$ (6.76)
